“Our Mission is to provide extraordinary educational opportunities to every learner.”

Welcome to DVUSD Athletics

Welcome to the Deer Valley Unified School District athletic program. As student-athletes and families, you play an important role in shaping the success and spirit of our schools. In DVUSD, athletics are more than just games or practices, they're an extension of the classroom that provides meaningful opportunities for students to grow, learn, and lead.

Our athletic programs are built to support academic achievement while helping students build character, discipline, leadership, and teamwork. Participation in sports enhances the educational experience and encourages students to develop positive life skills that extend well beyond the playing field.

In partnership with the Arizona Interscholastic Association (AIA), DVUSD proudly supports the philosophy of *Pursuing Victory with Honor*. This means we expect all athletes, coaches, parents, and spectators to uphold high standards of sportsmanship, respect, honesty, and integrity in all aspects of competition.

Our Athletic Vision is focused on continually improving school culture through strong character development, quality coaching, safe and welcoming facilities, and a positive athletic climate. DVUSD athletics are a source of school pride and community unity, and we're committed to ensuring that every student-athlete has a positive and rewarding experience.

Athletic Participation

Homeschool Students

Only students enrolled at a DVUSD school are eligible for interscholastic competition, team practices, and tryouts. However, a homeschooled student may be eligible if said student is in compliance with A.R.S. §15-802.01 (A). Parents of homeschooled students ages 6-16 are required to file a notarized Affidavit of Intent to Homeschool with the County School Superintendent within 30 days of starting to homeschool (A.R.S. 15-802). To be granted approval to homeschool, the child may not be enrolled in a virtual charter school/public school online or participate in the Empowerment Scholarship Account Program (ESA). Students taking courses with an online educational institution are not deemed home-schooled. The parent must present a home-school affidavit.

Private and Charter School Students

Private school and charter school (including online charter school) students are not permitted to participate in Deer Valley Unified School District's interscholastic programs.

Participation/Clearance

Initial athletic participation permission is given by parents in written form as part of the clearance procedure, which is completed at <https://www.registermyathlete.com/login/>. All student-athletes must complete all of the following before tryouts:

- AIA Bylaw Acknowledgement
- Code of Conduct
- Pre-participation Physical Evaluation complete with a medical doctor's signature (Must be on the AIA Form). Physicals completed after March 1 will be accepted for the following school year.
- DVUSD Family Coach Agreement Form
- AIA MTBI & Concussion Statement and Acknowledgement Form
- A copy of original birth certificate on file
- Athletic Informed Consent Form
- Informed Consent Video watched by the athlete and parent. This must be done at least once every year.

High School coaches will receive confirmation of cleared student-athletes before the first practice. A student who obtains clearance after initial clearance has been issued will receive a notification signed by the athletic office advising the coach that they are cleared to participate. **At no time can a student-athlete participate in practice or competition without being cleared through the school's athletic department.**

Conduct/Discipline/Due Process

It is a privilege to be a member of an athletic team. Athletes should have impressed upon them the fact that they are representatives of their school and the community. Whether at a home or away contest, all athletes should be on their best behavior. School policies regarding conduct, dress, attendance, etc. apply. The DVUSD Students Rights and Responsibilities Handbook remains applicable to athletes at all times. Discipline policies outlined by the Deer Valley Unified School District and the individual school administration can be found in the school student handbook and the District's Students' Rights and Responsibilities Handbook. Student athletes shall comply with the policies stated in the handbooks.

Athletic Consequences for Infractions

Inappropriate behavior that leads to the processing of a discipline referral may result in suspension from play and could result in being removed from the team, depending on the severity of the offense. If a student has been assigned to ISS (in-school suspension), that student cannot participate with the team. If the ISS is multiple days, the suspension is over after the last class period of the last day, and students would be eligible to participate on that day. OCS (off-campus suspension) she/he cannot participate with the team in any capacity during the time of that suspension (including the final day of the suspension).

It is important for athletes and their families to familiarize themselves with the [Code of Conduct](#) to ensure they understand the standards they are expected to meet. Violations of the Code of Conduct can result in disciplinary action, which may range from warnings or probationary periods to more severe consequences, including dismissal from the program. The severity of the disciplinary action will depend on the nature and seriousness of the incident. The administration, as well as the head coach, has the authority to impose more severe consequences than those explicitly outlined in the [Code of Conduct](#) if they deem it necessary. Additionally, each program may have its own specific expectations and standards that athletes are expected to model. These program-specific standards may be in addition to, or further clarify, the broader [Code of Conduct](#). Athletes and their families need to understand and adhere to both the general [Code of Conduct](#) and any program-specific expectations.

Off-Campus Infractions

Off-campus student-athlete behavior that is not consistent with the six pillars of Pursuing Victory with Honor, which include trustworthiness, respect, responsibility, fairness, caring, and good citizenship, will be met with athletic and/or school consequences. Consequential off-campus infractions include but are not limited to, inappropriate posts on social media, drug/alcohol use, fighting, and infractions listed in the Student Rights and Responsibilities Handbook. Consequences will be determined by the athletic department and can range from a conference, suspension from scheduled competitions to removal from the team.

Bullying and Hazing

Bullying and hazing have no place in the Deer Valley Unified School District athletic programs and will not be tolerated. All student-athletes deserve to participate in a safe, respectful environment where they can grow as individuals and teammates. Bullying can include any intentional act—whether verbal, physical, or electronic—that causes harm or discomfort to another person. Hazing refers to any initiation activity expected of someone joining a team that humiliates, degrades, or risks emotional or physical harm, regardless of the person's willingness to participate. Any student-athlete involved in bullying or hazing may face disciplinary action, including removal from the team. All incidents of bullying or hazing must be reported immediately to a coach, school staff member, or administrator. Reporting these behaviors helps protect the well-being of all students and reinforces our commitment to a positive and supportive athletic culture.

There shall be no hazing, solicitation to engage in hazing, or aiding and abetting another who is engaged in hazing of any person enrolled, accepted for or promoted to enrollment, or intending to enroll or be promoted to District schools within twelve (12) calendar months. For purposes of this policy, a person as specified above shall be considered a "student" until graduation, transfer, promotion or withdrawal from the District school. It is not a defense to violate this policy if the victim consented or acquiesced to hazing.

Definitions

"Hazing" means any intentional, knowing, or reckless act committed by a student, whether individually or in concert with other persons, against another student and in which both of the following apply:

- The act was committed in connection with an initiation into, an affiliation with, or the maintenance of membership in any organization that is affiliated with an educational institution.
- The act contributes to a substantial risk of potential physical injury, mental harm or degradation, or causes physical injury, mental harm or personal degradation.

"Organization" means an athletic team, association, order, society, corps, cooperative, club, or similar group that is affiliated with an educational institution and whose membership consists primarily of students enrolled at that educational institution.

A.R.S. § 13-1215: Hazing – Criminal Law

Under Arizona Revised Statutes Section 13-1215, knowingly or recklessly causing a minor or student to endure physical or mental harm—as part of pre-initiation, pledging, initiation, or maintaining membership in a school-affiliated organization—constitutes hazing. This includes actions like forced substance consumption, physical/sexual humiliation, sleep deprivation, extreme calisthenics, confinement, or other harmful conduct.

Communication Expectations

Social media and other forms of communication are powerful tools for building the reputation and appeal of our athletes, staff, and school. It can also be extremely damaging when used rashly or with ill intent. We encourage the positive use of social media and expect our athletes to be positive influences in those spaces.

The Deer Valley Unified School District recognizes and supports its student-athletes' rights to freedom of speech, expression, and association, including the use of social networks. However, representing DVUSD is a privilege, not a right. It is expected that athletes will represent and portray themselves, their teams, their schools, and DVUSD positively at all times.

Prohibited Behaviors

- Sexually explicit, profane, lewd, indecent, illegal, or defamatory language/actions.
- Derogatory language regarding school personnel or other students.
- Comments designed to harass or bully students or school personnel.
- Nude, sexually-oriented, or indecent photos, images, or altered pictures.
- "Liking" or reposting any of the above.

Violations will be addressed on an individual basis, and the athlete involved will receive due process considerations. Because of the nature of social media, the scope and severity of the offense will be considered before a decision is made. Consequences may include loss of playing time, suspension, or removal from the team if warranted.

Multiple Sport Participation

Players must complete one season of sport before they may be released to play the next sport season. The season is considered from the first date of competition to the last date of post-season competition for the athlete's level of competition. (Frosh, JV, or Varsity)

- If an athlete has overlapping sports, they will be granted the opportunity to try out for the next season of competition when their previous season ends.
- All equipment must be turned in before a coach or player moves on completely to another sport.
- Players should not be attending camps and/or off-season workouts for one school sport while playing in another without consent from both coaches.

There are times when a student-athlete can participate in two sports simultaneously. Pre-approval from the site Athletic Director is warranted to ensure student safety and communication between coaches occurs.

Release/Practice/Games

It is the expectation of DVUSD administration that student-athletes attend class. It is understood that missing class to participate in some contests is necessary, but it must be kept to a minimum.

It is expected that all students under the supervision of a coach use district-provided transportation to and from games and practices. Students who have a conflict must get prior administrative approval and written parent consent.

Attending practice during the season is essential for individual and team success. Regular attendance demonstrates commitment, accountability, and respect for teammates and coaches. Missing practice without a valid reason can disrupt team cohesion, hinder individual progress, and impact playing time. Coaches are encouraged to clearly communicate expectations and consequences for unexcused absences, which may include reduced participation in games, loss of leadership roles, or other disciplinary actions aligned with team and school policies.

Supplements, Drugs and Performance-Enhancing Substances

All AIA Member schools are required to annually communicate this AIA Position Statement on the use of supplements, drugs and performance enhancing substances to every participant in interscholastic activities. (See Article 43, Section 14.43.1)

The Arizona Interscholastic Association (AIA) views sport and the participation of student-athletes in sport as an activity that enhances the student-athlete's well-being by providing an environment and stimulus that promotes growth and development along a healthy and ethically based path.

- A balanced diet, providing sufficient calories, is optimal for meeting the nutritional needs of the growing student-athlete.
- Nutritional supplements are rarely, if ever, needed to replace a healthy diet.
- Nutritional supplement use for specific medical conditions may be given individual consideration.
- The AIA is strongly opposed to "doping", as defined by the World Anti-Doping Agency's Prohibited List.
- There is no place for the use of recreational drugs, alcohol or tobacco in the lifestyle of the student-athlete.

In pursuit of Victory with Honor, the AIA promotes the use of exercise and sport as a mechanism to establish current fitness and long-term healthy lifestyle behaviors. It is the position of the AIA that the student-athlete, who consumes a balanced diet, practices sport frequently and consistently, and perseveres in the face of challenges, can meet these goals.

Governing Board Awards and Recognitions

The awards and recognition items on the Governing Board agenda will be coordinated through the Community Relations Department. Being recognized by the Governing Board should be a special and memorable experience for the students, teachers, and members of the community who are honored publicly at board meetings. In an effort to give greater prestige to Board recognitions, the Communications Department has revised the criteria for the Awards and Recognition portion of board meetings.

Statewide or national awards will be considered the most appropriate for recognition; regional or awards presented on a smaller scale shall be recognized in district-wide publications and at the individual school level. As for sports and other AIA-sanctioned student activities, the Board will recognize champions and runner-ups.

Relations with Booster Organizations

We highly encourage and value the involvement of booster clubs and parent organizations. They are excellent partners, working alongside our schools to provide the resources necessary to create exceptional opportunities for our student-athletes.

Our school staff is committed to supporting these groups by cooperating in any way possible to provide assistance, facilities, or other aid. To keep everyone working toward the same goals, open communication between parent organizations and the District is essential. For the safety and alignment of our programs, school principals review and approve all organizations that interact with students, staff, or school activities.

The relationships between booster clubs and school personnel are governed by the DVUSD Booster Handbook.

In Reference To Board Policy: KJA

Academic Standards

The athletic program will make every effort to complement the school's mission in achieving academic excellence. Athletics are an integral part of the educational process and will help support the school's overall curriculum. Participants will be considered student-athletes rather than just students or just athletes. The coaching staff is to keep constant watch on the development of the student-athletes in the classroom as well as in the athletic arena.

The State Board of Education, as mandated by the Arizona State Legislature, requires that each school district have in place a "NO PASS NO PLAY" policy. Athletics, speech, theater, music, and spirit-line are all defined as extra-curricular activities that fall under the "NO PASS NO PLAY" policy.

To represent the Deer Valley Unified School District in an extracurricular activity, the student and the parent/guardian shall be notified when:

- Ineligibility is pending.
- Ineligibility is determined to be necessary.

Support services shall be made available to students who become ineligible for extracurricular programs, as well as students notified of pending ineligibility. The same general standards shall apply for Special Education students, except that such eligibility shall be determined on a case-by-case basis in relation to the respective student's Individual Education Program.

In implementing this policy, the following clarifications apply to all students:

- During an appeal process for loss of credit, the student will be ineligible for extracurricular activities.
- A student must maintain enrollment in five classes (senior exception).
- Eligibility will be checked on Thursday at noon.
- All A.I.A. sponsored activities are covered by this policy.
- Student-athletes may be allowed to practice during periods of ineligibility.

Parent Meeting Expectations

Attending preseason coaches' meetings is a vital part of preparing for a successful athletic season. These meetings provide important information about team expectations, schedules, eligibility requirements, safety protocols, and program goals. They also give parents and student-athletes the opportunity to meet coaches, ask questions, and understand the values and culture of the program. Attending ensures that everyone begins the season with clear communication, shared expectations, and a mutual commitment to teamwork, sportsmanship, and accountability, helping set the foundation for a positive and well-organized athletic experience.

Name, Image and Likeness

Under the Arizona Interscholastic Association (AIA) bylaws, student-athletes may engage in Name, Image, and Likeness (NIL) activities, provided that those activities are not tied to their AIA-sanctioned team, school name, logo, uniform, or the AIA itself. Any NIL contract or opportunity must be independently managed (typically by the student and family), and must be disclosed to the school's athletic director or compliance officer to ensure transparency. Violations of these rules, such as using the school's intellectual property or failing to disclose an agreement, can jeopardize a student's eligibility to participate in interscholastic athletics under AIA sanctions.

Parent / Fan Behavior Expectations

Parents and spectators play a vital role in supporting our student-athletes and promoting a positive game-day environment. All fans are expected to demonstrate respect, sportsmanship, and self-control toward players, coaches, officials, and other spectators. Abusive, harassing, or disruptive behavior, including profanity, taunting, or interference with the contest, will not be tolerated. Under Arizona Interscholastic Association (AIA) guidelines, any parent or spectator removed from a game for inappropriate behavior may be prohibited from attending future contests, will complete a sportsmanship module, and the incident may be reviewed by school administration for further action. Additionally, parents are expected to observe a 24-hour cooling-off period before contacting a coach regarding any grievance or concern following a competition. This policy promotes thoughtful communication and ensures that discussions occur in a respectful, productive manner that supports the well-being of all student-athletes.

Conflict Resolution Protocol

At DVUSD, we believe conflicts between students, parents, and coaches are best resolved through respectful, clear communication following the district's established procedure. If a student or parent has a concern, the first step is for the student-athlete to talk directly with their coach. If the issue remains unresolved, the parent and student should request a meeting with the coach at a mutually convenient time. Should the concern still persist, the next step is to bring it to the school's athletic director and then the school's principal. DVUSD expects all parties to approach these conversations with an open mind, mutual respect, and with the intention of finding a solution in the best interest of the student. Parents are requested to follow the 24-hour rule (waiting 24 hours after a game to contact a coach with concerns). At no time should a parent approach the coach after a competition to discuss playing time.

Participation Fee

Approved Athletic Fees 2026-2027	
7 th /8 th grade athlete	\$120 per sport (\$240 maximum per athlete)
9 th -12 th grade athlete	\$200 per sport (\$400 maximum per athlete)
Family	\$500 maximum per family/household*
* <i>A family or family household is defined by the United States Census Bureau for statistical purposes as "a householder and one or more other people related to the householder by birth, marriage, or adoption."</i>	

Playing Time

Payment of the athletic fee does not guarantee playing time for the athlete. Coaches are

solely responsible for the decisions of playing time. However, failure to pay the athletic fee or obtain an athletic fee hardship waiver could result in loss of playing time.

There is no refund of the athletic fee, including quitting the team voluntarily, incapacity due to injury, academic ineligibility, withdrawal from the school, or dismissal from the team by the coach, athletic director, or principal.

Athletic Fee Hardship Waiver

Parents must be notified of the athletic fee hardship waiver process through the athletic fee letter that is distributed to all team members at the first parent pre-season meeting. To qualify for an athletic fee waiver, a student must submit an athletic clearance packet and qualify based upon one of the following: an approved McKinney-Vento eligibility status, an approved free and reduced meal application, or an approved temporary athletic fee hardship waiver. If a student qualifies for an athletic fee hardship waiver due to an approved McKinney-Vento eligibility status or an approved free and reduced meal application, hardship status will be granted for all athletic participation for the current school year without resubmitting another waiver. For an athlete to be considered eligible for a hardship, a hardship waiver must be submitted for each sports season.

Tax Credits

The athletic participation fee is a payment for an extracurricular activity; therefore, it is eligible for the Arizona Public School Tax Credit. The fee will be paid at the school, and each school will determine its procedures for the issuance of the official tax credit receipts. Tax credits received for athletic fees will help defray the expenses of operating the DVUSD athletic programs.

Heat Illness Prevention

Your health and safety are our top priorities. In accordance with AIA Article 43.6, we prioritize preventing heat illness through education and preparation. As an athlete, it is important to be aware of the risks associated with exercising in hot and humid conditions, recognize the signs of heat illness, understand how to treat it, and consistently follow proper hydration guidelines. To help your body safely adjust to the heat, you will undergo a 10 to 14-day acclimatization period. To ensure safe training and competition, we monitor local temperature and relative humidity levels using a three-zone system: below danger, danger, and critical zones, to determine if practices or games need to be modified, postponed, or canceled.

Accident/Injury Reporting/Release

Injuries must be reported promptly, fully, and accurately to the coach and certified athletic trainer. It is the responsibility of the coach or certified athletic trainer to document information describing the nature and probable cause of the injury.

- Athletes seen by an outside medical professional, including, but not limited to, Emergency Room, Urgent Care, Physician, Physician Assistant, Nurse Practitioner, MUST bring a note stating injury and current level of participation to the certified athletic trainer.
- Athletes who are removed from participation by an outside medical professional are required to submit a clearance note from a provider and successfully complete a functional assessment with a certified athletic trainer.
- For cases involving a concussion or a long-term injury, a structured, gradual return-to-play protocol may be implemented. A typical step-by-step progression includes:
 - Day 1: Symptom free, no physical activity
 - Day 2: Low levels of physical activity. This includes walking, light jogging, light stationary biking, light weightlifting (lower weight, higher reps, no bench, no squat).
 - Day 3: Moderate levels of physical activity with body/head movement. This includes moderate jogging, brief running, moderate-intensity stationary biking, moderate-intensity weightlifting (reduced time and/or reduced weight from your typical routine).
 - Day 4: Heavy non-contact physical activity. This includes sprinting/running, high-intensity stationary biking, regular weightlifting routine, and non-contact sport-specific drills (in 3 planes of movement).
 - Day 5: Full contact in controlled practice.
 - Day 6: Full contact in game play.
- Certified athletic trainers, in conjunction with the supervising physician, may request a formal second opinion regarding final clearance of athletes after concussion or long-term injury, if there is any disagreement or ambiguity regarding the safety of a student athlete to participate in a given activity. Furthermore, it is recognized that “clearance” given in an Emergency Room or Urgent Care setting may not be sufficient for safe return-to-play.

Deer Valley Unified School District Athletic Code of Conduct

Participation in athletics within the Deer Valley Unified School District (DVUSD) is a privilege, not a right, and carries responsibilities. Student-athletes will conduct themselves in a manner that reflects positively on themselves, their families, their school, and their community. We expect our student-athletes to be role models and leaders of our school, both on and off campus.

Participants

This Code of Conduct applies to all students, including current students, incoming freshmen, and transfer students, who are connected with any school-sponsored or school-sanctioned extracurricular/co-curricular activity, club or sport, including but not limited to:

- Athletic clubs and programs
- Academic competitions

Participants in extracurricular and co-curricular activities are governed by all of the following:

- This Code of Conduct
- Local and state laws
- Related state association regulations
- The Student Rights and Responsibilities Handbook
- School Rules
- Governing Board Policy
- Arizona Interscholastic Association (AIA) Policy and Rules

Members of programs sanctioned by the AIA are reminded of the AIA rules that address their conduct, in and out of school, as well as academic eligibility.

Participants shall not engage in any conduct prohibited by this District Code of Conduct or any other rule-set that applies.

The rules contained in this Code of Conduct apply both on and off school property and are in force for a full year, even when school is not in session.

Responsibilities of Student-Athletes

1. **Academic Performance:** Student-athletes must maintain academic eligibility as per district guidelines. Effort in the classroom should mirror effort on the playing field.
2. **Behavior:** Athletes must adhere to school rules, the district's code of conduct, and laws of the community. This includes behavior on and off school property. Any student arrested on a charge other than a minor traffic citation may be suspended from

participation in activities pending investigation of the offense by criminal and/or school authorities and could result in the removal of team.

3. **Attendance:** Regular attendance at school and practices is required. Athletes must attend all classes on the day of a game or practice unless excused by the school administration.
4. **Substance Abuse:** The use, possession, or distribution of alcohol, tobacco, drugs, or performance-enhancing substances is strictly prohibited.
5. **Social Media:** Athletes must use social media responsibly, avoiding posts that are harmful, offensive, or inappropriate.

Coaches, sponsors, and advisors may establish expectations and/or consequences for their specific team, club, or activity. Participants are required to adhere to those activity-specific expectations and consequences.

- Activity-specific expectations and consequences developed by coaches, sponsors or advisors must be adhered to by participants in addition to this Code of Conduct, Governing Board Policies, school rules, and the Student Rights and Responsibilities Handbook.
- Activity-specific expectations and/or consequences will be enforced in conjunction with, and will not supersede, the other rules and policies governing extracurricular and co-curricular activities.
- If activity-specific expectations are adopted for any extracurricular or co-curricular activity, the same must be provided in writing to all participants and their parent(s)/legal guardian(s). A copy of activity-specific expectations must be on file and able to be reviewed in the office of the Athletic Director.
- If a student does not adhere to activity-specific expectations, the coach/sponsor/advisor responsible for that activity may impose the consequences set forth in his/her activity-specific expectations and consequences.

Violations and Consequences/Discipline

If there is an alleged violation of this Code of Conduct by a participant:

- The alleged violation will be investigated by school/district administrators.
- The participant(s) will be interviewed by administration regarding the alleged violation.
- Administration will review the alleged violation with the coach, sponsor, and advisor.
- Administration will schedule a meeting with the participant, the participant's parent/guardian, and the coach/sponsor/advisor regarding the alleged violation and the participant's involvement in the alleged violation.
- Parent/legal guardian will be notified of discipline to be imposed following the outcome of the investigation.
- While the Student Rights and Responsibilities Handbook lists "discipline guidelines," and following an investigation of the offense, Administration may assign a more severe consequence than outlined in the Handbook if it is determined appropriate.
- Discipline may include, but is not limited to, suspension or dismissal from the extracurricular or co-curricular team, club, or activity. This determination may be made by recommendation of the site Athletic Director and approved by the site Principal.

If a student-athlete is Long Term Suspended from a DVUSD school or administratively placed to the DVUSD alternative program, that student will be removed from their team and not permitted to attend athletic events.

Expectations During Competitions and Practices for Athletes

1. **Effort and Attitude:** Athletes are expected to give their best effort during practices and competitions and maintain a positive attitude.
2. **Teamwork:** Collaboration and support of teammates are essential. Athletes must prioritize the team's success over individual accolades.
3. **Respect for Authority:** Athletes must respect the decisions of coaches and officials. Disputes should be handled calmly and respectfully.

Expectations During Competitions and Practices for Parents

1. **Support:** Parents will be expected to support the program as a whole and positively support all athletes at competitions and practices.
2. **Behavior:** Parents will be expected to conduct themselves in a positive manner at sporting events, this would include positive interactions with coaches, officials, opposing teams and administration.
3. **Respect of Authority:** Failure to comply with this section may result in the administration removing a parent from the facility, this is in accordance with AIA Bylaw 16.3.4. Additionally, in order to attend future sporting events, the parent would have to complete the NFHS Sportsmanship Course and present a completed certificate to school administration.

The DVUSD Athletic Code of Conduct is designed to ensure that athletics contribute positively to the educational experience of student-athletes. Adherence to this code will help maintain the integrity and reputation of our athletic programs and foster an environment of excellence and respect.
