613 GRADUATION REQUIREMENTS

I. PURPOSE

The purpose of this policy is to set forth requirements for graduation from the school district.

II. GENERAL STATEMENT OF POLICY

The policy of the school district is that all students must demonstrate, as determined by the school district, their satisfactory completion of the credit requirements and their understanding of academic standards. The school district must adopt graduation requirements that meet or exceed state graduation requirements established in law or rule.

III. DEFINITIONS

A. "Credit" means a student's successful completion of an academic year of study or a student's mastery of the applicable subject matter, as determined by the school district.

B. "Individualized Education Program" or "IEP" means a written statement developed for a student eligible by law for special education and services.

C. "Required standard" means a statewide adopted expectation for student learning in the content areas of language arts, mathematics, science, social studies, physical education, health and the arts. Locally developed academic standards in health apply until statewide rules implementing statewide health standards under Minnesota Statutes, section 120B.021, subdivision 3, are required to be implemented in the classroom.

D. "Section 504 Accommodation" means the defined appropriate accommodations or modifications that must be made in the school environment to address the needs of an individual student with disabilities.

IV. DISTRICT ASSESSMENT COORDINATOR

The Assistant Superintendent of Teaching and Learning shall be named the District Assessment Coordinator and shall be in charge of all test procedures and shall bring recommendations to the school board annually for approval.

V. ASSESSMENT GRADUATION REQUIREMENTS

A. Graduation Requirements

Students' state graduation requirements, based on a longitudinal, systematic approach to student education and career planning, assessment, instructional support and evaluation, include the following:

1. Achievement and career and college readiness in mathematics, reading and writing, consistent with Minnesota Statutes, section 120B.307, subdivision 4, paragraph (d), and to the extent available, to monitor students' continuous development of and growth in requisite knowledge and skills; analyze students' progress and performance levels, identifying students' academic strengths and diagnosing areas where students require curriculum or instructional adjustments, targeted interventions or remediation; and, based on analysis of students' progress and performance data, determination of student's learning and instructional needs and the instructional tools and best practices that support academic rigor for the student; and

2. Consistent with this paragraph and Minnesota Statutes, section 120B.125, age-appropriate exploration and planning activities and career assessments to encourage students to identify personally relevant career interests and aptitudes and help students and their families develop a regularly reexamined transition plan for postsecondary education or employment without need for postsecondary remediation.

3. Based on appropriate state guidelines, students with an IEP may satisfy state graduation requirements by achieving an individual score on the state-identified alternative assessments.

B. Targeted Instruction Plan

1. A student under Subparagraph V.A.1. above must receive targeted, relevant, academically rigorous and resourced instruction, which may include a targeted instruction and intervention plan focused on improving the student's knowledge and skills in core subjects so that the student has a reasonable chance to succeed in a career or college without need for postsecondary remediation.

2. Consistent with Minnesota Statutes, section 120B.13, 120B.30, 124D.09, 124D.091, 124D.49 and related sections, an enrolling school or district must actively encourage a student in grade 11 or 12 who is identified as academically ready for a career or college to participate in courses and programs awarding college credit to high school students. Students are not required to achieve a specified score or level of proficiency on an

assessment under this subdivision to graduate from high school.

3. As appropriate, students through grade 12 may continue to participate in targeted instruction, intervention or remediation and be encouraged to participate in courses awarding college credit to high school students.

C. A student's progress toward career and college readiness must be recorded on the student's high school transcript.

VI. GRADUATION CREDIT REQUIREMENTS

Students must successfully complete, as determined by the school district, the following high school level credits for graduation:

A. Credit Requirements

1. Four credits of language arts sufficient to satisfy all academic standards in English language arts;

2. Three credits of mathematics sufficient to satisfy all of the academic standards in mathematics;

3. Three credits of science, including one credit to satisfy all the earth and space science standards for grades 9 through 12, one credit to satisfy all the life science standards for grades 9 through 12 and one credit to satisfy all the chemistry or physics standards for grades 9 through 12;

4. Three and one-half credits of social studies, encompassing at least United States history, geography, government and citizenship in either grade 11 or 12 for students beginning in grade 9 in the 2025-2026 school year and later or an advanced placement, international baccalaureate or other rigorous course on government and citizenship under Minnesota Statutes, section 120B.21, subdivision 1a and a combination of other credit encompassing at least United States history, geography, government and citizenship, world history and economics sufficient to satisfy all of the academic standards in social studies;

5. One credit in the arts sufficient to satisfy all of the state academic standards in the arts;

6. Credit sufficient to satisfy the state standards in physical education and health (.5 PE, .5 Health); and

7. 14.5 elective credits.

8. Students who begin grade 9 in the 2024-2025 school year and later must successfully complete the personal finance requirement.

B. Credit equivalencies

1. A one-half credit of economics taught in a school's agricultural, food and natural resources education or business education program or department may fulfill a one-half credit in social studies under Paragraph A.4. above, if the credit is sufficient to satisfy all of the academic standards in economics.

2. An agriculture science or career and technical education credit may fulfill the elective science credit required under Paragraph A.3. above, if the credit meets the state physical science, life science, earth and space science, chemistry or physics academic standards or a combination of these academic standards as approved by the school district. An agriculture or career and technical education credit may fulfill the credit in chemistry or physics required under Paragraph A.3. above, if the credit meets the state chemistry or physics academic standards as approved by the school district. A student must satisfy either all of the chemistry academic standards or all of the physics academic standards prior to graduation. An agriculture science or career and technical education credit may not fulfill the required biology credit under Paragraph A.3. above.

3. A career and technical education credit may fulfill a mathematics or arts credit requirement under Paragraph A.2. or Paragraph A.5. above.

4. A computer science credit may fulfill a mathematics credit requirement under Paragraph A.2., above, if the credit meets state academic standards in mathematics.

5. A Project Lead the Way credit may fulfill a mathematics or science credit requirement under Paragraph A.2. or Paragraph A.3., above, if the credit meets the state academic standards in mathematics or science.

6. An ethnic studies course may fulfill a social studies, language arts, arts, math or science credit if the course meets the applicable state academic standards. An ethnic studies course may fulfill an elective credit if the course meets applicable local standards or other requirements.

VII. GRADUATION STANDARDS REQUIREMENTS

A. All students must demonstrate their understanding of the following academic

standards:

1. School District Standards, Health (K-12);

2. School District Standards, Career and Technical Education (K-12); and

3. School District Standards, World Languages (K-12).

B. Academic standards in health, world languages and career and technical education will be reviewed on a consistent basis. A school district must use the current world languages standards developed by the American Council on the Teaching of Foreign Languages.

C. All students must satisfactorily complete the following required Academic Standards in accordance with the standards developed by the Minnesota Department of Education (MDE):

1. Minnesota Academic Standards, English Language Arts K-12;

2. Minnesota Academic Standards, Mathematics K-12;

3. Minnesota Academic Standards, Science K-12;

4. Minnesota Academic Standards, Social Studies K-12; and

5. Minnesota Academic Standards, Physical Education K-12.

D. A district must use the state art standards and benchmarks.

E. The academic standards for language arts, mathematics and science apply to all students except the very few students with extreme cognitive or physical impairments for whom an IEP team has determined that the required academic standards are inappropriate. An IEP team that makes this determination must establish alternative standards.

VIII. EARLY GRADUATION

Students may be considered for early graduation, as provided for within Minnesota Statutes, section 120B.07, upon meeting the following conditions:

A. All course or standards and credit requirements must be met;

B. The principal or designee shall conduct an interview with the student and parent or guardian, familiarize the parties with opportunities available in post-secondary

education and arrive at a timely decision; and

C. The principal's decision shall be in writing and may be subject to review by the superintendent and school board.

IX. HIGH SCHOOL DIPLOMA FOR VETERANS

A. Diploma

The school district must, upon a request under Paragraph B. below, issue a high school diploma to a veteran as defined in Minnesota Statutes, section 197.447 who was unable to complete their high school education for reasons related or unrelated to their military service and who served:

1. during the Korean Conflict; or

2. during the Vietnam War.

B. Request

A veteran may request a diploma on their own behalf, or a family member may make a posthumous request on behalf of a deceased veteran or service member. The high school diploma is awarded based on the veteran's knowledge and experience gained while in service or the veteran's other relevant lived experience. The school district may require the veteran or veteran's requestor to provide evidence that the veteran was a Minnesota public school student or is a current Minnesota resident.

C. No Report Required

The school district is not required to report on diplomas issued under Minnesota Statutes, section 127A.135.

D. Assistance

The Minnesota Department of Veterans Affairs and county veteran service officers may provide assistance to districts fulfilling diploma requests, including but not limited to verification of discharge paperwork.
