The Board and the Superintendent or designee shall develop and implement policies and strategies to promote equity in district programs and activities, through measures such as the following: 1) Routinely assess individual student learning, identify barriers to learning and assign resources to bridge barriers. 2) Analyzing expenditures and allocating financial and human resources in a manner that provides all students with equitable access to district programs, support services, and opportunities for success and promotes equity and inclusion in the district. Such resources include access to high-quality administrators, teachers, and other school personnel; funding; technology, equipment, textbooks, and other instructional materials; facilities; and community resources or partnerships. 3) Enabling and encouraging all students to enroll in, participate in, and complete curricular and extracurricular courses, advanced college preparation programs, and other student activities. 4) Building a positive school climate that promotes student engagement, safety, and academic and other supports for students 5) Adopting base curriculum and instructional materials that accurately reflect individual student needs by providing access to state standards in all subject areas 6) Providing and/or collaborating with local agencies and community groups to ensure the availability of necessary support services for students in need 7) Promoting the employment and retention of a diverse staff that reflects the student demographics of the community 8) Providing district staff with ongoing, researched-based, professional learning and professional development on responsive instructional practices to formative assessment 9) Conducting program evaluations through the cycle of refinement that focus on individual student needs, backgrounds, and perspectives addressing the academic outcomes and performance of all students on all indicators.

All students have access to their current grade level standards, giving them unique support during initial instruction. Dedicated support time outside of initial instruction is designed to bolster foundational skills in a variety of configurations: small groups, one-to-one instruction, specialized personnel, or an increased frequency of support.

The Governing Board shall regularly monitor the intent and impact of district policies and decisions in order to safeguard against disproportionate or unintentional impact on access to district programs and achievement goals for all student populations in need of services aligned to meaningful, measurable data.

3. RIGHT TO REFRAIN FROM HARMFUL OR DESTRUCTIVE USE OF ANIMALS (EC 32255-32255.6, 48980)

Any pupil with a moral objection to dissecting or otherwise harming or destroying animals, or parts of them thereof, shall notify his/her teacher in writing regarding this objection. If the teacher believes that an adequate alternative education project is possible, the teacher may develop an alternative avenue with the pupil for obtaining the knowledge, information, or experience required by the course of study in question. Classes and activities conducted as part of a program in agriculture education that provide instruction on the care, management and evaluation of domestic animals are exempt from these provisions.

4. DISTRICT DISCIPLINE RULES (EC 35291, 35291.5, 48900, 48915, 48980, and AR 6145)

The Board of Education of Manteca Unified School District feels that pupils should be held accountable for their behavior in a positive manner which encourages self-discipline.

All pupils shall comply with the school regulations, pursue the required course of study, and submit to the authority of the teachers at the school. Every pupil shall attend school punctually and regularly; conform to the regulations of the school; obey promptly all the directions of his/her teacher and others in authority; observe good order and propriety of deportment; be diligent in study; be respectful to his/her teacher and others in authority; be kind and courteous to schoolmates; and refrain from the use of profane and vulgar language.

Every teacher and administrator in public schools shall enforce the course of study, the use of legally authorized textbooks, and the rules and regulations prescribed for the schools. Every teacher and administrator in the public schools are legally in loco parentis while children are in school and shall hold pupils to strict account for their conduct (in loco parentis: a legal responsibility of someone who is not a biological parent to take on some of the functions and responsibilities of a parent).

Students may be subject to discipline for off-campus misconduct if the misconduct is related to school activity or attendance and causes or is reasonably likely to cause a substantial disruption to school activity. For example, a student using technology such as a home computer, cellular phone, or other electronic device may be disciplined for bullying, engaging in unlawful harassment, or making threats against students, staff, or district property even if such misconduct occurred off-campus and during non-school hours. (Education Code, § 48900(r))

The Board believes that the use or possession of any amount of a controlled substance, as identified in the Health and Safety Code 11053-11058, causes a continuing danger to the physical safety of the pupil. The pupil will be suspended and referred to for disciplinary action.

When a pupil's behavior is such that it keeps others from learning or endangers the well-being of others, that pupil shall be disciplined and may lose his/her educational privileges.

Student participation in extra-curricular activities is pursuant to Administrative Regulation 6145 which states, "Students who are suspended from school for five days and/or suspended twice within a quarter are to be declared "unsatisfactory" with a nine-week (45 school days) loss of privileges commencing from the time of the suspension". These privileges include such activities as: athletics, student government, public performances, Science Fair, Student Council, field trips, spirit leaders, academic decathlon, Senior trip, and graduation ceremonies. If an additional suspension occurs during the nine-week period, the period of ineligibility is to be extended for nine weeks effective the date of the subsequent suspension. The principal shall retain the right to make any student ineligible when he/she decides it is in the best interest of the student or the school.

Each school shall adopt rules and procedures for school discipline. The principal of each school shall take steps to ensure that these rules and procedures are communicated to continuing pupils at the beginning of each school year, and to new pupils at the time of their enrollment in school.

5. RESPONSIBLE SOCIAL MEDIA USE (BP 1114)

MANTECA UNIFIED SCHOOL DISTRICT

Every student works to achieve grade level standards, feels safe and is supported to realize individual success.

Manteca Unified School District recognizes the value of social media as a tool to connect with families and the community, promote collaboration, and support our shared mission of student success. Official district social media accounts are managed for the sole purpose of enhancing communication, supporting student learning, and building community engagement. To ensure responsible use:

- a) Official MUSD social media platforms are not open public forums or otherwise guarantee a person's right to free speech. They are moderated spaces used only for district-related purposes, and interactions are expected to be respectful, professional, and appropriate.
- b) Users must interact respectfully. Content that is obscene, libelous, or disruptive to the school environment may be removed. Those who violate policy may face disciplinary action.
- c) Comments and interactions on district accounts may be considered public records and are subject to disclosure under the Public Records Act. Content may be removed based on viewpoint-neutral considerations, such as lack of relation to the site's purpose or violation of the district's policy, regulation, or content guidelines.

6. REQUIRED PARENTAL ATTENDANCE (EC 35291, 48900.1, 48980)

Current law enables parents/guardians to be absent from work without endangering their employment status in order to attend a portion of their child's school day at a teacher's request. Besides furthering improved classroom behavior, such attendance can promote positive parent-child interactions. Whenever a pupil is suspended from a class because he/she committed an obscene act, engaged in habitual profanity or vulgarity, disrupted school activities or otherwise willfully defied valid staff authority, the teacher of the class from which the pupil was suspended may require the pupil's parent/guardian to attend a portion of a school day in that class. After completing the classroom visit and before leaving the school premises, the parent/guardian shall also meet with the principal or designee.

7. VISITS TO THE SCHOOL (BP1250)

Persons wishing to visit a class should make arrangements in advance with the teacher and principal or designee for an agreeable time. To ensure the safety of students and staff and avoid potential disruption, all visitors shall register at the school site office immediately upon entering any school building or grounds when school is in session. For purposes of security, the principal or designee shall design a visible means of identification for visitors while on school premises.

A parent or guardian has the right to observe instruction and other school activities that involve their child in accordance with the procedures indicated in this administrative regulation to ensure the safety of pupils and school personnel and to prevent undue interference with instruction or harassment of school personnel. Reasonable accommodation for parents and guardians should be considered. Upon written request by the parent or guardian at least twenty-four (24) hours in advance, school officials shall arrange for the parental observation of the requested class or classes or activities by that parent or guardian for no more than twenty (20) minutes.

The Superintendent or building principal has the authority to prohibit the entry of any person to a school of this district or to expel any person when there is reason to believe the presence of such person would affect the good order of the school. If such an individual refuses to leave the school grounds or creates a disturbance, the principal is authorized to request from the local law enforcement agency whatever assistance is required to remove the individual.

Any person who is required to register as a sex offender pursuant to Penal Code 290, including a parent/guardian of a district student, shall request written permission from the principal before entering the school campus or grounds, in accordance with Board Policy and Administrative Regulation 3515.5 – Sex Offender Notification. The principal shall report to the Superintendent or designee anytime such a request is received and notify the Superintendent or designee if permission is granted or denied. As necessary, the principal shall consult with local law enforcement authorities before allowing the presence of any such person at school or other school activity.

A student is not permitted to leave the school with anyone who has not been clearly identified as the student's legal parent or guardian, or a person authorized to act on behalf of the parent or guardian. If a student is in the legal custody of one parent/guardian and the school is in receipt of court documents, the school shall release the student only to the parent/guardian having custody or a person authorized to act on that parent/guardian's behalf.

8. EXCUSED (EC 48205, BP 5113, BP 5113.1)

MANTECA UNIFIED SCHOOL DISTRICT

Every student works to achieve grade level standards, feels safe and is supported to realize individual success.

Absences for all pupils must be cleared by a legal guardian. Excused absences are listed in this section. A pupil under this section shall be allowed to complete all assignments and tests missed during an excused absences that can be reasonably provided and shall be given full credit.

Chronic Absenteeism (EC 60901, EC 48263, AR 5113.1)

When a student is identified as a chronic absentee, the designated school representative shall communicate with the student and his/her parents/guardians to determine the reason(s) for the excessive absences, ensure the student and parents/guardians are aware of the adverse consequences of poor attendance, and jointly develop a plan for improving the student's school attendance. Should the student remain chronically absent, they may be referred to the School Attendance Review Board.

California Definition of Chronic Absentee

A "chronic absentee" has been defined in California Education Code (EC) Section 60901(c)(1) as "a pupil who is absent on 10 percent or more of the school days in the school year when the total number of days a pupil is absent is divided by the total number of days the pupil is enrolled and school was actually taught in the regular day schools of the district, exclusive of Saturdays and Sundays."

California Definition of Chronic Absenteeism Rate

The "chronic absenteeism rate" has been defined in California Code of Regulations Title 5, Section 157497.5 appendix:

(a) "Chronic absenteeism rate" shall be calculated as follows:

(1) The number of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30) who are chronically absent where "chronic absentee" means a pupil who is absent 10 percent or more of the school days in the school year when the total number of days a pupil is absent is divided by the total number of days the pupil is enrolled and school was actually taught in the total number of days the pupil is enrolled and school was actually taught in the regular day schools of the district, exclusive of Saturdays and Sundays.

(2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).

(3) Divide (1) by (2).

It is important to know the facts about chronic absenteeism in order to effectively address and eliminate it. Everyone should understand what chronic absenteeism is, whom it affects, and why we must work in a deeply coordinated and collaborative fashion to support students who are or are at risk of becoming chronically absent from school. 2 When engaging with someone on this issue, we suggest sharing the following important statistics about chronic absenteeism in the United States.

Chronic absenteeism:

- Is a primary cause of lower academic achievement, even when the absences are "excused" or understandable.
- Is a powerful predictor of those students who may eventually drop out of school. A study of public-school students in Utah found that a student who is chronically absent in any year between the eighth and twelfth grades is over seven times more likely to drop out of school than a student who was not chronically absent.
- Affects an estimated five to seven and a half million students each year.
- Can even affect students in preschool, kindergarten, and first grade, who are then much less likely to read at grade level by the end of third grade.
- Is caused by a variety of issues, including chronic health conditions, housing instability, involvement with the juvenile justice system, and unsafe conditions in school, among many others.
- Is particularly prevalent among students who are low-income, students of color, students with disabilities, students who are highly mobile, and/or juvenile justice-involved youth, in other words, those who already tend to face significant challenges and for whom school is particularly beneficial.
- Is particularly prevalent among those students who are experiencing homelessness or reside in public housing.
- May lead to substance abuse. When students are skipping school, many of them become engaged in risky behavior such as substance abuse and delinquency.
- Affects other students, too. Not only are frequent absences harmful to the absentee, but they also have a negative effect on the achievement of other students in the classroom.
- Can negatively influence future adult health outcomes. Indeed, the mortality rate of high school dropouts is over two times greater than that for adults with some college education.
- Can increase likelihood of involvement with the criminal justice system.

MANTECA UNIFIED SCHOOL DISTRICT

Every student works to achieve grade level standards, feels safe and is supported to realize individual success.

- Is not measured by most states or school districts in this country, which leaves many educators and communities without information they need to identify students who could use additional support to maintain regular attendance.

No Academic Penalty for Excused Absence: No pupil may have their grade reduced or lose academic credit for any absence or absences which are excused for the reasons specified below when missed assignments and tests that can reasonably be provided are satisfactorily completed within a reasonable period of time. The teacher of the class from which a pupil is absent shall determine which tests and assignments shall be reasonably equivalent to, but not necessarily identical to, the tests and assignments that the pupil missed during the absence. (Ed. Code, §§ 48205, 48980(i))

A pupil shall be excused from school when the absence is:

- Due to the pupil's illness, including an absence for the benefit of the pupil's mental or behavioral health.
- Due to quarantine under the direction of a county or city health officer.
- For the purpose of having medical, dental, optometrical, or chiropractic services rendered.
- For the purpose of attending the funeral services of a member of the pupil's immediate family, or of a person that is determined by the pupil's parent or guardian to be in such close association with the pupil as to be considered the pupil's immediate family, so long as the absence is not more than five days per incident.
- For the purpose of jury duty in the manner provided for by law.
- Due to the illness or medical appointment during school hours of a child of whom the pupil is the custodial parent, including absences to care for a sick child for which the school shall not require a doctor's note.
- For justifiable personal reasons, including, but not limited to, an appearance in court, attendance at a funeral service, observance of a holiday or ceremony of the pupil's religion, attendance at religious retreats, attendance at an employment conference, or attendance at an educational conference on the legislative or judicial process offered by a nonprofit organization, when the pupil's absence is requested in writing by the parent or guardian and approved by the principal or a designated representative pursuant to uniform standards established by the governing board of the school district.
- For the purpose of serving as a member of a precinct board for an election pursuant to section 12302 of the Elections Code.
- For the purpose of spending time with a member of the pupil's immediate family, who is an active duty member of the uniformed services, as defined in section 49701 of the Education Code, and has been called to duty for, is on leave from, or has immediately returned from, deployment. Absences granted pursuant to this paragraph shall be granted for a period of time to be determined at the discretion of the superintendent of the school district.
- For the purpose of attending the pupil's naturalization ceremony to become a United States citizen.
- For the purpose of participating in a cultural ceremony or event.
- For the purpose of a middle or high school pupil engaging in a civic or political event, provided the pupil notifies the school in advance. A pupil absent pursuant to this section is required to be excused for only one day-long absence per year. A school administrator may permit additional absences pursuant to section 48260(c) of the Education Code.
- For any of the following purposes, inclusive, if an immediate family member of the pupil, or a person that is determined by the pupil's parent or guardian to be in such close association with the pupil as to be considered the pupil's immediate family member, has died, so long as the absence is not more than three (3) days per incident.
 - To access services from a victim services organization or agency.
 - To access grief support services.
 - To participate in safety planning or to take other actions to increase the safety of the pupil or an immediate family member of the pupil, or a person that is determined by the pupil's parent or guardian to be in such close association with the pupil as to be considered the pupil's immediate family member, including, but not limited to, temporary or permanent relocation.
 - Any absence beyond three days for the reasons described above shall be subject to the discretion of a school administrator, or their designee, pursuant to section 48260.
- Due to the pupil's participation in military entrance processing.
- For the purpose of obtaining confidential medical services without the consent of the pupil's parent or guardian, applicable to pupils in grades 7 through 12. (Ed. Code, § 46010.1)

MANTECA UNIFIED SCHOOL DISTRICT

- For justifiable personal reasons, including, but not limited to, an appearance in court, attendance at a funeral service, observance of a holiday or ceremony of the pupil's religion, attendance at religious retreats, attendance at an employment conference, attendance at an educational conference on the legislative or judicial process offered by a nonprofit organization, college visits for high school seniors, or participation in a 'Take Your Child to Work' day, when the pupil's absence is requested in writing by the parent or guardian and approved by the principal or a designated representative.
- For the purpose of participating in religious exercises or to receive moral and religious instruction, provided the pupil attends at least the minimum school day. Absences for this purpose shall not exceed four days per school month. (Ed. Code, § 46014)
- Authorized at the discretion of a school administrator based on the facts of the pupil's circumstances, which are deemed to constitute a valid excuse, including, but not limited to, working for a period of not more than five consecutive days in the entertainment or allied industries if the pupil holds a work permit, or participating with a not-for-profit performing arts organization in a performance for a public school pupil audience for a maximum of up to five days per school year provided the pupil's parent or guardian provides a written note to the school authorities explaining the reason for the pupil's absence. (Ed. Code, §§ 48260, 48205, 48225.5)

For purposes of this section, attendance at religious retreats shall not exceed one school day per semester.

Absences pursuant to this section are deemed to be absences in computing average daily attendance and shall not generate state apportionment payments.

A "civic or political event" includes, but is not limited to, voting, poll working, strikes, public commenting, candidate speeches, political or civic forums, and town halls. (Ed. Code, § 48205)

"Cultural" means relating to the habits, practices, beliefs, and traditions of a certain group of people. (Ed. Code, § 48205)

"Immediate family," as used in this section refers to the parent or guardian, brother or sister, grandparent, or any other relative living in the household of the pupil. (Ed. Code, § 48205)

"Victim services organization or agency" means an agency or organization that has a documented record of providing services to victims. (Ed. Code, § 48205; Labor Code § 230.1)

9. ABSENCE FOR CONFIDENTIAL MEDICAL SERVICES (EC 46010.1, BP/AR 5113)

State law allows for school authorities to excuse any pupil in grades 7 through 12 from school for purposes of obtaining confidential medical services without the consent of the pupil's parent/guardian. However, the normal procedure in Manteca Unified School District is to make a sincere effort to ensure that parents/guardians are aware of all current concerns with their children.

10. ABSENCE FOR RELIGIOUS PURPOSES (EC 46014)

Pupils may be excused, with written permission from parents or guardian, in order to participate in religious exercises or receive moral and religious instruction away from school property. Every pupil excused must attend at least the minimum school day. No pupil shall be excused from school for such a purpose on more than four days per school month.

11. AVAILABILITY OF HOME/HOSPITAL INSTRUCTION FOR PUPILS WITH TEMPORARY DISABILITIES (EC 48206.3, 48207, 48208)

A student with a temporary disability which makes school attendance impossible or inadvisable may receive instruction in their home, hospital, or other residential health facility.

MANTECA UNIFIED SCHOOL DISTRICT

Every student works to achieve grade level standards, feels safe and is supported to realize individual success.

A pupil with a temporary disability who is in a hospital or other residential health facility, excluding a state hospital, which is located outside of the School District in which the pupil's parent(s) or guardian(s) resides shall be deemed to have complied with the residency requirements for school attendance in the school district in which the hospital is located.

It shall be the primary responsibility of the parent(s) or guardian(s) of a pupil with a temporary disability to notify the school district in which the pupil deemed to reside pursuant to Section 48207 of the pupil's presence in a qualifying hospital.

12. STUDENTS EXPERIENCING HOMELESSNESS (McKinney-Vento Act)

The term "children and youth experiencing homelessness" means individual who lack a fixed, regular, and adequate nighttime residence. This definition includes: "children and youth who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; children who may be living in motels, hotels, trailer parks, or shelters; children/youth who have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings; children/youth who are living in cars, parks, public spaces, abandoned buildings substandard housing, bus or train stations, or similar settings, or migratory children who qualify as homeless because they are children who are living in similar circumstances listed above." Homelessness is defined in a number of ways. Please consult with school site staff regarding the McKinney-Vento Act or contact Homeless Liaison, Coordinator of Health Services, (209) 858-0782.

13. ENROLLMENT (EC 35160.5, 48980(g))

Manteca Unified School District is experiencing shifting enrollment patterns throughout the district. Every attempt is made to have space available for pupils at their schools of residence, but the district may find it necessary to overflow students from their school of residence to another school to meet enrollment and staffing needs for the school year. If space is not available, pupils will be transferred to another school site and transported at district expense. All students who are placed on overflow will begin the school year at their overflow school. Every effort will be made to return students to their schools of residence as soon as possible. Priority will be given to students based on the date of enrollment at the school of residence. Those students who enrolled the earliest will return to their school of residence first. Students that are overflowed for one school year may be returned to their school of residence for the following school year if space allows. We understand that overflow may cause an inconvenience, and the district is working diligently to resolve as many of these issues as possible.

Open Enrollment

Pupils who reside within the MUSD boundaries may apply for a transfer to any District school through the Open Enrollment (Intradistrict) process for the fall semester of the next school year. An unbiased selection process is used for the admission of pupils from outside a school's attendance area. Applications are available online during the Open Enrollment period. Transportation is not provided for Open Enrollment transfers. Open Enrollment is not available to UTK students. UTK students must attend their resident school, overflow site, or designated Early Education Center based on their school's attendance area.

Parents of pupils who will be in grades kindergarten through twelve will be notified of the status of their Open Enrollment Request form prior to the beginning of the school year.

Once enrolled, all elementary students must reapply for Open Enrollment each year. Open Enrollment renewal forms are to be filled out online. Those students with intradistrict transfers may be subject to displacement and return to their school of residence due to excessive enrollment at the requested school.

High school students do not need to reapply yearly, but the Open Enrollment can be revoked if the student does not maintain satisfactory attendance, behavior and academic achievement (as determined by the receiving school administration and Student Services) during the first or second term of the first school year on Open Enrollment.

Student Residency

A student may be enrolled in the District if (1) the student's parent, legal guardian or other person having control and charge of the student resides in the District (Ed. Code, § 48200); (2) the District has approved interdistrict attendance (Ed. Code, § 46600); (3) the student is placed in a regularly established children's institution, licensed foster home, or family home; (4) the student is a foster child who remains in their school of origin pursuant to Education Code section 48853.5(f) and (g); (5) the student is emancipated and lives within the District; (6) the student lives in the home of an adult who has submitted a caregiver affidavit; (7) the student resides

in a state hospital within the District; or (8) the student's parent or legal guardian resides outside of the boundaries of the school district but is employed and lives with the student at the place of their employment within the school district boundaries for a minimum of three days during the school week. (Ed. Code, § 48204) The law allows, but does not require, a district to accept a student for enrollment where at least one parent or legal guardian of the student is physically employed within the district's boundaries for a minimum of 10 hours during the school week. (Ed. Code, § 48204) A student also complies with the residency requirements for school attendance in a school district if they are a student whose parent is transferred or pending transfer to a military installation within the state while on active duty pursuant to an official military order.

However, the parent/guardian must provide proof of residence in the school district within ten (10) days after the published arrival date provided on official documentation. (Ed. Code, § 48204.3) A student also complies with the residency requirement if the student's parent/guardians were residents of the state but departed California against their will if the student provides official documentation evidencing the departure of their parent/guardians against their will; that the student moved outside of California as a result of their parent/guardians departing California against their will; and that the student lived and was enrolled in school in California immediately before moving outside of California. (Ed. Code, § 48204.4)

14. TRANSITIONAL KINDERGARTEN

The District is required to make TK available to all children who will have their fourth birthday by September 1 of the school year. Inclusive of this date <http://www.mantecausd.net/our-district/registration/utkregistration>.

15. AVAILABILITY OF EMPLOYMENT-BASED SCHOOL ATTENDANCE OPTIONS (EC 48204, 35160.5)

Manteca Unified School District (MUSD) Board Policy 5111.12, authorizes and establishes procedures for admission and attendance of contracted District employees' children at MUSD from the students' district of residence. Contracted employees of MUSD may request inter-district transfers for their children and will be given priority for enrollment at a site where space is available should the district of residence give approval for the transfer. Enrollment of an employee's child shall not displace the attendance of a resident student.

16. AVAILABILITY OF EMPLOYMENT-BASED SCHOOL ATTENDANCE OPTIONS (EC 48204, 35160.5)

Manteca Unified School District (MUSD) Board Policy 5111.12, authorizes and establishes procedures for admission and attendance of contracted District employees' children at MUSD from the students' district of residence. Contracted employees of MUSD may request inter-district transfers for their children and will be given priority for enrollment at a site where space is available should the district of residence give approval for the transfer. Enrollment of an employee's child shall not displace the attendance of a resident student.

Attendance Options

Students who attend schools other than those assigned by the District are referred to as "transfer students" throughout this notification. There is one process for choosing a school within the District which the parent lives (intradistrict transfer), and three separate processes for selecting schools in other districts (interdistrict transfer). (Ed. Code, § 48980(h))

Parents interested in interdistrict transfer should contact their resident school and those interested in intradistrict transfers should contact studentservices@musd.net. The general requirements and limitations of each process are described as follows:

Choosing a School Within the District in Which Parent Lives: Education Code section 35160.5(b) requires the school board of each district to establish a policy that allows parents to choose the schools their children will attend, regardless of where the parent lives in the district. The law limits choice within a school district as follows:

- Students who live in the attendance area of a school must be given priority to attend that school over students who do not live in the school's attendance area.
- In cases in which there are more requests to attend a school than there are openings, the selection process must be "random and unbiased," which generally means students must be selected through a lottery process rather than on a first-come, first-served basis. A district cannot use a student's academic or athletic performance as a reason to accept or reject a transfer.

MANTECA UNIFIED SCHOOL DISTRICT

Every student works to achieve grade level standards, feels safe and is supported to realize individual success.

However, a district may consider special circumstances that might be harmful or dangerous to a particular pupil in the current attendance area of the pupil, including physical threats of bodily harm or threats to the emotional stability of the pupil documented by a state or local agency, licensed or registered professional, or court order.

- The district retains the statutory authority to determine the capacity and number of openings at each school site available for transfer students. A transfer request may be denied if it would exceed established site or program capacity, or if granting the transfer would leave the district out of compliance with an active, court-ordered desegregation plan
- A district is not required to provide transportation assistance to a student who transfers to another school voluntarily in the district under these provisions.
- If a transfer is denied, a parent does not have an automatic right to appeal the decision. A district may, however, voluntarily decide to put in place a process for parents to appeal a decision.

Victims of Bullying: A school district of residence must approve an intradistrict transfer request for a victim of an act of bullying unless the requested school is at maximum capacity, in which case the district must accept an intradistrict transfer request for a different school within the district. A school district of residence may not prohibit the interdistrict transfer of a victim of an act of bullying if there is no available school for an intradistrict transfer and if the school district of proposed enrollment approves the transfer application. (Ed. Code, § 46600)

- A school district of proposed enrollment shall ensure that pupils admitted under this law are selected through an unbiased process that prohibits an inquiry into or evaluation or consideration of whether a pupil should be enrolled based on academic or athletic performance, physical condition, English proficiency, family income, or any of the individual characteristics set forth in Education Code section 220, including, but not limited to, race or ethnicity, gender, gender identity, gender expression, and immigration status.

Choosing a School Outside the District in Which Parent Lives: Parents have two different options for choosing a school outside the district in which they live. The two options are:

- Interdistrict Transfers (EC, §§ 46600–46610): The law allows two or more districts to enter into an agreement for the transfer of one or more students for a period of up to five years. New agreements may be entered into for additional periods of up to five years each. The agreement must specify the terms and conditions under which transfers are permitted. The law on interdistrict transfers also provides for the following:
 - Once a pupil is enrolled in a school pursuant to an interdistrict transfer agreement, the pupil must be allowed to continue to attend the school in which they are enrolled without reapplying, unless revocation of the interdistrict transfer is a term and condition of the agreement between the districts; however, a district must not rescind existing transfer permits for pupils entering grade 11 or 12 in the subsequent school year.
 - Upon request, a pupil determined to be the victim of an act of bullying by a pupil of the district of residence must be given priority for interdistrict attendance under any existing interdistrict attendance agreement or additional consideration for the creation of an interdistrict attendance agreement. (Ed. Code, §§ 46600(b), 48900(r))
 - If either district denies a transfer request, a parent may appeal that decision to the county board of education. There are specified timelines in the law for filing an appeal and for the county board of education to make a decision. (Ed. Code, § 46601)
 - A school district of residence shall not prohibit the transfer of a student who is a homeless child or youth, a current or former migratory child, a foster youth, the victim of an act of bullying, or a child of an active military duty parent to a school district of proposed enrollment if the school district of proposed enrollment approves the transfer application.
 - If a pupil is a victim of an act of bullying and their school district of residence has only one school offering their grade level, such that there is no option for an intradistrict transfer, the pupil may apply for an interdistrict transfer, and the school district of residence shall not prohibit the transfer if the school district of proposed enrollment approves the application for transfer. (Ed. Code, § 46600)
 - A school district that elects to accept an interdistrict transfer pursuant to this subdivision shall accept all pupils who apply to transfer under this subdivision until the school district is at maximum capacity and shall ensure that pupils admitted under this subdivision are selected through an unbiased process that prohibits an inquiry into or evaluation or consideration of whether or not a pupil should be enrolled based on their academic, performance, athletic performance, physical condition, proficiency in English, family income, actual or perceived characteristics, such as disability (mental and physical), gender (includes gender

identity, gender expression, and gender-related appearance and behavior whether or not stereotypically associated with the person's assigned sex at birth), actual or potential parental, family, or marital status, pregnancy (including childbirth, false pregnancy, termination of pregnancy, or recovery therefrom), nationality (includes citizenship, country of origin and national origin), immigration status, race or ethnicity (includes ancestry, color, ethnic group identification and ethnic background), religion (includes all aspects of religious belief, observance and practice, including agnosticism and atheism), sexual orientation (heterosexuality, homosexuality or bisexuality), or association with a person or group with one or more of these actual or perceived characteristics. (Ed. Code, § 46600)

- Upon request of the parent on behalf of a pupil eligible for transfer pursuant to this subdivision, a school district of enrollment will provide transportation assistance to a pupil who is eligible for free or reduced-price meals. (Ed. Code, § 46600)
- A school district of enrollment may provide transportation assistance to any pupil admitted under this subdivision. (Ed. Code, § 46600(d))
- "Allen Bill" Transfers (Ed. Code, § 48204(b)): The law allows, but does not require, each school district to adopt a policy whereby the student may be considered a resident of the school district in which their parents (or legal guardian(s)) physically work for a minimum of 10 hours during the school week if that is different from the school district in which the student resides. This code section does not require that a school district accept a student requesting a transfer on this basis, but a student may not be rejected on the basis of race/ethnicity, sex, parental income, academic achievement, or any other "arbitrary" consideration. Other provisions of Education Code section 48204(b) include:
 - Either the district in which the parent (or legal guardian) lives or the district in which the parent (or legal guardian) physically works may prohibit the student's transfer if it is determined that there would be a negative impact on the district's legally mandated desegregation plan.
 - The district in which the parent (or legal guardian) physically works may reject a transfer if it determines that the cost of educating the student would be more than the amount of state funds the district would receive for educating the student.
 - There are set limits (based on total enrollment) on the net numbers of students that may transfer out of a district under this law, unless the district approves a greater number of transfers.
 - There is no required appeal process for a transfer that is denied. However, the district that declines to admit a student is encouraged to provide in writing to the parent the specific reasons for denying the transfer.

17. COMPREHENSIVE SCHOOL SAFETY PLANS

Each school in Manteca Unified maintains a comprehensive school safety plan (CSSP), a vital component of our commitment to creating a secure learning environment. CSSPs outline prevention, preparedness, and response strategies and continually evolve during school site safety team and staff meetings to adapt to current local, state, and national conditions and are approved by the MUSD Board of Education annually. Having a strategy and system for preparedness is pivotal during a crisis, so as such, MUSD has a dedicated Incident Command Team, and schools have respective safety teams trained and ready to respond should a crisis occur.

In accordance with Education Code 32286, each school site reviews, updates, and approves its CSSP annually by March 1. The public, non-tactical portions of the CSSP are available for parent or guardian review at each respective school site's main office. Having a strategy and system for preparedness is pivotal during a crisis; as such, MUSD has a dedicated Incident Command Team, and schools have respective safety teams trained and ready to respond should a crisis occur.

Safe Storage of Firearms

California law requires school districts to notify parents and guardians of their legal responsibilities regarding the safe storage of firearms. Gun ownership comes with substantial legal responsibilities, and safely storing firearms is required by law to protect minors from accessing them.

Under California Penal Code 25100, a person commits the crime of "criminal storage of a firearm" if they keep any loaded firearm within any premises under their control and know, or reasonably should know, that a child is likely to gain access to the firearm without the permission of the child's parent or legal guardian, and the child obtains access to the firearm.

MANTECA UNIFIED SCHOOL DISTRICT

Every student works to achieve grade level standards, feels safe and is supported to realize individual success.

- Firearms must be stored in a locked container or secured with a locking device that renders the firearm inoperable.
- Ammunition must be stored in a separate locked location.
- Information regarding gun safety and the safe storage of firearms can be found through the California Department of Justice at <https://oag.ca.gov/firearms/tips>. (Ed. Code, §§ 48986, 49392; Pen. Code, § 25100)

18. SEXUAL HARASSMENT POLICY AS RELATED TO PUPIL (EC 48900.2)

It is the policy of the Manteca Unified School District to strictly prohibit sexual harassment by any pupil, or employee. Sexual harassment is forbidden by both state and federal law. Disciplinary action will be taken against persons found in violation.

19. PUPIL RECORDS—PRIVACY RIGHTS AND DIRECTORY INFORMATION (EC 49061, 49063, 49068, 49069, 49070, 49073, 49076, 60900.5)

A parent or guardian has the right to inspect and review during school hours all records relating directly to their child within five (5) business days of the written request to the school principal. The types of educational records maintained by the District include attendance, achievement, conduct, test scores, and health records. The principal of each school is responsible for the maintenance of such pupil records.

Records are reviewed by site administrators, certificated staff and other school officials, employees, persons or agencies, having a legitimate educational interest. Decisions to expunge such records shall be made to the site administrator. In addition to those listed above, others who may review records include officials or employees of other school systems where educational programs leading to high school graduation are provided, federal, state, and local officials as needed for program audits and legal compliance, the district attorney for truancy mediation, and a prosecuting agency under circumstances. The District may also release information from records to appropriate persons in emergencies, agencies and organizations in connection with pupil application for financial aid, accrediting associations, organizations conducting studies on behalf of educational institutions as limited by Education Code 49076 or other educational institutions subject to parents' rights as provided in Education Code 49068.

Additionally, Section 9528 requires that parents be notified that the school routinely discloses names, addresses, and telephone numbers to military recruiters upon request, subject to a parent's request not to disclose such information without written consent. A single notice provided through a mailing, student handbook, or other method that is reasonably calculated to inform parents of the above information is sufficient to satisfy the parental notification requirements of both FERPA and Section 9528.

A log is maintained for each pupil's record which lists all persons, agencies or organizations requesting or receiving information from the record and the interests thereof. Such log is located at each school and open to inspection by a parent or guardian.

Parents and guardians have the right to know the names and positions of persons who have had access to a pupil's records and the purposes for which they had access.

Parents and guardians have the right to authorize the release of educational records to themselves. The District must provide this access to any parent regardless of custody status unless a valid court order restricting such access is on file with the school.

Custodial parents and guardians have the right to challenge the content of pupils' records and to know the procedure for such. Reproduction of pupil records for parents or guardians will be charged at a rate of ten cents per page.

The District may make available to various persons, agencies or institutions the following categories of directory information, unless notified by the parent or guardian in writing not to release such: Name, Address, Telephone, Date and place of birth, Major field of study, Participation in officially recognized activities and sports, Weight and height of members of athletic teams, Dates of attendance, Degrees and awards received, and Most recent previous educational institution attended.

The District submits student information to the California Longitudinal Pupil Achievement Data System (CALPADS) as required by California Education Code § 60900. All CALPADS data is protected by FERPA and applicable state privacy laws. Pursuant to California Education Code § 60900.5, student data submitted to CALPADS may be shared with the California College Guidance Initiative (CCGI).

20. Limited English Proficient Students

The Act requires notice be given to parents of limited English proficient students regarding limited English proficiency programs, not later than 30 days after the beginning of the school year (or, for students identified later in the school year, within two weeks). Notice includes: the reasons for the identification of the student as limited English proficient; the need for placement in a language instruction educational program; the student's level of English proficiency and how such level was assessed; the status of the student's academic achievement; the methods of instruction used in the available programs; how the recommended program will meet the student's needs; the exit requirements for the program; how the program meets the objectives of the student's IEP, if applicable, and; parent options for removing a student from a program and/or declining initial enrollment. (Section 1112(e) (3)(A) of the ESEA, as amended by ESSA)

The information provided above is available upon request from each child's school or the district office. Additional notices that may be required should be sent separately. (20 U.S.C. § 6301 et seq.)

21. ENGLISH LANGUAGE PROFICIENCY ASSESSMENTS (ELPAC) (EC 313; 60810)

The English Language Proficiency Assessments for California (ELPAC) is the required state test for English language proficiency that must be given to students whose primary language is a language other than English. State and federal law require that MUSD schools administer this test to eligible students in Kindergarten through Grade 12. Identifying students who need help learning English is important so that they can get the support they need to do well in all school subjects. The Initial ELPAC is used to initially identify students as English Learners. The Summative ELPAC, given to all English Learners every spring until they are reclassified as proficient in English, is used to measure skills and annual growth. If you would like more information, please visit the California Department of Education's ELPAC webpage at <https://www.cde.ca.gov/ta/tg/ep/>. Please contact your child's school if you have any questions about the ELPAC.

22. ENGLISH LANGUAGE ACQUISITION PROGRAMS

All schools are required to provide a Structured English Immersion (SEI) program option. In this option your child will be placed in a classroom that uses mostly English for instruction. SEI is a language acquisition program for English learners in which nearly all classroom instruction is provided in English, but with curriculum and a presentation designed for pupils who are learning English. At minimum, students are offered ELD and access to grade level academic subject matter content.

Requesting a Language Acquisition Program:

Language acquisition programs are educational programs designed to ensure English acquisition occurs as rapidly and effectively as possible and provides instruction to English learners based on the state-adopted academic content standards, including English language development (ELD) standards. (EC Section 306[c]) Parents/Guardians may choose a language acquisition program that best suits their child. Schools in which the parents or legal guardians of 30 pupils or more per school or the parents or legal guardians of 20 pupils or more in any grade request a language acquisition program that is designed to provide language instruction shall be required to offer such a program to the extent possible. (EC Section 310[a]) Parents may provide input regarding language acquisition programs during the development of the Local Control Accountability Plan. If interested in a different program from that listed above, please contact the office of the Coordinator of English Learners at (209) 858-0443 or the administrator at your child's school of attendance. Parents of English learners have a right to decline or opt their children out of the school district's language acquisition program or opt out of particular English learner service(s) within a language acquisition program. (20 U.S.C Section 6318[c][A][vii]) However, LEAs remain obligated to provide the student meaningful instruction (5 CCR Section 11302) until the student is reclassified, inform the parent when progress is not made, and offer the parent programs and services to consider at that time.

23. IMMUNIZATIONS AND CONTROL OF COMMUNICABLE DISEASES (EC 49403, 49451, H.S.C. Chapter 7, Section 3380, Division 4 and Chapter 291, Statutes of 1995)

The District shall exclude from school any pupil who has not been immunized properly, unless the pupil is exempted from the immunization requirement pursuant to Chapter 1 (commencing with section 120325) of part 2 of division 105 of the Health and Safety Code. State regulations specify that pupils provide a written immunization record signed by a physician, nurse or health department showing the month and year of each required vaccine dose. These records must show that pupils have received all currently due immunizations required in order to be admitted to school. Pupils who do not meet state requirements will be referred to their health provider or the local health department for immunizations prior to admittance.

Effective July 1, 2019, all students entering seventh grade will be required to present documentation of a Tdap Booster and a second Varicella. All new admissions to a school will be required to meet the July 2019 immunization requirements.

When there is a good reason to believe that a child may have a recognized contagious or infectious disease, the pupil may be sent home and shall not be permitted to return to school until school authorities are satisfied that any contagious or infectious disease is being treated or does not exist. Any questions should be addressed to the Coordinator of Health Services at (209) 858-0782.

Students are advised to adhere to current immunization guidelines regarding full human papillomavirus ("HPV") immunization before admission or advancement to the eighth- grade level. HPV vaccination can prevent over 90 percent of cancers caused by HPV. HPV vaccines are very safe, and scientific research shows that the benefits of HPV vaccination far outweigh the potential risks. A fact sheet has been attached describing the benefits of an HPV vaccination. (Ed. Code, § 48980.4, Health & Safe Code, § 120336)

24. NOTICE REGARDING IMMUNIZATION RECORDS

As required by Health and Safety Code Section 120440, the School District may share some information on your child with the local health department immunization registry and the state health department, unless you refuse to allow this. The registry may share this information with other doctors, clinics, or hospitals your child goes to for care, if they ask for it. The only information we will share is: 1) you and your child's name; 2) your child's birthplace; 3) vaccines he or she has received; 4) any serious reaction he/she had to vaccine; 5) your address and phone number, and other non-medical information if needed to make sure it is the correct person's record. The doctors, clinics, or hospitals which receive this information can use to: 1) help in deciding what vaccines your child needs; 2) phone or send you a reminder when a vaccine is due, and, 3) tally numbers of patients who are or are not up to date on their vaccines (without patient names, addresses etc., included).

The registry may also share the same information, without address or phone number, with the following if they request it: 1) schools; 3) child care centers; 3) WIC supplemental food clinics; 4) CalWORKs public assistance program; 5) health care plans; and 6) other persons or entities when disclosure is otherwise specifically authorized by law. These persons and entities can use that information only for the reasons listed above, and, a) for schools or child care centers, to help you prove your child has had the vaccines required for entry; b) for WIC clinics, to let you know if your child has vaccine doses due; and, c) for health care plans, to help process insurance payments. All of these people and groups listed above who ask for and get this information are required by law to keep it confidential and use it only for the reasons listed above.

In addition, you have the following rights: 1) to refuse to have us share any of this information now or at any time; 2) to refuse to get reminder notices when vaccines are due; 3) to look at your child's record at the health department registry and correct any errors; and, 4) to get the names and addresses of anyone with whom this information is shared.

If you wish to refuse to have the District share this information, or to refuse to receive reminders when your child is due for vaccines, please contact the Health Services Department at (209) 858-0782.

25. ADMINISTRATION OF MEDICATION AT SCHOOL and NOTICE TO SCHOOL OF NON-EPISODIC CONDITION (EC 49423, 49480)

MANTECA UNIFIED SCHOOL DISTRICT

Every student works to achieve grade level standards, feels safe and is supported to realize individual success.

State law requires that the parents/guardians notify the school if their pupil is on a continuing medication regimen for a non-episodic condition (i.e., asthma, diabetes, epilepsy, hay fever, attention deficit disorder, etc.) If the medication is to be administered at school during the school day, the school must receive: (1) a written statement from the physician detailing the method, amount, and time schedules by which the medication is to be taken; (2) a written statement from the parent/guardian of the pupil indicating the desire for school personnel to assist in the administration of medication in the manner set forth in the physician's statement; and (3) the medication in the original pharmacy labeled container. Parental permission may be requested for the school nurse to communicate with the physician and to advise school personnel regarding the condition of the student and possible effects of the medication on the child. A form for the physician and parental requests is available from the school office and the District website. It must be completely filled out prior to the administration of any medication.

Non-prescription medications such as aspirin, Tylenol, etc., may only be administered at school if the same requirements outlined for prescription medications are followed. Students may not have any medication in their possession unless the physician and parent/guardian request specifically state the need, and the principal and school nurse agree. As a parent/guardian, you have the right to bring medication to school and administer the medication to your child.

26. REFUSAL TO CONSENT TO PHYSICAL EXAMINATION VISION, HEARING, AND SCOLIOSIS SCREENING (EC 49451, 49452, 49456)

State law requires schools to conduct vision, hearing and scoliosis screening examinations of pupils at specified grade levels. When a defect or possible abnormality is suspected, the parent/guardian will be notified in writing and asked to take the pupil to an appropriate health care provider for further evaluation and recommendations. Parents are encouraged to communicate those results with the school office staff or school nurse. A parent may request in writing that their child be exempt from these assessments.

A parent/guardian may file a written notice annually with the principal of the school stating that consent to a physical examination is not granted, and the pupil will be excused from screening tests. Likewise, a parent/guardian may request the teacher to refer his/her child to participate in a screening examination at any grade level.

27. AVAILABILITY OF INSURANCE PLAN (EC 49470-49473)

The medical/dental costs of pupil accidents are normally the responsibility of the parent(s) or legal guardian(s). Pupil accident insurance solves many problems in advance. The School District does not carry insurance to pay for the cost of treatment for students injured on school grounds while under school supervision or while participating in school-sponsored activities. Parents are responsible for providing medical/dental care and health insurance for their children.

Every year, Manteca Unified School District provides parent(s) or legal guardian(s) with applications for school-time accident insurance. The contract is made between the parent(s) or legal guardian(s) and the insurance company. The Manteca Unified School District only supplies the application forms. This low-cost insurance helps pay for the medical/dental costs if a child is injured while under the jurisdiction of the school. The principal of your child's school will provide you with further information if you desire. Please contact your school site for more information. You may also call Health Services at (209) 858-0782 for assistance in Covered California applications, and no cost plan eligibility.

28. PUPIL FEE

A pupil enrolled in a public school must not be required to pay a pupil fee for participation in an educational activity. (Education Code, § 49011)

(a) The following requirements apply to prohibited pupil fees:

- 1) All supplies, material, and equipment needed to participate in educational activities must be provided to pupils free of charge.
- 2) A fee waiver policy shall not make a pupil fee permissible.

MANTECA UNIFIED SCHOOL DISTRICT

Every student works to achieve grade level standards, feels safe and is supported to realize individual success.

- 3) School districts and schools shall not establish a two-tier educational system by requiring a minimal educational standard and also offering a second, higher educational standard that pupils may only obtain through payment of a fee or purchase of additional supplies that the school district or school does not provide.
- 4) A school district or school shall not offer course credit or privileges related to educational activities in exchange for money or donations of goods or services from a pupil or a pupil's parents or guardians, and a school district or school shall not remove course credit or privileges related to educational activities, or otherwise discriminate against a pupil, because the pupil or the pupil's parents or guardians did not or will not provide money or donations of goods or services to the school district or school.
- (b) Solicitation of voluntary donations of funds or property and voluntary participation in fundraising activities are not prohibited. School districts, schools, and other entities are not prohibited from providing pupils prizes or other recognition for voluntarily participating in fundraising activities. (Education Code, § 49010 et seq.)

A complaint of noncompliance may be filed under the District's Uniform Complaint Procedures and Title 5 of the California Code of Regulations. (Education Code, § 49013)

29. STATE MEAL MANDATE (EC 49501.5)

Public school districts serving students in grades TK-12 are required to provide breakfast and lunch at no charge during each school day to students requesting a meal, regardless of free or reduced-price meal eligibility. Manteca Unified School District provides special meal requests per written documentation signed by a licensed physician or Registered Dietitian. Find more information and medical release forms at www.musdnutrition.net.

30. FREE AND REDUCED PRICE ELIGIBILITY (EC 49510-49520)

To ensure your child receives the necessary benefits, and to provide adequate funding for your child's school, it is essential that students submit the Student and School Benefit Form for the 2026/2027 school year. This form directly replaces the Free/Reduced Lunch Application. Student and School Benefit Forms will be available July 1, 2025. Student and School Benefit Forms are available online in the "School Links" section of Q Parent Connection. Paper forms are available during office hours on July 1, 2026, at each school office or in the Nutrition Education Office.

31. HIV/AIDS PREVENTION INSTRUCTION (EC 51938)

State law requires that school districts ensure that all pupils in grades 7 through 12 receive AIDS prevention instruction at least once in junior high or middle school, and at least once in high school.

The law requires trained instructors to use age-appropriate instructional materials that accurately reflect the latest information and recommendations from the United States Surgeon General, Federal Centers for Disease Control and Prevention, and the National Academy of Sciences, and include the following:

- a) Information on the nature of AIDS and its effects on the human body.
- b) Information on how the Human Immunodeficiency Virus (HIV) is and is not transmitted, including information on activities that present the highest risk of HIV infection.
- c) Discussion of methods to reduce the risk of HIV infection. This instruction shall emphasize that sexual abstinence, monogamy, avoidance of multiple sexual partners, and abstinence from injected drug use are the most effective means for AIDS prevention. The instruction shall also include statistics based upon the latest medical information citing the failure and success rates of condoms and other contraceptives in preventing sexually transmitted HIV infection and information on other methods that may reduce the risk of HIV transmission from injected drug use.
- d) Discussion of the public health issues associated with AIDS.
- e) Information on local resources for HIV testing and medical care.

MANTECA UNIFIED SCHOOL DISTRICT

Every student works to achieve grade level standards, feels safe and is supported to realize individual success.

- f) Development of refusal skills to assist pupils to overcome peer pressure and to use effective decision-making skills to avoid high-risk activities.
- g) Discussion about societal views on AIDS, including stereotypes and myths regarding persons with AIDS. This instruction should emphasize compassion for persons with AIDS.

It is the practice of MUSD to notify parents/guardians prior to units of instruction about HIV/AIDS and provide opportunities to review any materials used with students by the instructors. If a parent/guardian wishes his/her child to be exempted from HIV/AIDS instruction in elementary or secondary schools, the parent/guardian may request that the child not receive instruction in an annual written note to the teacher or principal. Any questions may be addressed to the principal, school nurses or Coordinator of Health Services at (209) 858-0782.

32. EXCUSE FROM COMPREHENSIVE SEXUAL HEALTH EDUCATION (EC 51240)

A parent or guardian of a pupil has the right to excuse their child from all or part of comprehensive sexual health education, HIV/AIDS prevention education, and assessments related to that education. To excuse your student from any or all components of comprehensive sexual health education, submit in writing that your student is to be excused. The school site office also has a form that you may complete to have your student excused from the education.

33. COMPREHENSIVE SEXUAL HEALTH EDUCATION (EC 51933, 51934, 51937, 51938, 51939)

Comprehensive sexual health education is taught in Manteca Unified School District as part of a comprehensive health promotion and disease prevention education program, under the family life education component of the health courses. The health curriculum committee of Manteca Unified School District is responsible for designing course content based on 1) the state adopted Health Framework; 2) the state adopted Family Life Education Guidelines; and 3) commonly held community beliefs, values and standards, where parents are viewed as the primary family life teachers of their children.

Every child's parent/guardian will be notified prior to the commencement of any comprehensive sexual health education and HIV/AIDS prevention education instruction whether the instruction will be taught by District personnel or by outside consultants. If outside consultants or guest speakers are used, the notice shall include the date of the instruction, and the name of the organization or affiliation of each guest speaker will be identified. Parents have a right to request that the District provide them with a copy of Education Code sections 51933, 51934, and 51938. (Ed. Code, § 51938) If arrangements for instruction by outside consultants or guest speakers are made after the beginning of the school year, the Superintendent or designee shall notify parents/guardians no less than 14 days before instruction is given. (Ed. Code, § 51938)

Parents are invited to review instructional materials to be used in classroom family life education presentations. Any parent/guardian may submit, on an annual basis, a written request, that their child not participate in courses in which human reproductive organs and their functions and processes are described, illustrated, or discussed. No pupil may attend a class if a request to not attend the class has been received by the school. Parents or guardians shall be notified in writing if the District plans to administer an anonymous, voluntary and confidential test, questionnaire, or survey containing age- appropriate questions about the pupils' attitudes concerning or practices related to sex in grades 7 to 12 and given the opportunity to review the test, questionnaire, or survey. A parent or guardian has the right to excuse their child from the test, questionnaire, or survey by stating their request in writing. (Ed. Code, § 51938)

34. SPECIAL EDUCATION AND SERVICES (EC 56040, 56301, 56321, 56343)

Each individual with exceptional needs who is eligible to receive Special Education instruction and related services shall receive Special Education instruction and/or related services at no cost to his/her parents.

MANTECA UNIFIED SCHOOL DISTRICT

Every student works to achieve grade level standards, feels safe and is supported to realize individual success.

A parent or guardian who believes his/her child may have a disability or have exceptional needs may request that their child be evaluated for possible participation in an appropriate Special Education program. You, as parent/guardian, will be informed in writing prior to an assessment, and you must give your consent for the formal assessment.

In addition, parents will receive written notification of a meeting to review these assessments. The Individualized Education Program (IEP) team shall determine a child's eligibility for special education services under CCR Title 5 Part 3030. The IEP team shall include one or both parents, a representative selected by a parent, or both.

Once a child is found eligible and placed in special education, the individualized education program must be reviewed at least annually. A meeting of an IEP team requested by a parent to review an individualized education program shall be held within 30 days from the date of receipt of the parent's written request.

A copy of Parental Rights and Procedural Safeguards may be obtained from the school principal or the Senior Director of Special Education. (Education Code Sections 56175, 56176, 56177)

Reimbursement for the cost of a private school placement by the parent may be granted if the court or hearing officer finds that the LEA failed to provide a free appropriate public education to the student in a timely manner prior to the enrollment in the private school.

Parents seeking reimbursement for unilaterally placed private school students based on the allegation that the public school failed to provide a free appropriate public education may have those reimbursements reduced or denied if they do not provide the School District at the most recent IEP meeting with information describing the nature of their concerns relating to the public placement and a proposed resolution to the problem; their intent to reject the public school placement and their intent to enroll their child in a private school. Parents must give written notice to the School District containing the above information at least ten (10) business days prior to the child's removal from a public-school placement; and must make their child available if the LEA notifies them of their intent to evaluate the student. Reimbursement for private school placement by a parent may also be denied or reduced if a judge finds the parent's actions unreasonable.

Exceptions to this are: 1) the parent(s) cannot write English; 2) compliance is likely to result in physical or serious emotional harm to the child; 3) the School District prevented the parent from providing such notice; and 4) parents did not receive the notice regarding the assessment.

- d) Maximize the opportunity for teachers, parents and pupils to develop cooperatively the learning process and its subject matter. This opportunity shall be a continuous, permanent process;

52. CALIFORNIA ASSESSMENT OF STUDENT PERFORMANCE AND PROGRESS (EC 60615)

MANTECA UNIFIED SCHOOL DISTRICT

Every student works to achieve grade level standards, feels safe and is supported to realize individual success.

Students in Manteca Unified School District, along with public school students throughout California, participate in the California Assessment of Student Performance and Progress (CAASPP), the state academic achievement testing system. CAASPP is intended to provide information to teachers, parents/guardians, and students that can be used to monitor student progress and readiness for college and careers. If you would like more information, please visit the California Department of Education's CAASPP System webpage at <http://www.cde.ca.gov/ta/tg/ca/> or the MUSD CAASPP webpage at [CAASPP Testing - Manteca Unified School District](#). Please contact your child's school if you have any questions about your child's participation.

Beginning with the 2018-19 school year, CAASPP paper student score reports will no longer be provided by the California Department of Education. So, instead of mailing score reports as in past years, MUSD will offer confidential online CAASPP student score reports through the district's secure Parent Connect website. Once a Parent Connect account is set-up, parents will be able to quickly view, download, or print their child's online score report along with other important information. Parents may also contact their child's school office to request a paper copy of the report or if they need assistance setting up a Parent Connect account.

MUSD, in compliance with the federal Every Student Succeeds Act (ESSA) and state guidelines, does not encourage parents/guardians to exempt students from participating in CAASPP assessments but only wishes to inform all parents of their right as noted below.

All students are encouraged to participate in CAASPP since results provide valuable information about student progress for both parents and teachers. However, parents/guardians may request that their child not be tested with any CAASPP assessment in any content area. A written request must be submitted annually to the student's school prior to testing. The written request must include the student's name, school, grade, and specific tests to be exempted. The request must be signed and dated. Stating a reason for the request is not required. Per state guidelines, if the request is received after testing has begun, any test items already completed will be scored with results reported.

53. SCREENING FOR RISK OF READING DIFFICULTIES K-2 (EC 53008)

If you would like more information, please visit the California Department of Education Literacy webpage at California Literacy - Teaching & Learning (CA Dept of Education). Parents/Guardians will be notified of results during their student's goal setting conference in January.

MUSD, in compliance with state guidelines, does not encourage parents/guardians to exempt students from participating in Screening for Risk of Reading Difficulties but only wishes to inform all parents of their right as noted below.

A written request must be submitted annually to the student's school prior to testing. The written request must include the student's name, school, grade, and that Screening for Risk of Reading Difficulties is to be exempted. The request must be signed and dated. Reduced Visibility

During periods of reduced visibility (200 feet or less), delays in home- to-school transportation service may be required. An informational flyer is sent home to the students each year in the month of September with directions for calling the automated system.

Qualified Drivers: The District utilizes qualified drivers for transportation of students. However, if the District makes a reasonable effort to secure a driver who is qualified to transport students, but is unable to do so, the District will retain a school employee to transport students for school activities. School employees who are not qualified to transport students will not exceed 40 hours of drive time per school year. (Ed. Code, § 39875(d).)

STUDENT DRESS

The Governing Board believes that appropriate dress and grooming contribute to a productive learning environment. The Board expects students to wear clothing that is suitable for the school activities in which they participate. The dress code shall not be enforced in a manner that discriminates against a particular viewpoint or results in a disproportionate application of the dress code based on students' gender, sexual orientation, race, ethnicity, household income, or body type or size.

School administrators, teachers, and other staff shall be notified of appropriate and equitable enforcement of the dress code.

When practical, students shall not be directed to correct a dress code violation during instructional time or in front of other students.

Repeated violations or refusal to comply with the district's dress code may result in disciplinary action or support as needed.

The dress code policy may be included in the school's comprehensive safety plan. (Education Code 35183).

Type 1 Diabetes Information Sheet

In accordance with [Education Code 59452.6](#), information regarding Type 1 diabetes, including risk factors is required to be provided to every incoming family. For questions or concerns related to Type 1 diabetes, please contact your school nurse or Health Services at (209)858-0782.

Type 1 diabetes in children is an autoimmune disease that can be fatal if untreated, and the guidance provided in this information sheet is intended to raise awareness about this disease.

Type 1 diabetes usually develops in children and young adults but can occur at any age.

- According to the U.S. Centers for Disease Control and Prevention (CDC), cases of type 1 diabetes in youth increased nationally from 187,000 in 2018 to 244,000 in 2019, representing an increase of 25 per 10,000 youths to 35 per 10,000 youths, respectively.
- The peak age of diagnosis of type 1 diabetes is 13-14 years, but diagnosis can also occur much earlier or later in life.

Type 1 diabetes affects insulin production.

- As a normal function, the body turns the carbohydrates in food into glucose (blood sugar), the basic fuel for the body's cells.
- The pancreas makes insulin, a hormone that moves glucose from the blood into the cells.
- In type 1 diabetes, the body's pancreas stops making insulin, and blood glucose levels rise.
- Over time, glucose can reach dangerously high levels in the blood, which is called hyperglycemia.
- Untreated hyperglycemia can result in diabetic ketoacidosis (DKA), which is a life-threatening complication of diabetes.

Risk Factors Associated with Type 1 Diabetes

It is recommended that students displaying warning signs associated with type 1 diabetes, which are described below, should be screened (tested) for the disease by their health care provider.

Risk Factors

Researchers do not completely understand why some people develop type 1 diabetes and others do not; however, having a family history of type 1 diabetes can increase the likelihood of developing type 1 diabetes. Other factors may play a role in developing type 1 diabetes, including environmental triggers such as viruses. Type 1 diabetes is not caused by diet or lifestyle choices.

Warning Signs and Symptoms Associated with Type 1 Diabetes and Diabetic Ketoacidosis

Warning signs and symptoms of type 1 diabetes in children develop quickly, in a few weeks or months, and can be severe. If your child displays the warning signs below, contact your child's primary health care provider or pediatrician for a consultation to determine if screening your child for type 1 diabetes is appropriate:

- Increased thirst
- Increased urination, including bed-wetting after toilet training
- Increased hunger, even after eating
- Unexplained weight loss
- Feeling very tired
- Blurred vision
- Very dry skin
- Slow healing of sores or cuts
- Moodiness, restlessness, irritability, or behavior changes

DKA is a complication of untreated type 1 diabetes. DKA is a medical emergency. Symptoms include:

- Fruity breath
- Dry/flushed skin
- Nausea
- Vomiting
- Stomach pains

- Confusion

Types of Diabetes Screening Tests That Are Available

- **Glycated hemoglobin (A1C) test.** A blood test measures the average blood sugar level over two to three months. An A1C level of 6.5 percent or higher on two separate tests indicates diabetes.
- **Random (non-fasting) blood sugar test.** A blood sample is taken any time without fasting. A random blood sugar level of 200 milligrams per deciliter (mg/dL) or higher suggests diabetes.
- **Fasting blood sugar test.** A blood sample is taken after an overnight fast. A level of 126 mg/dL or higher on two separate tests indicates diabetes.
- **Oral glucose tolerance test.** A test measuring the fasting blood sugar level after an overnight fast with periodic testing for the next several hours after drinking a sugary liquid. A reading of more than 200 mg/dL after two hours indicates diabetes.

Type 1 Diabetes Treatments

There are no known ways to prevent type 1 diabetes. Once type 1 diabetes develops, medication is the only treatment. If your child is diagnosed with type 1 diabetes, their health care provider will be able to help develop a treatment plan. Your child's health care provider may refer your child to an endocrinologist, a doctor specializing in the endocrine system and its disorders, such as diabetes.

Contact your student's school nurse, school administrator, or health care provider if you have questions.

Type 2 Diabetes Information Sheet

For questions or concerns related to Type 2 diabetes, please contact your school nurse or Health Services at (209) 858-0782.

Type 2 diabetes is the most common form of diabetes in adults. Until recently, type 2 diabetes was rare in children, but it is becoming more common, especially for overweight teens.

Type 2 diabetes affects the way the body is able to use sugar (glucose) for energy.

- As a normal function, the body turns the carbohydrates in food into glucose (blood sugar), the basic fuel for the body's cells.
- The pancreas makes insulin, a hormone that moves glucose from the blood into the cells.
- In type 2 diabetes, the body's cells resist the effects of insulin, and blood glucose levels rise
- Over time, glucose can reach dangerously high levels in the blood, which is called hyperglycemia.
- Untreated hyperglycemia can lead to health problems like heart disease, blindness, and kidney failure.

Risk Factors Associated with Type 2 Diabetes

It is recommended that students displaying warning signs associated with type 2 diabetes, which are described below, should be screened (tested) for the disease by their health care provider.

Risk Factors

Researchers do not completely understand why some people develop type 2 diabetes and others do not; however, the following risk factors are associated with an increased risk of type 2 diabetes in children:

- Being overweight. The single greatest risk factor for type 2 diabetes in children is excess weight.
- Family history of diabetes.
- Inactivity
- Specific racial/ethnic groups. Native Americans, African Americans, Hispanics/Latinos, or Asian/Pacific Islanders are more prone than other ethnic groups to develop type 2 diabetes.
- Puberty. Young people in puberty are more likely to develop type 2 diabetes than younger children, likely because of normal rises in hormone levels that can cause insulin resistance during this stage of rapid growth and development.

Warning Signs and Symptoms Associated with Type 2 Diabetes

Warning signs and symptoms of type 2 diabetes in children develop slowly. If your child displays the warning signs below, contact your child's primary health care provider or pediatrician for a consultation to determine if screening your child for type 2 diabetes is appropriate:

- Increased thirst
- Increased urination, including bed-wetting after toilet training
- Increased hunger, even after eating
- Unexplained weight loss
- Feeling very tired
- Blurred vision
- Very dry skin
- Slow healing of sores or cuts
- Moodiness, restlessness, irritability, or behavior changes

Type 2 Diabetes Prevention

Healthy lifestyle choices can help prevent and treat type 2 diabetes. Even with a family history of diabetes, eating healthy foods in the correct amounts and exercising regularly can help children achieve or maintain a normal body weight and normal blood glucose levels.

- Eat healthy foods; make wise food choices.
- Get more physical activity. Increase activity to at least 60 minutes, every day
