Activities Department Overview

South St. Paul Public School District offers a comprehensive interscholastic activities program designed to meet the interests of the students. This program is an opportunity and a privilege afforded to students in the South St. Paul School District.

A function of the activities program is to promote lifelong personal growth and development. Student participation in activities can encourage individual development by providing opportunities for leadership, sportsmanship, fellowship, teamwork, commitment to goal achievement, character building, communication skills, and school pride.

Through their involvement in the activities program, students are expected to improve their decision making processes, develop self discipline and self esteem, respect individual differences, and provide a healthy attitude toward addressing challenges.

Opportunities for participation are offered on a seasonal basis, additional activities may become available throughout the school year. Many groups/teams are open to all students; others have try-outs or special requirements.

The activities program will provide a well rounded, professionally directed and supervised program at all levels. The program shall operate primarily for the benefit of the students who participate directly or vicariously in these activities, although the importance of public fan and spectator support is also recognized and appreciated.

Participation in activities is a privilege for those students who meet the standards of eligibility adopted by the school district, conference and state associations.

Mission Statement

The mission of the South St. Paul Activities program is to promote healthy youth development through programs that encourage participation, healthy lifestyles, development of positive attitudes and skills, and a sense of accomplishment. Consistent with the mission of the activities program, the Board of Education believes that co-curricular activities can be a vital educational experience and can contribute to healthy youth development.

Belief Statements

We believe that....

- Participation in school activities is a privilege and not a right.
- Sportsmanship needs to have a constant presence in all school-based activity programs.
- Students should have an equal opportunity to participate in all activities offered by their school.
- Ethical behavior, dignity and respect are non-negotiable.
- Student participants who choose to be chemically free need to be supported.
- Collaborative relationships with parents enhance a school's opportunity to positively impact student success.
- Academic priorities must come before participation in athletic and fine arts activities.
- The success of the team is more important than individual honors.
- Compliance with school, community and league rules is essential for all activity participants.
- Ethical behavior, fairness, and embracing diversity best serve students and the school communities.
- Programs should develop self concept, self discipline, cooperative spirit, leadership potential, citizenship, and character of the participants.
- Programs should promote and develop the physical, mental and psychological attitudes of the participants.
- Programs should provide the students and the community with the opportunity to develop pride in themselves and their school.
- The programs should provide students with the opportunity to have fun, learn through competition, learn to respect the other participants, and abide by the codes of the activity.

Our Department's Philosophy

We will provide a diverse range of opportunities for young men and women under the competent leadership of well qualified coaches and advisors.

We wish to nurture, together with the community, our valued tradition of success by continually striving for excellence.

We shall make every attempt to give each student who desires to participate an opportunity. In certain activities, participation is limited and tryouts are held. Coaches and advisors are expected to explain their policies at the beginning of the season.

In activities that have levels of competition such as Sixth, Seventh, Eighth, Ninth, B-Squad (sophomore), Junior Varsity, and Varsity; we will follow these general guidelines:

Sixth, Seventh, and Eighth

All students showing interest are given an opportunity to try out for a team. Emphasis is placed on fundamental skill development.

Ninth, B-Squad or Junior Varsity

Participation is valued; however, development of individual participants for varsity level competition is of equal importance.

Varsity

Participation may be limited and is generally reserved for students in grades nine through twelve. Participation in these programs is based on the decisions of the coaching staff or advisor and are made with the competitiveness of the team in mind. On a case by case basis, students in grades seven and eight will receive consideration.

First Violation Penalty

The student shall lose eligibility for the next two consecutive interscholastic contests or two weeks, 14 calendar days, whichever is greater, of a season in which the student is a participant.

Second Violation Penalty

The student shall lose eligibility for the next six consecutive interscholastic contests or three weeks, 21 calendar days, whichever is greater, in which the student is a participant.

Third or Subsequent Violation Penalty

The student shall lose eligibility for the next 12 consecutive interscholastic contests or four weeks, 28 calendar days, whichever is greater, in which the student is a participant.

- The student is assessed as chemically dependent,
- Enters treatment voluntarily, and
- The director of the treatment center certifies that the student has successfully completed the treatment program.
- The treatment option cannot be used for the first or second violation. Successful completion of a chemical dependency treatment program will satisfy only the most recent violation. Any other violations for which the penalty has not been satisfied must still be served in full.

Applying the Penalty

1. Penalties shall be progressive beginning with the student's first violation and continuing throughout the student's high school career. Penalties shall be served consecutively.
2. Violation Confirmation Definition: The violation shall be confirmed when the administrator responsible for the athletics/activities program has informed the student that the student has violated a bylaw and is now under the penalty. The notification shall be verbal and also in writing.
3. Counting Weeks:
 - The weeks shall begin on the date that the violation is confirmed by the school administrator and extend for the required number of calendar days.
 - For the purpose of this bylaw, a week is seven calendar days. The week starts the date the violation is confirmed and the student/student's parents or guardians are notified.
 - At the beginning of the season, practice and conditioning weeks are counted.
 - The student must participate in and complete the entire season in which the penalty has been applied for the penalty to count. As examples: a student cannot begin participation in a program at the start of the season, serve the penalty and then quit after the suspension has been served; nor can a student join a program after the season has begun, and serve the penalty.
4. A student who is under penalty for a violation of a League bylaw may not join a second sport in the same season in order to fulfill a penalty.

5. Practices, jamborees, inter-school scrimmages and previews are not interscholastic contests and may not be counted, however, the student is eligible to participate.
6. A student who participates in both Category I and Category II activities shall serve the penalty prescribed for that violation in both Category I and Category II activities in which the student participates.
7. Denial Disqualification: A student shall be disqualified from all inter-scholastic athletics for nine additional weeks beyond the student's original period of ineligibility when the student denies violation of the rule is allowed to participate and then is subsequently found guilty of the violation.

Activities Department Policies

Participation

A student may participate in more than one activity per season. Participation in more than one activity per season requires the approval of the all coaches or advisors involved.

Lettering

Special School District #6 and South Saint Paul Secondary School value student accomplishments. Students will be recognized in our community for outstanding effort, positive contributions, and exemplary achievement. Students at South Saint Paul have the opportunity to earn a varsity letter in the arts, academics, service, and athletics. Earning a letter is a significant accomplishment! South Saint Paul Secondary School reserves the right for Head Coaches and Advisors to determine specific lettering policies for their activity. Coaches and Advisors will develop and communicate baseline expectations that incorporate, but are not limited to, the following components: academics, behavior, participation, and citizenship/community service. These requirements must be given in writing to all team members and their parents and explained fully at the start of the season. Athletics, Arts, and Activities programs can award varsity letters if they are sanctioned and recognized competitions by the MSHSL, Metro East Conference, or similar governing body with regulatory, governing control over competition of individuals or teams representing South Saint Paul (i.e. MN Adapted Athletics Association, MN High School Bowling League). Any other South Saint Paul club or activity that wishes to award letters must request a review by the Activities Director two weeks prior to the start of their season.

Dropping or Transferring Activities

On occasion, a participant may find it necessary to drop an activity for good reason. In this case, the following procedure shall be followed: (1) Consult with your immediate coach or advisor, (2) Report your situation to the Activities Office, (3) Check in all equipment issued to you. If a participant wishes to change activities during a season, or after having won an award in one activity and he or she wishes to change activities, he or she shall consult with the coach or advisor concerned and the Activities Office. This procedure assures a smooth transfer which is in the best interest of the student.

Attendance

Students who miss part of the school day due to illness must be in attendance by 9:57am in order to participate in a contest or practice on that day. Students missing school for reasons other than illness must have an excused absence in order to participate. A parent or guardian signed note from home (due to illness) is not an excused absence.

Any student that is marked with an unexcused absence is not be able to practice or play in a game once the unexcused absence is verified. Students that also have multiple tardies in a day will be withheld from participation as well.

Students that have earned a detention for an unexcused absence or multiple tardies will need to fulfill their detention obligations before they are able to participate in their after-school activity.

Students who are in attendance at the start of the school day will not be allowed to participate in any extra-curricular activities if the student leaves school due to personal illness.

Final authority for infractions of this rule will rest with the overseeing administration. Examples of excused absences: doctor excused, family emergency, death in family, school authorized absences (i.e. field trips, college visits, etc...), religious release and family vacations.

Equipment

School equipment checked out by the student participant is his or her responsibility. He or she is expected to keep it clean and in good condition. Loss of any equipment is the participant's and/or the participant's parent or legal guardian's financial obligation.

Missing Practice

A participant should always consult his or her coach or advisor before missing a practice or contest. Missing a practice or contest without good reason will be dealt with severely. Missing practice for academic reasons is an excused absence as long as the student notifies the coach or advisor in advance. At the discretion of the coach or advisor, excused absences may affect participation if the safety of the student or other participants is compromised.

Travel

All participants must complete and sign the School District's Transportation Agreement Form prior to participation. Participants must travel to and from out-of-town contests in transportation provided by the school unless prior arrangements are made by the parents or legal guardians for exceptional situations. Participants will only be permitted to leave out-of-town contest or events with their parents or legal guardians if a signed parent or guardian note is turned in to the Activities Office by noon of the day of the event. If the event is on a Saturday, the deadline will be Friday at noon. A duplicate copy will be forwarded to the coach or advisor.

Participants will remain with their squad and under the supervision of the coach or advisor when attending away contests. Participants who do not ride on the team bus will not be allowed to participate in the contest unless there are extenuating circumstances as determined by the overseeing administration. All regular school bus rules will be followed.

Early Dismissal

In situations that require a team that needs to be excused from school, the coach or advisor will work with the school administration on setting a release time that has the least negative impact on academic class time and provides adequate warm-up preparation for competition.

Release from Class

While we do not encourage students to be excused from class for student activities, situations do arise where it is unavoidable. It is the responsibility of the participant to see their teacher the day before they miss class because of a contest. All work shall be made up at the convenience of the teacher.

Grooming and Dress Policy

A member of a team is expected to be well-groomed as established and defined by the coach or advisor of the individual activity.

Multiple Activities

An individual student who attempts to participate in several activities will undoubtedly experience a conflict of obligations. The Activities Department recognizes that each student should have the opportunity for a broad range of experiences in the area of activities, and to this end will attempt to schedule events in a manner to minimize conflicts. Students have a responsibility to do everything they can to avoid continuous conflicts. This would include being cautious about belonging to too many activities where conflicts are bound to happen. It also means notifying the coaches or advisors involved immediately when a conflict does arise.

When a conflict arises, the coaches or advisors will work out a solution so the student does not feel caught in the middle. If a solution cannot be found, the overseeing administration will make the decision based on the following: (1) the relative importance of each event, (2) the importance

of each event to the student, (3) the relative contribution the student can make, (4) how long each event has been scheduled, (5) talk with parents.

Once the decision has been made and the student has followed that decision, he or she will not be penalized by any coach and/or advisor. If it becomes obvious that a student cannot fulfill the obligation of a school activity, he or she should withdraw from the activity.

Vacation Policy

Vacations by the participants during an activity season are discouraged. Parents or guardians and participants wishing to do so may wish to reassess their commitment to being a participant. In the event of an absence due to a vacation is unavoidable, a participant must: (1) be accompanied by his or her parents or guardians while on vacation, (2) contact the coach or advisor prior to the vacation, (3) be willing to assume the consequences related to their status in that activity.

Communication

Communication is an essential part of any successful co-curricular program. To facilitate quality communication, each program will host a pre-season parent meeting. During this meeting, the following information will be shared with those in attendance:

1. Introduction of staff
2. Explanation of policies and rules for the given activity, by the coach or advisor. This is done with a handout and will include the programs specific information related to lettering, attendance, etc.
3. A calendar of the upcoming season including games, practices, and special events.
4. A review of the MSHSL forms and the rules relating to the participation in the program.

The pre-season parent meeting also provides an opportunity for all participants and their parents to have any questions answered relative to the administration of a program.

Conflict Resolution

Due to the nature of the programs we facilitate through our department, there are times when conflict will take place between the individuals involved. We encourage an open line of communication between the school, students, parents, coaches, and advisors. All coaches and advisors are required to have a pre-season meeting to explain rules and policies to the participants and their parents. If questions arise, we ask that the student or parent first contact the coach or advisor.

In order to resolve expressions of difference that often occur in activities, an orderly communication procedure has been developed.

Conflicts should not be addressed during or immediately following an event. The contest site, practice site, school lobby, or locker rooms are not appropriate places to resolve conflict. Most conflicts are better resolved after an appropriate cooling down period. If you have a concern, please call or arrange for a meeting on the following work day.

The following steps will be taken in order for the conflict to be resolved:

- **First Action:**
The student-athlete should talk directly to the coach or coaches themselves- this is a valuable part of the learning, development, and maturing process. This step may not apply in all situations depending on the nature of the conflict.

If the problem is not resolved...

- **Second Action**
A meeting between the participant, the coach or advisor, and/or the parents should be called. This meeting can be initiated by the participant, the parents, the coach or advisor, but does not have to involve all of these parties.
- **Third Action:**
If any party still feels that the conflict is unresolved, a meeting between the parents, the coach or advisor, and the Activities Director may be called. The participant need not be present. An individual meeting to gain the perspective of the participant may be solicited. Notes of the meeting will be kept by the Activities Director. The Activities Director will send out a list of findings and recommendations to those involved no later than one week after the meeting. A copy of all communications will be given to the High School or Middle School Principal.
- **Fourth Action:**
The matter can be referred to the High School or Middle School Principal if a conflict still exists.
