Yearly Alert - Any Medications or Conditions Such As: Asthma, Diabetes, Migraines, Allergies, etc.

January 2026

Dear Parent(s)/Guardian(s):

If your daughter requires medication during school hours, prescribed or over-the-counter, it must be brought to school and kept in the Nurse's Office and administered by the school nurse. This includes medication for headaches, menstrual cramps or any other medical condition.

Medication Policy

If sending medication to school, the following procedures must be followed:

- School Medication Authorization Form must be completed by a licensed prescriber and parent/guardian whether **for prescription as well as non-prescription medications** and returned to the school nurse. **This form is completed annually.**

- **Prescription medication** brought to the Nurse's Office in an original pharmacy container with a pharmacy label. Your pharmacy should be able to supply an extra labeled container for school. Include student's name, date of birth, and year of graduation affixed to the container.

- **Non-prescription medication** brought to the Nurse's Office in the original package with the student's name, date of birth, and year of graduation affixed to the container.

- **If medication dose changes or is discontinued**, parents must notify the school nurse in writing with confirmation from the licensed prescriber.

No medication will be given unless these guidelines are followed. The intent of these guidelines is to provide safe administration of medications.

Use of Inhalers

Students diagnosed with Asthma should always carry their inhaler. A completed School Medication Authorization Form should be sent to school **annually** for placement with her medical records. If desired, an extra inhaler may be kept locked up in the Nurse's Office.

According to the Illinois Public Act 099-0843, schools are required to ask parents/guardians of students with Asthma to submit a current Asthma Action Plan. If your daughter has Asthma, please have your physician complete the Asthma Action Plan Form. It will be kept on file in the Nurse's Office. This Asthma action plan needs to be updated yearly.

Diabetes

According to the Illinois Public Act 96-1485, The Care of Students with Diabetes Act, if your daughter has Diabetes and requires assistance with managing this condition while at school and school functions, a Diabetes Care Plan must be submitted to the school nurse. Please contact your daughter's physician to develop the Diabetes care plan.

Once the Diabetes care plan is on file with the school nurse, parents/guardians are responsible for and must:

- Inform the school nurse of any change which needs to be made to the Diabetes Care Plan on file with the school for their daughter.
- Inform the school in a timely manner of any changes to their emergency contact numbers or contact numbers of healthcare providers.
- Sign the Diabetes Care Plan.
- Grant consent for and authorize the school nurse to communicate directly with the healthcare provider whose instructions are included in the Diabetes Care Plan.

Other Action Plans

Allergy Action Plan
Seizure Action Plan

Keeping extra supplies/juices/snacks in the Nurse's Office labeled with the student's name, date of birth, and year of graduation is highly recommended.

Questions or concerns? Please contact our school nurse at:
Phone: 773-881-6524 - Email: healthforms@mothermcauley.org - **Fax: 773-881-6624**

INSTRUCTIONS FOR COMPLETING

ILLINOIS CERTIFICATE OF RELIGIOUS EXEMPTION TO REQUIRED IMMUNIZATIONS AND/OR EXAMINATIONS FORM

Who may use the *Certificate of Religious Exemption to Required Immunizations and/or Examinations Form:*

- Parents or legal guardians who are requesting a religious exemption to immunizations or examinations **must** use this form for students entering kindergarten, sixth, or ninth grades.
- A separate form must be used for **each child** with a religious exemption enrolled to enter any public, charter, private or parochial preschool, kindergarten, elementary or secondary school.
- This form may not be used for exemptions from immunizations and/or examination for personal or philosophical reasons. Illinois law does not allow for such exemptions. (See excerpts below from Public Act 099-0249 enacted August 3, 2015 at page bottom.)

When use of this form becomes required: October 16, 2015

How to complete the *Certificate of Religious Exemption to Required Immunizations and/or Examinations Form*:

- Complete the Parent/Guardian sections, which include key information about the student and the school the student will be entering, and the immunizations or examinations for which religious exemption is being requested. Provide a statement of religious belief(s) **for each vaccination/examination requested**.
- The form must be signed by the child's parent or legal guardian **AND** the child's health care provider* responsible for performing the child's health examination.
- Submit the completed form to local school authority on or before October 15th of the school year, or by an earlier enrollment date established by a school district.

Religious Exemption from Immunizations and/or Examination Form Process:

- The local school authority is responsible for determining whether the information supplied on the Certificate of Religious Exemption to Required Immunizations and/or Examinations Form constitutes a valid religious objection.
- The local school authority shall inform the parent or legal guardian, at the time that the exemption is presented, of exclusion procedures, should there be an outbreak of one or more diseases from which the student is not protected, in accordance with the Illinois Department of Public Health (IDPH) rules, Control of Communicable Diseases Code (77 Ill. Adm. Code 690).
- Exempting a child from health, dental, or eye examination does not exempt the child from participation in the program of physical education training provided in Section 27-5 through 27-7 of the Illinois School Code [105 ILCS 5/27-5 through 105 ILCS 5/27-7]. A separate request for exemption from physical education, if desired, would need to be presented.

Excerpt from Public Act 099-0249 enacted August 3, 2015:

Children of parents or legal guardians who object to health, dental, or eye examinations or any part thereof, or to immunizations or to vision and hearing screening tests on religious grounds shall not be required to undergo the examinations or immunizations if the parents or legal guardians present to the appropriate local school authority a signed Certificate of Religious Exemption detailing the grounds for objection and the specific immunizations and/or examinations to which they object. The grounds for objection must set forth the specific religious belief(s) that conflict with the examination, immunization, or other medical intervention. The certificate will be signed by the parent or legal guardian to confirm their awareness of the school's exclusion policies in the case of a vaccine preventable disease outbreak or exposure. The certificate must also be signed by the child's health care provider responsible for performing the child's examination for entry into kindergarten, sixth or ninth grade. This signature affirms that the provider educated the parent or legal guardian about the benefits of immunization and the health risks to the student and to the community from the communicable diseases for which immunization is required in Illinois.

The religious objection provided need not be directed by the tenets of an established religious organization. However, general philosophical or moral reluctance to allow physical examinations, eye examinations, immunizations, vision and hearing screening or dental examinations will not provide a sufficient basis for an exception to statutory requirements. The local school authority is responsible for determining if the content of the Certificate of Religious Exemption constitutes a valid religious objection.

The local school authority shall inform the parent or legal guardian of exclusion procedures in accordance with IDPH's rules, Control of Communicable Diseases Code (77 Ill. Adm. Code 690) at the time the objection is presented.

ILLINOIS CERTIFICATE OF RELIGIOUS EXEMPTION TO REQUIRED IMMUNIZATIONS AND/OR EXAMINATIONS FORM

PARENT OR LEGAL GUARDIAN - COMPLETE THIS SECTION

Note: This form is required for all students entering kindergarten, sixth or ninth grades when parent(s) or legal guardian(s) is requesting a religious exemption on or after October 16, 2015. This form also must be submitted to request religious exemption for any student enrolling to enter any public, charter, private or parochial preschool, kindergarten, elementary or secondary school on or after October 16, 2015.

This form may NOT be used for personal or philosophical reasons. Illinois law does not allow for such exemptions.

Student Name:(last, first, middle) **Parent/Guardian Name:**	**Student Date of Birth:** Month Day Year **Gendor:** ☐M ☐F	**School Name:** **City:**	**Grade:**
Address:	**Telephone Number(s):**	**Exemption requested for** (mark all that apply): ☐ Hepatitis B ☐ DTaP ☐ Polio ☐ Hib ☐ Pneumococcal ☐ MMR ☐ Varicella ☐ Td/Tdap ☐ Meningococcal ☐ Health Exam ☐ Eye Exam ☐ Dental Exam ☐ Vision/Hearing Tests ☐ Other (indicate below)	

To receive an exemption to vaccination/examination, a parent or legal guardian must provide a statement detailing the religious beliefs that prevent the child from receiving each required school vaccinations/examination being requested.
In the space provided below, state each vaccination or examination exemption requested and state the religious grounds for each request. If additional space is needed, attach additional page(s).

Religious Exemption Notice:
No student is required to have an immunization/examination that is contrary to the religious beliefs of his/her parent or legal guardian. However, not following vaccination recommendations may endanger the health or life of the unvaccinated student, others with whom they come in contact, and individuals in the community. In a disease outbreak, or after exposure to any of the diseases for which immunization is required, schools may exclude children who are not vaccinated in order to protect all students.
I have read the Religious Exemption Notice (above) and have provided requested information for each vaccination/examination being requested for religious exemption.

Signature of parent or legal guardian (required) Date

HEALTH CARE PROVIDER* – COMPLETE THIS SECTION

Provision of information: I have provided the parent or legal guardian of the student named above, with information regarding ***1) the required examinations, 2) the benefits of immunization, and 3) the health risks to the student and to the community from the communicable diseases for which immunization is required in Illinois.*** *I understand that my signature only reflects that this information was provided; I am not affirming the parent or legal guardian's religious beliefs regarding any examination, immunization or immunizing agent.*

Signature of health care provider*

Date: _____
(Must be within 1 year prior to school entry)

2026-2027
Inhaler/Epipen Policy Statement

Mother McAuley Liberal Arts High School has received your request for self-administration of:

_____,
(List medication)

for your child, _____.
(Print student's name)

State law requires that we inform the parents/guardians of the student, in writing, that Mother McAuley Liberal Arts High School and its employees and agents are to incur no liability, except for willful and wanton conduct, as a result of any injury arising from the self-administration of medication by the above named student. Before we can allow your child to self-administer the medication, we must ask that you sign and return this document.

The permission for self-administration of medication is effective for the school year for which it is granted and shall be renewed each subsequent school year upon fulfillment of the requirements outlined above. A student with asthma may possess and use her medication during school hours, at a school-sponsored activity (dance, game, etc.), or before or after normal school hours. We recommend that you provide an additional dose of the medication to be kept at school in the event that your child forgets or loses her medication.

****

Parent/Guardian Permission Statement
I have read the above policy and acknowledge that Mother McAuley Liberal Arts High School and its employees and agents are to incur no liability and I indemnify and hold harmless Mother McAuley Liberal Arts High School and its employees and agents against any claims, except a claim based on willful and wanton conduct, arising out of the self-administration of medicine by the above named student.

Asthma Action Plan

Patient Name _____ Weight _____ Date of Birth _____ Peak Flow _____

Primary Care Provider Name _____ Phone _____

Primary Care Clinic Name _____

Symptom Triggers _____

Asthma Severity

Green Zone "Go! All Clear!"

- Breathing is easy
- Can play, work and sleep without asthma symptoms

Peak Flow Range
(80% - 100% of personal best)

The **GREEN ZONE** means take the following medicine(s) every day.

Controller Medicine(s) **Dose**

_____

_____

_____

Spacer Used _____

Take the following medicine if needed 10-20 minutes before sports, exercise or any other strenuous activity.

_____

Yellow Zone "Caution..."

- Breathing is easy
- Cough or wheeze
- Chest is tight

Peak Flow Range
(50% - 80% of personal best)

The **YELLOW ZONE** means keep taking your GREEN ZONE controller medicine(s) every day and add the following medicine(s) to help keep the asthma symptoms from getting worse.

Reliever Medicine(s) **Dose**

_____

_____

If beginning cold symptoms, call your doctor before starting oral steroids.

_____

Use Quick Reliever (two - four puffs) every 20 minutes for up to one hour or use nebulizer once. If your symptoms are not better or you do not return to the GREEN ZONE after one hour, follow RED ZONE instructions. If you are in the YELLOW ZONE for more than 12-24 hours, call your provider. If your breathing symptoms get worse, call your provider.

Red Zone "STOP! Medical Alert!"

- Medicine is not helping
- Nose opens wide to breathe
- Breathing is hard and fast
- Trouble Walking
- Trouble Talking
- Ribs show

Peak Flow Range
(Below 50% of personal best)

The **RED ZONE** means start taking your RED ZONE medicine(s) and call your doctor NOW! Take these medicines until you talk with your doctor. If your symptoms do not get better and you can't reach your doctor, go to a **hospital emergency department or call 911 immediately**.

Reliever Medicine(s) **Dose**

_____

_____

Child's Photograph

NAME:_____ **D.O.B:**____/____/____

TEACHER:_____ **GRADE:**_____

ALLERGY TO:_____

Asthma: ☐ Yes (higher risk for a severe reaction) ☐ No

Weight: _____ lbs

ANY SEVERE SYMPTOMS AFTER SUSPECTED INGESTION:

LUNG: Short of breath, wheeze, repetitive cough
HEART: Pale, blue, faint, weak pulse, dizzy, confused
THROAT: Tight, hoarse, trouble breathing/swallowing
MOUTH: Obstructive swelling (tongue)
SKIN: Many hives over body

Or Combination of symptoms from different body areas:

SKIN: Hives, itchy rashes, swelling
GUT: Vomiting, crampy pain

INJECT EPINEPHRINE IMMEDIATELY

- Call 911
- Begin Monitoring (see below)
- Additional medications:
- Antihistamine
- Inhaler (bronchodilator) if asthma

Inhalers/bronchodilators and antihistamines are not to be depended upon to treat a severe reaction (anaphylaxis) → Use Epinephrine.

When in doubt, use epinephrine. Symptoms can rapidly become more severe.

MILD SYMPTOMS ONLY

Mouth: Itchy mouth
Skin: A few hives around mouth/face, mild itch
Gut: Mild nausea/discomfort

GIVE ANTIHISTAMINE

- Stay with child, alert health care professionals and parent.

IF SYMPTOMS PROGRESS (see above), INJECT EPINEPHRINE

☐ **If checked, give epinephrine for ANY symptoms if the allergen was likely eaten.**
☐ **If checked, give epinephrine before symptoms if the allergen was definitely eaten.**

MEDICATIONS/DOSES

EPINEPHRINE (BRAND AND DOSE): _____

ANTIHISTAMINE (BRAND AND DOSE): _____

Other (e.g., inhaler-bronchodilator if asthma): _____

MONITORING: Stay with the child. Tell rescue squad epinephrine was given. A second dose of epinephrine can be given a few minutes or more after the first if symptoms persist or recur. For a severe reaction, consider keeping child lying on back with legs raised. Treat child even if parents cannot be reached.

☐ Student may self-carry epinephrine ☐ Student may self-administer epinephrine

CONTACTS: Call 911 Rescue squad: (____)_____

Licensed Healthcare Provider Signature:_____ Phone:_____ Date:_____
(Required)

I hereby authorize the school district staff members to take whatever action in their judgment may be necessary in supplying emergency medical services consistent with this plan, including the administration of medication to my child. I understand that the Local Governmental and Governmental Employees Tort Immunity Act protects staff members from liability arising from actions consistent with this plan. I also hereby authorize the school district staff members to disclose my child's protected health information to chaperones and other non-employee volunteers at the school or at school events and field trips to the extent necessary for the protection, prevention of an allergic reaction, or emergency treatment of my child and for the implementation of this plan.

Parent/Guardian Signature:_____ Date:_____

DOCUMENTATION

- Gather accurate information about the reaction, including who assisted in the medical intervention and who witnessed the event.
- Save food eaten before the reaction, place in a plastic zipper bag (e.g., Ziploc bag) and freeze for analysis.
- If food was provided by school cafeteria, review food labels with head cook.
- Follow-up:
  - Review facts about the reaction with the student and parents and provide the facts to those who witnessed the reaction or are involved with the student, on a need-to-know basis. Explanations will be age-appropriate.
  - Amend the Emergency Action Plan (EAP), Individual Health Care Plan (IHCP) and/or 504 Plan as needed.
  - Specify any changes to prevent another reaction.

State of Illinois
Illinois Department of Public Health

PROOF OF SCHOOL DENTAL EXAMINATION FORM

Illinois law (Child Health Examination Code, 77 Ill. Adm. Code 665) states all children in kindergarten and the second, sixth and ninth grades of any public, private or parochial school shall have a dental examination. The examination must have taken place within 18 months prior to May 15 of the school year. A licensed dentist must complete the examination, sign and date this Proof of School Dental Examination Form. If you are unable to get this required examination for your child, fill out a separate Dental Examination Waiver Form.

This important examination will let you know if there are any dental problems that need attention by a dentist. Children need good oral health to speak with confidence, express themselves, be healthy and ready to learn. Poor oral health has been related to lower school performance, poor social relationships, and less success later in life. For this reason, we thank you for making this contribution to the health and well-being of your child.

To be completed by the parent or guardian (please print):

Student's Name: Last	First	Middle	Birth Date: (Month/Day/Year)

Address: Street	City	ZIP Code

Name of School: ZIP Code	Grade Level:	Gender: ☐ Male ☐ Female

Parent or Guardian: Last Name First Name

Student's Race/Ethnicity:

☐ White ☐ Black/African American ☐ Hispanic/Latino ☐ Asian
☐ Native American ☐ Native Hawaiian/Pacific Islander ☐ Multi-racial ☐ Unknown
☐ Other_____

To be completed by dentist:

Date of Most Recent Examination:_____ (Check all services provided at this examination date)

☐ Dental Cleaning ☐ Sealant ☐ Fluoride treatment ☐ Restoration of teeth due to caries

Oral Health Status (check all that apply)

☐ Yes ☐ No **Dental Sealants Present on Permanent Molars**

☐ Yes ☐ No **Caries Experience / Restoration History** — A filling (temporary/permanent) OR a tooth that is missing because it was extracted as a result of caries OR missing permanent 1st molars.

☐ Yes ☐ No **Untreated Caries** — At least 1/2 mm of tooth structure loss at the enamel surface. Brown to dark-brown coloration of the walls of the lesion. These criteria apply to pit and fissure cavitated lesions as well as those on smooth tooth surfaces. If retained root, assume that the whole tooth was destroyed by caries. Broken or chipped teeth, plus teeth with temporary fillings, are considered sound unless a cavitated lesion is also present.

☐ Yes ☐ No **Urgent Treatment** — abscess, nerve exposure, advanced disease state, signs or symptoms that include pain, infection, or swelling.

Treatment Needs (check all that apply). For Head Start Agencies, please also list appointment date or date of most recent treatment completion date.

☐ **Restorative Care** — amalgams, composites, crowns, etc. Appointment Date:_____
☐ **Preventive Care** — sealants, fluoride treatment, prophylaxis Appointment Date:_____
☐ **Pediatric Dentist Referral Recommended** Treatment Completion Date:_____
