DATE: SEPTEMBER 2026

SUBJECT: EARLY PICK-UP PROCEDURES

If your child needs to be dismissed earlier than regular dismissal time, a **written note** must be sent to their teacher with student **upon entering school**. Please include the name of person picking up, relationship to child and phone number. It is difficult for teachers to check emails and messages during instructional time.

For the safety of your child, students **will not** be released without proper photo ID at time of pick up. When the emergency contact person arrives, the teacher will be notified. At that time, the student will be signed out and dismissed from the lobby.

We appreciate your help in keeping all information accurate in case of an emergency.
