

MACLAY SCHOOL

Pre-K

www.maclay.org/preklinks

Dear Pre-K Families,

We are so excited to begin this journey with you and your child. Starting Pre-K is an important milestone in your child's life, and we are honored to be a part of it. Whether this is your first year or you're continuing with us, we are grateful to partner with you for a joyful and meaningful year ahead.

Our Pre-K program is thoughtfully designed to support the whole child—socially, emotionally, intellectually, and physically—through hands-on exploration, structured routines, creative play, and nurturing relationships. Our classrooms are filled with laughter, curiosity, and discovery, led by dedicated educators who are passionate about early learning and committed to creating a safe and supportive environment for all children.

Throughout the year, your child will:

- Develop early literacy, math, and motor skills through engaging, age-appropriate activities
- Learn how to make friends, express emotions, and solve problems
- Gain independence, responsibility, and confidence
- Explore the world around them with wonder and excitement

We believe that strong connections between home and school are essential to a successful year. We look forward to partnering with you every step of the way. Please don't hesitate to reach out with any questions or concerns—we value your insight and support.

We will be hosting Connection Days on Friday, August 7, and Monday, August 10, so you and your child can explore the classroom and get to know your teacher and assistant. On July 27, you will receive an electronic calendar invitation to sign up for a 30-minute meeting with your child's teacher and assistant.

Please read the included Pre-K Important Information carefully. If you have any questions, feel free to ask your teacher during Connection Day. You can also find helpful information at the Back-to-School page linked below.

We are so glad you're here and can't wait to see all the growth, joy, and learning this year will bring.

Warmly,

Stacey Houston
Director of Pre-K
