August 2026

Dear Students and Families of the Oroville Union High School District,

Welcome to Oroville Union High School District! As superintendent, I am excited to welcome you and your family to our school community. Whether you are new to OUHSD or returning, we are glad you are here.

At OUHSD, our highest priority is the success and well-being of every student. Our dedicated staff works to create a supportive environment where students can grow academically, socially, and personally. Through strong teacher-student relationships, collaborative instructional practices, and effective use of technology, we provide engaging learning experiences that prepare students for college, careers, and life in a rapidly changing world.

Beyond academics, OUHSD offers a variety of extracurricular opportunities, including athletics, technology, music, art, and other activities that help students develop lifelong skills, discover their interests, and build meaningful connections.

We value strong partnerships with families. Through our Aeries system, parents and guardians can access real-time information about student progress, helping us work together to support each student's success.

Our commitment to continuous improvement includes research-based teaching practices and targeted interventions that help students meet graduation requirements and achieve their post-secondary goals.

I am honored to lead OUHSD as we continue to promote academic excellence, student well-being, and community collaboration. Thank you for being part of our district family. I look forward to a successful year filled with growth, achievement, and memorable experiences for all students.

Warm regards,

Douglas J. Williams, Superintendent

As the parent of a student you have many rights and responsibilities. This booklet talks about many of those and laws, policies and statutes which cover them. We urge you to read it.

Teachers build your child's education one day at a time, so every day is essential. Promotion or even graduation can be put in jeopardy if too many days are missed. Work with the teacher when a child must miss school. Get homework assignments and review work. There is only one chance to get a great education.

Parents and guardians of enrolled students have the right to be included in the educational process and to have access to the system on behalf of their children. These rights are outlined in Education Code Section 51101. This early and consistent parental involvement helps children to do well academically. When this involvement is combined with a partnership between home and school, the student, the school, and the community benefit.

ENROLLMENT AND ATTENDANCE

≡ Attendance Options

The governing board annually reviews attendance options including how students may attend a district school outside their attendance area (intra-district transfer). This district has non-arbitrary rules explaining how students may apply, be accepted or denied intra-district transfer. Districts may allow the transfer of students from or to other districts (inter-district transfer). Victims of bullying or violence are given preference in intra- and inter-district transfers. In some cases, the district must provide transportation. Students attending “persistently dangerous” schools can transfer and enroll in a safe school. Students convicted of a violent felony or convicted of a specific misdemeanor may be transferred involuntarily to another school in the district. Districts cannot prevent children of active military from changing districts, as long as the district chosen agrees to accept them. Upon enrollment or transfer, principals are urged to check missing children information. Further information about residency, attendance options, special program options, etc. will be provided by the California Department of Education. [BP 5116.2 May 2026; EC 46600, 48204, 48204.7, 48206.3, 48300, 48301, 48306, 48432.5, 48853.5, 48929, 48980, 49068, 51101; PC 667.5(c), 29805; 20 USC 7912]

Intradistrict Open Enrollment

The Board of Trustees desires to provide enrollment options that meet the diverse needs and interests of district students and parents/guardians, while also maximizing the efficient use of district facilities and resources. The Superintendent or designee shall establish procedures for the selection and transfer of students among district schools in accordance with law, Board policy, and administrative regulation.

The parents/guardians of any student who resides within district boundaries may apply to enroll their child in any district school, regardless of the location of their residence within the district. The Board shall annually review this policy.

Enrollment Priorities

No student currently residing within a school’s attendance area shall be displaced by another student transferring from outside the attendance area.

The Superintendent or designee shall grant priority for the enrollment of a student in a district school outside of the student’s attendance area, if the student:

1. Is enrolled in a district school designated by the California Department of Education (CDE) as “persistently dangerous”
2. Is a victim of a violent crime while on school grounds
3. Is a victim of an act of bullying committed by another district student, as determined through an investigation following the parent/guardian’s submission of a written complaint with the school, district, or local law enforcement agency pursuant to Education Code 234.1

If the district school requested by the student is at maximum capacity, the Superintendent or designee shall accept an intradistrict transfer request for another district school.

4. Is currently enrolled in a district school identified by CDE for comprehensive support and improvement, with priority given to the lowest academically achieving students from low-income families as determined pursuant to 20 USC 6313(a) (3)
5. Is experiencing special circumstances that might be harmful or dangerous to the student in the current attendance area, including, but not limited to, threats of bodily harm or threats to the emotional stability of the student. Any such student may transfer to a district school that is at capacity and otherwise closed to transfers. To grant priority under these circumstances, the Superintendent or designee must have received either:
 - a. A written statement from a representative of an appropriate state or local agency, including, but not necessarily limited to, a law enforcement

official or a social worker, or a properly licensed or registered professional, including, but not necessarily limited to, a psychiatrist, psychologist, marriage and family therapist, clinical social worker, or professional clinical counselor

- b. A court order, including a temporary restraining order and injunction
- 6. Is a sibling of another student already attending that school
- 7. Has a parent/guardian whose primary place of employment is that school

Application and Selection Process

In order to ensure that priorities for enrollment in district schools are implemented in accordance with law and Board policy, applications for intradistrict open enrollment shall be submitted between November 30th and January 10th of the school year preceding the school year for which the transfer is requested.

The Superintendent or designee shall calculate each school's capacity in a nonarbitrary manner using student enrollment and available space.

Except for the enrollment priorities listed above, the Superintendent or designee shall use a random, unbiased selection process to determine which students shall be admitted whenever a district school receives admission requests that are in excess of the school's capacity.

Enrollment decisions shall not be based on a student's academic or athletic performance. However, existing entrance criteria may be used for enrolling students in specialized schools or programs, provided that the criteria are uniformly applied to all applicants. In addition, academic performance may be used to determine eligibility for, or placement in, programs for gifted and talented students.

Transportation

In general, the district shall not be obligated to provide transportation for students who attend school outside their attendance area.

However, upon parent/guardian request, the district shall provide transportation assistance to any student who is eligible for free or reduced-price meals and whose enrollment in a district school outside the student's attendance area is a result of being a victim of bullying. Interdistrict Attendance

The Governing Board recognizes that parents/guardians of students who reside within the geographic boundaries of one district may, for a variety of reasons, desire to enroll their children in a school in another district.

Interdistrict Attendance Agreements and Permits

The Board may enter into an agreement with any other school district, for a term not to exceed five school years, for the interdistrict attendance of students who are residents of the districts.

The agreement shall specify the terms and conditions under which interdistrict attendance shall be permitted or denied. It also may contain standards agreed upon by both districts for reapplication and/or revocation of the student's permit.

Upon receiving a permit for transfer into the district that has been approved by the student's district of residence, or upon receiving a written request from the parent/guardian of a district student who wishes to enroll in another district, the Superintendent or designee shall review the request and may approve or deny the permit subject to the terms and conditions of the interdistrict attendance agreement.

Instruction Collaboration Agreements

The Superintendent or designee may, with board approval, enter into an instruction collaboration agreement (ICA) with another school district, county office of education or charter school to offer the same or similar courses and coursework to students who have been impacted by any of the following:

1. Disruptions or cancellations in science, technology, engineering, and mathematics (STEM) classes
2. Disruptions or cancellations in dual language immersion programs
3. Teacher shortages in STEM classes or dual language immersion programs

Prior to accepting students for classes for any of the reasons specified in Items #1-3 above, the Superintendent or designee shall, with Board Approval, determine the maximum number of students that

the district can accept for these purposes. The district shall accept students who apply until the district is at maximum capacity.

Students shall be admitted to this program through an unbiased process that prohibits an inquiry into, or evaluation or consideration of, whether a student should be authorized to participate in the course or coursework based upon the student's current academic or athletic performance, proficiency in English, physical condition, any of the individual characteristics specified in Education Code 200, or family income. If the number of applicants exceeds the number of seats available, the approval for participation shall be determined by a random public drawing at a regularly scheduled Board meeting.

The Superintendent or designee shall publicly post information, including, but not limited to, applicable forms and timelines for submission pursuant to the ICA, to ensure that students and their families are aware of the opportunities to participate.

When negotiating the ICA, the Superintendent or designee shall collaborate with the other participating LEA(s) to agree upon an appropriate shared cost structure.

Transportation

Upon parent/guardian request, the district shall provide transportation assistance to a student receiving an interdistrict transfer who is eligible for free and reduced-price meals and is the child of an active duty military parent/guardian or a victim of bullying, as defined in Education Code 46600.

In addition, upon request of a student's parent/guardian, the Superintendent or designee may authorize transportation for any interdistrict transfer student to and from designated bus stops within the attendance area of the school that the student attends if space is available. [BP 5117 May 2026; EC 8151, 41020, 46600-46611, 48204, 48300-48317, 48900, 48915, 48915.1, 48918, 48980, 48985, 52317; CA Constitution Article 1, Section 31]

Attendance Where Caregiver Resides

If your child lives in the home of a caregiving adult, as defined by law, or a foster home your child may attend the school district in which that residence is located. Execution of an affidavit under penalty of perjury pursuant to the Family Code by the caregiving

adult is required to determine that your child lives in the caregiver's home. [EC 48204(a)(5), 48980; FC 6550-6552]

Attendance in District Where Parent / Guardian is Employed

The district may, but is not required to accept a transfer student whose parent/guardian resides outside the boundaries of the school district but is employed and lives with the student at the place of the parent's/guardian's employment within the boundaries of the school district for a minimum of three days during the school week; or a student whose parent/guardian physically works within the boundaries of the school district for a minimum of 10 hours during the school week. [EC 48204(a)(7), 48980]

Special Enrollment Allowances for Some Categories of Students

Some students living in the District, including foster, homeless, migratory, American Indian, or military children may stay enrolled in their school of origin inside or outside the district if: 1) their Individual Education Plan (IEP) indicates attendance elsewhere, or 2) parents, guardians, and others with authority declare in writing otherwise. In some cases, they also have rights to expedited enrollment in school, to attend classes and programs, to after-school programs, and to fee waivers. The school district and each school site have complete documentation of the rights of homeless, foster, migratory, military, and other special categories of students. [EC 48204, 48204.7, 48645.3, 48850-48859, 51225.1, 56055; 5 CCR 4622; WIC 224.1, 361, 726; 42 USC 11301, 11431-11435]

Student Immigrant and Religious Rights

All school age children must be admitted to California Public Schools and be offered all programs accessible to other students. School districts cannot ask about a student's immigrant or religious status. The state Attorney General has information about "know your rights": <https://oag.ca.gov/immigrant/resources>. Immigrant students are still considered residents of their current school district even if parents are deported or are being held in custody. [EC 200, 220, 234.1, 234.7]

General Absences

The majority of school districts are funded based

on their daily attendance. The state only awards funding to school districts for actual attendance; they do not fund districts for the excused absences listed below. There are two types of absences – excused and unexcused. Always review the school calendar and plan activities and vacations during days off.

Other attendance reports, such as truancy, rely on excused and unexcused absences. There are legal consequences if your child misses too much school. You must send a note and/or phone the school within 72 hours to clear any excusable absences. Parents/Guardians have the right to be notified on a timely basis if their child is absent from school without permission. Unexcused absences are recorded as a truancy.

Excused Absences

Children cannot learn if they are not in school. Children ages 6 to 18 years are required to attend every school day. Daily school attendance improves student achievement. Research shows that a student that is absent 10 percent of the time (called a chronic absentee whether or not the absences are excused) is more likely to have difficulty learning, achieving, and graduating from high school. Teach your child(ren) that school attendance is an important family value.

Student absences from school shall be excused for the following reasons:

Medical reasons – their own illness or the illness of their child; quarantine; mental or behavioral health services; medical, dental, optometric, or chiropractic services; or

Family reasons – to spend time with a family member leaving for or returning from active military duty (duration at the discretion of the Superintendent); observance of a holiday or ceremony of their religion; attendance at a religious retreat (maximum 1 day); participating in a cultural ceremony or event; by parent/guardian request in writing and approved by the designated representative pursuant to governing board standards; or

Grieving or attending a funeral – of an immediate family member (maximum 5 days); a person their parent/guardian determines to be closely associated enough to be considered an immediate family member (maximum 3 days); accessing victim services, grief support services, or safety

planning services for the student/family (including relocation); or

Personal business reasons – jury duty (as provided by law); attendance or appearance in court; attendance at an employment conference; attendance at a nonprofit organization's educational conference on the legislative or judicial process; serving as a member of an election precinct board; attending their own naturalization ceremony to become a United States citizen; engaging in a civic or political event, provided that they notify the school ahead of time (maximum 1 day for grades 7-12); the pupil's participation in military entrance processing.

A school administrator may authorize or extend some excused absences. Students shall be allowed to complete all assignments and tests missed during an excused absence that can be reasonably provided. Upon satisfactory completion within a reasonable period of time, shall be given full credit for those assignments and tests. The classroom teacher(s) shall determine which assignments and tests shall be reasonable equivalent to, but not necessarily identical to the assignments and tests that the student missed during the absence. [EC 48205, 48260]

Districts may allow students, with parental or guardian consent, to be excused to participate in moral or religious exercises or instruction. [EC 46014]

School authorities may excuse any student in grades 7 through 12 from school for the purpose of obtaining confidential medical services without the consent of the pupil's parent or guardian. [EC 46010.1]

Unexcused Absences

When a student misses school without an excuse, they are considered truant. The state defines three levels of truancy, each carrying more severe penalties for both the student and the parent(s)/guardian(s). A student is classified as a:

Truant – after missing three days of school or three 30-minute periods without a valid excuse.

Habitual Truant – if they are truant three or more times in a school year and an effort has been made by the school/district to meet with parents.

Chronic Truant – if they miss 10 percent or more of the school days from the date of their enrollment

or the start of the school year to the current date without a valid excuse.

Early intervention and cooperation between the school and the family is the most effective way to support student learning. The school will notify the parent/guardian, who are obligated to compel the student to attend school.

Students and parents face penalties as defined in Education Code and Welfare and Institutions Code, including referral to a student attendance review board (SARB). A student who is truant may additionally be referred to a community service program; the county probation department; the District Attorney's office; or the Juvenile Court. The parent/guardian of a truant may face fines, imprisonment up to one year, or both; be required to meet regularly with district staff; and/or be required to attend classes at the student's school. [EC 48260, 48260.5, 48261, 48262, 48263, 48263.5, 48263.6, 48264.5, 48291, 48293, 48320; PC 270.1; WIC 256, 258, 601, 601.3]

≡ **Emergency School Closure**

Schools may close in the case of a natural disaster such as an earthquake, a fire, a flood, or an epidemic/pandemic. School officials rely on the expertise and advice of public health and safety officials in these decisions. Other means of delivering instruction will be used as possible. [EC 46393]

≡ **Minimum Days/Pupil Free Staff Development Days**

If your child will be affected by minimum days or staff development days, we will give you at least one month's notice. The dates that were known at press time are printed in the calendar in this booklet. [EC 48980]

≡ **Leaving School at Lunchtime**

"The governing board of the Oroville Union High School District, pursuant to Section 44808.5 of the Education Code, has decided to permit pupils enrolled at all High Schools except the Community Day School to leave the school grounds during the lunch period. Neither the school district nor any officer or employee thereof shall be liable for the conduct or safety of any pupil during such time as the pupil has left the school grounds pursuant to this section." The district permits students in grades 9 to 12 this privilege. [EC 44808.5]

≡ **Individualized Instruction**

You must notify the school if your child has a temporary disability and cannot attend in a regular classroom. If your temporarily disabled child is located outside your school district, notify both the district where your child resides and the district where the child is located. Within five (5) days of notice, the district(s) will determine if the student qualifies; within five (5) days of the determination instruction shall commence in the home or in a hospital or other residential health facility. The district(s) will notify you if your child qualifies, when instruction will begin, and for how long it will continue. Each hour of instruction at home or in a facility will count as a full day but cannot exceed 5 days per week nor the number of days in the school year. There are accommodations for pregnant or parenting students (see page 16 for more information). [EC 46015, 48206.3, 48207, 48207.5, 48208, 48980]

≡ **Notice of Alternative Schools**

California state law authorizes all school districts to provide for alternative schools. Section 58500 of the Education Code defines alternative school as a school or separate class group within a school which is operated in a manner designed to: (a) Maximize the opportunity for students to develop the positive values of self-reliance, initiative, kindness, spontaneity, resourcefulness, courage, creativity, responsibility, and joy. (b) Recognize that the best learning takes place when the student learns because of his desire to learn. (c) Maintain a learning situation maximizing student self-motivation and encouraging the student in his own time to follow his own interests. These interests may be conceived by him totally and independently or may result in whole or in part from a presentation by his teachers of choices of learning projects. (d) Maximize the opportunity for teachers, parents and students to cooperatively develop the learning process and its subject matter. This opportunity shall be a continuous, permanent process. (e) Maximize the opportunity for the students, teachers, and parents to continuously react to the changing world, including but not limited to the community in which the school is located.

In the event any parent, pupil, or teacher is interested in further information concerning alternative schools, the county superintendent of schools, the administrative office of this district, and the principal's office in each attendance unit have

copies of the law available for your information. This law particularly authorizes interested persons to request the governing board of the district to establish alternative school programs in each district. [EC 58501]

INSTRUCTION AND CURRICULUM

≡ State Academic Standards and Assessments

Each district in California decides how they will teach and what resources they will use. More information can be found at www.cde.ca.gov/re/cc/. California uses a computer-based student testing system tied to the standards for English language arts, mathematics, and science called the California Assessment of Student Performance and Progress (CAASPP). The tests include the Smarter Balanced Assessment Consortium Assessments, California Science Tests (CAST), California Alternate Assessments (CAA), and Standards-based Tests in Spanish (STS) for Reading/Language Arts. Parents can exempt their child(ren) from CAASPP testing by submitting a letter in writing annually. More information about the CAASPP can be found at www.cde.ca.gov/ta/tg/ca/. [EC 60119, 60604, 60615, 60640; 5 CCR 852]

English Language Learners are evaluated with the English Language Proficiency Assessments for California (ELPAC) and to identify and measure their progress in English Language proficiency. Students in grades 5, 7, and 9 also participate in Physical Fitness Testing (PFT). [EC 52060, 52066, 60800]

≡ Local Control Funding and Accountability

The Local Control Funding Formula (LCFF) provides money to school districts with a uniform base grant for every student, adjusted by grade level. Districts also receive adjustments for the number of students living in poverty, English learners, and foster youth. Then there are further adjustments for concentration of these groups if they are above 45% and at 55% of the district’s enrollment. More information about the LCFF is available at www.cde.ca.gov/fq/aa/lc/.

The Local Control Accountability Plan (LCAP) is a critical part of the LCFF. Each school district is required to engage parents, students, teachers, principals, administrators, other employees, employee groups,

- and stakeholders to establish their plan. The LCAP must focus on eight state identified priorities:
1. Basic Services
 2. Implementation of State Standards
 3. Parental Involvement
 4. Pupil Achievement
 5. Pupil Engagement
 6. School Climate
 7. Course Access
 8. Other Pupil Outcomes

The plan must describe the overall vision for students, annual goals including language acquisition, and specific action to achieve these goals. The plan will demonstrate how the district’s budget will help achieve the goals, and annually assess how well the strategies improved outcomes. Anyone can bring or forward ideas or comment to the governing board on proposals or expenditures at parent, or community engagement meetings. Complaints regarding the LCAP may be filed anonymously or using the District Uniform Complaint Procedures. [EC 305, 47606.5, 47607.3, 52060-52076; 5 CCR 4600, 4622]

≡ Language Acquisition Programs

Language acquisition programs are designed to ensure that English learners acquire English as rapidly and effectively as possible. They provide instruction based on the state-adopted academic content standards, including English language development (ELD) standards.

The District offers a Structured English Immersion program in which nearly all instruction is in English with curriculum and presentation designed for students who are English learners. [EC 305(a)(2), 306(c)(3)]

Parents/Guardians may provide input regarding language acquisition programs during the development of the Local Control Accountability Plan. Parents/Guardians may submit written or verbal requests for the establishment of a language acquisition program in addition to the program available. Schools in which the parents/guardians of 30 pupils or more per school or 20 pupils or more in any grade request a language acquisition program are required to offer such a program to the extent possible. Please contact the District office or your school principal for more information. [EC 306, 310; 5 CCR 11310]

Parents/Guardians have a right to opt their child(ren) out of the school district’s language

acquisition program or opt out of particular English learner service(s) within a language acquisition program. [20 USC 6312(e)(3)(A)(viii)]

≡ **Academic Counseling**

Counseling related to academic and/or nonacademic courses, classes, electives, school-related activities, team sports, athletic competitions, and school facilities will be available to all students without regard to their gender, gender identity, the gender listed in their records, or any protected group as defined by State or Federal law. School counselors are credentialed educators specializing in pupil services. They help students in grades 7-12 make decisions about courses, extra-curricular activities, and preparation for college and/or careers. They guide students through all the steps including information about financial aid and academic requirements. The District Uniform Complaint Procedure (see page 33) may be used to file a complaint. [EC 221.5, 221.8, 48980, 49600, 51229; GC 11135; Title VI, Title IX; § 504; CIF 300D]

≡ **District Courses**

Annually the District prepares curriculum, course titles, aims, and descriptions in a prospectus. The prospectus is available at each school site and may be reproduced at cost. Parents/Guardians have the right to review all course material. The District offers Dual Enrollment courses. [EC 48980.6, 49063, 49091.14; PPRA]

≡ **Curriculum and Personal Beliefs**

Whenever any part of the instruction in comprehensive sexual health, sexual abuse, or human trafficking prevention education conflicts with your religious training and beliefs or personal moral conviction, or those of your child, your child shall be excused from such instruction if you request an excuse in writing. You may also opt your child(ren) out of instruction that includes LGBTQ+ specific topics or issues by submitting a request in writing annually. No student shall be penalized, sanctioned, or disciplined for such an excuse, and shall have an alternative education activity available. [EC 51240, 51938, 51950; PPRA]

Family Life, Human Development, and Sexual Health Education

Your child will be taking classes in compliance with the California Healthy Youth Act. These will include comprehensive sexual health education, HIV education, and research findings regarding pupil health behaviors and risks. Students in grades 7-12 will gain a deeper understanding of HIV transmission, prevention, and treatment. They will also be taught about the prevalence of human trafficking and the methods traffickers employ, including social media and mobile devices. You will be notified before such instruction. Any written and audio-visual educational materials planned for use are available for inspection prior to the start of classes. You may have copies of non-copyrighted material that will be presented by a consultant or guest speaker. You have a right to request, in writing, that your child not participate in any or all activities. You may withdraw this request at any time. School districts must ensure that all participating pupils receive sexual health instruction from personnel adequately trained in appropriate courses. In this District, staff teaches these classes. During this class, students in grades 7-12 may be asked to anonymously, voluntarily, and confidentially fill out evaluation and research tools such as surveys, tests, or questionnaires measuring student attitudes toward health, sex, and risk behaviors.

Copies of Education Code Sections 51933, 51934, and 51938 can be requested from the District or can be obtained online at <https://leginfo.ca.gov>. [EC 51933-51939]

Tests/Surveys on Personal Beliefs

You and/or your child(ren) over 18 will be notified before administration of any confidential test, questionnaire, or survey containing questions about your child's, or your personal beliefs, political practices, mental health, anti-social, illegal, self-incriminating, demeaning behavior, critical appraisals of others close to the family, about legally confidential relationships such as ministers or doctors, income (unless to determine eligibility for receiving financial assistance), sex, family life, morality, or religion. You will be asked for written permission except for exempt surveys (in grades 7-12) that are part of sexual health programs or State surveys. Parents may opt their child(ren) out of all surveys, without penalty, including those seeking information to be used in marketing. Parents have the

right to review any survey or educational materials related to the survey on any of the above items. The District has developed policies relating to surveys and personal information. Notice will be sent to parents prior to such test or survey. Dissection of Animals

If your child chooses not to participate in the dissection of animals, and if the teacher believes that an adequate alternative education project is possible, the teacher may work with the student to develop and agree upon an alternative education project for the purpose of providing your child an alternate avenue for obtaining the information required by the class. The school will need a signed note from you indicating your child's objection. [EC 32255-32255.6]

≡ College and Career Planning Tools

Parents/Guardians now have direct access to online tools and resources that help them prepare their child(ren)'s path to college and a career. Student information can be shared directly throughout the college admission process. Individual student data from California Longitudinal Pupil Achievement Data System (CALPADS) is linked with the California College Guidance Initiative (CCGI). Tools such as www.CaliforniaColleges.edu can be used as early as sixth grade and through 12th grade. It also helps with scholarships and financial support through programs like the Student Aid Commission. [EC 51229, 60900.5; FERPA]

≡ High School Credits and Graduation

Education code sets minimum course requirements to graduate from high school and earn a diploma. School districts may set additional requirements. The District has established guidelines for transferring credits and meeting graduation requirements. Please see the "Graduation Requirements compared to UC/ CSU Admission Requirements" on page 12.

Exceptions

Highly mobile students; students who are homeless, migratory, foster youth, of a military

family, juvenile court youth, or youth participating in a newcomer program have special rights related to graduation and partial high school credits. They have the right to an adult to help make educational decisions. These students can be registered in their district of choice, but must provide proof of residency within ten (10) days. Foster and homeless youth also have special rights associated with college funding, and certain considerations in school discipline. The District Uniform Complaint Procedure may be used to file a complaint.

California Proficiency Program (CPP)

Students who are 1) 16 years or older or will be enrolled in grade 10 for at least one school year by the end of the semester the test is taken; and 2) are subject to California's compulsory education laws may take the GED® or HiSET® tests of High School proficiency. The tests may be taken with pencil-and-paper or on a computer. If they pass, students will earn a State Certificate of Proficiency, which is equal to a high school diploma. There may be a fee for taking the exam. For more information visit www.cde.ca.gov/ta/tg/cp.asp.

Cal Grant Application / Opt-Out

Cal Grant Awards are money provided by the State of California to assist in college expenses (tuition, room and board, books and other supplies). Each student in grade 12 are considered Cal Grant applicants unless they or their parent/guardian opt out. Unless the parent/guardian or the 18-year-old student opt out in writing by the second Friday in September, certified Grade Point Average (GPA) data will be transmitted to the CA Student Aid Commission no later than October 1, 2026. To receive the Grant, students must apply. For more information go to www.csac.ca.gov.

≡ University of California / California State University Admissions

Admission to the University of California (UC) requires completion of the 15 year-long high school course list. These courses are also known as the "a-g" subjects. At least seven of the 15 year-long courses must be taken in the student's last two years of high

school. A GPA of 3.0 (B) or higher is required for California residents.

Admission to the California State Universities (CSU) requires a minimum 15-unit pattern of courses for admission as a first-time freshman. Each unit is equal to a year of study in a subject area. A GPA of 2.0 (C) or higher is required for regular admission. Admittance

is based on an eligibility index that combines multiple items. Transfer students are accepted.

Definition of Career Technical Education

A program of study that involves a multi-year sequence of courses that integrates core academic knowledge with technical and occupational knowledge to provide students with a pathway to postsecondary education and careers. Apprenticeship Programs

Students in grades 11-12 may have access to apprenticeships where they can explore and learn specific skills that lead to high-paying jobs. Some of these programs are available only to students who are 18 years old. You may be able to find apprenticeships on the CA Department of Industrial Relations' website at <https://www.dir.ca.gov/databases/das/pwaddrstart.asp>; then select a county, a trade, and hit search. State funding is available to qualified low-income students to assist in paying all or part of Advanced Placement exams. [EC 48980, 52240]

SCHOOL RECORDS AND STUDENT ACHIEVEMENT

≡ Pupil Records

Parents, guardians, foster parents, certain caregivers, and students over 18 have the right to review, inspect, and get copies of school records within five business days of a written or oral request or before any meeting regarding an individualized education plan (IEP) or a hearing. Those records are confidential, and privacy will be maintained. Student records are provided to schools where student transfers or wants to enroll. In some instances, information about your child may be released to District staff, foster agencies, short-term residential treatment programs, after school programs, summer camps, lawyers, law enforcement, state researchers, and nonprofit researchers. Sharing of pupil records must conform to federal laws and in some cases must be approved by the State Committee for Protection of Human Subjects. The records include transcripts,

discipline letters, commendations, attendance, and health information. The records are maintained at School Counseling Office by the Office Secretary. There is someone to help interpret the material. When more than one child is named in the records, parents may only see material related to their child. If requested, the district will provide a list of types and locations where materials are held. There is a log of who has viewed the records that is kept at the same location as the records. District policy or administrative regulation sets forth the criteria by which school officials and employees whose duties require access can look at, change or delete the files and why. Files may be reviewed to identify students eligible for public school choice or supplemental educational services. You may have copies made free of charge. With the proper documentation, the records can be changed to reflect a legal change of name and/or gender of a student or a former student. You also have the right to file a written request with the superintendent challenging the records if you think there is an inaccuracy, unsubstantiated conclusion or inference, a conclusion outside the observer's expertise, a comment not based on personal observation with time and date noted, misleading information, or a violation of privacy rights. You can file a complaint about how your request was handled with the district or with United States Department of Education. You will get to meet with the superintendent or designee within 30 days. If your challenge is sustained, the changes will be made. If not, you can appeal to the school board, which has final authority. If you still have a different view, your view can be included in the student's record. Students of Military Families

For a smoother transition, the District has established guidelines for transferring credits and meeting graduation requirements of students from military families. Also students can be registered in their district of choice, but must provide proof of residency within 10 days. [EC 51225.1, 51225.2]

Student Data from Social Media Websites

School Districts may now adopt a plan to gather student information from social media websites. The Governing Board has not adopted such a plan, but

may consider it in the future. The information would pertain only to student or school safety, and must be destroyed within one year of the student leaving the District or turning 18. [EC 49073.6]

≡ Regulations Regarding Student Achievement

The Board of Education believes good communication between parents and teachers is important in the educational process. All appropriate forms of communication should be used. The progress report should reflect student progress in classwork and proficiency levels and indicate educational growth in relation to the student's ability, citizenship and effort. [EC 49067]

≡ School Accountability Report Card

The School Accountability Report Card is available on request, and is available annually by February 1st on the Internet at the links below. It contains information about the district and school regarding the quality of programs and its progress toward achieving stated goals. A copy will be provided upon request. ≡ Teacher Qualifications

A provision of federal Title I requires all districts to notify parents of children in Title I schools that they have the right to request and receive timely information on the professional qualifications of classroom teachers and paraprofessionals including state qualifications, licensing for the grade level or subject taught, any waivers for qualifications, emergency provisions, college major, graduate degrees and subject, and if paraprofessionals or aides are in the classroom and what their qualifications are. [ESEA; 20 USC 6311; 34 CFR 200.37, 200.53, 200.55, 200.57, 200.61]

≡ Release of Directory Information

The law allows schools to release "directory information" to certain persons or organizations including military recruiters. Directory information includes student's name, address, telephone number, email address, date of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous school attended. Directory information does not include citizenship status, immigration status, place of birth, or any other information indicating nationality. You may have the district withhold any of this information by submitting a request in writing. In the case of students with exceptional needs or who are homeless, no material can be released without parent or guardian consent. [EC 49061(c), 49070, 49073(c), 56515; FERPA; ESEA]

≡ School Safety Plan

Every year, each school shall review and update its plan by March 1. Each school shall make its plan public and shall share the plan with numerous community leaders, school site personnel, and parent groups. Plans should, among other things, provide guidance for the response to and/or the prevention of bullying, child abuse, disasters, and criminal activity. Key elements are to be described in the School Accountability Report Card. Planned responses to criminal incidents need not be disclosed. The Uniform Complaint Procedure can be used regarding School Safety Plan compliance. [EC 32281, 32282.1, 32286, 32288, 32289, 51101]

STUDENT SERVICES

≡ Student Meal Program

Meals are provided to all students at no cost during the school year. The District seeks to ensure that no child is denied meals. [EC 49510-49520, 49558; 42 USC 1761(a)]

≡ Student Use of Technology

The Governing Board believes that effective use of technology is integral to the education and development of students. In order to promote digital citizenship, the Board recognizes that students must

have access to the latest digital tools and receive instruction that allows students to positively engage with technology in ways that respect human rights and avoids Internet dangers. Technological resources provided to students, including technology based on artificial intelligence (AI), shall be aligned to district goals, objectives, and academic standards. The use of technology shall augment the use of Board adopted instructional materials.

The Board intends that technological resources provided by the district be used in a safe and responsible manner in support of the instructional program and for the advancement of student learning. Students shall be allowed to use such technology, including AI technology, in accordance with district policies, including, but not limited to, policies on academic honesty, data privacy, nondiscrimination, and copyright protections. All students using these resources shall receive instruction in the proper and appropriate use of technology. Such instruction shall incorporate students' responsibilities regarding academic honesty, honoring copyright provisions, assessing the reliability and accuracy of information, protecting personal data, and the potential for biases and errors in artificially generated content.

District technology includes, but is not limited to, computer hardware, software, or software as a service provided or paid for by the District, whether accessed on or off site or through District-owned or personally owned equipment or devices, including tablets and laptops; computer servers, wireless access points (routers), and wireless computer networking technology (wi-fi); the Internet; email; applications (apps), including AI apps; telephones, cellular telephones, smartphones, smart devices, and wearable technology; or any wireless communication device, including radios.

Teachers, administrators, and/or library media specialists are expected to review the technological resources and online sites that will be used in the classroom or assigned to students in order to ensure that they are appropriate for the intended purpose and the age of the students.

The Superintendent or designee shall notify students and parents/guardians about authorized uses of district technology, user obligations and responsibilities, and consequences for unauthorized use and/or unlawful activities in accordance with

this board policy and the District's Acceptable Use Agreement.

Before a student is authorized to use district technology, the student and the student's parent/guardian shall sign and return the Acceptable Use Agreement. In that agreement, the student and parent/guardian shall agree not to hold the district or any district staff responsible for the failure of any technology protection measures or user mistakes or negligence and shall agree to indemnify and hold harmless the district and district staff for any damages or costs incurred.

The district reserves the right to monitor student use of technology within the jurisdiction of the district without advance notice or consent. Students shall be informed that the use of district technology, as defined above, is not private and may be accessed by the district for the purpose of ensuring proper use. Students have no reasonable expectation of privacy in the use of the district technology. Students' personally owned devices shall not be searched except in cases where there is a reasonable suspicion, based on specific and objective facts, that the search will uncover evidence of a violation of law, district policy, or school rules.

The Superintendent or designee may gather and maintain information pertaining directly to school safety or student safety from the social media activity of any district student in accordance with Education Code 49073.6 and Board Policy/Administrative Regulation 5125 – Student Records.

Whenever a student is found to have violated board policy or the District's Acceptable Use Agreement, the principal or designee may cancel or limit a student's user privileges or increase supervision of the student's use of the district's equipment and other technological resources, as appropriate. Inappropriate use also may result in disciplinary action and/or legal action in accordance with law and board policy.

The Superintendent or designee, with input from students and appropriate staff, shall regularly review and update procedures to enhance the safety and security of students using district technology and to help ensure that the district adapts to changing technologies and circumstances.

Internet Safety

The Superintendent or designee shall ensure that all district computers with Internet access have a technology protection measure that protects against access to visual depictions that are obscene, child pornography, or harmful to minors and that the operation of such measures is enforced.

To reinforce these measures, the Superintendent or designee shall implement rules and procedures designed to restrict students' access to harmful or inappropriate matter on the Internet and to ensure that students do not engage in unauthorized or unlawful online activities.

Harmful matter includes matter, taken as a whole, which to the average person, applying contemporary statewide standards, appeals to the prurient interest and is matter which depicts or describes, in a patently offensive way, sexual conduct and which lacks serious literary, artistic, political, or scientific value for minors.

The District's Acceptable Use Agreement shall establish expectations for appropriate student conduct when using the Internet or other forms of electronic communication, including, but not limited to, prohibitions against:

1. Accessing, posting, submitting, publishing, or displaying harmful or inappropriate matter that is threatening, obscene, disruptive, or sexually explicit, or that could be construed as harassment or disparagement of others based on their race/ethnicity, national origin, sex, gender, sexual orientation, age, disability, religion, or political beliefs
2. Intentionally uploading, downloading, or creating computer viruses and/or maliciously attempting to harm or destroy district equipment or materials or manipulate the data of any other user, including so-called "hacking"
3. Distributing personal identification information, including the name, address, telephone number, Social Security number, or other personally identifiable information, of another student, staff member, or other person with the intent to threaten, intimidate, harass, or ridicule that person

The Superintendent or designee shall regularly review current guidance regarding cybersecurity, data privacy, and digital media awareness and incorporate recommended practices into the district's processes

and procedures related to the protection of the district's network infrastructure, the monitoring and response to cyberattacks, ensuring data privacy, and monitoring suspicious and/or threatening digital media content, in accordance with Board Policy 5125 – Student Records.

The Superintendent or designee shall provide age-appropriate instruction regarding safe and appropriate behavior on social networking sites, chat rooms, and other Internet services. Such instruction shall include, but not be limited to, the dangers of posting one's own personal identification information online misrepresentation by online predators, how to report inappropriate or offensive content or threats, behaviors that constitute cyberbullying, and how to respond when subjected to cyberbullying. [BP 6163.4 May 2026; EC 49073.6, 51006, 51007, 60044; PC 313, 502, 632, 653.2; CC 3120-3123; 15 USC 6501-6506; 20 USC 7101-7122, 7131; 47 USC 254; 16 CFR 312.1-312.12; 47 CFR 54.520]

≡ **Services to Students with Disabilities**

If you have reason to believe your child (ages 0 through 21 years) has a disability requiring special services or accommodations, contact the school. Your child will be evaluated to determine whether he/she is eligible for free special or modified instruction or services.

The District wants to locate, identify and assess, all children with disabilities whether homeless, foster, military, wards of the state, enrolled in public or private schools. The District has policies guiding procedures for, identification and referral. Students identified with exceptional needs will receive a Free Appropriate Public Education (FAPE) in the least restrictive environment. [EC 48853, 56020 et seq., 56040, 56301; 5 CCR 4622; 20 USC 1412(a)(10)(A)(ii), 1412(a)(6)(A); 34 CFR 300.121]

≡ **Married, Pregnant, or Parenting Students**

A student under 18 years old who entered a legal marriage has rights and privileges as if they were 18 years old, even if the marriage has been dissolved.

Pregnant or parenting students who are 18 years old or who have permission from their parent/guardian may, but are not required to take excused leave for up to eight weeks to protect the health of

the student and the infant. More than eight weeks may be granted if it is deemed medically necessary. Certification from a physician or nurse practitioner that the student is able to participate in the regular education program may be required only if it is required for students returning from other temporary disabilities.

A parenting student may be excused for absences as listed under “General Absences” on page 6. They may also be excused as the custodial parent to care for a sick child. A note from a physician shall not be required for such an absence.

Accommodations

When necessary, the District shall provide accommodations for the student to access and participate in the educational program. Reasonable accommodations shall be provided to any lactating student to express breast milk, breastfeed, or any other breastfeeding related needs. These accommodations include, but are not limited to a private, secure room other than a restroom to express milk or breastfeed, and a reasonable amount of time to do so; permission to bring equipment for expressing milk onto campus, and access to power to operate it; and a safe place to store expressed milk. There shall be no penalty for using these accommodations, and opportunity to make up any missed work shall be available.

Educational and Support Services

Pregnant or parenting students will not be required to complete schoolwork or other requirements while on leave. Time shall be provided to make up work without penalties. They may be allowed a fifth year to complete high school graduation requirements unless administration determines they are capable of completing graduation requirements in four years.

These students may choose to return to the same school or choose to attend an alternative program with access to comparable courses, programs, and activities. Generally, a classroom setting is preferred unless an alternative will better meet the needs of the student and/or their child. Any alternative program offered specifically for pregnant or parenting students shall be comparable to that offered to other students, and participation shall be voluntary.

Childbirth, pregnancy, or related recovery will

not in and of itself deny a student access to any educational program, course, or activity.

As possible, and sometimes in collaboration with community organizations or agencies, the District will provide services to pregnant and parenting students and their children. These services may include academic and personal counseling; supplemental instruction; parenting and life-skills education; childcare and development services; special nutrition and supplements for pregnant and/or lactating students; health care services; and tobacco, alcohol, or drug prevention/intervention. Where appropriate, staff shall get related professional development.

The District shall not treat students differently based on their actual or potential parental, family, or marital status on the basis of sex. Complaints related to pregnancy, marital status, parental status, or lactation accommodations can be made using the “Uniform Complaint Procedure” on page 33. [BP 5146 May 2026; EC 221.51, 222, 222.5, 230, 46015, 48200, 48205, 48980, 49553; FC 7002; HSC 104460; 5 CCR 4600-4687, 4950; 42 USC 1786; 7 CFR 246.1-246.29; 34 CFR 106.40]

Pupil Fees

While there are limited exceptions, families and students should not have to pay fees for most items related to public education. There are four types of fees identified in Education Code:

Pupil Fees: No fees or deposits can be required or collected for items including, but not limited to, materials, supplies, equipment, uniforms (i.e. band, cheerleading, basketball), lockers, locks, books, class apparatus, musical instruments.

Educational Activity Fees: No fees can be required or collected for student participation in an event or activity, either curricular or extracurricular, that is an essential part of a student’s education or for transportation to those events. There can be no fees required for registering or participating in regular or extra classes.

Voluntary Donations: While voluntary donations may be suggested for activities, no student may be denied participation based on the family’s ability to make a donation.

Exceptions – When fees may be required: When fees may be required: By law, there are exceptions to

the prohibition against charging of fees or deposits. These exceptions include, but are not limited to, transportation to non-essential activities, non-essential events where attendance is optional (such as a school dance), camp programs, food served to students, damage to district provided materials such as textbooks, cost of community service classes, and fingerprinting. Money may also be collected for material used for projects that a student will be taking home, such as, material used in a career class like woodshop or sewing. The Uniform Complaint Procedure can be used regarding pupil fee compliance. A complaint may be filed with the school principal, and may be filed anonymously. [EC 17551, 17552, 32033, 32220-32224, 32390, 35330, 35331, 35335, 38084, 38120, 39807.5, 49010-49013, 49065, 51815, 52373, 60070; 5 CCR 4610, 4630]

HEALTH SERVICES

≡ Student Wellness

Wellness has a direct impact on a student's learning and social development. There are laws and policies that support and protect student wellness.

Students are encouraged to drink water throughout the school day. They are allowed to bring and carry water bottles except in libraries, computer labs, science labs, or other places where it may be dangerous to have drinking water. [EC 38042]

Students can wear sun protective clothing when outdoors, including, but not limited to hats. Students may also apply sunscreen during the day without a doctor's note or prescription. [EC 35183.5, 35291]

Student Access to Mental Health Services

School-based mental health services help address barriers to learning and provide appropriate student and family support in a safe and supportive environment. Reaching out for mental health services is simple; contact your school counselor, nurse, health aide, principal, or the district office. Your school counselor can connect you with your Social Worker. In the community a good place to start may be to dial 211 for referrals in your area or to call Butte County Behavioral Health at (530) 891-2850 or www.buttecounty.net/159/Behavioral-Health. If you are in crisis, contact this number or dial 911 immediately. [EC 49428]

Suicide Prevention

Suicide is a leading cause of death among youth, and school personnel is often in a position to recognize warning signs. The District makes an effort to reduce suicidal behavior and its impact and has developed strategies to intervene. These may include staff development, student instruction in coping skills, informing parents/guardians, methods for promoting a positive school climate, crisis intervention, and counseling (including for bereavement). Information about district programs and services and links to community and statewide resources are available on the District's website at www.ouhsd.org/parents-students/pupil-support-services. Students can also reach out for help 24-hours / 7-days a week from the California Youth Crisis Line at (800) 843-5200. [EC 215, 234.5, 234.6, 49602, 49604; GC 810-996.6; PC 11164-11174.3; WIC 5698, 5850-5883; BP 5141.52 May 2026]

Tobacco-, Alcohol-, and Drug-Free Schools

The Board has adopted Tobacco-Free, Drug-Free, and Alcohol-Free campus policies to promote student health and well-being. The district has prevention and intervention programs. There may be programs through the district or in the community to support students' cessation from use of tobacco, alcohol, or drugs. Students who come forward for help will not be disciplined. For more information, please contact the school/district nurse or a school administrator. [EC 51202-51203, 51260-51269; HSC 11999-11999.3, 104420]

≡ Immunizations

Documented proof that immunizations are up-to-date is required before attending school; districts may not allow "conditional" admittance into schools. Students may not participate in a classroom setting unless they have been fully immunized against diphtheria, hepatitis b, haemophilus influenza type b, measles, mumps, pertussis (whooping cough), poliomyelitis, rubella, and tetanus. Students must be immunized for varicella (chickenpox) or provide proof from a doctor stating they have had the disease.

All new students, advancing students, or students transferring into grades 7-12 must be fully immunized, and will not be admitted without the required booster against pertussis (Tdap). The required immunizations are available through a usual source of medical care,

County Health Department, a school nurse, or may be administered by a health care practitioner acting under the direction of a physician. Immunizations may be given at school. There may be funds for those who cannot access services. Homeless, foster, migratory, and military youth can be enrolled without proof of immunization.

If an outbreak of a communicable disease occurs, a non-immunized student will be excluded from school for their own safety until such a time as directed by health officials or district administration. [EC 48216, 48852.7, 48853.5, 49403; HSC 120325, 120335, 120336, 120338, 120375, 120400-120435, 120440; 17 CCR 6000-6075; 42 USC 11432(C)(i)]

Exemptions

These requirements do not apply if a form from licensed physician cites why they should not. The physician submits the standardized electronic form directly to the California Immunization Registry (CAIR) and to the school for exemption; this is the only form the school will accept. The form will include physician information, the child's name and their school, the parent's/guardian's name, and the specific basis for and duration of the exemption.

Forms submitted prior to January 1, 2020 and exemptions based on beliefs opposed to immunization submitted prior to January 1, 2016 are valid until the pupil enrolls in the next grade span (through preschool, grades K-6, grades 7-12). Parents or guardians may refuse to allow the sharing of personal information related to their child's immunization records by notifying your County Health Department. [EC 48216, 48852.7, 48853.5, 49403; HSC 120325, 120335, 120375, 120400-120435, 120440; 17 CCR 6000-6075; 42 USC 11432(C)(i)]

Physical Examinations

Many things impact a child's ability to learn, to progress, and to succeed; including their health. There are required immunizations that may be given during a physical exam by a physician. Your child may qualify for Medi-Cal or other government programs. You can contact Medi-Cal for information at (800) 541-5555 or your county health department at:

Public Health Clinic

There are some screenings that may happen at school. If you do not want your child to have any, or all, of these screenings, give the school a written letter annually specifying which screenings you are denying consent for. If your child has had screenings outside of school, you may also submit a certificate verifying they have been done. When there is a good reason to believe that your child is suffering from a recognized contagious or infectious disease, he/she may be sent home and shall not be permitted to return to school until the contagious or infectious disease does not exist. [EC 49450, 49451; PPRA]

Vision and Hearing Screening

An authorized person will check your child's vision upon enrollment and in grades 10 or 11. Hearing tests will be conducted when your child is enrolled or first enters a District school. You may submit a letter annually denying consent or a certificate from a physician or optometrist verifying prior testing has been done. [EC 44878, 49451, 49452, 49452.5, 49455; 17 CCR 2951]

Medication

Children may take medication, which is prescribed by a physician, received in its original container, and can get help from school personnel during the school day if:

1. The district designee has received a written statement from the physician detailing the medication name, method, amount, and time schedules by which the medication is to be taken; and
2. Parent, guardian, or caregiver annually submits a written statement asking the school district to assist their child in taking the medication or allow the student to self-administer certain medications. The statement gives permission to communicate with the health care provider or pharmacist, and acknowledges understanding of how the medication will be administered.

This includes allowing a school staff member to volunteer and be trained to identify the need for, and

to administer epinephrine to a student for anaphylaxis; glucagon as prescribed for diabetes; or anti-seizure medication as prescribed to a student diagnosed with seizures, a seizure disorder, or epilepsy. Each school determines if it will have staff trained in the use and storage of auto-injectable epinephrine and/or anti-seizure medication. The District will have a supply of auto-injectable epinephrine at each school site. [EC 49414, 49414.1, 49414.5, 49423, 49423.1, 49468.2, 49480]

This includes allowing a school staff member to volunteer and be trained to identify the need for, and to administer epinephrine to a student for anaphylaxis; glucagon as prescribed for diabetes; or anti-seizure medication as prescribed to a student diagnosed with seizures, a seizure disorder, or epilepsy. Each school determines if it will have staff trained in the use and storage of auto-injectable epinephrine and/or anti-seizure medication. The District will have a supply of auto-injectable epinephrine at each school site. A school nurse or trained volunteer school employee may administer emergency naloxone hydrochloride or another opioid antagonist to persons suffering, or reasonably believed to be suffering, from an opioid overdose. [EC 49414, 49414.1, 49414.3, 49414.5, 49423, 49423.1, 49468.2, 49480]

Children may carry and self-administer a blood glucose level test, diabetes care, inhaled asthma medication, and auto-injectable epinephrine if the rules above are met and if a physician confirms in writing that the student is able to self-administer. The District does not allow parents to administer medical cannabis on campus. [BP 5141.21 May 2026; EC 49414, 49414.1, 49414.5, 49423, 49423.1, 49480; HSC 11362.79]

If your child is on a continuing medication regimen for a non-episodic condition, you are required to notify the district designee of the medication being taken, the current dosage, and the name of the supervising physician. [EC 49480]

≡ Medical and Hospital Insurance for Students

The district DOES NOT provide insurance on individual students. However, you may purchase accident insurance through the district for medical and hospital services covering your child. The insurance provides coverage for your child while on school

grounds or in school buildings during the time your child is required to be there because of attendance during a regular school day of the district; or while being transported by the district to and from school or other place of instruction; or while at any other place as an incident to school-sponsored activities. The school district assumes no liability for accidents to pupils at school. [EC 32221.5, 49471, 49472]

Under state law, school districts are required to ensure that all members of school athletic teams have accidental injury insurance that covers medical and hospital expenses. This insurance requirement can be met by the school district offering insurance or other health benefits that cover medical and hospital expenses. Some pupils may qualify to enroll in no-cost or low-cost local, state, or federally sponsored health insurance programs. [EC 32221.5]

Enrollment in a Health Care Plan

All children and their families must be enrolled in a health care plan. There are several options for getting a health plan; through an insurance agent, or low cost provider such as Medi-Cal and Covered California at (800) 300-1506 or online at www.coveredca.com. [PPACA]

School-Sponsored Athletics

If a student participates in school-sponsored athletics other than physical education or athletic event during the school day, parents/guardians and the student athlete are required to annually; (1) complete a concussion awareness form, (2) complete a sudden cardiac arrest awareness form, and (3) sign a document acknowledging receipt of an Opioid Factsheet received either in print or electronic format. [EC 33479, 49475, 49476]

Also, high school athletes must sign a pledge they are not using steroids illegally or they will not be allowed to participate. Parents must sign a form notifying them of the restriction. [EC 49033, 60041; HSC 11032]

≡ Diabetes Information

Diabetes is a health condition that affects how the body turns food into energy. Most food is broken down into glucose (sugar). When sugar increases in your bloodstream, your pancreas releases insulin. Insulin acts like a key to let the sugar into your body's cells

to use as energy. When there isn't enough insulin or when cells stop responding to insulin, too much sugar stays in your bloodstream. Over time, this can cause serious health problems such as heart disease, vision loss, and kidney disease. There is no cure for any type of diabetes.

For both types, managing weight, eating healthy food, being active, and getting enough rest can really help. Taking medicine as prescribed, getting diabetes self-management education and support, and keeping health care appointments can also reduce the negative impacts of diabetes.

Type-2 Diabetes:

Type-2 diabetes is when your body can't use the insulin it makes as well as it should. It is the most common form of diabetes in adults, and is becoming more common in children, especially overweight teens. It is estimated that one in three children born in the US after the year 2000 will develop type-2 diabetes.

Type-2 diabetes can be prevented or delayed through lifestyle changes and medical intervention, and it is treatable. Eating healthy foods in the correct amounts and exercising regularly (at least 60 minutes every day) can help children achieve or maintain a normal weight and normal blood glucose levels.

The first step is to visit a doctor who can determine if your child is overweight. A doctor can prescribe medication if appropriate and can order tests of a child's blood glucose to see if the child has diabetes or pre-diabetes (may lead to full onset type-2 diabetes).

Type-1 Diabetes:

Type-1 diabetes is when your body simply doesn't make enough insulin. Type-1 diabetes is not preventable, but it is manageable. It is an autoimmune disease that may be caused by genetic, environmental, or other factors. It is usually first diagnosed in children or young adults, but it can occur at any age.

Risk Factors:

It is recommended that students displaying or possibly experiencing the risk factors and warning signs below see a doctor to be screened for type-1 and/or type-2 diabetes:

Being overweight: The single greatest risk factor for is excess weight. In the US, almost one out of every

five children is overweight. The chances are more than double that an overweight child will develop diabetes.

Family history of diabetes: Many affected children and youth have at least one parent with diabetes or have a significant family history of the disease.

Inactivity: Being inactive further reduces the body's ability to respond to insulin.

Specific racial/ethnic groups: Native Americans, African Americans, Hispanics/Latinos, or Asian/Pacific Islanders are more prone than other ethnic groups to develop type-2 diabetes.

Age/Puberty: Type-1 diabetes usually occurs in the early years, and before reaching puberty. Type-2 diabetes is more likely to develop during or near puberty, probably because of normal rises in hormone levels that can cause insulin resistance during this stage of rapid growth and physical development.

Warning Signs and Symptoms:

There are usually warning signs when a child might have diabetes. Not everyone with diabetes develops these symptoms, and not everyone who has these symptoms necessarily has diabetes. Type-2 symptoms generally develop slowly over time. Type-1 symptoms show up quickly – in a matter of weeks or even days, and are much more severe.

- Increased hunger, even after eating
- Unexplained weight loss
- Increased thirst, dry mouth, and frequent urination
- Feeling very tired
- Blurred vision
- Slow healing of sores or cuts
- Dark velvety or ridged patches of skin, especially on the back of the neck or under the arms
- Irregular/No menstrual periods, and/or excess facial and body hair growth in girl
- High blood pressure or abnormal blood fats levels
- For type-1; Nausea, vomiting, and/or stomach pain

Parents/Guardians of children displaying warning signs should immediately consult with the student's primary care provider to determine if screening for diabetes is appropriate. Following a diabetes's diagnosis, parents/guardians should work with the primary care provider to develop a lifestyle and medical treatment plan, which may include

consultation with and examination by a specialty care provider, including, but not limited to, a properly qualified endocrinologist.

Diabetes Screening Tests:

Your doctor may have your child take one or more of the following blood tests to confirm the diagnosis:

Glycated hemoglobin (A1C) test: A blood test measures the average blood sugar level over two to three months

Random (non-fasting) blood sugar test: A blood sample is taken at a random time; this test must be confirmed with a fasting blood glucose test.

Fasting blood sugar test: A blood sample is taken after an overnight fast; a high level on two separate tests indicates diabetes.

Oral glucose tolerance test: A test measuring the fasting blood sugar level after an overnight fast with periodic testing for the next several hours after drinking a sugary liquid.

If the primary care provider thinks your child has type-1 diabetes, blood may also be tested for autoantibodies (substances that indicate the body is attacking itself) that are often present in type-1 diabetes but not in type-2. The child's urine might be tested for ketones (produced when the body burns fat for energy), which may also indicate type-1 diabetes instead of type-2 diabetes.

More information can be found on these websites: California Department of Public Health, www.cdph.ca.gov; Centers for Disease Control and Prevention, www.cdc.gov/diabetes/; American Diabetes Association, <https://diabetes.org>.

The information provided in this booklet is intended to raise awareness about this disease. Contact your child's primary care provider, school nurse, or school administrator if you have questions. [EC 49452.6, 49452.7; HSC 104250]

≡ **Fluoride Treatments**

Children are eligible for fluoride treatments through a program organized by the county health officer. Parents will get a record that the treatment was applied. The county health officer will determine how to pay for the program. Parents or a student 18 years old or more have the right to refuse this program using the form provided by the school district. This program

is not meant to replace regular professional dental care. [HSC 104830-104865]

STUDENT BEHAVIOR & SAFETY

All pupils have the right to participate fully in the educational process, free from discrimination, harassment, violence, intimidation, and bullying. Schools have an obligation to combat racism, sexism, and other forms of bias, and a responsibility to provide equal educational opportunity and ensure safe school sites.

Students are encouraged to report anything they see or hear about that might be suspicious or dangerous to a teacher or other staff member. Any staff member that receives such a report will quickly take appropriate action, and the student's identity will remain confidential.

≡ **School Rules**

You have a right to review school and district rules regarding student discipline. If you wish to do so, please contact the school office. [EC 35291, 48980, 51101]

≡ **Safe Place to Learn**

No instructional or staff development materials that would subject a student to unlawful discrimination shall be used. Any report of that material will be investigated and remediated as appropriate. It is State and District policy to improve student safety, connections between students and supportive adults, and connections between schools and communities. These policies prohibit discrimination, harassment, intimidation, and bullying at all school sites or at any school sponsored activity. School site staff trained in anti-bias shall be made known to students. When safe to do so, District employees must intervene immediately when they see discrimination, harassment, intimidation or bullying. Certificated staff in grades 7-12 get information about helping LGBTQ+ students. Information about district programs and services and links to community and statewide resources related to: suicide prevention; sex discrimination including Title IX information; hate violence; sexual harassment including the District's Policy (also included in this booklet); harassment, intimidation, and bullying; and cyber-bullying including social-media bullying are available on the District's

website at www.ouhsd.org/parents-students/pupil-support-services and online at www.cde.ca.gov, <https://calschls.org/about/the-surveys/>.

No instructional or staff development materials that would subject a student to unlawful discrimination shall be used. Any report of that material will be investigated and remediated as appropriate. The District Uniform Complaint Procedure may be used to file a complaint. Contact the District Complaint Officer(s) listed on page 33 for assistance. [EC 200, 215, 220, 221.6, 221.61, 221.8, 230, 231.5, 233, 234, 234.1, 234.4, 234.5, 234.6, 244, 48980, 66250, 66260.6, 66270; 5 CCR 4900; BP 5131.2 May 2026]

≡ Digital Communication Devices

Districts may regulate the possession or use of any cellphone, smartphone, pager or electronic signaling device, and use of social media while students are on campus, while attending school-sponsored activities, or while under the supervision and control of school district employees. Students cannot be stopped from using such a device when: there is an emergency; there is a perceived threat of danger; when a teacher or administrator has said it is acceptable; or if it is part of an individualized education program (IEP). Possession or use is allowed if essential to student's health as determined by a licensed physician or surgeon. [EC 48901.5, 48901.7, 48901.8]

≡ Dress and Grooming

The Board of Trustees believes that appropriate dress and grooming contribute to a productive learning environment. The Board expects students to wear clothing that is suitable for the school activities in which they participate. Students shall not wear clothing that presents a health or safety hazard or causes a substantial disruption to the educational program.

District and school rules pertaining to student attire shall be included in student handbooks, may be posted in school offices and classrooms, and may be periodically reviewed with all students as necessary.

Students shall not be prohibited from dressing in a manner consistent with their gender identity or gender expression or with their religious or cultural observance.

In addition, the dress code shall not discriminate

against students based on hair texture and protective hairstyles, including, but not limited to, braids, locks, and twists.

The principal or designee is authorized to enforce this policy and shall inform any student who does not reasonably conform to the dress code. The dress code shall not be enforced in a manner that discriminates against a particular viewpoint or results in a disproportionate application of the dress code based on students' gender, sexual orientation, race, ethnicity, household income, or body type or size.

School administrators, teachers, and other staff shall be notified of appropriate and equitable enforcement of the dress code.

When practical, students shall not be directed to correct a dress code violation during instructional time or in front of other students.

Repeated violations or refusal to comply with the district's dress code may result in disciplinary action.

Gang-Related Apparel

The principal, staff, and parents/guardians at a school may establish a reasonable dress code that prohibits students from wearing gang-related apparel when there is evidence of a gang presence that disrupts or threatens to disrupt the school's activities. Such a proposed dress code shall be presented to the Board, which shall approve the plan upon determining that it is necessary to protect the health and safety of the school environment. The dress code policy may be included in the school's comprehensive safety plan.

When determining specific items of clothing that may be defined as gang apparel, the school shall ensure that the determination is free from bias based on race, ethnicity, national origin, immigration status, or other protected characteristics.

Uniforms

The Board may approve a school-initiated dress code requiring students at the school to wear a school uniform whenever the Board determines that such a dress code will promote student achievement, a positive school climate, and/or student safety.

The Superintendent or designee shall establish procedures whereby parents/guardians may choose to have their children exempted from the school uniform policy. Students shall not be penalized academically,

otherwise discriminated against, or denied attendance to school if their parents/guardians so decide.

The Superintendent or designee shall ensure that resources are identified to assist economically disadvantaged students in obtaining uniforms. [BP 5132 May 2026; EC 212.1, 220, 32280-32289.5, 35183, 35183.5, 48907, 49066]

≡ Safety Beyond School

There are several topics where school districts are either required or recommended to inform parents/guardians about student safety beyond school grounds, events, or activities.

Safe Gun Storage

Guns are now the third leading cause of death for children in this country. Over 80 percent of teens who commit suicide with a gun used one that belonged to someone in their home. Anyone who reasonably knows a child might access a firearm without permission, loaded or not, is criminally liable for where that firearm is taken, brandished, or how it is used. This includes all school facilities or activities, events, and public places. More Information about gun safety and the safe storage of firearms can be found at <https://oag.ca.gov/firearms/tips>. Those responsible for access to a firearm could lose the right to own a firearm for 10 years, face fines, imprisonment, and civil liability. When there is a threat of a homicide, school staff shall notify law enforcement. [EC 48980, 48986, 49390, 49391, 49392; PC 25000-25140]

Water Safety / Drowning Danger

Drowning is a leading cause of death and hospitalizations for California children ages 1 to 4, and one of the leading causes for youth up to 19 years old. Water safety and swimming education is very effective in helping to prevent drowning. The school or district may have information about where to enroll your child(ren) in these classes. [EC 51140; HSC 115920-115929]

Use of Synthetic or Counterfeit Drugs

Use of any drugs, including synthetic drugs such as fentanyl, that are not prescribed for you by your physician are potentially very dangerous. Fentanyl accounted for more than 80 percent of the drug-related deaths among youth in California in 2021. It

is 50 times more potent than heroin, and 100 times more potent than morphine. Many counterfeit drugs are sold on the street as if they were known name-brand or generic drugs; and many of them may contain fentanyl or other dangerous synthetic drugs. Social media (i.e. TikTok, Whatsapp, Snapchat, etc.) is often the source of misinformation about synthetic drugs. [EC 48980, 48985.5]

DISCIPLINE

≡ Civility

The District believes that every person deserves to be treated with dignity and respect in their interactions within our School Community. Civility has an impact on effective operations and on the creation of a safe and positive school climate for everyone.

While respecting every individual's right to free speech, that right does not allow for disruption of school classes, activities, meetings, or other events. Students, staff, parents, guardians, and the community are expected to be polite, courteous, respectful, and behave reasonably at all school or district activities and events. Practices that promote civil behavior include, but are not limited to, actively listening, giving full attention, not interrupting, welcoming and encouraging participation by everyone. Civility is hindered by disruptive behavior or speech, violence or the threat of violence, or harassment or bullying of any kind; these behaviors are prohibited and are subject to discipline according to law and District policies. [BP 1313 May 2026; EC 32210- 32212, 44050, 44807, 44810, 44811, 48900 et seq, 48950; CC 51.7, 1708.9; GC 54954.3, 54957.9; PC 415.5, 422.6, 627.4, 627.7]

≡ Parent Responsibility

Parents or guardians are liable for all the damages caused by the willful misconduct of their minor children that result in death or injury to other students, school personnel, or damage to school property. Parents are also liable for any school property loaned to the student and willfully not returned. Parents' or guardians' liability may be as much as \$26,000 in damages and another maximum of \$14,300 as adjusted annually by the California Department of Education for payment of a reward, if any. With a few exceptions, the school district may withhold the grades, diplomas, or transcripts of the student responsible until such damages are paid or the

property returned or until completion of a voluntary work program in lieu of payment of money. If your child commits an obscene act or engages in habitual profanity or vulgarity, disrupts school activities, or otherwise willfully defies the authority of school personnel, and is suspended for such misconduct, you may be required to attend a portion of a school day in your child's classroom. Civil penalties may also be enforced with fines up to \$25,000. [EC 19911, 48900.1, 48904, 51101; CC 1714.1; GC 53069.5]

Vandalism

Graffiti and scratching glass or other material on someone else's property is considered vandalism. Those convicted face fines, imprisonment and the requirement to clean up the damage or perform community service. Parents/Guardians may be liable to pay fines as high as \$10,000 and be required to participate in the clean-up. [PC 594-594.8]

Impersonation on the Internet

Pretending to be another pupil or real person other than yourself on the Internet or through other electronic methods to harm, intimidate, threaten or defraud is punishable by a \$1,000 fine or imprisonment for up to one year. [PC 528.5]

Possession of Drugs, Alcohol, or Tobacco

Possession or use of illicit drugs (including cannabis), alcohol, or any tobacco product on District premises or at any District activity is strictly prohibited.

A student in possession or under the influence of marijuana (cannabis), concentrated cannabis, or any synthetic cannabinoid is subject to suspension or expulsion. A student under 18 also faces up to forty (40) hours of community service, ten (10) hours of drug education, and sixty (60) hours of counseling; a student 18 or older can be imprisoned for up to six (6) months and/or be fined up to \$1,000. It is illegal for anyone under 21 to possess cannabis or synthetic cannabis.

Except for members of the military, possession of tobacco by anyone under 21 is illegal and can lead to a \$75 fine or thirty (30) hours of community service. Possession of approved tobacco cessation aids is not prohibited. A "tobacco product" is any product made or derived from tobacco or nicotine that is intended for human consumption, including an electronic

device that delivers nicotine (commonly known as "e-cigarettes" or "vaping"). [EC 48900, 48901; HSC 11357, 11357.5, 11361, 11362.1, 11362.3, 104495, 104559; PC 308; VC 13202.5; BPC 22950.5, 25608; 20 USC 812]

Grounds for Suspension or Expulsion

A pupil shall not be suspended from school or recommended for expulsion, unless the superintendent of the school district or the principal of the school in which the pupil is enrolled determines that the pupil has committed an act as defined pursuant to any of subdivision (a) to (r), inclusive:

- (a) (1) Caused, attempted to cause, or threatened to cause physical injury to another person.
- (2) Willfully used force or violence upon the person of another, except in self-defense.
- (b) Possessed, sold, or otherwise furnished a firearm, knife, explosive, or other dangerous object, unless, in the case of possession of an object of this type, the pupil had obtained written permission to possess the item from a certificated school employee, which is concurred in by the principal or the designee of the principal.
- (c) (1) Unlawfully possessed, used, sold, or otherwise furnished, or been under the influence of, a controlled substance listed in Chapter 2 (commencing with Section 11053) of Division 10 of the Health and Safety Code, an alcoholic beverage, or an intoxicant of any kind.
- (2) Pupils who voluntarily disclose their use of a controlled substance, alcohol, or an intoxicant of any kind in order to seek help through services or supports shall not be suspended solely for that disclosure.
- (d) Unlawfully offered, arranged, or negotiated to sell a controlled substance listed in Chapter 2 (commencing with Section 11053) of Division 10 of the Health and Safety Code, an alcoholic beverage, or an intoxicant of any kind, and either sold, delivered, or otherwise furnished to a person another liquid, substance, or material and represented the liquid, substance, or material as a controlled substance, alcoholic beverage, or intoxicant.
- (e) Committed or attempted to commit robbery or extortion.

- (f) Caused or attempted to cause damage to school property or private property.
- (g) Stole or attempted to steal school property or private property.
- (h) (1) Possessed or used tobacco, or products containing tobacco or nicotine products, including, but not limited to, cigarettes, cigars, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets, and betel. However, this section does not prohibit the use or possession by a pupil of the pupil's own prescription products.
- (2) Pupils who voluntarily disclose their use of a tobacco product in order to seek help through services or supports shall not be suspended solely for that disclosure.
- (i) Committed an obscene act or engaged in habitual profanity or vulgarity.
- (j) Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell drug paraphernalia, as defined in Section 11014.5 of the Health and Safety Code.
- (k) (1) Disrupted school activities or otherwise willfully defied the valid authority of supervisors, teachers, administrators, school officials, or other school personnel engaged in the performance of their duties.
- (2) Except as provided in Section 48910, a pupil enrolled in kindergarten or any of grades 1 to 5, inclusive, shall not be suspended for any of the acts specified in paragraph (1), and those acts shall not constitute grounds for a pupil enrolled in kindergarten or any of grades 1 to 12, inclusive, to be recommended for expulsion.
- (3) Except as provided in Section 48910, a pupil enrolled in any of grades 6 to 8, inclusive, shall not be suspended for any of the acts specified in paragraph (1). This paragraph is inoperative on July 1, 2029.
- (4) Except as provided in Section 48910, commencing July 1, 2024, a pupil enrolled in any of grades 9 to 12, inclusive, shall not be suspended for any of the acts specified in paragraph (1). This paragraph is inoperative on July 1, 2029.
- (5) (A) A certificated or classified employee may refer a pupil to school administrators for appropriate and timely in-school interventions or supports from the list of other means of correction specified in subdivision (b) of Section 48900.5 for any of the acts enumerated in paragraph (1).
- (B) A school administrator shall, within five business days, document the actions taken pursuant to subparagraph (A) and place that documentation in the pupil's record to be available for access, to the extent permissible under state and federal law, pursuant to Section 49069.7. The school administrator shall, by the end of the fifth business day, also inform the referring certificated or classified employee, verbally or in writing, what actions were taken and, if none, the rationale used for not providing any appropriate or timely in-school interventions or supports.
- (l) Knowingly received stolen school property or private property.
- (m) Possessed an imitation firearm. As used in this section, "imitation firearm" means a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.
- (n) Committed or attempted to commit a sexual assault as defined in Section 261, 266c, 286, 287, 288, or 289 of, or former Section 288a of, the Penal Code or committed a sexual battery as defined in Section 243.4 of the Penal Code.
- (o) Harassed, threatened, or intimidated a pupil who is a complaining witness or a witness in a school disciplinary proceeding for purposes of either preventing that pupil from being a witness or retaliating against that pupil for being a witness, or both.
- (p) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.
- (q) Engaged in, or attempted to engage in, hazing. For purposes of this subdivision, "hazing" means a method of initiation or preinitiation into a pupil organization or body, whether or not the organization or body is officially recognized by an educational institution, that is likely to cause

serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective pupil. For purposes of this subdivision, “hazing” does not include athletic events or school-sanctioned events.

(r) Engaged in an act of bullying. For purposes of this subdivision, the following terms have the following meanings:

(1) “Bullying” means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a pupil or group of pupils as defined in Section 48900.2, 48900.3, or 48900.4, directed toward one or more pupils that has or can be reasonably predicted to have the effect of one or more of the following:

into custody as a victim of suspected child abuse. In those cases, the peace officer will notify the parent or guardian. [EC 48906; PC 11165.6]

PROTECTIONS, COMPLAINTS AND PROCEDURES

The District is primarily responsible for compliance with local, state, and federal laws and regulations; has policies and procedures to address allegations of unlawful discrimination, harassment, intimidation, bullying, and complaints alleging violation of laws governing educational programs, activities, and pupil fees. Employees, students, parents or guardians, school and district advisory committee members, appropriate private school officials and other interested parties are advised of the district policies and how to file a complaint if they so desire.

≡ Non-Discrimination / Harassment

This policy shall apply to all acts constituting unlawful discrimination or harassment related to school activity or to school attendance occurring within a district school, to acts which occur off campus or outside of school-related or school-sponsored activities but which may have an impact or create a hostile environment at school, and to all acts of the Board of Trustees and the Superintendent in enacting policies and procedures that govern the district.

The Board desires to provide a welcoming, safe, and supportive school environment that allows all students equal access to and opportunities in the district's academic, extracurricular, and other educational support programs, services, and activities. The Board prohibits, at any district school or school activity, unlawful discrimination, including discriminatory harassment, intimidation, and bullying, of any student by anyone, based on the student's actual or perceived race; color; ancestry; nationality; national origin; immigration status; ethnic group identification; ethnicity; age; religion; pregnancy, childbirth, termination of pregnancy or lactation, including related medical conditions or recovery; parental, marital, and family status; physical or mental disability; medical condition; sex; sex stereotypes; sex characteristics; sexual orientation; gender; gender identity; gender expression; or genetic information; or, association with a person or group with one or more of these actual or perceived characteristics.

Unlawful discrimination, including discriminatory harassment, intimidation, or bullying, may result from physical, verbal, nonverbal, or written conduct based on any of the categories listed above. Unlawful discrimination also occurs when prohibited conduct is so severe, persistent, or pervasive that it affects a student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; has the effect of substantially or unreasonably interfering with a student's academic performance; or otherwise adversely affects a student's educational opportunities.

Unlawful discrimination also includes disparate treatment of students based on one of the categories above with respect to the provision of opportunities to participate in school programs or activities or the provision or receipt of educational benefits or services.

Because unlawful discrimination could occur when disciplining students, including suspension and expulsion, the Superintendent or designee shall ensure that staff enforce discipline rules fairly, consistently and in a non-discriminatory manner, as specified in Board Policy and Administrative Regulation 5144 - Discipline, Board Policy and Administrative Regulation 5144.1 - Suspension and Expulsion/Due Process, and Administrative Regulation 5144.2 - Suspension and Expulsion/Due Process (Students With Disabilities).

The Board also prohibits any form of retaliation against any individual who reports or participates in the reporting of unlawful discrimination, files or participates in the filing of a complaint, or investigates, participates, or refuses to participate in the investigation of a complaint or report alleging unlawful discrimination. Retaliation complaints shall be investigated and resolved in the same manner as a discrimination complaint.

The Superintendent or designee shall facilitate students' access to the educational program by publicizing the district's nondiscrimination policy and related complaint procedures to students, parents/guardians, and employees. In addition, the Superintendent or designee shall post the district's policies prohibiting discrimination, harassment, intimidation, and bullying and other required information on the district's website in a manner that is easily accessible to parents/guardians and students,

in accordance with law and the accompanying administrative regulation.

The Superintendent or designee shall provide training and/or information on the scope and use of the policy and complaint procedures and take other measures designed to increase the school community's understanding of the requirements of law related to discrimination. The Superintendent or designee shall regularly review the implementation of the district's nondiscrimination policies and practices and, as necessary, shall take action to remove any identified barrier to student access to or participation in the district's educational program. The Superintendent or designee shall report the findings and recommendations to the Board after each review.

Regardless of whether a complainant complies with the writing, timeline, and/or other formal filing requirements, all complaints alleging unlawful discrimination, including discriminatory harassment, intimidation, or bullying, shall be investigated and prompt action taken to stop the discrimination, prevent recurrence, and address any continuing effect on students.

Students who engage in unlawful discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, in violation of law, Board policy, or administrative regulation shall be subject to appropriate consequence or discipline, which may include suspension or expulsion when the behavior is severe or pervasive as defined in Education Code 48900.4. Any employee who permits or engages in prohibited discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, shall be subject to disciplinary action, up to and including dismissal.

When a student has been suspended, or other means of correction have been implemented against the student for an incident of racist bullying, harassment, or intimidation, the principal or designee shall engage both the victim and perpetrator in a restorative justice practice suitable to the needs of the students. The principal or designee shall also require the perpetrator to engage in a culturally sensitive program that promotes racial justice and equity and combats racism and ignorance and shall regularly check on the victim to ensure that the victim is not in danger of suffering from any long-lasting mental health issues.

When appropriate based on the severity or pervasiveness of the bullying, the Superintendent or designee shall notify the parents/guardians of victims and perpetrators and may contact law enforcement.

Allegations of unlawful discrimination in district programs and activities shall be brought, investigated, and resolved in accordance with Board Policy 1312.3 - Uniform Complaint Procedures, when required by law. However, complaints alleging sex discrimination, including sex-based harassment, under Title IX shall be investigated and resolved in accordance with the procedures specified in 34 CFR 106.44 and 106.45 and Administrative Regulation 5145.71 - Title IX Sex Discrimination and Sex-Based Harassment Complaint Procedures.

Record-Keeping

The Superintendent or designee shall maintain a record of all reported cases of unlawful discrimination, including discriminatory harassment, intimidation, or bullying, to enable the district to monitor, address, and prevent repetitive prohibited behavior in district schools. The Governing Board is committed to maintaining a welcoming, safe, and supportive school environment that is free from discrimination and harassment. The Board prohibits at school or at school-sponsored or school-related activities, sex discrimination and sex-based harassment, as defined in the accompanying administrative regulation, targeted at any student, based on the student's actual or perceived sex; sex stereotypes; sex characteristics; sexual orientation; gender; gender identity; gender expression; pregnancy, childbirth, termination of pregnancy or lactation, including related medical conditions or recovery; and, parental, marital, and family status.

Additionally, the Board prohibits retaliatory behavior or action against any person who complains or testifies about conduct that reasonably may

constitute sex discrimination, including sex-based harassment, reports such conduct, or otherwise participates or refuses to participate in the complaint process established for the purpose of this policy.

The district strongly encourages students who feel that they are being or have experienced sex discrimination, including sex-based harassment, on school grounds or at a school-sponsored or school-related activity, or off-campus when the conduct has a continuing effect on campus, to immediately contact their teacher, the principal, the district's Title IX Coordinator, or any other available school employee.

Any employee who receives a report or observes an incident of sex discrimination, including sex-based harassment, by or against a student in a district education program or activity shall report the incident to the Title IX Coordinator within one workday.

Once notified, the Title IX Coordinator shall ensure the complaint or allegation is addressed through Administrative Regulation 5145.71 – Title IX Sex Discrimination and Sex-Based Harassment Complaint Procedures.

The Title IX Coordinator shall offer and coordinate supportive measures to be provided to the complainant and, if the district has begun grievance procedures or offered an informal resolution process to the respondent, offer and coordinate supportive measures to be provided to the respondent as deemed appropriate under the circumstances.

The Superintendent or designee shall ensure that all district staff are trained regarding the district's sex discrimination and sex-based harassment policy, and that all employees receive training related to their duties under Title IX as specified in Administrative Regulation 4119.11/4219.11/4319.11 – Sex Discrimination and Sex-Based Harassment.

5. A clear message that, regardless of a complainant's noncompliance with the writing, timeline, or other formal filing requirements, every sex discrimination and sex-based harassment allegation that involves a student, whether as the complainant, respondent, or victim of the discrimination or harassment, shall be investigated and action shall be taken to respond to harassment, prevent recurrence, and address any continuing effect on students;
6. Information about the district's procedures for investigating complaints and the person(s) to whom a report of sex discrimination and/or sex-based harassment should be made;

student found to have engaged in sex discrimination, and/or sex-based harassment or sexual violence, in violation of this policy, shall be subject to disciplinary action.
