Nutrition Byte

Explore Food, Fitness, Fun, and Farm to Summer!

#NCFarmtoSummer benefits youth, School and Summer Nutrition Programs, schools, farms, families, and communities. Summer is peak growing season for local farms. Purchasing locally grown food supports farmers and communities. Serving locally grown foods at their peak offers the best quality, variety, taste, nutritional value, and cost. #NCFarmtoSummer activities can be fun!

N.C. School and Summer Nutrition Programs, schools, community organizations, youth, and families are encouraged to take the #NCFarmtoSummer Challenge:

- Serve and eat locally grown foods in meals and/or snacks.
- Learn and teach about locally grown foods, agriculture, and nutrition.

- Post or share about #NCFarmtoSummer activities.
- Plan to participate in the #NCCrunch to taste and learn about North Carolina-grown fruits and vegetables for #FarmtoSchool Month in October.

You can join in the farm to summer fun! Buy, prepare, serve, and promote locally grown foods. Learn about and try growing local food. **Nutrilink:** Find #NCFarmtoSummer resources at go.ncdpi.gov/ncfarmtosummer.

Did you know N.C. Summer Nutrition Programs offer food, fitness, fun, and farm to summer for youth when school is out? **Nutrilink:** Find summer meals at no cost for youth at summermeals4nckids.org.
