INTRODUCTION

The district is committed to the principle that every student possesses a fundamental right to a comprehensive and effective public education. In recognition of this right, students also bear the responsibility to engage positively with teachers and administrators and to actively contribute to a school environment that nurtures learning. School attendance and disciplined behavior are not just expected; they are essential components of an orderly and productive educational setting. Therefore, it is crucial for everyone in the school community—students, families, and educators—to collaborate and cultivate an atmosphere of mutual respect and support.

The district recognizes its legal and ethical obligation to create a supportive atmosphere that promotes an effective educational program and enhances optimal conditions for student learning. When students violate school rules or District policies, such infractions are addressed in accordance with the Code of Conduct. This Code serves as a framework for how the school responds to misconduct, ensuring that the responses take into account the severity of the offenses, the developmental stages of the student offenders, and their past behaviors.

Rights and Responsibilities of Students and Parents

Policy & Regulation 2330 (Homework), 2624 (Grading System), 5200 (Attendance), 5230 (Late Arrival and Early Dismissal), 5240 (Tardiness), 5250 (Excusal from Class or Programs), 5410 (Promotion and Retention), 5411 (Promotion from Eighth Grade), 5420 (Reporting Pupil Progress), Policy & Regulation 5500 (Expectations for Pupil Conduct), 5511 (Dress and Grooming), 5512 (Harassment, Intimidation, and Bullying), 5513 (Care of School Property), 5516 (Use of Electronic Communication Devices), 5517 (School District Issued Student Identification Cards), 5520 (Disorder and Demonstrations) 5530 (Substance Abuse), 5533 (Smoking), 5570 (Sportsmanship), 5701 (Guidance Integrity), 5710 (Pupil Grievance), 7434 (Smoking on School Grounds), 7435 (Alcoholic Beverages on School Premises) 8330 (Pupil Records), 8335 (Family Educational Rights and Privacy Act), 9230 (Parental Responsibilities), 9162 (Athletic Code of Student Conduct)

Student Records

The Family Educational Rights and Privacy Act (FERPA) is a federal law that protects the privacy of students' educational records and affords certain rights to parents and eligible students to access and dispute the contents of these records. These rights belong to parents only concerning their children's educational records, and they transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have been transferred are "eligible students."

Parents or eligible students have the right to inspect and review the student's educational records. Schools do not have to provide copies of records unless extenuating circumstances make it too difficult to review the records at the location designated by the school. Schools may charge a fee for copies. Parents and eligible students have the right to request that school correct records, which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to include a statement in the record describing his or her view about the contested information.

Generally, schools must have written permission from the parent or eligible student in order to release any information from a student's education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions:

- School officials with legitimate educational interest;
- Other schools to which a student is transferring;
- Specified officials for audit or evaluation purposes;
- Appropriate parties in connection with financial aid to a student;
- Organizations conducting certain studies for or on behalf of the school;
- Accrediting organizations;
- To comply with a judicial order or lawfully issued subpoena;
- Appropriate officials in cases of health and safety emergencies; and
- State and local authorities, within a juvenile justice system, pursuant to specific state law.

Schools may disclose, without consent, "directory" information such as a student's name, address, telephone number, date and place of birth, honors and awards, and dates of attendance. However, schools must inform parents and eligible students about directory information and allow them a reasonable amount of time to request that the school not disclose directory information about them.

Infinite Campus

Infinite Campus is a web-based student information system, which is designed to improve access to student data and communication between faculty, parents and students. Campus Parent and Campus Student provide real-time access to Infinite Campus student information. Parents and students can use the portal to check grades, attendance, view student schedules, and other tasks. It is important that contact information is current throughout the year to ensure access to the student system. Please contact your child(ren) school secretary to ensure that your contact information is up to date.

Parent Directions to Access Campus Parent

Authorized parents or guardians can access Campus Parent from the district's website by clicking on the **"Parents"** tab located on the homepage (www.paterson.k12.nj.us), navigate to the **"Infinite Campus Parent Portal"** icon and then click on that link. The following screen will appear:

Use of Technology, Social Media, and Electronic Devices

Policy & Regulation 2361 (Acceptable Use of Technology and Social Media), 5516 (Use of Electronic Communication and Recording Devices), 5770 (Pupil Right of Privacy), 7441 (Electronic Surveillance in School Buildings and on School Grounds)

Internet-enabled devices – “Bell to Bell”

On January 8, 2026, Governor Murphy took a significant step to enhance the educational environment by signing legislation that regulates the use of internet-enabled devices, including cell phones, within New Jersey's public schools. This law is designed to be effective during the regular school day, while students are on school buses, and at school-sponsored events when they are under the close supervision of school staff.

As a direct response to this legislation, our school will initiate a comprehensive "Bell to Bell" policy beginning with the 2026–2027 school year. Under this new policy, all students from Kindergarten through Grade 12 will be prohibited from using personal internet-enabled devices throughout the entire school day. This prohibition extends to non-instructional times, including lunch periods, transitions between classes, study halls, and various other school-related activities that take place during school hours.

While the law restricts general usage, it does allow for the use of internet-enabled devices under specific circumstances, including:

- To meet the accommodations defined in a student's Individualized Education Program (IEP), which ensures that students with disabilities receive the necessary support to succeed.
- To aid in the implementation of a 504 Plan, designed to provide equal access to education for students with specific needs.
- To comply with a documented health plan that necessitates the use of an internet-enabled device for monitoring or addressing a medical condition. In such cases, appropriate documentation from a healthcare professional must be submitted to the school.
- To facilitate translation services for non-English speakers.

In addition to the regulations, other types of privately owned technology are generally prohibited on school premises, barring special permissions granted by the school principal. It is important to note that the District does not provide access to its computer networks for privately owned devices and assumes no responsibility for any losses or damages that may occur. Furthermore, if a student is found responsible for losing or having District-issued technology stolen, the District may impose disciplinary actions or financial obligations on the student.

Students are expected to demonstrate reasonable care and good judgment when navigating the complex landscape of technology and electronic communications. School administrators reserve the right to review websites visited or electronic files stored on District devices and networks. Additionally, students should be aware that electronic surveillance systems have been installed in all school buildings and on school grounds as part of a commitment to ensuring the safety and security of our school community. Consequently, while a limited expectation of privacy exists in school and on school grounds, there is no expectation of privacy while utilizing the District's technology resources.

It is important to respect others' privacy; therefore, video or audio recordings of students or staff members made without prior consent may infringe on individuals' privacy rights and disrupt the educational setting. Furthermore, personally identifiable information—including students' names, photos, addresses, email addresses, phone numbers, and locations—cannot be recorded or shared without the explicit consent of the students involved and their parents.

As a result, students are strictly prohibited from activating or using audio or video recording devices or transmitters on school grounds during the school day, while on school transportation, or at any school events or sponsored activities, except during emergencies or with prior approval from school staff, along with proper parental consent.

If a student receives permission from a staff member to capture or transmit any audio or video recording of a school-sponsored activity where other students or staff members are present, they are also required to obtain consent from every other student and their parents, as well as staff members whose voices or images may appear in the recording.

Finally, parents who wish to grant their children permission to participate in publicity opportunities must complete and return the Media Release and Permission for Student Publicity form, which can be found at the end of this Handbook. This allows for transparency and ensures that all families are informed and consenting to this process.

Expectations for Student Conduct

Policy & Regulation 5500 (Expectations for Pupil Conduct), 5511 (Dress and Grooming), 5512 (Harassment, Intimidation, and Bullying), 5513 (Care of School Property), 5530 (Substance Abuse), 5533 (Smoking), 5570 (Sportsmanship), 7434 (Smoking on School Grounds), 7435 (Alcoholic Beverages on School Premises), 9162 (Athletic Code of Conduct)

Students must demonstrate courtesy and respect to all members of the school community, to avoid engaging in offensive conduct and to stop those behaviors when asked or told to stop. Students also must at all times comply with Federal and State laws, District policies and regulations, and instructions from school authorities.

Additionally, students are expected to attend school every day and to arrive on time. Students must participate in scheduled classes regularly to keep up with coursework, achieve course objectives, learn skills, acquire knowledge, and earn the course credits required for grade promotion and graduation from high school. Every effort should be made to avoid unnecessary absences and instances of lateness.

The Student Code of Student Conduct is based on the following core ethical values adopted by the District:

- a) Respect for self and others
- b) Honesty/trustworthiness
- c) Responsibility
- d) Caring

All students are expected to embody the ethical values of the school community as follows:

1) Be respectful by:

- Showing concern and regard for everyone;
- Avoiding the use of profanity and inappropriate language;
- Being non-violent, and
- Adhering to school rules and procedures.

2) Be trustworthy by:

- Being honest and telling the truth;
- Refraining from cheating and stealing, and do not tolerate those who do;
- Respecting the property of others; and
- Honoring commitments to parents, family, teachers, and peers.

3) Be responsible by:

- Accepting the consequences of your behavior;
- Striving to do your personal best;

- Being prepared for school and attending all classes on time every day; and
- Making academics the primary goal.

4) Be caring by:

- Considering the feelings of others;
- Using mediation to solve disagreements;
- Asking for help if needed; and
- Valuing differences in self and others.

Students, parent(s) or legal guardian(s), school administrators, and the District all agree that positive student commitment and behavior are essential for active learning. It is crucial to help students realize that their attitudes and actions are directly related to their school experiences and those of their classmates. With the support and assistance of school personnel and parent(s) or legal guardian(s), all students can demonstrate actions that contribute to the effectiveness of schools and the worth of their learning experiences. All students, regardless of age or ability, can behave in ways that enhance school social relationships and facilitate learning.

Use of AI

As technology continues to evolve, students are increasingly encountering Artificial Intelligence (AI) tools in their academic and personal lives. These tools can support learning by helping students brainstorm ideas, practice skills, conduct research, and receive feedback on their work.

Our goal is to help students use AI responsibly, ethically, and appropriately. AI should be viewed as a learning aid—not a replacement for critical thinking, creativity, or independent work. Students are expected to follow our district's academic integrity policy #5701 and complete assignments according to teacher's expectations.

To support responsible AI use, we encourage students to:

- Use AI as a tool to enhance learning, not to complete work on their behalf.
- Verify information generated by AI, as it may sometimes be inaccurate or incomplete.
- Protect their privacy by not sharing personal, confidential, or sensitive information with AI platforms.
- Follow teacher guidance regarding when and how AI tools may be used for assignments.

Families play an important role in helping students develop healthy digital habits. We encourage you to discuss responsible technology use at home and to ask your child about the digital tools they use for learning.

As AI technology continues to develop, our schools will remain committed to teaching students how to use these tools safely, ethically, and effectively while maintaining high academic standards.

Guidance Counselor

The guidance counselor at the school will be available to advise students and parents regarding courses, course-level selection, required course distribution, credit requirements, and issues of promotion and graduation.

Academic Integrity

Grades will be based on each student's academic performance and may only be lowered as a direct penalty for plagiarism or other forms of academic dishonesty.

Homework

Homework is an opportunity to extend student learning beyond the school day and may be assigned to promote the development of study skills, effective time management, independence, responsibility, and academic confidence. Teachers may not assign homework as a form of disciplinary action.

Failure to complete homework on time may negatively affect a student's grades. If there is a good reason why homework cannot be completed on time, the student or their parent should contact the teacher in advance. Students are expected to complete missed homework assignments in the event of absence for any reason.

Report Cards & Progress Reports

Report cards will be distributed four (4) times per year, at the end of each marking period. Additionally, progress reports will be distributed approximately every forty-five (45) days, in the middle of each marking period. Students and parents will be able to access both documents using their Infinite Campus portal account.

Retention/Promotion

The Paterson Public School District is taking many steps to significantly improve student achievement. One of these steps includes putting an end to "social promotion" (promoting students from one grade level to the next when the child has not demonstrated sufficient educational growth during the school year).

It is important for all parents to understand that if their child's educational performance does not meet the District's promotion policy, the student will be retained. The student will be required to attend a mandatory summer school program and show adequate growth, based on District guidelines, before being promoted to the next grade level.

This means that the District will not promote students to the next grade level until they clearly demonstrate proficiency in language arts and mathematics or growth in these subject areas as measured by District-wide multiple measures.

Student Demonstrations

5520 (Disorder and Demonstrations)

The Paterson Public School District values and encourages student voice and self-advocacy. We are committed to ensuring the health and safety of all participants during these activities. The following guidelines outline how these activities should be conducted: School administrators are responsible for ensuring...

Students' Rights:

- Free speech and peaceful assembly are protected under the U.S. Constitution and are considered rights, not privileges.
- Students retain their rights within the school environment.
- The use of symbolic expressions and silent protest is protected.
- Viewpoint discrimination is prohibited.
- Penalties imposed must be proportional and content neutral.

District Responsibilities:

- Ensure the safety and welfare of all students and staff.
- Provide uninterrupted delivery of the educational program.
- Protect students holding opposing viewpoints.
- Comply with federal and state laws (e.g., Title IX, HIB).
- Maintain order and prevent substantial disruptions.

The district may impose content-neutral restrictions regarding the time, place, and manner of demonstrations. We will NOT suppress speech based on viewpoints or subject matter.

Time Restrictions:

Demonstrations may be limited to non-instructional times, such as before or after school, during lunch, or during passing periods, to avoid disruptions to the school day.

Manner Restrictions:

Demonstrations must remain non-obstructive. Students may not block hallways, doors, or emergency exits, and amplified sound is prohibited without permission.

Prohibiting Hate Speech and Obscenity:

Speech that targets protected classes, constitutes a true threat, or is deemed obscene falls outside First Amendment protection and may be prohibited.

Place Restrictions:

School principals will designate specific locations on school grounds—such as athletic fields, auditoriums, or common areas—for the effective management, security, and monitoring of demonstrations. This information will be explicitly outlined in the school's safety plan.

Prior Notice Requirement:

We require reasonable advance notice to the building principal to allow for safety planning. Notice requirements must be reasonable in scope.

Visitor Exclusion:

Outside attendees and community members may be barred from school property during demonstrations. The school is not a public forum for non-students.

The Rights of Nonparticipating Students:

The Right to Dissent: Students who disagree with a demonstration have an equal First Amendment right to express their opposing viewpoint peacefully, and within the same time, place, and manner framework.

The Right to Learn: Students who do not wish to participate in or observe a demonstration have a right not to be disrupted in their educational environment.

Protection from Intimidation and Harassment: When a demonstration appears to target harassment, intimidation, or bullying of specific students, our HIB and anti-harassment safeguards will be enforced in accordance with Policy 5512 and the N.J.A.C. 6A:16-7-9.

No Heckler's Veto: The hostile reaction of other students to a demonstration cannot by itself justify suppression of the speech.

Viewpoint Neutrality is Critical: Any restrictions imposed on one group's demonstration must be applied equally to all groups.

SEARCHES AND SEIZURES BY SCHOOL OFFICIALS -

The District owns lockers, desks, and other storage areas and are subject to search by school officials at any time and for any reason. Prohibited items will be confiscated and may be reported to the relevant authorities.

To maintain a safe school environment, officials may use metal detectors or wands to screen students and their belongings. Additionally, if there is reasonable suspicion of a student breaking the law or school rules, their person and property may be searched, taking into consideration the student's gender, maturity, the reasons for suspicion, and the nature of the suspected violation.

Cavity searches or strip searches are not permitted by school personnel. A pat-down search may be performed with the assistance of school security personnel. School officials are advised to involve local police if a more intrusive search of a student's person is necessary. Whenever possible, searches should be conducted in private. If a search is to be carried out, the student should be informed of the reasons for the search.

SEXTING

The taking, disseminating, transferring, or sharing of obscene, pornographic, lewd, or otherwise illegal images or photographs, whether by electronic data transfer or otherwise (commonly called texting, sexting, emailing, etc.) may constitute a CRIME under state and/or federal law. Any person taking, disseminating, transferring, or sharing obscene, pornographic, lewd or otherwise illegal images or photographs will be subject to the disciplinary procedures of the school district; and reported to law enforcement and/or other appropriate state or federal agencies, which may result in arrest, criminal prosecution, and LIFETIME inclusion on sexual offender registries.

DATING VIOLENCE

All acts or incidents of dating violence at school should be reported to the building principal or their designee, who will investigate the matter in accordance with Policy and Regulation 5519. Both the victim and the alleged aggressor will be interviewed and notified in writing about the outcome/determination of the investigation. Each act or incident will be addressed through a range of possible strategies, including remediation, intervention, education, prevention, and disciplinary consequences that are consistent with the Code of Student Conduct. If appropriate, the matter may also be referred to law enforcement.

Harassment, Intimidation, Bullying, and Hazing-

If a student believes they have experienced harassment, intimidation, bullying (including cyberbullying), or hazing, or have witnessed another student experiencing these acts, the student or parent should notify a teacher, counselor, or administrator as soon as possible. The school will investigate the allegations and will take disciplinary action if necessary.

Students who engage in acts of harassment, intimidation, bullying, or hazing will be disciplined in accordance with the Student Code of Conduct. Any retaliation against students who report such incidents is prohibited and will be punished.

Dress Code

The District recognizes that styles of grooming and dress communicate individual preferences and can influence student behavior, thereby enhancing a school's learning environment. Students are expected to dress appropriately for school – this means being clean and well-groomed in appearance and avoiding styles of dress and grooming that disrupt the school environment or distract other students. Such limitations on a student's taste and individuality are necessary to achieve the school's educational goals.

Styles that interfere with the school's educational program and mission will not be tolerated. Clothing or accessories that pose a danger to the health or safety of students and staff or are harmful to school property are prohibited. Students are expected to wear appropriate clothing and may be required to wear a school uniform.

Parents/guardians are reminded to monitor their children's attire before they leave for school to prevent the loss of class time.

- Students are expected to wear school uniforms.

- Hats, hoods, scarves, or other head coverings cannot be worn except for religious or medical purposes.
- Coats and jackets should be placed in lockers or other designated storage areas during school hours unless instructed otherwise by school officials.
- Platform shoes, flip-flops, slippers, open-back strapless shoes, and shoes with loose or untied laces or straps that pose a safety hazard are not permitted.
- Clothing that is revealing, provocative, or see-through is not permitted.
- Sagging pants and exposed undergarments or midriffs (belly shirts) are not acceptable.
- Shorts and skirts must come down to the length of the student's extended fingertips
- Hanging pocket chains, sunglasses, hats, head rags, handkerchiefs, bandanas, gang paraphernalia, and clothing that displays profanity, encourages gang affiliation, violence, or the use of drugs, alcohol, or tobacco, or has sexual connotations, is not permitted.
- Unless the school has a uniform for physical education classes, students participating in physical education classes are permitted to wear any color shorts or sweatpants and a t-shirt without penalty.
- Athletic footwear (sneakers) must be worn during physical education classes.
- **Changing into gym clothing is optional for high school students. They will not be penalized or prevented from participating in class if their clothing adheres to the acceptable gym clothing apparel.**

INSERT

Lockers and Assigned Storage Areas

Each student will be held responsible for the condition, cleanliness, and contents of their assigned storage space.

Assigned spaces, including lockers, are the property of the District and may be searched and/or inspected by law enforcement or school authorities at any time and for any reason or no reason. Prohibited items will be confiscated and may be reported to the proper authorities.

To avoid theft, loss, or damage, and potential disciplinary action or criminal consequences, students should adhere to the following guidelines:

- Keep assigned storage spaces locked at all times
- Do not share combinations, keys, or space with other students
- Avoid storing money, jewelry, or other valuables

Neither the District, nor school, nor staff members will assume any obligation for the possible theft, loss, or damage of stored contents.

Alcohol, Tobacco, and Illicit Drugs

Students, parents, and staff are prohibited from possessing or using alcohol, tobacco, electronic nicotine delivery systems, or illicit drugs on school grounds at all times. Any student who is suspected of being under the influence of alcohol or drugs will be referred for a mandatory drug and alcohol screening.

Student Discipline

*Policy & Regulation 5550 (Disaffected Pupils), 5560 (Disruptive Pupils),
5600 (Pupil Discipline/ Code of Conduct), 5610 (Suspension), and 5620 (Expulsion)*

The District aims to foster the health, safety, social, and emotional well-being of all students while supporting civil, safe, secure, supportive, and disciplined school environments that are conducive to learning. Each student will be held responsible for his or her behavior. Unacceptable conduct will be corrected, and, at times, disciplinary action may be imposed to prevent or remediate problem behaviors and promote the achievement of high academic standards.

Code of Conduct

The Code of Conduct provides guidelines for school responses to misconduct that consider, at a minimum, the severity of the offenses, the developmental ages of the student offenders, and students' histories of inappropriate behaviors. Students will be subject to appropriate disciplinary action for violations of the Code of Conduct that occur on or off school grounds, including on a school bus or at a school-sponsored function. Approved disciplinary sanctions include:

- Admonishment
- Before/After-School Detention
- Lunch Detention
- Saturday Detention
- Early Dismissal Day Detention
- In-School Suspension
- Out-of-School Suspension
- Expulsion

Where the discipline is greater than an admonishment, the student's parent will be notified of the offense and of the discipline imposed and will be offered an opportunity to speak with the building Principal. For incidents of misconduct that occur outside of school, disciplinary action may be imposed if it is reasonably necessary for the physical or emotional safety, security, and well-being of the student or for reasons relating to the safety, security, and well-being of other students, staff, or school property. Discipline will be applied without regard to race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a mental, physical or sensory disability or by any other distinguishing characteristic.

Infractions and Offenses

Appropriate corrective and/or disciplinary measures will be determined based on the nature and severity of the offense and frequency of infractions. Conduct offenses generally fall into three categories of severity, with Category III infractions being subject to mandatory and serious disciplinary action. If a student repeatedly commits a Category I offense, the next occurrence may be elevated to a Category II offense and will be subject to more severe forms of discipline. **Charts of specific offenses and disciplinary sanctions are attached at the end of this Handbook.**

Special education students are subject to the same disciplinary procedures as non-classified students and may be disciplined in accordance with their IEP or 504 Plan. Before suspending a classified student for ten (10) days or more, a Manifestation Determination hearing must be held to determine if the offensive conduct was caused by, or had a direct and substantial relationship to the disability, or was the direct result of a failure to implement the student's IEP or 504 Plan. In addition, the child's case manager must be notified prior to the imposition of discipline.

Restorative Practices

What are Restorative Practices and Restorative Circles?

Restorative practices offer school administrators the opportunity to implement alternative discipline consequences that differ from traditional actions. Restorative practices focus on resolving conflict, repairing harm, and addressing the social and emotional well-being of the students. It strives to foster a sense of community and cultivate healthy relationships by providing strategies to resolve conflicts. The use of “circles,” a conflict-resolution practice that involves all participants, may be employed as deemed appropriate. This may include students and parents if deemed necessary.

A restorative circle is a technique that builds and restores relationships through equal opportunity sharing and listening. These talking circles develop the skills individuals need when conflicts arise, as they provide every participant with the opportunity to speak and be heard. Restorative circles are especially beneficial for youth learning how to negotiate conflict, as they help them practice respectful listening and healthy self-expression.

In schools, these circles are often held in response to wrongdoing or conflict as an alternative disciplinary strategy. However, this technique can be effective in providing preventive factors to prevent future challenges from arising. Circles have the power to create and strengthen support systems between peers and lay out the groundwork for a trusting classroom environment.

Building administrators will use restorative circles to address student disciplinary infractions. They can be used for all discipline categories but **will not replace** mandated Category III offenses. These offenses are as follows:

- Possession or use of an explosive device
- Possession of a dangerous weapon or firearm
- Substance abuse policy violation
- Sexual assault

Building administrators may include parents or other stakeholders deemed relevant to support the students involved in a restorative circle. An additional restorative circle can be used to reintegrate students who have been involved in a disciplinary infraction.

District Commencement Activities (Please refer to Board Policy 5461 Commencement Activities).

The Board of Education endorses high school graduation activities and ceremonies. The date of high school graduation shall annually be recommended by the Superintendent and approved by the Board of Education.

High school graduation shall not occur before completion of the required one hundred eighty days of pupil instruction.

Guidelines for Graduation Year Activities

Pupil participation in special graduation year activities will require conduct of the highest caliber in all school situations. The criteria for exclusion from these activities concern consistent behavioral patterns and shall include, but not be limited to:

1. Consistent involvement in disciplinary action(s);
2. Suspension; and
3. Collaborative evaluation by the staff.

Graduation Procedures and Ceremonies

No pupil shall be barred from participating in graduation ceremonies for arbitrary or discriminatory reasons. A pupil and parent(s) or legal guardian(s) who may be prevented from participating shall be so notified in advance, promptly before commencement.

The Superintendent and/or designee will make the final decision regarding who can participate in elementary/high school graduation ceremonies, as well as 8th and 12th grade class activities, which include school proms, dances, and trips.

Schools that use a student point system or another process to determine student eligibility for participation in school events must obtain prior written approval from the superintendent and/or their designee before implementing the program.

Student Attendance

What is chronically absent?

Paterson Public School is dedicated to fostering and maintaining a safe, supportive, and academically enriching environment where every student has the opportunity to learn, grow, and achieve success. Regular school attendance plays a critical role in student academic performance, social development, and overall well-being.

To support student success, families, students, and staff should be aware of the definition of **chronic absenteeism**. For students in grades K–12, a student is considered **chronically absent** when they miss **10% or more of the school year**, regardless of whether the absences are excused or unexcused. In a typical 180-day school year, this equates to approximately **18 days of missed instruction**, or as few as **two days per month**.

Research consistently shows that frequent absences can negatively impact academic achievement, classroom engagement, and long-term educational outcomes. By working together—students, families, educators, and community partners—we can promote consistent attendance, remove barriers to school participation, and ensure that every student benefits from the full educational experience offered at Paterson Public School.

Regular attendance matters, and every school day provides valuable opportunities for learning, relationship building, and personal growth.

Chronic absenteeism vs. truancy

It is important to distinguish chronic absenteeism from truancy, which is a distinct metric.

- **Chronic Absenteeism:** A measure of the total missed school days, regardless of the reason. It provides a more accurate picture of how many students are missing significant instructional time.
- **Truancy:** A measure of only unexcused absences. Unlike chronic absenteeism, it can mask the problem of students with many excused absences who are still academically behind.

Impact on students

Missing a significant number of school days can have severe negative consequences for a student's academic and social development:

- **Lower academic achievement:** Chronic absenteeism in early grades, especially kindergarten and first grade, is linked to lower reading proficiency by the third grade.
- **Increased dropout risk:** Studies show that by middle and high school, chronic absence is a strong predictor of a student dropping out.
- **Missed opportunities:** Students miss out on instruction, opportunities for intervention, and the chance to build social and emotional skills with peers and teachers.

Tardiness: Policy 5240 (Excerpt)

A tardy arrival to class may be treated as a class cut if the student misses more than half the class period. The consequence for three (3) tardy arrivals to school or to any one class shall be a written warning to the student's parents and detention before or after school, or at lunch.

For each additional instance of tardiness beyond the fifth, the consequence shall be one (1) detention before or after school, or at lunch.

Failure to serve an assigned detention before/after school or at lunch will result in one (1) Saturday detention. Students who are chronically late will be referred for counseling and truancy investigation.

Late Arrivals

Students who arrive late to school **will not** be turned away and will be permitted to enter the school building. Students who are late to school will receive credit for classes attended but will not receive credit for any classes missed that day. Any student who arrives late must report directly to the school's designated sign-in location to be processed for attendance purposes and to avoid being marked absent for the day.

Excused Absences

Parents/guardians who expect their child to be absent from school are asked to call the school's Main Office to notify the school secretary. Absences from school or class due to religious observance, illness, family emergency, or participation in a school-approved activity will be excused only if verified by appropriate documentation. Documentation must be presented to the Main Office within 2 days of a student's return to school.

Students who are absent due to religious observance must provide written notice, signed by their parents, before the day of the absence. For absences due to family emergencies, students must provide written notice signed by the parent. For absences lasting five (5) or more days due to illness, the student must provide a doctor's note.

Cutting Class

Students must attend scheduled classes regularly to keep up with coursework, achieve course objectives, learn skills, acquire knowledge, and earn the course credits required for grade promotion and graduation from high school. Absences from class can seriously disrupt the learning process. **Cutting class means being absent from a scheduled class without permission.** This includes instructional periods as well as lunch and activities such as assemblies.

Student Arrival and Dismissal

Students may be picked up from school only by their parent or by another non-student adult who has been authorized in writing by the student's parent or designated on the school's emergency contact form. Prior authorization must be submitted to the Main Office and signed by the student's parent. Authorized adults must present photo identification at the Main Office.

Arrival:

- Students may enter the school building only after the first school bell rings. Therefore, parents should be sure NOT to drop their children off at school before **the first bell** as no certificated staff will be available to supervise students before that time. During inclement weather, such as rain, snow, or falling temperatures, students will be escorted to designated areas as defined by the building principal.
- The school may notify local law enforcement and/or DCP&P if we believe that a child's early arrival at school endangers their health and well-being.

Dismissal:

- Students should leave school promptly when dismissed, or else face consequences such as written warnings, referrals to local law enforcement and/or DCP&P, and home address verification.
- Students in grades 3 through 12 will be released only to their parent/guardian at dismissal time, unless the parent/guardian has submitted either (a) an Unaccompanied Dismissal Permission Form, or (b) a Pick-Up Permission Form.
- Parents must submit the Unaccompanied Dismissal Permission Form if they wish to allow their child to walk home alone after school, without an escort. Only students in grades 3 through 12 may walk home alone.
- Parents must submit the Pick-Up Permission Form if they wish to allow someone other than a parent to escort their child from school. Only individuals named as "emergency contacts" on this form may escort the student. Students will not be released to any individual who is not listed on this form or who is unable to provide photo ID.

School Safety

*Policy & Regulation 7440 (Security of School Premises), 8420 (Emergency and Crisis Situations),
9150 (School Visitors), 9320 (Cooperation with Law Enforcement Agencies)*

The safety and well-being of all students is important to a successful educational experience. In order to maintain a safe school environment for students, parents, and staff members, the school will cooperate closely with law enforcement and emergency personnel. Any parent who reasonably believes that a student has been or may be abused or neglected must immediately notify a school staff member and call the State Child Abuse Hotline at 1-877-NJ-ABUSE (1-877-652-2873).

Visitors

Parents and others are welcome to visit District schools. For the safety of students and staff, and to avoid disruption of instructional time, all visitors must first report to the Main Office and sign the Visitor's Book upon entering and exiting the building.

Visitors are expected to demonstrate the highest standards of courtesy and conduct; disruptive behavior will not be permitted. Teacher conferences should be scheduled in advance to avoid disrupting classes or the school's daily routine. All visitors are required to carry and display a visitor's pass at all times during their visit.

Building Security Surveillance Systems

All Paterson Public School properties use a video security system managed by our Director of School Safety. [Mr./Ms. School administrators' name(s)] and our dedicated security staff will actively monitor student behavior and work cooperatively with all stakeholders to create a safe and orderly school environment. Video monitoring devices will be used to ensure school security. The recording of inappropriate student behavior may be used in determining appropriate disciplinary actions. In some cases, video recordings may be forwarded to law enforcement agencies when deemed necessary. All recorded data will be used at the discretion of the Superintendent's designee. Staff, students, parents, and school administrative personnel are prohibited from viewing and disseminating video footage without the written consent of the Superintendent or designee.

Student ID Cards

It is our responsibility to create and maintain a safe and orderly environment for all our stakeholders. All high school students will be issued school ID cards that must be visible at all times while within their schools. The cards must contain the following information on the its back:

- The New Jersey Suicide Prevention Hopeline (NJ Hopeline) 855.654.6735
- The Suicide & Crisis Lifeline, call or text 988.

All students will be responsible for paying for lost and/or damaged ID cards at a cost of \$5.00.

Health Services

*Policy & Regulation 5310 (Health Services), 5330 (Administration of Medication),
5331 (Management of Life-Threatening Allergies), 8505 (School Nutrition)*

Any student who becomes ill during school hours must obtain a pass from a teacher or administrator and report to the school nurse in the health office. If a student must be sent home due to illness during the school day, the nurse will contact the student's parents. No student will be permitted to leave without his or her parents.

Medication

Students who require medication during school hours must inform the school nurse. All medication must be stored at the school nurse's office and consumed under the supervision of the school nurse unless the student's parent has submitted a signed written authorization permitting the student to self-administer the medication and a written certification from the student's doctor identifying the particular medication and stating the student is capable of and has been instructed in proper self-administration of the medication.

If a student requires epinephrine via epi-pen during school hours, the student's parent must submit written authorization for the administration of epinephrine by the school nurse along and written orders from the student's doctor stating that the student may require epinephrine and does not have the capability to self-administer.

If a student requires the use of a nebulizer during school hours, the student's parent must submit a treatment plan prepared by the student's doctor, which identifies asthma triggers.

In all cases, a signed authorization from the student's parent must state that the school and District will not be held liable for any injury that may arise from the student's self-administration of medication and that the student and student's parent will hold harmless the District and its employees and agents against any claims arising from self-administration of medication by the student.

Healthy Eating and Food Allergies

The health and well-being of children can significantly affect academic achievement. For students to achieve their full academic potential, full physical and mental growth, and lifelong health and well-being, it is essential that they learn and adopt healthy eating patterns early in life. Students are encouraged to bring only healthy foods to school.

In an effort to protect students who may have dietary restrictions or severe allergies to certain foods or food ingredients, parents and students are prohibited from bringing food or treats to share with the class for holidays and other celebrations.

STUDENT/PARENT AGREEMENT

ACCEPTABLE USE OF TECHNOLOGY AND THE INTERNET

The Paterson Public School District recognizes that the responsible use of technology and the Internet will enrich teaching and learning in the 21st Century and will prepare students for success in higher education and in their chosen careers. While it is important to ensure that schools have access to these resources, it is equally important for students to use them responsibly and for families to understand that some of the information accessible on-line may be inaccurate or even offensive. Our district 1:1 initiative will afford all high school students an opportunity to receive a device to aide them in their academic programs.

Before allowing your child to access technology and the Internet in school, please review this form with him or her and acknowledge that you each understand and agree to the following terms:

- Students may use technology and the Internet in school for educational purposes only, under the supervision of a teacher or other staff member. The District has no obligation to give students access to these resources.
- Students are expected to avoid inappropriate content on the Internet. If a student accidentally gains access to an inappropriate web site, they must use their browser's "BACK" button to quickly escape the site. The student must immediately inform the teacher so that the situation may be handled appropriately.
- Students are expected to exercise due care and good judgment when viewing, posting, and sharing information and social media content on computers and mobile devices. Students are advised to follow the attached Internet safety guidelines.
- Students are expected to treat all members of the school community with respect, in person and on-line. Students must not use or transmit inappropriate language or hateful messages on-line, or respond to such messages if they are received. District policy also prohibits students from using technology to harass, intimidate, bully, defame, or otherwise discriminate against any individual on or off school grounds.
- Students are expected to be considerate of the work of others when using technology and the Internet. Students must not violate copyright laws, plagiarize information found on-line, or interfere with the work of other technology users.
- Students must not download, install or modify any software on District technology devices without the permission and supervision of a teacher or other staff member.
- Students who misuse technology or the Internet for illegal, inappropriate, offensive, or unapproved purposes will face appropriate disciplinary sanctions under the Pupil Code of Conduct, mandatory loss of technology privileges, and possible prosecution by law enforcement. Additionally, the student and their parent or guardian may be held liable for monetary damages that result from misuse.

STUDENTS: Please sign below only if you agree to use technology and the Internet according to the above terms and to accept consequences for misuse that may be assigned by the school faculty/administration and/or your parents.

AGREEMENT

By signing below, both the student and their parent/guardian agree to comply with the following terms and conditions regarding the use and care of a District-issued Chromebook and acknowledge receipt of the Acceptable Use Handbook:

LOANED EQUIPMENT. The student named above will be borrowing a Chromebook laptop with accessories (the "Equipment"), which the District owns has agreed to lend to the student exclusively for academic purposes. It is the student's responsibility to care for the Equipment and to ensure it is kept and stored in a safe environment to prevent damage or loss. This Equipment is being loaned only for the duration of the current academic school year. If the student should use the Equipment for an inappropriate purpose or to view inappropriate material, the District may take back the Equipment and/or prohibit the student from using District-issued technology equipment in the future. The student's use of the Equipment is a privilege, not a right, and it is the student's responsibility to protect and safeguard the Equipment and to return it in the same good condition as when it was issued.

ACCEPTABLE USE. The student is authorized to use the Equipment only for academic purposes in accordance with the District's policies and regulations. Students are expected to utilize their assigned Chromebooks for completing school assignments using the G-Suite platform and other software approved by the Paterson Board of Education. All pre-loaded software programs are subject to their own user license agreements, which the student and their parent/guardian are expected to review and comply with at all times. The Equipment may be used only to run software authorized by the District, and students are expressly prohibited from installing or utilizing other software or modifying any software which the District has installed. The District is not responsible for damages caused by digital viruses or malware that may be transmitted between the Equipment and the student's privately-owned electronic devices (including data storage devices). The student must use their best efforts to prevent the Equipment in their possession from being damaged or rendered inoperable by digital viruses or malware.

LOSS, THEFT, OR DAMAGE. The student must notify their homeroom teacher immediately if the Equipment is lost, stolen, or damaged while entrusted to the student. In the event of loss or theft, the teacher will attempt to locate the Equipment according to the procedures for tracking and recovering mobile digital devices (see Policy 5513, Section F). Although the District may issue a replacement device, the student and their parent/guardian may be required to pay the cost of insuring the replacement device (\$60 fee) before it is issued.

RETURN OF EQUIPMENT. *The student must return the Equipment to the school promptly when instructed, or before transferring to another school, or at the end of the school year (whichever is sooner).* Students who do not return the Equipment as required by this Agreement may be subject to disciplinary sanctions, civil liability, and even criminal prosecution. A late fee may be charged if the Chromebook is not returned to the school district or the required check-in date.

STUDENT RESPONSIBILITIES. As a condition of being allowed to bring their assigned Chromebook home, the student must: treat the device with care, use it responsibly and only for educational purposes, keep it safely stored, comply with all copyright laws, and make sure the device is fully charged for school each day. DO NOT loan the device to others. DO NOT install or delete any software. DO NOT try to repair the device. DO NOT remove, alter, or deface the serial number or the Paterson Public School logo on the device. DO NOT give out personal information over the Internet. Misuse or inappropriate use of the device, as determined by school officials, may result in any or all of the following consequences: student-teacher conference, parent-teacher conference, revocation of access or device use privileges, school disciplinary sanctions according to the Code of Student Conduct, civil liability, and criminal prosecution.

PARENT/GUARDIAN RESPONSIBILITIES. To help ensure the assigned Chromebook is used in a safe, efficient, and ethical manner, the parent/guardian must: supervise the student's use of the device at home, discuss school policies and expectations regarding the use of technology and the Internet, notify the school about any problems with the device, comply with all copyright laws, and make sure the device is fully charged for school each day. DO NOT allow others to use the device. DO NOT install or delete any software. DO NOT try to repair the device. The parent/guardian may be called to bring the device to school if the student comes to school without it.
