INSTRUCTIONS TO BIDDERS FOR COMPLETING CERTIFICATION FORM

NOTE: Each responsive bidder must include this certification statement with its bid on each contract equaling or exceeding $25,000 or any contract for audit services regardless of amount.

1. By signing and submitting this form, the prospective lower tier participant is providing the certification set out on the reverse side in accordance with these instructions.

2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

3. The prospective lower tier participant shall provide immediate written notice to the person to whom this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

4. The terms *covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principal, proposal,* and *voluntarily excluded,* as used in this clause, have the meanings set out in the Definitions and Coverage sections in accordance with the OMB guidelines of 2 CFR 180 that implement Executive Order 12549 and 12689. 7. A participant in a covered transaction may rely upon a certification that a prospective participant in a lower tier covered transaction has not been debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless the participant knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List.

8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. NON-COLLUSION STATEMENT

The Antitrust Division of the United States Department of Justice seeks to prevent collusion, expose monopolies, and preserve competition in public purchasing. Collusion occurs when providers of the same goods or services get together and agree to fix or set prices. In procurement, it is the most commonly known as "price-fixing" or "bid-rigging."

Vendors, by submitting this signed bid, certify that the accompanying bid is not the result of, or affected by, any unlawful act of collusion with any other person or company engaged in the same line of business or commerce, or any other fraudulent act punishable under Louisiana or United States law.

We certify that we have not, either directly or indirectly, entered into any agreement or participated in any unlawful act of collusion, no attempt has been made to induce any other person or vendor to submit or not to submit a bid; that this bid has been independently arrived at without collusion with any other bidder, competitor or potential competitor; that this bid has not been knowingly disclosed prior to the opening of bids to any other bidder or competitor; that the above stated statement is accurate under penalty of perjury.
