General Information

The district has established fiscal procedures that apply to all financial transactions regardless of the funding source. **Procedures that relate directly and/or indirectly to federal and state grant compliance are indicated with a (†).** A separate section in this Business Operations Manual will include specific procedures related to acquiring, expending, and managing grant funds.

In accordance with School Board Policy, BP Local, the Superintendent and administrative staff shall be responsible for developing and enforcing procedures for the operation of the District. These procedures shall constitute the administrative regulations of the District and shall consist of guidelines, handbooks, manuals, forms, and any other documents defining standard operating procedures. The Superintendent shall approve this State and Federal Grants Manual on an annual basis, or as appropriate, if federal, state or local changes in regulations or policy warrant immediate changes. **Administrative procedures are subject to Board review but shall not be adopted by the Board.**

Business Department Mission

The Mission of the Wink-Loving Independent School District Business Office is to provide support to all District students, staff, parents, and the community and to ensure that all business operations are supportive of the instructional goals and objectives of the district.

The Business Division's primary goal is to protect the assets of the district and to ensure that all financial transactions are performed in accordance with generally accepted accounting practices.

This manual has been prepared to provide general information, guidelines, and procedures for budgeting and expending district funds and other business office responsibilities. It is composed of state and federal laws and local policies and procedures that are used for processing all financial and budget-related items. Additional information may be available within the district's Board Policies, Administrative Procedures, or other web resources.

Although it is not all-inclusive and cannot address all situations, it does provide general information to assist with standard financial operations. All district personnel with financial duties are responsible for the contents.

All trustees, employees, vendors, contractors, consultants, volunteers, and any other parties who are involved in the district's financial transactions shall act with integrity and diligence in duties involving the district's financial resources.

Business Department Staff

The Business Department staff shall perform multiple roles; however, adequate controls of separation of duties shall be maintained at all times. The staff consists of:

Mrs. Geanna Coker, Business Manager; (432) 527-3880 ext. 7003 gcoker@wlisd.net
Mrs. Lori Whitmire, Business Clerk; (432) 527-3880 ext. 7005, lwhitmire@wlisd.net

All Business Department staff are expected to comply with the:
Code of Ethics and Standard Practices for Texas Educators [Board Policy DH (Exhibit),
School Board Policy CAA Local regarding fraud, WLISD Code of Conduct (Employee Handbook),
Confidentiality Agreement, and WLISD Acceptable Use Guidelines.

Each staff member shall have an up-to-date job description on file in the Human Resources department. In addition, each staff member should receive and sign a job description and corresponding evaluation instrument during the annual evaluation process. Changes to job descriptions should be made when substantial changes occur in job duties or responsibilities.

ACCOUNTING

The business office is committed to a system of strong fiscal operations, including conformity with generally accepted accounting principles (GAAP); and compliance with finance-related legal and contractual issues in accordance with the Texas Education Code and other legal mandates.

WLISD follows the procedures outlined in the Texas Education Agency *Financial Accountability System Resource Guide (FASRG)* in accounting for all funds. Guidelines for financial accounting and reporting are derived from generally accepted accounting principles (GAAP). School districts are required to adhere to GAAP.

Accounting – The District is solely responsible for the recording and reporting of its financial affairs, both internally and externally. The Business Manager is responsible for establishing the structure for the District’s Chart of Accounts and for ensuring that procedures are in place to properly record financial transactions and report the District’s financial position.

All quarterly and annual financial reports shall be published on the District’s website, as well as, the monthly check register.

Audit of Accounts – In accordance with Texas Education Code 44.008, the Board of Trustees shall cause the District’s accounts to be audited at the close of each fiscal year, currently August 31st, by an auditor holding a valid permit from the Texas State Board of Public Accountancy.

The auditor shall perform the audit in accordance with generally accepted government auditing standards published by the United States General Accounting Office, commonly referred to as the Yellow Book. The financial statements shall be prepared on a government-wide basis and shall be in conformity with all pronouncements of the Governmental Accounting Standards Board (GASB).

External Reporting - The audit shall be accepted and completed within 150 days of year end and filed with the Texas Education Agency (TEA). In addition, certain schedules required by the TEA to be completed electronically shall be submitted no later than this date.

No later than February 28th of each year and in accordance with the TEA published guidelines, the audit shall be transmitted electronically into the Public Education Information Management System (PEIMS).

ACCOUNT CODE STRUCTURE:

Section 44.007 of the [Texas Education Code](#) (Code or TEC) requires that a standard school district fiscal accounting system be adopted by each school district. The system must meet at least the minimum requirements prescribed by the State Board of Education and also be subject to review and comment by the state auditor. Additionally, the accounting system must conform to the Generally Accepted Accounting Principles (GAAP). This section further requires that a report be provided at the time that the school district budget is filed, showing financial information sufficient to enable the state board of education to monitor the funding process and to determine educational system costs by school district, campus and program.

The [Texas Education Code](#), Section 44.008, requires each school district to have an annual independent audit conducted that meets the minimum requirements of the state board of education, subject to review and comment by the state auditor. The annual audit must include the performance of certain audit procedures for the purpose of reviewing the accuracy of the fiscal information provided by the district through the Public Education Information Management System ([PEIMS](#)). The audit procedures are to be adequate to detect material errors in the school district's fiscal data to be reported through the PEIMS system for the fiscal period under audit.

A major purpose of the following accounting code structure is to establish the standard school district fiscal accounting system required by law. Although certain codes within the overview may be used at local option, the sequence of the codes within the structure, and the funds and chart of accounts, are to be uniformly used by all school districts in accordance with generally accepted accounting principles.

The Code Structure

BASIC SYSTEM CODE COMPOSITION:

A complete listing of all revenue and expenditure codes is included at the end of this section.

Fund Code – a mandatory 3-digit code is to be used for all financial transactions to identify the fund group and specific fund.

Function Code – a mandatory 2-digit code applied to expenditures/ expenses that identify the purpose of the transaction.

Object Code – a mandatory 4-digit code identifying the nature and object of an account, a transaction or a source. The first of the four digits identifies the type of account or transaction, the second digit identifies the major area, and the third and fourth digits provide further sub-classifications.

Sub-Object Codes (Optional Codes 1 & 2 – for local use) – a 2-digit code for optional use to provide special accountability at the local level.

Organization Code – a mandatory 3-digit code identifying the organization, i.e., High School, Middle School, Elementary School, Superintendent’s office, etc. An organization code does not necessarily correspond with a physical location. The activity, not the location, defines the organization. Campuses are examples of organization codes and are specified for each school district in the Texas School Directory.

Fiscal Year Code – a mandatory single digit code that identifies the fiscal year of the transaction or the project year of inception of a grant project.

Program Intent Code – a 2-digit code used to designate the intent of a program provided to students. These codes are used to account for the cost of instruction and other services that are directed toward a particular need of a specific set of students. The intent (the student group toward which the instructional or other service is directed) determines the program intent code, not necessarily the demographic makeup of the students served.

Optional Codes 3-5 – used to indicate a specific class in a function (i.e. Journalism, Band, etc.)

Budget

The budgeting process is an essential element of the financial planning, control and evaluation process of the District. The legal basis for the budget process is established in the Texas Education Code sections 44.2 through 44.006 and local policy.

The operating budget is the Independent School District’s annual financial operating plan. The adopted annual budget shall include allocations for all campuses, departments and capital projects.

Preparation – The Texas Education Code requires that the District budget be prepared by a date set by the state board of education, currently June 19th for districts that have a June 30th fiscal year end. The code further requires that the president of the Board of Trustees call a public meeting, giving ten days public notice in a newspaper for the adoption of the District budget.

The Board of Trustees must adopt the prepared budget, inclusive of any amendments, no later than June 30th. The officially adopted District budget must be filed with the Texas Education Agency (TEA) through the Public Education Information Management System by the date prescribed annually by TEA.

Proposed Budget – A proposed budget shall be prepared by the Superintendent and the Business Manager with participation of campus and department stakeholders within state and federal mandated guidelines for programs.

The budget shall include four basic segments for review and evaluation:

Revenues

Personnel Costs

Operational Costs

Capital and other non-project costs

The budget review process will include Board of Trustee participation in the development of each segment and will allow for sufficient time for the Board of Trustees to address the strategic plan and fiscal issues.

The proposed budget and all preliminary budgetary information will be available on the District’s website for public view.

Adoption – Upon finalization of the budget appropriation, the Board of Trustees will hold a public hearing, and subsequently adopt the final budget as amended. The budget will be effective for the fiscal year beginning September 1st.

Tax Rate Adoption – The District may not adopt a tax rate until after the District receives the certified appraisal roll as required by Section 26.01 of the Property Tax Code, typically July 25th. In the event that the tax rate exceeds the rate proposed in the District's notice prepared for the budget hearing or the District's rollback rate as determined under Section 26.08 of the Property Tax Code, the District must publish a revised notice and hold another public meeting before adopting the tax rate.

Balanced Budget – The goal of the District is to balance the operating budget with current revenues, whereby, current revenues would match and fund on-going expenditures. Excess fund balance in the general operating fund may be used for one-time non-recurring expenditures or capital needs.

Excess fund balance is defined as the balance in excess of the optimum fund balance as defined by the Texas Education Agency and calculated annually in conjunction with the District's annual audit or the cash requirements for three months operating expenditures. Usage of the fund balance shall be approached with caution after careful review of both the optimum fund balance and the cash flow needs of the District for the upcoming three-year period.

Planning – The budget process will be coordinated so that major strategic issues are identified prior to the budget approval date. This will allow the Board of Trustees adequate time for consideration of appropriate decisions and analysis of the associated financial impacts.

Reporting – Financial reports will be presented to the Board of Trustees on a monthly basis. These reports will be in a format appropriate to enable the Board to understand the overall budget and financial status of the District. The report shall include an investment report, tax collection report, and cash flow position.

Control and Accountability – Each campus and departmental administrator will be responsible for the administration and oversight of their budget which is controlled on an organizational basis. This includes accomplishing the targets adopted as part of the budget and monitoring each department budget for compliance with spending limitations.

Budget Amendments – The District budget is amended monthly. The Board of Trustees may authorize an amendment to the budget for those items not included in the originally approved budget due to unforeseen circumstances.

Authorization Form - WLISD administrative personnel will submit to the Superintendent's Office a payroll authorization form for all new employee hires, and employee transfers. The Superintendent's Office must approve of the employee hiring or transfer before the form is submitted to the Business Office for processing. Budgetary accounts are documented on the form. All federally funded employees must follow the grant guidelines.

General Ledger Maintenance (†)

General ledger entries shall be made on an on-going basis as needed. End-of-the-month and end-of-the-year entries shall be made on a timely basis. End-of-the-year entries shall be made prior to the audit field work by the district's external audit firm.

The Director of Finance shall be responsible for monitoring the general ledger maintenance on a monthly basis. The general ledger shall be reviewed for accuracy in areas such as, but not limited to the following:

- ☐ Cash and investment balances equal the respective bank or investment monthly statements
- ☐ Aged purchase orders, receivables and payables
- ☐ Verify that fund accounts are in balance
- ☐ Verify that bank account reconciling items are posted to the general ledger

Journal Entries (†)

All general ledger entries shall be in balance (debits shall equal credits). A Journal Voucher form shall be used to document all entries. All journal entries shall be numbered for tracking purposes. A manual numbering system shall be utilized by the district. The Director of Finance shall be authorized to create journal entries and post journal entries to the general ledger.

All payroll general journals shall be interfaced to the finance system by the payroll department. The Director of Finance shall verify that the pre-post payroll general journals and the finance payroll general journals are in balance and posted accurately to the general ledger. All payroll general journals must be posted to the finance general ledger no later than the actual pay date.

All changes to the general ledger should be posted within the same month as the changes occurred, if possible, or as soon as practicable. At times, prior to closing the month, additional reconciling journal entries may be posted in accordance with the creation and approval guidelines.

School Board Reports and a detailed Check Payments report for the previous month should be generated and forwarded to the Superintendent's Secretary for board review. The financial reports and check payment list shall be reviewed by the School Board.

All reports should be filed for audit purposes including, but not limited to, the following:

- ☐ Cash General Journal
- ☐ General Journal
- ☐ Check Payments & Check Register
- ☐ Detail General Ledger

The Director of Finance shall review a Summary General Ledger on a regular basis to ensure the accuracy of fund accounting.

Data Entry and Validation (†)

All data entry shall be from the appropriate source document(s). All data entry shall be validated (verified) with the source documents. A system of checks and balances shall be in place to ensure that all postings to the general ledger result in the desired outcome. For example, a cash receipt journal shall be validated to ensure that the total amount deposit matches the posted cash receipt journal. Ongoing, daily data entry validation greatly increases the accuracy of the fund accounting and facilitates reconciliation of the monthly bank statements with the general ledger.

General Ledger Transaction (Minimum Data Required) – (†)

All general ledger financial transactions shall require the following minimum data:

- Date of the general ledger transaction – **the date of the transaction should be within the posting month and within the posting fiscal year.**
- Account code(s) – **the proper account code shall be used for all transactions**
- Journal [transaction] number – **the number assigned should be manually or automatically assigned in a sequential order. A log of the journal numbers utilized each fiscal year should be available in a manual or automated form. Automated, system-generated general ledger entries shall be easily distinguished from manual general ledger entries.**
- The credit and debit amounts– **the total debits must match the total credits**
- Reason for the general ledger transaction – **the reason should explain the reason for the transaction such as cash receipt number, adjustment to budget/expense, etc.**
- Supporting document – **supporting documentation, if any, shall be attached to the journal entry form for audit tracking purposes**
- Additional Information if needed

All general ledger payroll transactions shall require the following minimum data:

- Check date – **the system-generated general ledger transaction should reflect the check date as part of the journal entry number**
- Account code(s) – **the account codes charged for all payroll disbursements, including liability accounts, should exist in the general ledger prior to posting the system-generated journal entries.**

End of Month Process

Within 20 days after the end of the month, all end-of-month reports should be printed and verified and the end-of-month process completed. There are four (4) steps in completing the End-of-Month process as listed below:

1. **Reconciliation of all bank accounts**
2. **EOM Activities (Report Generation & Verification)**
3. **Run EOM Reports (archival purposes)**
4. **Process the EOM Close**

The Finance EOM Checklist and Procedures should be utilized to ensure that all critical steps are followed during the EOM Process.

End of Fiscal Year Process

All changes to the general ledger should be posted within the same month as the changes occurred, if possible, or as soon as practicable. Within 30 days after the fiscal year, all end-of-fiscal year reports should be printed and verified for audit purposes.

All end-of-fiscal year adjustments should be posted to the general ledger prior to closing out the fiscal year. Prior to the start of the audit field work, the following adjustments shall be posted to the general ledger:

- Reconcile all cash and investment accounts – **all cash and investment accounts shall match the corresponding bank or investment general ledger balances as of August 31st, as reflected on the respective monthly statement.**
- Reconcile all revenue accounts with amounts received and/or earned as of August 31st – **All measurable revenue should be posted to the general ledger. For example, all state aid earned as of the most recent Summary of Finance report from TEA shall be posted to the appropriate state revenue accounts.**
- Reconcile all grant revenue and expenditures – **the revenue and expenditures in every grant program (state and federal) should equal. The excess revenue if any should be reclassified to a payable to the granting agency, unless the excess revenue is an advance payment (deferred revenue). If expenditures exceed revenue, the amount due from the granting agency should be posted to the revenue account and accounts receivable accounts.**
- Reconcile the final amended budget – **verify that all budget amendments (at the functional level) have been posted to the general ledger. The sum of the original budget, plus all budget amendments during the fiscal year shall equal the final amended budget.**
- Reconcile and post all accounts receivables – **all funds due from other sources, as of August 31st, shall be posted to the general ledger. The receivables shall be measurable and expected to be received within 60 days after the end of the fiscal year in accordance with the district's accounting standards.**
- Reconcile and post all accounts payables – **all payables due to others (vendors especially), as of August 31st, shall be posted to the general ledger. The amounts due for all goods and/or services received as of August 31st are classified as accounts payable and paid during the next fiscal year. The district has established a September 20th cut-off for prior year accounts payables, unless the accounts payable expense exceeds \$10,000 and is known prior to the end of the audit field work. [Note. The accounts payable account (2110) in the prior fiscal year and the next fiscal year must be in balance.]**
- Reconcile the fixed assets ledger with all fixed asset additions, deletions, or changes – **All assets (as defined in the Fixed Assets Procedures) acquired during the fiscal year shall be added to the fixed asset ledger (database or spreadsheet) All assets disposed of (sold or lost) shall be removed from the fixed asset ledger in Fund Code 901. (See page 12 for Capital Asset procedures)**
- Reconcile the fund balance as of August 31st – **All changes, reductions, additions, and/or designations [restricted, committed, assigned, etc.] of fund balance accounts shall be posted to the general ledger. All budgetary fund balance accounts (object code 3700) shall be posted to the appropriate fund balance account (typically object code 3600).**

Segregation of Duties (†)

At a minimum, the business office staff shall operate under a segregation of duties, including but not limited to, the following:

- Endorsement of checks – **The same staff member shall not prepare and endorse accounts payable or payroll checks.**
- Bank reconciliations – **The same staff member shall not prepare cash disbursements, cash deposits, or other cash transactions and reconcile the district's bank accounts.**
- Maintain non-cash accounting records – **The same staff member shall not prepare non-cash general ledger transactions and post the transactions to the general ledger.**
- Purchasing and Receiving functions – **The same staff member shall not serve as the final approver of a purchase order and verify receipt of the goods.**

- Contract Management – **The same staff member shall not approve a contract for goods or services and have sole approval authority to disburse the payment for the contracted goods or services.**

Capital Assets/Inventory

The district's fixed asset system records, tracks and reports items such as land/buildings, vehicles, equipment, and computer equipment. This system allows the district to meet state and federal cost accounting requirements.

The district contracts with an external vendor to take inventory on an annual basis, usually at the end of each school year. All furniture, equipment, and technology, etc., are scanned and compared to existing inventory. Any new purchases are tagged and added to inventory.

Like items with an aggregate cost of \$5,000 or more must be capitalized. They must have a useful life of at least seven years; be non-expendable; retain original shape and appearance; and not lose their identity through incorporation into a different or more complex unit or substance.

Fixed assets that are no longer in working condition and are to be disposed of will be reported to the Business Office. Items which are no longer in working condition may be sent to auction or donated. Proceeds from sale of property will be booked as revenue from sale of property. Fixed assets that have been stolen or destroyed must also be reported to the Business Office. Tags are removed from items and stored in the Business Office.

The Business Office retains documentation of all relocation, removal, sale, and/or donation of fixed assets.

For federal fund grant award purposes, fixed assets are coded to the grant funds in the fixed assets system and meet the specifics of the grant. The fixed asset must be used for the original intent of the purchase according to grant allowances.

Retention of Records (†)

All financial records for the current fiscal year shall be retained for audit purposes in accordance with the district Local Records Retention Schedule. Destruction of records, at the expiration of the records, shall also be in accordance with the district's Local Records Retention Schedule. Note: The Destruction Schedule [list of all records destroyed] is a permanent document. Unless a record that has been destroyed is specifically listed on a Destruction Schedule, it is presumed to still exist. The district shall maintain grant-related records in a combination of paper and electronic formats.

In accordance with federal regulations, the district shall maintain the grant-related records in an open and machine readable format. Specifically, the district shall use the following formats to store electronic data.

Microsoft products such as Word, Excel, Access, etc.

Financial Management System, Tuxies Finance, HR, Assets, Purchasing, etc. modules

The Records Custodian for the financial records of the district is Shari Snyder and Lori Whitmire. All questions related to the retention, destruction, and/or addition of new record series shall be directed to the District's Records Management Officer (RMO), Shari Snyder.

Data System Security & Access to Records (†)

Business department staff handles and/or processes a substantial amount of confidential information. All staff is strictly prohibited from revealing confidential information to an unauthorized individual. Unless required by Federal, state, and local statute, the district is not required to permit public access to their records. The district shall make all grant-related records available for access to the federal granting

agency and/or pass-through entity upon request.

All administrative office staff shall sign a Confidentiality Agreement on an annual basis. Among the most critical information is documentation related to employee's Personally-Identifiable Information (PII) such as health, benefits, financial, family members, or other personal information. Violators will be subject to discipline, employment termination, and/or may be reported to the appropriate legal authorities.

Violations of some protected information, such as health or medical information, is also protected by federal laws, such as HIPPA.

Unless notified otherwise by the federal granting agency, the district shall retain all financial and program records related to the grant award in accordance with the federal grant. Upon request from the federal granting agency, the district shall transfer the records to the requesting federal agency.

The business office staff shall be authorized to access the district's financial and/or payroll system(s) for job-related purposes only. Use of the systems for personal reasons or benefit will result in disciplinary action, up to and including employment termination.

Each staff member shall take appropriate steps to ensure that their respective computer system is managed in a control environment to prevent unauthorized access. At no time (including lunch breaks) shall a computer system be logged on to a financial data system while unattended by the respective staff member. All computer systems shall revert to a screen lock after 5 minutes of nonuse.

Assignment of Access and Passwords (†)

Access to data systems shall be based on the specific job duties and responsibilities of each staff member. Except for limited exceptions, staff will not be given unilateral access to all modules in the financial and payroll system. For example, a payroll staff member will not have access to the human resources system unless the access is limited in scope and "read-only". These restrictions to unilateral access are designed to prevent complete autonomy which could lead to fraud.

Each staff member shall be responsible for securing their assigned (selected) password. At no time shall passwords be shared with others or posted in visible locations within the staff member's work space. Violators of this restriction shall be subject to disciplinary action, including but not limited to employment termination.

Data system access to the authorized modules, shall be determined by the Director of Technology and Superintendent. Each staff member shall have access to their respective database(s) and tabs within a database based on their position. Security roles will be established and assigned with the specific access to each module. In the event that a staff member gains access, due to human or software error, that he/she is not entitled to, it is the responsibility and duty of the staff member to notify the Security Administrator, or Director of Technology, regarding the ability to access the restricted database or module(s).

Revoking Access (†)

Access to data systems are subject to change and/or revocation when changes occur to a staff member's position, duties or responsibilities. Access to data systems are also subject to revocation when a staff member violates the Responsible Use Guidelines. Each staff member shall sign an Acceptable Use Policy every fiscal year.

Business Staff Training (†)

Every staff member will be scheduled to attend at least one training and/or conference opportunity per year.

An annual training calendar shall be developed that may include, but is not limited to, topics in the following areas:

Account coding
Payroll and Human Resources Compliance Issues
PEIMS Data Reporting and Quality
GASB
Audit requirements
Legal changes, such as Purchasing
State and Federal Grants Management
Data system (software)
Travel Guidelines

Staff members that have attained TASBO certification status will be afforded an opportunity to attend at least 20 hours per year (for a total of 60 every 3 years) through TASBO or a TASBO-approved CEU provider. Training opportunities for other certification or licensing programs, such as a CPA, shall be provided in a manner that seeks to meet the continuing education requirements for that specific certification or license.

Additional training requests should be submitted to the Superintendent for approval. It is the employee's responsibility to request additional training that he/she feels will be beneficial in performing the assigned job tasks. At times, the immediate supervisor may also recommend or direct that a staff member attend specific training to improve their skills or comply with a Growth Plan.

In an effort to support compliance of fiscal policies and procedures, the business office shall conduct annual training for campus and department administrative and support staff, as appropriate. Critical training areas shall include, but not be limited to:

- Activity Account Management
- Budget Development Process
- Cash Management
- State and Federal Grants Management

State and Federal Grant Management (†)

The Office for Grants and Fiscal Compliance (GFC) at Texas Education Agency is responsible for managing all discretionary and formula grants, ensuring the agency's compliance with federal grant requirements, and conducting audits and reviews of all local educational agencies (LEAs). The department houses the following divisions:

- Division of Grants Administration
(formerly the Division of Discretionary Grants and the Division of Formula Funding)
- Division of Federal Program Compliance
(formerly the Fiscal Accountability and Federal Reporting Unit)
- Division of Financial Compliance
(formerly housed in the Office for Accreditation)

Compliance with all federal and state grant requirements is essential to ensure that all granted funds remain with the district. Failure to comply with grant requirements may result in denial of reimbursement

requests and/or requests from the granting agency to return a portion or in some cases all grant funds.

Federal Regulations for Federal Grant Awards

All federal grant funds are subject to the compliance with Administrative (EDGAR) and Programmatic (NSLP, IDEA, etc.) regulations for each federal grant award. Title 34, Code of Federal Regulations (CFR), Parts 75-79, 81 to 86 and 97-99 EDGAR is currently in transition. For awards made prior to 12/26/2014, EDGAR Parts 74 and 80 still apply. For awards made on or after 12/26/2014, 2 CFR Part 200, which includes the substance formerly in parts 74 and 80, applies. For state-administered federal grants, TEA shall notify the district on the Notice of Grant Award (NOGA) of the applicable administrative regulations. The State and Federal Grants Addendum contains guidance for pre-December 26, 2014 federal grant awards. The date of the award to the district (or pass-through entity such as TEA) shall determine the appropriate regulations.

When the district's local policies and/or procedures conflict with the federal regulations, the district shall comply with the more restrictive regulations and shall be adhered to in all aspects of federal and state grants management.

Overview of the Education Department General Administrative Regulations (EDGAR). The EDGAR, as amended on March 24, 2025, includes five (5) subparts under 2 CFR Part 200 of EDGAR as noted below:

Subpart A – Acronyms and Definitions

Subpart B – General Provisions

Subpart C – Pre-award Requirements

Subpart D – Post-award Requirements

Subpart E – Cost Principles

Subpart F – Audit Requirements

Appendices – I through XI

The EDGAR in its entirety can be accessed at: <http://www2.ed.gov/policy/fund/reg/edgarReg/edgar.html>.

To ensure consistency with the EDGAR, the district shall utilize the acronyms and definitions included in the EDGAR for general terms related to the management of federal grant funds. The EDGAR Acronyms and Definitions can be found in CFR 200.0 through 200.99.

Programmatic regulations for each of the district's federal grant awards are hyperlinked in the List of Grant Awards for easy access to the Fiscal Guidelines, Allowable Costs, and/or other programmatic regulations.

At the District level, managing State and Federal Grants shall be a collaborative process between the Finance (Accounting, Budgeting, Purchasing, Payroll, etc.), Human Resources and Grant Management Departments. Each respective department shall be responsible for their duties and responsibilities as they relate to the management of state and/or federal grants. The duties of each department are listed below in general terms. Additional, specific duties and responsibilities may be listed within an area of compliance within this Manual.

Finance Department

- Assisting the Grant Manager with budgeting grants funds. Preparing and posting the initial budget and all amendments to the general ledger.

- Assisting the Human Resources department with determining the payroll distribution code(s) for all grant-funded staff.
- Preparing all grant-related financial reports (monthly, quarterly and/or annual).
- Preparing all financial records for the annual financial audit and single audit, as appropriate.
- Ensuring compliance with the FASRG in coding all payroll and non-payroll expenditures.
- Adjusting the general ledger, as appropriate, after the Grant Manager's reconciliation of the time and effort reports, as appropriate if adjustments are necessary
- Managing the day-to-day cash needs for grant expenditures and drawing-down cash reimbursements, as appropriate
- Managing all purchasing and contractual commitments in compliance with the grant periods and allowable cost principles
- Retaining all financial records for the required length of time (5 years) for audit purposes
- Managing all fixed assets and ensuring compliance with the inventory and disposition federal guidelines

Human Resources Department

- Assisting the Grant Manager with the recruitment and hiring of all grant-funded staff
- Ensuring that all grant-funded staff meet the Highly Qualified Staff federal guidelines, as appropriate (And, all state certification requirements)
- Ensuring that all grant-funded staff have a job description with the grant-related duties and funding. (And, that all grant-funded staff sign a job description on an annual basis)
- Preparing the Highly Qualified Staff Annual Report and conducting the required public notice or hearing, as appropriate
- Maintaining audit-ready HR employee files for financial audit or single audit purposes, as appropriate
- Developing and maintaining all salary schedules to ensure consistency between local and non-local pay rates (Includes base salaries, stipends and extra-duty rates of pay)
- Assisting the Grant Manager with determining the position title, Role ID and other salary information for use in completing the grant application
- Retaining all personnel records for the required length of time (5 years) for audit purposes

Grant or Special Program Manager (or designee)

- Working cooperatively with the campus administrative staff to ensure that all grant activities are collaboratively planned and appropriate to each campus.
- Providing supporting documentation for budgeted grants funds. And, submitting all grant amendments to the finance department to facilitate budget amendments.
- Assisting the Human Resources department with determining the payroll distribution code(s) for all grant-funded staff.
- Preparing all grant-related programmatic (evaluation) reports (monthly, quarterly and/or annual).
- Ensuring compliance with the FASRG in coding all payroll and non-payroll expenditures.
- Receiving and monitoring the time and effort reports, as appropriate, and submitting adjustments, if any, to the finance department
- Monitoring the spending thresholds throughout the grant period to ensure that the grant activities are being conducted systematically throughout the grant period
- Reviewing and approving all purchasing and contractual commitments in compliance with the grant periods and allowable cost principles
- Retaining all grant records for the required length of time (5 years) for audit purposes
- Providing information to the Human Resources department regarding the number and type of

- grant-funded positions approved in the grant application by the granting authority
- Verifying with the HR department that all grant-funded staff meet the Highly Qualified Staff federal guidelines, as appropriate (And, all state certification requirements)
- Verifying with the HR department that all grant-funded staff have a job description with the grant-related duties and funding. (And, that all grant-funded staff sign a job description on an annual basis)
- Verifying with the HR department that the Highly Qualified Staff Annual Report and conducting the required public notice or hearing, as appropriate
- Assisting the HR department with determining the position title, Role ID and other salary information for use in completing the grant application

All departments shall provide staff training for their respective staff and other staff, as appropriate, regarding the grant management duties and responsibilities for each staff member.

900 – State and Federal Programs/Grants (†)

901 State Programs – Allotments

State Program allotments are estimated and paid to school districts through a Summary of Finance template created by the Texas Education Agency. The actual state allotments are calculated as noted below in each respective section. A settle-up process occurs at the end of each fiscal year – funds owed to a district are paid by TEA and funds owed by a district are paid to TEA (or TEA reduces the following fiscal year funds by the amount owed to the state).

A percentage of each state allotment must be spent on “direct” expenditures for the given special program. The current percentages and program intent code (PIC) are noted below by program:

Special Education	55%	PIC 23
Career & Technical Education	55%	PIC 22
Gifted & Talented	100%	PIC 21
Early Education Allotment	100%	PIC 36
State Compensatory Education (SCE)	55%	PIC 24-30 (except 25& 27)
Bilingual/ESL Education	55%	PIC 25
College, Career, Military Readiness	55%	PIC 38
Dyslexia	100%	PIC 37

During the budget process, the estimated state allotment shall be calculated by reviewing Summary of Finance based on prior year special program enrollment and average daily attendance (ADA). The estimated state allotment by special program shall be provided to the Special Program Administrator(s) as noted below. These special program administrators shall be responsible for the programmatic compliance in their respective program(s). Programmatic compliance shall include, but not limited to: program eligibility, program design, instructional delivery, entry/exit procedures, professional development, certification, and purchase orders and expenditures of grant funds.

Special Education	Michelle Frerich
Career & Technical Education Gifted & Talented	Kittie Gibson, Principal
Education	Candice Voyles, Principal

State Compensatory Education (SCE) Candice Voyles or Kittie Gibson, Principals
Bilingual/ESL Education Joy Thompson

The finance department, specifically the Director of Finance, shall be responsible for the financial compliance in each of these special programs. Financial compliance shall include, but not limited to: budgeting development & monitoring, approval of expenditures, financial reporting to TEA, financial audit, and records retention.

As part of the budget adoption process, the Director of Finance shall verify that the proposed budget includes appropriations in each of the special programs of *no less* than the percentages stated above as required direct expenditures for each special program. [Note. If the District does not budget to compliance, it may not spend to compliance.]

Throughout the fiscal year and at the end of the fiscal year, the Director of Finance, shall calculate the periodic and final spend percentages for each special program. The allocated expenditures by program intent code (PIC) shall be used to determine compliance. In the event that direct expenditures fall below the mandated percentages, the Director of Finance shall ensure that the deficit amount is budgeted in the following fiscal year.

The mandated program intent codes (as defined in the FASRG) are classified as Basic or Enhanced. The PICs in these classifications for regular and special program allotments are noted below:

Basic Services – PIC 1X

PIC 11 Basic Educational Services

Enhanced Services – PIC 2X –3X

PIC 21	Gifted & Talented
PIC 22	Career & Technical Education
PIC 23	Special Education
PIC 24	Accelerated Education (State Compensatory Education)
PIC 25	Bilingual and ESL Education
PIC 26	Non-Disciplinary Alternative Education Program
PIC 28	Disciplinary Alternative Education Program – Basic
PIC 29	Disciplinary Alternative Education Program – SCE Supplemental
PIC 30	Title I, Part A Schoolwide Activities related to SCE (Campuses with 40% or more educationally disadvantaged students)
PIC 31	High School Allotment

If the “intent” of a particular course or program is one of the Enhanced Services, the appropriate PIC shall be used for the expenditures even if an incidental student(s) benefit from the program. For example, the salary of a Bilingual Instructional Aide should be paid 100% from PIC 25, if the intent of his/her position is to support Bilingual students even though 1 or 2 non-Bilingual students also benefit from a small group instructional setting.

At the beginning of each school year, the salaries of all staff should be determined based on their position and assignment. Specifically, we need to know the following:

What the employee will do?	Determines the function code
Where the employee will work?	Determines the organization code (may be split)
Who will benefit?	Determines the population served or PIC (may be split)

Determining the correct payroll account distribution code(s) is critical to ensure that all payroll costs are expensed in the correct account code(s). This is extremely important for staff assigned on a partial or full time basis to support a special program. Only the payroll costs for services whose intent is to serve one or more special programs may be charged to the special program PIC.

By May, each school year, the Campus Principals shall prepare a Staff FTEs report that is based on the campus Master Schedule. The Staff FTE report shall reflect the names of all staff, the position, and the assignment(s) by PIC code. For example, a teacher that teaches 4 special education classes and 4 career and technical education courses, should have .5 FTEs in PIC 23 and .5 FTEs in PIC 22. The population served codes and program intent codes are correlated below:

Population Served Code 04	PIC 21	Gifted & Talented
Population Served Code 05	PIC 22	Career & Technical Education
Population Served Code 06	PIC 23	Special Education
Population Served Code 03	PIC 24	Accelerated Education (State Compensatory Education)
Population Served Code 02	PIC 25	Bilingual Education
Population Served Code 07	PIC 25	ESL Education
Population Served Code 03	PIC 26	Non-Disciplinary Alternative Education Program
Population Served Code 03	PIC 28	Disciplinary Alternative Education Program – Basic
Population Served Code 03	PIC 29	Disciplinary Alternative Education Program – SCE
Supplemental		
Population Served Code 03	PIC 30	Title I, Part A Schoolwide Activities related to SCE (Campuses with 40% or more educationally disadvantaged students)

All staff assigned to support all students, not specifically served in a special program, shall be coded as basic population served (01) and the basic program intent code (11).

The Director of Operations shall submit a Staff FTE report for non-campus administrative staff by May at the beginning of each fiscal year. The PIC codes for the non-campus staff shall reflect what they do, where they are assigned to work, and the special program(s) that they support.

The Staff FTEs reports shall be submitted to the Superintendent no later than the deadline of June 15th at the beginning of each fiscal year. The Director of Finance shall verify the Staff FTEs and ensure that funds are budgeted in the appropriate payroll account codes. Budget changes and/or amendments, if any, shall be prepared by the Director of Finance.

After approval of the Staff FTEs reports, the Director of Finance will update the payroll distribution record(s) of each district employee.

Campus Principals and Special Program Administrators shall be responsible to ensure that any changes to staff assignments are submitted to the Director of Finance within five (5) days of the assignment change. The prior process of verifying the FTEs/account codes, approval of the FTE report, and submission of the reports to the payroll department shall occur upon the receipt of assignment changes.

Gifted and Talented

The Gifted and Talented program must adhere to state law, Texas Education Code (TEC) 29.121 and TEC 42.156. Chapter 29 addresses the programmatic guidelines related to eligibility, identification, and program services. Chapter 42 addresses the funding weight(s) and allowable costs. Specifically, each school district shall identify students eligible for the GT program and serve the

students in an appropriate manner to obtain state funds. All student identification and enrollment shall meet the special program guidelines in the Student Attendance Accounting Handbook (SAAH). Student enrollment data shall be submitted to TEA through the PEIMS Fall Submission as of the snapshot date. The attendance and/or contact hour data for funding purposes shall be submitted to TEA through the PEIMS Summer Submission.

The Special Program Administrator with oversight responsibility to certify the Gifted & Talented special program data prior to submission to TEA shall be the Gifted and Talented Coordinator.

Career and Technical Education (CATE)

The Career and Technical Education program must adhere to state law, Texas Education Code (TEC) 29.181 and TEC 42.154. Chapter 29 addresses the programmatic guidelines related to eligibility, identification, and program services. Chapter 42 addresses the funding weight(s) and allowable costs. Specifically, each school district shall identify students eligible for the CTE program and serve the students in an appropriate manner to obtain state funds. The Master Schedule shall serve as the official document to support that each student was enrolled in a CTE course. All student identification and enrollment shall meet the special program guidelines in the Student Attendance Accounting Handbook (SAAH). Student enrollment data shall be submitted to TEA through the PEIMS Fall Submission as of the snapshot date. The attendance and/or contact hour data for funding purposes shall be submitted to TEA through the PEIMS Summer Submission.

The Special Program Administrator with oversight responsibility to certify the CTE special program data prior to submission to TEA shall be the High School Principal.

901.3 Special Education

The Special Education program must adhere to state law, Texas Education Code (TEC) 29.003 and TEC 42.151. Chapter 29 addresses the programmatic guidelines related to eligibility, identification, and program services. Chapter 42 addresses the funding weight(s) and allowable costs.

Specifically, each school district shall identify students eligible for the Special Education program and serve the students in an appropriate manner to obtain state funds. The student's Individualized Education Plan (IEP) shall serve as the official document to support that each student is eligible for special education, the type of instructional arrangement, and the number of contact hours to be served in a special education setting. All student identification and enrollment shall meet the special program guidelines in the Student Attendance Accounting Handbook (SAAH). Student enrollment data shall be submitted to TEA through the PEIMS Fall Submission as of the snapshot date. The attendance and/or contact hour data for funding purposes shall be submitted to TEA through the PEIMS Summer Submission.

The Special Program Administrator with oversight responsibility to certify the Special Education program data prior to submission to TEA shall be the Kermit-Wink Special Education Coop and the Superintendent.

901.4 Compensatory Education (SCE)

The Compensatory Education program must adhere to state law, Texas Education Code (TEC) 29.081 and TEC 42.152. Chapter 29 addresses the programmatic guidelines related to eligibility, "at risk" identification, and program services. Chapter 42 addresses the funding formula and allowable costs. The SCE program is funded based on the highest six (6) months of free and reduced lunch eligibility students in the prior school year. The Food Service Manager shall provide the monthly counts of free and reduced lunch eligibility to the finance department, Director of Finance, on a monthly basis for the purposes of estimating SCE funds in the next fiscal year.

Specifically, each school district shall identify students eligible for the Compensatory Education program

and serve the students in an appropriate manner to obtain state funds. There are thirteen (13) at risk indicators in state law. The Principals at each campus shall be responsible for identification of all at risk students. The at-risk student enrollment shall be reported to TEA through the PEIMS Fall Submission.

The SCE program compliance is unlike the other special programs in that it requires specific documentation as outlined in the Financial Accounting System Resource Guide (FASRG) Module 9. The District Improvement Plan (DIP) and Campus Improvement Plans (CIP) are the primary source of documentation for the expenditure of SCE funds. According to TEA, annually within 150 days after the last day permissible to send data for the PEIMS data FINAL Midyear resubmission 2 (typically late July), the District shall electronically submit a PDF version of the DIP and at least two (2) CIPs through the TEASE system. The determination regarding which CIPs to submit to TEA shall be based on the TEA guidelines in the FASRG, Module 9.1.2 Summary of Filing Requirements. The District's submission dates shall be as noted below to ensure compliance with this critical requirement.

Campus Principals shall submit their CIPs to the Superintendent by June 15th. Superintendent or designee shall submit the DIP to the School Board by July 30th. The Superintendent shall submit the DIP and CIPs through TEASE by July 31st.

Financial guidelines related to supplement not supplant, targeted-assistance versus school-wide campus expenditures, staffing formulas, job descriptions, time and effort, student case counts, local identification criteria and allowable costs are described in Module 9 State Compensatory Education.

901.5 Bilingual and ESL

The Bilingual and ESL program must adhere to state law, Texas Education Code (TEC) 29.053 and TEC 42.153. Chapter 29 addresses the programmatic guidelines related to eligibility, identification, and program services. Chapter 42 addresses the funding weight(s) and allowable costs. Specifically, each school district shall identify students eligible for the Bilingual or ESL program and serve the students in an appropriate manner to obtain state funds. All student identification and enrollment shall meet the special program guidelines in the Student Attendance Accounting Handbook (SAAH). Student enrollment data shall be submitted to TEA through the PEIMS Fall Submission as of the snapshot date. The attendance and/or contact hour data for funding purposes shall be submitted to TEA through the PEIMS Summer Submission.

The Special Program Administrator with oversight responsibility to certify the Bilingual and ESL special program data prior to submission to TEA shall be the Bilingual/ESL Coordinator.

901.6 High School Allotment

The use of the High School Allotment must adhere to state law, Texas Education Code (TEC) 39.234 and TEC 42.160. Chapter 39 addresses the programmatic guidelines related to program services. Chapter 42 addresses the funding weight(s) and allowable costs. Funding amounts are based on \$275 per student in average daily attendance in grades 9 through 12.

Districts may use funds for campus-level or district-wide initiatives for students in grades 6-12. Allowable uses include:

- **professional development for teachers providing instruction in advanced academic courses such as Advanced Placement (AP)**
- **hiring of additional teachers to allow for smaller class sizes in critical content areas**

- fees for students taking dual credit classes and ACT/SAT tests
- academic support, such as AVID and AP strategies, to support at-risk students in challenging courses
- credit recovery programs
- activities supporting college readiness and awareness, including transportation for college visits

Please see Commissioner's Rules Concerning High School Allotment for detailed allowable uses of these funds. The High School Allotment Guide is also an excellent resource and shall be made available to all campus principals as a guide during the budget development process.

The Assistant Superintendent/High School Principal with oversight responsibility of the High School Allotment program shall determine the allocation per campus and provide guidance to each secondary campus regarding the use of the HSA funds.

902 Federal Grants

Acronyms and definitions related to federal grant management are listed in the EDGAR, Subpart A, 200.1 through 200.99 and may be accessed at: <http://www.ecfr.gov/cgi-bin/text-idx?SID=bce3e6e14adb00a7863cc39935f3e35e&node=sg2.1.200.a.sg0&rgn=div7>

These acronyms and definitions are used throughout this manual. One of the most critical definitions is that of a “non-federal entity”. When this definition is used it refers to the “school district”, as a recipient of a federal grant award.

General Provisions:

The District shall comply with all General Provisions of EDGAR (Subpart B). Specific areas of compliance are noted below:

The District has established a conflict of interest policy for all federal grant awards and shall disclose in writing any potential conflict of interest to the granting agency. The same conflict of interest questionnaire that is used for other district functions shall be utilized for compliance with this provision. The Local Government Officer Conflicts Disclosure Statement shall be completed by all district staff involved in federal grant awards: Superintendent, Finance Department, Human Resources, Grant Manager, and designees. Conflicts of interest, if any are reported, shall be posted on the district’s website and reported to the granting agency. The Director of Finance shall be responsible for overseeing and collecting the conflict of interest questionnaires.

The district shall comply with all additional conflict of interest requirements required by the federal granting agency and/or the pass-through entity (TEA).

The District shall disclose in writing to the granting agency and/or pass-through entities any violations of federal criminal law including fraud, bribery or gratuity violations affecting a federal grant award. Upon detection of any fraud, abuse or waste with federal grant funds, the District shall promptly notify the proper legal authorities and pursue appropriate criminal and/or civil actions. In addition, the district shall report to the granting agency and pass-through entity, the extent of the fraud or violations. In addition, the District shall reclassify fraudulent expenditures made with federal grant awards to local district funds, i.e. the General Fund. The Superintendent shall be responsible for overseeing, reporting and documenting any fraud, abuse or waste of federal grant funds.

All district employees are prohibited from soliciting gifts or tokens from vendors or other parties who are affected by (or have an interest in) a federal grant award.

In addition, all district employees are prohibited from accepting unsolicited gifts or tokens from vendors or other parties who are affected by (or have an interest in) a federal grant award that exceed an nominal (individual) value of \$ 25.00 and an aggregate value of \$100.00 in a fiscal year. The unsolicited gifts or tokens may not include the following:

Items prohibited at public elementary and secondary schools such as drugs, tobacco or alcohol products or illegal substances.

District employees who violate this administrative directive shall be subject to disciplinary action, up to and including termination of employment with the district. Violations that exceed the federal Conflict of Interest thresholds shall be reported to the federal granting agency and/or pass-through entity by the Superintendent.

Pre-Federal Award Requirements:

The federal awarding agency and pass-through entities are required to evaluate the risk of the District in respect to financial stability, quality of management system, history of performance (grants), audit reports and ability to effectively implement the grant program.

The District shall implement strategies as noted below to ensure that its risk level for federal grants management is determined to be “low”:

- Timely submission of all required programmatic and financial reports
- Complying with the federal grant award fiscal guidelines and allowable cost principles
- Ensuring that all grant-related staff are properly trained in their respective grants management role on at least an annual basis.
- Implementing grant management procedures and internal controls

If the District is determined to be a “high risk” district, it shall comply with all of the additional requirements as imposed by the federal granting agency and/or pass-through entity. In addition, the District shall develop and implement strategies to correct the identified deficiencies in an effort to move to a “low risk” entity status.

No pre-award expenses shall be made by the District prior to the approval of the federal granting agency or pass-through entity. Non-authorized pre-award expenses, if any, shall be paid from local District funds, i.e. the General Fund.

902.1 Grant Application Process

The district may be eligible to apply for “entitlement” or “competitive” federal grant funds.

Federal entitlement grant funds include, but are not limited to, No Child Left Behind (NCLB), Individuals with Disabilities Education Act (IDEA), and Carl D. Perkins. The “maximum” and/or “final” entitlement awards for the district are posted on the TEA Grants Management webpage at:

<http://tea.texas.gov/index4.aspx?id=5040>. The appropriate grant manager shall obtain the annual entitlement amounts and begin the grant development process with the appropriate stakeholders.

A list of competitive grants administered by the TEA are also posted on the TEA Grants Management webpage at: <http://tea.texas.gov/index2.aspx?id=2147487872>. The appropriate grant manager shall obtain the competitive grant information to determine whether the grant(s) is appropriate for the district. Some competitive grants may have matching-funds and/or in-kind payment requirements which may place a burden on the district’s available financial resources.

TEA’s Grant Opportunities web page provides a wealth of information related to available grants such

as: [<http://burleson.tea.state.tx.us/GrantOpportunities/forms/GrantProgramSearch.aspx>]

General and Fiscal Guidelines

Program Guidelines

Program-Specific Provisions and Assurances

General Provisions and Assurances

Debarment and Suspension Certification

Lobbying Certification

Sample Application

Deadlines and Due Dates for: grant application, amendments and grant reporting.

All district staff involved in the management of federal grant awards shall be aware of these resources. The school district's grant application process for federal grants is illustrated below on a flowchart. As noted on the flowchart, all grant applications must be reviewed by the finance department, curriculum department and grants management department. In addition, all grant applications that will support student instruction at one or more campuses, must be developed in collaboration with the respective campus principal(s). Specific grant activities to support the academic program at a campus should be reflected in the Campus Improvement Plan.

The final approval of a grant application shall be the Superintendent.

The Grants Manager shall work collaboratively with the finance department to ensure that all grant budget schedules are completed using the correct account code structure (as appropriate); the district's purchasing, travel and other procedures; and are adequately documented if prior approval is required by the granting agency or pass-through entity (TEA).

The Grants Manager shall obtain pre-approval for the following activities which have been identified by the granting agency or pass-through entity (TEA);

Student field trips

Hosting conferences

Out-of-state travel

Grants that require matching or in-kind district contributions shall be evaluated for overall impact on the current and future district's local funds.

No federal grant funds shall be budgeted, encumbered, or spent until either of the following has occurred:

- grant has been approved by the granting agency and a Notice of Grant Award (NOGA) has been issued to the district; or
- the entitlement grant has been received by the district and the grant application has been submitted to TEA

[NOTE: TEA allows federal grant expenditures from the grant application "stamp-in date"; however, expenditures that require TEA's specific approval and not approved until the NOGA is issued.]

The finance department shall notify the grants management department when the funds have been budgeted and are ready for expenditure by the appropriate campus or department.

902.2 General Provisions and Assurances

General Provisions and Assurances apply to all grants administered by TEA. Additional provisions and assurances may apply to specific grants. The grants management department shall inform all staff involved in the expenditure of grant funds of the provisions and assurances for each grant program, as appropriate.

902.21 Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion

The district must not award a contract to a vendor which is debarred or suspended or is otherwise excluded from or ineligible for participation in federal grant award programs.

The grant manager shall verify the eligibility of each vendor with this certification requirement by requesting that the vendor execute a Certification Form before awarding a contract and/or issuing a purchase order. A copy of the Certification Form shall be maintained with the contract and/or purchase order for audit purposes.

The grant manager shall monitor ongoing contracts to verify the contractor's compliance with the debarment, suspension, ineligibility and voluntary exclusion provisions. In the event that a vendor is suspended or debarred during a contract, the district shall continue the contract in force until the contract lapses. The contract term shall not include any extensions to the original term of the contract.

902.22 Lobbying Certification

For all federal grants in excess of \$100,000, the district shall certify on the grant application that no federal grant funds are expended for the purpose of lobbying. The grants management and finance departments shall jointly execute a Lobbying Certification Form [Standard Form – LLL: Disclosure of Lobbying Activities], as applicable, if the district used funds other than federal grant funds for lobbying activities.

The Superintendent shall ensure that all contract award documents with federal grant funds contain the appropriate lobbying certification language.

902.3 Budgeting Grant Funds

The finance department shall budget grant funds in the appropriate fund code as authorized by Financial Accountability System Resource Guide, or the granting agency, as appropriate. In addition, the object

expenditure codes noted on the grant application shall be consistent with the budgeted account codes. Federal grant funds shall be budgeted and available for use no later than 60 day after receipt of the NOGA or from the stamp-in date.

For example, if the grant application included \$2,000 for “6219 Professional Services”, the budget shall include an appropriation for Professional Services in object code 6219. However, if the intent was to expend funds to pay a Math Consultant, the grant application may need to be amended to move the “6219 Professional Services” funds to the correct object code “6299 Other Professional Services”. All expenditures shall be made from the correct FASRG object code.

Budget amendments, if any, shall be approved by the Director of Finance and approved by the School Board, to ensure that the reclassification of funds is allowable under the grant management guidelines related to budget amendments. Some grants allow a transfer of funds, up to 25% of the grant award, but only within the same object class and if the new object code does not require specific approval from the granting agency.

The TEA Grants Division has developed guidance related to “When to Amend” grants administered by the TEA. The guidance document is posted on the TEA website at:
http://tea.texas.gov/Finance_and_Grants/Administering_a_Grant.aspx.

The guidance document contains the following guidance:

Use Table 1 for federally funded grants and for grants funded from both federal and state sources. Use Table 2 for state-funded grants. Refer to the “Select Grantees” column if the NOGA is for over \$1 million.

In addition to TEA’s guidelines, federal regulations require that the district amend the grant application when we deviate from the original scope or grant objectives. Other amendments may be necessary when the district changes the designated Grant Manager, disengages from grant activities for more than three (3) months, or a 25% reduction in the time devoted by a grant manager.

The Grant Manager shall monitor the need for amendments at least quarterly throughout the grant period and at least one (1) month prior to the grant amendment deadline, if applicable. If an amendment is necessary for any of the reasons specified by the pass-through entity (TEA) or in federal regulations, the Grant Manager shall initiate the amendment process and collaborate with the finance department prior to submission of the grant amendment. The approval process of a grant amendment shall be the same as the grant application process, i.e. the Superintendent shall approve all federal grant amendments.

The Director of Finance shall be responsible for ensuring that the finance system budget corresponds to the most recent grant NOGA.

902.4 Standards for Financial and Program Management

The District must comply with all requirements of federal grant awards including the provisions of the Federal Funding Accountability and Transparency Act (FFATA) and the Financial Assistance Use of Universal Identifier and Central Contractor Registration (CCR).

FFATA Reporting

The district shall report the following for all federal grant awards, as appropriate. The Superintendent shall be responsible for collecting and reporting the information.

1. The following data about sub-awards greater than \$25,000
 - a. Name of entity receiving award [entity = district]
 - b. Amount of award

- c. Funding agency
- d. NAICS code for contracts / CFDA program number for grants
- e. Program source
- f. Award title descriptive of the purpose of the funding action
- g. Location of the entity (including congressional district)
- h. Place of performance (including congressional district)
- i. Unique identifier of the entity and its parent; and
- j. Total compensation and names of top five executives (same thresholds as for primes)

2. The Total Compensation and Names of the top five executives if:

- a. More than 80% of annual gross revenues from the federal government, and those revenues are greater than \$25M annually and
- b. Compensation information is not already available through reporting to the SEC.

902.41 Financial Management

The District's financial management system, Ascender Finance System, shall be utilized to expend and track all federal grant expenditures. The financial management system shall be maintained in a manner that provides adequate internal controls over the data integrity, security and accuracy of the financial data. The financial management system must contain information pertaining to all federal awards, authorizations, obligations, unobligated balances, assets, expenditures, income and interest and be supported by source documentation. All expenditures of federal grant funds shall be in accordance with the district's written procedures such as cash management, accounts payable, purchasing, travel, allowable costs, capital asset tracking, contract management, and other procedures, as appropriate.

Records Retention

The financial management system shall be utilized to store, maintain, and report all required federal grant information. Consequently, the district shall ensure that access to the data is restricted to authorized individuals in accordance with the district's Data Security and Access policies. In addition, the district shall retain all federal grant records for a period of five (5) years minimum or as required by the grant in accordance with the district's Local Records Retention Plan. [Note: The district's retention period exceeds the three (3) year retention period required in the EDGAR.] The district's Record Management Officer (RMO), Shari Snyder or Lori Whitmire, shall be responsible to ensure that all records are retained, stored and accessible, as appropriate.

List of Federal Grant Awards

A list of all federal grant awards shall be maintained to include all EDGAR required data (denoted with an *) and district-required information listed below: [List of all federal grant awards with the required identification information is included in the Exhibit Section]

- The CFDA title and number*,
- Federal award identification number and year*,
- Name of the Federal agency*, and
- Name of the pass-through entity*, if any.
- Grant manager for each grant
- Subgrants, if any
- TEA-assigned risk level for each grant, as appropriate

On at least a monthly basis, the grant manager shall review the status of each federal grant fund. The review shall include a comparison of budget to expenditures.

902.43 Bonds

If the granting agency requires that the district obtain bonding and/or insurance for a specific project, the district shall ensure that the bonds are obtained from a company that holds a certificate of authority as specified in 31 CFR Part 223, Surety Companies Doing Business with the United States. The Superintendent shall be responsible for obtaining insurance and/or bonding, as appropriate.

902.44 Payment

Payments to vendors shall be made promptly in accordance with federal regulations and state law. Specifically, in accordance with the Texas Prompt Payment Act, the district shall pay all invoices within 30 days of receipt of the goods/services and the invoice, whichever is later.

In the event that the district receives an advance payment from a federal granting agency, the district shall ensure that it expends the advanced funds in a timely manner. Excess funds may earn interest, which may require return to the federal granting agency if the interest meets the federal threshold.

The district has determined that it will not accept advanced payments for federal grant funds.

The district shall seek reimbursement for federal grant expenditures, rather than using an advanced payment method. Consequently, the district shall prepare and submit a “draw-down” of federal grant funds only after the payments have been made and distributed to the vendor via mail, e-payables or other delivery method. The draw-down of expended funds shall be net of all rebates, refunds, contract settlements, audit recoveries and interest earned, as appropriate. The Director of Finance shall be responsible for preparing the draw-down of federal grant funds. All draw-downs shall be recorded on the general ledger as a receivable when the draw-down process is complete and posted to the cash account upon receipt of the receivable.

902.45 Cost sharing or matching funds

The Grant Manager over each federal grant award shall ensure that requirements for cost sharing and/or matching funds are approved through the grant approval process prior to the submission of the grant. At a minimum, the Superintendent and the Director of Finance must approve the commitment of all cost sharing and matching grant funds.

If cost sharing or matching funds are required as part of a federal grant award, the required direct or in-kind expenditures should be recorded and tracked on the general ledger. If matching grant funds are required in the General Fund (Fund 199), the district shall utilize a sub-object to separately track the expenditures for reporting and compliance purposes.

Cost sharing and matching funds that are as a result of donated services or supplies, shall be recorded and tracked in accordance with the federal regulations (CFR 200.306).

902.46 Program Income

The district will not generate any program income as part of a federal grant award.

902.47 Period of performance (Obligations)

All allowable grant expenditures shall be incurred during the grant period, i.e. begin date and end date of the federal grant award as designated on the Notice of Grant Award (NOGA). The Grant Manager shall notify the appropriate departments, such as Purchasing, Human Resources, Finance, Payroll, etc. of the

grant periods for each federal grant award to ensure compliance as noted below:

- **No employee shall be hired and paid from federal grant funds except during the federal grant period**
- **No purchase obligation shall be made from federal grant funds except during the federal grant period**
- **No payroll or non-payroll expenditures shall be made from federal grant funds except during the federal grant period.**

All obligations with federal grant funds must occur during the grant period. Obligations that occur before or after the grant period are not allowable costs. The obligations must be liquidated in accordance with the grant deadlines, especially as they relate to the final draw-down of federal grant funds. Guidance regarding the obligation of federal grants funds can be found in TEA's General and Fiscal Guidelines.

The Grant Manager and Director of Finance shall monitor the expenditures during the grant period to ensure that the funds are spent in a systematic and timely manner to accomplish the grant purpose and activities.

902.5 Procurement Standards/Expenditure of Grant Funds

Expenditures of grant funds shall be through the purchasing, finance or payroll department processes in place for non-grant funds, but shall have additional requirements as noted below to ensure full compliance with federal cost principles.

902.51 General Procurement Standards

The district shall comply with the general procurement requirement of the EDGAR (2 CFR 200).

The district shall utilize a purchase order and encumbrance system to manage the expenditure of all federal grant funds unless other methods such as credit cards, direct payments, etc. are authorized in the district's operating procedures. All purchases shall be in accordance with the district's School Board Policies (CH Legal and Local) and the district's Purchasing Procedures (Exhibit Section). The district purchasing procedures shall comply with all federal, state and local procurement requirements.

The Superintendent and Director of Finance shall be responsible for ensuring compliance with all federal, state and local procurement requirements and for ensuring that the district maintains an up-to-date procurement history to include, but not limited to, the information below:

List of all procurements by type

- Advertisement date(s) of the procurement
- Release date of the procurement specifications
- Selection criteria for vendors
- Opening date of the procurement
- List of vendors submitting a proposal/bid
- Selection of Vendor
- Date of contract award
- Begin date of contract
- End date of contract

The procurement history records and other procurement records shall be retained in accordance with the federal, state and/or local retention periods, whichever is greater. The procurement records shall be made available to the federal granting agency, pass-through entity (TEA), and auditors, as appropriate.

Purchasing Efficiency Strategies

All purchases with federal grant purchases shall be in accordance with the federal regulations, specifically CFR 200.318. All purchases shall be purchased from a variety of qualified vendors with the ability to perform successfully under the terms and conditions of a proposed procurement. The district shall strive to avoid acquisition of unnecessary or duplicative items. The district shall implement the following strategies to maximize federal grant funds:

- Consolidation of purchases to obtain volume pricing, as appropriate
- Evaluate the cost efficiencies of leases versus purchases of equipment
- Utilize cooperative purchasing agreements, as appropriate, to obtain volume pricing
- Utilize federal or state excess/surplus property supplies or equipment in lieu of purchasing new supplies or equipment, as appropriate
- Utilizing value-engineering in construction projects to seek cost reductions
- Develop vendor selection criteria to select the best vendor
- Develop a tracking system of all informal and formal procurements
- Avoid “time and materials” contracts if other alternatives exist
- Monitor vendor performance to ensure that the vendor to ensure that the vendor provides the services and/or goods, as appropriate
- Ensure that all contract and vendor disputes are resolved in the most advantageous manner
- Minimize the risk of jurisdictional issues by ensuring that all contracts would be litigated in a court within the county, city and/or state, as appropriate

The district shall complete a review of the procurement system on at least an annual basis to self-certify that the procurement system is efficient and effective. The Director of Finance shall oversee the completion of the self-certification. The results of the certification shall be distributed to all grant management staff. If deficiencies are noted, the Director of Finance shall develop a Corrective Action Plan to remedy the deficiencies, as appropriate.

Conflict of Interest

The Superintendent shall execute an Organizational Conflict of Interest document to disclose if any conflicts exist in the application, receipt of, or expenditure of federal grant funds.

The Grant Manager, Finance Director, and Superintendent shall each execute a Conflict of Interest Form to disclose a conflict of interest, as appropriate, related to the awarding of a contract or substantial expenditures with federal grant funds. Substantial expenditures shall be defined as a purchase in excess of \$1,000.00. No employee, officer, or agent may participate in the selection, award, or administration of a contract supported by a Federal award if he or she has a real or apparent conflict of interest. In addition, no employee, officer or agent of the district may neither solicit nor accept gratuities, favors or anything of monetary value from contractors or parties to subcontractors. All employees shall comply with the Educators’ Code of Ethics (DH Exhibit). Violators of the Code of Ethics shall be subject to disciplinary action, including but not limited to, termination of employment with the district.

902.52 Vendor Competition

The Grant Manager and Director of Finance shall be responsible for selecting and awarding contracts to vendors that are qualified to provide the goods and/or services to be purchased with federal grant funds. The vendor selection process shall ensure that the district does not restrict competition among qualified vendors.

Vendor Selection Criteria

The district has selected vendor qualification criteria that includes, but is not limited to, the following:

- Past experience with the district
- Cost of goods and services, including future costs of maintenance
- Vendor's financial stability and position as it relates to the ability to provide the goods and/or services
- Small, minority, woman-owned, or labor surplus area firms

The district shall not restrict vendor competition by requiring any of the following as selection criteria:

- Unreasonable requirements, such as excessive experience or bonding, brand name products or geographic preferences that would unduly restrict competition among qualified vendors
- Arbitrary restrictions that are not essential to the bid/proposal specifications

A vendor database shall be maintained by the finance department business clerk. The district's Adding/Renewing Vendors Procedures shall be adhered to for all purchases. Vendor selection shall include the following criteria:

Has not been debarred or suspended from contracting under federal grants

.

All vendors shall complete the appropriate vendor forms as required by federal or state regulations and the district. The district requires that every vendor have the following documents on file:

- Form W-9
- Conflict of Interest Questionnaire
- Felony Conviction Notice (If working with students)
- Fingerprinting (If working directly with students)

The district shall develop written bid/proposal specifications that are provided to every qualified vendor to ensure consistency in the procurement process. At no time shall the district allow a specific vendor to develop the bid/proposal specifications as this may provide a barrier to open competition among the qualified vendors. The bid/proposal documents must include guidance to vendors regarding the following:

- Time, date and place of bid/proposal opening
- Anticipated award date, as applicable
- Written specifications and addendums, as appropriate
- List of all bid/proposal required documents such as CIQ, Felony Conviction Notice, etc.
- Bid/Proposal Sheet
- Bid/Proposal evaluation criteria, including the weights, as applicable
- Other documents as required

The Grant Manager shall oversee all bid/proposal documents before release to the vendor to ensure the documents comply with the federal requirements.

902.53 Procurement Methods

The district shall use one of the procurement methods allowed by federal regulations to procure goods and services with federal grant funds. In addition, the district shall comply with state purchasing laws and local Board Policy, CH Legal and Local.

The procurement method shall be determined based on the type of goods or services to be purchased with federal grant funds. The Grant Manager and Director of Finance shall be responsible for selecting the appropriate procurement method for each procurement.

Micro-Purchase Procedures

The Procurement by Micro-purchase may be the most frequently used method due to the frequent purchase of goods or services that are less than \$3,500, as defined in CFR 200.67. The district shall purchase goods and services under this method from among qualified vendors, but will not competitively procure the micro-purchases, unless in the aggregate in a 12-month period (fiscal year), the district exceeds the state law thresholds, or the district's threshold in Board Policy CH Legal or Local. The Grant Manager and Director of Finance shall distribute micro-purchases equitably among qualified vendors.

Small Purchase Procedures

The Procurement by Small Purchase Procedures shall be used by the district when the purchase of goods or services do not exceed \$50,000, the Simplified Acquisition Threshold (CFR 200.88). The purchasing department shall require written, emailed or faxed requests for quotations from at least two (2) qualified vendors for all small purchases. The district shall strive to obtain small purchases from qualified vendors under a Cooperative Purchasing Program. The district is currently participating in the following cooperative purchasing programs:

- TASB Buy Board
- State of Texas DIR
- ESC 18
- West Texas Food Service Purchasing Cooperative
- ESC 17

Sealed Bid Procedures

The Procurement by Sealed Bids method shall be used by the district when the purchase of goods or services exceeds \$50,000 if the acquisition of the goods or services lends itself to a fixed price contract and the selection of the successful bidder can be made principally on the basis of price. The district shall comply with the sealed bid requirements, as defined by the EDGAR, as noted below:

Bids must be solicited from an adequate number of bidders, but no less than two (2) bidders

Bids must be publicly advertised and bidders shall be provided an adequate amount of time to prepare and submit their bid.

The district shall publicly advertise all bids in accordance with state law, i.e. at least two (2) times in two separate weeks

The district shall provide no less than ten (10) days for bidders to prepare and submit their bids

Bids must contain detailed specifications to ensure that bidders have a clear understanding of the goods or services that the district is seeking to purchase

Bids must specify the time, date and district location where bids will be opened publicly

Bids must be awarded based on a fixed price contract to the lowest responsive and responsible bidder.

The district shall consider discounts, transportation costs and life cycle costs only if these factors were included in the bid specifications. The district will/will not consider payment discounts because the district does/does not routinely take advantage of payment discounts.

Bids will be evaluated, ranked and a recommendation for award made to the School Board at a regularly scheduled board meeting.

If no bidder is recommended, the district shall reject all bids and evaluate whether to modify the bid specifications to initiate a new bid process

The district shall notify the successful bidder and process the contract documents and/or purchase orders, as appropriate

The district shall notify all of the unsuccessful bidders to ensure that qualified bidders are encouraged to

submit bids during future bid opportunities

Competitive Proposal Procedures

The **Procurement by Competitive Proposal** method shall be used by the district when the acquisition of the goods or services exceeds \$50,000 and does not lend itself to a fixed price contract. The district shall comply with the sealed bid requirements, as defined by the EDGAR, as noted below:

- Requests for Proposals (RFP) must be publicly advertised
- The RFP shall identify the evaluation factors and their weight in awarding the proposal
- Proposals shall be solicited from an adequate number of bidders, but no less than two (2) qualified vendors
- Proposals shall be evaluated, ranked and a recommendation for award made to the School Board at a regularly scheduled board meeting
- The district shall develop an instrument to evaluate each proposal and rank the proposals based on the evaluation scores
- The district shall evaluate each proposal by committee or no less than two (2) district staff with knowledge of the RFP specifications
- In accordance with state law, the vendor who is ranked highest as providing the “proposal most advantageous to the district” shall be notified of the potential award
- The district may negotiate with the vendor only as it relates to potential cost savings
- If the district and vendor ceases to negotiate, the district shall notify the vendor in writing before starting to negotiate with the 2nd highest ranked vendor.

Noncompetitive Proposal Procedures

The **Procurement by Noncompetitive Proposal** method shall be used by the district when the purchase of goods or services is from a “sole source vendor”. A sole source vendor is defined as a vendor that meets the following requirements:

- The goods or services are only available from a single source
- The district shall acquire and maintain a copy of a vendor’s sole source letter which specifies the statutory or other reason for its sole source status
- A public exigency or emergency will not permit a delay resulting from the competitive solicitation process
- The district shall declare a public exigency or emergency prior to making such as purchase of goods or services under this method
- The granting agency or pass-through entity authorized the use of a non-competitive proposal method
- The district shall obtain written approval/authorization from the granting agency or pass-through entity.
- After solicitation of a number of sources, competition is determined to be inadequate
- The district shall determine that competition is inadequate if after two (2) solicitations of bids and/or proposal, only one vendor is responsive to the solicitations

Other Procurement Guidelines

Regardless of the procurement method, the district shall encourage small, minority, woman-owned and labor surplus area firms to compete with other qualified vendors by implementing strategies to encourage their participation.

The district shall comply with the federal regulations related to the procurement of recovered materials (CFR 200.322) and the Solid Waste Disposal Act.

For all purchases that exceed the Simplified Acquisition Threshold of \$50,000, the district shall perform a cost or price analysis with every procurement. Secondly, all purchases that exceed this threshold shall comply with federal bonding requirements such as:

- Bid guarantee from each bidder of five percent (5%) of the contract price
- Performance bond on the part of the contractor for 100% of the contract price
- Payment bond on the part of the contractor for 100% of the contract price.

The Grant Manager shall be responsible to ensure that all purchases above this threshold are guaranteed with the appropriate bid guarantee, performance bond and payment bond.

All contracts for services and/or goods purchased with federal grant funds shall be subjected to the same review and approval process as all other district contracts. The Contract Procedures and Checklist are applicable to all federally funded contracts.

The district shall retain all records related to the procurement of goods and services in accordance with federal, state and local requirements. In addition, all procurement records shall be available for inspection and/or audit during the life of the records. The district shall maintain all procurement records for five (5) years in accordance with the district's Local Records Retention Schedule.

902.6 Property Standards

The district shall safeguard all property (assets and inventory) purchased with federal grant funds under the same guidelines as property purchased with local funds. Additional insurance for property purchased with federal grant funds shall be acquired if specifically required by a federal grant award. The Grant Manager shall oversee the acquisition of insurance for all federally funded property.

Real Property

Select one:

- 1) The district has not and will not use federal grant funds to purchase real property.
- 2) The district has purchased real property with federal grants funds, as allowable under prior grant covenants. The subsequent disposition of the real property shall be in accordance with the federal guidelines as outlined in CFR 200.311. The Superintendent shall be responsible for completing a granting agency or pass-through entity (TEA) survey of federally-funded real property.

Equipment and Supplies

The district will not use federal grant funds to purchase equipment or supplies.

Capitalization Policy and Definitions

The district shall utilize the same capitalization policy for non-grant and grant-funded asset purchases. The district's capitalization threshold for assets is \$5000 per unit cost. The district has adopted the EDGAR (CFR 200.12) definitions of property as noted below:

- ***Capital assets* means tangible or intangible assets used in operations having a useful life of more than one year which are capitalized in accordance with GAAP. (CFR 200.12).**
- ***Equipment* means tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost which equals or exceeds the lesser of the capitalization level established by the non-Federal entity for**

financial statement purposes, or \$5,000. (CFR 200.33)

- ***Computing devices*** means machines used to acquire, store, analyze, process, and publish data and other information electronically, including accessories (or “peripherals”) for printing, transmitting and receiving, or storing electronic information. (CFR 200.20)
- ***General purpose equipment*** means equipment which is not limited to research, medical, scientific or other technical activities.
- Examples include office equipment and furnishings, modular offices, telephone networks, information technology equipment and systems, air conditioning equipment, reproduction and printing equipment, and motor vehicles.
- ***Information technology systems*** means computing devices, ancillary equipment, software, firmware, and similar procedures, services (including support services), and related resources. (CFR 200.58)
- ***Special purpose equipment*** means equipment which is used only for research, medical, scientific, or other technical activities.
- Examples of special purpose equipment include microscopes, x-ray machines, surgical instruments, and spectrometers.
- ***Supplies*** means all tangible personal property other than those described in §200.33 Equipment. A computing device is a supply if the acquisition cost is less than the lesser of the capitalization level established by the non-Federal entity for financial statement purposes or \$5,000, regardless of the length of its useful life. (CFR 200.94)

Acquisition Cost

The district has also adopted the EDGAR definition of Acquisition cost as noted below:

Acquisition cost means the cost of the asset including the cost to ready the asset for its intended use. Acquisition cost for equipment, for example, means the net invoice price of the equipment, including the cost of any modifications, attachments, accessories, or auxiliary apparatus necessary to make it usable for the purpose for which it is acquired. Acquisition costs for software includes those development costs capitalized in accordance with generally accepted accounting principles (GAAP). Ancillary charges, such as taxes, duty, protective in transit insurance, freight, and installation may be included in or excluded from the acquisition cost in accordance with the non-Federal entity's regular accounting practices.(CFR 200.2)

The district shall utilize the invoice cost, and all related costs, to record the cost of the equipment on the fixed asset database.

The district has also defined “inventory items” as items with a unit cost between \$1,000 and \$4,999. These items shall have a tag affixed to the item for inventory tracking and insurance purposes only. Inventory items shall include computing devices within these costs. The district shall track these items for insurance purposes and shall conduct an annual inventory of these items to the extent possible.

The district has also defined technology-related “walkable” or “personal use” items with a unit cost less than \$1,000 as the following (these items shall be tracked by the Technology Department).

- I-Pads
- Kindle/Nook
- Computers with a cost under \$1,000

902.61 Identifying and Tracking Federally-Funded Assets

Title to federally funded equipment and supply purchases shall be retained by the district, unless otherwise notified by the granting agency. As district property, the district shall affix a tag, inventory, and dispose of all assets (non-grant and grant-funded) according to the district's fixed asset procedures. The district procedures shall include the recording of all assets on a database with the following information:

- District-issued tag (or identification number)
- Date of acquisition
- Description of asset
- Serial number, or other identifying number
- Funding source, i.e. fund code
- Federal use of asset (percentage)
- Cost of asset (acquisition cost)
- Use and condition of the asset (New, Used, etc.)
- Life of asset
- Location of asset (building and room number)
- Depreciation of asset
- Owner of asset title, typically the district

Maintaining Asset Inventory & Records

All federally-funded assets shall be maintained in an operable state. If repairs are necessary, the district may pay for the repairs of the federally-funded assets with federal grant funds, unless expressly restricted by the granting agency.

The district fixed asset procedures shall include an annual inventory of all assets and reconciliation of the inventory reports. [Note. Federal requirements CFR 200.313 requires an inventory at least once every 2 years.] The district's annual inventory of assets shall be conducted by August each fiscal year. Lost, damaged, or stolen assets shall be recorded on the fixed assets database with the date of the loss. The disposition records such as the loss report (police report for thefts) shall be maintained with the asset records.

In addition, the district shall track all grant-funded asset purchases by grant, or fund code, as appropriate. The disposal of grant-funded assets shall be in accordance with federal guidelines and grant-specific guidelines, if any. At a minimum, the disposition date, reason and sale price of all federally-funded assets shall be recorded in the fixed assets database.

During the life of the asset, the district shall ensure that all assets purchased with federal grant funds are insured against loss. The costs to insure and maintain (repair) assets purchased with federal grant funds are generally allowable costs, unless specifically prohibited by a granting agency.

The District Asset Manager shall be responsible for maintaining the fixed asset database of all district assets, including all federally-funded assets.

902.7 Cost Principles

All grant expenditures must be allowable under the Federal Cost Principles (2 CFR 200 – Subpart E), the grant application program assurances, the granting agency's policies, and the district policies and procedures.

The district shall adhere to the Cost Principles for federal grants [EDGAR SUBPART E] and any additional grant-specific cost principles. The general principles of EDGAR state that:

- Costs must be reasonable and necessary
- A cost is reasonable if, in its nature and amount, it does not exceed that which would be incurred by a prudent person under the circumstances prevailing at the time the decision was made to incur the cost.
- Necessary is defined as costs needed to carry out the grant activities
- Be allocable to Federal awards
- Be authorized or not prohibited under State or local laws or regulations.
- Conform to any limitations or exclusions set forth in these principles, Federal laws, terms and conditions of the Federal award, or other governing regulations as to types or amounts of cost items.
- Be consistent with policies, regulations, and procedures that apply uniformly to both Federal awards and other activities of the governmental unit.
- Be accorded consistent treatment. A cost may not be assigned to a Federal award as a direct cost if any other cost incurred for the same purpose in like circumstances has been allocated to the Federal award as an indirect cost.
- Except as otherwise provided for in EDGAR, be determined in accordance with generally accepted accounting principles.
- Not be included as a cost or used to meet cost sharing or matching requirements of any other Federal award in either the current or a prior period, except as specifically provided by Federal law or regulation.
- Be the net of all applicable credits.
- Be adequately documented.

The **total cost** of a federal award is the sum of allowable direct and allocable indirect costs less any applicable credits. All refunds, rebates, discounts or other credits to grant expenditures shall be posted to the finance general ledger as soon as the credit is known. The district shall ensure that all known credits have been posted to the general ledger prior to the drawdown on federal grant reimbursements. [Note. It is essential to post all credits to the general ledger on a timely basis to ensure that the district does not draw- down grant expenditures in excess of actual expenditures net of all credits. Otherwise, the district may be considered to have drawn-down funds under an advanced cash method.] The Director of Finance shall ensure that all applicable credits have been posted to the general ledger prior to preparing and submitting a federal grant draw-down request from the granting or pass-through entity.

All district costs with federal grant funds, whether direct or indirect, shall meet the minimum requirements of allowability as specified in the 2 CFR 200.403. In addition, the costs must meet the general provisions for selected items of cost (2 CFR 200.420). Specific items not listed within these procedures shall be evaluated by the Grant Manager and Finance Department on a case-by-case basis for allowability. The general cost allowability rules for specific items of cost listed within these procedures shall apply to all federal grant funds, unless more restrictive allowability rules are required by a particular federal grant award. The district shall adhere to the more restrictive allow ability rules when a conflict arises between the general allowability rules, the program-specific allow ability rules and the district's allow ability rules.

Selected Items of Costs

District costs generally fall under two major categories: 1) compensation/benefits; and 2) non-compensation (supplies, services, travel or equipment). The district has elected to use federal grant funds for both compensation/benefits and non-compensation expenditures.

Timekeeping Records

All hourly employees are required to use the district's TimeClock system in order to document their time. Employees should contact the Director of Finance in order to be set up in the system and receive training on the TimeClock system.

902.71 Compensation & Benefits – Employee (Payroll Expenditures)

Compensation and benefits (payroll expenditures) are allowable costs for personal services rendered by district employees during the period of performance under the federal grants.

Compensation Costs

All payroll expenditures shall be paid in accordance with the federal cost principles. First and foremost, the payroll expenditures must be authorized on the grant application and the duties assigned must be directly related to grant activities. In addition, compensation costs shall be allowable if:

- The costs are reasonable for the services rendered and conforms to the established district compensation and benefit plans for expenditures with all other funds, i.e. local funds,
- The employees have been employed in accordance with the district's established Hiring Procedures, and
- The costs are supported by the appropriate timekeeping, absence tracking, time & effort certifications or other documentation, as appropriate,
- Federally-funded employees shall report all outside employment or professional services rendered to other entities. The external employment and/or professional services shall not conflict with the federally-funded activities with the district,
- Incentive compensation, such as stipends, awards, early resignation incentive, attendance incentive, etc. in accordance with the district's written plans for each of these incentives,
- Stipend compensation for other non-federal grant award duties shall be supported by a Supplemental Duties Job Description/Pay Notice. The additional duties shall not conflict with the federally-funded activities with the district,

Benefit Costs

District costs for fringe benefits for federally-funded staff shall be allowable as noted below:

- All benefit costs shall be in accordance with the district's written Summary of Employee Benefits
- All leave benefits shall be in accordance with the district's written Leaves and Absences Policy (DEC Local)
- The benefit costs shall be distributed equitably at the same allocation rate (percentage) as the base compensation
- The benefit costs were earned and paid during the grant period
- All benefit costs shall be allowable under the Internal Revenue Service, Fringe Benefits Guide (as subjected to taxes, as required by federal statute)

The district shall not charge any benefit costs to a federally-funded grant if the benefit costs are not in accordance with the district's written Summary of Employee Benefits, School Board Policy, or other written benefit plan(s). The district has established the following as non-allowable benefit costs:

- Severance or settlement agreement payouts to current and/or previous federally-funded grant staff [NOTE. These costs are allowed subject to strict guidelines – district option to include or exclude.]

- Optional pension plans (other than the mandatory Teacher Retirement System of Texas contributions). [NOTE. These costs are allowed subject to strict guidelines – district option to include or exclude.]
- Automobile costs or allowance

Documentation of Compensation and Benefit Costs

In addition to the time and effort reporting requirements, the district shall support all compensation and benefit costs paid with federal grant funds shall be supported by the following documentation:

Exempt staff

- Employment agreement, contract, or reasonable assurance, as appropriate
- Job description signed by the employee with language similar to: *Funded by Title I, Part A with the primary purpose of supporting grant activities aimed at improving academic achievement for students struggling to meet state standards.*
- *Supplemental duties, if any, shall be supported by a Supplemental Duties Job Description/Pay Notice*
- Absence records, if any
- Time and Effort documentation, as appropriate (Semi-Annual Certification, Periodic Time and Effort, or the Substitute System for Time and Effort)

Non-Exempt staff

- Employment agreement, contract, or reasonable assurance, as appropriate
- Job description signed by the employee with language similar to: *Funded by Title I, Part A with the primary purpose of supporting grant activities aimed at improving academic achievement for students struggling to meet state standards.*
- Absence records, if any
- Time and Effort documentation, as appropriate (Semi-Annual Certification, Periodic Time and Effort, or the Substitute System for Time and Effort)
- Timekeeping records (actual work hours per workweek) in accordance with the FLSA and the district's Timekeeping Procedures.

[Note. The Grant Manager shall ensure that the Role ID and object codes reflected on the grant application (Payroll Summary) are consistent with the HR, payroll, finance and PEIMS records.]

902.72 Selection of Grant-Funded Staff

The Grants Manager shall work collaboratively with the appropriate stakeholders (campuses and departments) to identify all staff needed to accomplish the grant activities. The Grant Manager shall work collaboratively with the Finance Department to obtain estimated salaries for proposed grant-funded staff prior to the completion of the grant application. And, the Grant Manager shall provide a copy of the Payroll Summary of each grant program to each of the campuses and departments noted above upon approval of the grant application.

The process of approving payroll expenditures from grant funds shall be a collaborative process between the campus or department, Human Resources, Grants Management, and Finance departments. Each campus and/or department plays an essential role in ensuring that all federal grant requirements are met.

The School Board approved Teacher Hiring and Mid-Point Pay Scale shall be used to compensate all district staff whether paid from local, state or federal grant funds. In addition, the district shall provide the same employer-provided benefits for all district staff whether paid from local, state or federal grant funds. The compensation for grant-funded staff shall be allocated to the respective grant program (fund) based

on the single and/or multiple cost objectives performed by the grant-funded staff. If a grant-funded staff member performs non-grant activities during the day or beyond the normal work day, the compensation for the non-grant activities shall be paid from non-grant funds. Grant-funded staff with more than one cost objective, shall comply with the Time and Effort documentation requirements. Incentive payments, such as performance, perfect attendance, safety, etc. for grant-funded staff shall be allowable with federal grant funds if they are based on the same criteria as non-federal grant funded staff.

New Positions

New grant-funded positions shall be created only when a job description has been developed and approved by the Human Resources and the Grant Manager. The Grant Manager shall ensure that the position is approved on the grant application and that adequate funds exist to fill the position. The finance and payroll departments shall be notified to ensure that the position is budgeted on the general ledger and the position is paid using the correct payroll account distribution codes.

New Hires

New staff hired for work in positions that are wholly or partially funded with federal grant funds, shall be hired when a position and funding are both available. Upon separation of an employee, the home campus or department of the position shall initiate a request to replace the position.

The Grants Manager shall review the request to ensure that the position is still authorized and necessary. Changes to the job description, if any, shall be made at this time. The Finance department shall review the request to ensure that adequate funds exist in the appropriate account code(s). If funds do not exist, the Finance Department shall notify the Grants Manager to determine if funds will be re-appropriated to the account code(s). After approval from the Grants Manager and Finance department, the Human Resources department shall advertise the position.

The screening and selection process shall include a review of the recommended applicant to ensure that he/she meets the highly qualified requirements under the No Child Left Behind Act (NCLB), as appropriate, or any other grant-specific credentials.[NOTE: A Personnel Recommendation or similar form may be used to start the process.]

Upon employment, the new hire shall receive and sign a copy of his/her respective job description to include the grant funding source. NOTE: If the position is funded with a short-term grant fund, the employee shall be notified in writing when the grant funding will lapse, especially if their position will lapse at the end of the grant.]

Transfer of Personnel

When staff in a position funded with grant funds is recommended for transfer to another campus, department, or assignment, the grants management, human resources, and finance departments shall work collaboratively to ensure that the appropriate staff allocations and funding changes are made at the time of the transfer. The home campus or department shall initiate the request for the transfer, especially if it is a teaching assignment change at a campus. The grants management, human resources and finance departments must evaluate the requested transfer to ensure that the staff allocations, highly qualified staff requirements, and funding source changes are in compliance with grant requirements. For example, if an elementary principal requests to transfer a Title I Reading teacher to a Pre-Kindergarten regular classroom teacher, the following considerations should be evaluated by the respective departments: 1) HR – ensure that a vacancy exists in a PK teacher position and that the teacher recommended for transfer is certified to teach PK; 2) Grants management – ensure that the grant strategies and activities can be accomplished in a timely manner after filling the vacancy that would be created by the transfer; and 3) Finance department – ensure that funds exists for the additional PK teacher

slot and change the payroll account distribution code(s) from Title I to PK as of the effective date of the transfer.

Substitute Teachers

Salary expenditures for substitute teachers are allowable for approved teacher positions. The finance and payroll departments shall ensure that the expenditures for substitute teacher costs are budgeted and expensed from the appropriate account code(s). The School-Board approved substitute pay scale shall be used to compensate all substitute teachers whether paid from local, state or federal grant funds.

Stipends and Extra Duty Pay

Stipend and extra duty pay expenditures are allowable for authorized and approved activities. A schedule or work log shall be maintained to substantiate the stipend and/or extra duty pay. The School-Board approved Stipend and Extra Duty Pay Schedule shall be used to compensate all substitute teachers whether paid from local, state or federal grant funds.

The finance department shall ensure that the expenditures for stipend and extra duty pay are budgeted and expensed from the appropriate account code(s). The stipend and extra duty pay rates shall be the same as the rates used for similar locally funded activities. For example, if a teacher stipend for attending a 1-day professional development activity funded through local funds during a non-scheduled work day is \$150 per day, the teacher stipend for attending a federally-funded 1-day professional development activity should be \$150 per day, too. **[The Stipend and Extra Duty Pay Scale (adopted by the School Board) is included in the Exhibit Section.]**

902.73 Time and Effort Documentation

District staff funded wholly or partially with federal grant funds shall comply with federal guidelines related to time and effort. The grant funded staff, their immediate supervisors, grants management, human resources, and finance departments shall be aware of the federal guidelines related to time and effort documentation. On a least an annual basis, all impacted staff shall be trained by the grants management department and/or attend appropriate training from an outside source.

The district shall collect and monitor time and effort documentation for district employees only. Time and effort documentation does not apply to Independent Contractors.

The district shall comply with all federal time and effort documentation guidelines. The following requirements shall apply to all district staff funded wholly or partially from federal grant funds, including staff funded through non-federal grant funds as part of a cost sharing or matching requirement.

Job description for all grant funded staff

The district shall develop and distribute a job description to all district staff that is wholly or partially funded with grant funds. The job description shall include the funding source and the job duties as they relate to the grant position. The grant-funded staff shall sign the job description at employment and on an annual basis, or at a minimum, when the funding source, job title or other change occurs in the employment or assignment of the staff member.

The job description and assignment shall be supported by documentation such as grade books, master schedule, etc.

Roster of all grant funded staff

The Grant Manager shall maintain an up-to-date roster of all grant funded staff to include the position

title, annual salary, and funding source(s) by percentage. The roster of grant funded staff shall include all staff paid with non-federal grant funds whose compensation/benefits are paid as part of a matching or cost sharing requirement of a federal grant fund.

The home campus or department, human resources, and finance departments shall work collaboratively to ensure that the roster accurately reflects that data maintained in their respective area of responsibility. Discrepancies, if any, in the roster shall be brought to the attention of the grants management department.

The review of the roster shall include, but not be limited to the following:

Campus or department – ensure that the grant funded staff are assigned in the position title as noted on the roster. The master schedule or assignment of instructional staff must support the position title and funding source.

Human Resources – ensure that the position title and salary are correct as noted on the roster. In addition, the HR department shall ensure that each grant funded staff member has a signed job description on file for the position title noted on the roster. And, the HR department shall ensure that all grant-funded staff meet the state’s Certification or are Highly Qualified, as appropriate.

Finance – ensure that the funding source(s) and salary are correct as noted on the roster. In addition, the finance department shall ensure that the payroll distribution account code(s) are in accordance with the FASRG.

Grant Manager – ensure that the positions are authorized on the grant application and that the PEIMS Staff Data submitted to TEA is consistent with the position title, Role ID and object code.

The review shall occur on at least a semi-annually basis throughout the school year to ensure that the roster of grant funded staff is accurate and up-to-date throughout the year. NOTE: It is critical that at least one of the reviews coincide with the submission of the Fall PEIMS Staff Data to ensure that accurate data is submitted as of the October snapshot date.

Budgeting of grant funded staff

The roster of grant funded staff shall be the basis for budgeting of grant funded staff. The percentage of time in each funding source shall be utilized by the finance department to create and enter the salary portion of the grant budget. The percentages shall also be utilized by the payroll department to enter the payroll distribution account code(s).

In addition, the finance department shall ensure that the Grant Personnel Schedule of the grant application matches the budget and payroll account code(s). For example, if the Grant Personnel Schedule for Title I, Part A includes a position of a “008 – Counselor (6119)”, the budget and payroll account code distribution shall be entered in a 6119 object code.

The grants management, human resources and finance departments shall work collaboratively to adjust the budget and payroll account code distributions of grant funded staff if the time and effort documentation consistently reflects that the percentage(s) across the funding source(s) is not a true reflection of the normal work schedule.

Time and effort requirements for staff funded 100% from one grant (or working 100% of their time in a single cost objective)

The staff funded 100% from one grant source do not have to maintain periodic time and effort records. However, all employees must certify in writing, at least semi-annually, that they worked solely on the program for the period covered by the certification. The employee and his/her immediate supervisor must

sign the Semi-Annual Certification Form (sample in Exhibit Section).

The timeline for semi-annual certifications shall be once per academic semester to coincide with teaching assignments each semester. The immediate supervisor shall submit all signed semi-annual certifications to the grant management department as noted below:

1st Certification – due 1 week after the start of the 1st semester

2nd Certification – due 1 week after the start of the 2nd semester

The Grant Manager review shall consist of the following:

- A review of the certification forms to ensure that every staff member and supervisor has certified that their schedule is 100% grant related
- A test sampling of staff assignments, i.e. master schedule, duty schedule, etc. to verify the schedule is 100% grant related

The Grant Manager shall collect and review all Semi-Annual Certification Forms. Any certifications that reflect a percentage other than 100% shall be forwarded to the finance department for adjustment of the grant payroll expenditures for the certification period. NOTE: Steps should also be taken to ensure that the staff member's work schedule is adjusted to 100% grant related, or is changed from the semi-annual certification method to time and effort reporting.]. The Grant Manager shall file the certifications for audit purposes.

The finance department shall prepare a journal ledger entry to correct the account distribution code(s) as appropriate. The Director of Finance shall post the entry to the finance general ledger.

Time and effort requirements for staff split funded (funded from more than one (1) cost objective and/or grant programs)

Time and effort applies to employees who do one of the following:

- Do not work 100% of their time in a single grant program
- Work under multiple grant programs
- Work under multiple cost objectives

These employees are required to maintain a Time and Effort Worksheet or to account for their time under a substitute system. Employees must prepare time and effort reports at least monthly to coincide with the district pay periods. Such reports must reflect an *after-the-fact* distribution of 100 percent of the *actual* time spent on each activity and must be signed by the employee and their immediate supervisor. Charges to payroll must be adjusted to coincide with preparation and submission of the interim expenditure report required for TEA discretionary grants.

Grant-funded staff under this category shall complete a Time and Effort Worksheet (sample in Exhibit Section) to include the date, grant source, percentage worked in the grant source per day and the summary for the month (or pay cycle). The staff member and his/her immediate supervisor shall sign the time and effort report. The timeline for time and effort reports shall be once per month to coincide with the monthly payroll cycles as noted below:

Monthly payroll [20th of the month] – Time & Effort reports are due by the 5th of the month for the prior month.

The immediate supervisor shall submit all signed time and effort reports to the Grant Manager.

The Grant Manager review shall consist of the following:

- A review of the time and effort reports to compare the summary percentage of grant-related work per funding source to the budgeted percentage utilized to charge the monthly (or semi-monthly) payroll charges
- A test sampling of staff assignments, i.e. master schedule, duty schedule, etc. to verify the percentage of grant-related work per funding source
- If the time and effort report reflects the same percentage, the report may be filed for audit purposes
- If the time and effort report reflects a different percentage, the report shall be reconciled to reflect the correct payroll charges by grant funding source and forward the reconciliation to the finance department for adjustment of the payroll charges on the general ledger.

The finance department shall prepare a journal entry to reclassify the expenditures as noted on the reconciliation of the time and effort report(s). According to federal regulations, the final amount charged to each grant award must be accurate, allowable and properly allocated. The finance department shall post all variances greater than 3% to the general ledger; otherwise, the variances shall be posted prior to the final expenditure report. NOTE: The finance department should use caution to avoid excess drawdown of grant funds due to unallowable payroll costs if timely adjustments to the general ledger as not posted prior to the drawdown of funds.]

Time and Effort Substitute System

The US Department of Education (USDE) and the Texas Education Agency (TEA) have authorized the use of a substitute system for time and effort.

1) The district has not opted to use the Time and Effort Substitute System at this time.

902.74 Non-Payroll Expenditures

Direct non-payroll expenditures include contracted services, supplies, travel and equipment. The expenditure of federal grant funds for non-payroll costs shall adhere to the district's purchasing policies and procedures. In addition to the normal purchasing process, all grant funds must be approved by the Grants Manager for each respective grant program, as appropriate.

TEA Guidelines Related to Specific Costs

The district shall adhere to TEA's Guidelines Related to Specific Costs as published to the TEA website. A copy of the guidelines shall be made available to all staff with authority to initiate and/or authorize a purchase or expenditure with federal grant funds. In addition, all staff with authority to initiate and/or authorize a purchase or expenditure, such as campus bookkeepers, campus and department administrators, business office staff, and grant department staff shall receive a copy of the latest guidelines. The guidelines shall be incorporated in the annual training for all of these staff members.

Local Guidelines Related to Unallowable Costs

The district has developed local guidelines related to unallowable costs with federal grant funds. Although some of these costs may be allowable under the federal or state regulations, the district has determined that expenditures shall be unallowable with federal grant funds. The unallowable costs are noted below or in the Exhibit Section.

Unallowable Costs

Snacks that do not meet the Smart Snack federal and/or state guidelines or are on the Do Not Buy List

Printing in color

Meals (during a Working Lunch or Professional Development) that exceed \$10 per person

Educational field trips to an amusement park

Consultant fees in excess of \$1,000 per day

Incentives & Awards

Selected Items of Cost – Professional

Services

902.75 Contracts and Professional Services with Grant Funds

All contracts and professional services agreements shall be reviewed and approved in accordance with the district guidelines for all non-grant funds. For example, if School Board Policy requires that all contracts that exceed \$50,000 be approved by the Board of Trustees, all federal grant contracts that exceed \$10,000 shall also be approved. The district's **Contract Management Procedures** shall be adhered to in procuring, evaluating, selecting and awarding contracts. The vendor shall complete the Vendor Application Package to include, at a minimum, the following documents:

- W-9 Form for vendor identification and tax purposes
- Conflict of Interest Questionnaire
- Felony Conviction Notice
- Criminal Background and Fingerprinting (if working directly or indirectly with students)
- Certificate of Insurance (with the District as additional insured) if services will be rendered on district property

In addition, the Grant Manager shall review and approve all consultant services agreements for compliance with federal regulations regarding professional service costs (2 CFR 200.459).

The Grant Manager and Finance Department review shall consist of the following:

- Consultant and/or contractor has not been suspended or debarred (contracts greater than \$25,000)
- The contract and/or funds have been approved in the grant application, if specific approval is required from the granting agency
- The contract's nature and scope of service is directly related to the federal grant award activities
- The past pattern of costs, particularly in the years prior to federal awards
- The contract does not contain any proposal costs [not allowable under federal regulations]
- Whether the proposed contracted services can be performed more economically by direct employment rather than contracting
- Capability of the proposed vendor to perform the required services
- The qualifications of the contracting firm or individual and the customary fees charged by the proposed vendor [A Resume, Vita or Statement of Qualifications shall be required for all contracts with Independent Contractors.]
- The contract and/or consultant agreement meets the allowable costs principles.
- A contract subject to Davis Bacon has the appropriate contract language
- The contract and/or consultant agreement fee for services do not exceed any federal grant or local limits

The finance department and Superintendent shall review and approve all contracts. The review shall consist of the district's Contract Review Checklist and any other requirements specific to the contract and/or federal grants.

The final approval authority for all contracts shall be the Superintendent, unless the contract is over \$50,000, then the final approval authority shall be the Board of Trustees through approval at a regularly scheduled board meeting.

The date the district executes (signs) a contract for professional services shall be defined as the "obligation date". Since the district cannot obligate federal grant funds, except during the grant period, the district shall not execute a contract prior to, or after, a grant period; otherwise, the costs of the professional services shall be unallowable under the federal cost principles.

The district will execute a Letter of Intent with a third party prior to the issuance of a Notice of Grant Award (NOGA), as deemed appropriate.

All district contracts for professional services to be funded through a federal grant award shall comply with the following contract provisions as recommended in the Texas Education Agency's Guidance and Best Practices for Professional Services Contracts:

- The contract is only effective upon receipt by the district of the NOGA from the awarding agency.
- The contract period is aligned to the grant period of availability as stated on the NOGA from the awarding agency (period of availability).
- All services will be completed during the effective dates of the contract.
- All services will be invoiced monthly after services are received (rather than paid lump sum at the beginning of the period of availability before services are rendered) and paid upon verification of receipt of services.
- The regulations for procurement in 2 CFR §§200.318-323 are followed in issuing the contract.
- All professional services provided under the contract will follow the provisions of 2 CFR 200.459 Professional service costs.
- The contract identifies the funding sources that will be charged for the services provided, including the specific amount and/or percentage of the total contract amount to be charged to each funding source.
- The contract identifies and lists only reasonable, necessary, and allocable services to be provided during the period of availability of the funding sources listed in the contract.
- The administrative costs charged to the grant in the contract must comply with any limitations for administrative costs for funding sources (if applicable).
- The contract specifies that the invoice provided by the contractor will include the list of services provided, dates of services, and location(s) where services were provided during the billing period.

Additional district contract provisions shall include:

- The contract shall not have multi-year extensions without a "non-appropriation of funds" cancellation clause
- The contract extensions, if included, shall restrict the contract renewals and/or extensions to either a "sole discretion of the district" or "mutual agreement" and not an "automatic renewal".
- All products created as a result of the district shall be vested in the district and the district shall retain all intellectual property rights

902.76 Approval of Grant Purchases and Expenditures

The district shall adhere to the normal approval path for purchase orders with non-grant funds. In addition, all purchase orders with grant funds shall be reviewed and approved by the appropriate Grant Manager.

The Grant Manager review shall consist of the following:

- The expenditure is *reasonable* and *necessary* (as defined in federal grant guidelines).
- The expenditure is not required by state law or local policy.
- The expenditure has been approved in the grant application, if specific approval is required from the granting agency
- The expenditure meets the allowable costs principles.
- The expenditure is allowable and approved in the grant application and is consistent with the grant purpose
- The expenditure is supplemental and not supplanting a local expenditure (NOTE: Refer to compliance issues related to supplement and supplant for additional guidance)
- The expenditure has been competitively procured as required by law, as appropriate.
- The expenditure has been approved by the governing body, as appropriate [Note. School Board Policy CH Local has established the threshold of contract approval by the School Board at \$50,000.00]

In an effort to meet all obligation and liquidation requirements of grant funds, the following purchase order deadlines shall be adhered to by all purchase order originators.

All grant purchases should be made prior to August 1st.

In addition to the normal approval path of district expenditures, all grant expenditures shall be approved by the Grant Manager under the following circumstances:

- Invoice amount exceeds the purchase order by 10%
- Payment of an invoice will be paid by an account code(s) other than the original account code(s) that were used to encumber the purchase order
- Reclassification of a prior expenditure from one account code(s) to another

All finance department staff (accounts payable staff) shall adhere to the Accounts Payable Procedures for all check disbursements. Specifically, all checks issued by the district shall be verified, recorded, approved, issued and reconciled by multiple individuals to ensure segregation of duties.

Credit Card Purchases with Grant Funds

The district shall not use district-issued credit cards to make purchases with federal grant funds.

An original, detailed receipt shall be required for all credit card purchases with federal funds. If the purchaser does not submit an original, detailed receipt for audit purposes, the expenditure and/or reimbursement may not be charged to a federal fund. At no time shall district credit cards be used to withdraw cash.

The Grant Manager shall review and approve all credit card expenditures.

The Grant Manager administrative review shall consist of the following:

- Original, detailed receipt includes an itemized list of what was purchased
- The purchaser has documented a valid reason for the purchase which is consistent with the grant guidelines
- The credit card purchase meets the allowable costs principles.

NOTE: The district shall not reimburse any purchases made with a non-district credit card, except for travel-related expenditures, as appropriate.

Fraudulent credit card purchases made with federal grant funds shall be grounds for disciplinary action, up to and including termination of employment. The appropriate legal authorities shall also be notified for criminal prosecution, as appropriate. Accidental use of a credit card to make an unauthorized purchase with federal grant funds may be subject to similar disciplinary action but shall require immediate (within 2 days from date of discovery) restitution to the district.

902.78 Preparing Expenditure Reports & Draw Down of Funds

902.41 Draw-down of Grant Funds

The district shall on at least a monthly [or quarterly] basis, or as allowed or required by the grant guidelines, draw-down grant funds that have been spent in accordance with the grant guidelines. The draw-down shall be for all expenditures to date, less grant funds received to date, as verified by a financial general ledger. NOTE: The expenditures shall be net of all refunds, rebates, discounts, credits, and other adjustments, if any. In addition, the district may not draw down more cash than necessary to meet 3 days' cash needs if the district has opted to operate under the cash advancement program guidelines.

If the district has opted to operate under a cash reimbursement program guidelines, the district shall submit a draw-down of federal grant funds only when the following has occurred:

The expenditure has been made as evidenced by distribution of a paycheck to a grant funded staff member or mailing, e-paying, or delivering a payment to a vendor.

At no time shall the district draw-down any "advanced" cash payments, unless specifically allowed by the granting agency.

The draw-down of grant funds from the granting agency shall be initiated by the finance department. A detailed summary general ledger of each grant fund should be generated to determine if the district is entitled to draw-down funds, i.e. if the granting agency owes the district any funds. If the district has funds available for draw-down, a detailed general ledger should be generated and forwarded to the Grant Manager for their review and approval.

If a grant has a matching requirement, the district shall draw-down only the allowable amount after verifying compliance with the level of matching expenditures.

The Grant Manager review shall consist of the following:

- A review of the detailed general ledger for any unusual charges or reclassification of expenditures
- A test sampling of either unusual or large expenditures to ensure that the expenditures were reviewed and approved by all designated staff
- Monitor the percentage of expenditures-to-date to ensure that the grant funds are expended on a timely basis throughout the grant period. [NOTE: TEA may disallow grant fund expenditures that appear to be made outside of the grant period or so late in the grant period that the district and its student did not benefit from the delayed expenditure.]

- Authorize [in writing] the finance department to draw-down the available grant funds

Upon approval from the Grants Manager, the finance department shall prepare the paper or electronic draw-down request. The amount of the receivable shall be recorded on the general ledger and a copy of all supporting documentation such as the detailed general ledger, approval from the grant management department, and other supporting documentation shall be filed for audit purposes. The Director of Finance shall prepare and post the journal ledger entry to the finance general ledger.

If manual approval of an electronic draw-down is required by the granting agency, the finance department shall comply with the manual requirements. For example, TEA at times requests supportive information related to a drawn down such as a detailed general ledger, narrative justification, or summary of expenditures by object code. Upon a request from the TEA, the finance department shall respond to the request within the allotted time to avoid designation as a “high risk” grantee.

The finance department, Director of Finance, shall be responsible to ensure that the requested draw down amount does not exceed a grant-specific drawdown amount, or percentage. [NOTE: The NCLB drawdown percentage is 20% per month and aggregates each month.]

The final draw-down of grant funds from the granting agency shall be made within the allowable time frame. The grant liquidation guidelines shall be adhered to in making final payment for all goods and services received and *placed into service* before the end of the grant period. The drawdown process shall be the same as a monthly or periodic draw down, except that all refunds, rebates, credits, discounts or other adjustments to the general ledger must be recorded in the general ledger prior to submitting the final drawdown request. [NOTE: There shall be no outstanding purchase orders or pending liquidations at the time of the final draw down of grant funds.] The final draw-down shall be reviewed and approved in the same manner as a periodic draw-down.

Federal regulations (CFR 200.415) requires that the district certify the accuracy of the annual and fiscal reports or vouchers requesting payments be signed by the authorized individual(s). The Grant Manager and Finance Department shall jointly certify every draw-down of funds, including the final expenditure report (draw-down of funds) as noted below:

By signing this report, we certify to the best of our knowledge and belief that the reports is true, complete and accurate, and the expenditures, disbursements and cash receipts are the purposes and objectives set forth in the terms and conditions of the federal award. We are aware that any false, fictitious, or fraudulent information or omission of any material fact, may subject us to criminal, civil, or administrative penalties for fraud, false statements, false claims or otherwise.

If a final drawdown deadline is missed, the finance department, Director of Finance, shall contact the granting agency to determine if a process exists to request a filing deadline extension. [NOTE: TEA has developed procedures to request an extension for filing expenditure reports. The request form must be completed, signed by the Superintendent and filed with TEA within 30 days of the final expenditure report deadline.]

The receivable from the granting agency shall be recorded in the general ledger. The same process for preparation and posting of the general ledger entry as a periodic draw-down shall be adhered to. [NOTE: The revenues realized and the expenditures should be equal at the time of the final draw down of grant funds.]

Receipt of Grant Funds

All district staff, especially those assigned with federal grant duties, shall adhere to the Cash Management Procedures. Specifically, all cash received by the district shall be deposited, recorded and reconciled by multiple individuals to ensure segregation of duties. [**Cash Management Procedures located on pages 65-66 of this manual.**]

The district shall record all grant fund receivables upon receipt from the granting agency. The receipt of grant funds shall be posted to the general ledger to the appropriate receivable account code. In the event that the grant funds received do not match the recorded receivable, the finance department shall contact the granting agency to determine the discrepancy. If the granting agency has reduced and/or increased the grant funds paid to the district, a general ledger adjustment shall be posted to the appropriate revenue and receivable accounts. The Director of Finance shall prepare the adjusting journal ledger entry and shall post the entry to the finance general ledger.

District Options:

The district will not maintain grant funds in a separate bank account.

The district has elected to draw down federal grant funds under the cash reimbursement program guidelines, i.e. after the delivery of the payment to the payee. No interest shall be earned, recorded, nor returned to the granting agency as a result of the cash reimbursement program.

Tracking and Recording Receivables

On at least a monthly basis, the finance department, Business Clerk, shall review all pending receivables. Aged receivables, defined as greater than 60 days from the date of recording, shall be investigated and resolved by contacting the granting agency.

At the end of the fiscal year, all known and measurable receivables shall be recorded to the general ledger to the appropriate grant code. The Director of Finance shall prepare the journal ledger entry and post the entry to the finance general ledger.

902.8 Grant Compliance Areas

The district shall ensure that it is in compliance with all provisions and assurances of all grant programs. In addition, the district shall comply with grant requirements such as *supplement not supplant*, comparability, indirect cost, and maintenance of effort spending levels.

902.81 Supplement, Not Supplant

The term —supplement, not supplant is a provision common to many federal statutes authorizing education grant programs. There is no single supplement, not supplant provision. Rather, the wording of the provision varies depending on the statute that contains it.

Although the definition may change from statute to statute, supplement not supplant provisions basically require that grantees use state or local funds for all services required by state law, State Board of Education (SBOE) rule, or local policy and prohibit those funds from being diverted for other purposes when federal funds are available. Federal funds must supplement—add to, enhance, expand, increase, extend—the programs and services offered with state and local funds. Federal funds are not permitted to be used to supplant—take the place of, replace—the state and local funds used to offer those programs and services. [TEA Supplement, Not Supplant Handbook, 2013]

The district process to ensure that all grant funded activities are supplemental shall be a collaborative effort between the grants management and finance [purchasing] departments. Both departments shall

receive training and be aware of the supplement not supplant provisions.

The Grants Manager shall review and approve all purchase orders (and non-purchase order payments).

The Grant Manager review shall include a determination if the planned purchase and/or expenditure meet one of the following guidelines:

The grant funds will be used to enhance, expand, or extend required activities. Examples may include before/after tutoring, additional research-based instructional programs, or other supplemental expenditures not required by state law or local policy.

- The grant funds will be used for specific grant activities included the grant application that are above and beyond the activities funded with local funds
- The grant funds will be used to supplemental grant activities as noted on the DIP or a CIP.

Program-specific supplement, not supplant provisions shall be complied with in addition to the overall federal funds requirements.

902.82 Comparability

Comparability of services is a fiscal accountability requirement that applies to local educational agencies (LEAs) that receive funds under Title I, Part A of the Elementary and Secondary Education Act of 1965 (ESEA), as reauthorized by the No Child Left Behind Act of 2001 (NCLB). The intent of the comparability of services requirement is to ensure that an LEA does not discriminate (either intentionally or unintentionally) against its Title I schools when distributing resources funded from state and local sources simply because these schools receive federal funds. [TEA Title I, Part Comparability of Services Guidance Handbook, 2013]

The finance department shall conduct the comparability test on an annual basis and complete the Title I Part A Comparability Assurance Document (CAD). NOTE: If the district determines that it is exempt from the comparability requirements, the finance department shall note the exemption on the CAD and submit it to TEA. If the district is not exempt, the finance department shall complete and submit the Comparability Computation Form (CCF) to TEA by the mid-November annual deadline.

In completing the CAD and CCF, the finance department shall follow the process outlined below:

- Determine if the district is exempt from the comparability requirement. If so, complete and submit CAD and stop here.
- If not exempt, the comparability testing process should continue as noted below:
- List all campuses in the CCF comparability testing
- Identify all campuses on the CCF as Title I Part A, skipped, or non-Title I Part A
- Determine whether to include dedicated EE and/or PK campuses in the comparability testing
- Select test method 1, 2, or 3 and use it consistently to all campuses being tested
- Complete the CAD for review by the grant management department. After review and approval by the grants management department, the CAD and CCF should be forwarded to the Superintendent for signature.
- Submit the CAD and CCF to TEA by the mid-November deadline

If TEA determines that the district is non-compliant, the finance and grants management departments shall work collaboratively to address the non-compliance. In addition, the district shall adjust the budgets as appropriate until the district is in compliance with the comparability requirement.

902.83 Indirect Cost

Grantees must have a current, approved federal indirect cost rate to charge indirect costs to the grant. The

indirect cost rate is calculated using costs specified in the grantee's indirect cost plan. Those specified costs may not be charged as direct costs to the grant under any circumstances. [TEA Indirect Cost Handbook, 2014]

2)The district has applied for an Indirect Cost Rate extension through the pass-through entity (TEA) for a 4-year period, from 2015-16 to 2019-20. After the extension period, the district shall apply for an indirect cost rate through the federal granting agency or pass-through entity (TEA) in accordance with the current regulations. The Director of Finance shall complete and submit an Indirect Cost Rate Proposal by the established deadline as specified by the pass-through entity (TEA) on the Indirect Cost webpage at: <http://tea.texas.gov/index4.aspx?id=3842>

The district's Indirect Cost Rate, or the maximum allowable rate, whichever is less shall be used to post Indirect Costs for federal funds to the General Fund. The finance department shall prepare a general ledger entry for the indirect costs. The Director of Finance shall post the entry to the finance general ledger.

902.84 Maintenance of Effort

The district shall comply with the No Child Left Behind (NCLB) and Individuals with Disabilities Act (IDEA) maintenance of effort requirements.

NCLB MOE

Federal statute requires that local education agencies (LEAs) receiving Title I, Part A funds must continue to maintain fiscal effort with state and local funds. An LEA may receive its full Title I, Part A entitlement if either the combined fiscal effort per student or the aggregate expenditures for the preceding fiscal year was not less than 90 percent of the combined fiscal effort or aggregate expenditures for the second preceding fiscal year. Maintenance of Effort (MOE) is determined using state and local operating expenditures by function, excluding expenditures for community services, capital outlay, debt service, and supplementary expenses as a result of a Presidential declared disaster, as well as any expenditures from funds provided by the federal government. [[TEA NCLB MOE Handbook](#)]

The finance department, Director of Finance, shall compute the MOE using the TEA [NCLB LEA MOE Determination Calculation Tool](#) during the budget adopted process and at the end of the fiscal year. Non-compliance with NCLB MOE will result in a reduction of NCLB funds in the exact proportion by which the district fails to meet the MOE requirement; therefore, the finance department shall plan for the reduction of grant funds at the local level. If the NCLB MOE falls below the required level, the finance and grant management departments shall collaborate to develop a plan to bring the district into compliance with the MOE requirements.

IDEA-B MOE

An LEA that accepts IDEA-B funds is required under IDEA-B to expend, for services to students with disabilities, at least an amount equal to 100% of the state and/or local funds it expended on students with disabilities during the previous year. Federal law provides four methods of demonstrating compliance (or "maintaining effort"), as described in the Methods of Determining Compliance section. [[TEA IDEA-B MOE Guidance Handbook, 2014](#)]

The finance department shall compute the MOE using the [TEA IDEA-B LEA MOE Calculation Tool](#) during the budget adopted process and at the end of the fiscal year. Non-compliance with IDEA-B MOE will result in a reduction of IDEA-B funds in the exact proportion by which the district fails to meet the MOE requirement; therefore, the finance department shall plan for the reduction of grant funds at the local level. If the IDEA-B MOE falls below the required level, the finance and grant management departments shall collaborate to develop a plan to bring the district into compliance with the MOE requirements.

NOTE: The finance department shall code all special education expenditures that qualify as exceptions to a specific sub-object for tracking purposes. For example, if the district makes a long term purchase of equipment for a special education student, the district should track that expense separately to apply that cost as an exception during the MOE calculation.

As part of the IDEA-B grant application process, the Grant Manager will need to know the prior year Special Education expenditures and the next fiscal year budgeted Special Education Expenditures. The finance department, along with the Kermit-Wink Special Education Coop, shall provide these amounts to the Grants Manager not later than 30 days before the deadline to ensure that the most accurate amounts are reflected in the grant application. Changes to these amounts, as they are known, by the finance department shall be submitted to the Grant Manager, as appropriate.

902.85 Reporting Requirements

The district shall ensure that all reporting requirements for grant programs are met within the established timelines. A master list of all activity, progress, evaluation, and expenditure reports shall be created to include the grant program, report due, responsible person(s), and due date. Completion of the reports may require the collaboration of several departments; however, the ultimate responsibility for the reporting requirement shall be as noted below:

- Programmatic reports such as activity, progress and evaluations – Grants Management department
- Expenditure reports such as interim, draw down and final expenditure reports – Finance department
- Compliance reports such as Comparability, Maintenance of Effort, Indirect Cost, etc. – Finance department
- Highly Qualified Staff reports – Human Resources department

The Grant Manager shall monitor the overall master list to ensure that all reporting requirements have been completed by the appropriate campus and/or department.

[insert master list or Exhibit]

902.86 Grant Monitoring and Accountability

The district shall ensure that all grant funds are consistently monitored throughout the grant period. The monitoring shall include, but not be limited to:

- Compliance with federal requirements such as cost principles, audit, reporting requirements, etc.
- Monitoring of grant expenditures are properly documented and meet all allowable costs
- Monitor grant performance such as internal controls, audit findings, over/under expenditures, etc.
- Implement strategies to deter, mitigate and eliminate waste and fraud in the expenditure of grant funds

The Grant Manager for each federal grant shall be responsible for the programmatic and evaluation compliance and the Director of Finance shall be responsible for the financial compliance. A list of the Grant Managers by federal grant is included in the Exhibit section. The use of “Grant Manager” throughout this document shall refer to the specific Grant Manager by federal grant.

The Grant Manager shall monitor the timing of grant activities throughout the grant period, especially as they relate to the desired outcomes. The Finance Department shall monitor the timing of grant expenditures, especially as they relate to the period of availability of grant funds. If either the grant activities or grant expenditures reflect that the district will not accomplish the grant activities during the grant period, the Grant Manager and Finance Department shall work collaboratively to develop an action

plan to ensure that the federal grant goals are met. The oversight of grant activities and expenditures shall include, but not be limited to, the following:

- Cost overruns or high unit costs
- Construction projects – certification of project completeness (as evidenced by the AIA)
- Significant developments that may result in an inability to complete the grant activities

The district shall maintain documentation to support all grant expenditures and provide the documentation upon request to the district's external auditors, granting agency or other oversight agency, as appropriate. Auditing findings or deficiencies shall be addressed in a timely manner upon receipt of the notification. The finance, human resources and grant management staff shall work collaboratively to develop and implement a Corrective Action Plan to resolve the findings or deficiencies. The Superintendent, or designee, shall approve the Corrective Action Plan and monitor the timely implementation of corrective strategies.

The district shall disclose to the granting agency if any federal grant funds have been subject to fraud to district staff and/or contractors (vendors). Corrective actions, as appropriate, shall be implemented to remedy the loss of grant funds due to fraud.

Remedies for Non-Compliance

The district may be subject to consequences due to non-compliance with federal regulations. The district shall strive to maintain compliance, but shall respond appropriately to all notifications of non-compliance from the federal granting agency or pass-through agency (TEA).

Grant Closeout Procedures

The district shall submit all grant closeout documents to the granting agency or pass-through agency, as appropriate. Grant closeout procedures shall include, but not be limited to:

- Ensure that no obligations are made after the grant period end date
- Liquidate all obligations incurred during the grant period
- Submit the final grant program performance report, if any
- Submit the final grant expenditure report, if any
- Drawdown all the expended grant funds (reimbursement request) – Match the grant expenditure draw-downs with the finance general ledger
- Certify that the final drawdown of federal grant funds are accurate (Certification)
- Refund any excess grant funds, interest, or other payables to the granting agency or pass-through agency
- Account for any real and/or personal property on hand at the end of the grant period

902.9 Grant Awards

List of Grant Awards (including Grant Manager, grant funding source, grant period, and grant amount]

Grant Title/#	Award Date	CFDA #	Grant Period	Amount	Grant Manager
Title I, Part A – Improving Basic Programs	07/01/2024	S010A180043 84.010A	07/18/2024 09/30/2025	\$50,499

[TEA Grant Opportunities:](#) [The following resources are available online for each grant program]

General and Fiscal Guidelines

Program Guidelines

Program-Specific Provisions and Assurances

Purchase Orders

A purchase order is an instrument used to encumber funds (setting aside funds in advance for the payment of goods and services when received or rendered). Texas Education Agency Bulletin 679, ACT 302 requires that an encumbering accounting system be in place.

A purchase order, after the final approval process, is a binding commitment for the LEA to remit payment to the vendor after the LEA receives the item(s). A purchase order is also an important accounting document. It should contain information on the expenditure to be made and the account code to be charged. Once issued, the purchase order encumbers funds, which serves as an expenditure control mechanism. Finally, the purchase order is utilized in the accounts payable process as it documents that an order has been placed and is acceptable by the user; the user can make payment to the vendor upon verified and documented receipt of the goods/services.

Items requiring purchase orders include, but are not necessarily limited to, the following:

- Capital Outlay/Fixed Assets (Equipment, furniture, etc.)
- Travel Expenses for Outside Consultants
- Travel by Employees (Registration fees, hotel, airfare, rental car expenditures require purchase orders; Mileage, parking, meals, and other approved incidentals may be reimbursed without a purchase order, by utilizing the Travel Reimbursement form) (Exception: Emergency Only)
- Instructional Materials (Exception: Situations which would render the purchase order procedure impractical)
- Office Supplies not stocked/available through the LEA [warehouse].
- Purchased and Contracted Services (Exception: Equipment Repair).

All Wink-Loving ISD personnel are required to follow the following guidelines for any purchase, regardless of funds. In addition, Federal Program personnel will adhere to the applicable statute, regulations, and other grant requirements when making purchases.

Wink-Loving ISD Board Policy CH (Local) under Purchase Commitments states that prior to the purchase of goods or services, a properly prepared and submitted purchase order shall be required. All purchase orders require approval using the [Requisition Form OR Purchase Request Form]. No confirmation (“after-the-fact”) purchase orders will be allowed [without justification and approval by the Superintendent or Director of Finance]. Phoning in to the vendor a requisition number in lieu of a purchase order number prior to final approval, or faxing a “print screen” of the entered requisition or any other unauthorized document(s) is a violation of these administrative regulations.

Section 44.052 of the Texas Education Code makes it illegal to approve an expenditure of LEA funds in excess of the amount appropriated for the item(s) in the adopted budget. Consequently, close supervision and monitoring of the availability of budget dollars and of the approval process for requisitions is an important element of the LEA's purchasing process.

The Purchase Requisition should always include the following:

- A description of the item(s) to be purchased (The description should be complete enough for anyone to understand the item(s) being purchased);
- The quantity needed/requested;
- The proposal number, if applicable;
- An approved vendor (Use the LEA’s approved vendor list, making sure a bid vendor is used, if applicable);
- The appropriate code of the account to be charged;
- Pricing: per unit, extended and in total;
- Any applicable payment terms;
- Discounts, if applicable;
- Shipping arrangements, if applicable;
- Any other pertinent factors, such as color selections, etc.

Once all of the above are in place, the Purchase Requisition is approved and [entered into the system to] generate[s] the purchase order [and routed for final approval]. Approval is provided by the Superintendent of Schools. It is then transmitted back to the campus and orders can then be placed.

Requests for requisitions for Federal Grant Funds must include back-up from the Campus/District Needs Assessment and Improvement Plan.

Purchase Requisition forms are to be filled out completely in order to initiate a purchase. Special attention should be noted with account coding; if there are not sufficient funds in the account the expenditure is to be coded to, request either a budget amendment or budget transfer. Expenditures that are not correctly coded will be returned to the department, causing delays in the expenditure process. Original signatures (No Stamps) are required on all Purchase Requisition forms. Please be sure to date each signature line. All purchase orders are mailed or faxed to vendors by the campus or department office.

Reimbursements for goods/services purchased personally will be reimbursed only if an approved purchase order is in place prior to the purchase of the goods and does not exceed the amount of the purchase order (please consider shipping costs). No changes, substitutions, or increases in funds may be made without approval from the [Finance] Office.

Section 44.052 Texas Education Code states that a superintendent that approves any expenditure of school funds in excess of the amount appropriated for that item(s) in the adopted budget commits a Class C misdemeanor offense. Consequently, close supervision and monitoring of the availability of budget dollars and of the approval process for requisition competitive procurement are important elements of the LEA's purchasing process.

Third-party documentation is required to support disbursement of funds. Documentation includes, but is not limited to:

- Purchase Orders;
- Purchase Acquisitions;
- Invoices;
- Original Receipts;
- Packing Slips

The LEA will maintain records sufficient to detail the significant history of procurement with Federal funds. These records will include, but are not necessarily limited to the following:

- Rationale for the method of procurement;
- Selection of contract type;
- Contractor selection or rejection; and
- The basis for the contract price.

PURCHASING

Employees (requesters) complete a purchase requisition in Ascender and submit it to the campus administrator or department head for approval. Once approved by the campus administrator or department head, the form is submitted to the Administration Office for final approval by the Superintendent or Business Manager. The Business Manager verifies the accuracy of the form, account code, and budget availability before the purchase order number is assigned.

Upon receipt of goods/services, the employee (requester) will "receive all" within Ascender to make the purchase order as ready to pay. The requester will also need to notify the Business Clerk that the PO is ready for a check.

Vendor invoices are matched and compared to purchase orders to detect discrepancies in quantity or price, etc. If there are discrepancies, Business Office staff will contact the vendor to resolve the issue. Any price variances are approved by the Business Manager prior to payment authorization.

Source documentation (PO, invoice, receipt, check stub, etc.) is filed alphabetically by the vendor each month and retained in the Administration Office.

Invoices

Vendors are required to submit all invoices to the business Office, yet occasionally an invoice will be mailed directly to a campus or department. If any invoices are received at the campus or department, they should be signed (if the goods/services were received), attached to the applicable purchase order and forwarded to the business Office.

Texas law requires that all invoices be paid to vendors within 30 calendar days of receipt of the goods/services. If the LEA fails to pay promptly, the vendor can assess penalty interest charges. If a staff member neglects to submit an invoice on a timely basis, he/she may be held personally liable for the penalty interest charges.

Invoices for goods must contain a clear description of the merchandise. Invoices for contracted services for Special Education and Federal Grant programs must include documentation containing dates, hours, students and services provided, along with the total amount due for services rendered. These invoices are signed by the appropriate administrator or designee.

Any liability incurred prior to approval of a purchase requisition and purchase order will be that of the person who incurred the liability. In other words, if an employee orders an item without an approved purchase order or contracts for a service without an approved purchase order, the employee will be responsible for payment of the items or services. Invoices may not be dated prior to the purchase order date.

Approved Vendors

The district has specific purchasing/bidding policies and procedures, as well as state purchasing laws governing bids and contracts, which must be adhered to in the purchasing process. The district is a member of the Region 18 ESC Purchasing Cooperative.

Vendor List

An approved vendor list is prepared each school year by Region 18 ESC. Vendors are required to submit an IRS W-9 Form and the appropriate Conflict Of Interest paperwork.

Vendor Award Criteria

Texas Education Code 44.031 states that in determining contract awards to vendors, the district may consider:

- The purchase price
- The reputation of the vendor and of the vendor's goods and services
- The quality of the vendor's goods or services
- The extent to which the goods or services meet the district's needs
- The vendor's past relationship with the district
- The impact on the ability of the district to comply with laws and rules relating to historically underutilized businesses
- The total long-term cost to the district to acquire the vendor's goods or services
- Any other relevant factor that a private business entity would consider in selecting a vendor.
(Factors that a school district may consider would include vendor response time and /or

compatibility of goods/products purchased with those already in use in the district)

Activity Funds

Purchases for any activity fund must be approved by the campus principal, but need not be approved by the Superintendent. Invoicing or other billing documentation is required and will be remitted without the use of a purchase requisition; however, if no invoice is available, a purchase requisition with the description of the purchase is required. Otherwise, purchasing and money collection procedures should be made in accordance with the rules outlined in this handbook.

Check requests must be made at least two days in advance to the Business Office—no exceptions. No purchases are to be made with cash. All funds must be deposited into the bank. District checks will be issued to make all purchases and payments.

District credit cards shall not be used for Activity Fund expenditures.

RECORDS RETENTION

Wink-Loving ISD will comply with all federal guidelines regarding retention of grant records and will retain all records a minimum of five years from the date the LEA submits its final expenditure report. In the case of real property or equipment purchased with federal funds, the retention period starts from the date of the disposition or replacement or transfer of the property or equipment. If federal guidelines require a longer period, Wink-Loving ISD will defer to federal guidelines.

The Government Code, Section 411.158, provides that the Texas State Library and Archives Commission shall issue records retention schedules for each type of local government, including a schedule for records common to all types of local government. The law provides further that each schedule must state the retention period prescribed by federal or state law, rule of court, or regulation for a record for which a period is prescribed; and prescribe retention periods for all other records, which periods have the same effect as if prescribed by law after the records retention schedule is adopted as a rule of the Commission.

The retention period for a record applies to the record regardless of the medium in which it is maintained. Some records listed in the retention schedule are maintained electronically in many offices, but electronically stored data used to create in any manner a record or the functional equivalent of a record as described in the retention schedules must be retained, along with the hardware and software necessary to access the data, for the retention period assigned to the record, unless backup copies of the data generated from electronic storage are retained in paper or on microfilm for the retention period. This includes electronic mail (email), websites, and electronic publications.

The use of social media applications may create public records. Any content (messages, posts, photographs, videos, etc.) created or received using a social media application may be considered records and should be managed appropriately. The retention of social media records is based on content and function. Local governments will need to consult the relevant records retention schedule for the minimum retention periods.

Unless otherwise stated, the retention period for a record is in calendar years from the date of its creation. The retention period applies only to an official record as distinct from convenience or working copies created for informational purposes. Where several copies are maintained, each local government should decide which shall be the official record and in which of its divisions or departments it will be maintained. Local governments in their records management programs should establish policies and procedures to provide for the systematic disposal of copies.

A local government record whose retention period has expired may not be destroyed if any litigation, claim,

negotiation, audit, public information request, administrative review, or other action involving the record is initiated; its destruction shall not occur until the completion of the action and the resolution of all issues that arise from it.

A local government record whose retention period expires during any litigation, claim, negotiation, audit, public information request, administrative review, or other action involving the record may not be destroyed until the completion of the action and the resolution of all issues that arise from it.

If a record described in the retention schedule is maintained in a bound volume of a type in which pages were not meant to be removed, the retention period, unless otherwise stated, dates from the date of last entry.

If two or more records listed in the retention schedule are maintained together by a local government and are not severable, the combined record must be retained for the length of time of the component with the longest retention period. A record whose minimum retention period on the retention schedule has not yet expired and is less than permanent may be disposed of if it has been so badly damaged by fire, water, or insect or rodent infestation as to render it unreadable, or if portions of the information in the record have been so thoroughly destroyed that remaining portions are unintelligible. If the retention period for the record is permanent in the retention schedule, authority to dispose of the damaged record must be obtained from the Director and Librarian of the Texas State Library and Archives Commission. A Request for Authority to Destroy Unscheduled Records (Form SLR 501) should be used for this purpose.

The Wink-Loving ISD follows the Board Policy CPC (Legal) for the management of all records, including records related to Federal grant programs, as stated in the policy:

In developing the LEA's records retention schedule, the records management officer shall ensure it is consistent with the applicable minimum retention schedules adopted by the State Library and Archives Commission, i.e., Local Schedule GR – Records Common to All Governments, Local Schedule EL - Records of Elections and Voter Registration, Local Schedule TX – Records of Property Taxation, and Local Schedule SD – Records for Public School Districts. 13 TAC 7.125

Note: The State Library and Archives Commission records retention schedules are available at www.tsl.state.tx.us/slr/recordspubs/localretention.html

The LEA may not dispose of a record listed in the applicable retention schedule prior to the expiration of its retention period. The LEA's records control schedule may not set a retention period that is less than that established for the record in the applicable schedule. Original paper records may be disposed of prior to the expiration of their minimum retention periods if they have been microfilmed or electronically stored pursuant to the provisions of the Local Government Code, Chapter 204 or Chapter 205, as applicable, and rules of the Texas State Library and Archives Commission adopted under those chapters. Actual disposal of such records is subject to the policies and procedures of the LEA's records management program.

In accordance with Board Policy CPC (Legal), Wink-Loving ISD maintains and preserves original records and/or in electronic format for convenience use. Records are stored in the secured records room located in the transportation building. [Records management consultants] update LEA records on a yearly basis. Any records scheduled for destruction are pulled and recorded by the [records consultants] and picked up at a later date for destruction. No records are destroyed without the approval of the Superintendent of Schools. The Central Office maintains the confidentiality statement provided by the [records management consultants].

In addition to the record retention policies described in this manual, the following requirements pertain to all

financial and programmatic records, supporting documents, statistical records, and other records pertaining to Federal grants:

Federal grant records must be retained for a period of five (5) years from the date the LEA submits its final expenditure report. In the case of real property or equipment purchased with Federal grant funds, the retention period starts from the date of the disposition or replacement or transfer of the property or equipment.

If any litigation, claim, negotiation, audit, or other action involving grant records have been started prior to the expiration of the retention period, the records must be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular retention period, whichever is later.

Copies made by microfilming, photocopying, or similar methods may be substituted for the original records.

If retention schedules prescribed by the Texas State Library and Archives Commission indicate a retention period that differs from the Federal requirements, the more restrictive retention period will be followed.

REVENUES

The District will understand its revenue sources and enact consistent policies to provide assurances that the revenue base will materialize according to the budget. Revenues shall be estimated realistically and conservatively taking into account the volatile nature of the various revenue streams.

Revenues shall be monitored as they are received and regularly compared to budgeted revenues and variances will be investigated as they are identified. Any abnormalities shall be included in the quarterly financial report.

State Funding – The District shall ensure that the Weighted Average Daily Attendance (WADA) is maximized by accurately reporting student attendance and shall have processes in place to ensure that special program information is appropriately reflected in the information uploaded to the Public Education Information Management System (PEIMS). Information regarding property value, property tax collections, employee counts and other information required by TEA for the purposes of state funding computation shall be reported within the prescribed timelines.

Property Tax Revenues – All real and business personal property located within the District shall be valued at 100% of fair market value for any given year based upon the current appraisal supplied by both the Loving County and Winkler County Appraisal District. Tax collections estimates utilized in the development of the budget will be based upon a prudent analysis of historical collection percentages and the current economic trends.

Current state funding guidelines penalize districts that adopt tax rates below the compressed tax rate. For budgeting purposes, the District will forecast the proposed property tax rate for maintenance and operations (M&O) the greater of the compressed rate, the compressed rate plus four cents (\$.04) or the voter approved rollback rate, not to exceed the current legal limit.

The District shall also consider the interest and sinking (I&S) tax rate in an amount to fund tax supported debt service in accordance with the District's debt management plan.

Interest Income – General, debt service, capital projects, food service, and internal service funds shall be invested individually in accordance with the Investment Strategy approved annually by the Board of Trustees. Interest earned from each investment account shall be credited to the fund from which the monies were provided.

Inter-local Agreements – The District shall actively seek opportunities to enter into inter-local contracts with other governmental entities in an effort to increase the available revenue. Types of inter-local contracts include, but are not limited to, demographic projections, transportation routing, construction oversight, financial management, and information services system support.

Intergovernmental Revenues – The District shall carefully analyze grant opportunities to ensure that all grants comply with the overall District mission and strategic plan. All potential grants shall be examined for matching requirements prior to application to ensure that adequate funds are available for matching from the general funds of the District.

Efforts should be made to ensure that grants are self-sustaining. However, it must be clearly understood that the operational requirements (on-going costs) set up as a result of a grant program could be discontinued once the terms and conditions of the program have been completed.

Risk Management

Fraud Reporting

Wink – Loving Independent School District prohibits fraud and financial impropriety in the actions of its Trustees, employees, vendors, contractors, consultants, volunteers, and others seeking or maintaining a business relationship with the District. Fraud and financial impropriety shall include but not be limited to:

1. Forgery or unauthorized alteration of any document or account belonging to the District.
2. Forgery or unauthorized alteration of a check, bank draft, or any other financial document.
3. Misappropriation of funds, securities, supplies, or other District assets, including employee time.
4. Impropriety in the handling of money or reporting of District financial transactions.
5. Profiteering as a result of insider knowledge of District information or activities.
6. Unauthorized disclosure of confidential or proprietary information to outside parties.
7. Unauthorized disclosure of investment activities engaged in or contemplated by the District.
8. Accepting or seeking anything of material value from contractors, vendors, or other persons providing Services or materials to the District, except as otherwise permitted by law or District policy.
9. Inappropriately destroying, removing, or using records, furniture, fixtures, or equipment.
10. Failure to provide conflicts of interest as required by law or District policy.
11. Any other dishonest act regarding the finances of the District.

Any person who suspects fraud or financial impropriety in the District shall report the suspicions immediately to any supervisor, the Superintendent or designee, the Board President, or local law enforcement. Reports of suspected fraud or financial impropriety shall be treated as confidential to the extent permitted by law.

TRAVEL

WLISD employees are encouraged to use district vehicles for school-related travel; employees are encouraged to request a school vehicle 3 days prior to travel. Travel must be pre-approved or authorized by the employee's supervisor. Should the district be unable to provide a school vehicle to an employee for school travel, the school will reimburse the employee for mileage. The employee must submit a request for reimbursement and provide documentation from the transportation department that a vehicle was

unavailable.

District credit cards are available for employees to check out for travel expenses. For overnight motel charges, it is preferred that a Purchase Order be submitted three days prior to travel in order to obtain a District check to cover the motel expenses. District credit cards are kept in the Business Office and Business Office staff record employee's name, date card was checked out, and the date card was returned in the Master card check-out book.

Original itemized receipts and any other required travel documentation are remitted to the employee's supervisor, department head, and/or principals.

Monthly credit card statements are copied and sent to each department for reconciliation of receipts to the statement.

The district requires itemized receipts on all purchases, especially for meals, etc. to ensure that taxpayer dollars are not paying for alcoholic beverages and to maintain reconciliation of travel expenditures.

The district has guidelines for both employee and student meal allowances, which are distributed to staff each year.

District Credit Cards are not to be used to pay for:

- Alcoholic beverages;
- Spouse's travel expenses;
- Entertainment; or
- Laundry service.

Any unauthorized charges made on the district credit card will be the responsibility of the employee, and the employee's credit card privileges may be revoked.

Hotel

Employees are responsible for presenting a Texas Hotel Occupancy Tax Exemption Certificate to the hotel upon arrival to claim exemption from state taxes. In the event that state sales tax is charged, the employee is responsible for contacting the hotel and securing a refund for any state sales tax charges.

MONEY COLLECTION PROCEDURES FOR DISTRICT EMPLOYEES

Money Collection Procedures:

A receipt must be given for all monies collected. In regards to activity funds, a spreadsheet of monies received will suffice. Money must be turned in for deposit the same day it is collected. (Money should not be left unsecured in your classroom overnight; it should always be turned in to the office for deposit/security.) Employees who lose money will be required to replace it out of their own personal funds.

Employees who are assigned as sponsors will be responsible for the general organization of the group. Responsibilities include:

- Securing prior administrative approval for all activities.
- Scheduling all activities on the school calendar and on the building calendar.
- Organizing and chaperoning the event (this includes arranging for additional district approved chaperones for adequate supervision).
- Adhering to policy regarding money collection and fees.

Employees will follow district procedures when turning in funds for deposit. Each employee will be given a project cash report. The cash report along with all monies must be counted and verified. Please count all money by denomination and bind it and complete the Project Cash Report. Put bound money along with the Cash Report in an envelope when turning in for deposit.

Funds will be verified and the Principal will be notified in the event that there is a discrepancy. The envelope and deposit slip with the receipt will not be returned to employees. Employees will be responsible for any discrepancies and any returned checks due to insufficient funds. Please remember to never leave money in your classroom, your vehicle, or at your house.

Fundraising Procedures

The sales representative must obtain permission from the Superintendent before talking to any employee about fund raising projects. The sales representative must present this clearance to the Principal. If the sales representative presents clearance from the Superintendent, the Principal will give permission for the sales representative to visit with the specific employee he/she wishes to see.

No contract is to be finalized or signed without the Principal's approval.

Sales tax *must* be paid on all fundraising items except food items. If the sales representative indicates that his company will be responsible for paying the sales tax, this must be in writing by the company representative and a copy given to the Principal. Otherwise, it is understood that a sales tax will be paid from the profits of the project.

Any student participating in any fund raising activity must have a prior written and signed parental permission form.

Adequate and proper steps must be taken to ensure that accurate records are kept.

Before an order is finalized, verify the order to make certain that the number and types of products are correct. Verify that the dollar amount of the order is in agreement with the quantity of the order. When the order is received, verify the number and type of merchandise before signing for the order. Verify and check that each student receives the correct number and type of merchandise as ordered. Verify with each student, at the time the money is received.

Receipt of Merchandise

When merchandise is received, the employee should immediately sign and date the original purchase order in the secretary's office, verifying that the merchandise was received and is correct. All monies received by an employee of Wink-Loving ISD must be given a receipt at the time it is received.

Conflict of Interest

Employees shall not accept or solicit any gift, favor, service or other benefit that could reasonably be construed to influence the employee's discharge of assigned duties and responsibilities.

Employees shall disclose to his or her immediate supervisor a business financial interest, a business interest, or any other obligation or relationship that in any way creates a potential conflict of interest with the proper discharge of assigned duties and responsibilities or that creates a potential conflict of interest with the best interest of the district. Refer to Board Policy DBD (Local).

Employees shall not recommend, endorse, or require students to purchase any product, material or service in which the employee has a financial interest or that is sold by a company that employs or retains the district employee during non-school hours. Employees shall not use their position with the district to attempt to sell

products or services.

RECEIPT OF MONEY ACTIVITY FORM

Name of Student

Student's Signature/Initials _____

Amount

Total

Employee/Collector's Signature

Date _____

To be used in the individual school for collections other than those monies received on an official alternate

Activity Fund Cash Receipt. This form shall list the names from whom the monies were received, the amount of the monies that each submitted and their agreement with their signature.

WINK-LOVING ISD
Semi-Annual Certification

School/District: Wink-Loving ISD

Federal Program: _____

For the Six-Month Period of: _____

I certify that the employee(s) listed below worked 100% of their time on activities authorized by the federal program stated above.

Employee Name	Title	Employee Signature	Date

Supervisor Signature

Date

Principal Signature

Date

This form is to be completed every six months for any employee who is paid solely with federal funds from a single federal grant.
