K–6 Late Work/Remediation Policy

Kindergarten: All late work is accepted up until the Thursday before the end of quarter. All work is eligible for remediation, and students will receive full credit.

1st Grade: Students are expected to complete all assignments with teacher support. There are no grade penalties for late work. Students may submit late assignments through the Thursday following mid-term and the Thursday prior to the end of the quarter. Students may remediate math, literacy, science, and social studies assessments. Students may remediate assessments that are below 70% and will earn .5 credit per corrected question.

2nd Grade: Students are expected to complete assignments on time with increasing independence. Students may submit late assignments through the Thursday following mid-term and the Thursday prior to the end of the quarter, with a maximum score of 80%. Students may remediate all summative assessments for .5 points per corrected question.

3rd Grade: Students are expected to manage assignments and meet deadlines with growing independence. Students may submit late assignments through the Thursday following mid-term and the Thursday prior to the end of the quarter, with a maximum score of 80%. Remediation is allowed on unit assessments and on a case-by-case basis. Students may earn .5 points per corrected question. There is no extra credit available.

4th Grade: Students are expected to consistently meet deadlines. Students may submit late assignments for a penalty of 10% off per day, not to exceed a 50% deduction, through the Thursday following mid-term and the Thursday prior to the end of the quarter. If an assignment was due during class time and the student was off task, the assignment may not be accepted. Remediation will be offered for summative assessments for .5 points per corrected question.

5th Grade: Students are expected to manage assignments and deadlines independently. Students may submit late assignments for a penalty of 10% off per day, not to exceed a 50% deduction. All late work is due on the Thursday after midterm and on the Thursday before the end of the quarter. Remediation will be offered for summative assessments at teacher discretion for 0.5 points per corrected question.

6th Grade: Students are expected to demonstrate full ownership of their learning and adhere to deadlines. Students may submit late assignments for a penalty of 10% off per day, not to exceed a 50% deduction, through the Thursday following mid-term and the Thursday prior to the end of the quarter. Remediation is available for summative assessments only if all work has been turned in for the unit. Students may earn .5 points per corrected question.

Science-6th Grade: Students may submit late assignments for a penalty of 10% off per day, not to exceed a 50% deduction, through the Thursday following mid-term and the Thursday prior to the end of the quarter. Remediation will be offered on a case-by-case basis for summative assessments, and students may earn .5 points per corrected question. In-class assignments and labs are considered formative and are not eligible for make-up or remediation unless the student was absent.
