CROWD CONTROL

The District will implement the following crowd control procedures at extracurricular events, as applicable:

1. The designated administrator will ensure the safety of the event officials by providing escorts to their dressing area, to and from the playing field or court, and to the exit of the playing facility. Officials will be notified of the identity of the designated administrator and where he or she will be located during the event.
2. The Midland ISD Police Department and athletic directors will work together to provide uniformed police officers at high school athletic events and security personnel at other school athletic events, as needed, and will inform the designated administrator of any home contest for which police are provided.
3. At the beginning of each varsity UIL event, where appropriate, the announcer will read a prepared statement regarding UIL regulations and the expectation of good sportsmanship.
4. The lights on the playing field may be dimmed after the event ends to encourage the crowd to leave.
5. The parking lot will be monitored at least once during each period of the event.
6. The designated administrator will be responsible for meeting with the officials after the event and for informing both schools by phone the next school day of any unsportsmanlike conduct of fans, players, or coaches and of any unprofessional behavior on the part of officials. Notification will be sent to the Superintendent's designee or principal of each school within two to three business days.
7. The principal will be responsible for initiating disciplinary measures against students guilty of violations. The Superintendent's designee will initiate bringing charges against any nonstudents, if necessary.

Approved – May 2026
