Accidental Damage Protection

WHAT IS CHROMEBOOK INSURANCE?

Student device Insurance is a District service aimed to help offset the cost of device repairs for students and families. Starting this year, the district will provide each student free device insurance.

Remember: Each student in grades 7-12 are issued one chromebook and charger at the start of the year. All devices and chargers should be returned in good condition at the end of the year

WHAT'S COVERED?

- Accidental damage, such as drops or spills
- Hardware failure
- Up to 2 repairs per year

WHAT'S NOT COVERED?

- Intentional damage - for example: throwing, punching, hammering, or any viral social media challenge.
- Lost or Damaged Chargers - It is the students responsibility to take care of their charger
- Stickers, paint, drawings, and engravings - Please limit creativity to the paper, not your device.

LEARNING IS POWERFUL - PROTECT IT

Thank you for partnering with us to keep devices safe, students prepared, and learning uninterrupted. Let's take good care of our tools and make this school year an adventure in success!
