Intent to Participate in Interscholastic Activities
Home School Student

Dear Superintendent,

I am writing to notify you of my intent to participate in interscholastic activities as a homeschool student. I hereby attest that this student was a home school student for a full academic year prior to participation in the activity and resides within the boundaries of the school for which the student will participate. I understand this student must meet all school district eligibility requirements, with the exception of the school district's school or class attendance requirements or the class and enrollment requirements of the associations administering the interscholastic activities.

We look forward to this involvement in our community. Please let us know if you need any additional information.

The contact information for your district superintendent may be found at **www.ed.sc.gov/schools**

HOME SCHOOL

The Equal Access to Interscholastic Activities Act gives home school students access to interscholastic activities offered by the public school that serves their area of residence. This means that students will be permitted to participate in any extra-curricular activity for which they qualify. Please note the key points that are outlined below:

Key Points for **Home School Students**

- This access is only available at "traditional public schools," not exclusive magnet schools, exclusive technical schools, charter schools, home schools, and/or private schools.
- The home school student must be a full-time home school student **prior to participating in an interscholastic activity.**
- **The home-schooled student must have been taught in the setting for a full academic year prior to participating in an interscholastic activity. The student may satisfy this requirement by being home-schooled for a full academic year at any time prior to participation.**
- **The student must notify the appropriate high school athletic director listed below in writing of his/her intent to participate in the interscholastic activities as a representative of the school before the beginning of the season (first day of legal practice) for the activity in which he/she wishes to participate**.

- A student who changes residence (by League's) transfer standards eligibility will transfer to the new residence school immediately. (SCHSL)
