

We Get Results, and We Do it in Two Languages!

Full English Proficiency Achieved in 2026

1st Grade: 1 student
2nd Grade: 1 student
3rd Grade: 7 students
4th Grade: 11 students
5th Grade: 7 students
27 redesignations in total!

Once students achieve this level of English proficiency in their second language, they are considered fully English proficient by the state of CO. Each year, about this many students redesignate. Nearly all of our students are “redesignated” before they leave Uni Hill for middle school.

5th Grade Spanish Proficiency Achieved in 2026

19 students in 5th grade demonstrated full proficiency in Spanish reading, writing, speaking and listening!

While English proficiency is most often measured in state and local assessments, we promise Spanish proficiency in our program too.
