Re: Aspire Monarch Academy Charter Renewal Petition

Dear Director Arnold:

Aspire Public Schools ("Aspire"), which operates Aspire Monarch Academy ("MON" or the "Charter School"), authorized by the Oakland Unified School District ("OUSD" or the "District"), submits this request for a renewal of Aspire Monarch Academy charter petition for a five (5) year term, from July 1, 2027 to June 30, 2032. The Aspire Board authorizes submission of the charter renewal request to the District Board, and deems the submission to be complete, as attested below.

Aspire Monarch Academy strives rigorous and joyful academic experience that nurtures students' talents and identities while promoting inclusivity and addressing systemic barriers that have historically marginalized communities, including Black, Latino/a/x, Indigenous, and People of Color. The Charter School currently serves 375 students in grades TK-5. Over 87% of the Charter School's students are socio-economically disadvantaged. MON aims to provide high-quality education that prepares students to be change-makers, critical thinkers, and problem solvers who can contribute to building a more just and equitable world. The Charter School believes that education is liberation and works to ensure that its students are prepared to succeed in college, career, and life. In submitting this request for renewal, Aspire Monarch Academy is pleased to share its designation as a middle-performing school by the California Department of Education which thereby entitles the Charter School to a default renewal standard for a five-year term.

Introduction and Overview

We present this renewal charter petition for Aspire Monarch Academy ("Monarch" or "Charter School"). Monarch is a Transitional Kindergarten through Fifth Grade (TK-5) school located in East Oakland, and part of the Bay Area Region of the Aspire Public Schools network. Monarch has had an enrollment of between 373 and 402 scholars since returning from the pandemic, averaging 385 students. As a snapshot of our demographics, the percentages below are representative of our student body based on October 2025 CBEDS (California Basic Educational Data System) reporting:

- 87.9% Socio-Economically Disadvantaged (SED),
- 94.6% Hispanic or Latino, 2.9% African American
- Less than 1% of the following races/ethnicities (Asian, Pacific Islander, and Two or More Races)
- 55.2% English learners (ELs),
- 21.2% students with disabilities (SWD)[1]

Monarch's students have shown progress across multiple California Dashboard indicators since the COVID-19 pandemic. In the most recent publicly reported data, Monarch students meet or exceed the performance of their peers on many indicators. Listed below are highlights of our success in the last charter term. For details and additional citations, see the next section, Charter Renewal Criteria.

- **Consistency Across Multiple Indicators on the California Dashboard.** For the third consecutive year, the California Department of Education has designated Monarch "Middle Performing" based on the California Charter Renewal Performance Tier framework.[2]
- **Success on the California Dashboard.** On the 2025 California Dashboard, we have one of five metrics coded "Blue," three categories "Yellow" (with each demonstrating growth), and one non-academic category "Orange."
- **Consistently Stronger Performance on Math.** Since at least 2019, Monarch's overall math CAASPP DFS scores have outperformed the averages of the District and local comparison schools.[3] In 2025, Monarch ranked 4th out of the 11 local schools in terms of schoolwide math CAASPP DFS. (Ranking first is Monarch's sister school, Aspire College Academy.) Based on the last two years of publicly available CAASPP data, Monarch's math DFS increased from -74.9 in 2024 to -64.4 in 2025. Digging deeper into 2024-to-2025 math DFS change, all of Monarch's statistically significant subgroups demonstrated growth:
    - Students with disabilities grew 35.4 DFS
    - Hispanic/Latino scholars grew 10.9 DFS
    - English Learners grew 8.5 DFS
    - SED scholars grew 7.9 DFS
- **Consistently Stronger Performance on ELA.** Since at least 2022, Monarch's overall ELA CAASPP DFS scores have outperformed the averages of the local comparison schools. In 2025, Monarch

ranked 3rd out of the 11 local schools in terms of schoolwide ELA CAASPP DFS. (Ranking second is Aspire's sister school, Aspire College Academy.) Based on the last two years of publicly available CAASPP data, Monarch's CAASPP ELA DFS increased from -66.0 in 2024 to -52.5 in 2025. Digging deeper into 2024-to-2025 ELA DFS change, all of Monarch's statistically significant subgroups demonstrated growth:

- Students with disabilities grew 22.1 DFS
- Hispanic/Latino scholars grew 14.8 DFS
- English Learners grew 10.1 DFS
- SED scholars grew 7.8 DFS

- **English Learner Progress.** From 2024 to 2025, Monarch demonstrated growth on the academic English Learner Progress Indicator (ELPI), with the school improving from the "red" to "yellow" status on the Dashboard Indicator. Specifically, Monarch increased from 33% of English learner scholars making progress in 2024 to a 44% rate in 2025 – now greater than the average rates of the local comparison schools (42.3%) and OUSD (40.3%). The jump in ELPAC status reflects the results of Monarch's refined coordinated approach to English learner supports – combining integrated ELD strategies, vocabulary focus, discourse practice, and improved teacher familiarity with the ELPAC assessment.

The Monarch core school model centers several elements of school design described in detail in Element 1 of this renewal petition. The following school model elements are examples of programming that are especially emphasized or unique to Monarch, as an Aspire Bay Area school:

- **Inclusion Model:** Monarch is an inclusion school that welcomes *all* learners, with deep integration present in instructional planning and classroom culture – aligned with the least restrictive environment principle. Many students with individualized education plans apply to enroll at Monarch through word of mouth, an indicator of the school's reputation for strong special education support. Twenty-one percent of Monarch's student population has an Individualized Education Plan. They are supported by an in-house inclusion team consisting of three educational specialists, eight instructional assistants (including a reading specialist), a school psychologist, a mental health therapist, and a scholar support manager. Instructional assistants' roles are as co-teachers in classrooms, supporting *all* students through small groups and whole-class support – implicitly messaging to students that Monarch maintains an orientation toward inclusively identifying and supporting *all* students' broad range of potential academic needs.
- **Data-driven Instruction:** Monarch uses multiple data systems to inform instruction, intervention placement, and school culture decisions on a regular cycle – with biweekly data talks at the grade-level being a standing practice. Both quantitative academic data and qualitative survey/behavior data are used to drive decisions across instruction, intervention, and school culture. From the start of the year diagnostic assessments (mCLASS, i-Ready, SIPPS, and oral reading fluency tests) are used to tier students for early intervention. Based on early assessments in 2025-26, a walk-to-read model was trialed that year across third-grade classrooms, where three teachers engaged students in groups by reading level to maximize support. To support continual improvement in realizing the school's cultural vision, the

leadership team analyzes behavior and discipline data cyclically to identify any arising student and staff support needs. In terms of other qualitative data, Panorama surveys of students, families, and staff are used to analyze indicators of safety, belonging, and school culture.

- **School Safety, Belonging, and Family Engagement:** Monarch's approach to school fit is multi-layered, combining proactive safety measures, culturally responsive celebrations, restorative discipline, and meaningful family education partnerships. Specifically:
    - PBIS systems, including the schoolwide “Purple Ticket” incentive program, are used to celebrate positive behavior and leadership, with the 5th Grade student leadership group helping to define and run the Purple Ticket store.
    - Throughout the year, Monarch hosts cultural heritage celebrations, including for cultures not heavily represented in the school population.
    - Restorative practices are used schoolwide, with staff trained in culturally relevant, logical consequence frameworks to support students in learning from mistakes rather than undergoing punitive measures.
    - In 2025-26, the school relaunched family workshops, covering background on the school’s socioemotional (SEL) programming, literacy, and math – with increased turnout compared to previous years and positive feedback, particularly from Spanish-speaking families. The SEL workshop was especially impactful, with families deepening bonds with one another as a result of sharing their own struggles with practicing emotional support strategies in their lives.
    - An explicit expectation for all teachers is positive home communication, forming the foundation of family relationships before any challenges arise.
    - Monarch maintains an open-door policy for families to visit and engage the school at any time. Such open channels for communication is reflected in our survey data. Our families are surveyed twice a year on a variety of topics such as school fit and family engagement, with results benchmarked nationally via Panorama Education. On the “Barriers to Engagement” domain of the survey, Monarch ranks in the 90th percentile nationally amongst all elementary schools. In fact, our Winter 2026 family survey showed that the school received 90% positive results for the domain, which explores variables that allow for families to communicate with the school or take part in the school community.
- **Enrichment & Extracurricular Activities:** Contributing to its distinct school culture, Monarch offers a wide range of extracurricular and enrichment activities that reflect student leadership, cross-age mentorship, and community pride:
    - After-school program includes clubs such as sports, cooking, music/DJ, chess, and gardening.
    - The on-site garden is used for science experiments, art, and the gardening club.
    - The 5th-grade Student Leadership Group helps design and implement one of the schoolwide positive behavior incentive systems – specifically, management of the Purple Ticket store.
    - The Buddy Reading program pairs upper-grade students with lower-grade students monthly for literacy and learning activities, building cross-grade relationships.

- Academic and attendance awards are also granted regularly to students.

Aspire Public Schools as a Network of Schools

Monarch is part of Aspire Public Schools, a network of non-profit public charter schools spanning grades TK-12 and serving students in low-income neighborhoods in the Bay Area, Central Valley, and Los Angeles. Grounded in our Core Values, we believe in the power of creating and maintaining learning environments in which students learn with community and through a culture of belonging no matter one's background or cultural history. We strive to make Aspire and our communities a joyful place to learn, work, and be, together. Our mission is to provide a rigorous, joyful academic experience that cultivates our scholars' skills, talents, and gifts, such that they may pursue and persist in college or any post-secondary pathway that is authentic to their identities. At our schools, the vision of empowering our scholars to build a fulfilling and liberated future for themselves and their community inspires us into urgent, intentional action each day.

Charter Renewal Criteria

Charter Renewal Criteria

Pursuant to the amendments made to Education Code Section 47607, and the creation of Education Code Section 47607.2, by Assembly Bill 1505 (2019), at the time of charter renewal, a chartering authority shall consider the performance of the charter school on the state and local indicators reported on the California School Dashboard ("Dashboard").

In addition to the shift toward assessing Dashboard data, Assembly Bill 1505 also created a three-tiered system of evaluating charter schools' performance based on Dashboard data and metrics as compared to the state average for all students and for subgroups, plus a separate category for Dashboard Alternative School Status schools. Each of the three tiers has unique qualifying criteria.

The three performance categories are as follows:

- High Performing – Presumptive renewal if the charter school meets the established renewal criteria—Education Code Section 47607(c)(2).
- Low Performing – Presumptive non-renewal if the charter school meets the non-renewal criteria, unless the chartering authority makes a finding to approve for a two-year term —Education Code Section 47607.2(a).
- Middle Performing – Renewal unless closure is in the best interest of students, evaluated using the California School Dashboard (the "Dashboard") and Education Code Section 47607.2(b).

Separate from the statutory standard, the CDE also evaluates all charter schools to identify their performance category annually, making that report available to the public. The CDE most recently released the performance category data file in January 2026. According to this file, Aspire Monarch Academy is in the middle performing category for renewal this year. We present evidence and data below to demonstrate that Monarch has met the renewal criteria for a five-year renewal.

Education Code Section 47607.2(b) states:

> (1) For all charter schools for which [High Performing and Low Performing] do not apply, the chartering authority shall consider the schoolwide performance and performance of all subgroups of pupils served by the Charter School on the state indicators included in the [Dashboard] and the performance of the Charter School on the local indicators included in the [Dashboard].
> (2) The chartering authority shall provide greater weight to performance on measurements of academic performance in determining whether to grant a charter renewal.
> (3) The chartering authority may deny a charter renewal pursuant to this subdivision upon making written findings, setting forth specific facts to support the findings, that the charter school has failed to meet or make sufficient progress toward meeting standards that provide a benefit to the pupils of the school, that closure of the charter school is in the best interest

of pupils and, if applicable pursuant to paragraph (2), that its decision provided greater weight to performance on measurements of academic performance
(4) For a charter renewed pursuant to this subdivision, the chartering authority shall grant a renewal for a period of five years.

Education Code Section 47607(c)(3) defines "measurements of academic performance" as statewide assessments in the California Assessment of Student Performance and Progress ("CAASPP") system, or any successor system; the English Language Proficiency Assessments for California ("ELPAC"); or any successor system, and the college and career readiness indicator ("CCI").

Dashboard Performance Renewal Criteria

For middle-performing charter schools, Education Code Section 47607.2(b) mandates that the District consider the performance, schoolwide and for all student subgroups, of the Charter School on state and local indicators on the Dashboard. The District shall provide greater weight to measurements of academic performance: English Language Arts ("ELA"), Math, ELPI, and CCI.

The Charter School documents its performance on the Dashboard, in support of approval of its Petition, below.

For Middle-Performing charter schools, AB 1505 provides that verified data "shall be considered" by the authorizer through a second look process for such renewing charters that were operating on or before June 30, 2020 and for their "next two subsequent renewals until January 1, 2026" Monarch has been operating since 2000, and this is the school's first renewal since the passage of AB 1505. While the provisions related to verified data in Education Code Section 47607.2 had sunset, the budget trailer bill (AB 126) approved in July 2026 reinstituted verified data in the evaluation of charter renewals for middle- and low-performing charter schools. Therefore, Monarch provides verified data below to be considered by the authorizer.

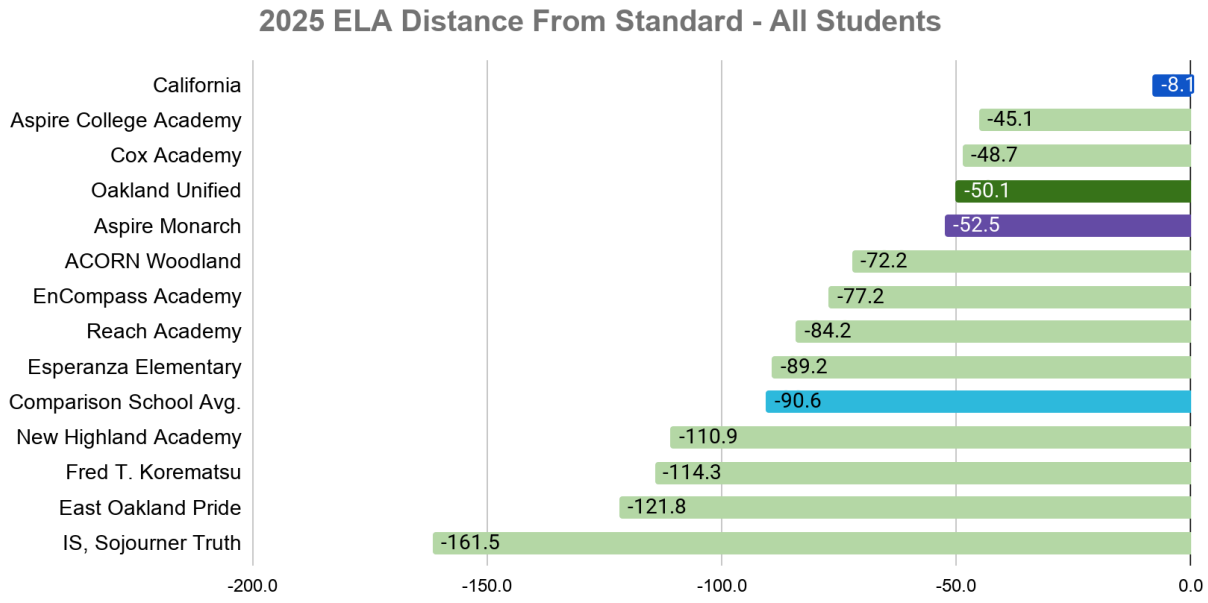
Monarch's Dashboard Results

For the context of Monarch, the CAASPP is available to span elementary schools in grades 3-5. According to the CDE, "Distance from Standard measures how many points above or below (or the distance) each student is from the lowest possible scale score within Level 3 (i.e., Standard Met) on the Smarter Balanced Summative Assessments and California Alternate Assessments."[4] A DFS that improves year over year indicates that students are, on average, moving towards higher mastery of grade-level standards.

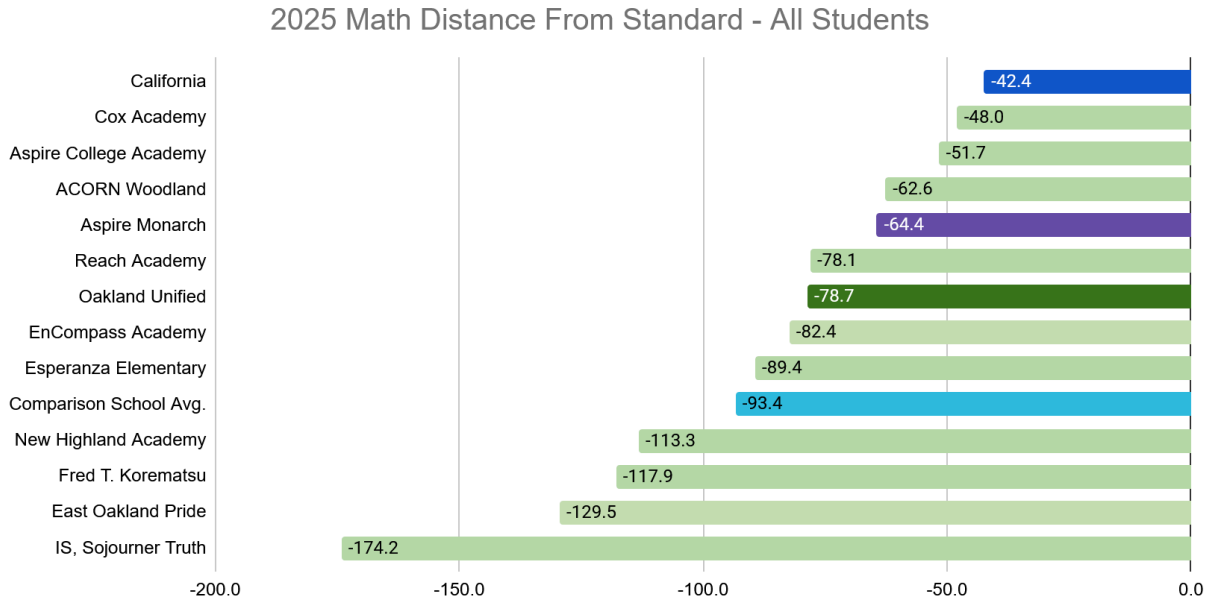
Smarter Balanced Assessment Consortium ("SBAC") performance results in 2025 show that Monarch students achieved higher rates relative to the average for the list of comparison schools defined below and with similarly high proportions of SED school populations (86%+). More specifically, Monarch

[4] California Department of Education. California School Dashboard: Glossary. Accessed June 1, 2026 from https://www.caschooldashboard.org/about/glossary.

students performed at higher achievement rates with regard to Distance from Standard ("DFS") in ELA (Monarch -52.5; comparison school average -92.5) and higher achievement rates in DFS for math (Monarch -64.4; comparison school average -94.7). As a result, in 2025, Monarch's California Dashboard color for both ELA and math was Yellow.



Below is a list of comparison public schools ("Comparison Schools") selected based on whether the school serves the elementary school grade span and if the school's location is within a School Attendance Area where at least 5% of Monarch students lived during the 2025–26 school year.



School	**Attendance Area**	**% of MON Students Living in Attendance Area**

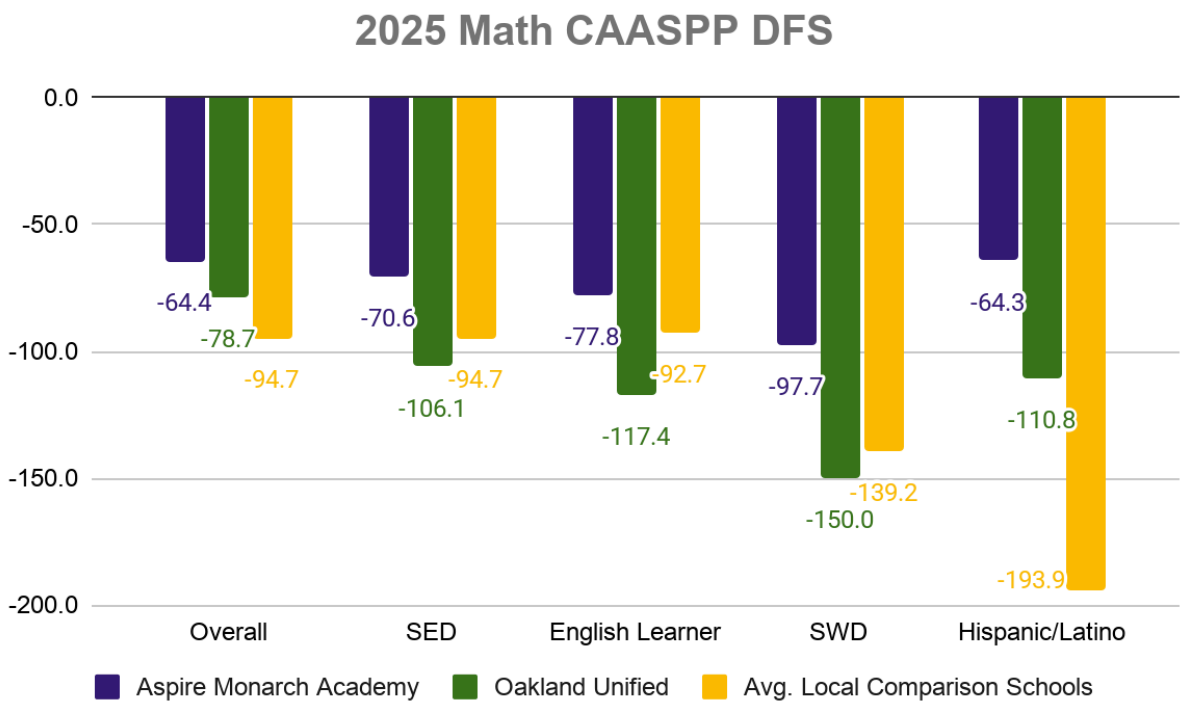
Monarch's CAASPP ELA and Math Schoolwide Performance Outranks Majority of Comparison Schools

The graphs below show how Monarch's 2025 CAASPP Math and ELA DFS measures perform against the ten public schools found in the Comparison School set. In ELA, Monarch ranks 3rd out of the total 11 schools; in Math, Monarch ranks 4th.

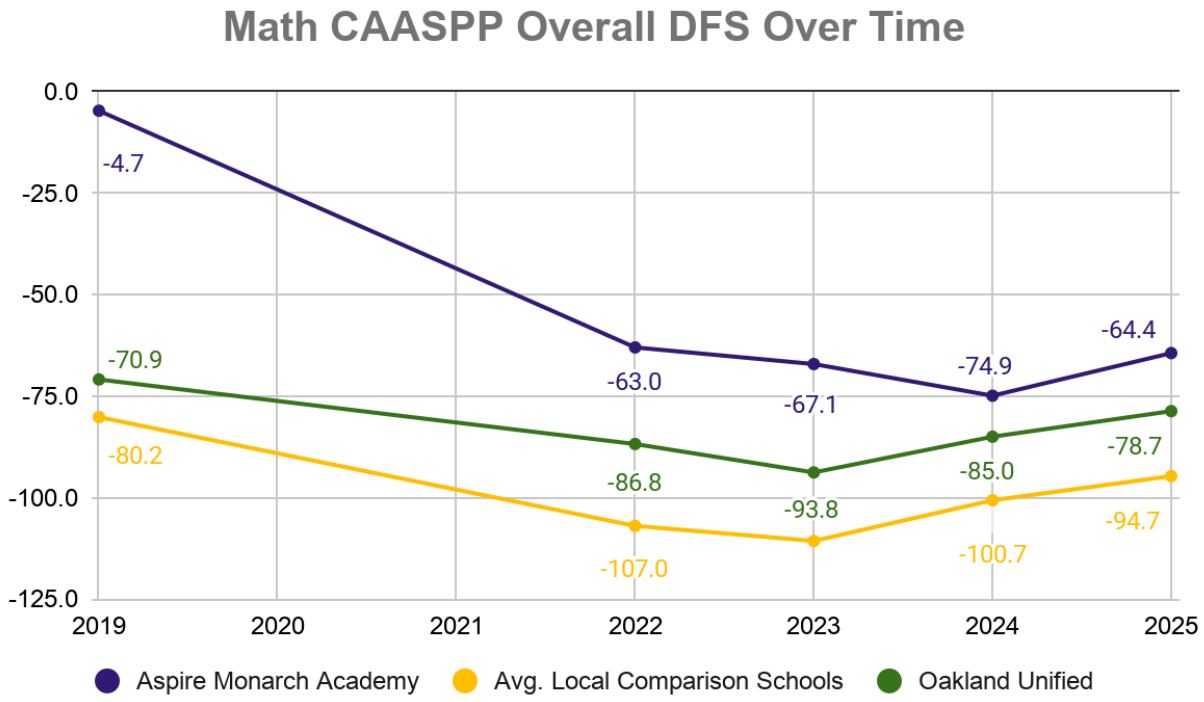
[5] Independent Study, Sojourner Truth was included among the Comparison Schools because it serves the elementary school grade span and because enrollment is not restricted to a student's Attendance Area.



The Dashboard charts and graphs that follow show a comparison of Aspire Monarch Academy's ELA/Math DFS performance against the averages of the District and the Comparison Schools. Included are disaggregated results for all students and for subgroups with numerically significant numbers of students tested at Monarch: Hispanic or Latino, Socioeconomically Disadvantaged Students (SED), English learners, and Students with Disabilities (SWD). Subgroups not shown below indicate that the numbers of students tested in that subgroup were not "numerically significant" for Aspire Monarch Academy as defined by California Dashboard metrics.

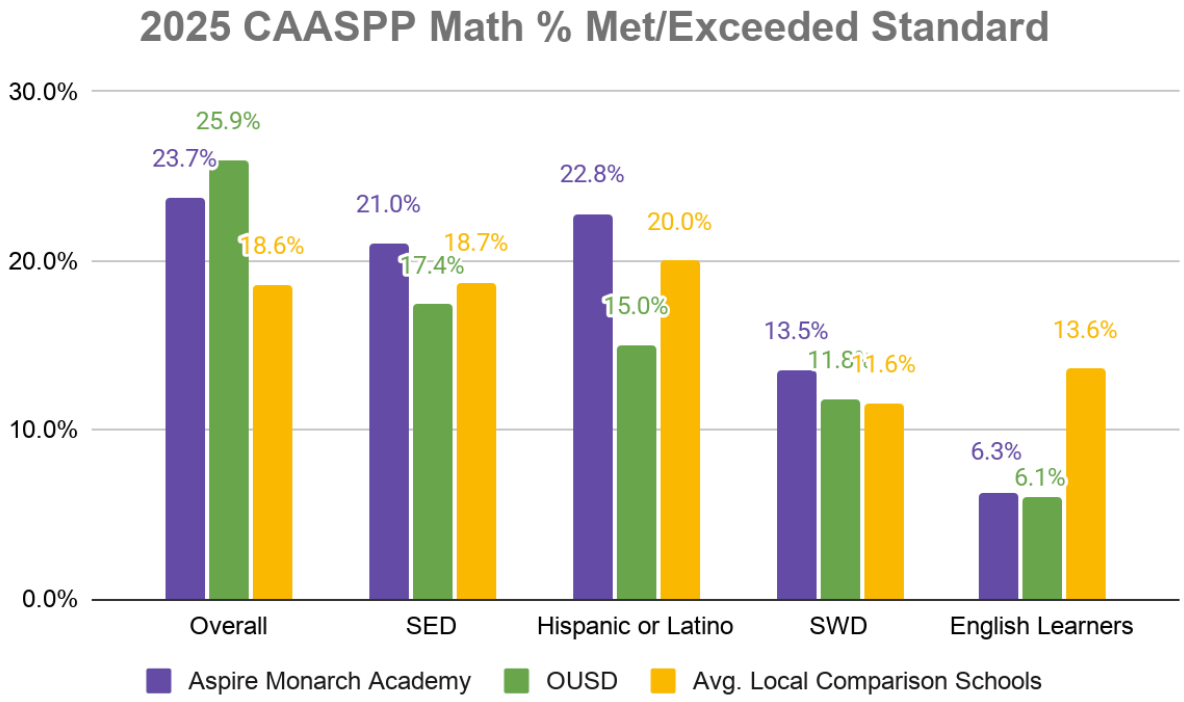
2019-2025: Monarch Consistently Outperforms the District and Comparison Schools on Math CAASPP

Math CAASPP - DFS



In 2025, the Math CAASPP Distance from Standard score for Monarch was better overall and for all its statistically significant subgroups than the OUSD and local Comparison School averages.[6]

As shown in the longitudinal chart that follows ("Math CAASPP Overall DFS Over Time"), Monarch has had better Math DFS scores consistently year over year at least since 2019 compared to the averages of the District and Comparison Schools. While Monarch's Math DFS scores were on a slight decline beginning in 2022, the school's scores have recently rebounded – increasing from -74.9 in 2024 to -64.4 in 2025. Digging deeper into 2024-to-2025 DFS change on the Math CAASPP, all of Monarch's statistically significant subgroups demonstrated growth:



- Students with disabilities grew 35.4 DFS
- Hispanic/Latino scholars grew 10.9 DFS
- English Learners grew 8.5 DFS
- SED scholars grew 7.9 DFS

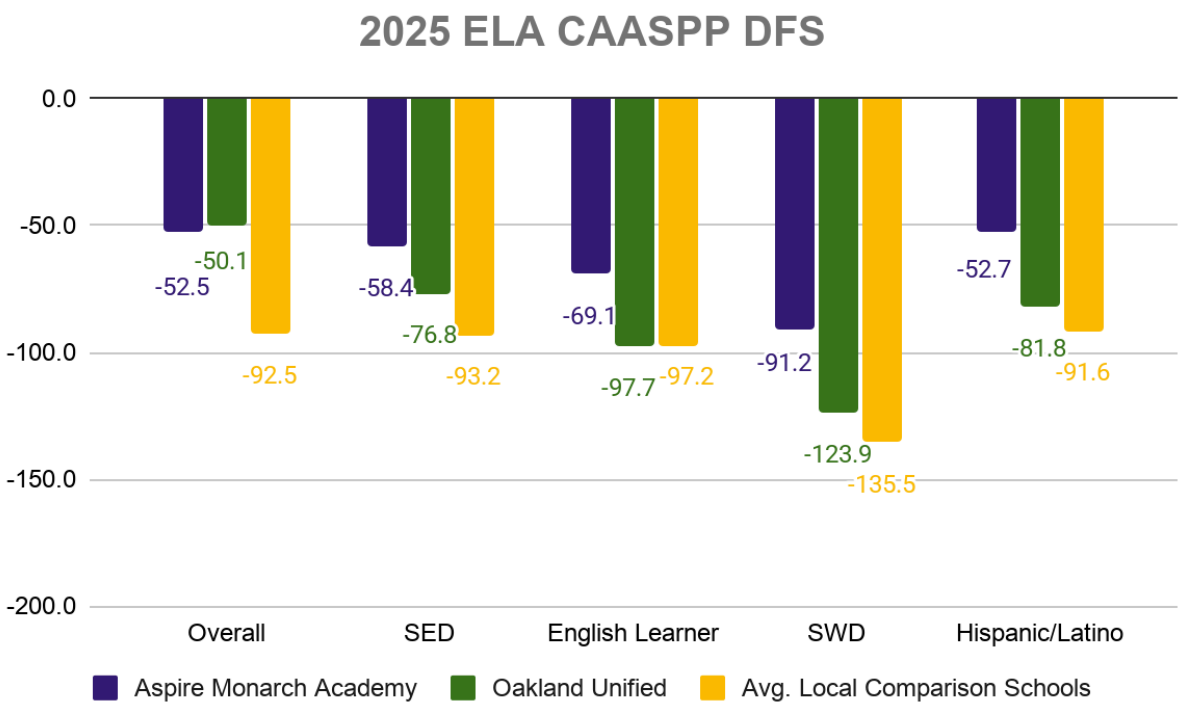
Math CAASPP - % of Students Meeting/Exceeding Standard

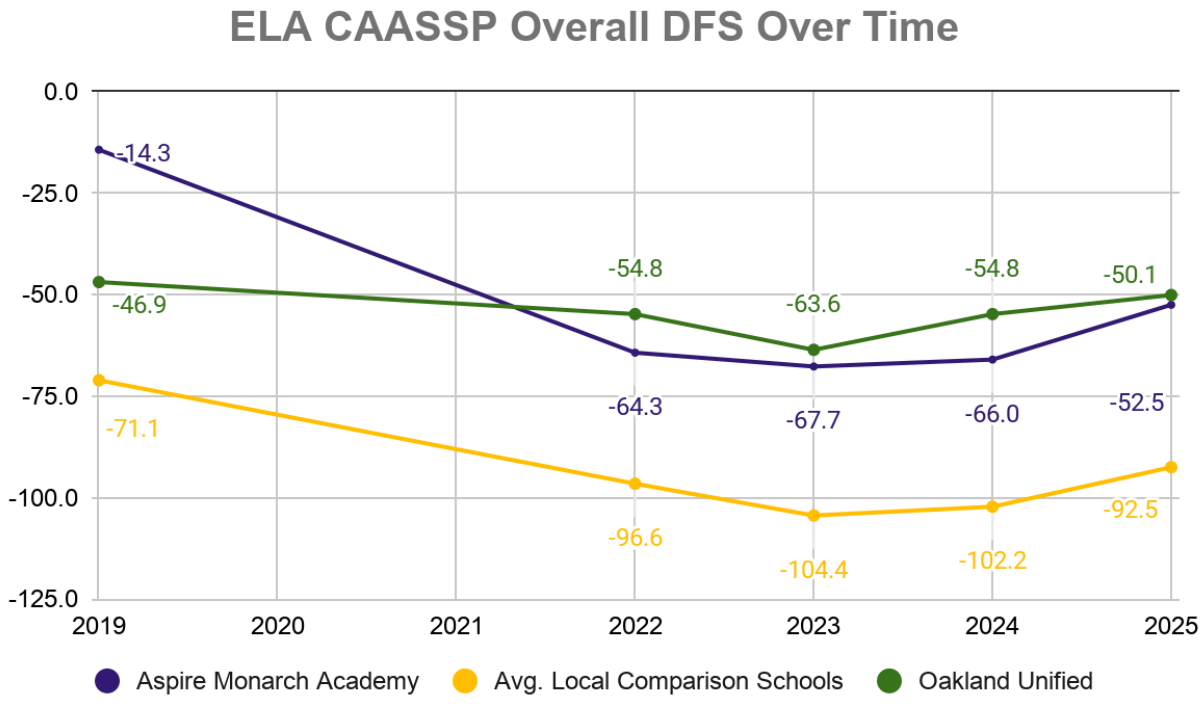
On the 2025 Math CAASPP, Aspire Monarch Academy's percentage of students overall achieving Met/Exceeded Standard is higher than the local Comparison Schools' average (23.5% compared to 18.6%, respectively). Also, for three out of four of Monarch's statistically significant subgroups (SED students, Latino students, and SWD), the school outperforms both the subgroup averages of the District and the Comparison Schools. However, the Met/Exceeded rate of Monarch's English learners in 2025 is lower (about half) of the average EL performance of the Comparison Schools. Despite this difference, Monarch's DFS score for English learners (-77.8) is greater than the Comparison Schools' average (-92.7).



Monarch's instructional team has identified that the relative underperformance on the math CAASPP Met/Exceeded rate for English learners stems from not having sufficiently met the language demands of math Common Core standards -- *e.g.* explaining thinking behind computational answers, or providing written analysis for multi-step problems. In response, the school's improvement plan has and will continue to center on (1) additional targeted pull-out intervention by a bilingual interventionist staff member for newcomers, and (2) more classroom time on discourse-focused math instruction – *i.e.*, more student practice of communicating one's math reasoning.

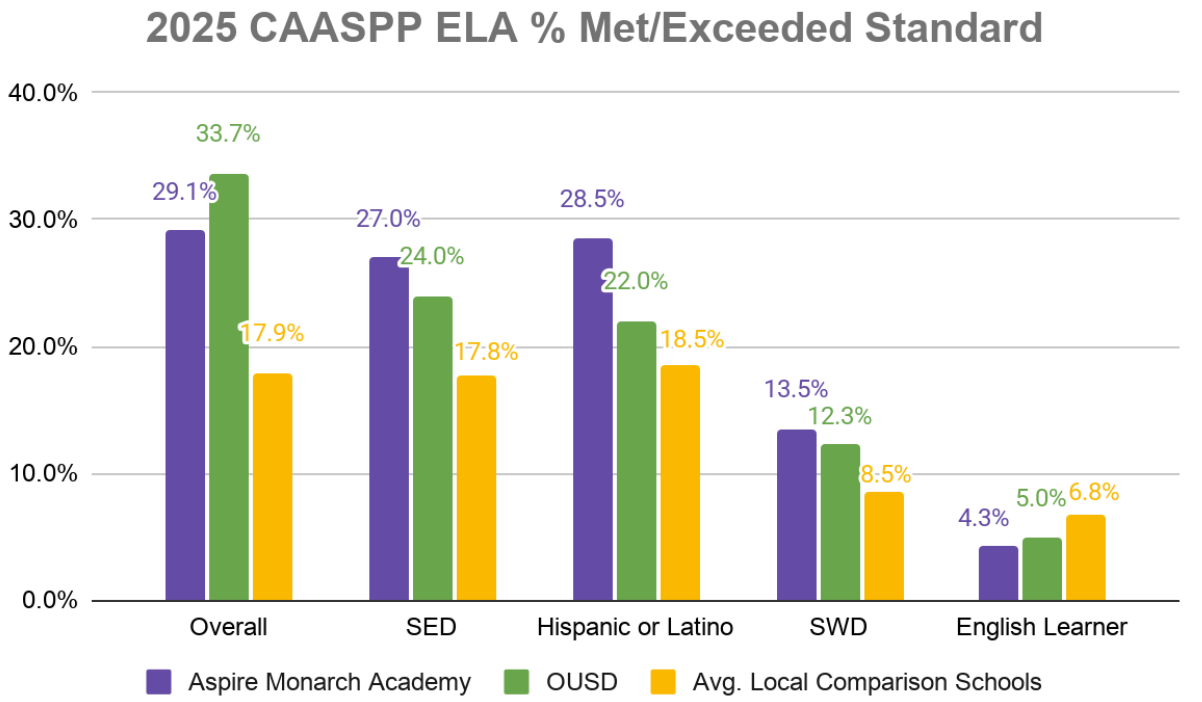
ELA CAASPP: Monarch Schoolwide Consistently Outperforms Comparison Schools; in 2025, Monarch's Subgroups Outperform District Averages

ELA CAASPP - DFS



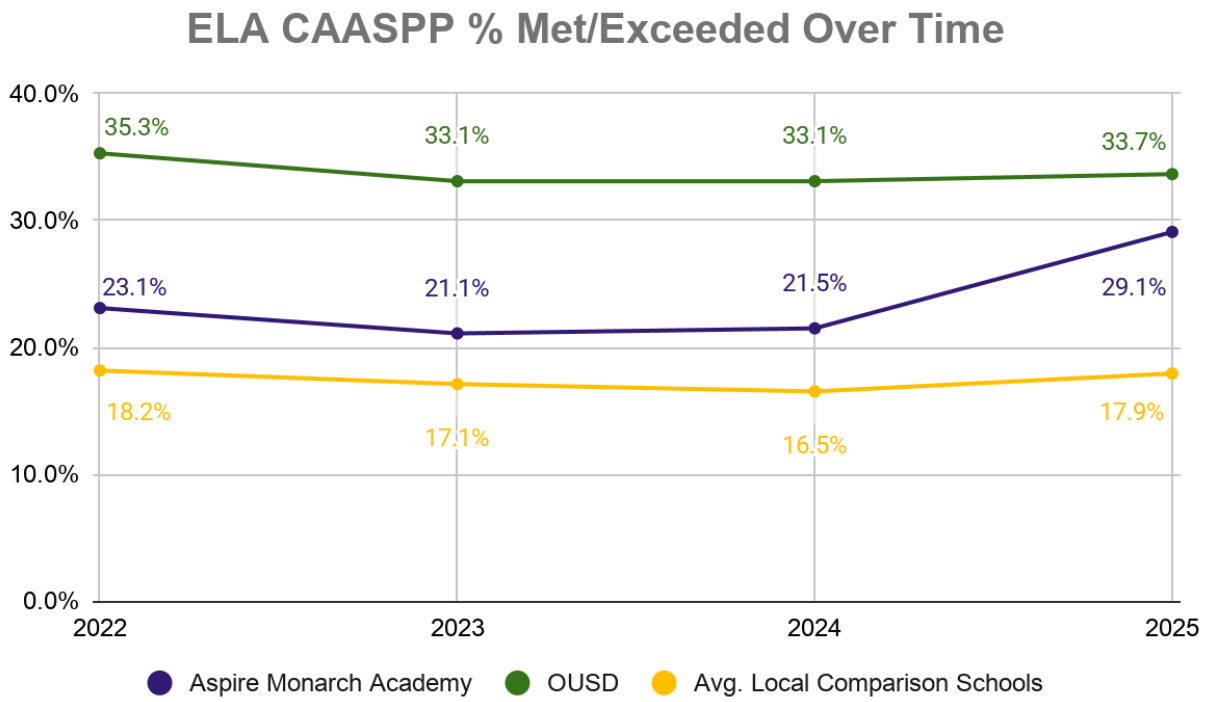
In 2025, the ELA CAASPP DFS scores for Aspire Monarch Academy were better for all statistically significant subgroups than the averages of OUSD and the local Comparison Schools.[7] Monarch's overall DFS score (-52.5) is better than the Comparison Schools' average (-92.5), and slightly lower than the District average (-50.1).

[7] California Department of Education. California School Dashboards: 2025. Accessed June 1, 2026.



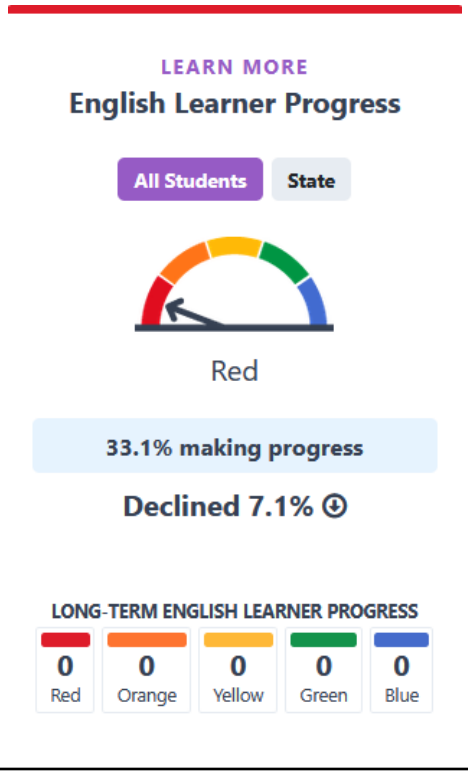
As shown in the longitudinal chart below ("ELA CAASPP Overall DFS Over Time"), Monarch has had better ELA DFS scores consistently year over year in the last charter term relative to the averages of the Comparison Schools. While the District average has been better since 2022, Monarch recently reduced the gap. In 2025, Monarch's ELA DFS gap with the District was merely 2.4, while the gap in 2024 was 11.2 – meaning Monarch narrowed the gap by 80%. Digging deeper into 2024-to-2025 DFS change on the ELA CAASPP, all of Monarch's statistically significant subgroups demonstrated growth:

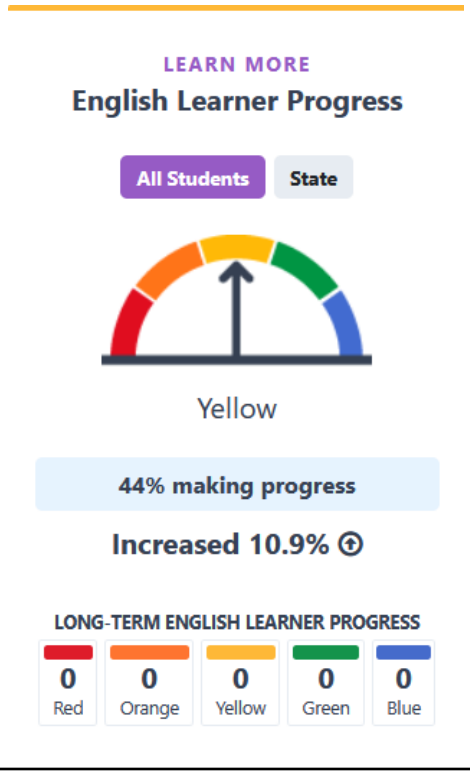
- Students with disabilities grew 22.1 DFS
- Hispanic/Latino scholars grew 14.8 DFS
- English Learners grew 10.1 DFS
- SED scholars grew 7.8 DFS



ELA CAASPP - % of Students Meeting/Exceeding Standards

In 2025, Aspire Monarch Academy's ELA CAASPP Met/Exceeded rate (29.1%) overall is higher than the local Comparison Schools' average (17.9%). For three out of four of Monarch's statistically significant subgroups (SED students, Latino students, and SWD), the school outperforms both the averages of the District and the Comparison Schools. However, the percentage of Monarch English learners that achieved Met or Exceeded Standard in 2025 (4.3%) is lower by 0.7 percentage points compared to the average subgroup performance District (5.0%), and lower by 1.7 percentage points relative to the Comparison Schools' average (6.8%). Despite this difference, Monarch's DFS score for English learners (-69.1) is greater than the averages of the Comparison Schools' (-97.2) and District (-97.7).

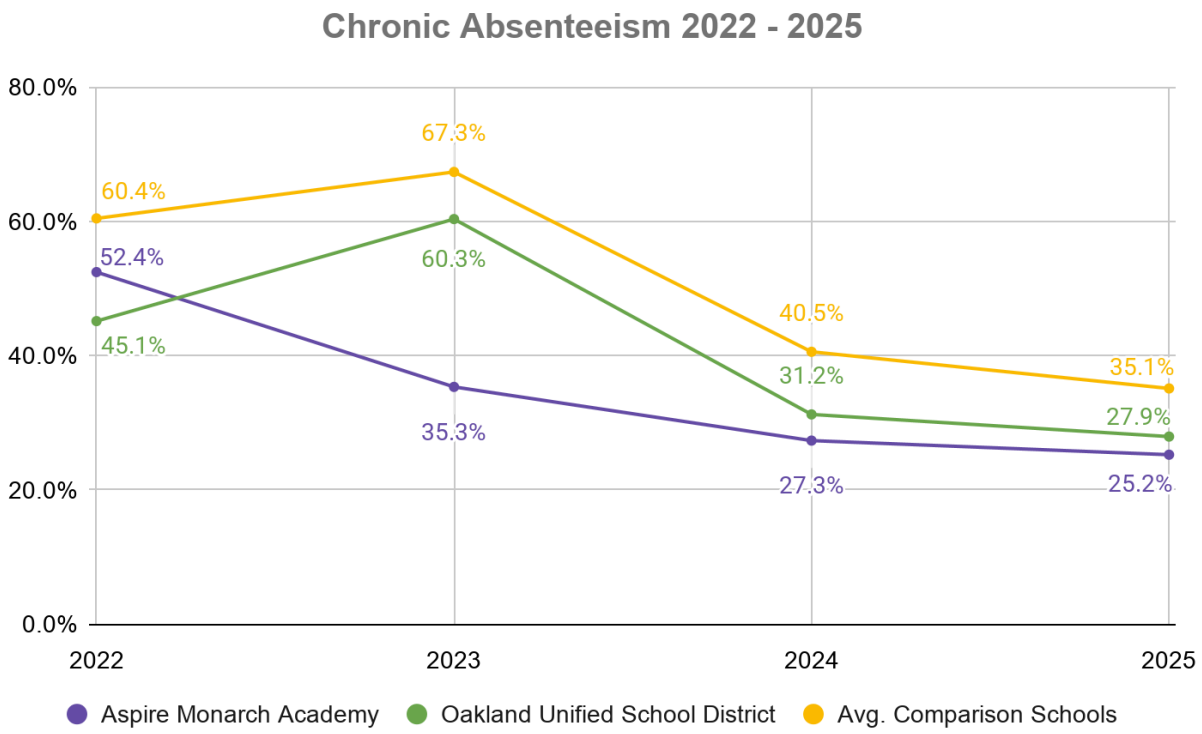




When comparing Monarch's overall ELA CAASPP Met/Exceeded rate in 2024 and 2025, we are proud of the growth the school has made. As shown below, the ELA Met/Exceeded rates of the District and Comparison Schools have remained more or less flat since 2022 (the first year in which the CAASPP was fully mandated for public schools after the COVID pandemic). Monarch's performance was also flat until 2025. By that testing year, Monarch's ELA DFS gap between the District was merely 4.6 percentage points, while the gap in 2024 was 11.5 – meaning Monarch narrowed the gap by 60%. We attribute the recent ELA growth to focused attention on the annual backwards mapping of ELA Common Core State Standards to daily instructional planning – ensuring more student practice of critical thinking skills and question types aligned to the CAASPP format.

2025 English Learner Progress: Monarch Jumps from "Red" to "Yellow," Outperforming District and Comparison Schools

From 2024 to 2025, Monarch demonstrated strong achievement growth on the academic English Learner Progress Indicator (ELPI). The school improved from the "red" to "yellow" status on the Dashboard Indicator (reproduced below), increasing by 10.9 percentage points to a 44% rate in 2025 – greater than the average rates of Comparison Schools (42.3%) and OUSD (40.3%). We attribute the increase in performance to the following:

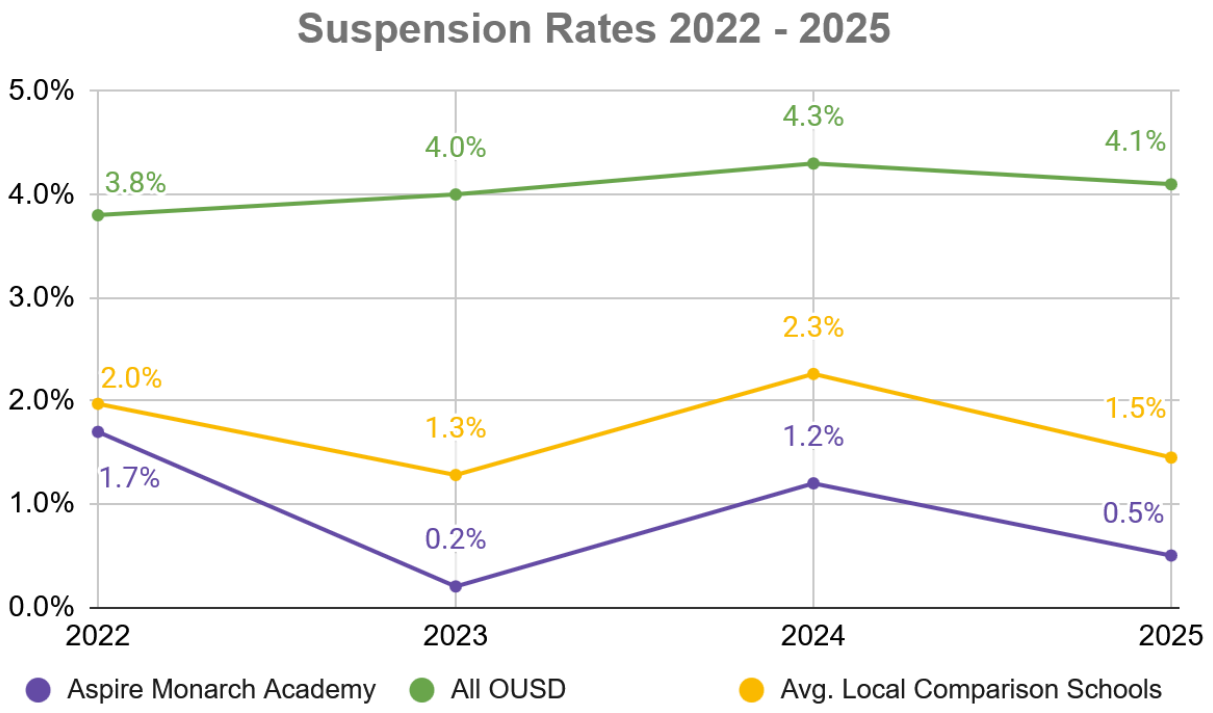


- greater activation of integrated ELD strategies schoolwide and across all content areas,
- more explicit vocabulary instruction,
- prioritized discourse practice (with students provided structured classroom opportunities to discuss, defend and build on one another's thinking using academic language),
- professional development to improve teacher familiarity with the ELPAC assessment format,
- adjustment of the ELD curriculum's scope and sequence to incorporate more student practice and internal testing aligned to the ELPAC question categories (*e.g.* describing images, writing multi-paragraph essays)

2024	2025
	

2022 - 2025: Monarch's Chronic Absenteeism Consistently Lower than District and Comparison Schools

Chronic Absenteeism has been a persistent national public education challenge in recent years, particularly since the 2020 COVID-19 pandemic. Since 2023, following the pandemic, Monarch's suspension rates have been lower than the averages of the local District and the Comparison Schools. Moreover, as a result of our efforts to combat pervasive absenteeism, Monarch's rate of chronic absenteeism decreased by 22 percentage points, dropping to 25% in 2025 from 47% in 2022. We attribute the drop and sustained lower rates of absenteeism to Monarch's attendance strategy, which includes the following:



- Proactive incentives, such as weekly class attendance competitions, quarterly "attend-dances" (in-school dance parties for students meeting attendance thresholds), pizza parties for classes with repeated wins, and targeted raffles/treats during historically low-attendance days
- An Attendance Team that frequently analyzes chronic absenteeism data, the assigning of at-risk students to Team members, and proactive family outreach before absenteeism reaches the level of requiring formal meetings
- Wraparound supports, including inter-family carpool arrangements, bus passes, and transportation and housing resources for housing-insecure families
- Front office staff's maintained focus on knowing families personally and facilitating community connections to expand their network of support

2022 - 2025: Monarch's Suspension Rates Consistently Lower than Rates of District and Comparison Schools

Since 2022, Monarch's suspension rates have been consistently lower relative to the averages of the District and Comparison Schools. In 2025, Monarch's suspension rate was 0.5%, the Comparison Schools' average 1.5%, and the District average 4.1%. Monarch attributes the relatively low year-to-year rates to the intentionally it brings in setting its school climate. The approach is based on a comprehensive, proactive system, consisting of preventative classroom management training, real-time communication, restorative and logical consequences, and a dedicated behavior wellness team. Specifically:

- Monarch employs logical consequences as alternatives to suspensions as much as possible. Examples might include community service for property damage or a research report presented to peers for a hate speech incident.
- Staff references and applies an internal logical consequences matrix guide to drive discipline actions toward consistent, learning-oriented responses to misbehavior.
- The staffing structure includes a Behavior Wellness Team, which meets every other week to review behavior data, identify trends, develop behavior support plans, and coordinate counseling referrals.
- Teachers who need support with classroom management to minimize discipline escalation are provided intensive coaching.
- Finally, real-time staff communication via text threads often supports immediate de-escalation.

Other Performance Measures

2024 and 2025: Monarch's Overall i-Ready Data Demonstrates at Least One Year's Progress

As an additional measure of performance, Monarch uses the nationally norm-referenced i-Ready. In 2023-24 and 2024-25, Monarch's participation rates on the assessments have been at least 95% for all grades and in Reading and Math. The high participation rate is a clear indicator of student engagement and the effectiveness of our teaching methods. To demonstrate "at least one year's progress for each school year" under the verified data provisions of the legal renewal criteria, the final recommended guidance from the publisher of i-Ready is for a school to achieve minimum median growth targets of at least 80% in Math and 75% in Reading for Grades K-5.[8]

Overall in 2024-25, Monarch exceeded i-Ready's standard of minimum growth expectations in math and ELA, and across all almost all our tracked subgroups. With the exception of 2024-25 SWD performance on Math, the median percentages of annual growth exceed the minimum targets set by i-Ready. However, as mentioned in the discussion of Monarch's math CAASPP data, from 2024 to 2025 the average math DFS increased by 35.4 points for our students with disabilities.

We acknowledge that in the 2023-24 school year some median growth percentages are below target. However, by 2024-25, those figures have grown as shown in green below – signaling that the work to improve our math and ELA model has been effective so far.

In accordance with law, Monarch strives to achieve a balance of racial and ethnic pupils, special education pupils, and English learner pupils, including redesignated fluent English proficient pupils, that is reflective of the general population residing within the district. The racial and ethnic enrollment breakdown of the school for the last charter term is presented above.[10] Below is a table of enrollment by race and ethnicity for the 2025-2026 school year. A charter petition renewed pursuant to Section 47607.2(b) (middle performing) shall be granted a renewal term of 5 years. **As clearly demonstrated by the evidence above, the Charter School meets this renewal criterion, and should be granted a renewal term of 5 years, from July 1, 2027 through June 30, 2032.**

Element 1: Educational Program

"The educational program of the charter school, designed, among other things, to identify those whom the charter school is attempting to educate, what it means to be an "educated person" in the 21st century, and how learning best occurs. The goals identified in that program shall include the objective of enabling pupils to become self-motivated, competent, and lifelong learners." – Ed. Code § 47605(c)(5)(A)(i)

"The annual goals for the charter school for all pupils and for each subgroup of pupils identified pursuant to Section 52052, to be achieved in the state priorities, as described in subdivision (d) of Section 52060, that apply for the grade levels served, and specific annual actions to achieve those goals. A charter petition may identify additional school priorities, the goals for the school priorities, and the specific annual actions to achieve those goals." – Ed. Code § 47605(c)(5)(A)(ii)

"If the proposed charter school will serve high school pupils, the manner in which the charter school will inform parents about the transferability of courses to other public high schools and the eligibility of courses to meet college entrance requirements. Courses offered by the charter school that are accredited by the Western Association of Schools and Colleges may be considered transferable and courses approved by the University of California or the California State University as creditable under the "A to G" admissions criteria may be considered to meet college entrance requirements." – Ed. Code § 47605(c)(5)(A)(iii)

Local Control Accountability Plan (LCAP)

Charter School shall annually submit a Local Control and Accountability Plan (LCAP)/annual update to the Office of Charter Schools on or before July 1, in accordance with Education Code section 47604.33. In accordance with Education Code section 47606.5, Charter School shall annually update its goals and annual actions to achieve those goals identified in the charter pursuant to Education Code section 47605(c)(5)(A)(ii), using the Local Control and Accountability Plan template adopted by the State Board of Education, as it may be changed from time to time, including but not limited to the following:

- A review of the progress towards the goals included in the charter, an assessment of the effectiveness of specific actions toward achieving those goals, and a description of the changes to the specific actions the charter school will make as a result of the review and assessment.
- Listing and description of the expenditures for the fiscal year in implementing the specific actions included in the charter as a result of the reviews and assessments, classified using the California School Accounting Manual.
- To the extent practicable, data shall be reported in a manner consistent with how information is reported on the California School Dashboard.

Charter School shall comply with all other requirements of Education Code section 47606.5, including but not limited to the requirement that Charter School 'shall consult with teachers, principals, administrators, other school personnel, parents, and pupils in developing the local control and accountability plan and annual update...' (Ed. Code § 47606.5(d))

Western Association of Schools and Colleges (WASC) Accreditation

f Charter School serves students in grades 9-12, Charter School shall obtain Western Association of Schools and Colleges (WASC) accreditation before Charter School graduates its first class of students.

Mathematics Placement Policy

If Charter School serves ninth grade, Charter School shall comply with the requirements of Education Code section 51224.7 with respect to implementing a fair, objective and transparent mathematics placement policy for pupils entering the ninth grade.

Independent Study

Charter School recognizes that a long-term independent study program (greater than 14 days per school year), is a material term of the educational program described in Charter School's petition. Therefore, if offered, Charter School's petition will contain a reasonably comprehensive description of the long-term independent study program, including how the school will comply with the legal requirements in providing such a program.

Home and Hospital Instruction

Charter School is responsible for providing both its general education and special education students with individual home instruction during any period of temporary disability when the student is unable to participate in on-campus instruction. In the case of a parent notifying Charter School of a request for home instruction, Charter School shall determine the appropriateness of home instruction services within five days of the request and shall begin home services within five days of determining eligibility. If a student disenrolls from Charter School in order to enroll with their school district of residence for home instruction, Charter School shall re-admit such students if they request re-enrollment within one calendar year from disenrollment from Charter School.

If a student with an IEP is unable to attend school due to a temporary or ongoing medical or psychological disability, Charter School shall continue to be responsible for the provision of special education and related services during that time. Home instruction for a student with an IEP or Section 504 plan shall only be provided under the following circumstances (5 CCR § 3051.4): the IEP team has recommended home instruction based on a medical report which is from the student's attending physician, surgeon, or psychologist; states the diagnosed condition; certifies that the student's condition

prevents attendance in a less restrictive setting; and contains a projected calendar date for the student's return to school.

Home instruction shall be provided only by teachers with valid California teaching credentials who consent to the assignment. There is no provision in statute that specifically addresses instructional content; however, the goal of home instruction should be maintenance of the pupil's former level of performance.

A student with a temporary disability, who is in a hospital or other residential health facility within the boundaries of OUSD, excluding a state hospital, shall receive educational services by OUSD. A pupil with a temporary disability, who is in a hospital or other residential health facility outside the boundaries of OUSD, excluding a state hospital, shall receive educational services by the school district in which the hospital is located. Pursuant to Education Code § 48207, Charter School shall continue to enroll such students while they are receiving Hospital Instruction. Average daily attendance shall be calculated consistent with the law.

Student Enrollment and Grade Levels Served

Charter School will serve a student enrollment at each grade level and at all grade levels combined in each of the years of the term of the Charter as follows:

Special Education

Overview

The Charter School shall comply with all applicable state and federal laws in serving students with disabilities, including, but not limited to, Section 504, the ADA and the IDEA.

The Charter School is its own local educational agency ("LEA") and holds membership in a Special Education Local Plan Area ("SELPA") in conformity with Education Code Section 47641(a). The Charter School is a member in good standing of the El Dorado County Charter SELPA. Proof of LEA SELPA membership status is attached in Appendix II.

In the event the Charter School seeks membership in a different state-approved SELPA, the Charter School will provide notice to the District, the SELPA, and the California Department of Education on or before June 30th of the year before services are to commence.

The Charter School shall comply with all state and federal laws related to the provision of special education instruction and related services and all SELPA policies and procedures; and shall utilize appropriate SELPA forms.

The Charter School will provide specialized academic instruction and related services by hiring credentialed or licensed providers through Aspire Public Schools, certified non-public agencies or independent contractors.

The Charter School shall be solely responsible for its compliance with Section 504 and the ADA. The facilities to be utilized by the Charter School shall be accessible for all students with disabilities.

Section 504 of the Rehabilitation Act

The Charter School recognizes its legal responsibility to ensure that no qualified person with a disability shall, on the basis of disability, be excluded from participation, be denied the benefits of, or otherwise be subjected to discrimination under any program of the Charter School. A student who has a physical or mental impairment that substantially limits one or more major life activities, has a record of such an impairment, or is regarded as having such an impairment, is eligible for protections under Section 504.

In instances where a student may be eligible for 504 protections, a 504 team will be assembled by the Principal and shall include the parent/guardian, the student (where appropriate) and other qualified persons knowledgeable about the student, the meaning of the evaluation data, placement options, and accommodations. The 504 team will review the student's existing records; including academic, social and behavioral records, and is responsible for making a determination as to whether an evaluation for 504 services is appropriate. If the student has already been evaluated under the IDEA but found ineligible for special education instruction or related services under the IDEA, those evaluations may be used to help determine eligibility under Section 504. The student evaluation shall be carried out by the 504 team, which will evaluate the nature of the student's disability and the impact upon the student's education. This evaluation will include consideration of any behaviors that interfere with regular participation in the educational program and/or activities. The 504 team may also consider the following information in its evaluation:

- Tests and other evaluation materials that have been validated for the specific purpose for which they are used and are administered by trained personnel.
- Tests and other evaluation materials including those tailored to assess specific areas of educational need, and not merely those which are designed to provide a single general intelligence quotient.
- Tests that are selected and administered to ensure that when a test is administered to a student with impaired sensory, manual or speaking skills, the test results accurately reflect the student's aptitude or achievement level, or whatever factor the test purports to measure, rather than reflecting the student's impaired sensory, manual or speaking skills.

The final determination of whether the student will or will not be identified as a person with a disability is made by the 504 team in writing and notice is given in writing to the parent or guardian of the student in their primary language along with the procedural safeguards available to them. If during the evaluation, the 504 team obtains information which may indicate possible eligibility of the student for special education per the IDEA, a referral for assessment under the IDEA will be made by the 504 team.

If the student is found by the 504 team to have a disability under Section 504, the 504 team shall be responsible for determining what, if any, accommodations or services are needed to ensure that the student receives a free and appropriate public education ("FAPE"). In developing the 504 Plan, the 504 team shall consider all relevant information utilized during the evaluation of the student, drawing upon a variety of sources, including, but not limited to, assessments conducted by the Charter School's professional staff.

The 504 Plan shall describe the Section 504 disability and any program accommodations, modifications or services that may be necessary.

All 504 team participants, parents, guardians, teachers and any other participants in the student's education, including substitutes and tutors, will receive relevant portions of each student's 504 Plan. The site administrator will ensure that teachers include 504 Plans with lesson plans for short-term substitutes and that the student review the 504 Plan with a long-term substitute. A copy of the 504 Plan shall be maintained in the student's file. Each student's 504 Plan will be reviewed at least once per year to determine the appropriateness of the Plan, needed modifications to the plan, and continued eligibility.

Services for Students under the IDEA

The Charter School shall provide special education instruction and related services in accordance with the IDEA, Education Code requirements, and applicable policies and practices of the SELPA.

The Charter School shall provide services for special education students enrolled in the Charter School. The Charter School shall follow SELPA policies and procedures, and shall utilize SELPA forms in seeking out and identifying and serving students who may qualify for special education programs and services

and for responding to record requests and parent complaints, and maintaining the confidentiality of pupil records.

The Charter School agrees to promptly respond to all District or SELPA inquiries, to comply with reasonable District or SELPA directives, and to allow the District or SELPA access to Charter School students, staff, facilities, equipment and records as required or imposed by law.

In the IEP process, general education teachers, specialists, administrators, students, and parents work together to share information and create the Individualized Education Program that addresses the student's unique learning needs and supports and services related to a student's disability. The IEP may include specialized academic instruction, related services, classroom accommodations or specific supports which will enable a student to progress towards learning or social/emotional/behavioral goals in the least restrictive environment.

The professional development of all Monarch's teachers focuses on differentiating the curriculum, employing varied instructional strategies, and utilizing technologies or other resources to ensure that each and every child in the classroom has access to learning, regardless of disability or need. Multiple measures assess student's progress towards their IEP goals, grade level outcomes based on the State Standards or Aspire College Readiness outcomes.

The Charter School's educational program includes systems of intervention, as well as differentiated instructional strategies to meet the diverse learning needs of all students. All incoming students participate in assessments in the areas of English Language Arts and Mathematics to assist in identification of student learning needs and provision of appropriate instructional supports for all students, including English Learners, or students with disabilities. Other measures used to assist with differentiating instruction for all students or providing appropriate interventions include:

- Smarter Balanced Assessment Consortium assessments
- ELPAC
- Curriculum-based Benchmark Assessments
- Teacher observation and interview

Staffing

Community Need for Aspire Monarch Academy

Aspire Monarch Academy, located at 1445 101st Avenue in Oakland, serves students and families in East Oakland and nearby communities. Oakland is known for its deep cultural roots and diversity, shaped by a history that stretches back thousands of years to the Ohlone people. Today, the city is home to residents from a wide range of racial, ethnic, and linguistic backgrounds, with more than 125 languages spoken. Aspire Monarch Academy reflects this richness, with a student population that is predominantly Latina/o/x, along with students who identify as African American, Multi-Racial, Pacific Islander, and other backgrounds. Most students live within a short distance of the school, and a significant majority are English Learners and/or qualify for free or reduced-price meals.

Aspire Monarch Academy was built not just for the community, but *by* the community. The school was founded by families who recognized the need for a safe, high-quality educational space for their children. The name “Monarch Academy” itself was chosen through a parent vote, symbolizing collective voice and shared vision. That legacy remains alive today—some of those original family members are now staff, and multiple generations of their families have attended and worked at the school. This deep-rooted connection shapes the school’s identity as a place grounded in relationships, trust, and community pride.

As part of the Aspire Public Schools network, Aspire Monarch Academy is committed to ensuring that students from historically underserved communities have access to an excellent education. The school operates as a community hub, connecting students and families with academic programming as well as health, wellness, and social services.

All students at Aspire Monarch Academy belong to groups that have historically faced barriers to opportunity. This includes students who are socioeconomically disadvantaged, English Learners, students with disabilities, and those experiencing housing instability. In response, the school has developed a comprehensive system of supports designed to meet students where they are and help them thrive academically, socially, and emotionally.

The school maintains a strong focus on continuous growth, regularly evaluating its programs and practices to better serve students and families. Staff are committed to reducing barriers to access and ensuring that every student has the opportunity to succeed.

A large majority of students at Aspire Monarch Academy qualify for free or reduced-price meals, and the school prioritizes wraparound services that support the whole child. Students have access to daily meals, including breakfast, lunch, and after-school snacks. The school also helps connect families to essential services including vision and hearing screenings, as well as low-cost medical care resources.

Mental health and social-emotional well-being are central to the school's approach. All classrooms incorporate weekly social-emotional learning using research-based programs like RULER and Toolbox. Students can receive individual, and group counseling through on-site mental health professionals. In addition, staff intentionally build strong relationships with students, ensuring that each child has a trusted adult on campus.

Instruction at Aspire Monarch Academy is designed to meet diverse learning needs. Teachers provide targeted, small-group instruction and adapt lessons to support different learning styles. Classrooms emphasize hands-on learning, movement, and visual supports, while also integrating technology to keep students engaged. Teaching practices are culturally and linguistically responsive, honoring students' identities and lived experiences.

Students who need additional academic support receive intervention during the school day and through after-school programs, particularly in reading and math. Over time, these supports have contributed to steady academic growth among key student groups, including English Learners, students with disabilities, and newcomer students.

Outside of core academics, students at Aspire Monarch Academy engage in a range of enrichment experiences that support creativity, physical wellness, and personal interests. During the school day, all students participate in classes such as art, music, media, and physical education, providing opportunities for self-expression and skill-building beyond traditional academics.

After school, the program expands these opportunities by offering a variety of hands-on enrichment activities, including chess, sports, cooking, and design-based projects. These experiences allow students to explore new interests, build confidence, and collaborate with peers in meaningful ways. Throughout the year, students also participate in field trips that connect their learning to real-world settings, including visits to museums, science centers, and cultural institutions across the Bay Area.

Aspire Monarch Academy is deeply committed to creating an inclusive, welcoming environment where all students and families feel seen, valued, and supported. The school promotes a culture of high expectations, confidence, and college readiness, grounded in culturally responsive and trauma-informed practices. With a strong emphasis on relationships, students receive personalized attention and meaningful support.

Through its focus on community, equity, and whole-child development, Aspire Monarch Academy continues to empower students with the skills, confidence, and opportunities they need to succeed in school and beyond.

Equity Focus

Aspire is committed to providing equitable opportunities for our students, families, and teammates. We use an equity lens to examine our policies, practices, and systems at Aspire to strive for all groups to increase access and benefit from our work. This belief is woven throughout our core values.

We live in a society that provides some groups more or fewer opportunities based solely on factors they do not control. Aspire was founded to address the long-standing inequities in K-12 education. Every part of our vision to prepare and empower students to build a fulfilling and liberated future for themselves and their communities lives and breathes the mandate to address these inequities. As an organization, we continue to devote significant resources of time and energy to build our collective muscle in order to develop our equity lens to better identify, discuss, and address equity issues impacting our students, schools, and teammates. These equity belief statements provide unequivocal direction and guidance to our team as we go forth on our journey to define who we are and how we approach our work. Since the overwhelming majority of our students are Latina/o/x, when we say that we are using an equity lens to evaluate outcomes and actions we are typically referring to these particular populations.

Following is Aspire's equity commitments, as well as examples of how we strive to uphold each commitment:

Monarch's Commitment to Diversity, Belonging, and Anti-Racism

Monarch Academy is dedicated to cultivating a learning environment where every student feels valued, supported, and inspired to thrive. We believe students learn best when they feel safe, engaged, and challenged, and when their identities and experiences are honored. Our approach emphasizes student agency, encouraging scholars to take ownership of their learning and future goals. Through an equity-centered lens, we differentiate instruction to meet individual needs and deepen understanding, while uplifting diverse perspectives and experiences.

We are committed to partnering with families and the broader community to ensure that all voices are heard and respected. Monarch Academy strives to provide equitable access to high-quality, meaningful learning opportunities for every student, regardless of race or socioeconomic background. As part of this commitment, we actively work to dismantle systemic inequities, including practices that contribute to the "school-to-prison pipeline," and collaborate with partners who share our dedication to educational equity.

We acknowledge that the U.S. education system has been shaped by historical inequities, including the legacy of white supremacy. To truly support liberation and opportunity for all students, we must continuously reflect on and challenge systems of oppression. We believe that knowledge is a powerful tool, and education can transform the trajectory of our students' lives and future generations. This work requires ongoing effort, open dialogue, and collective responsibility. As a community, we are committed to engaging in conversations around race, ethnicity, gender identity, sexual orientation, and other aspects of identity, and to understanding how these factors impact our students, staff, and families. To further our commitment to anti-racism, Monarch Academy's leadership team participates in coaching with Lead Liberated. This partnership supports our growth across three key areas: personal leadership, collective practices, and organizational policies, helping ensure that our values are reflected in both mindset and action.

As part of this commitment, we recognize that cultural diversity strengthens our school community and enriches the learning experience. Monarch Academy actively works to build a diverse student body and staff and ensures families have access to information about our school through inclusive outreach efforts. We engage with local neighborhoods, organizations, and community spaces to share information and build meaningful connections.

At Monarch Academy, diversity goes beyond representation—it is about fostering a sense of belonging where all students can grow academically and personally. Exposure to diverse perspectives enhances critical thinking, creativity, and empathy, while helping students challenge assumptions and develop a

deeper understanding of the world. This inclusive environment supports stronger relationships, reduces bias, and prepares students to contribute positively to a diverse society.

We also recognize the diversity that exists within cultural and racial groups. Every student brings a unique background and story, and we celebrate those differences. Monarch Academy provides opportunities for students to connect through shared experiences and cultural learning, including our student leadership team that promotes identity development, community connection, and student voice. These opportunities create spaces for students to feel seen, build confidence, and share their voices.

Monarch Academy is committed to empowering students to achieve their goals by fostering a staff that reflects and understands the communities we serve. We prioritize hiring diverse, highly qualified educators and staff, including those who are bilingual, to better support our students and families. During the 2025-2026 school year, 27 of our 55 staff members are fluent in English and Spanish.

Additionally, Monarch Academy is intentional about increasing engagement and access for all students and families, particularly those from historically underserved communities. We prioritize inclusive practices within our school community by celebrating and highlighting diverse cultures each month through meaningful lessons, activities, and school-wide events. These experiences provide students with opportunities to learn about different identities, reflect on their own, and build a deeper sense of belonging. Through these ongoing efforts, we strive to ensure that every student and family feels welcomed, represented, and actively engaged in our school community.

In addition to these schoolwide efforts, we are taking targeted steps to strengthen engagement with specific communities. Monarch Academy is also committed to increasing enrollment and engagement within our African American community, which currently represents approximately 3% of our student population, including students who identify as African American or Multi-racial. We recognize the importance of building a school community that more fully reflects the diversity of the broader community we serve. To support this goal, we have taken intentional steps to connect with and learn from our Black families by hosting meetings that create space for dialogue, feedback, and relationship-building. In addition, Monarch Academy actively participates in community outreach efforts, including local events such as Oakland's annual Black Joy Parade, where we share information about our school, build connections, and invite new families to join our community. Through these efforts, we aim to foster a more inclusive and representative student body while ensuring African American students and families feel welcomed, valued, and supported at Monarch Academy.

What it Means to be an Educated Person in the 21st Century

At Aspire Monarch Academy, being an educated person in the 21st century means developing the knowledge, skills, and mindsets outlined in Aspire Bay Area's Portrait of a Graduate. An educated scholar is a critical thinker who can analyze information and challenge inequities; a self-determined individual with a strong sense of identity and purpose; a courageous communicator who can express ideas and advocate for self and others; and a compassionate collaborator who contributes to inclusive communities. Through instruction grounded in the Aspire Student Learning Framework, students engage in rigorous, standards-aligned content, take ownership of their learning, and demonstrate understanding

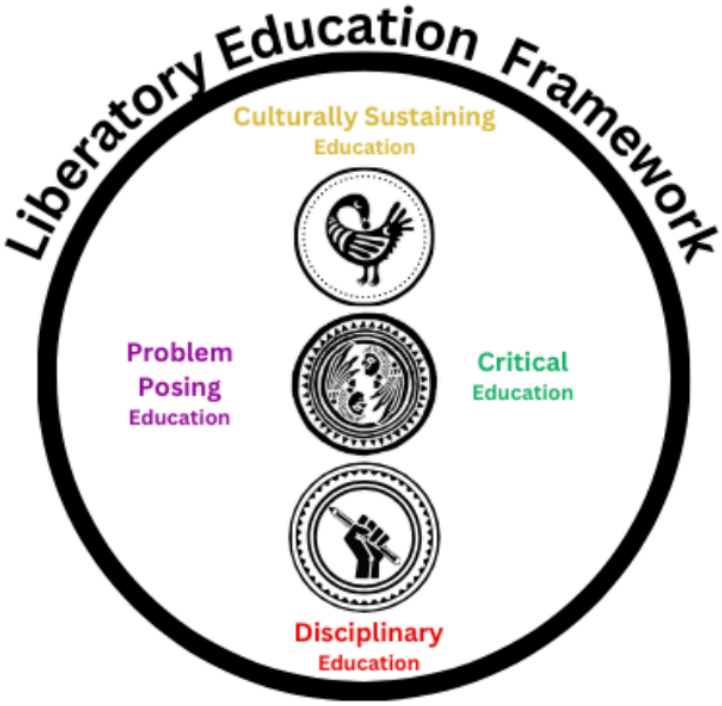
through multiple modalities. In a 1:1 technology environment, students use digital tools to research, create, collaborate, and communicate, preparing them to navigate and contribute to an increasingly complex and interconnected world. Collectively, these experiences ensure that students graduate as adaptable, resilient, and lifelong learners equipped to lead, learn, and thrive in the 21st century.

How Learning Best Occurs

Aspire Monarch Academy's climate and culture are engaging and inclusive, prioritizing psychological, physical, and emotional safety as our foundation. Our dynamic instructional design empowers students as active participants in their learning, preparing them for college and careers. Through culturally responsive and standards-aligned instruction, we promote deep understanding and high academic achievement for our students.

Our instructional program is designed to develop scholars who embody Aspire Bay Area's Portrait of a Graduate. Instruction builds students' capacity as critical thinkers, self-determined learners, courageous communicators, compassionate collaborators, inclusive community caretakers, and resilient lifelong learners. Through culturally responsive, standards-aligned learning experiences, students engage deeply with content, make meaning from multiple perspectives, and connect their learning to themselves, their communities, and the world around them.

Our curriculum is aligned to the California Common Core State Standards, Next Generation Science Standards, the History-Social Science Framework, English Language Development Standards, and other applicable state standards. Strong instruction at Aspire Monarch Academy is grounded in the Aspire Student Learning Framework: we cultivate a culture of learning in which students feel safe, affirmed, and engaged; we provide essential content that is rigorous, relevant, and culturally responsive; we build academic ownership by empowering students to do the thinking, collaborate, and use their voice; and we ensure students demonstrate learning in multiple ways. This approach supports both academic growth and the development of agency, identity, and critical consciousness.



At Aspire Monarch Academy, joy is an essential part of strong instruction and a thriving school community. In alignment with the Student Learning Framework, we create learning environments where students are affirmed, experience belonging, and engage in meaningful collaboration. Joy is cultivated through classroom rituals and routines, student discourse, community experiences, field trips, and opportunities for students to publicly share and celebrate their learning. By centering joy alongside rigor, identity, and voice, we foster an inclusive and hopeful environment where students and families are valued and scholars are supported to grow academically, socially, and emotionally.

Aspire Monarch Academy offers 180 days of instruction on a modified calendar with a shortened summer recess to mitigate learning loss. Each school day provides all students with access to rigorous, culturally responsive, interdisciplinary instruction, with dedicated time for both enrichment and intervention. Instruction is grounded in the Aspire Student Learning Framework, ensuring a strong culture of learning, access to essential content, opportunities for academic ownership, and multiple ways

for students to demonstrate their learning. See Appendix III for a sample calendar and Appendix IV for a bell schedule. TK classroom sizes and adult-to-student ratios adhere to Education Code Section 48000(g).

Liberatory Education Framework

During the next charter term, MON and Aspire Public Schools Bay Area will be engaged in specific instructional and school programming foci that align our schools to an Aspire Liberatory Education Framework. Below is a visual representation of the planned professional learning focus that all of our Aspire Bay Area teammates will engage in over the next five years. At its core is liberatory education which is guided by the principles and concepts of Sankofa, In Lak'ech, and Critical Literacy.

	**Sankofa:** The concept of "Sankofa" is derived from King Adinkera of the Akan people of West Africa. "Sankofa" is expressed in the Akan language as "se wo were fi na wosan kofa a yenki." Literally translated, this means "it is not taboo to go back and fetch what you forgot". "Sankofa" teaches us that we must go back to our roots in order to move forward. That is, we should reach back and gather the best of what our past has to teach us, so that we can achieve our full potential as we move forward. Whatever we have lost, forgotten, forgone, or been stripped of can be reclaimed, revived, preserved, and perpetuated. "In order to understand our present and ensure our future, we must know our past."

	-University of Illinois Springfield Black Student Union
	**In Lak'ech**: In Mayan tradition, there is a greeting that many people working with Mayan wisdom know of. It is the law of In Lak'ech, which means I am another yourself. It also means I am you, and you are me (A traditional Mayan interpretation). We have come to understand that this Mayan greeting is an honoring for each other. It is a statement of unity and oneness.
	**Critical Literacy**: At the heart of critical literacy is the development of our critical consciousness, which is our socio-political understanding of power, privilege, and oppression in our world as a tool to take transformative action against systemic inequalities.

Pedagogies, Practices, and Education Outcomes

The above principles and concepts (Sankofa, In Lak'ech, Critical Literacy) inform our focused co-pedagogies that our teammates will develop as practitioners. The pedagogies will inform our instructional and school practices which will then lead to educational outcomes for students.

Pedagogies	Practices	Education Outcomes
Community and Restorative Pedagogy	● Discussion, Debate, and Dialogical Discourse ● Restorative and Beloved Community Practice and Accountability ● Participatory Action Research	Problem Posing Education
Culturally Sustaining Pedagogy	● Graduate Profile Competency and Community Centric Practice ● Next Generation College, Career, and Community Pathway Pipelining	Culturally Sustaining Education

Disciplinary Pedagogy	● Professional Learning Communities and Nested Development Pipelines ● Authentic Assessment (i.e., Exhibitions, PBL, Standards Based Performance Tasks) ● Cycles of Inquiry and Multi-Tiered Systems of Support	Disciplinary Education
Critical Pedagogy	● Pro Black, Anti-Racist, Neurodivergent Inclusive Praxis ● Literacy and Liberation Practices ● Critical Inquiry and Cross Curricular Evidence-Based Writing	Critical Education

Aspire Monarch Academy's Liberatory Education Design Elements

Aspire Monarch Academy integrates evidence-based, innovative, and results-driven program elements designed to prepare and empower scholars to build liberated and fulfilling futures for themselves and their communities. The following key design elements define our approach:

1. *Culturally Responsive Pedagogy and Practice (Culturally Sustaining Pedagogy)*
2. *Learning Environment Supportive of Student Academic Ownership (Culturally Sustaining Pedagogy)*
3. *Data-driven Decision Making (Disciplinary Pedagogy)*
4. *Social Emotional Learning & Behavioral/Mental Health Programming (Community & Restorative Pedagogy; Critical Pedagogy)*
5. *Small School Community Supports (Community and Restorative Pedagogy)*

1. Culturally Responsive Pedagogy and Practice:

In the spirit of Dr. Gloria Ladson-Billings' seminal work, Aspire Monarch Academy embraces Culturally Relevant and Responsive Pedagogy to ensure equitable education for all students. This approach fosters students' understanding of multiple perspectives and identities by integrating their cultural backgrounds into teaching and learning.

Educators incorporate students' experiences when planning lessons, critically reviewing curriculum through a cultural lens. Aspire Monarch Academy educators focus on three core elements of Culturally Relevant Pedagogy:

1. Academic Success: Focusing on students' intellectual growth and the development of academic skills.
2. Cultural Competence: Helping students affirm and appreciate their own cultures while developing fluency in other cultures.
3. Critical Consciousness: Encouraging students to recognize and challenge societal inequalities.

Our instructional program incorporates the development of practices that exemplify culturally responsive pedagogy. Lessons are created with the culture of students in mind throughout the cycle of instruction from a social justice and interdisciplinary instructional lens. Based on educational research and best practices for the student population that Aspire serves, Aspire Monarch Academy builds and maintains a foundation rooted in cooperative learning structures, self-management skills, and consistent classroom routines—implementing strategies that emphasize communal goals and mutual support to enhance student engagement and academic success, while empowering students to take ownership of their academic journey. This ownership is cultivated daily through constructivist pedagogical approaches, such as dialogic learning, demonstrated through end-of-unit performance assessments.

Our instructional program integrates these principles using the **Aspire Student Learning Framework (ASLF)**—which is a coaching tool that outlines student instructional moves. Through coaching and data from the ASLF, teachers receive support to embed culturally responsive methods in their planning and instruction. Instructional goals are regularly set and reviewed using this framework.

- Pace of the lesson ensures that cognitively demanding, developmentally appropriate, standards-aligned objectives receive appropriate instructional time in order to promote student
- mastery.

Relevance (reflecting students' world)

- Develop and/or use a long-term, sequential plan that leads to mastery of the most important content for the grade or course and is centering issues of race, equity and power.
- The teacher makes the lesson accessible by including relevant and current media, phenomena, geographic and community reference points that are familiar and known by students.
- Teachers plan lessons that encourage all students to see, question, and interpret concepts from diverse perspectives.

Responsiveness (know students as individuals, make adjustments based on them)

- Teacher considers students' IEP goals, language development and other specific learning needs in developing learning goals and preparing lessons

2. Learning Environment Supportive of Student Academic Ownership:

Instruction at Aspire Monarch Academy engages students in the study of complex, real-world themes that promote deep conceptual understanding and align to rigorous academic standards. Learning is grounded in community and cultural inquiry, encouraging students to examine issues of opportunity, justice, and equity across content areas. This approach fosters critical thinking while helping students make meaningful connections between their learning and the world around them.

In partnership with families, students, and staff, Aspire Bay Area developed the Portrait of a Graduate to define the skills and competencies students will develop. These competencies—including critical thinking, self-determination, communication, collaboration, community engagement, and lifelong learning—guide both instructional design and student experiences.

Through these competencies, teachers design inquiry-based learning experiences that center student agency and engagement with meaningful content. Educators utilize cross-disciplinary scope and sequence documents and curricular crosswalks to identify and highlight connections across subject areas. While instruction is delivered within distinct disciplines, these intentional alignments support students in making connections across content areas and applying their knowledge in varied contexts.

Students are empowered to take ownership of their academic journey, grounded in the belief that students are active drivers of their learning. This ownership is cultivated through daily instructional practices aligned with the Aspire Student Learning Framework, including opportunities for students to engage in rigorous, standards-aligned cognitive tasks, use both academic and home languages to express ideas, and participate in structured academic discourse that values multiple perspectives and collaboration.

Teaching Methods	
Cognitive Depth and Inquiry	Our teachers support all students in cognitively demanding learning experiences through carefully designed open-ended questions aligned to Depth of Knowledge. Educators thoughtfully design and lead rigorous classroom discussions that foster critical thinking and advanced problem-solving skills. Within this academic framework, students are encouraged to engage in meaningful reflection on the relevance and application of their learning to real-world contexts and everyday experiences. These learning experiences culminate in End of Unit aligned performance assessments.
Explicit Instruction	Explicit instruction is an evidence-based form of teaching in which the teacher presents the lesson by stating the standards-aligned learning objective. The teacher then models an explicit skill and application using criteria for success, using thinking steps. Next, the teacher prompts guided practice and frequent checks for understanding. At the conclusion, students take the lead and individually demonstrate their new skills or content knowledge on a formative assessment that is collected and evaluated for mastery using a rubric or success criteria to uncover misconceptions and to inform future lesson targets.
Reading Comprehension Strategies	**Literature Circles** are structured group discussions of a book or other piece of literature, similar to a book club, but for young people. Literature Circles provide students with the opportunity to engage in critical thinking and reflection to strengthen reading comprehension. **Close Reading** supports access to complex texts through standards-aligned text-dependent questions that scaffold in difficulty to support students' full understanding of grade-level texts. Students engage in multiple reads of the text to support a deep understanding of complex texts.
Integrated and Designated English Learner Development	**Integrated and Designated English Learner Development strategies** such as Structured Student Talk, Interactive Reading & Note-Taking, Academic Writing Support, and Explicit Language Instruction provide access for all students to rigorous, standards-aligned instruction.

Teaching Methods	
Academic Discourse	**Academic Discourse** promotes the idea of dialogue, the language used, and a format that facilitates a high level of communication in the classroom. The discourse can range from peer-to-peer discussion to a whole-class discussion which provides daily opportunities for students to engage in protocols that support discussion to solidify their own understanding and to support the development of peer and collective understanding. Instructional protocols include Debates, Fishbowl, Final Word, Jigsaw, Socratic Seminar, Tea Party, Say Something, Think-Pair-Share, and Rank-Talk-Write. What is imperative is that students are able to process and interact with the academic vocabulary.
Building Academic Vocabulary	**Building Academic Vocabulary** provides regular, ongoing opportunities for scholars to strengthen tier 2 and tier 3 (content-specific) vocabulary. Protocols to support include Frayer Model, Semantic Webbing, Vocabulary Squares, and Contextual Redefinition. Academic vocabulary knowledge prepares students to take on grade-level content and succeed in school and beyond.
Universal Design for Learning (UDL) and Flexible Grouping	Aspire Monarch Academy designs instruction using **Universal Design for Learning (UDL)** principles to proactively remove barriers and ensure all students can access rigorous, grade-level learning. Teachers provide multiple means of engagement, representation, and action and expression while maintaining high expectations for all learners. **Flexible grouping** is one instructional strategy used to differentiate support within Tier 1 instruction. Based on ongoing formative assessment and student data, teachers group and regroup students to provide targeted instruction, additional practice, enrichment, or language supports as needed. Teachers collaborate with interventionists, multilingual learner specialists, special education staff, and instructional aides to ensure students receive appropriate supports while remaining engaged in core classroom instruction. When additional intervention is needed, supports are coordinated within the school's Multi-Tiered System of Supports (MTSS).

To effectively implement our instructional practices, Aspire Monarch Academy prioritizes ongoing professional development and coaching through the use of the ASLF. After each classroom observation, teachers and coaches collaboratively identify a relevant teacher skill to guide the next coaching cycle. These targeted skills are selected based on formative and observational data and are aligned with strategies to accelerate student learning.

3. Data-driven Decision Making:

Aspire Monarch Academy uses a systematic, evidence-based approach to data-driven instruction by **c**ollecting, analyzing, and responding to diverse student data. This ensures our teaching practices are responsive, equitable, and effective across both early and late elementary classrooms.

A key mechanism in our data-informed culture is the Plan-Do-Study-Act (PDSA) cycle, which drives continuous improvement:

- **Plan**: Identify targeted Common Core and Next Generation Science Standards based on scope and sequence and initial diagnostic data.
- **Do**: Implement instructional strategies while actively monitoring student progress.
- **Study**: Analyze data to assess the impact of instruction on student outcomes.
- **Act**: Adjust and refine strategies based on analysis to improve future instruction.

This cycle is reinforced through formative assessments, progress monitoring, and data chats, which provide timely, actionable insights into student learning. Educators use this real-time feedback to adjust instruction, ensuring a high level of responsiveness to student needs.

Data-driven decision-making is further supported by our Multi-Tiered System of Supports (MTSS). Within this system, we employ a range of assessments—including universal screeners, diagnostic tools, and summative measures—to identify students for targeted support, inform instruction, and promote a culture of continuous learning and improvement.

Types of Assessments		
Universal Screeners	**Diagnostic Assessments**	**Summative Assessments**
Universal screeners are used to: ● Provide data to measure the effectiveness of core instruction to allow teams to consider adjustments across Tier 1 ● Identify students who may benefit from Tier 2 and Tier 3 support ***Aspirewide required:*** ● *i-Ready, initial ELPAC, mClass* ● *Currently, we do not have an Aspire-wide universal screener*	Diagnostics are used to: ● Measure skill strengths and weaknesses, identify skills in need of improvement, and assist in determining why a problem is occurring ***Aspirewide required:*** ● *Phonological awareness & Phonics diagnostics (as needed)*	Summative assessments will be used to: ● Benchmark student performance relative to what students need to be successful on the content standards assessed ● Provide teachers, schools, and the region with ongoing data to assess whether we are on track to meet goals ***Aspirewide required:*** ● *SBAC/CAA*

4. Social Emotional Learning and Behavioral & Mental Health Programming:

Social Emotional Learning

Aspire Monarch Academy is committed to supporting our students' social and emotional development to be caring and productive citizens. We engage in culturally responsive and equitable practices in our communities of students, families, and teammates to cultivate the following lifelong skills in each scholar and educator:

- Develop self-awareness and a positive sense of identity
- Strengthen self-management through effective regulation of emotions and behaviors
- Demonstrate social awareness, including empathy and compassion for others
- Build and maintain positive, healthy relationships
- Make responsible and ethical decisions
- Set and achieve meaningful personal and academic goals

SEL competencies and themes are integrated throughout the school day and explicitly taught.

Mental Health Programming

Mental wellness is essential to the healthy development of our scholars in academic and social contexts. All stakeholders, inclusive of families and staff, embrace a strengths-based perspective to realize the potential of scholars to learn and improve their overall well-being. With this understanding, the mental health program provides differentiated, trauma-informed, and culturally humble and responsive mental health services such that scholars and families are successful at Aspire Monarch Academy and beyond. Our program provides scholars with school-based, social-emotional counseling that is available through

our school Mental Health Department, staffed with BBS registered and licensed therapists. School based Mental Health Therapists work with scholars focusing on issues that are present during the school day, specifically working to ameliorate presenting problems' impact on a student's educational achievement. Mental health services are available throughout the day.

5. Small School Community Supports:
The Aspire Monarch Academy community is small, in both overall enrollment and average class size. This allows faculty to foster deep relationships with the student body. Our instructors can implement programming and practices that provide personalized attention to students, built upon awareness of student academic and non-academic needs and interests.

Students are more likely to succeed in small school environments, where teachers, principal and staff have fostered a familiar relationship and one in which all stakeholders feel a part of the community. At Aspire Monarch Academy, one of our key aims is for each student to be known, seen, and valued by our faculty.

In practice, our teachers greet their scholars during threshold (i.e., a door greeting relationship-building strategy) and create time and space to individually check in as needed, which could be during morning meetings, lunch, recess, or during small group time.

Teachers provide targeted instruction; learning specialists provide tailored support to our students with IEPs. The Education Specialist collaborates with classroom teachers to ensure that the curriculum and lesson delivery are accessible for students with IEPs. Their intentional collaboration is essential to the success of student learning. All instructors help students manage their work and goals independently.

The expanded learning program at Aspire Monarch Academy offers students in grades TK-5th an opportunity to participate in a variety of extracurricular activities. During school breaks, the program offers students an additional 30 days to participate in programs that support their academics and expose them to various enrichment opportunities such as STEM Club, Guitar Club, Cooking Club, Art Club, Basketball, Soccer, Volleyball, and Chess.

Our Commitment to a Liberatory Learning Environment

Aspire Monarch Academy's instructional model is rooted in culturally responsive practices guided by the Aspire Student Learning Framework (ASLF). Our approach ensures that every student, including Multilingual Learners and Standard/Mainstream English Learners, has access to rigorous, relevant academic experiences.

We are committed to creating learning conditions that enable every scholar to reach their full potential. Our classrooms promote safety, structure, and engagement with high expectations for all. Our teachers emphasize restorative justice principles and normalize mistakes as part of the learning process to cultivate a supportive and safe learning atmosphere. Recognizing the inequities that exist in broader

society, we actively work to disrupt those systems and create transformative, empowering experiences for our students.

Curriculum

Aspire Monarch Academy uses standards-aligned, adopted curricula alongside culturally responsive instructional materials to provide equitable access to foundational academic skills, higher-order thinking, and life skills. Teachers leverage cross-disciplinary curricular crosswalks and scope and sequence documents to highlight connections across content areas, supporting students in making meaningful links between disciplines.

Subject	Curriculum Description
English Language Arts and English Learner Development:	Aspire Monarch Academy's instructional program incorporates strategies that engage students in complex, real-world themes and promote deep conceptual understanding through community and cultural inquiry. Instruction is intentionally designed to reflect and affirm students' cultural identities and experiences, integrating a social justice lens throughout the instructional cycle. Aspire Monarch Academy's English Language Arts and English Learner Development curriculum is designed to support the examination and analysis of grade-level, complex texts through demonstration of critical reading, analysis, and listening and speaking skills in order to comprehend, interpret, evaluate, and discuss ideas. Throughout the curriculum, students engage in academic writing such as narrative, expository, and argument forms that range from various modes of expression appropriate to the audience and purpose. Students will be exposed to instructional strategies, such as academic discourse discussion protocols, in order to support them in formulating and communicating ideas clearly and effectively. Additionally, Multi-Language Learner ("MLL") supports, such as vocabulary and sentence frames for writing and academic discourse, are integrated throughout instruction. Aspire Monarch Academy uses Wit & Wisdom for grades K-5. Wit & Wisdom is an instructional K-8 ELA curriculum that is based on the Science of Reading and allows students to dive deep into topics and authentic core texts to build knowledge of the world around them. Through lively classroom discourse, content-rich texts, and detailed writing prompts, students build a deeper understanding of history, science, and geography while developing the critical thinking skills that will benefit them for a lifetime. EL Achieve is a comprehensive English Language Development Program that is focused on

	student-centered instruction, which supports content-area success by strengthening language abilities and teaching the language that native-English speakers already bring to their schooling. It follows a scope and sequence of language skills, with a focus on the high-leverage, portable vocabulary and sentence structures of the proficiency level.
Social Science:	Aspire Monarch Academy's history and social studies instructional program is interwoven with the English Language Arts curriculum, lending itself to interdisciplinary instruction. Teachers build upon their history / social studies content in order to support and enhance the learning happening in other subject courses. Students apply historical, political, philosophical, geographical, economic, and sociological knowledge to local and global situations in order to comprehend contexts and events, predict and evaluate the outcomes of human actions, and act responsibly as world citizens. Students learn to apply chronological, thematic, and integrative thinking, develop and test hypotheses about cause and effect, gather evidence to support conclusions, conduct in-depth and relevant research, critically examine sources, and synthesize ideas. Materials at the elementary level include primary sources, historical literature, and a variety of non-fiction texts as recommended by the Common Core State Standards.
Mathematics:	Aspire Monarch Academy's math curriculum is designed to focus students on the major work of each grade to develop a deep understanding of standards that are connected to key topics and concepts as they are built over time. Delivery of instruction is focused on utilizing a balanced approach that attends to the three aspects of rigor (conceptual understanding, procedural fluency, and skills and application) with equal intensity, enabling students to develop a strong conceptual foundation, the appropriate mathematical fluencies, and critical problem-solving skills. Students will learn to apply mathematical concepts and processes. Students' ability to deeply understand concepts through problem-based questions is highly emphasized and assessed through everyday teaching and learning. This includes the students' ability to learn and apply Standards of Mathematical Practices. Students will be exposed to instructional strategies like the Three Reads Protocol and Academic Discourse discussion protocols in order to elicit student thinking. Students demonstrate facility with the language of mathematics and express generalizations discovered through investigation. Students are expected to develop fluency in symbolic reasoning and in constructing logical arguments. Students are exposed to a variety of problems and mathematical situations that require them to use strategies flexibly to reason, both abstractly and quantitatively, identify appropriate tools, develop models, and leverage their conceptual foundation to solve complex tasks and problems. Grades TK-5 use Eureka Squared Math. Eureka Math Squared is a comprehensive TK-8 curriculum that sequences math concepts from basic to advanced. It is known for its

	coherence and rigor, structured to help students build a strong foundation in mathematics, and focuses on a deeper understanding of mathematical concepts.
Science:	Aspire Monarch Academy's science curriculum allows students to demonstrate understanding of scientific concepts and ideas through real-world applications. Students utilize scientific research and inquiry methods to conduct investigations and solve problems. They apply conceptual knowledge and processes from the Disciplinary Core Ideas ("DCIs"): Life Science, Physical Science, Earth and Space Science, and Engineering, in order to further the study of science and relate the study of science to other disciplines. This includes the students ability to learn and apply the Science and Engineering Practices ("SEPs") and Cross-Cutting Concepts ("CCCs"). Grades K-5 use Amplify Science. Amplify Science is a Next Generation Science Standards aligned curriculum that utilizes a hands-on investigative approach along with the use of print resources and digital modeling tools and simulations. Amplify Science is organized around units where students encounter compelling phenomena and real world problems, develop and strengthen claims by collecting evidence and testing assumptions, and apply their learning in new contexts. The units provided by the curriculum are the base for interdisciplinary instruction. The units per grade level cover the following topics: ● Kinder: Needs of Plants and Animals, Pushes and Pulls, Sunlight and Weather. ● First Grade: Animal and Plant Defenses, Light and Sound, Spinning Earth. ● Second Grade: Plant and Animal Relationships, Properties of Materials, Changing Landforms. ● Third Grade: Balancing Forces, Inheritance and Traits, Environments and Survival, Weather and Climate. ● Fourth Grade: Energy Conversions, Vision and Light, Earth's Features, Waves, Energy and Information. ● Fifth Grade: Patterns in the Sky, Modeling Matter, The Earth System, and Ecosystem Restoration.
Social Emotional Learning (SEL)	Social Emotional Learning competencies are explicitly taught during morning meeting and SEL lesson blocks. RULER is the curriculum that we use to support building students' capacities in the CASEL SEL competencies of self awareness, self management, social awareness, relationship building and responsible decision making. In this curriculum there are a specific set of tools that are designed to build students' emotional intelligence: ● **The Classroom Charter:** Students participate in the development of a written community agreement, known as the Charter, that allows for the inclusive and equitable safety of all members conducive to learning effectively. In the Charter,

	students collectively share how they want to feel at school, the actions they can take that might produce these feelings, and the actions they commit to taking if someone is not supporting these feelings. ● **The Mood Meter:** The Mood Meter is a two-axis grid used to show students' levels of pleasantness/unpleasantness against high/low energy. Instructors teach students to identify how they feel using the grid and its two conditions. Students also learn and practice expressing vocabulary associated with these feelings, as well as try out regulation strategies to proactive, responsive actions they can take to alter their moods and actions. ● **The Meta-Moment**: This tool is a process for responding to emotional situations that could cause reactive emotions. This practice is used as a self reflection moment, where students visualize being their best self and strive to implement strategies to align who they are with that vision. ● **The Blueprint**: As a conflict management tool, the Blueprint helps students practice engaging in empathy by teaching students to consider others' perspectives and respond to a situation in consideration of how others are feeling. Faculty dedicate the first part of the school year unpacking these tools and familiarizing students with them. Students then use these tools the rest of the year and track their behaviors, feelings, and progress with their Advisor and through journaling.
Physical Education (PE):	Aspire Monarch Academy's Physical Education program is designed to help students develop cardiovascular fitness and participate in movement activities that contribute to balance, coordination, and agility. The PE program also promotes physical and emotional health through activities and instruction focused on building muscles, nutrition, and mental alertness, as well as opportunities for teamwork, cooperation, and creativity through physical activity. Students are introduced to dance, basketball, handball, soccer, running, yoga, cardio-vascular exercises, playground games, and some net games.

<u>Interventions and Enrichment</u>

Interventions

Monarch Academy's academic program acknowledges the diversity in student learning by leveraging comprehensive data to inform instruction. The school aims to provide systematic and proactive support to all students by using the Multi-Tiered System of Supports framework, which allows us to center those who demonstrate academic, social-emotional, or behavioral challenges. Student support and progress is monitored regularly to assess next steps. The MTSS framework is composed of three tiers of support:

- Universal Supports (Tier 1) encompass high-quality classroom instruction, where educators employ differentiated teaching methods to cater to the varied strengths and needs of students.

This level involves general classroom adjustments, such as individualized support, small group sessions, and customized learning experiences.

- Targeted Supports (Tier 2) introduces an additional layer of interventions within or outside the regular classroom setting, delivered intentionally to meet specific instructional gaps based on data driven decisions. These interventions are often facilitated by classroom teachers with collaboration by specialized educators, administrators, or instructional aides.
- Intensive Supports (Tier 3) increases comprehensive instructional support for students through more frequent and more individualized intervention programs, often in addition to other layers of support. This intensive level of need is often met through one-on-one or small group support to address diverse student needs.

Monarch Academy prioritizes professional development in MTSS strategies, with a focus on meeting the unique needs of English Learners and students from marginalized communities. The process through the tiers is dynamic and responsive, ensuring timely and effective support for every student. Examples of support strategies may include the following:

Tier 1	Tier 2	Tier 3
● Additional instructional time ● Differentiated instruction ● Various options to demonstrate mastery ● Flexible groupings ● Additional exposure to the information and language being presented in the lesson ● Progress reports to parents/guardians ● Instructional Aide support ● Focus on accelerating student progress and meeting student needs ● Opportunities for breaks as needed ● Social and emotional learning ● Positive Behavioral Interventions and Supports (“PBIS”)	● Group and individual counseling ● Parent meetings ● One-on-one instruction by teachers, paraprofessionals or a Special Education Resource Teacher (for students with IEPs) ● One-on-one check ins with a culture team member and/or mentor ● Peer tutoring ● Additional focused assignments targeting areas of need ● Behavior contracts ● Alternatives to suspensions	● Daily interventions in addition to Tier 1 and Tier 2 supports (push-in and pull-out support with counselors, more time with instructional assistants to help students develop study skills and appropriate behaviors, after-school group tutoring) ● A higher level of strategic collaboration and coordination among the team (general and specialized) providing services to each student

Student Support Team

When interventions are not yielding the desired outcomes, the educational team engages in the Student Support Team ("SST") process to evaluate and plan further steps to support, ensuring a comprehensive and student-centered approach. The SST includes the student's teacher(s), an administrator, additional relevant staff such as a counselor, Interventionist, special education teacher, the parent(s), and the student (if appropriate). Any teacher or parent can request an SST review of a student's needs for additional support and intervention.

An administrator or designated staff member, such as the Reading Interventionist, is responsible for scheduling the SST meeting at a time when all required participants are available and for sending formal notification. The facilitator prepares all necessary materials for the meeting, including the sign-in sheet, agenda, meeting notes, and any relevant referral documents and evidence. During the meeting, the facilitator ensures that all participants are engaged in the discussion. The SST team collaboratively identifies and documents concerns, and develops a targeted plan to address the student's specific needs. The agreed-upon plan is documented, and a follow-up meeting is scheduled approximately 6–8 weeks after the initial SST meeting. Following the meeting, team members assigned specific roles are responsible for collecting data and providing ongoing input on the effectiveness of the interventions.

At the subsequent SST meeting, the team reviews progress and determines next steps. If the team notes progress, they acknowledge the accomplishment with the family and decide which set of supports will remain in the plan, which components warrant reconsideration, or whether the SST process should continue. If the team notes no progress or decides to revisit the plan, they review the plan to consider continuing and/or modifying interventions.

As needed, the team updates student records with SST documentation and schedules another 6-8 week follow-up meeting. Interventions continue until students are meeting their stated goals or referral for assessment is recommended. Referral for special education eligibility may occur after reasonable and consistent interventions have been implemented and determined to be unsuccessful.

Enrichment

At Aspire Monarch Academy, the enrichment offerings significantly enhance the educational experience, providing students with a diverse array of clubs and sports that cater to a wide range of interests and abilities. These extracurricular activities play a crucial role in promoting personal growth, leadership skills, and community engagement among students. By participating in these programs, students not only explore their passions and develop new skills but also learn the value of teamwork and perseverance, which are essential for both academic and personal success.

We are committed to providing a well-rounded educational experience through our daily integrals, which support students' physical, creative, and technological development. All students participate in Physical Education (PE), where they engage in activities that promote fitness, teamwork, and healthy habits.

Students also attend Media, our technology class, where they build essential computer skills and develop digital fluency to support their academic learning and prepare them for an increasingly digital world. In addition, Monarch Academy offers Art and Music, where students engage in meaningful, hands-on creative experiences. In Art, students explore various mediums and express their ideas through thoughtfully designed projects. In Music, students have opportunities to learn and play a variety of instruments, including xylophone, drums, guitar, and ukulele, while developing an appreciation for rhythm, collaboration, and performance. Together, these integrals enrich the student experience and support the development of the whole child.

Our After School Program at Monarch serves as a vibrant extension of the school day, intentionally designed to enrich, inspire, and empower every scholar. Through our Expanded Learning Program (ELP), students engage in a wide range of high-quality enrichment opportunities that elevate both academic and personal growth. Scholars participate in LIFT Culinary Arts, Music, chess, and dynamic STEM science experiences, alongside hands-on arts and crafts that spark creativity, imagination, and self-expression. Students also have access to on-site coding and robotics, building essential 21st-century skills in creativity, collaboration, and problem-solving. In addition, scholars benefit from meaningful field trip experiences that extend learning beyond the classroom and connect them to the world around them. What sets Monarch apart is our commitment to equity and access—these enriching arts, science, technology, and engineering opportunities are available to all students, creating a joyful, engaging environment where every child can explore their passions, discover new talents, and thrive.

Monarch Academy offers opportunities for student voice and connection through Student Council and monthly friendship group meetings. Student Council serves as a key representation of the student body and provides a consistent avenue for gathering student perspectives on school culture, climate, and overall experience. Members share feedback with school leadership regarding student ideas, concerns, and suggestions, and help plan and lead schoolwide spirit-building activities that promote a positive and inclusive environment.

In addition, Monarch Academy facilitates monthly friendship group meetings designed to support students in building social skills, strengthening relationships, and fostering a sense of belonging. These groups provide a structured space for students to connect with peers, practice communication and collaboration skills, and develop positive interactions within the school community.

Together, these opportunities help elevate student voice, strengthen school culture, and support the social-emotional growth of all students.

Technology as a Tool

At Monarch Academy, technology plays an integral role in supporting instruction, collaboration, and student learning. Students have access to Chromebooks, which they use for research, communication, and practicing essential academic skills. Classrooms are also equipped with tools such as projectors and document cameras to enhance presentations and demonstrations. Through digital applications and

computer-based math activities, students are encouraged to think critically and apply their knowledge by developing models and solving complex problems.

To further strengthen instruction, Monarch Academy incorporates a variety of online learning platforms that complement teacher-led lessons and provide additional opportunities for students to engage with content both at school and at home. One of the primary tools used is i-Ready, an adaptive program that personalizes learning based on each student's skill level. This platform supports differentiated instruction by adjusting content to meet students where they are, helping to increase engagement and promote academic growth.

In addition to instruction, i-Ready serves as an important assessment resource. Teachers regularly review student progress data to guide lesson planning, adjust instruction, and form targeted small groups for both enrichment and intervention. The assessment component is administered three times annually—in August, December, and May—allowing staff to track growth over time and make data-informed decisions about student support.

Monarch Academy also utilizes Lexia Learning to strengthen literacy development. This program provides structured practice in key reading areas such as phonemic awareness, phonics, fluency, vocabulary, and comprehension. It aligns with the school's focus on the Science of Reading and complements SIPPS instruction. SIPPS (Systematic Instruction in Phonological Awareness, Phonics, and Sight Words) is a research-based intervention designed to build foundational reading skills, particularly for students who need additional support. In mathematics, the school uses the ExploreLearning program Reflex. Reflex helps students develop fluency with basic math facts and build number sense.

Teachers at Monarch Academy also rely on technology to enhance instruction and maintain strong communication with families. Many lessons are created using Google Workspace tools, especially Google Slides, to provide visual and interactive learning experiences. Teachers may share additional instructional videos through YouTube or create their own recordings for students and families to revisit as needed. Communication platforms, such as PowerSchool Messenger, are used to ensure that families stay informed and connected to their child's learning.

Early Literacy Assessment and Family Communication

Monarch Academy administers the DIBELS (mCLASS) assessment to all students in Kindergarten through 2nd grade three times each year (August, December, and May) to monitor early reading development. After the beginning-of-year assessment, families of 1st and 2nd grade students who are performing well below grade-level expectations are contacted and provided with information about their child's results, along with details about the targeted supports and interventions that will be implemented. Following the middle-of-year assessment, this same level of communication is extended to families of Kindergarten students who are identified as significantly below benchmark, ensuring they are informed of both performance and the instructional supports in place.

Plan for English Learners

ASPIRE Monarch Academy will meet all applicable legal requirements for English Learners, including long-term English Learners or English Learners at risk of becoming long-term English Learners, as they pertain to annual notification to parents, student identification, placement, program options, EL and core content instruction, teacher qualifications and training, reclassification to fluent English proficient status, monitoring and evaluating program effectiveness, progress monitoring English Learners towards reclassification, progress monitoring students who have been reclassified in the previous 4 years, and standardized testing requirements. ASPIRE Monarch Academy will implement policies to assure proper placement, evaluation, and communication regarding ELs and the rights of students and parents. Aspire's EL Master plan can be found in Appendix V.

Home Language Survey

ASPIRE Monarch Academy will administer the home language survey upon a student's initial enrollment in a California public school (on enrollment forms).

English Language Proficiency Assessment

All students who indicate that their home language is other than English on any of the four home language survey questions, will have their records checked against CALPADS, and if no previous record exists, they will be tested with the ELPAC. The Initial ELPAC has four proficiency levels (Level 4: well developed; Level 3: moderately developed; Level 2: somewhat developed; and Level 1: minimally developed) and is aligned with the 2012 California ELD Standards.

The ELPAC consists of two separate assessments:

- Initial Assessment ("IA")

  The ELPAC IA is used to identify students as either an English Learner, or as fluent in English. The IA is administered only once during a student's time in the California public school system based upon the results of the home language survey. The locally scored IA will be the official score. The IA is given to students in grades K–12 whose primary language is not English to determine their English proficiency status.

- Summative Assessment ("SA")

  ELs will take the SA every year until they are reclassified as fluent English proficient. The ELPAC SA is only given to students who have previously been identified as an EL based upon the IA results, in order to measure how well they are progressing with English development in each of the four domains. The results are used as one of four criteria to determine if the student is ready

to be reclassified as fluent English proficient, to help inform proper educational placement, and to report progress for accountability.

Both the ELPAC SA and IA are assessments administered in seven grade spans—K, 1, 2, 3–5, 6–8, 9–10, and 11–12. In kindergarten and grade 1, all domains are administered individually. In grades 2–12, the test is administered in groups, exclusive of speaking, which is administered individually. The ELPAC IA and SA will be administered via a computer-based platform, while the ELPAC Writing Domain for Kindergarten through 2nd grade will continue to be administered as a paper-pencil test.

Testing times will vary depending upon the grade level, domain, and individual student. Both the ELPAC IA and SA are given in two separate testing windows through the school year.

The IA testing window will be year-round (July 1–June 30). Any student whose primary language is other than English as determined by the home language survey and who has not previously been identified as an English Learner by a California public school or for whom there is no record of results from an administration of an English language proficiency test, shall be assessed for English language proficiency within 30 calendar days after the date of first enrollment in a California public school, or within 60 calendar days before the date of first enrollment, but not before July 1 of that school year.

The SA testing window will be a four-month window after January 1 (February 1–May 31). The English language proficiency of all currently enrolled English Learners shall be assessed by administering the test during the annual assessment window.

ASPIRE Monarch Academy will notify all parents of its responsibility for ELPAC testing and of ELPAC results within thirty days of receiving results from publisher. The ELPAC shall be used to fulfill the requirements under the ESEA for annual English proficiency testing.

Reclassification Procedures

Reclassification procedures utilize multiple criteria in determining whether to classify a pupil as proficient in English including, but not limited to, all of the following:

- Assessment of language proficiency using an objective assessment instrument including, but not limited to, the ELPAC.
- Participation of the pupil's classroom teachers and any other certificated staff with direct responsibility for teaching or placement decisions of the pupil to evaluate the pupil's curriculum mastery.
- Parental opinion and consultation, achieved through notice to parents or guardians of the language reclassification and placement including a description of the reclassification process and the parents' opportunity to participate, and encouragement of the participation of parents or guardians in the reclassification procedure including seeking their opinion and consultation during the reclassification process.

- Comparison of the pupil's performance in basic skills against an empirically established range of performance in basic skills based upon the performance of English proficient pupils of the same age that demonstrate to others that the pupil is sufficiently proficient in English to participate effectively in a curriculum designed for pupils of the same age whose native language is English.

Students who have met the criteria to be reclassified from English Learner to Fluent English Proficient will be monitored for four years. Documentation will be completed by classroom teachers and filed in the students' cumulative folders.

Strategies for English Learner Instruction and Intervention

Aspire Public Schools offers two programs by default:

- Structured English Immersion ("SEI")
- English Language Mainstream ("ELM")

The SEI Program is a language acquisition program for EL students in which nearly all classroom instruction is provided in English, but with curriculum and a presentation designed for students who are learning English. At minimum, students are offered designated ELD and provided access to grade level academic subject matter content with integrated ELD. The integration of English Learners with their non-English Learner peers through an SEI model improves access and equity for all our students to grade level curriculum, instruction, and assessment. It also emphasizes for our teachers the importance of utilizing the ELA/ELD Framework.[15]

Integrated ELD is regular class time where teachers with ELs in their classrooms use the 2012 **ELD** Standards in tandem with the focal standards—Common Core State Standards for ELA/Literacy and mathematics, or CA Next Generation Science Standards for Science.

Designated ELD is a protected time during the regular school day when teachers use the 2012 **ELD** Standards as the focal standards. This allows students to develop critical English language skills, knowledge, and abilities needed for content learning in English.
English Language Mainstream is the program for English Only ("EO"), Initial Fluent English Proficient ("IFEP"), and Reclassified Fluent English Proficient ("RFEP") students. Families of English Learners may request a placement in only ELM using the English Learner Services Waiver.

At minimum, students at all ELD levels are placed into designated ELD courses. These Designated ELD courses correspond to students' EL proficiency levels (Emerging, Bridging, Expanding) and grade level. Curriculum and lessons are based on the ELD standards, and include opportunities to speak informally while also using academic language.

15 *"ELD Framework (2014), Chapter 2, Figure 2. California Department of Education."*

To better access the core curriculum, all ELs receive Integrated ELD, which is taught by credentialed staff with EL authorization. Language objectives, vocabulary supports and formal and informal language practice engages English learners with their non-EL peers through collaboration, interpretation and production of the English Language.

As outlined by the State, key components of Integrated ELD include:

- Effective instructional experiences for ELs throughout the day and across disciplines,
- Are interactive and engaging, meaningful and relevant and intellectually rich and challenging,
- Are appropriately scaffolded in order to provide strategic support that moves learners toward independence,
- Builds both content knowledge and English value and builds on primary language and culture and other forms of prior knowledge.

Monitoring and Evaluation of Program Effectiveness

ASPIRE Monarch Academy shall evaluate the effectiveness of its education program for ELs by:

- Adhering to academic benchmarks by language proficiency level and years in program to determine annual progress towards reclassification.
- Monitoring teacher qualifications and the use of appropriate instructional strategies based on program design.
- Monitoring student identification and placement.
- Monitoring parental program choice options.
- Monitoring availability of adequate resources.
- Keeping documented record of the annual evaluation and next steps

Support for All Students

At Monarch Academy, we are committed to accelerating learning for students who need additional support through a cohesive and responsive system of instruction. Our approach combines a Multi-Tiered System of Supports (MTSS), ongoing instructional coaching cycles, and alignment with a rigorous, student-centered learning framework.

MTSS enables us to identify student needs early and provide targeted, data-driven interventions at increasing levels of intensity. This structure ensures that each student receives the right support at the right time. Complementing this, our instructional coaching cycles promote continuous reflection and refinement of teaching practices, allowing educators to adjust strategies based on student progress.

Together, these systems create a dynamic and evolving model of support that prioritizes culturally responsive instruction, high expectations, and equitable outcomes for all students at Monarch Academy.

Youth Supports for Foster and Homeless Students

In alignment with the McKinney-Vento Homeless Assistance Act, Monarch Academy ensures that foster youth and students experiencing homelessness receive the services and protections necessary to fully access their education. Eligible students are guaranteed immediate enrollment and equal access to educational opportunities, free from barriers related to housing instability.

Our Administrative Designee serves as a liaison, coordinating identification, enrollment, and access to resources. Monarch Academy also allocates dedicated funds to support these students, which may be used for essential needs such as transportation, school supplies, clothing, tutoring, and other approved services.

The site liaison receives ongoing training and guidance to ensure compliance with all legal requirements and to provide responsive, informed support to students and families.

Students Performing Below Grade Level

Monarch Academy maintains high expectations for every student and is deeply committed to supporting those who are not yet meeting grade-level standards. Students identified through universal screening assessments as needing additional support receive targeted interventions tailored to their specific needs.

These supports may include differentiated instruction within the classroom, small-group guided learning, additional academic support after school, or participation in specialized intervention classes led by trained educators. Instructional resources are grounded in research-based practices and may include both teacher-designed materials and established intervention programs.

During the school day, students with foundational literacy needs receive explicit, systematic instruction to strengthen core reading skills. Beyond the school day, expanded learning opportunities provide consistent, individualized tutoring in reading and mathematics.

Students from Socioeconomically Disadvantaged Backgrounds

Monarch Academy is intentionally designed to serve students from historically underserved communities, including those from low-income backgrounds. Our academic program prioritizes equitable access to rigorous instruction and prepares all students for success in college and career pathways.

We foster a close-knit school environment where small class sizes and strong relationships allow educators to understand and respond to each student's unique strengths and needs. Students who qualify for Free and Reduced-Price Meals are identified annually, ensuring that appropriate supports and resources are consistently provided.

Students Performing Above Grade Level

Monarch Academy is equally committed to challenging and extending learning for students who exceed grade-level expectations. Our instructional approach emphasizes differentiation, allowing advanced learners to engage with more complex content and higher-level thinking tasks.

Students may access accelerated coursework, including opportunities for grade-level advancement when appropriate, or engage in enriched learning through personalized digital platforms. Teachers design lessons with multiple entry points, incorporating higher-order questioning, advanced assignments, and independent learning opportunities.

High-performing students regularly participate in collaborative discussions such as Socratic seminars and literature circles, strengthening their analytical thinking and communication skills. Additionally, they have access to extended curriculum resources that allow them to explore content beyond their current grade level, ensuring continuous growth and intellectual challenge.

Grading

Grading Vision

Our Aspire core value, agency and self-determination, states that each person has unique dreams. At Aspire, we set a foundation for our scholars to gain knowledge, skills, and power to access and make choices for themselves and their families. Our grading policy and practices strive to embody these tenets in alignment with our values, mission, and vision. Aspire has set forth the guiding principles for grading below, adapted from Grading for Equity (Feldman, 2019):

- Grades should be accurate: Grade calculations should be mathematically accurate and sound, easy to understand, and made based on clear descriptions of a student's level of academic performance.
- Grades should be bias-resistant: There are multiple opportunities to provide feedback to students, and grades are but one of them. Grades should be representations of an individual student's progress towards mastery or how effectively they have met the standards for academic performance. Grades should not be punitive or incorporate potentially biased, situational, and/or culturally-influenced perceptions of behaviors (such as timeliness of assignment submission, how quickly students master a topic, effort, personality, participation, etc.).
- Grades should be motivational: Grading should allow multiple attempts at mastery and, therefore, represent where the student is at the time of grading, using the most recent data as an indicator. Teachers will consider how to balance providing time for mastery with the time constraints of the course.

Criteria for Grades

Exceeding the grade-level standards	Meeting the grade-level standards	Approaching the grade level standards (Students has key gaps in their understanding)	Not met the standards (Student is unable to demonstrate B or C levels without assistance

Monarch Goals and Actions to Achieve the State Priorities

Pursuant to Education Code Section 47605(c)(5)(A)(ii), a reasonably comprehensive description of the Charter School's goals and annual actions, schoolwide and for all numerically significant student subgroups, in the State Priorities, can be found in the Monarch Local Control and Accountability Plan ("LCAP"). Additional information regarding Monarch goals and actions related to the State Priorities can be found in Elements 2 and 3.

In addition to the goals listed therein, Monarch has the objective of enabling pupils to become self-motivated, competent, and lifelong learners.

A Typical Day

After walking a few blocks to school, Maya, a 2nd grade student at Monarch Academy, arrives just before 8:00 a.m., holding her mother's hand. As they approach the back gate, they are greeted by several smiling staff members, including our Office Assistant, a Mental Health Counselor, and classroom support staff. Ms. Adriana, the Office Assistant, warmly welcomes Maya and her mother and shares a reminder about an upcoming school meeting. Then Maya walks with her mother toward the cafeteria.

In the cafeteria, Maya is greeted by Ms. Tinoco, who manages the kitchen and always has a kind word to share. After choosing breakfast—milk, fruit, and yogurt with granola—Maya heads to a table where a few friends are already sitting. They laugh and talk until a familiar beat rings out from the table: "Bum, Bum, bum-bum-bum".

The students repeat the beat on the tables with spirited energy. The room quiets as Ms. Chong gives directions for transitioning out to the yard for our morning arrival routine. Students exit the cafeteria and begin forming their class lines on the yard as they await the arrival of their teachers. Maya walks eagerly to her spot in the middle of her class line. Ms. Chong, Ms. Anastasia, and Ms. Andrade walk the yard, greeting students and welcoming them for the day. Maya and Ms. Chong check in about her goal for the day to earn 20 stars and a trip to the prize box.

At 8:15, a steady rhythm begins to echo across the yard—the sound of drums draws students' attention to the blue wall. One by one, heads turn and smiles spread as Principal Hasan leads Monarch Academy's morning drum circle.

Student volunteers from TK through 5th grade gather around, each holding a drum, ready to join in. The beat starts simple—*boom, boom, clap*—and the students repeat it together, their timing growing stronger with each round. Then, one brave student steps forward to lead, creating their own rhythm. The group listens closely and echoes it back, the energy building with every turn.

Laughter, music, and movement fill the yard as the drum circle grows louder and more confident. The beats ripple across the campus, creating a powerful sense of unity and excitement to start the day.

Along the sidelines, teachers stand at their class lines, greeting each student by name as they arrive. They walk down the lines with smiles, high-fives, and warm welcomes, all while the rhythm of the drums continues to pulse in the background.

By the time the final beat lands, the entire school is energized, connected, and ready to learn. Maya beams as she joins her classmates in the daily school call and response cheer:

"Good Morning Monarch Academy!"
"Good Morning, Mrs. Hasan!"
"Are we on track?"
"That's a fact!"
"Where are we headed?"
"To college and back!"
"And how do we get there?"
TK-1st graders: "We grow our minds"
2nd & 3rd graders: "We push ourselves!"
4th & 5th graders: "We take the lead!"
"And when Monarchs fly together…"
"We reach our dreams!"

As Mrs. Hasan concludes the call out, students are reminded to focus on their learning and be kind to one another.

Classes begin their departure from the yard and take their unique paths into the building to begin their day.

Back in the building, Maya begins her morning routine. She lines up with her class along the classroom lockers in the hallway as her teacher, Mr. J reminds the class to unpack what they need for the day. Maya hangs up her backpack in her locker, and pulls out her water bottle and homework folder. As she crosses the threshold to the classroom, Mr. J says, "Buenos Dias, Maya!" and gives her a high five as she enters the room. Today's "Do Now" includes solving a math word problem using the read, draw, write strategy. Thanks to extra help she received the day before, Maya feels confident and gets started right away.

After attendance, her teacher, Mr. J, asks the class to pause their work on their do now and line up for Art & Music with Ms. D. Students move to their line spots as the student helper passes out purple tickets to classmates in line with their voices quiet, eyes forward, and hands to themselves. Maya's eyes light up

as she is handed a purple ticket, and she folds it and puts it in her pocket so she can add it to her ticket envelope when she returns to class.

Mr. J leads the class up the stairs to the Art & Music room. Ms. D greets students outside the classroom, “Good morning UCLA!” and asks them to enter class and take a seat in their rug row spots. During her 40-minute music class, Ms. D introduces the xylophone. Today’s focus is on rhythm and melody. Maya carefully picks up her mallets and practices striking each bar, listening closely to the different tones.

Ms. D models a simple pattern—“tap, tap, pause, tap”—and the class echoes it back together. Maya concentrates, watching and listening, then smiles when she gets it just right. Soon, students take turns creating their own short rhythms for the class to repeat.

By the end of the lesson, Maya is able to play a short sequence with confidence. The class wraps up with a quick reflection, and Maya leaves excited, still softly tapping the rhythm in her hands as she heads to her next class.

At the end of Music class, Mr. J returns to pick up students and checks in with Ms. D about how the class did during their time with her. The line leader, Saul, leads the line back to their classroom where they are given 10 more minutes to complete their do now activity. Mr. J uses an attention getter, “Track me in 3, 2, 1!” students respond: <clap, clap> “Track!” 22 inquisitive sets of eyes turn to Mr. J as he gives directions for the class to come to the carpet to review their do now. On the carpet, Maya eagerly shares her ideas with a partner. Later, she is invited to the board to explain her answer. When she finishes, her classmates snap their fingers in appreciation—a classroom tradition to celebrate strong thinking.

Next, the class moves into a circle for their morning meeting. Today’s focus is on mindset and goals. Students take turns sharing how they are feeling and what they want to accomplish. Mr. J then leads a short lesson on problem-solving and teamwork.

Soon after, during English Language Arts, students engage in a lesson about the importance of using temporal words in their writing. The class cuts out words from a word bank and in partners, they discuss the correct order for the words to help when writing about sequential events. When Maya and her partner complete the task, she excitedly announces, “At last, we have finished the task! ”

Next, it’s time for small group instruction. Maya joins her reading group, where she practices foundational skills and builds confidence as a reader. Other students rotate through different groups based on their needs. Everyone is engaged in learning that supports their growth.

By lunchtime, Maya is ready for a break. Mr. J walks the class out to the yard, giving high fives as they burst around the corner to the playground. Maya and her friends run to the swings, waiting in line for their turn to see how high they can go. Later, the whistle blows and Maya pauses, out of breath from the game of freeze tag she and her friends were playing. Students quickly line up with their classes and begin to enter the cafeteria for lunch. Once inside, Ms. Luz gives Maya a big smile as she helps to fill up her tray

with her lunch--a hot bean and cheese burrito with a side salad and fresh orange. Once at her table, Maya and her friends catch up with each other as they eat.

After lunch, it is time for math, students begin with a quick fluency activity. Maya works through addition and subtraction problems, checking her answers with classmates. When she makes an error, she quickly figures it out and learns from it.

Next, students work in groups to solve a real-world math problem connected to their community. Maya takes on the role of recorder, writing down her group's ideas. Teachers move around the room, asking questions and offering support. When Maya gets stuck, her teacher helps her think through the problem, and soon she's back on track.

Once math is over, students gather on the carpet for their daily ELD lesson. Students who are not MLLs shift to their desks to work on a blended learning program, Lexia, which targets the foundational reading skills they are individually working on. While they work, Mr. J leads the class in using descriptive language when talking about the weather outside. Students learn vocabulary words like: gloomy, drizzle, and breeze. Students practice being meteorologists and reporting on the weather using complete sentences and descriptive language. Maya shares her sentence with a partner, "The sky looks gloomy with dark clouds and it is breezy outside". She listens to her partner's sentence and they high five to show they are done sharing. After a few students share their weather report to the class, they return to their seats to do a weather sort--matching images with the descriptive words.

After ELD, it's time for recess. Maya runs outside with her friends, playing games, laughing, and enjoying the fresh air. When the bell rings, students line up and return to class ready for math.

In the afternoon, Maya's class has science. Today they are learning about life cycles. Through hands-on activities and discussion, students compare how plants and animals grow and change. Maya enjoys sharing her ideas and learning new vocabulary.

At the end of the day, Maya joins the Extended Learning Program. She receives homework help, participates in enrichment activities, and spends time with friends. Today, she chooses to join sports club, where she practices playing volleyball. It wasn't her favorite at first, but now she really enjoys it.

By 5:15 p.m., Maya is ready to head home. Her mother picks her up, and they walk home together. Maya feels proud, happy, and ready to come back tomorrow to learn even more.

Element 2: Measurable Pupil Outcomes and Element 3: Method of Measuring Pupil Outcomes

"The measurable pupil outcomes identified for use by the charter school. "Pupil outcomes," for purposes of this part, means the extent to which all pupils of the charter school demonstrate that they have attained the skills, knowledge, and attitudes specified as goals in the charter school's educational program. Pupil outcomes shall include outcomes that address increases in pupil academic achievement both schoolwide and for all pupil subgroups served by the charter school, as that term is defined in subdivision (a) of Section 52052. The pupil outcomes shall align with the state priorities, as described in subdivision (d) of Section 52060, that apply for the grade levels served by the charter school." – Ed. Code § 47605(c)(5)(B)

"The method by which pupil progress in meeting those pupil outcomes is to be measured. To the extent practicable, the method for measuring pupil outcomes for state priorities shall be consistent with the way information is reported on a school accountability report card." – Ed. Code § 47605(c)(5)(C)

Increases in Student Academic Achievement, Overall and by Subgroup

In accordance with Education Code section 47605(c)(5)(B), Charter School's pupil outcomes will be set related to increases in pupil academic achievement both schoolwide and for all numerically significant subgroups of pupils served by the charter school, as that term is defined in paragraph (4) of subdivision (c) of section 47607. The pupil outcomes shall align with state priorities, as described in subdivision (d) of section 52060, that apply for the grade levels served, or the nature of the program operated, by the charter school. Charter School's LCAP goals will serve as the goals for this section unless Charter School's LCAP goals do not include increases in student academic achievement by subgroup, in which case such goals should be included below.

Charter School hereby grants authority to the State of California to provide a copy of aggregated (by school, numerically significant subgroups, etc.) test results directly to the District. Test results for the prior year, if not provided directly to the District by the State in a timely manner, will be provided by the Charter School to the District, upon request, no later than September 1 of each year.

A copy of the Charter School's 2025-28 Local Control and Accountability Plan is attached to this agreement as Exhibit 1 and helps inform the Charter Renewal's description of its measurable pupil outcomes.

Action #	Title	Specific Annual Actions to Achieve Goal
2.1	**Coaching**	Implement a differentiated coaching model at the school site to ensure that teachers receive coaching and feedback according to their needs and goals. Ensure all teachers receive coaching and feedback using the Aspire Student Learning Framework (ASLF). Implement Teachboost to monitor the frequency of coaching and track coaching points. Teachers create goals using the ASLF and participate in mid-year and end-of-year debriefs to track growth. Admin team members set goals using the Transformational Leadership Framework (TLF) and have mid-year and end-of-year debriefs. Implement a consistent walkthrough schedule using the ASLF to align coaches, identify coaching trends, and inform staff professional development.
2.2	**Professional Development**	Lead professional development for staff on the Teachboost platform for all teacher/specialist coaching and Professional Learning Plans (PLPs). Conduct professional development on the Aspire Student Learning Framework (ASLF) to ensure alignment on rigorous instruction. Provide training on Ownership of Learning, emphasizing the Gradual Release of Educational Responsibility Model. Arrange training sessions on center-based instruction and best practices for supporting Multi-Language Learners (MLLs) (e.g., SDAIE). Provide professional development on best practices to increase the achievement of African American students.

2.3	**Teammate Retention**	Hold staff input sessions on school culture and climate. Administer a weekly staff survey to monitor culture and climate. Establish open office hours with the admin team. Conduct Listening Meetings to gather staff feedback. Share survey results and leadership next steps after each administration. Adjust the master schedule to ensure adequate teacher collaboration and planning time. All teammates write one wellness goal during their PLP process. Celebrate staff efforts and commitment to the school. Provide weekly Coaching & Collaboration time.
2.4	**Affinity Groups**	Ensure all teammates have the opportunity to attend regional affinity groups. Create opportunities for staff to discuss and celebrate differences in race and culture. Offer professional development on microaggressions and implicit bias, focusing on their effect on the workplace environment and instruction.
2.5	**Pipeline Development**	During PLP meetings, teammates will set stretch goals to develop their future career aspirations, receiving support and development in those areas (including release time for observations or testing). Work towards securing Alder Residents and student teachers to enhance the pipeline for future educators. Encourage classified staff and engaged parent volunteers without Bachelor's degrees to participate in the Rivet program.
2.6	**Teacher Credentialing**	In accordance with Williams Act Requirements regarding teacher credentialing, ensure that schools are working to improve and clear teacher credentialing misalignments, and ensure individuals with emergency or intern credentials are working towards a permanent credential. Measurement of Pupil Academic Achievement

Assessments are essential tools for evaluating student progress and knowledge, and they take on various forms within our educational framework in support of our mission. Our assessment ecosystem includes not only our Aspire-wide assessments, i-Ready (K-12) and mCLASS (K-2), but also statewide summative assessments (such as SBAC, Summative ELPAC, and PFT), in addition our students participate in the Smarter Balanced Interim Assessment Blocks along with curriculum based assessments and exit tickets. All of the many ways we examine what our students know are important in living out our mission and implementing equitable practices.

mClass and iReady were thoughtfully selected from a list of vetted assessments provided by the California Department of Education (CDE). These assessments not only meet compliance requirements by serving as verified data for charter renewals per Assembly Bill 1505, but also play a key role in our instructional strategy. They provide us with a unified monitoring tool to measure the effectiveness of our instructional programs, as well as data on students' incoming levels and growth across one school year. Additionally, having a uniform assessment system enables us to maintain a streamlined technology platform portfolio, data collection process, reclassification process, and negotiate large-scale contracts with vendors to take advantage of bulk discounts.

While assessments are necessary to track academic growth, we believe it's equally important to recognize that success extends beyond assessment results. Aspire also prioritizes creating an environment that supports students in developing life skills, resilience, and emotional intelligence. We believe in a culturally responsive classroom experience that acknowledges the unique strengths and identities of our students. This balanced approach ensures that our assessments coexist with Aspire's broader mission of nurturing our scholars' pride in their abilities, identities, and connection to their community.

Application of Education Code section 47607.3

Under Education Code section 47607.3, if Charter School meets certain criteria outlined in section 47607.3(a), the following shall apply:

- Depending on circumstances specified in section 47607.3, either the county superintendent of schools or the chartering authority shall provide technical assistance to the charter school using an evaluation rubric adopted by the State Board.
- The entity providing technical assistance may request assistance from the California Collaborative for Educational Excellence, which may, after consulting with the Superintendent and with the approval of the State Board, provide advice and assistance to the charter school.
- The chartering authority shall consider for revocation any charter school to which the California Collaborative for Educational Excellence has provided advice and assistance, and has made findings that: 1) the charter school has failed, or is unable, to implement the recommendations of the California Collaborative for Educational Excellence; or 2) that the inadequate performance of the charter school, based upon the evaluation rubric, is so persistent or so acute so as to require revocation of the charter.

Charter School Goals, Actions, and Outcomes to Achieve the Eight State Priorities

Pursuant to Education Code Sections 47605(c)(5)(A)(ii) and 47605(c)(5)(B), a reasonably comprehensive description of the Charter School's annual goals, actions, and measurable outcomes, both schoolwide and for each subgroup of pupils, which address and align with the Eight State Priorities, as described in Education Code Section 52060(d), that apply for the grade levels served, can be found in the Charter School's LCAP.

Each of these goals addresses the unique needs of all students attending the Charter School, including Monarch's numerically significant student subgroups. The metrics associated with these goals help the Charter School ensure these specific subgroups are making satisfactory progress, and are provided with necessary additional support made possible by additional funds from the Local Control Funding Formula.

The current LCAP is on file with the District and is also available on the Charter School's website and included in Appendix VI. The Charter School shall annually update and develop the LCAP in accordance with Education Code Section 47606.5 and shall use the LCAP template adopted by the State Board of Education. The Charter School reserves the right to establish additional and/or amend school-specific goals and corresponding assessments throughout the duration of the charter term through the annual LCAP update. The Charter School shall submit the LCAP to the District and County Superintendent of Schools annually on or before July 1, as required by Education Code Section 47604.33(a)(2). Monarch shall also present a report on the annual update to the LCAP and the local control funding formula budget overview for parents on or before February 28 of each year as part of a nonconsent item at a regularly scheduled Board meeting.

Methods of Measurement of Student Outcomes

Assessment

At Aspire Monarch Academy, assessments are integral tools for evaluating student learning and informing instruction. Our comprehensive assessment system includes Aspire-wide, state-mandated assessments, as well as formative assessments, curriculum-based measures, end-of-unit assessments, and student work. Together, these diverse assessments support our mission of equity and academic excellence.

Aspire-wide assessments (e.g., mClass, i-Ready) are selected from a list of verified tools approved by the California Department of Education and meet the compliance requirements outlined in Assembly Bill 1505. Beyond compliance, these assessments serve as critical instructional resources, helping us evaluate student growth, identify instructional needs, and monitor the effectiveness of our programs. An organizationally unified assessment system streamlines our technology platforms to maintain consistency across campuses.

While academic data is vital, we recognize that student success extends far beyond test scores. At Aspire, we strive to cultivate classrooms that value the whole child, balancing academic rigor with the development of life skills, resilience, and emotional intelligence. Our culturally responsive practices affirm students' identities and empower them to see assessments not as endpoints, but as one component of their broader learning journey. By aligning our assessment practices with our values, we ensure that data informs—not defines—the student experience.

Internal Assessments				
Assessment	**Required Grades**	**Purpose**	**Required Frequency**	**Description**
mClass	K-2	Universal Screener & Diagnostic	3x per year	mCLASS is an online data system that provides DIBELS 8th Edition measures to assess the acquisition of early literacy skills and knowledge. Its 3 principle uses are: to identify students who may be at risk of reading difficulties by screening up to three times per year; to document students' progress of reading skills as a consequence of special intervention programs through progress monitoring; and to provide minimum levels of performance for all students to reach to be considered on track for becoming a reader through benchmark goals and timelines
i-Ready ELA	3-5	Universal	3x per year	i-Ready Diagnostic provides teachers info on

		Screener & Diagnostic		student performance relating to their grade level equivalence and national norms (percentile). It also includes Lexile information and domain placements for insights into reading performance.
iReady Math	k-5	Universal Screener & Diagnostic	3x per year	i-Ready Diagnostic provides teachers info on student performance relating to their grade level equivalence and national norms (percentile). It also includes Quantile info equivalence and domain placements for insights into math performance.
Panorama SEL Screener	6-12	Universal screener	2x per year	The Panorama SEL is a universal screener used twice a year to determine school-wide needs, subgroup trends, and identify opportunities for targeted and intensive support.
Smarter Balanced Interim Assessments ("IAB")	3-5	Universal Screener	2x per year	Interim Assessment Blocks are assessments teachers can use throughout the school year to assess smaller bundles of content than Interim Comprehensive Assessments ("ICAs"). They are intended to provide educators and students the ability to check student performance at any given moment in time, and educators can use results to determine next steps for instruction. IABs assess between three and eight assessment targets. Since the IABs are more granular than the ICAs, educators can use IABs during the school year more consistently and frequently within the sequence of their curricula. There are typically 10 to 18 items on IABs.

State Required Assessments				
Assessment	**Required Grades**	**Purpose**	**Required Frequency**	**Description**
SBAC CAA	3-5	Summative (state required)	1x per year	SBAC is the state assessment system that is administered to all students in grades 3-8 and 11 in both ELA and Math. The purpose of the

				Smarter Balanced Summative Assessments is to assess student knowledge and skills in English language arts/literacy and mathematics, as well as how much students have improved since the previous year (student growth). On the CA School Dashboard, schools receive Academic Indicators for ELA and for Math. The purpose of the CAAs is to provide an annual measure of what students know and can do using the alternate achievement standards. On the CA School Dashboard, schools receive an Academic Indicator for ELA and one for math, and CAAs are used to determine the results for these indicators
California Science Test CAA Science	5	Summative (state required)	1x per year	CAST is the state science assessment intended to assess the Next Generation Science Standards. Students will take the CAST in the 8th grade and once in high school (see regional calendars for required HS grade level). The purpose of the CAST is to assess student knowledge and skills in science and to foster science education at every grade level. CAST will also be used for the Science Academic Indicator on the CA School Dashboard in future years The purpose of the Science CAAs is to provide three opportunities during K-12 to measure what students know and can do using the alternate achievement standards for NGSS. The CAA Science consists of 4 performance tasks designed to be administered throughout the year after related content is taught.
Initial ELPAC Alt ELPAC	K-5 (new students)	Universal Screener (state required)	1x only	Initial ELPAC is the state assessment for identifying ELL students who are new to CA public schools. The Initial ELPAC is given once to newly enrolled students with an English Language Acquisition Status of TBD. The purpose is to identify students who need help learning in English and the Initial is used to support with placement in an English

				language instructional support program
Summative ELPAC Alt ELPAC	K-5	Summative (state required)	1x per year	Summative ELPAC is the state assessment for all MLL students and is aligned to the 2021 CA English Language Development Standards. The Summative ELPAC assesses yearly student growth in learning English and is used as one criteria for reclassification. Summative ELPAC data is used to calculate the ELPI for the CA School Dashboard and for federal accountability.
PFT	5	Summative (state required)	1x per year	The PFT is a comprehensive battery of health-related physical fitness tests for students in California. The test has five parts that show a level of fitness that offers a degree of defense against diseases that are caused by inactivity. PFT participation data for all 5 components is reported each year on the School Accountability Report Card ("SARC").

Collecting, Analyzing, and Reporting Data

As aforementioned, Aspire Monarch Academy is committed to data-based decision making, and commits to utilizing a variety of data beyond the assessment portfolio. Data is intentionally shared with students, families, staff, and the Region:

- Students and families will receive data on student achievement and well-being with progress reports and report cards
- Students and families will receive data on student achievement and well-being when they meet with their child's teacher to develop, modify, or review during family conferences
- Staff will interrogate student achievement and well-being data during team collaboration time and during staff meetings
- The School site administration interrogates school-wide data (i.e., student achievement, attendance, and discipline) during region-wide Communities of Practice; and
- The Region will interrogate data on student achievement and well-being to inform region-wide initiatives and strategic planning.

Aspire uses the California Assessment of Student Performance and Progress to assist in identifying strengths and weaknesses at a student, classroom, grade level, school, and organization. Additionally, the Physical Fitness test will be administered and used to inform the Charter School program. Every summer, each school will have a staff retreat where the data will be analyzed. School-wide plans for professional development will be based on these plans.

If any student is not making sufficient progress to meet benchmarks, teachers, parents, or administrators may request a Student Success Team meeting. From this meeting, an action plan is created to support the student.

Annually, the status of the Charter School will be reported using multiple data metrics to assess the health of each school. This allows Aspire's Senior Leadership Team to evaluate a school on more than one facet. At the beginning of the year, the Senior Leadership Team identifies schools that require more focused attention and support. On an ongoing basis, these data metrics will be used to monitor the progress of schools monthly. Specifically, the dashboard reports on:

- Student achievement: CAASPP, course grades, behavior, and internal benchmark scores;
- Affiliation: results on the staff, parent, and student surveys, teacher retention; and
- Financial: actual versus budget and forecast; average daily attendance.

External Reporting

Aspire maintains sufficient staff and systems, including technology, required to ensure timely reporting necessary to comply with the law and to respond to all reasonable inquiries from the District and other authorized reporting agencies.

School Accountability Report Card

ASPIRE Monarch Academy annually complies with state mandated requirements applicable to charter schools regarding the SARC. The annual SARC is a public document and is made available to parents and the community. This report is approved by the ASPIRE Monarch Academy governing board on an annual basis and posted on the Charter School's website.

The Charter School shall use the information compiled in its performance reports and its annual SARC to evaluate and improve upon its educational programming as necessary.

The Charter School will operate autonomously from the District, with the exception of the supervisory oversight as required by statute and other contracted services as may be negotiated between the District and the Charter School. Pursuant to Education Code Section 47604(d), the District shall not be liable for the debts and obligations of the Charter School, operated by a California non-profit public benefit corporation, or for claims arising from the performance of acts, errors, or omissions by the Charter School, as long as the District has complied with all oversight responsibilities required by law.

Attached, as Appendix VII, please find Aspire Public Schools' current Articles of Incorporation, Bylaws in Appendix VIII, and Conflict of Interest Code found in Appendix IX. Proof of Aspire's tax exempt status is attached in Appendix X. Aspire Public Schools has adopted a Conflict of Interest Code that complies with the Political Reform Act, Government Code Section 1090 *et seq*. as set forth in Education Code Section 47604.1, and Corporations Code conflict of interest rules and which shall be updated with any charter school-specific conflict of interest laws or regulations.

Board of Directors

The Charter School will be governed by the Aspire Public Schools Board of Directors in accordance with its adopted bylaws, which shall be consistent with the terms of this charter. Biographies of the current Aspire Board of Directors are attached in Appendix XI.

The number of directors on the Board shall be not less than three (3) or more than eleven (11). Directors shall be elected by a majority vote of the directors at a Board meeting. Directors shall serve for a term not to exceed four (4) years. The District reserves the right to appoint a single representative to the Aspire Board pursuant to Education Code Section 47604(c). If the District chooses to do so, Aspire may appoint an additional member to ensure that the Board is maintained with an odd number of directors. The Board shall participate in AB 2158 ethics training, and AB 640 school finance training, as required by law.

Aspire takes a conscientious approach to recruiting and selecting new Board members. Aspire's Board and regional Executive Director conduct extensive due diligence to ensure that new Board members are a strong cultural fit with the organization, will add value in specific areas and, most importantly, contribute to Aspire's growth and success.

The recruitment, evaluation and selection of new Board members typically are conducted through the following process.

- Nominations are open and may be submitted by anyone.
- Candidate names and bios shared with Aspire Board Chair or regional Executive Director.
- The Board Chair and regional Executive Director considers alignment with Board composition goals established by the Board and selects prospects for initial conversations.
- Regional Executive Director and/or Board Chair will have an initial vetting conversation with potential candidate to assess candidate alignment with Aspire values using Board Candidate Questionnaire. Candidates with mutual interest will be sent a packet by Aspire staff that includes:
    - Board member job description
    - Annual board meeting schedule
    - Overview of public transparency and disclosure requirements (Brown Act, Statement of Economic Interests, etc.)
    - Aspire overview
    - Organization chart
- Additional conversations with other members of the Board and Aspire staff as needed using Board Candidate Questionnaire.
- Regional Executive Director and/or Board Chair makes recommendation to full Board.
- Board votes on recommendations.
- Preferably, newly appointed Board member's term begins at the full Board meeting after the candidate accepts membership.

All Board meetings are noticed and held in compliance with the provisions of the Brown Act and Education Code Section 47604.1(c). A majority of the directors then in office constitutes a quorum. All acts or decisions of the Board are by majority vote based upon the presence of the quorum. Participation through teleconference and videoconference are permitted and utilized in accordance with the Brown Act, as it may change from time to time.

At a high level, there are three broad categories that define what characteristics Aspire looks for in prospective Board members:

Skill Set – All Board members must have expertise in an area that is valuable to Aspire's operations, especially where there are gaps in the board skill set.

Fundraising Capacity – All Board members are required to support the fundraising goals and program of the organization.

Diversity – Geographic, racial, ethnic and gender diversity are very important factors.

Board Meetings and Duties

The Board of Directors will meet regularly and in accordance with the Brown Act and Education Code Section 47604.1(c)(4). The Charter School shall post all governing board meeting agendas on the Charter School's public website.

The Board of Directors is responsible for establishing broad policies that affect all Aspire-operated charter schools, including the Charter School. For example, the Board of Directors and its Executive Committee may set policies related to staff hiring, benefits and compensation, policy for student suspension or expulsion, potentially controversial issues that affect more than one school site and teacher, and principal and staff compensation criteria. Members of the Board may also participate in raising funds and increasing public awareness of Aspire's work.

The Board is also responsible for monitoring the programmatic, operational and financial health of all Aspire-operated charter schools and the organization collectively, in order to identify and highlight risks and guide efforts to mitigate those risks.

Aspire retains its own legal counsel when necessary. It purchases and maintains as necessary general liability, property, workers' compensation and unemployment insurance policies.

For Aspire Board meetings, there is a two-way teleconference location or video broadcast at each school site. The Board shall meet within the physical boundaries of the county in which the greatest number of pupils enrolled in those charter schools managed by Aspire reside. The exact location for each meeting is

posted on the Board agendas. An Aspire staff member is present in the conference room or a similar location at the location posted on the agenda to assist any members of the public who would like to participate via two-way teleconference or video broadcast. The Brown Act is followed with regard to Board members' teleconference or videoconference attendance at Board meetings. Early in each school year, the Board of Directors sets and approves its annual calendar of meetings. A majority of the Directors then in office constitutes a quorum. All acts or decisions of the Board are by majority vote based upon the presence of the quorum.

All meetings of the Board are meetings in which the public may attend and participate. The Board agendas, meeting times, and locations are posted in advance on the Aspire website and at each Aspire school, including the Charter School, in accordance with the Brown Act. Local stakeholders can directly participate in meetings by attending them in person, via videoconference or via teleconference. The procedures are designed to comply with the Brown Act because they create open, public meetings that comply with the teleconference requirements identified in Government Code Section 54953.

Given current student enrollment across the Aspire network, Board meetings are physically held at the Regional Office of Aspire Central Valley, currently located at: 4202 Coronado Ave Stockton, CA 95204 and are subject to change pursuant to the terms above. Regular Board meetings are typically held 5 times per year. Executive Committee meetings are typically held approximately monthly, in between Board meetings. Frequency and location of Regular Board and Executive Committee meetings are subject to change and noticed in accordance with Brown Act, as applicable. Special and Emergency Board meetings, as needed, shall be called according to the Brown Act. The Annual meeting shall be held at a time, date and place as may be specified and noticed by the Board of Directors, in compliance with Brown Act. Article 6, Section 6.6 of MON's Bylaws details when and how a Board member may participate in a meeting telephonically and such provisions are compliant with Brown Act. Aspire Public Schools will develop conflict policies that have mechanisms in place for Board member abstentions, which are consistent with Brown Act, the Political Reform Act, and Government Code 1090, *et seq.*, as set forth in Education Code Section 47604.1. Board members may abstain from a vote.

Parental Involvement in Governance

<u>Parent Advisory Committee</u>

Aspire Public Schools encourages all educational partners (families, students and staff) to participate in, and share responsibility for, the educational process and educational results of the Charter School. In order to achieve this important end, the Charter School shares local control with a Parent Advisory Committee ("PAC").

The PAC can bring diverse ideas to the table and help the Charter School craft a shared plan for improvement. The most effective committees are able to focus on the big picture, make a concerted effort to achieve authentic participation of staff and families, diagnose problems, develop innovative and effective solutions, and work collaboratively to monitor progress. The PAC is an important part of our charter school's accountability to the students, families and community. The PAC is responsible for assessing the needs of the students, analyzing student data to make programmatic recommendations, collaborating on the development of The Charter School's Local Control and Accountability Plan, reviewing and allocating available supplemental categorical funds, including Title I.

The PAC is composed of the principal, staff representatives, students (for sites that serve grades 7 through 12) and parents of students attending the Charter School. As the leader of the Charter School, the Principal plays a vital role in the success of the PAC and all educational partner involvement. The Principal is responsible for ensuring clear communication, fair processes, timely budgeting, careful agenda creation, essential resources and training, collaboration on educational partner priorities and concerns, and guidance for the overall implementation and success of the group.

Educational partner involvement is critical to the success of the PAC. Any parent or guardian of an enrolled student is welcomed to participate on the Parent Advisory Committee. Public participation is valued. Meetings are advertised and promoted, and parents are encouraged to attend. The PAC members provide regular updates during parent meetings, while also promoting the purpose of the PAC. Annually, the PAC members also complete a survey assessing their perceptions of the committee, their ability to participate, and feelings of effectiveness. Additionally, in order to encourage and support educational partner involvement, the Charter School's website contains the following information in both Spanish and English:

- Timely notices of school committee meetings that involve parents.
- Meetings held/interpreted in Spanish and English.
- Opportunities to share thoughts and opinions through email and Powerschool messenger, the interactive parent communication platform used by the school.
- Short summaries of issues, ideas, and decisions of school committees
- At least two opportunities for parents to give detailed input on the Local Control and Accountability Plan

The PAC is an integral part of the success of the students and the Charter School as a whole; however, there are certain areas that are *NOT* the scope of the PAC:

- Management of the Charter School
- Policy-making
- Political organizing
- Fundraising
- Socializing
- Personnel recommendations and decisions

English Learner Advisory Committee

The role of the English Learner Advisory Committee ("ELAC") is to advise the principal and Parent Advisory Committee on programs and services for English learners. The ELAC acts in an advisory capacity. It is not a decision making body, but it is the voice of the English Learner community. Specifically, the ELAC:

1. Advises on the development of services for English Learners
2. Assists in the development of the Charter School's needs assessment and efforts to make parents aware of the importance of regular school attendance.

If the Charter School has an enrollment of 21 or more English learners, then the principal will ensure that the ELAC meets all applicable requirements. Participation on the ELAC is vital to the success of the

Charter School. Meetings are held in public, and are publicized via ParentSquare and paper flyers. Attendance is encouraged during Coffee with the Principal and other community meetings.

The ELAC membership is designed to include parents of English Learners, but may also include other duly elected family & community members. The percentage of parents of ELs who are elected is at least equal to the percentage of English learners at the school site. For example, if 50% of the students at a given site are English learners, at least 50% of the membership of the ELAC will be parents of ELs. The remaining 50% of the committee members may be the principal, community members, teachers of participating students, instructional aides, parent liaisons, other parents and staff.

Only parents of English Learners may vote for members of the ELAC. All parents of ELs must receive ballots.

ELAC elections take place every year in the Fall. The term of office is two years. If there are vacancies, the Charter School may conduct elections at any time, or refer to the ELAC by-laws as to how to fill the vacancies.

Parent volunteering is not a condition of admission and/or continued enrollment at the Charter School, however the Charter School welcomes parents to participate in morning meetings, assemblies, open houses, parent education nights, volunteer opportunities, field trips, Coffees with the Principal, School Site Council, and ELAC meetings.

In order to ensure that parents understand that there is no volunteer requirement, information will be sent home via PowerSchool Messenger in any language that 15% or more families indicate is the home language. Additionally, the printout of the message will be printed in those same languages and sent home with each student. Further, at each meeting that parents attend, this announcement will be reiterated.

Additional Opportunities for Family Involvement

- Exhibition panels – Families may sit on panels to judge student work.
- School and staff evaluations – Families complete a survey each year evaluating the strengths and weaknesses they identify with the program at the Charter School.
- Student-led conferences – Students will lead conferences on their work during the year to keep their families informed.
- Volunteer Opportunities – Various opportunities will arise for families to volunteer, such as helping in classrooms, leading extra-curricular activities, assisting in event planning, attending study trips, and serving on family committees. Parent volunteering is not a condition of their child's admission/enrollment and/or continued enrollment within the Charter School.

- Fundraising – Families and community members may work with the Charter School to raise additional resources to support students and the Charter School program.
- Advocacy – Families and community members communicate the Charter School design and outcomes to the public, educators and policy makers and advocate for necessary policies and resources.
- APS Board of Directors meetings (including Executive and Compensation Committee meetings) – Families and community members are welcome to the Board meeting. Professional Development

Once teachers are hired, Aspire invests in their continued professional development. Teachers new to Aspire participate in regional training to become fluent in the Aspire education program; Aspire culture, instructional practices, curricula, and programs, student and family engagement practices.

Aspire also offers an induction program to all qualified teachers. The Aspire Teacher Induction Program is a two-year mentoring program that supports the development of new teachers based on their individual needs. Teachers are matched with mentors that meet with them weekly to support their development and growth as a new teacher. Induction is designed to recognize the individual strengths and professional development needs of participating teachers, thus building upon the knowledge, skills, and abilities that each participating teacher brings to the classroom.

In addition, Aspire conducts formal and informal observations of instructional practice. Teachers receive regular observations throughout the year grounded in Aspire's instructional rubric, the ASLF. Originally based on The New Teacher Project's ("TNTP") Core Teaching Rubric, the ASLF includes five domains that describe student academic behaviors and outcomes in effective Aspire classrooms. Each domain includes a separate list of instructional strategies, known as Core Teacher Skills, that teachers may utilize to improve student performance in the given area of focus. The Aspire Student Learning Framework is attached in Appendix XIV.

The Charter School will strive to ensure that its student population is reflective of the general population residing within the territorial jurisdiction of the District. The Charter School will monitor the racial, ethnic, special education, and English learner balance among its students on an annual basis and will engage in a variety of means and strategies, including monitoring and revising its student outreach plan to achieve a diverse student population. These strategies will include:

- Developing an enrollment timeline and process that allows for a broad-based recruiting and application process,
- Engaging in outreach efforts and making presentations via neighborhood groups, community organizations, churches, other leadership organizations, and local preschools.
- Advertising openings through marketing brochures, posting flyers in neighborhoods, distributing flyers at local grocery stores, and/or TV/radio public service announcements targeted towards diverse populations, and when needed, in various languages.
- All outreach and recruiting efforts are done in English and Spanish.
- Hosting open houses to provide information on the school's curriculum and program.
- Recruiting for all student populations, including academically low-achieving and economically disadvantaged students.
- Develop student and family affinity groups to learn more about their experiences and opportunities to enhance our programming
- Engage affinity groups in the outreach and recruitment efforts, including canvassing, open house events and student orientation events

The Charter School is committed to ensuring that all students and families involved with our outreach and process are made to feel welcome and respected, and the Charter School's outreach and recruitment efforts described above will support this. The Charter School shall not discriminate on the basis of the characteristics listed in Section 220 (actual or perceived disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, or any other characteristic that is contained in the definition of hate crimes set forth in Section 422.55 of the Penal Code, including immigration status, or association with an individual who has any of the aforementioned characteristics).

The Charter School believes in a diverse student body, and will work to ensure students from diverse backgrounds have access to our academic program. The Charter School will conduct an annual diversity needs assessment. Various types of data will be collected to identify the Charter School's student population, including students from different racial and ethnic backgrounds, socioeconomic status, students with disabilities, and English learners. Key stakeholders will be identified to participate as part of the data collection team including school-site personnel, regional leaders, and community members. Data will be collected through community meetings, surveys, focus groups, and community-wide dialogue. The team will analyze the data collected and identify needs, gaps in diversity and strengths of the current student population. Once the data is analyzed, the team will create diversity goals. Based on the established diversity goals the school will create a strategy such as, but not limited to, social media marketing, printed ads in targeted areas, and distribution of other promotional material. The team will also create a monitoring system to measure success and make changes as necessary to achieve the goals of increasing student diversity. The results from the initial needs assessment will be communicated to the Aspire Board of Directors, including the steps the school will take based on the needs assessment, and a description of the monitoring system the school has established. The Aspire Board of Directors will receive a yearly student diversity update thereafter based on the established monitoring system.

Upon request, Charter School will notify the District in writing of the application deadline and proposed lottery date. Charter School will ensure that all application materials will reference these dates as well as provide complete information regarding application procedures, key dates, and admissions preferences and requirements consistent with approved charter.

Charter School shall maintain complete and accurate records of its annual admissions and enrollment processes, including but not limited to documentation of implementation of lottery and waitlist criteria and procedures in accordance with the terms of the Charter, and a record of all written communications with parents related to admissions. These records shall be made available to the District upon request.

As indicated in the affirmations included at the beginning of this petition, Charter School shall comply with all requirements related to admissions preferences found in Education Code section 47605(e)(2)(B).

The Charter School will be nonsectarian in its programs, admission policies, and all other operations, and will not charge tuition nor discriminate against any student based upon any of the characteristics listed in Education Code Section 220 (actual or perceived disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, or any other characteristic that is contained in the definition of hate crimes set forth in Section 422.55 of the Penal Code, including immigration status, or association with an individual who has any of the aforementioned characteristics).

The Charter School shall admit all pupils who wish to attend the Charter School. No test or assessment shall be administered to students prior to acceptance and enrollment into the Charter School. The Charter School will comply with all laws establishing minimum and maximum age for public school attendance in charter schools. Admission, except in the case of a public random drawing, shall not be determined by the place of residence of the pupil or their parent or legal guardian within the state. In accordance with Education Code Sections 49011 and 47605(e)(2)(B)(iv), admission preferences shall not require mandatory parental volunteer hours as a criterion for admission or continued enrollment.

In accordance with Education Code Section 47605(e)(4)(A), the Charter School shall not discourage a pupil from enrolling or seeking to enroll in the charter school for any reason, including, but not limited to, academic performance of the pupil or because the pupil exhibits any of the characteristics described in Education Code Section 47605(e)(2)(B)(iii), including pupils with disabilities, academically low-achieving pupils, English learners, neglected or delinquent pupils, homeless pupils, or pupils who are

economically disadvantaged, as determined by eligibility for any free or reduced-price meal program, foster youth, or pupils based on nationality, race, ethnicity, or sexual orientation. Similarly, in accordance with Section 47605(e)(4)(C), the Charter School shall not encourage a pupil currently attending the Charter School to disenroll from the Charter School or transfer to another school for any reason, including, but not limited to the academic performance of the pupil or because the pupil exhibits any of the characteristics described in Education Code Section 47605(e)(2)(B)(iii), as listed above.

Pursuant to Education Code Section 47605(e)(4)(D), the Charter School shall post a notice developed by the CDE on the Charter School website, outlining the requirements of Section 47605(e)(4), and make this notice available to parents.

Charter School shall comply with all applicable provisions of Education Code sections 48850 – 48859 with respect to foster children and homeless youth.

Non-Discrimination

Charter School shall not require a parent/legal guardian/student to provide information regarding a student's disability, gender, gender identity, gender expression, nationality, legal or economic status, primary language or English Learner status, race or ethnicity, religion, sexual orientation, or any other characteristic that is contained in the definition of hate crimes set forth in section 422.55 of the Penal Code, or any other information that would violate federal or state law, prior to admission, participation in any admissions or attendance lottery, or pre-enrollment event or process, or as a condition of admission or enrollment. Charter School may request, at the time of, and as part of, conducting its lottery process, the provision of information necessary to apply specific admissions preferences set forth in this Charter.

Charter School shall not request or require submission of a student's IEP, 504 Plan, or any other record or related information prior to admission, participation in any admissions or attendance lottery, or pre-enrollment event or process, or as a condition of admission or enrollment.

As indicated in the affirmations included at the beginning of this petition, pursuant to Education Code section 47605(e)(4)(A), Charter School shall not discourage a pupil from enrolling or seeking to enroll in the charter school for any reason.

Parent Engagement

Charter School shall not require a parent or legal guardian of a prospective or enrolled student to perform volunteer service hours or attend an orientation event, or make payment of fees or other monies, goods, or services in lieu of performing volunteer service, as a condition of their child's admission, continued enrollment, attendance, or participation in the school's educational activities, or otherwise discriminate against a student in any manner because their parent cannot, has not, or will not provide volunteer service to Charter School.

Public Random Drawing

Applications will be accepted during a publicly advertised open enrollment period each year for enrollment in the following school year. Following the open enrollment period each year, applications shall be counted to determine whether any grade level has received more applications than availability. In the event that this happens, the Charter School will hold a public random drawing (or "lottery") to determine admission for the impacted grade level, with the exception of existing students, who are guaranteed admission in the following school year.

Admission preferences in the case of a public random drawing shall be given to the following students in the following order:

1. Children of Aspire Regular, Full-time employees
2. Siblings of students admitted to the Charter School
3. Students who are eligible for free or reduced-price meals
4. All students who seek to continue their preparation and readiness for college from other Aspire schools
5. Children residing within the District
6. All other students who reside in the state of California

The Charter School and the District agree to adhere to the requirements related to admission preferences as set forth in Education Code Section 47605(e)(2)(B)(i)-(iv).

The Charter School's application process is comprised of the following steps:

- Currently enrolled Charter School students are exempt from the lottery and are guaranteed enrollment in the next academic year at the same school.
- Completion of an application for each child who is interested in attending the Charter School.
- Student applications will be accepted during a publicly advertised open enrollment period each year for enrollment in the following school year. Open enrollment and lottery information is communicated through letters sent home, parent communication platform messages, and information on the enrollment system.
- Following the open enrollment period each year, applications shall be counted to determine whether any grade level has received more applications than availability. In the event that this

happens, the Charter School will hold a lottery to determine enrollment for the impacted grade level(s). The lottery will be public and will take place at the Charter School, during the published lottery dates on the organization's website at https://aspirepublicschools.org/enroll/. Families do not need to attend the lottery in order to secure a spot.

- The Board of Directors will take all necessary efforts to ensure lottery procedures are fairly executed. The enrollment system software is programmed with the admission preferences. There is no weighted priority assigned to the preference categories; rather, within each grade level, students will be drawn from pools beginning with all applicants who qualify for the first preference category, and shall continue with that preference category until all vacancies within that grade level have been filled. The enrollment system first fills available spots with students eligible for preference #1. The remaining spots are then filled with students eligible for preference #2. Once all these students have been offered admission, each subsequent preference is filled in the same manner, before moving to fill seats with the next preference. If there are more students in a preference category than there are spaces available, a random drawing will be held from within that preference category until all available spaces are filled. If all students from the preference category have been selected and there are remaining spaces available in that grade level, students from the second preference category will be drawn in the lottery, and the drawing shall continue until all spaces are filled and preference categories are exhausted in the order provided above.
- An Aspire designee will be in attendance at the lottery, which is open to the public.
- At the conclusion of the lottery, students who were admitted will be notified by the Charter School Office Manager by phone, email, and/or mail and asked to register within the designated timeline for the upcoming school year, online, in person, by email, fax and any other means that would work for the family and school. All students who were not granted admission due to capacity will be able to see their place on the waitlist via their enrollment system account or by inquiring with the school office. This wait list will allow students the option of enrollment in the case of an opening during the current school year. As openings become available, the Business Manager will offer enrollment to students in the order as listed on the waitlist through the online enrollment system. In no circumstance will a wait list carry over to the following school year.
- Upon confirmation that a student has secured a spot at the Charter School, parents must submit a completed Registration Form by the specified timeframe. Every effort will be made to contact the parents and ensure that the forms are submitted in a timely fashion. The Charter School's office staff will also help any parents who need assistance in completing the lottery and/or registration forms, and the Charter School will keep written records of the lottery forms, procedures, accepted lists, and wait lists for a period of one year.

The written notice shall be in the native language of the pupil or the pupil's parent or guardian or, if the pupil is a foster child or youth or a homeless child or youth, the pupil's educational rights holder, and shall inform him or her of the right to initiate the procedures specified in clause (ii) before the effective date of the action. If the pupil's parent, guardian, or educational rights holder initiates the procedures specified in clause (ii), the pupil shall remain enrolled and shall not be removed until Charter School issues a final decision. For purposes of this clause, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include suspensions specified in clauses (i) and (ii).

The Charter School will account for suspended or expelled students in its average daily attendance accounting as provided by law. The Charter School shall ensure that students who are removed from their educational setting pending expulsion hearing are provided access to their curriculum and/or IEP in accordance with applicable provisions of state and federal law and this Policy, until a final decision regarding expulsion is reached..

Students who are expelled shall be responsible for seeking alternative education programs including, but not limited to, programs within the County or their school district of residence. The Charter School shall

work cooperatively with parents/guardians as requested by parents/guardians or by the school district of residence to assist with locating alternative placements during expulsion.

Required Notifications

As indicated in the affirmations included at the beginning of this petition, Charter School shall comply with notification requirements included in Education Code section 47605(e)(3) for any pupil who is expelled or leaves Charter School without graduating or completing the school year for any reason, and, upon request, will provide the District with the student's last known contact information.

Compliance with OCS Student Discipline Guidelines

Charter School shall comply with the District's "Disciplinary and Expulsion Documentation Requirements Policy," posted on the Student Discipline page of the OUSD Office of Charter Schools website, whose terms are incorporated by reference as if set forth expressly in this Charter. The purpose of this policy is to outline the notification requirements to families and to the Office of Charter Schools.

Suspension and Expulsion Policy

The Suspension and Expulsion Procedures have been established in order to promote learning and protect the safety and wellbeing of all students at the Charter School. Although charter schools are exempt from school district procedures and process for suspensions and expulsions, in creating these procedures, the Charter School has reviewed Education Code Section 48900 *et seq.* which describe the offenses for which students at non-charter schools may be suspended or expelled and the procedures governing those suspensions and expulsions in order to establish its list of offenses and procedures for suspensions, expulsions, and involuntary removal. The language that follows is largely consistent with the language of the Education Code with regard to suspension/expulsion triggering conduct. The Charter School is committed to annual review of policies and procedures surrounding suspensions, expulsions, and involuntary removals, and may modify of the lists of offenses for which students are subject to suspension, expulsion or involuntary removal, and the procedures thereto so long as not materially different from this charter petition.

Consistent with this Policy, it may be necessary to suspend or expel a student from regular classroom instruction. This shall serve as the Charter School's policy and procedures for student suspension, expulsion, and involuntary removal, and it may be amended from time to time without the need to seek a material revision of the charter so long as the amendments comport with legal requirements. Charter School staff shall enforce disciplinary policies and procedures fairly and consistently among all students. This Policy and its Procedures will be printed and distributed annually as part of the Student Handbook which will clearly describe discipline expectations.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of this Policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

The Charter School administration shall ensure that students and their parents/guardians.[16]

Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

A student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability pursuant to the IDEA or who is qualified for services under Section 504 is subject to the same grounds for suspension and expulsion and is accorded the same due process procedures applicable to general education students except when federal and state law requires additional or different procedures. The Charter School will follow all applicable federal and state laws including but not limited to the applicable provisions of the Education Code, when imposing any form of discipline on a student identified as an individual with disabilities, for whom the Charter School has a basis of knowledge of a suspected disability, or who is otherwise qualified for such services or protections in according due process to such students.

No student shall be involuntarily removed by the Charter School for any reason unless the parent/guardian of the student has been provided written notice of intent to remove the student no less than five (5) school days before the effective date of the action. The written notice shall be in the native language of the student or the student's parent/guardian and shall inform the student, and the student's parent/guardian of the basis for which the student is being involuntarily removed, and the student's parent/guardian's right to request a hearing to challenge the involuntary removal. If a student's parent/guardian requests a hearing, the Charter School shall utilize the same hearing procedures specified below for expulsions, before the effective date of the action to involuntarily remove the student. If the student's parent/guardian requests a hearing, the student shall remain enrolled and shall not be removed until the Charter School issues a final decision. As used herein, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include removals for misconduct which may be grounds for suspension or expulsion as enumerated below. Students may be involuntarily removed for reasons including, but not limited to, failure to comply with the terms of the student's independent study written agreement pursuant to Education Code Section 51747(g).

Definitions

[16] The Charter School shall ensure that a homeless child or youth's educational rights holder; a foster child or youth's educational rights holder, attorney, and county social worker; and an Indian child's tribal social worker and, if applicable, county social worker have the same rights as a parent or guardian to receive a suspension notice, expulsion notice, manifestation determination notice, involuntary transfer notice, involuntary removal notice, and other documents and related information. For purposes of this Policy and its Procedures, the term "parent/guardian" shall include these parties.

Suspension means removal of a student from ongoing instruction for adjustment purposes. However, suspension does not mean any of the following:

Suspension from Class by a Teacher

When suspending a student from class, the teacher shall immediately report this action to the principal or designee and send the student to the principal or designee for appropriate action. If that action requires the continuing presence of the student at school, the student shall be appropriately supervised during the class periods from which the student has been suspended.

As soon as possible after the teacher decides to suspend the student, the teacher shall ask the student's parent/guardian to attend a parent-teacher conference regarding the suspension. A counselor or psychologist may attend the conference if it is practicable, and a school administrator shall attend if either the parent/guardian or teacher so requests.

At the time of the suspension, an administrator or designee shall make a reasonable effort to contact the parent/guardian in person, by email, or by telephone. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense(s) committed by the student as well as the date the student may return to school following the suspension. If Charter School officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

A student suspended from class shall not be returned to class during the period of the suspension without the approval of the teacher of the class and the principal or designee.

A student suspended from class shall not be placed in another regular class during the period of suspension. However, a student assigned to more than one class per day may continue to attend other regular classes except those held at the same time as the class from which the student was suspended.

In accordance with Education Code Section 47606.2(a), upon the request of a parent, a legal guardian or other person holding the right to make education decisions for the student, or the affected student, a teacher shall provide to a student in any of grades 1 to 12, inclusive, who has been suspended from school for two (2) or more school days, the homework that the student would otherwise have been assigned.

In accordance with Education Code Section 47606.2(b), if a homework assignment that is requested pursuant to Section 47606.2(a) and turned into the teacher by the student either upon the student's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, is not graded before the end of the academic term, that assignment shall not be included in the calculation of the student's overall grade in the class.

Suspension by Executive Director, Principal or Principal's Designee

To implement disciplinary procedures at a school site, the principal may, in writing, designate as the principal's designee another administrator or, if the principal is the only administrator at the school site, a certificated employee. As necessary, the principal may, in writing, also designate another administrator or certificated employee as the secondary designee to assist with disciplinary procedures when the principal and the principal's primary designee are absent from the school site.

The Executive Director, principal, or designee shall immediately suspend any student found at school or at a school activity to have committed any of the acts listed in the Board policy under "Authority to Expel" and for which they are required to recommend expulsion.

The Executive Director, principal, or designee may impose a suspension for a first offense if they determine that the student violated any of the offenses listed under "Grounds for Suspension and Expulsion: Grades K-12" above or if the student's presence causes a danger to persons.

For all other offenses, a student may be suspended only when the Executive Director or principal has determined that other means of correction have failed to bring about proper conduct in the student. Other means of correction include, but are not limited to, the following:

(1) A conference between school personnel, the pupil's parent or guardian, and the pupil.
(2) Referrals to the school counselor, psychologist, social worker, child welfare attendance personnel, mental health therapist or other school support service personnel for case management and counseling.
(3) Study teams, guidance teams, resource panel teams, or other intervention-related teams that assess the behavior, and develop and implement individualized plans to address the behavior in partnership with the pupil and his or her parents.
(4) Referral for a comprehensive psychosocial or psychoeducational assessment, including for purposes of creating an individualized education program, adopted pursuant to Section 504.
(5) Enrollment in a program for teaching prosocial behavior or anger management.
(6) Participation in a restorative justice program.
(7) A positive behavior support approach with tiered interventions that occur during the school day on campus.
(8) After-school programs that address specific behavioral issues or expose pupils to positive activities and behaviors, including, but not limited to, those operated in collaboration with local parent and community groups.
(9) Any of the alternatives described in Section 48900.6.

When other means of correction are implemented prior to imposing suspension or supervised suspension upon a student, the Executive Director, principal, or designee shall document the other means of correction used and retain them in the student's record. (Education Code 48900.5)

Length of Suspension
The Executive Director, principal, or designee may suspend a student from school for not more than five (5) consecutive school days. (Education Code 48911)

A student may be suspended from school for not more than 20 school days in any school year. However, if a student enrolls in or is transferred to another regular school, an opportunity school, or continuation school or class for the purpose of adjustment, the student may be suspended for not more than 30 school days in a school year. Aspire may count suspensions that occur while a student is enrolled in another school district toward the maximum number of days for which the student may be suspended in any school year.

These restrictions on the number of days of suspension shall not apply when the suspension is extended pending an expulsion.

Due Process Procedures for Suspension
Suspensions shall be imposed in accordance with the following procedures:

Informal Conference: Suspension shall be preceded by an informal conference conducted by the Executive Director, principal, or designee with the student and, whenever practicable, the teacher, supervisor, or school employee who referred the student to the principal. At the conference, the student shall be informed of the reason for the disciplinary action, presented with the available evidence against the student, and given the opportunity to present their version and evidence in support of their defense. This conference shall be held within two (2) school days, unless the student waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. Penalties shall not be imposed on a student for failure of the student's parent or guardian to attend a conference with Charter School officials. Reinstatement of the suspended student shall not be contingent upon attendance by the student's parent/guardian, at the conference.

1. This conference may be omitted if the Executive Director, principal, or designee determines that an emergency situation exists involving a clear and present danger to the lives, safety, or health of students or school personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of the conference. Administrative Actions: All requests for student suspension are to be processed by the principal or designee. A school employee shall report the suspension, including the name of the student and the cause for the suspension, to the Executive Director or designee. This is accomplished by entering this information into Aspire's electronic student information system.
2. Notice to Parents/Guardians: At the time of the suspension, a school employee shall make a reasonable effort to contact the parent/guardian by email, telephone, or in person. Whenever a student is suspended, the parent/guardian shall also be notified in writing of the suspension. This notice shall state the specific offense committed by the student. In addition, the notice should state the date when the student may return to school following the suspension.
3. Parent/Guardian Conference: Whenever a student is suspended, school officials may request a meeting with the parent/guardian to discuss the cause(s) and duration of the suspension, the school policy involved, and any other pertinent matter. If school officials request to meet with the parent/guardian, the notice may state that the law requires the parent/guardian to respond to such requests without delay. However, no penalties may be imposed on the student for the failure of the parent/guardian to attend such a conference. The student may not be denied reinstatement solely because the parent/guardian failed to attend the conference.
4. Extension of Suspension: If the Board is considering the expulsion of a suspended student from any school the Executive Director or designee may, in writing, extend the suspension until such time as the Board has made a decision, provided the following requirements are followed:
    a. The extension of the original period of suspension is preceded by notice of such extension with an offer to hold a conference concerning the extension, giving the student an opportunity to be heard. In such instances, when the school has determined a suspension period will be extended, such extension shall be made only after a conference is held with the student and the student's parent/guardian, unless the student and the student's parent/guardian fail to attend the conference.
    b. The Executive Director or designee determines, following a meeting in which the student and the student's parent/guardian were invited to participate, that the student's

presence at the school or at an alternative school would endanger persons or property or threaten to disrupt the instructional process.

c. If the student involved is a foster youth, the Executive Director or designee shall notify Aspire's liaison for foster youth of the need to invite the student's attorney and a representative of the appropriate county child welfare agency to attend the meeting.
d. If the student involved is a homeless child or youth, the Executive Director or designee shall notify Aspire's liaison for homeless students.

In lieu of or in addition to suspending a student, the Executive Director, principal, or designee may provide services or require the student to participate in an alternative disciplinary program designed to correct their behavior and keep them in school.

Suspension Appeals Process

A student or the student's parents or guardians may appeal suspension, other than expulsion, imposed upon a student for his or her school-related offenses. The family may appeal first in writing at the school level as directed to the principal. The principal or principal's designee will attempt to resolve the appeal and provide a written response within ten (10) school days.

If further appeal is desired, the appeal should be made to the Aspire Regional Office and should be directed to the Executive Director designee (Regional Director of Student Services) for resolution with a written response within fifteen (15) school days. Based on the information submitted or requested, the RDSS may make one of the following decisions regarding the suspension:

A. Uphold the suspension

B. Determine that the suspension was not within school guidelines, overturn the suspension, and order that all records and documents regarding the disciplinary proceeding be destroyed. No information regarding the suspension will be placed in the student's permanent record, or shared with anyone not directly involved in the proceedings.

After appeal at this administrative level, if further review is desired, the appeal may be forwarded to the Aspire Executive and Compensation Committee for resolution with a written response within twenty (20) school days.
For any appeal that is denied, the parent/guardian may place a written rebuttal to the action in the student file.

Executive Director or Principal's Authority to Recommend Expulsion
Unless the Executive Director or principal determines that expulsion should not be recommended under the circumstances or that an alternative means of correction would address the conduct, they shall recommend a student's expulsion for any of the nondiscretionary expellable offense listed above

In determining whether or not to recommend the expulsion of a student, the Executive Director, principal, or designee shall act as quickly as possible to ensure that the student does not lose instructional time.

Student's Right to Expulsion Hearing

Any student recommended for expulsion shall be entitled to a hearing, as described herein, to determine whether the student should be expelled.

The hearing shall be held within 30 school days after the Executive Director, principal, or designee determines that the student has committed the act(s) that form the basis for the expulsion recommendation.

The student is entitled to at least one postponement of an expulsion hearing for a period of not more than 30 calendar days. The request for postponement shall be in writing. Any subsequent postponement may be granted at the Board's discretion.

If the Board finds it impractical during the regular school year to comply with these time requirements for conducting an expulsion hearing, the Executive Director or designee may, for good cause, extend the time period by an additional five school days. Reasons for the extension shall be included as a part of the record when the expulsion hearing is held.

If the Board finds it impractical to comply with the time requirements of the expulsion hearing due to a summer recess of Board meetings of more than two weeks, the days during the recess shall not be counted as school days. The days not counted during the recess may not exceed 20 school days. Unless the student requests in writing that the expulsion hearing be postponed, the hearing shall be held not later than 20 calendar days prior to the first day of the next school year.

Once the hearing starts, all matters shall be pursued with reasonable diligence and concluded without unnecessary delay.

Stipulated Expulsion

After a determination that a student has committed an expellable offense, the Executive Director or Regional Director of Student Services may offer the student and the student's parent/guardian the option to waive a hearing and stipulate to the expulsion or to a suspension of the expulsion under certain conditions. The offer shall be made only after the student or the student's parent/guardian has been given written notice of the expulsion hearing.

The stipulation agreement shall be in writing and shall be signed by the student and their parent/guardian. The stipulation agreement shall include notice of all the rights that the student is waiving, including the waiving of their right to have a full hearing and to consult legal counsel.

A stipulated expulsion agreed to by the student and their parent/guardian shall be effective upon approval by the Board. The Board reserves the right to accept, reject or alter a stipulated expulsion agreement.

Rights of Complaining Witness

An expulsion hearing involving allegations of sexual assault or sexual battery may be postponed for one school day in order to accommodate the special physical, mental, or emotional needs of a student who is the complaining witness.

Whenever the Executive Director or designee recommends an expulsion hearing that addresses allegations of sexual assault or sexual battery, they shall give the complaining witness a copy of Aspire's suspension and expulsion policy and regulation and shall advise the witness of their right to:

1. Receive five days' notice of their scheduled testimony at the hearing
2. Have up to two adult support persons of their choosing present at the hearing at the time they testify
3. Have a closed hearing during the time they testify

In cases where providing testimony in person would expose the witness to emotional and/or physical harm, the witness may submit a request to provide testimony in a written format to the hearing officer. Requests may be accompanied by any written documentation to support the claim of emotional and/or physical harm. The request to provide written documentation must be made at least 5 calendar days prior to the hearing date. The hearing officer shall have final authority to determine if testimony will be allowed to me made in written format.

Whenever any allegation of sexual assault or sexual battery is made, the Executive Director or designee shall immediately advise complaining witnesses and accused students to refrain from personal or telephone contact with each other during the time when an expulsion process is pending.

Written Notice of the Expulsion Hearing

Written notice of the expulsion hearing shall be forwarded to the student and the student's parent/guardian at least 10 calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served. The notice shall include:

- The date and place of the hearing
- A statement of the specific facts, charges, and offense upon which the proposed expulsion is based
- A copy of Aspire's disciplinary rules which relate to the alleged violation
- Notification of the student's or parent/guardian's obligation to provide information about the student's status in Aspire to any other district or school in which the student seeks enrollment

    - This obligation applies when a student is expelled for acts other than those described in Education Code Section 48915 (a) or (c).
- An explanation of the opportunity for the student or the student's parent/guardian to appear in person or be represented by legal counsel or by a non-attorney adviser
    - Legal counsel means an attorney or lawyer who is admitted to the practice of law in California and is an active member of the State Bar of California.
    - Non-attorney adviser means an individual who is not an attorney or lawyer, but who is familiar with the facts of the case and has been selected by the student or student's parent/guardian to provide assistance at the hearing.
- An explanation of the right to inspect and obtain copies of all documents to be used at the hearing
- An explanation of the opportunity to confront and question all witnesses who testify at the hearing
- An explanation of the opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf, including witnesses

Additional Notice of Expulsion Hearing for Foster Youth and Homeless Students
If the student facing expulsion is a foster student, the Executive Director or designee shall also send notice of the hearing as required by Education Code Section 47605(c)(5)(J).

If the student facing expulsion is a homeless student, the Executive Director or designee shall also send notice of the hearing to Aspire's liaison for homeless students, and as required by Education Code Section 47605(c)(5)(J), at least 10 days prior to the hearing.

Any notice for these purposes may be provided by the most cost-effective method possible, including by email or a telephone call.

In an effort to expedite a hearing, the 10 day notice of hearing may be waived if the student and parent/guardian as well as the Hearing Officer mutually agree to such a waiver.

Alternative Expulsion Hearing: Hearing Officer or Administrative Panel
Instead of conducting an expulsion hearing itself, the Board may utilize an internal and impartial hearing officer, or may contract with the county hearing officer or with the Office of Administrative Hearings of the State of California for a hearing officer. The Board may also appoint an impartial administrative panel composed of three or more certificated personnel, none of whom shall be members of the Board or on the staff of the school in which the student is enrolled.

A hearing conducted by the hearing officer or administrative panel shall conform to the same procedures applicable to a hearing conducted by the Board as specified above in "Conduct of Expulsion Hearing," including the requirement to issue a decision within 40 school days of the student's removal from school, unless the student requests that the decision be postponed. The hearing shall be held in a confidential setting (complying with all student confidentiality rules under FERPA).

The hearing officer or administrative panel shall, within three (3) school days after the hearing, determine whether to recommend expulsion of the student to the Board. If expulsion is not recommended, the expulsion proceeding shall be terminated and the student shall be immediately reinstated and permitted to return to the classroom instructional program from which the referral was made, unless another placement is requested in writing by the student's parent/guardian. Before the student's placement decision is made by their parent/guardian, the Executive Director or designee shall consult with the parent/guardian and Aspire staff, including the student's teachers, regarding other placement options for the student in addition to the option to return to the classroom instructional program from which the student's expulsion referral was made. The decision to not recommend expulsion shall be final.

If expulsion is recommended, findings of fact in support of the recommendation shall be prepared and submitted to the Board. All findings of fact and recommendations shall be based solely on the evidence presented at the hearing. The Board may accept the recommendation based either upon a review of the findings of fact and recommendations submitted or upon the results of any supplementary hearing the Board may order.

In accordance with Board policy, the hearing officer or administrative panel may recommend that the Board suspend the enforcement of the expulsion. If the hearing officer or administrative panel recommends that the Board expel a student but suspend the enforcement of the expulsion, the student shall not be reinstated and permitted to return to the classroom instructional program from which the referral was made until the Board has ruled on the recommendation.

Conduct of Expulsion Hearing

1. Closed Session: The Board, Hearing Officer, or Administrative Panel shall conduct a hearing to consider the expulsion of the student in a session closed to the public unless the student requests in writing at least five days prior to the hearing that the hearing be a public meeting. If such a request is made, the meeting shall be public to the extent that privacy rights of other students are not violated.

Whether the expulsion hearing is held in closed or public session, the Board may meet in closed session to deliberate and determine whether or not the student should be expelled. If the Board admits any other person to this closed session, the parent/guardian, the student, and the counsel of the student also shall be allowed to attend the closed session.

If a hearing that involves a charge of sexual assault or sexual battery is to be conducted in public, a complaining witness shall have the right to have their testimony heard in closed session when testifying in public would threaten serious psychological harm to the witness and when there are no alternative procedures to avoid the threatened harm, including, but not limited to, videotaped deposition or contemporaneous examination in another place communicated to the hearing room by closed-circuit television.

2. Record of Hearing: A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.
3. Subpoenas: Before commencing a student expulsion hearing, the Board may issue subpoenas, at the request of either the student or the Executive Director or designee, for the personal appearance at the hearing of any person who actually witnessed the action that gave rise to the recommendation for expulsion. After the hearing has commenced, the Board or the hearing officer or administrative panel may issue such subpoenas at the request of the student or the County CEO of Schools or designee. All subpoenas shall be issued in accordance with Code of Civil Procedure Sections 1985-1985.2 and enforced in accordance with Government Code Section 11455.20.

Any objection raised by the student or the Executive Director or designee to the issuance of subpoenas may be considered by the Board in closed session, or in open session if so requested by the student, before the meeting. The Board's decision in response to such an objection shall be final and binding.

If the Board determines, or if the hearing officer or administrative panel finds and submits to the Board, that a witness would be subject to unreasonable risk of harm by testifying at the hearing, a subpoena shall not be issued to compel the personal attendance of that witness at the hearing. However, that witness may be compelled to testify by means of a sworn declaration as described in item #4 below.

4. Presentation of Evidence: Technical rules of evidence shall not apply to the expulsion hearing, but relevant evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. The decision of the Board to expel shall be supported by substantial evidence that the student committed an expellable offense.

Findings of fact shall be based solely on the evidence at the hearing. Although no finding shall be based solely on hearsay, sworn declarations may be admitted as testimony from witnesses whose disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

In cases where a search of a student's person or property has occurred, evidence describing the reasonableness of the search shall be included in the hearing record.

5. Testimony by Complaining Witnesses: The following procedures shall be observed when a hearing involves allegations of sexual assault or sexual battery by a student:

   The Board, Hearing Officer or Administrative Panel may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk

of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by the Board, Hearing Officer or Administrative Panel. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the student.

Any complaining witness shall be given a copy of the applicable disciplinary rules and advised of their right to (a) receive five (5) days' notice before being called to testify; (b) have up to two (2) adult support persons, including, but not limited to, a parent/guardian or legal counsel, present during their testimony; and (c) elect to have the hearing closed while testifying.

Before a complaining witness testifies, support persons shall be admonished that the hearing is confidential.

The person presiding over the hearing may remove a support person whom they find is disrupting the hearing.

If one or both support persons are also witnesses, the Charter School must present evidence that the witness' presence is both desired by the witness and will be helpful to the Charter School. The entity presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude Hearing Officer or Administrative Panel from exercising their discretion to remove a person from the hearing whom they believe is prompting, swaying, or influencing the witness.

The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the hearing room during that testimony

Evidence of specific instances of prior sexual conduct of a complaining witness shall be presumed inadmissible and shall not be heard unless the person conducting the hearing determines that extraordinary circumstances require the evidence to be heard. Before such a determination is made, the complaining witness shall be given notice and an opportunity to oppose the introduction of this evidence. In the hearing on the admissibility of this evidence, the complaining witness shall be entitled to be represented by a parent/guardian, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of a complaining witness shall not be admissible for any purpose.

In order to facilitate a free and accurate statement of the experiences of the complaining witness and to prevent discouragement of complaints, Aspire shall provide a non threatening environment.

(1) Aspire shall provide a room separate from the hearing room for the use of the complaining witness before and during breaks in testimony.
(2) At the discretion of the person conducting the hearing, the complaining witness shall be allowed reasonable periods of relief from examination and cross-examination during which the complaining witness may leave the hearing room.
(3) The person conducting the hearing may:
    (a) Arrange the seating within the hearing room so as to facilitate a less intimidating environment for the complaining witness
    (b) Limit the time for taking the testimony of a complaining witness to the hours they are normally in school, if there is no good cause to take the testimony during other hours
    (c) Permit one of the support persons to accompany the complaining witness to the witness stand

6. Decision: The Board's decision as to whether to expel a student shall be made within 40 school days after the student is removed from their school of attendance, unless the student requests in writing that the decision be postponed. The Board's decision shall be final.

Final Action by the Board

Whether the expulsion hearing is conducted in closed or public session by the Board, a hearing officer, or an administrative panel or is waived through the signing of a stipulated expulsion agreement, the final action to expel shall be taken by the Board in public.

The Board's decision is the final act within the jurisdiction of Aspire Monarch. If the decision is to not expel, the student shall be reinstated immediately. If the decision is to suspend the enforcement of the expulsion, the student shall be reinstated under the conditions of the suspended expulsion.

Upon ordering an expulsion, the Board shall set a date when the student may apply for readmission to a school within Aspire. For a student expelled for any "mandatory recommendation and mandatory expulsion" act listed in the section "Authority to Expel" in the accompanying Board policy, this date shall be one year from the date the expulsion occurred, except that the Board may set an earlier date on a case-by-case basis. For a student expelled for other acts, this date shall be no later than the last day of the semester following the semester in which the expulsion occurred. If an expulsion is ordered during summer session or the intersession period of a year-round program, the Board shall set a date when the student shall be reviewed for readmission not later than the last day of the semester following the summer session or intersession period in which the expulsion occurred.

At the time of the expulsion order, the Board shall recommend a plan for the student's rehabilitation, which may include:

1. Periodic review, as well as assessment at the time of review, for readmission

2. Recommendations for improved academic performance, tutoring, special education assessments, job training, counseling, employment, community service, or other rehabilitative programs

With parent/guardian consent, students who have been expelled for reasons relating to controlled substances or alcohol may be required to enroll in a county-sponsored drug rehabilitation program before returning to school.

Written Notice to Expel

The Executive Director or designee shall send written notice of the decision to expel, including findings of fact, to the student and the student's parent/guardian. This notice shall include the following:

1. The specific offense committed by the student;
2. The fact that a description of readmission procedures will be made available to the student and their parent/guardian
3. Notice of the alternative educational placement to be provided to the student during the time of expulsion
4. Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's expelled status with Aspire
5. Notice that the student has the right to appeal Aspire's expulsion decision to the County Board of Education.

The Principal or designee shall send a copy of the written notice of the decision to expel to the student's district of residence, upon finality of the expulsion. This notice shall include the following: (a) The student's name; and (b) The specific expellable offense committed by the student.

Decision to Suspend Expulsion Order

In accordance with Board policy, when deciding whether to suspend the enforcement of an expulsion order, the Board shall take into account the following criteria:

1. The student's pattern of behavior
2. The seriousness of the misconduct
3. The student's attitude toward the misconduct and their willingness to follow a rehabilitation program

The suspension of the enforcement of an expulsion shall be governed by the following:

1. The Board may, as a condition of the suspension of enforcement, assign the student to a school, class, or program appropriate for the student's rehabilitation. This rehabilitation program may provide for the involvement of the student's parent/guardian in the student's education. However, a parent/guardian's refusal to participate in the rehabilitation program shall not be considered in the Board's determination as to whether the student has satisfactorily completed the rehabilitation program.

2. During the period when enforcement of the expulsion order is suspended, the student shall be on probationary status.
3. The suspension of the enforcement of an expulsion order may be revoked by the Board, the Executive Director or a designee if the student commits any of the acts listed under "Grounds for Suspension and Expulsion: Grades K-12" above or violates any of Aspire's rules and regulations governing student conduct.
4. When the suspension of enforcement of an expulsion order is revoked, a student may be expelled under the terms of the original expulsion order immediately.
5. Upon satisfactory completion of the rehabilitation assignment, the Board shall reinstate the student. Upon reinstatement, the Board may order the expunging of any or all records of the expulsion proceedings.
6. The Executive Director or designee shall send written notice of any decision to suspend the enforcement of an expulsion order during a period of probation to the student or parent/guardian. The notice shall inform the student and parent/guardian of their obligation to inform any new district in which the student seeks to enroll of their expelled status with Aspire.

Notification to Law Enforcement Authorities

Prior to the suspension or expulsion of any student, the principal or designee shall notify appropriate city or county law enforcement authorities of any student acts of assault which may have violated Penal Code Section 245.

The principal or designee shall notify appropriate city or county law enforcement authorities of any student acts which may involve the sale of narcotics or of a controlled substance, or of any student acts involving the possession, sale, or furnishing of firearms, explosives, or other dangerous weapons in violation of Education Code Section 48915(c)(1) or (5) or Penal Code Sections 626.9 and 626.10.

Placement During Term of Expulsion

The Board shall refer expelled students to a program of study that is:

1. Appropriately prepared to accommodate students who exhibit discipline problems
2. Not provided at a comprehensive middle, junior, or senior high school or at any elementary school, unless the program is offered at a community day school established at any of these
3. Not housed at the school site attended by the student at the time of suspension

The program for a student expelled from any of grades K-6 shall not be combined or merged with programs offered to students in any of grades 7-12.

Readmission After Expulsion

Prior to the date set by the Board for the student's readmission:

The student or parent/guardian is responsible for contacting the Executive Director or designee to request a readmission hearing. Upon receiving such a request, the Executive Director or designee shall

hold a conference with the parent/guardian and the student. At the conference, the student's rehabilitation plan shall be reviewed and the Executive Director or designee shall verify that the provisions of this plan have been met. School regulations shall be reviewed and the student and parent/guardian shall be asked to indicate in writing their willingness to comply with these regulations.

The Executive Director or designee shall transmit to the Board their recommendation regarding readmission. The Board shall consider this recommendation in closed session. If a written request for an open session is received from the parent/guardian or adult student, it shall be honored to the extent that privacy rights of other students are not violated.

If the readmission is granted, the Executive Director or designee shall notify the student and parent/guardian of the Board's decision regarding readmission.

Readmission and placement shall be at the discretion of the Executive Director or designee. Students are not guaranteed readmission into the educational program that the student had prior to expulsion.

The Board may deny readmission only if it finds that the student has not satisfied the conditions of the rehabilitation plan or that the student continues to pose a danger to campus safety or to other Aspire students or employees.

The Board shall provide written notice to the expelled student and parent/guardian describing the reasons for denying readmittance into the regular program. This notice shall indicate the Board's determination of the educational program which the Board has chosen. The student shall enroll in that program unless the parent/guardian chooses to enroll the student in another school district.

Students requesting admission following an expulsion from a non-Aspire school shall be required to submit all documentation to the Executive Director or designee. The Executive Director or designee shall have ten (10) school days to consider the readmission, schedule a meeting if necessary and respond with a decision regarding admission. The Executive Director or designee shall have final authority to admit or deny the student’s request for admission.

No student shall be denied readmission into an Aspire school based solely on the student's arrest, adjudication by a juvenile court, formal or informal supervision by a probation officer, detention in a juvenile facility, enrollment in a juvenile court school, or other such contact with the juvenile justice system.

Maintenance of Records

Aspire shall maintain a record of each suspension and expulsion, including its specific cause(s).
Expulsion records of any student shall be maintained in the student's mandatory interim record and sent to any school in which the student subsequently enrolls upon written request by that school.

The Executive Director or designee shall, within five working days, honor any other district's request for information about an expulsion from Aspire.

Notice to Teachers

The Charter School shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code Section 49079 and the corresponding enumerated offenses set forth above.

Special Procedures for the Consideration of Suspension and Expulsion or Involuntary Removal of Students with Disabilities

1. Notification of SELPA

The Charter School shall immediately notify the SELPA and coordinate the procedures in this policy with the SELPA of the discipline of any student with a disability or student that the Charter School or the SELPA would be deemed to have knowledge that the student had a disability.

2. Services During Suspension

Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting (which could constitute a change of placement and the student's IEP would reflect this change), and to progress toward meeting the goals set out in the child's IEP/504 Plan; and receive, as appropriate, a functional behavioral assessment and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

3. Procedural Safeguards/Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, the Charter School, the parent, and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and any relevant information provided by the parent/guardian to determine:

a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
b. If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504 Plan.

If the Charter School, the parent/guardian, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If the Charter School, the parent/guardian, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:

a. Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child, provided that the Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;
b. If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and
c. Return the child to the placement from which the child was removed, unless the parent/guardian and the Charter School agree to a change of placement as part of the modification of the behavioral intervention plan.

If the Charter School, the parent/guardian, and relevant members of the IEP/504 Team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a direct result of the failure to implement the IEP/504 Plan, then the Charter School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

3. Special Circumstances

Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The Principal or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

a. Carries or possesses a weapon, as defined in 18 U.S.C. Section 930, to or at school, on school premises, or to or at a school function;
b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or
c. Has inflicted serious bodily injury, as defined by 20 U.S.C. Section 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

4. Due Process Appeals

The parent/guardian of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination, or the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request an expedited

administrative hearing through the Special Education Unit of the Office of Administrative Hearings or by utilizing the dispute provisions of the 504 Policy and Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent/guardian or the Charter School, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer in accordance with state and federal law, including 20 U.S.C. Section 1415(k), until the expiration of the forty-five (45) day time period provided for in an interim alternative educational setting, unless the parent/guardian and the Charter School agree otherwise.

In accordance with 20 U.S.C. Section 1415(k)(3), if a parent/guardian disagrees with any decision regarding placement, or the manifestation determination, or if the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, the parent/guardian or Charter School may request a hearing.

In such an appeal, a hearing officer may: (1) return a child with a disability to the placement from which the child was removed; or (2) order a change in placement of a child with a disability to an appropriate interim alternative educational setting for not more than 45 school days if the hearing officer determines that maintaining the current placement of such child is substantially likely to result in injury to the child or to others.

5. Interim Alternative Educational Setting
The student's interim alternative educational setting shall be determined by the student's IEP/504 Team.

6. Procedures for Students Not Yet Eligible for Special Education Services
A student who has not been identified as an individual with disabilities pursuant to IDEA and who has violated the Charter School's disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if the Charter School had knowledge that the student was disabled before the behavior occurred.

The Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

> The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to Charter School supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.
>
> The parent/guardian has requested an evaluation of the child.

The child's teacher, or other Charter School personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other Charter School supervisory personnel.

If the Charter School knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEA-eligible children with disabilities, including the right to stay-put.

If the Charter School had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. The Charter School shall conduct an expedited evaluation if requested by the parents; however, the student shall remain in the education placement determined by the Charter School pending the results of the evaluation.

The Charter School shall not be deemed to have knowledge that the student had a disability if the parent/guardian has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

Element 11: Employee Retirement Systems

"The manner by which staff members of the charter schools will be covered by the State Teachers' Retirement System, the Public Employees' Retirement System, or federal social security." – Ed. Code § 47605(c)(5)(K)

All employees of Aspire Public Schools who qualify for membership in the State Teachers' Retirement System ("STRS") or the Public Employees' Retirement System ("PERS") and Social Security shall be covered under the appropriate system. Employees will contribute at the rate established by STRS or PERS. In the event that PERS is unavailable to the Charter School's noncertificated employees, the Charter School will offer an alternative retirement plan (e.g. an employer-sponsored 403(b) account). Non-certificated employees will also participate in social security.

The Payroll and Human Resources Departments at Aspire will ensure that appropriate arrangements for the coverage have been made. Aspire will make all employer contributions as required. Aspire will also make contributions for workers' compensation insurance, unemployment insurance and any other payroll obligations of an employer.

Element 12: Public Attendance Alternatives

"The public school attendance alternatives for pupils residing within the school district who choose not to attend charter schools." – Ed. Code § 47605(c)(5)(L)

Pupils who choose not to attend the Charter School may choose to attend other public schools in their district of residence or pursue inter-district transfers in accordance with existing enrollment and transfer policies of the District. Parents or guardians of each pupil enrolled in the Charter School shall be informed that the pupil has no right to admission in a particular school of any local educational agency (LEA) (or program of any LEA) as a consequence of enrollment in the Charter School, except to the extent that such a right is extended by the District.

No student may be required to attend the Charter School.

Element 13: Employee Rights of Return

"The rights of an employee of the school district upon leaving the employment of the school district to work in a charter school, and of any rights of return to the school district after employment at a charter school." – Ed. Code § 47605(c)(5)(M)

Employees of the District who choose to leave the employment of the District to work at Charter School shall have no automatic rights of return to the District after employment at Charter School unless specifically and explicitly granted by the District through a leave of absence or other agreement or policy of the District as aligned with the collective bargaining agreements of the District. Leave and return rights for District union-represented employees and former employees who accept employment with Charter School, if any, will be administered in accordance with applicable collective bargaining agreements and any applicable judicial rulings.

No individual may be required to work for the Charter School. Sick or vacation leave or years of service credit at the District or any other school district will not be transferred to the Charter School. Employment by the Charter School provides no rights of employment at any other entity, including any rights in the case of closure of the Charter School.

Element 14: Dispute Resolution

"The procedures to be followed by the charter school and the chartering authority to resolve disputes relating to provisions of the charter." – Ed. Code § 47605(c)(5)(N)

Procedures for Complaints against Charter School

Charter School will establish complaint procedures as required by 5 CCR §4600 *et seq*. The complaint procedures shall address both complaints against the Charter School alleging discrimination or violations of law and complaints regarding other areas. Charter School will ensure that its complaint processes are fair and accessible for families. Charter School will not, at any time, refer such complaints to the District for handling.

The complaint procedures will include the clear information with respect to the response timeline of the school, whether the school's response will be in writing, the party identified to respond to complaints, the party identified and charged with making final decisions regarding complaints, and whether the final decision will be issued in writing. The procedures will also identify an impartial and neutral ombudsperson for situations in which the school leader is the subject person of the complaint or the ombudsperson has a perceived bias. If the complainant requests an alternate ombudsperson, Charter School shall have a procedure for reviewing the request and responding to the complainant with the findings of the review, and either (a) identifying an alternate ombudsperson, or (b) providing a rationale for why an alternate ombudsperson is not necessary. The complaint procedures will be clearly articulated in the school's student and family handbook or distributed widely.

Charter School will designate at least one employee to coordinate its efforts to comply with and carry out its responsibilities under Title IX of the Education Amendments of 1972 (Title IX) and Section 504 of the Rehabilitation Act of 1973 (Section 504) including any investigation of any complaint filed with Charter School alleging its noncompliance with these laws or alleging any actions which would be prohibited by these laws. Charter School will notify all its students and employees of the name, office address, and telephone number of the designated employee or employees.

Charter School shall comply with the requirements of Education Code section 221.61 with respect to posting information regarding the filing complaints under Title IX, including but not limited to the following: 1) the name and contact information of the Title IX coordinator; 2) the rights of the pupil and the public and the responsibilities of the Charter School under Title IX; 3) a description of how to file a complaint under Title IX, including an explanation of the statute of limitations, how the complaint will be investigated and how the complainant may further pursue the complaint; and a link to the United States Department of Education Office for Civil rights complaint form.

Charter School will implement specific and continuing steps to notify applicants for admission and employment, students and parents of elementary and secondary school students, employees, sources of referral of applicants for admission and employment, and all unions or professional organizations holding collective bargaining or professional agreements with the recipient, that it does not discriminate on the basis of sex or mental or physical disability in the educational program or activity which it operates, and that it is required by Title IX and Section 504 not to discriminate in such a manner.

Complaints by Students and Employees

Charter School will adopt and publish grievance procedures providing for prompt and equitable resolution of student and employee complaints alleging any action, which would be prohibited by Title IX, or Section 504.

Disputes between the District and the Charter School

The staff and Governing Board members of Charter School agree to attempt to resolve all disputes between the District and Charter School regarding this Charter pursuant to the terms of this section. Both will refrain from public commentary regarding any disputes until the matter has progressed through the dispute resolution process.

Any controversy or claim arising out of or relating to the Charter between the District and Charter School, except any controversy or claim that in any way related to revocation of this Charter, shall be handled first through an informal process in accordance with the procedures set forth below.

(1) Any controversy or claim arising out of or relating to the Charter, except any controversy or claim that in any way related to revocation of the Charter, must be put in writing ("Written Notification") by the party asserting the existence of such dispute. If the substance of a dispute is a matter that could result in the taking of appropriate action, including, but not limited to, revocation of the charter in accordance with Education Code section 47607(f), the matter will be addressed at the District's discretion in accordance with that provision of law and any regulations pertaining thereto. The Written Notification must identify the nature of the dispute and all supporting facts known to the party giving the Written Notification. The Written Notification may be tendered by personal delivery, mail, or electronic mail. The Written Notification, and all subsequent notifications under this procedure, shall be deemed received (a) if personally delivered, or sent by electronic mail, upon date of delivery to the address of the person to receive such notice if received by the District by 5:00 PM; (b) if by mail, two (2) business days after deposit in the U.S. Mail. All written notices shall be addressed as follows:

To Aspire Monarch Academy, c/o Principal:

Aspire Monarch Academy

1445 101st Avenue

Oakland, CA 94603

To Director, Office of Charter Schools:

1011 Union Street #947

Oakland, CA 94607

(2) A written response ("Written Response") shall be tendered to the party providing the Written Notification within twenty (20) business days from the date of receipt of the Written Notification. The Written Response shall state the responding party's position on all issues stated in the Written Notification and set forth all facts which the responding party believes supports its position. The Written Response may be tendered by personal delivery, mail, or electronic mail.

The parties agree to schedule a conference to discuss the claim or controversy ("Issue Conference"). The Issue Conference shall take place within fifteen (15) business days from the date the Written Response is received by the other party.

(3) If the controversy, claim, or dispute is not resolved by mutual agreement at the Issue Conference, then either party may request that the matter be resolved by mediation. Each party shall bear its own costs and expenses associated with the mediation. The mediator's fees and the administrative fees of the mediation shall be shared equally among the parties. Mediation proceedings shall commence within 60 calendar days from the date of the Issue Conference. The parties shall mutually agree upon the selection of a mediator to resolve the controversy or claim at dispute. If no agreement on a mediator is reached within 30 days after a request to mediate, the parties will use the processes and procedures of the American Arbitration Association ("AAA") to have an arbitrator appointed.

(4) If the mediation is not successful, the parties agree that each party has exhausted its administrative remedies and shall have any such recourse available by law.

The Charter School shall have an internal dispute resolution process to be used for all internal disputes related to the Charter School's operations. The Charter School shall also maintain a Uniform Complaint Policy and Procedures and Title IX Complaint Procedures as required by state and federal law, respectively. Parents, students, Board members, volunteers, and staff at the Charter School shall be provided with a copy of the Charter School's policies and internal dispute resolution process. The District shall promptly refer all disputes not related to a possible violation of the charter or law to the Charter School.

Element 15: Closure Procedures

"The procedures to be used if the charter school closes. The procedures shall ensure a final audit of the charter school to determine the disposition of all assets and liabilities of the charter school, including plans for disposing of any net assets and for the maintenance and transfer of pupil records." – Ed. Code § 47605(c)(5)(O)

The Charter School shall follow the procedures for closure outlined in the Oakland Unified School District Office of Charter Schools Charter School Closure Checklist available on the OCS website.

The decision to close Charter School must be documented in a "Closure Action." A Closure Action shall be deemed to have been automatically taken when any of the following occur: the Charter is revoked (subject to the provisions of Education Code section 47607(h)) or non-renewed by the OUSD Board of Education, and the Charter has exhausted any appeals procedures the Charter pursued; the governing board of Charter School votes to close Charter School; the Charter lapses or is surrendered; or the Charter School ceases to serve students for at least half of an academic year.

Within 30 calendar days of the effective date of closure, Charter School shall provide all employees with written verification of employment. Charter School shall send copies of all such employee verification letters to OCS.

Records Retention and Transfer

Charter School shall comply with all applicable laws as well as District policies and procedures, as they may change from time to time, regarding the transfer and maintenance of Charter School records, including student records. These requirements include:

1. Charter School shall provide the District with original student cumulative files and behavior records, pursuant to District policy and applicable District handbook(s) regarding cumulative records for secondary and elementary schools, for all students, both active and inactive, of Charter School. Transfer of the complete and organized original student records to the District, in accordance with District procedures applicable at the time of closure, shall occur within seven (7) calendar days of the effective date of closure.
2. Charter School's process for transferring student records to receiving schools shall be in accordance with OUSD procedures for students moving from one school to another.
3. Charter School shall prepare and provide an electronic master list of all students to OCS in accordance with the District procedures applicable at the time of closure. This list shall include

the student's identification number, Statewide Student Identifier (SSID), birthdate, grade, full name, address, home school/school district, enrollment date, exit code, exit date, parent/guardian name(s), and phone number(s). If the Charter School closure occurs before the end of the school year, the list also shall indicate the name of the school to which each student is transferring, if known. This electronic master list shall be submitted to OCS in accordance with District procedures.

4. Charter School must update all student records in the California Longitudinal Pupil Achievement Data System (CALPADS) prior to closing.
5. Charter School must provide to OCS the name, title, and contact information of the person designated to maintain all Charter School personnel records after the closure. Personnel records to be transferred to and maintained by the designee must include any and all employee records, including but not limited to, records related to performance and grievance. Charter School must provide to OCS and the designee a spreadsheet of personnel records of all active and inactive employees, that includes dates of employment, role, salary, and any other information necessary for employment verification. Both Charter School and the designee, individually and separately, shall inform OCS immediately upon the transfer of Charter School's employee records to the designee.
6. Charter School shall provide to the responsible person(s) designated by the governing board of Charter School to conduct all closure-related activities a list of students in each grade level and, for each student, a list of classes completed and the student's district of residence.

Financial Close-Out

After receiving notification of closure, the CDE may notify Charter School and the authorizing entity of any liabilities Charter School owes the state, which may include overpayment of Local Control Funding Formula and select apportionments, start up grants, or other liabilities. The CDE may ask the County Office of Education to conduct an audit of the charter school if it has reason to believe that the school received state funding for which it was not eligible.

Charter School shall ensure completion of an independent final "closeout audit" within six months after the closure of Charter School that includes:

1. An accounting of all financial assets. These may include cash and accounts receivable and an inventory of property, equipment, and other items of material value.
2. An accounting of all liabilities. These may include accounts payable or reduction in apportionments due to loans, unpaid staff compensation, audit findings, or other investigations.
3. An assessment of the disposition of any restricted funds received by or due to Charter School.

This audit may serve as Charter School's annual audit, if so permitted by the California Department of Education, California State Controller, and/or the State Superintendent of Public Instruction.

Charter School shall pay for the financial closeout audit of Charter School. This audit will be conducted by a neutral, independent licensed CPA who will employ generally accepted accounting principles. Any liability or debt incurred by Charter School will be the responsibility of Charter School and not OUSD. Charter School understands and acknowledges that Charter School will cover the outstanding debts or liabilities of Charter School. Any unused monies at the time of the audit will be returned to the appropriate funding source. Charter School understands and acknowledges that only unrestricted funds will be used to pay creditors. Any unused AB 602 funds or other special education funding will be returned to the District SELPA or the SELPA in which Charter School participates, and other categorical funds will be returned to the source of funds.

Charter School shall ensure the completion and filing of any annual reports required. These reports include but are not necessarily limited to:

1. Preliminary budget
2. Local control and accountability plan and annual updates
3. Interim financial reports
4. Second interim financial reports
5. Final unaudited reports

These reports must be submitted to the CDE and the authorizing entity in the form required. If Charter School chooses to submit this information before the forms and software are available for the fiscal year, alternative forms can be used if they are approved in advance by the CDE. These reports should be submitted as soon as possible after the Closure Action, but no later than the required deadline for reporting for the fiscal year.

For apportionment of categorical programs, the CDE will count the prior year average daily attendance (ADA) or enrollment data of the closed Charter School with the data of the authorizing entity. This practice will occur in the first year after the closure and will continue until CDE data collection processes reflect ADA or enrollment adjustments for all affected LEAs due to the charter closure.

Disposition of Liabilities and Assets

The closeout audit shall identify the disposition of all liabilities of Charter School. Charter School closure procedures must also ensure appropriate disposal, in accordance with the Charter School's governing board bylaws, fiscal procedures, and any other applicable laws and regulations, of any net assets remaining after all liabilities of Charter School have been paid or otherwise addressed. Such disposal includes, but is not limited to:

1. Charter School, at its cost and expense, shall return to the District any and all property, furniture, equipment, supplies, and other assets provided to Charter School by or on behalf of the District. The District discloses that the California Education Code sets forth the requirements for the disposition of the District's personal property and Charter School shall bear responsibility and liability for any disposition in violation of statutory requirements.
2. The return of any donated materials and property in accordance with any terms and conditions set when the donations were accepted.
3. The return of any grant and restricted categorical funds to their sources according to the terms of the grant or state and federal law.
4. The submission of final expenditure reports for any entitlement grants and the filing of Final Expenditure Reports and Final Performance Reports, as appropriate.
5. The submission of an inventory of equipment log in coordination with the charter school's independent auditor about the proper procedures for liquidating the assets, consistent with federal regulations. The inventory log shall include:
    a. Name and contact of person(s) handling the liquidation;
    b. Each item in excess of $500 (computers, laptops, printers, and other equipment);
    c. An identification number that corresponds to a tag on that item;
    d. The cost of the item and whom/where/date of the item that was donated/sold.

If Charter School is operated by a nonprofit corporation, and if the corporation does not have any functions other than operation of Charter School, the corporation shall be dissolved according to its bylaws.

Charter School shall retain sufficient staff, as deemed appropriate by the Charter School governing board to complete all necessary tasks and procedures required to close the school and transfer records in accordance with these closure procedures.

Charter School's governing board shall adopt a plan for closure of Charter School and, if necessary, the corporation, in accordance with the requirements of the Corporations Code.

Charter School shall provide OUSD within fourteen (14) calendar days of the Closure Action with written notice of any outstanding payments due to staff and the time frame and method by which Charter School will make the payments.

Prior to final close-out, Charter School shall complete all actions required by applicable law, including but not limited to the following:

1. File all final federal, state, and local employer payroll tax returns and issue final W-2s and Form 1099s by the statutory deadlines.
2. Make final federal tax payments (employee taxes, etc.)

3. Complete and submit all required federal and state filings and notices to the State of California, the Internal Revenue Service, and the Department of the Treasury, including, but not limited to, final tax returns and forms (e.g. Form 990 and related Schedules).

This Element 15 shall survive the revocation, nonrenewal, expiration, termination, cancellation of this Charter, or any other act or event that would end Charter School's authorization to operate as a charter school or cause Charter School to cease operation. Charter School agrees that, due to the nature of the property and activities that are the subject of this Charter, the District and public shall suffer irreparable harm should Charter School breach any obligation under this Element 15. The District therefore reserves the right to seek equitable relief to enforce any right arising under this Element 15 or any provision of this Element 15 or to prevent or cure any breach of any obligation undertaken, without in any way prejudicing any other legal remedy available to the District. Such legal relief shall include, without limitation, the seeking of a temporary or permanent injunction, restraining order, or order for specific performance, and may be sought in any appropriate court.

Additional Provisions

Insurance

Commercial General Liability Insurance: Charter School shall maintain Commercial General Liability Insurance, including automobile coverage, with limits of at least one million dollars ($1,000,000) per occurrence, and two million dollars ($2,000,000) aggregate, sexual misconduct, harassment, bodily injury and property damage. Coverage for sexual misconduct and harassment may either be provided through General Liability Insurance or Professional Liability Insurance. The coverage shall be primary as to OUSD and shall name OUSD as an additional insured with the additional insured endorsement provided to OUSD within 15 days of effective date of the start of a new charter term, if approved. Evidence of insurance shall be attached to this document as Exhibit B. Endorsement of OUSD as an additional insured shall not affect OUSD's rights to any claim, demand, suit or judgment made, brought or recovered against Charter School. The policy shall protect Charter School and OUSD in the same manner as though each were separately issued. Nothing in said policy shall operate to increase the Insurer's liability as set forth in the policy beyond the amount or amounts shown or to which the Insurer would have been liable if only one interest were named as an insured.

Workers' Compensation Insurance: Charter School shall procure and maintain, at all times during the term of the charter, Workers' Compensation Insurance in conformance with the laws of the State of California (including, but not limited to, Labor Code section 3700) and Federal laws when applicable. Employers' Liability Insurance shall not be less than one million dollars ($1,000,000) per accident or disease.

Prior to occupancy or use of any school site or facility, Charter School shall provide documentation to OCS that the facility complies with all applicable building codes, standards and regulations adopted by the city and/or county agencies responsible for building and safety standards for the city in which Charter School is to be located. This requirement shall also apply, upon request by the District, to the construction, reconstruction, alteration of or addition to the facility. Charter School shall resolve in a timely manner any and all corrective actions, orders to comply, or notices issued by the authorized building and safety agency or the District. Charter School cannot exempt itself from applicable building and zoning codes, ordinances, and ADA/Section 504 requirements. Charter School shall maintain on file readily accessible records that document facilities compliance and provide such documentation to OCS upon request.

All facilities the Charter School shall occupy are listed as follows:

Facility Address	Maximum Capacity

AHERA requires that any building leased or acquired that is to be used as a school or administrative building shall maintain an asbestos management plan.

Hold Harmless/Indemnification Provision

Charter School, through this Charter agrees to defend, indemnify, and hold harmless OUSD, its officers, directors, agents, representatives, employees, attorneys, volunteers, successors and assigns (collectively hereinafter "District" and "District Personnel") from and against any and all actions, suits, claims, demands, losses, costs, penalties, obligations, errors, omissions, or liabilities including but not limited to attorneys' fees that may be asserted or claimed by any person, firm or entity arising out of, or in connection with, Charter School's performance under this Agreement or the Charter, the condition or use of its facilities, or any acts, errors, negligence, omissions or intentional acts by Charter School, its Governing Board, administrators, employees, agents, representatives, volunteers, successors and assigns. Moreover, Charter School agrees to indemnify, defend, and hold harmless OUSD and the OUSD Board of Education and their members, officers, directors, agents, representatives, employees and volunteers, for any contractual liability resulting from third party contracts with Charter School's vendors, contractors, partners or sponsors.

Fiscal Matters

District Oversight Costs

The District may charge for the actual costs of supervisorial oversight of Charter School not to exceed 1% of the Charter School's revenue, or the District may charge for the actual costs of supervisorial oversight of Charter School not to exceed 3% if Charter School is able to obtain substantially rent free facilities from the District. Notwithstanding the foregoing, the District may charge the maximum supervisorial oversight fee allowed under the law as it may change from time to time. The oversight fee provided herein is separate and distinct from the charges arising under charter school facilities use agreements.

Third Party Contracts

Charter School shall ensure that all third party contracts, whether oral or written, for supplies, equipment, goods and/or services, for the direct or indirect benefit of, or otherwise related to the operation of Charter School, require compliance with and otherwise conform to all applicable local, state, and federal policies, regulations, laws, and guidelines, including, but not limited to, licensing and permit requirements as well as requirements related to protection of health and safety. Charter School shall notify all parties with whom it enters into a contract that the District is a separately legal entity and is not responsible for performing any of the Charter School's obligations under the contract, including payment for services.

Special Education Revenue Adjustment/Payment for Services

In the event that Charter School owes funds to the District for the provision of agreed upon or fee for service or special education services or as a result of the State's adjustment to allocation of special education revenues from Charter School, Charter School authorizes the District to deduct any and all of the in lieu property taxes that Charter School otherwise would be eligible to receive under section 47635 of the Education Code to cover such owed amounts. Charter School further understands and agrees that the District shall make appropriate deductions from the in lieu property tax amounts otherwise owed to Charter School. Should this revenue stream be insufficient in any fiscal year to cover any such costs, Charter School agrees that it will reimburse the District for the additional costs within forty-five (45) business days of being notified of the amounts owed.

The Charter School's financial statements, proposed budgets, projections, expenditures, and cashflow shall include the Charter School's anticipated expenditures for special education services, including any projected funding received for special education services, the average cost per pupil of providing special education services, and the extent to which the Charter School projects that it will have to incur special education expenditures from its unrestricted general fund revenues. If the Charter School does not belong to a SELPA as an LEA, it must also provide its projected equitable contribution to Districtwide special education costs.

Audit and Inspection of Records

The District hereby reserves the right, pursuant to its oversight responsibility, and Education Code section 47604.3, to audit Charter School's books, records, data, processes and procedures through the Office of Charter Schools, or in coordination with FCMAT, or in coordination with a mutually agreed upon third party. The audit may include, but is not limited to, the following areas:

Charter School shall cooperate fully with such audits and shall make available any and all records necessary for the performance of the audit upon 30 business days' notice to Charter School. In extreme circumstances when 30 business days' notice may defeat the purpose of the audit, the District may conduct the audit upon 24 hours' notice.

In addition, if an allegation of waste, fraud, or abuse of power related to Charter School operations is received by the District, Charter School shall be expected to cooperate with any investigation undertaken by the Office of Charter Schools.

Appendix V: Aspire's EL Master Plan

Aspire Public Schools

English Learner Master Plan

Chapter 1: Commitment and Purpose

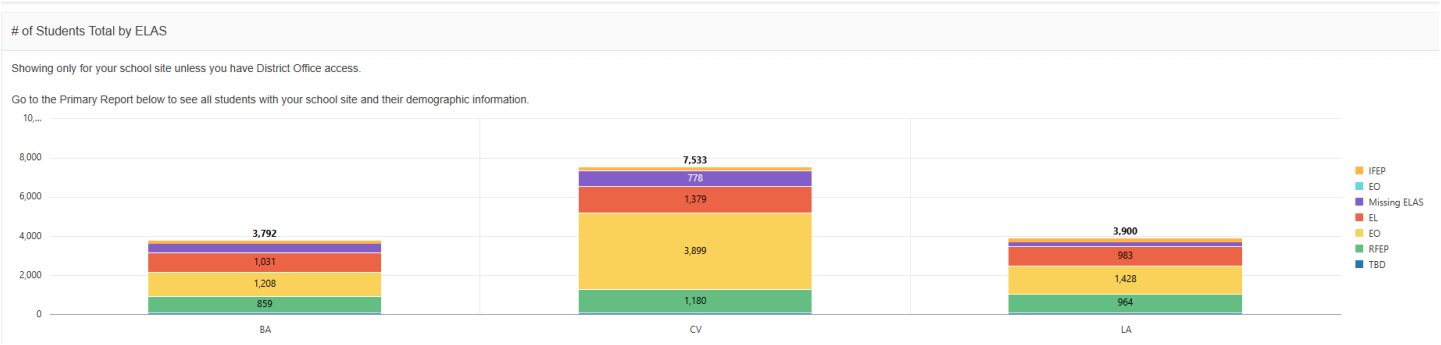
Mission

Aspire Public Schools' mission is to do three things:

- Provide a rigorous, joyful academic experience that cultivates our scholars' skills, talents, and gifts, such that they may pursue and persist in college or any post-secondary pathway that is authentic to their identities;
- Promote inclusivity and disrupt systems that have historically oppressed marginalized communities, including Black, Latino/a/x, Indigenous, and People of Color; and
- Nurture our scholars' pride in their abilities, identities, and communities.

Vision

Our vision is that Aspire scholars are prepared and empowered to build a fulfilling and liberated future for themselves and their communities.



Equity Beliefs

At Aspire we assert the following equity beliefs:

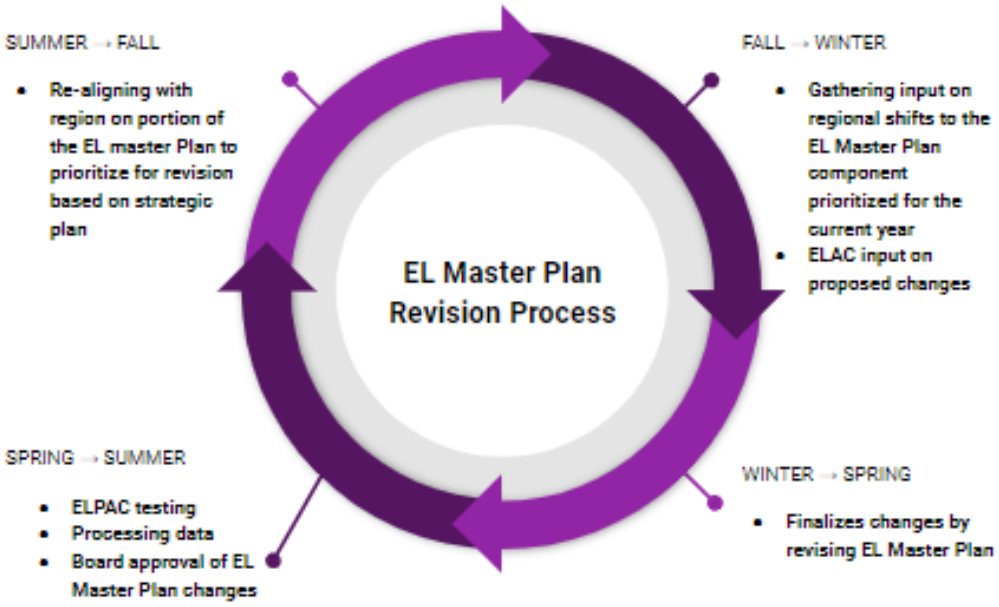
- Understand the significant difference between equity and equality. Every student deserves to receive what they need to succeed (equity), not that every student receives the same amount of resources, instruction, attention, etc. (equality).
- Develop school environments where all students are actively and meaningfully engaged in rigorous instruction.
- Interrupt the "school to prison pipeline" – policies and practices that are directly and indirectly pushing the most at-risk students out of school and on a pathway to the juvenile and criminal justice systems.
- Engage families as partners in meaningful ways in our work.
- Build the capacity of diverse teams that are more reflective of our students.
- Nurture an open, collaborative, and trusting environment because the work is enormous, deeply personal, emotional and often difficult.

Purpose

Our Aspire student population consists of 25%+ English Learners across 36 schools located in 3 different regions.

Given that our population of English Learners and RFEP students make up nearly half of all students, we have designed our EL Master Plan to be an embodiment of our equity beliefs, outlining the required federal and state legal processes for assessment, designation, academic programming and reclassification of our scholars learning English.

Commitments

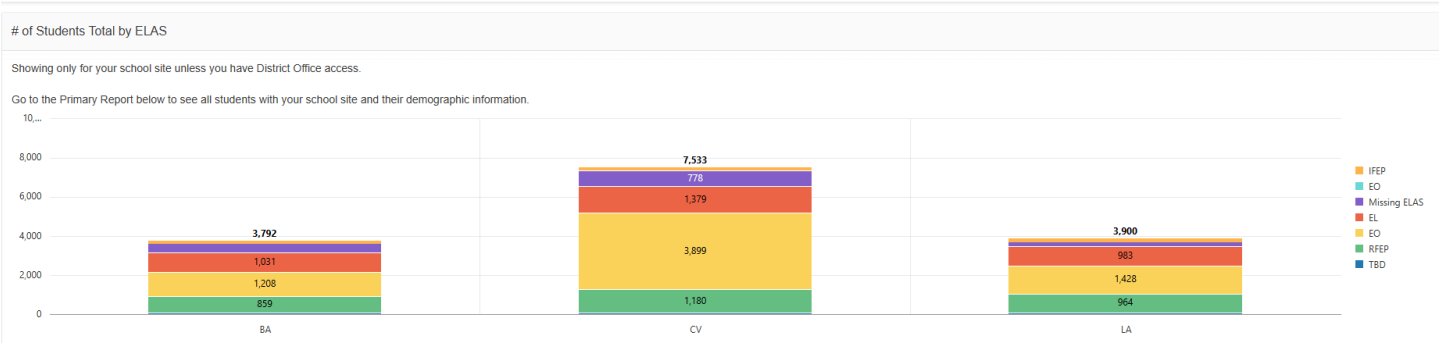


It is our goal that ELs have access to rigorous, standards-based curriculum and that our programs are also effectively working to accelerate students' English proficiency to get them to Reclassification within 5-7 years. We believe to best achieve this goal, it is imperative that we are operating in alignment with the California English Learner Roadmap principles:

- Principle One: Assets-Oriented and Needs-Responsive Schools
    - Pre-schools and schools are responsive to different English learner (EL) strengths, needs, and identities and support the socio-emotional health and development of English learners. Programs value and build upon the cultural and linguistic assets students bring to their education in safe and affirming school climates. Educators value and build strong family, community, and school partnerships.
- Principle Two: Intellectual Quality of Instruction and Meaningful Access
    - English learners engage in intellectually rich, developmentally appropriate learning experiences that foster high levels of English proficiency. These experiences integrate language development, literacy, and content learning as well as provide access for comprehension and participation through native language instruction and scaffolding. English learners have meaningful access to a full standards-based and relevant curriculum and the opportunity to develop proficiency in English and other languages.
- Principle Three: System Conditions that Support Effectiveness
    - Each level of the school system (state, county, district, school, pre-school) has leaders and educators who are knowledgeable of and responsive to the strengths and needs of English learners and their communities and who utilize valid assessment and other data systems that inform instruction and continuous improvement. Each level of the system provides resources and tiered support to ensure strong programs and build the capacity of teachers and staff to leverage the strengths and meet the needs of English learners.
- Principle Four: Alignment and Articulation Within and Across Systems
    - English learners experience a coherent, articulated, and aligned set of practices and pathways across grade levels and educational segments, beginning with a strong foundation in early childhood and appropriate identification of strengths and needs, and continuing through to reclassification, graduation, higher education, and career opportunities. These pathways foster the skills, language(s), literacy, and knowledge students need for college- and career-readiness and participation in a global, diverse, multilingual, twenty-first century world.

To realize these commitments, all Aspire schools utilize their Local Control and Accountability Plan (LCAP) to

strategically plan for improving services to support language development for our English Learners and Long-Term English Learners, aligned with their regional strategic plans.



We are also committed to annually revising this EL Master Plan, prioritizing components of the plan each year, using the following cycle:

Chapter 2: Responding to Diverse Learners

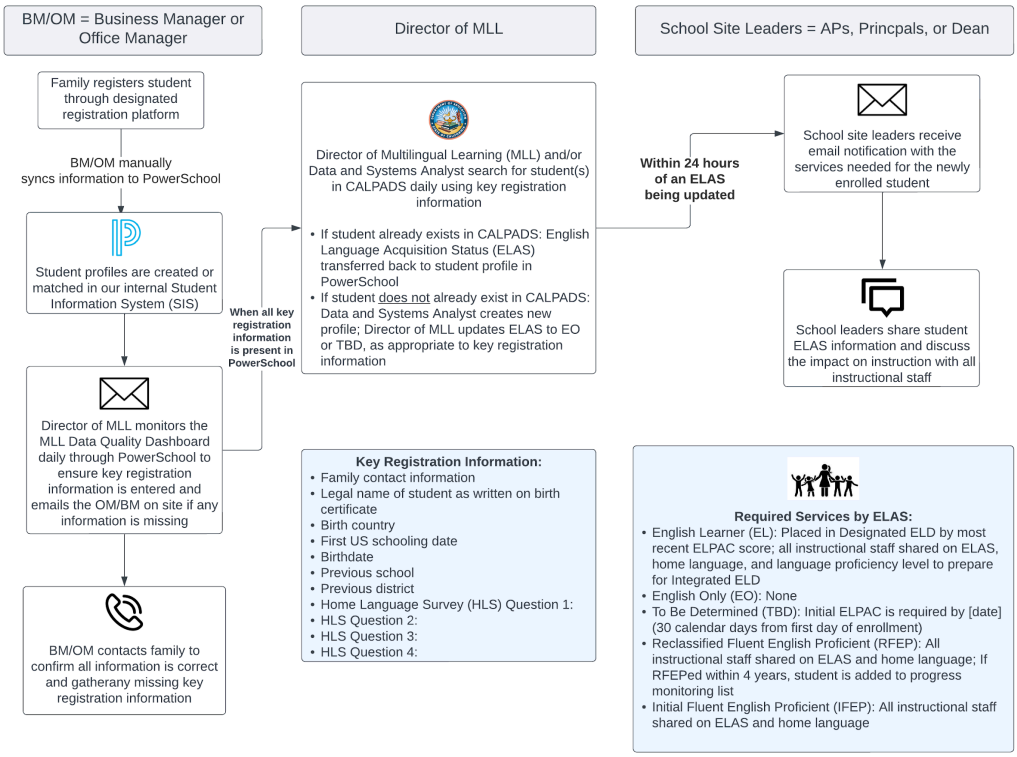
Demographics

Aspire serves a diverse population of EL typologies, as shown in the chart below. We have used the term Multilingual Learner (MLL) Indicator to define the category of “EL typologies”.

We use the following definitions for each type of MLL Indicator:

- At-risk LTEL = Students who have been English Learners for 4-6 years.
- LTEL = Long-Term English Learner (LTEL): Students who have been English Learners for 6+ years.*
- Newcomers in their 1st year of US schooling = Ages 3-21; not born in the US; enrolled in a CA school for the first time from beginning of year
- Newcomers in their 2nd year of US schooling = Ages 3-21; not born in the US; enrolled in a CA school for the second time from beginning of year
- Newcomers in their 3rd year of US schooling = Ages 3-21; not born in the US; enrolled in a CA school for the third time from beginning of year
- Mid-Year Arrival Newcomer = Ages 3-12; not born in the US; enrolled in a CA school for the first time after mid-October

*Currently the state of California defines LTEL in various ways across different platforms. Please see more below:



• CA School Dashboard: A pupil who has not attained English language proficiency within 7 years of initial classification as an English learner. (CA Senate Bill 141 and Ed Code Section 52052)

• LCAP: SB 141 requires LCAP actions that address LTELs but doesn’t define the methodology to be used. For the 2024-25 LCAP, you can define LTELs as EL for six plus years or use the Dashboard definition to determine whether there are 15 or more LTELs. Once LTELs are incorporated into the Dashboard, then the LCAP definition will align with the Dashboard definition. (CA Senate Bill 141)

• DataQuest: An EL student to which all of the following apply: (1) is enrolled on Census Day (the first Wednesday in October) in grades 6 to 12, inclusive; and (2) has been enrolled in a U.S. school for six or more years; and (3) has remained at the same English language proficiency level for two or more consecutive prior years, or has regressed to a lower English language proficiency level, as determined by the ELPAC. (Ed Code Section 313.1)

Given our diverse population, we are committed to ensuring we have clear pathways for identification, placement, and reclassification for all students.

Initial Identification Process Overview

Home Language Survey

The School administers the home language survey (HLS) upon a student's initial enrollment into the school using a designated registration platform. The HLS is embedded within Aspire enrollment forms.

The HLS consists of the following questions:

1. What language did the student learn when he or she first began to talk?
2. What language does the student most frequently use at home?
3. What language do you use most frequently to speak to this student?
4. Which language is most often used by the adults at home (parents, guardians, grandparents, or any other adults)?
5. Which language would you prefer for information sent from the school to home?
6. Date student first enrolled in a K-12 United States school: ___/___/___

The home office will use the results of the HLS to determine the following as follows:

- English Only (EO) if the answers to all of the four questions on the HLS are "English." The student will be categorized as English Only.

or

- Possible English Learner if the answers to any of the first four questions on the HLS indicate a language other than English, or a combination of English and another language. Thus, the child will be assessed to measure his/her level of English proficiency using the Initial ELPAC. Until language classification is determined, "TBD" will be entered into the student's profile in Powerschool and CALPADS.

Parents or guardians hold the right to amend their response to the HLS at any time. According to "The Correction of Classification Process", "The home language survey (HLS) is completed once by the parent or guardian at the time the student is initially enrolled in a California public school. If the HLS is completed incorrectly, the parent or guardian may make a request to change it within one year of enrollment and before

administration of the Summative ELPAC, if the student was determined to be an English Learner.

However, once a student is identified as an English learner (EL) on the basis of the results of the Initial ELPAC, and the student has been administered the Summative ELPAC, revising or correcting the HLS is no longer allowable unless there was an administrative error. Although a HLS is included in all registration packets, our process includes cross-referencing CALPADS to ensure the student wasn't already previously identified in a California public school.

Transfers

Students who transfer from local district schools, private schools, out of the state or out of the country will follow the guidelines outlined below. Regardless of the sending school, all students will be looked up in the State longitudinal data system called CALPADS before assessing the student with the Initial ELPAC and all updates to student information will be entered into Powerschool by the school OM/BM and/or Home Office.

Transfers from other California public school districts. Student records, including the cumulative file, will be requested by the receiving Aspire school upon enrollment. Upon receipt of records, the receiving Aspire school must review all records carefully in order to determine that the student is properly placed in the appropriate instructional programs. Cumulative files will ideally include the HLS, state assessment scores, report cards, and language classification (EO, IFEP, EL, RFEP). Student information will be cross-referenced with CALPADS.

Transfers from private schools. Student records will be requested by the receiving Aspire school upon student enrollment. The initial identification and assessment process will be used for students entering from a private school. Students will be placed in the grade level assigned with the student age, and/or based on student transcripts.

Transfers from out-of-country schools and out-of-state schools. Students enrolling at an Aspire school from outside of California or outside of the country will go through the initial identification and assessment process. Students will be placed in the grade level assigned with the student age, and/or based on student transcripts. Staff will look up the student in CALPADS to verify if the student was enrolled in a California public school setting at any time.

Assessment - Initial ELPAC

State and Federal regulations require that if a student's HLS indicates a language other than English is used at home, the student's English language proficiency level must be assessed so that the school team can address the linguistic needs of the student within 30 calendar days of student enrollment.

To ensure accuracy, it is imperative that all student records are verified in CALPADS prior to test administration so that students are not mis-identified. If CALPADS indicates that the student has already received the CELDT or Initial ELPAC, the student should not be re-tested unless the school site identifies a reason to do so.

The Initial ELPAC assessment will occur within 30 calendar days of enrollment. Based on the student's overall performance on the initial ELPAC, they may be classified as

- An English Learner (EL) and must be annually assessed with the Summative ELPAC until the student meets the eligibility criteria for reclassification and is Reclassified to Fluent English Proficient (RFEP).
- Initially Fluent English Proficient (IFEP)

Parents are notified using the initial parent notification letter either for an English Learner or Initial Fluent English Proficient available through PowerSchool when the student's scores and classification are determined, within 30 days of enrollment (20 United States Code (U.S.C.) Section 6312). Home office notifies the school leader(s) responsible for Initial ELPAC testing and ELD services when new Initial ELPAC scores become available.

Parental Notification of Initial Assessment Results

All Parents of EL students who are administered the Initial ELPAC receive official notification within 30 calendar days, informing them of their child's:

- Annual English language proficiency level and how it was assessed
- Official language classification
- Instructional program, educational strategies, and educational materials to be used in each program
- Progress expectations for the student's program option
- Reclassification, or program exit criteria
- Instructional program for ELs with a disability (with an Individualized Education Program [IEP]) and how such program will meet the objectives of the IEP
- Expected rate of graduation for ELs

Parents of IFEP students are informed of the results of the Initial ELPAC and how it was assessed along with their student's official language classification.

Parental Exception Waivers

Per EC Section 310, the requirement to place an EL in an English Language classroom may be waived with prior written informed consent, to be provided annually, of the child's parent or legal guardian.The form is available through PowerSchool student forms available through the PowerSchool Parent Portal or completed with a school staff member on site. At any time during the school year, a parent may request a change in program or placement into a general education English language classroom.
The school grants the Parental Exception Waivers unless the school principal and educational staff has substantial evidence, such as formal assessments, that the alternative program would not be in the best interest of the child. If a waiver is denied, the reason is documented and provided to the parent in writing. Parents may appeal the school's decision by contacting the Interim Director of Multilingual Learning at Aspire Public Schools in writing.

Assessment - Summative ELPAC

Once a student is identified as an English Learner, the Summative ELPAC will be administered every spring between February and May until they are reclassified as English proficient.

The Summative ELPAC will be used to annually assess EL students' progress towards mastery of the English language and reclassification, and will be used to fulfill the requirements under the Every Student Succeeds Act (ESSA) for annual English proficiency testing.

The four areas tested by the ELPAC are Listening, Speaking, Reading and Writing and the overall scaled score falls within levels one through four. The figure below illustrates how ELPAC performance levels correlate with the 2012 California Framework in which EL students fall within one of three performance levels, Emerging, Expanding and Bridging.[1] The Appendix includes descriptions for each ELPAC level and Framework Level.

[3]Improving Education for English Learners: Research-based Approaches (CDE, 2010)

[1] https://www.cde.ca.gov/sp/el/er/documents/eldstndspublication14.pdf

Emerging: Students at this level typically progress very quickly, learning to use English for immediate needs as well as beginning to understand and use academic vocabulary and other features of academic language.

Expanding: Students at this level are challenged to increase their English skills in more contexts and learn a greater variety of vocabulary and linguistic structures, applying their growing language skills in more sophisticated ways that are appropriate to their age and grade level.

Bridging: Students at this level continue to learn and apply a range of high-level English language skills in a wide variety of contexts, including comprehension and production of highly technical texts. The "bridge" alluded to is the transition to full engagement in grade-level academic tasks and activities in a variety of content areas without the need for specialized ELD instruction. However, ELs at all levels of English language proficiency fully participate in grade-level tasks in *all* content areas with varying degrees of scaffolding in order to develop both content knowledge and English.

The three levels represent the stages of English language development, describing expectations for how well students can understand and use the English language at each level as they continue to build on existing language skills and knowledge.[2]

Regardless of proficiency-level, all ELs are capable of high-level thinking and can engage in complex, cognitively demanding social and academic activities requiring language, as long as they are provided appropriate linguistic support. The extent of support needed varies depending on the familiarity and complexity of the task and topic, as well as on the student's English language proficiency level. Three corresponding levels of support match each language level: substantial, moderate, and light. The descriptors for these general levels of support are intended to signal the extent of linguistic scaffolding most likely needed for appropriately implementing the CA ELD Standards at each proficiency level. However, the descriptors are not intended to prescribe program placement or curriculum choices; schools are encouraged to utilize multiple sources of data to develop a linguistic support program for each EL student.

Redesignation Procedures & Reclassification (Exit) Criteria

Policy for Reclassifying and Initially Classifying English Learners:

The policy for reclassifying English Learners is below:

[2] https://www.cde.ca.gov/sp/el/er/documents/eldstndspublication14.pdf

Aspire Public Schools Reclassification Criteria

Reclassification is the process whereby a student is reclassified from English Learner (EL) to Fluent English Proficient (RFEP) based on state and district criteria. In order to reclassify, a student must meet ALL of the criteria listed below.

#1: Score of "4" on the Summative ELPAC

Score of "3" if taking the Alternate Summative ELPAC

The English Language Proficiency Assessment of California (ELPAC) is an exam given to English learners every year. This test evaluates speaking, listening, reading and writing in English. Students must score an overall "4" on ELPAC in order to reclassify. Practice questions for ELPAC are available at: elpac.startingsmarter.org.

ELPAC
English Language Proficiency Assessments for California

#2: Teacher Evaluation

Teachers evaluate students on speaking, listening, reading and writing tasks in class. Teachers measure how well students express ideas clearly and communicate using academic language. Elementary students at Aspire meet the teacher evaluation criteria by receiving an ELA progress report card composite score of 2 or above. Secondary students at Aspire meet the teacher evaluation criterion for reclassification, the students must receive grades of C or better in English or an English Language Developement course.

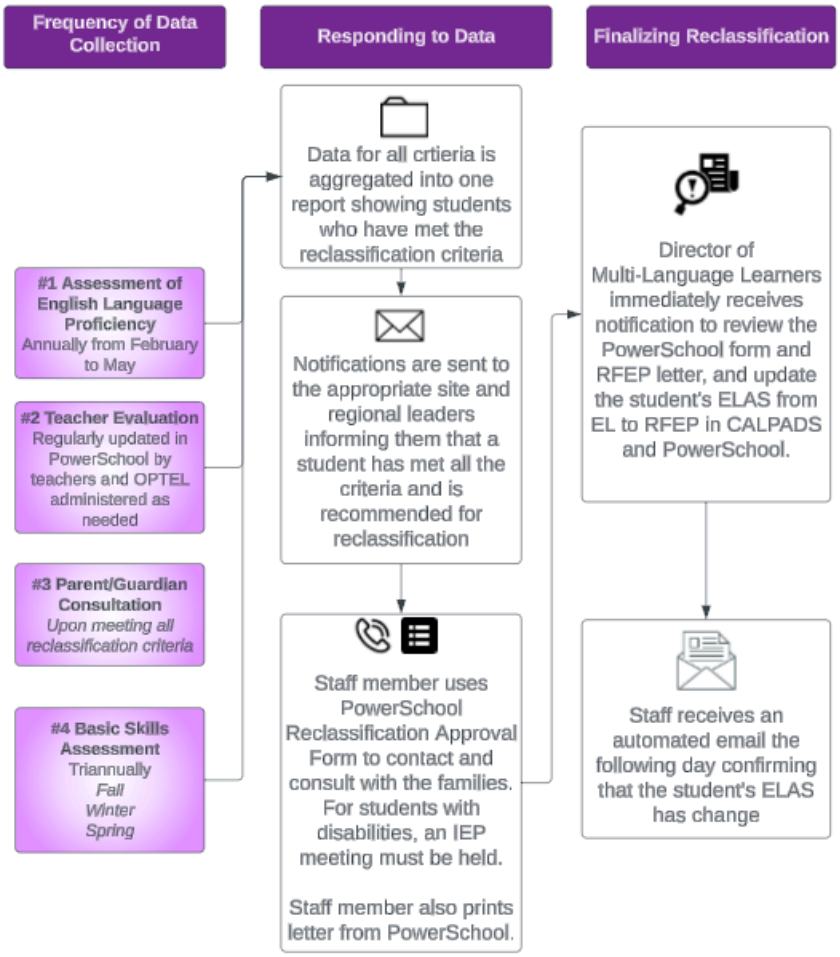
If a student does not have a grade of 2/'C' or better, the student's instructional or Individualized Education Plan (IEP) team should identify a core class, a trained teacher, and a secondary trained observer (administrator, another classroom teacher, School Psychologist, Program Specialist, MLL Coordinator, etc) to conduct the Observational Protocol for Teachers of English Learners and submit at least 1 observation each through PowerSchool. A student must score a Level 3 or 4 for both receptive and expressive skills according to the both trained observers' OPTEL tool in PowerSchool.

#3: Parent/Guardian Consultation

School administrator(s) consult with parents/guardians by reviewing student data and asking for input. Secondary students are encouraged to give input whenever possible. Reclassified students receive letters from their school sites to celebrate this academic and linguistic achievement. These students must be progress monitored for four years after reclassification.

For students with disabilities, this conversation takes place during an IEP meeting and documented within the IEP notes.

#4: Basic Skills Assessment



Student performance in basic skills is compared against an empirically established range of performance in basic skills based on the performance of English proficient students of the same age. A student can show proficiency using any one of the following assessment benchmarks: *(Read more about the rationale for each requirement here)*

Assessment	Grade Level(s)	Requirement *(Read more about the rationale for each requirement here)*
mClass	TK-2	At or above benchmark
iReady Reading	3-11	Scoring at or above the average English Only (EO) scale score for their region minus the standard deviation, grouped by grade level and Special Education Indicator (as appropriate) after each iReady testing window. See thresholds here.
SBAC ELA	3-8, 11	Score of 2 (Standard Nearly Met) or above
iReady Reading	12	Early on grade level placement or above as determined by the threshold score below for 12th grade.
CAA for ELA	3-8, 11 for Students with Disabilities on Alternate Curriculum	Level 2 or above
Brigance	TK-12 for Students with Disabilities on Alternate Curriculum	Composite Score=85+/Percentile Score=16+ in the following areas: Overall Language Development (Expressive), Overall Language Development (Receptive), Overall Academic Cognitive (Literacy and Mathematics) (Reference)

We believe that biliteracy is an asset that deserves frequent appreciation in order to promote student competence and confidence. All Aspire students are encouraged to pursue the California State Seal of Biliteracy upon graduation from high school.

Last updated: June 26, 2025

The process below demonstrates the process by which we identify students for reclassification:

Annual Language Classification/Status

Parents of ELs are notified each year of their child's current language classification. A student remains an EL until he or she has met the criteria listed above for reclassification. These letters can be accessed through PowerSchool and contains the following information:

- Annual English language proficiency level and how it was assessed
- Official language classification
- Instructional program, educational strategies, and educational materials to be used in each program
- Progress expectations for the student's program option
- Reclassification, or program exit criteria
- Instructional program for ELs with a disability (with an Individualized Education Program [IEP]) and how such program will meet the objectives of the IEP
- Expected rate of graduation for ELs

Chapter 3: Program Options

English Learner Placement

Aspire Public Schools offers two programs by default:

- Structured English Immersion (SEI)
- English Language Mainstream (M)

Structured English Immersion (SEI) Program is a language acquisition program for EL students in which nearly all classroom instruction is provided in English, but with curriculum and a presentation designed for students who are learning English. At minimum, students are offered designated ELD and provided access to grade level academic subject matter content with integrated ELD. The integration of English Learners with their non-English Learner peers through an SEI model improves access and equity for all our students to grade level curriculum, instruction, and assessment. It also emphasizes for our teachers the importance of utilizing the ELA/ELD Framework.

Integrated ELD is regular class time where teachers with ELs in their classrooms use the 2012 **ELD** Standards in tandem with the focal standards—Common Core State Standards for ELA/Literacy and mathematics, or CA Next Generation Science Standards for Science.

Designated ELD is a protected time during the regular school day when teachers use the 2012 **ELD** Standards as the focal standards. This allows students to develop critical English language skills, knowledge, and abilities needed for content learning in English.

English Language Mainstream is the program for English Only (EO), Initial Fluent English Proficient (IFEP), and Reclassified Fluent English Proficient (RFEP) students. Families of English Learners may request a placement in only ELM using the English Learner Services Waiver outlined above.

For both program offerings, teachers have an EL Authorization/CLAD certification. Teachers are assigned to Designated ELD based on student and program need, including English Learner enrollment data and Summative ELPAC scores.

After enrolling a new student with Aspire in CALPADS, it can take 3-5 business days for state assessment scores to begin populating in reports from the California Educator Reporting System (CERS). Even upon enrollment in CALPADS, there may be errors that keep us from accessing the student's score reports. Home office monitors the MLL Data Quality Dashboard daily to ensure errors are rectified that impede our access to scores. Once scores become available, home office notifies the school leaders to ensure students are placed in the appropriate English Language Development (ELD) course or block based on assessment data. Student placement can change throughout the course of the school year based on progress monitoring or by parental waiver available through PowerSchool student forms.

Instructional Program for ELs with Disabilities

ELD instruction is mandatory for all English Learners, including those with IEPs, and occurs until they are reclassified. English Learners with disabilities receive ELD in the general education classroom with students of similar age/grade and language proficiency whenever possible. For English Learners with IEPs, the opportunity to have access to non-disabled peers is essential to their growth and development. The requirements for instructional time and grouping previously described for designated and integrated ELD apply to English Learners with disabilities.

The IEP team decides placement of English Learners with special needs based on individual student needs. At

the IEP meeting, the team discusses the instructional components that have been identified to meet the student's individual needs and monitors the student's progress in ELD, which include IEP goals in the area of English Language Development, as well as accommodations/supports and services. In order to determine whether a student is making adequate progress in ELD, the IEP team uses assessments used by the classroom teacher and others appropriate for the student's disability.

If the team determines that the student is not making adequate progress in ELD due to the impact of disability, the IEP team reviews and revises the student's individualized goals, as well as accommodations/supports and services, including consideration of whether the student should receive ELD in a specialized education setting.

State Seal of Biliteracy

While our language programs offered do not explicitly support multilingual development, our secondary schools offer language courses and some secondary school sites have opted into the State Seal of Biliteracy program[3]. This program honors those students who graduate from high school mastering listening, speaking, reading and writing in English and at least one other language. Throughout the school year, and especially at the beginning of the second semester, regional program managers supporting secondary and postsecondary success check to see if students meet the State criteria. Regional teams then submit information to the state and Aspire's Registrar to ensure the state affords the student a special seal to be affixed on the high school diploma. For those students who were ELs, this program celebrates the students' mastery of their home language and acquisition and mastery of English as well, as biliteracy is a competency that will enhance college and career opportunities.

[3] https://www.cde.ca.gov/sp/el/er/sealofbiliteracy.asp

Chapter 4: Access to Core Curriculum

As mentioned previously, it is our goal that ELs have access to rigorous, standards-based curriculum. This section of the master plan will describe how Aspire schools will adopt curricular and programmatic strategies to support EL students' mastery of the English language, Common Core State Standards (CCSS), Next Generation Science Standards (NGSS) and access to college and career readiness.

To better access the core curriculum, all ELs receive Integrated ELD, which is taught by credentialed staff with EL authorization. Language objectives, vocabulary supports and formal and informal language practice engages English learners with their non-EL peers through collaboration, interpretation and production of the English Language.

As outlined by the State, key components of Integrated ELD include:

- Effective instructional experiences for ELs throughout the day and across disciplines,
- Are interactive and engaging, meaningful and relevant and intellectually rich and challenging,
- Are appropriately scaffolded in order to provide strategic support that moves learners toward independence,
- Builds both content knowledge and English value and builds on primary language and culture and other forms of prior knowledge."[4]

[4] ELD Framework (2014), Chapter 2, Figure 2. California Department of Education.

Chapter 5: ELD

ELD instruction is both embedded into grade level standards and includes explicit language instruction tied to the ELD framework (2014). Current research indicates that providing explicit ELD instruction is valuable for ELs, and there is evidence that ELD instruction should include interactive activities that require critical thinking and collaboration among students.[5] Further, EL instruction should build upon the funds of knowledge within students and apply culturally relevant activities based on student interests.[6]

As such, explicit language instruction is taught to all English Learners through ***Designated ELD***. The following sections describe our program by grade span in greater detail.

K-5th Grade. In Kindergarten (K) through 5th grade all general education teachers with ELs in their classroom provide ELD two to four times per week at 30-45 minutes per session. This may vary based on students' needs. Students are grouped based on grade-level or grade-span, and then further grouped by language proficiency level. Schools utilize lessons based on ELD Standards.

Secondary. In 6th through 12th grade, Designated ELD is built into the schools' master schedules, taught by teachers with proper authorization and students receive letter grades for the courses. The overall goal of our EL program in secondary, whose student population is mainly comprised of Long Term English Learners (LTEL)s and some Newcomers, is to a) reclassify students as RFEP and b) to prepare students to fully participate in the A-G courses and to graduate from high school prepared for college level coursework and careers.

At minimum, students at all ELD levels are placed into designated ELD courses called ELD 1, 2, or 3, or Academic ELD. These Designated ELD courses correspond to students' EL proficiency levels (Emerging, Bridging, Expanding). Curriculum and lessons are based on the ELD standards, and include opportunities to speak informally while also using academic language.

Chapter 6: Professional Learning

Professional Development and Implementation of English Language Development strategies

Teachers and administrators are required to receive professional development opportunities to support ongoing learning for serving English Learners, as defined in the English Learner program instrument provided through Federal Program Monitoring Reviews:

- Provide effective professional development to classroom teachers (including teachers in classroom settings that are not the settings of language instruction educational programs), principals and other school leaders, administrators, and other school or community-based organizational personnel, that is:
    - Designed to improve the instruction and assessment of EL students;
    - Designed to enhance the ability of such teachers, principals, and other school leaders to understand and implement curricula, assessment practices and measures, and instructional strategies for EL students;
- Effective in increasing children's ELP or substantially increasing the subject matter knowledge, teaching knowledge, and teaching skills of such teachers; and
- Of sufficient intensity and duration (which shall not include activities such as one-day or short-term workshops and conferences) to have a positive and lasting impact on the teachers' performance in the classroom, except that this subparagraph shall not apply to an activity that is one component of a long-term, comprehensive professional development plan established by a teacher and the teacher's supervisor based on an assessment of the needs of the teacher, the supervisor, the students of the teacher, and any LEA employing the teacher, as appropriate. (20 U.S.C. Section 6825[c][2][A–D])

To provide these professional development opportunities, we prioritize the following topics of professional developments:

School and Regional Administrators (including SPED Admin)	Teachers
● EL Master Plan overview ○ Updates (overall plan, RFEP policy, etc) ● MLL program evaluation and data analysis ● ELA/ELD Framework ● EL Roadmap	● Designated ELD curriculum ● Understanding and analyzing the Initial and Summative ELPAC and reclassification ● EL progress monitoring using internal and external data ● Integrated ELD strategies ● In their first two years of teaching receive Induction support which offers a module on teaching English Learners ● Observation and feedback

Each school has devoted time for professional development and is responsible for scheduling time to cover the topics above for teachers. The regional team is responsible for scheduling and providing training for administrators. All topics covered during PD are aligned with the regional strategic plan and school site LCAP.

Chapter 7: Family/School Partnership

Overview

Aspire believes that parents and guardians are the most important partners in the educational achievement and outcomes for our students. Our families bring diverse experiences that strengthen each of our school communities; the hopes and dreams of each family drive our commitment to educating our scholars.

We know that families of ELs seek opportunities to ask questions, learn about instructional programming and be thoughtful decision-makers in their student's lives. We believe in making our systems knowable, linguistically appropriate and culturally relevant, in effort to familiarize families with structures that may seem unfamiliar. To this end, several processes enable active participation for families of EL students.

Communication with Parents

Required written parent notifications include the following:

- Initial Identification
- Program Options
- Program Placement
- Progress expectations at each grade level
- Annual ELPAC data
- Reclassification criteria
- Graduation requirements

Translation and Interpreters

Communication with all parents of ELs in their primary language is essential to upholding our standards of parent engagement. In addition, per State law, if 15% of the student population or more speak a single primary language other than English, all notices and records sent to the parent must be in the primary language (EC 48985a). This includes written parent communication such as progress reports, IEPs, discipline notices, school board meeting agendas and notices. Oral interpretation will be provided to families so that they can meaningfully access important information for the schools. School sites have processes for offering oral interpretation to site-based activities. Regional and Home office staff will ensure that oral translation is provided for regional events.

ELAC

In accordance with State law EC 35147, any school that has 21 or more ELs must have an English Learner Advisory Committee (ELAC). The committee should be composed of guardians or parents of ELs at the same percentage as their children represent the student body, or more. The members must be elected by parents or guardians of English learners. Parents that are employees of the school may not sit on the ELAC.

The responsibilities of the ELAC are as follows:

- Advising the principal and staff in the development of a site plan for English learners
- Assisting in the development of the schoolwide needs assessment
- Ways to make parents aware of the importance of regular school attendance

Each California public school district with 51 or more English learners must form a District English Learner Advisory Committee (DELAC) or fulfill the responsibilities of a DELAC within a school site ELAC. The responsibilities by type of DELAC is as follows:

Any ELAC established at a site with 21 or more English Learners, must:	Any DELAC, must:
● Review and comment on the development or annual update of the Local Control and Accountability Plan (LCAP) ● Development of a plan to ensure compliance with any applicable teacher and/or teacher aide requirements. ● Review and comment on the school district reclassification procedures. ● Review and comment on the written notifications required to be sent to parents and guardians.	● Provide each ELAC the opportunity to elect at least one member to the DELAC ● Development of a district master plan for education programs and services for English learners. The district master plan will take into consideration the school site master plans. ● Conducting a district wide needs assessment on a school-by-school basis. ● Establishment of district program, goals, and objectives for programs and services for English learners ● Review and comment on the development or annual update of the Local Control and Accountability Plan (LCAP) ● Development of a plan to ensure compliance with any applicable teacher and/or teacher aide requirements. ● Review and comment on the school district reclassification procedures. ● Review and comment on the written notifications required to be sent to parents and guardians.

To support members in fulfilling their responsibilities, D/ELAC members receive training. This training is planned in partnership with committee members, and funds from appropriate resources are used to meet the costs of providing the training.

Schools are encouraged to hold ELAC meetings at times that are beneficial to parents and provide childcare.

Chapter 8: Assessment and Student Monitoring

Overview

This section focuses on the ways that Aspire will monitor the implementation of processes and procedures, as outlined in this Master Plan. The ultimate outcome of ongoing monitoring is the timely progress of EL students towards reclassification and to ensure that research-based instructional programs and school site operations are effectively implemented. Ultimately, timely reclassification reflects our coordinated efforts to bolster academic achievement and language acquisition in our EL scholars.

Progress Monitoring

During an annual data review, each EL student's progress is measured against Aspire reclassification criteria. This happens one time a year, at minimum. In addition, progress of ELs is monitored through analyzing subgroup data on Aspire-adopted assessments in Math and ELA. Data analysis indicates which students may be on or off track to reclassify, and which students may need additional supports and scaffolds to master language in the content areas. This annual data review is intended for all instructional staff supporting an English Learner, the student, and families to analyze student progress towards reclassification and identify strategies to support the student's continued progress. For EL students with disabilities, the annual data review is intended to take place with the IEP team.

This review includes data from ELPAC assessments, as described in Chapter 2. It also includes Aspire adopted assessments to measure reading and math. See below for a description of all the relevant assessments used for progress monitoring according to Aspire's Assessment Framework:

Internal Assessments				
Assessment	**Required Grades**	**Purpose**	**Required Frequency**	**Description**
NA	TK	NA	NA	At this point there are no transitional kindergarten assessments org wide. Refer to the regional instructional leadership team.
mCLASS (DIBELS 8)	K-2	Universal Screener & Quasi Diagnostic	3x per year	mCLASS is an online data system that provides DIBELS 8th Edition measures to assess the acquisition of early literacy skills and knowledge. Its 3 principle uses are: to identify students who may be at risk of reading difficulties by screening up to three times per year; to document students' progress of reading skills as a consequence of special intervention programs through progress monitoring; and to provide minimum levels of performance for all students to reach to be considered on track for becoming a reader through benchmark goals and timelines

i-Ready ELA	3-11 (available K-12)	Universal Screener & Diagnostic	3x per year	i-Ready Diagnostic provides teachers info on student performance relating to their grade level equivalence and national norms (percentile). It also includes Lexile information and domain placements for insights into reading performance. This assessment is given to 12th graders as needed.
iReady Math	K-11 (available K-12)	Universal Screener & Diagnostic	3x per year	i-Ready Diagnostic provides teachers info on student performance relating to their grade level equivalence and national norms (percentile). It also includes Quantile info equivalence and domain placements for insights into math performance. This assessment is given to 12th graders as needed.
State required Assessments				
Assessment	**Required Grades**	**Purpose**	**Required Frequency**	**Description**
SBAC CAA	3-8,11	Summative (state required)	1x per year	SBAC is the state assessment system that is administered to all students in grades 3-8 and 11 in both ELA and Math. The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills in English language arts/literacy and mathematics, as well as how much students have improved since the previous year (student growth). On the CA School Dashboard, schools receive Academic Indicators for ELA and for math. The purpose of the CAAs is to provide an annual measure of what students know and can do using the alternate achievement standards. On the CA School Dashboard, schools receive an Academic Indicator for ELA and one for math, and CAAs are used to determine the results for these indicators
CAST CAA Science	CV and LA: 5,8,12 BA: 5, 8, 11	Summative (state required)	1x per year	CAST is the state science assessment intended to assess the NGSS standards. Students will take the CAST in the 5th and 8th grades and once in high school (see regional calendars for required HS grade level). The purpose of the CAST is to assess student knowledge and skills in science and to

				foster science education at every grade level. CAST will also be used for the Science Academic Indicator on the CA School Dashboard in future years The purpose of the Science CAAs is to provide three opportunities during K-12 to measure what students know and can do using the alternate achievement standards for NGSS. The CAA Science consists of 4 performance tasks designed to be administered throughout the year after related content is taught.
Initial ELPAC Alt ELPAC	K-12 (new TBD students)	Universal Screener (state required)	1x only	Initial ELPAC is the state assessment for identifying MLL students who are new to CA public schools. The Initial ELPAC is given once to newly enrolled students with an English Language Acquisition Status of TBD. The purpose is to identify students who need help learning in English and the Initial is used to support with placement in an English language instructional support program
Summative ELPAC Alt ELPAC	K-12	Summative (state required)	1x per year	Summative ELPAC is the state assessment for all MLL students and is aligned to the 2021 CA English Language Development Standards. The Summative ELPAC assesses yearly student growth in learning English and is used as one criteria for reclassification. Summative ELPAC data is used to calculate the English Language Progress Indicators (ELPI) for the CA School Dashboard and for federal accountability.

Each English Learner is assigned a progress monitoring form within Aspire's SIS (PowerSchool), which includes data to review including the following:

- Initial and/or Summative ELPAC scores
- CAASPP scores (for grades 3-12)
- Designated ELD schedule and grades (if available)
- Aspire-wide assessment scores for Reading: iReady (3-12), mClass (K-2)

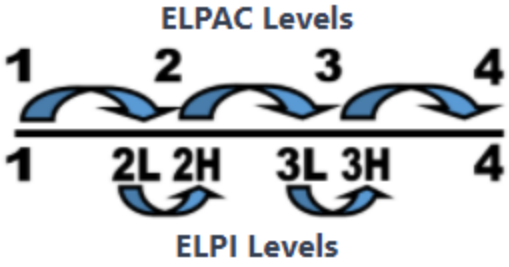
After reviewing a student's data, educators have an opportunity to identify targeted integrated ELD strategies and assign accessibility supports for state testing. This information is used to populate an English Learner Progress Monitoring Report from PowerSchool that is distributed to families and placed in each student's cumulative file.

Along with this process, reclassified students are monitored for 4 years using the same process identified above, but with the following data points:

- CAASPP scores (for grades 3-12)
- All core content standards progress (elementary)
- All core content grades (secondary)

- Aspire-wide assessment scores for Reading and Math: iReady (3-12), mClass (K-2)

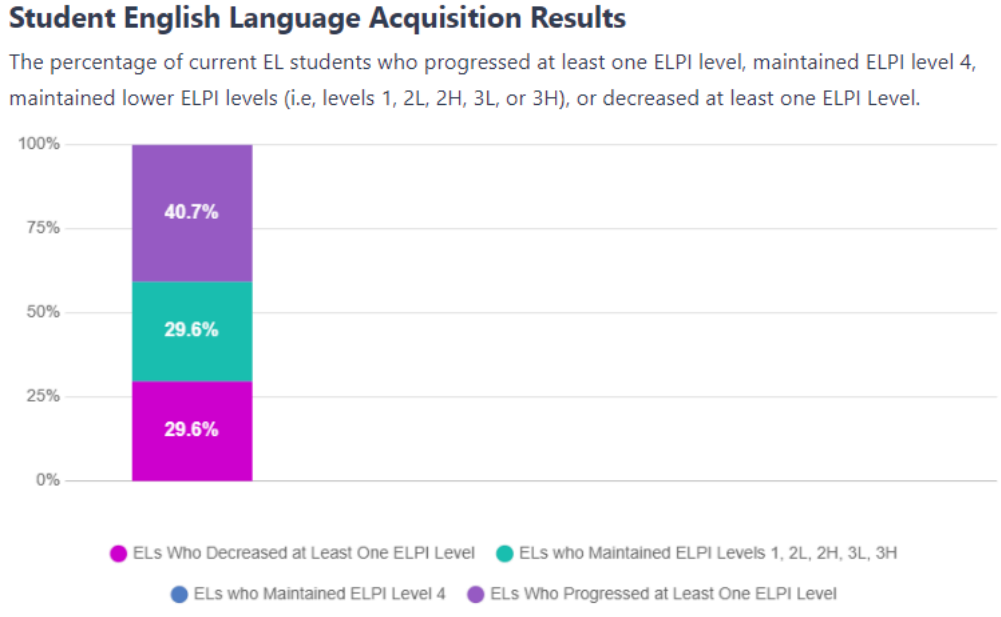
This annual data review is intended for all instructional staff supporting a recently reclassified student, the student, and families to analyze the student's access to core content and whether language may be a barrier to this access. For RFEP students with disabilities, the annual data review is intended to take place with the IEP team. If any of these data points suggest that a student is falling behind, the team has the opportunity to re-integrating the student back into Designated ELD and/or offering targeted Integrated ELD support again. Individual reclassified students' progress monitoring report is also kept in the students' cume files.



Chapter 9: Program Monitoring and Evaluation

This section will outline the system-wide accountability procedures that will ensure Aspire EL programs are effective in meeting the needs of our EL population.

Student Achievement Goals & Accountability



In accordance with federal ESSA requirements, the achievement of ELs will be annually reported to the state and published on the CA School Dashboard. The English Learner Progress Indicator (ELPI) measures the percent of EL students who are making progress towards language proficiency. The graph below shows how the State of California divides the ELPAC assessment into 6 levels to show proficiency for English Learners.

Assessments: ELs take the ELPAC exam to measure progress towards English language proficiency. The ELPAC has 4 levels.

Accountability: The 4 ELPAC levels were divided into 6 ELPI levels to determine whether ELs made progress toward English language proficiency.

Each Aspire school receives a percentage to show progress toward English proficiency. The percentage is calculated by adding the percentage of students who progressed at least one ELPI level and those that remained ELPAC level 4. Below is a sample graph shown on the CA School Dashboard for each Aspire school's ELPI performance:

In addition to the ELPI measures, Aspire sites track academic achievement and reclassification as a requirement of the LCAP.

1. Academic Achievement – ELs must show evidence of academic achievement at the same rate or higher as measured by Aspire-made assessments and the California Common Core State Standards Assessment (SBAC). Each school's individual charter and LCAP provide specific growth targets. Each school's LCAP must also include:
    a. Goals to improve student outcomes, identified through
        i. A needs assessment which addresses the academic and language proficiency needs of ELs.
        ii. Evidence-based strategies, actions, or services to reach goals.
        iii. Proposed expenditures based on the projected resource allocation to address the findings of the needs assessment consistent with the state priorities
2. Reclassification- All English Learners who meet established criteria are reclassified and their progress is monitored for up to 4 years

Evaluation of Program Effectiveness

In addition to regional strategic planning, and in accordance with Federal Program Monitoring requirements, each Aspire school will annually evaluate the effectiveness of its EL program. The EL program evaluation will take place through the state required LCAP Annual Update process with additional analysis upon the release of the most current Summative ELPAC scores. The program evaluation includes the degree to which:

1. ELs are attaining English language proficiency within 5-7 years. The effectiveness of programs and activities in assisting ELs to attain proficiency and to meet academic achievement and content standards including EL chronic absenteeism.
2. Necessary improvements to programs and activities for which Title III funds have been used for EL students.
3. Whether to eliminate specific EL activities proven to be ineffective.

After the release of the school's Summative ELPAC scores, staff will review students' progress on the Summative ELPAC between school years. This information is used to inform programming decisions such as Designated ELD scheduling and staffing, a focus for ongoing professional development specific to the needs of their ELs, and reclassification prior to the start of a new school year. All of these decisions are identified in alignment with the regional and school strategic plans and reported on to the Annual Aspire ELD Services Reporting form.

The LCAP Annual Update process consists of soliciting feedback, analysis, and recommendations from a variety of stakeholders including staff, students, parents, and other Aspire administrators regarding the school site strategic plan. The Annual Update analysis consists of the following components:

1. Review of the student and family survey results with an emphasis on the social and emotional learning impacts of our English Learners
2. Reclassification rates and students at risk of being identified as Long-Term English Learner
3. In depth review of site MLL program evaluation
4. Recommendations from the English Learner Advisory Committee on necessary improvements to the program
5. Evaluation of the LCAP EL Goals, Actions, Outcomes, and expenditures

Concluding the robust program evaluation process, school leaders incorporate stakeholder feedback into their LCAP Goals, Actions, Outcomes, and Expenditures for the following school year.

APPENDIX C: GLOSSARY OF TERMS

The following are operational definitions from CDE that help teachers, parents and administrators understand the policies and instructional guidelines:

CALPADS: California Longitudinal Pupil Achievement Data System is a longitudinal data system used to maintain individual-level data including student demographics, course data, discipline, assessments, staff assignments, and other data for state and federal reporting.

TOMS: Test Operations Management System is a secure Web site that permits local educational agency (LEA) CAASPP (California Assessment of Student Performance and Progress) coordinators to perform a number of tasks for the CAASPP System, which comprises the Smarter Balanced Online Summative Assessments for English language arts/literacy (ELA) and mathematics; the California Alternate Assessments (CAAs) for ELA, mathematics, and science (Pilot 2 of embedded performance tasks); the California Science Test field test; and, for the selected LEAs, the pilot of the California Spanish Assessment. Starting with the 18-19 SY, TOMS will will be used for ELPAC testing as well.

English Language Proficiency Assessments of California (ELPAC): The English Language Proficiency Assessments for California (ELPAC) is the successor to the California English Language Development Test (CELDT). Beginning in 2017–18, the ELPAC is the required state test for English language proficiency (ELP) that must be given to students whose primary language is a language other than English.

Initial Assessment: Initial identification of students as English learners

Summative Assessment: An annual summative assessment to measure an English learner's progress in learning English and to identify the student's ELP level ***Initial Fluent English Proficient (IFEP):*** Student demonstrates proficiency from the ELPAC initial assessment.

English Learner (EL): A student in kindergarten through grade 12 for whom there is a report of a language other than English on the Home Language Survey (HLS) and who, upon initial assessment in California using an appropriate state assessment (currently the English Language Proficiency Assessments for California [ELPAC]; prior to the 2017–18 school year, the California English Language Development Test [CELDT]) and from additional information when appropriate, is determined to lack the clearly defined English language skills of listening, speaking, reading, and/or writing necessary to succeed in the school's regular instructional programs.

English Learner "At-Risk" of Becoming a Long-Term English Learner ("At-Risk")**:** An EL student to which all of the following apply: (1) is enrolled on Census Day (the first Wednesday in October) in grades 3 to 12, inclusive; and (2) has been enrolled in a U.S. school for four or five years; and (3) has scored at the intermediate level or below (level 3 or below) on the prior year administration of the ELPAC **(Note: The 2018–19 determinations At-Risk of becoming LTEL [AR-LTEL] reflect a significant one year increase from previous years. These changes stem from having only one year of ELPAC data available in the 2017–18 academic year required for making AR-LTEL determinations. Specifically, Education Code Sections 313.1(a)(1)(2) and 313(b)(1)(2) state that students for which the required testing data are not available shall not be excluded from AR-LTEL determinations. Due to the one-year transition from the California English Language Development Test (CELDT) to the English Language Proficiency Assessments for California (ELPAC), two years of ELPAC data were not available to make these determinations as in prior years.);** and (4) for students in grades 3 to 9, inclusive, has scored in the fourth or fifth year at the "Standard Not Met" level on the prior year administration of the California Assessment of Student Performance and Progress (CAASPP)-English Language Arts/Literacy (ELA).In addition, please note the following: (1) students for whom one or more of the required testing criteria are not available are categorically determined to be "At-Risk"; and (2) the assessment component of "At-Risk" determination for students in grades 10–12, inclusive, is based solely on the ELPAC criteria outlined above; and (3) the CAASPP-ELA component of "At-Risk" determination is not applied to students in grade 3, as outlined in Education Code Section 313.1(b)(1)(D), because the CAASPP-ELA is administered in grades 3 to 8, inclusive, and 11, so students enrolled in grade 3 on Census Day will not have prior year CAASPP-ELA test scores available. For more information see California Education Code (EC) 313.1.

English Only (EO): A student in kindergarten through grade 12 for whom the only language reported on the HLS is English

or American Sign Language (ASL).

"Ever-EL": A student who is currently an EL or who was formerly designated as an EL, but who has now been reclassified fluent English proficient (RFEP).

Initial Fluent English Proficient (IFEP): A student in kindergarten through grade 12 for whom a language other than English is reported on the HLS and who, upon initial assessment in California using an appropriate state assessment (currently the ELPAC; prior to the 2017–18 school year, the CELDT) and from additional information when appropriate, is determined to be proficient in English.

Long-Term English Learner (LTEL): An EL student to which all of the following apply: (1) is enrolled on Census Day (the first Wednesday in October) in grades 6 to 12, inclusive; and (2) has been enrolled in a U.S. school for six or more years; and (3) has remained at the same English language proficiency level for two or more consecutive prior years, or has regressed to a lower English language proficiency level, as determined by the ELPAC **(Note: The 2018–19 determinations of Long-Term English Learners (LTEL) reflect a significant one year increase from previous years. These changes stem from having only one year of ELPAC data available in the 2017–18 academic year required for making LTEL determinations. Specifically, Education Code Sections 313.1(a)(1)(2) and 313(b)(1)(2) state that students for which the required testing data are not available shall not be excluded from LTEL determinations. Due to the one-year transition from the California English Language Development Test (CELDT) to the English Language Proficiency Assessments for California (ELPAC), two years of ELPAC data were not available to make these determinations as in prior years.);** and (4) for students in grades 6 to 9, inclusive, has scored at the "Standard Not Met" level on the prior year administration of the CAASPP-ELA. In addition, please note the following: (1) students for whom one or more of the required testing criteria are not available are categorically determined to be an LTEL; and (2) the assessment component of LTEL determination for students in grades 10–12, inclusive, is based solely on the ELPAC criteria outlined above. For more information see EC 313.1.

Reclassified Fluent English Proficient (RFEP): A student in kindergarten through grade 12 who, upon entering public school in California, is identified as an EL and subsequently reclassified/redesignated in California, per EC 313, as proficient in English. EC 313 criteria include, but are not limited to, an assessment of English proficiency in listening, speaking, reading, and writing as currently measured by the ELPAC (prior to the 2017–18 school year the CELDT was used), teacher evaluation of curriculum mastery, parental opinion/consultation, and student's performance of basic skills, as measured by the CAASPP-ELA that demonstrates sufficient proficiency in English to participate effectively in a curriculum designed for students of the same age whose native language is English.

To Be Determined (TBD): A student in kindergarten through grade 12 for whom there is a report of a primary language other than English on the HLS and for whom the district has not completed the assessment process. The assessment process must be completed within 30 days of initial enrollment.

English Language Development (ELD): *i*s the catch-all term that describes all instructional supports for English learners. The purpose of ELD instruction is to advance English learners' knowledge and use of English in increasingly sophisticated ways.

LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Aspire Monarch Academy
CDS Code: 01-61259-6117568
School Year: 2026-27
LEA contact information:
Heather Hasan
Principal
AspireMON@aspirepublicschools.org

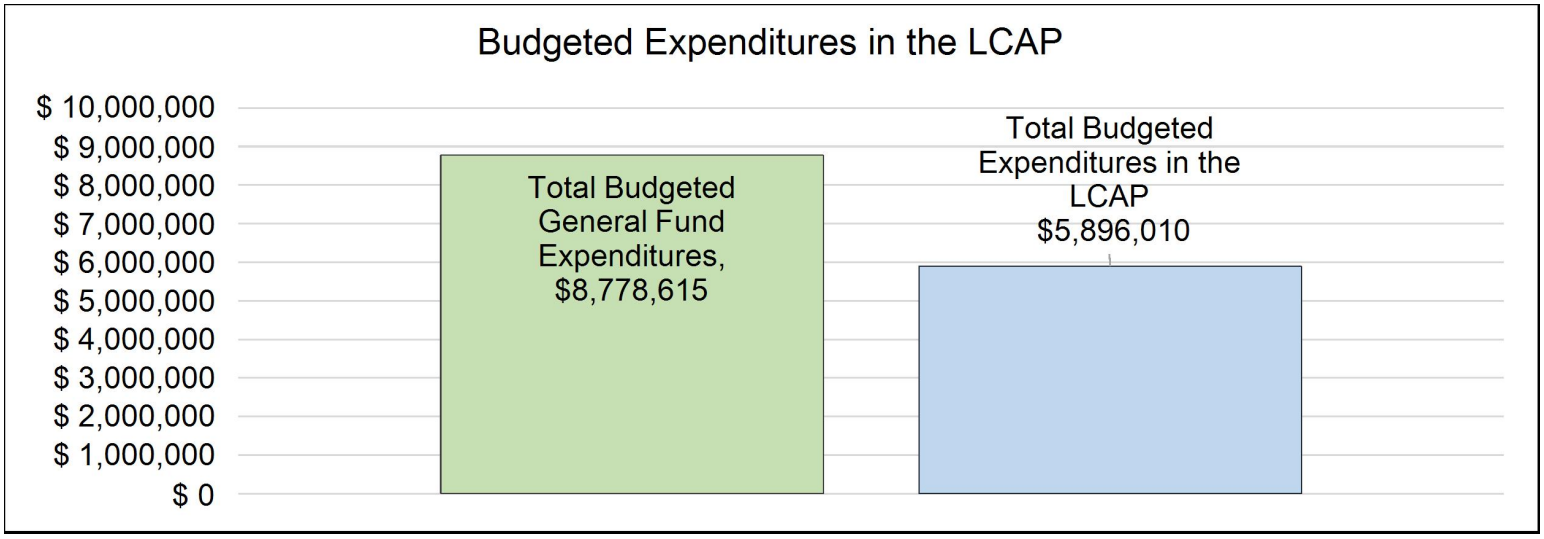
School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (Foster Youth, English learners, and low-income students).

Budget Overview for the 2026-27 School Year



This chart shows the total general purpose revenue Aspire Monarch Academy expects to receive in the coming year from all sources.

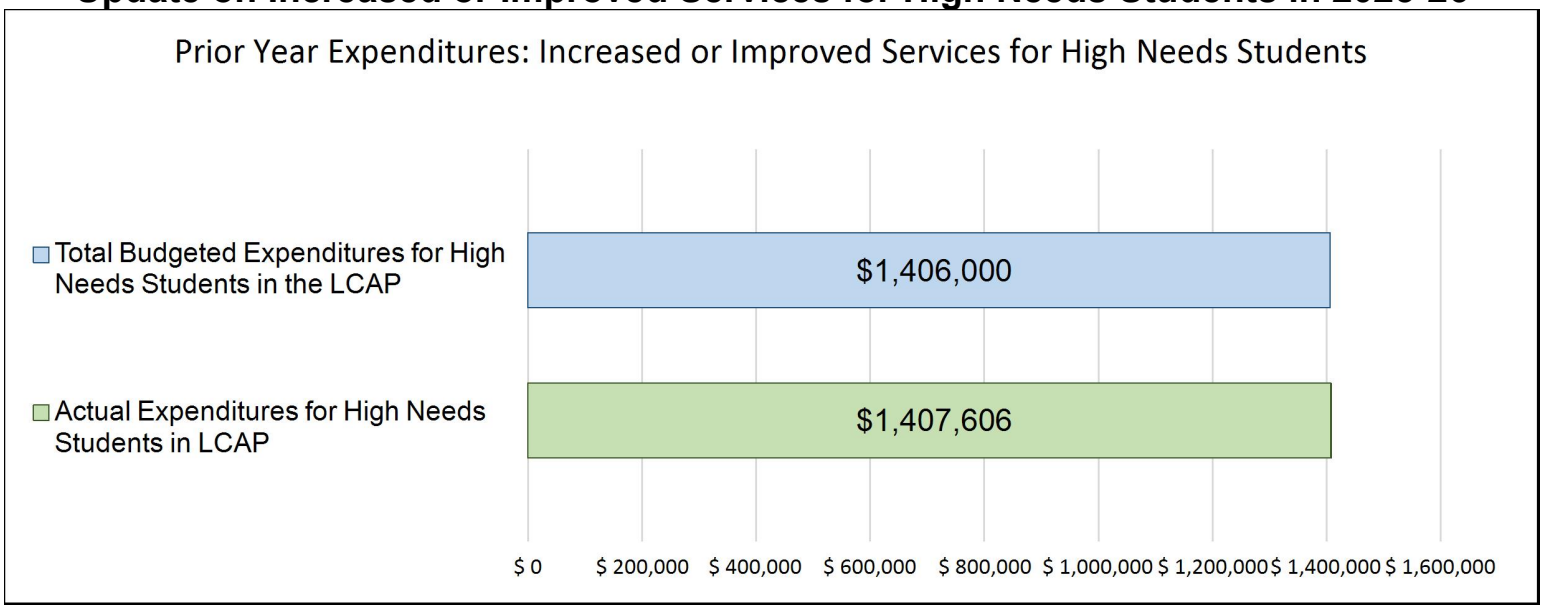
The text description for the above chart is as follows: The total revenue projected for Aspire Monarch Academy is $8,741,596, of which $5,600,006 is Local Control Funding Formula (LCFF), $2,591,947 is other state funds, $71,022 is local funds, and $478,621 is federal funds. Of the $5,600,006 in LCFF Funds, $1,418,374 is generated based on the enrollment of high needs students (Foster Youth, English learner, and low-income students).

LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much Aspire Monarch Academy plans to spend for 2026-27. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Aspire Monarch Academy plans to spend $8,778,615 for the 2026-27 school year. Of that amount, $5,896,010 is tied to actions/services in the LCAP and $2,882,605 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:



It's crucial to emphasize that while the LCAP plays a central role in resource allocation, it does not encompass the entirety of LEA expenditures. The General Fund, which covers expenses beyond the LCAP framework, encompasses a broad spectrum of services and administrative functions, including but not limited to operational costs for fundamental LEA functions such as administration, utilities, and cafeteria services.

Increased or Improved Services for High Needs Students in the LCAP for the 2026-27 School Year

In 2026-27, Aspire Monarch Academy is projecting it will receive $1,418,374 based on the enrollment of Foster Youth, English learner, and low-income students. Aspire Monarch Academy must describe how it intends to increase or improve services for high needs students in the LCAP. Aspire Monarch Academy plans to spend $1,470,000 towards meeting this requirement, as described in the LCAP.

LCFF Budget Overview for Parents

Update on Increased or Improved Services for High Needs Students in 2025-26

This chart compares what Aspire Monarch Academy budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Aspire Monarch Academy estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2025-26, Aspire Monarch Academy's LCAP budgeted $1,406,000 for planned actions to increase or improve services for high needs students. Aspire Monarch Academy actually spent $1,407,606 for actions to increase or improve services for high needs students in 2025-26.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Based on our review of the California School Dashboard and our local data, Aspire Monarch Academy has experienced both clear successes and ongoing challenges in our overall performance. This reflection has directly informed our LCAP planning so we can more effectively respond to student needs.

One area of success is our reduction in chronic absenteeism, which decreased from 27.3% to 25.2%. This improvement reflects the focused efforts of our attendance team, including consistent monitoring, intentional incentives and celebrations, and targeted interventions for students on the cusp. We also saw a decrease in our suspension rate, from 1.2% to 0.5%. The student groups who benefited most from this progress were our English learners, students identifying as Hispanic, and students with disabilities.

At the same time, English Language Arts (ELA) and Mathematics remain areas of growth. In both subjects, we reduced our distance from standard on the SBAC by 10 points or more (13.5 points in ELA and 10.5 points in math). Despite this progress, our English learners and students with disabilities continue to experience the greatest challenges, with higher distances from standard in both areas. We remain committed to strengthening instruction around grade-level standards and ensuring all students have access to rigorous and engaging learning experiences.

With 60.4% of our students identified as English Learners, targeted support is essential. We are implementing focused interventions for English learners and have continued our partnership with an external organization to build teacher capacity around effective EL strategies. Additionally, we have expanded structures for collaboration between general education teachers and education specialists to better meet the needs of students with disabilities, as 17.6% of the students we serve in this group. These efforts are helping to equip our staff with the tools needed to improve academic outcomes for all students.

As required by the LCAP template, the actions related to the student groups and state indicators identified in the 2022–23 California School Dashboard as performing at the lowest performance level (red) will remain unchanged throughout the three-year LCAP cycle. These groups and indicators, which have guided the development of actions and services, are as follows: SBAC English Language Arts: English Learner SBAC Math: Students with Disabilities

MON has unexpended Learning Recovery Emergency Block Grant (LREBG) funds that will be carried forward into the 2026–27 school year. These funds will continue to support Goal 4, Action 4.1 (ELA) and Goal 4, Action 4.2 (Math). As permitted by the LCAP template, the rationale for selecting these actions, the alignment of the actions to allowable uses of LREBG funds, and the manner in which the actions address the literacy and mathematics needs identified through the school's needs assessment are described within the action descriptions under Goal 4.

Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
Teachers	Teachers were engaged through bi-annual Teammate Surveys (conducted in fall and spring) weekly Lead Team Meetings. These engagements provided valuable feedback on classroom practices, academic and behavioral needs, professional learning, and cultural awareness, all contributing to the development and refinement of LCAP goals and actions.
Principals and Admin	School leaders, including Principal and Supporting Administrators participated in weekly Lead Team Meetings, weekly Admin Team Meeting, daily Admin Huddle, weekly Professional Development and Staff Meetings, and bi-annual Teammate Surveys. These forums focused on schoolwide planning, resource allocation, professional learning, and goal setting, ensuring alignment of the LCAP with the overall strategic direction of the school.
Other School Personnel	All school personnel, including classified staff, participated in weekly professional development sessions, regular 1:1s with admin, and bi-annual teammate surveys to provide input on school operations, student services, and professional growth needs. Additionally, staff engaged in regional professional development sessions twice a year, ensuring alignment with best practices across the network. These engagement efforts were critical in shaping Monarch's approach to inclusive school culture, operational efficiency, and equitable access to support services.
Parents	Parents and families were engaged through bi-annual Family Surveys (conducted in fall and spring), quarterly SSC and ELAC meetings, and Coffee with Administration. These sessions captured parent feedback

Educational Partner(s)	Process for Engagement
	on barriers to engagement, family preferences, and progress toward LCAP goals, ensuring that family voices were integrated into planning and implementation.
Students	Students were engaged through bi-annual Student Surveys (conducted in fall and spring) that gathered feedback on classroom climate, sense of belonging, and learning experiences.
SELPA (Special Education)	Special education teammates were engaged through weekly special education department meetings. In addition, there is a SpEd representative on our lead team who provided insight and input throughout the year in bi-weekly lead team meetings.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Input from families, staff, and other educational partners played an important role in shaping revisions to the LCAP and identifying areas where additional support and resources were needed. Through meetings, surveys, and ongoing conversations, stakeholders consistently emphasized the importance of improving student attendance and strengthening family understanding of how regular school attendance impacts student achievement and long-term success. In response, the LCAP was updated to include more intentional family outreach around attendance awareness, along with funding for incentives and raffles designed to encourage and celebrate positive attendance habits among students and families.

Families also expressed interest in receiving more tools and strategies to support learning at home, particularly in literacy development. As a result, the plan includes expanded literacy workshops and family learning opportunities focused on helping parents support students' reading and writing skills outside of the classroom. Stakeholders additionally shared concerns about communication gaps and the limited effectiveness of relying solely on the PowerSchool portal. This feedback led to a stronger emphasis on using multiple methods of communication, including flyers, reminders, and personal outreach, to ensure families receive timely and accessible information.

Educational partners further highlighted the need for continued academic and instructional support for specific student groups. To better serve students with disabilities, the LCAP includes additional staffing and resources to strengthen support for students with IEPs, along with systems to ensure the scheduling of IEPs maximizes effciency of instructional time. Feedback also reinforced the importance of maintaining targeted services for Multilingual Learners (MLLs), including intervention support and ongoing progress monitoring to track student growth and language development. Collectively, this feedback guided meaningful adjustments to the LCAP and helped ensure that planned actions and resources more closely align with the needs of students and families.

Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Overall, implementation of the LCAP actions during the year was successful and reflected a balance of accomplishments and areas for continued growth. Across multiple actions, the school was able to establish and maintain key systems and supports for students while also identifying challenges that impacted full implementation.

The grade-level curriculum action (1.1) was fully implemented, and staff successfully utilized the adopted curriculum across classrooms. While implementation was strong, there remains a continued need for ongoing professional development to strengthen instructional practices and ensure consistent, high-quality delivery of the curriculum.

Instructional coaching and support systems outlined in Action 1.2 were implemented; however, mid-year staffing reductions created challenges in maintaining consistent coaching cycles and regular use of the ASLF within coaching practices. Although instructional support continued throughout the year, staffing changes impacted the consistency and frequency of coaching sessions.

Implementation of the master scheduling action (1.3) was successful. The school ensured that all required instructional minutes were accounted for during the school day, and the afterschool program remained accessible and available to all students, supporting both academic and enrichment opportunities.

Assessment systems and data analysis practices under Action 1.4 experienced both successes and challenges. The school successfully used assessment data to tier students and identify targeted supports aligned to student needs. At the same time, challenges emerged in building administrative guidance and leadership capacity among lead teachers to consistently facilitate and maintain strong systems for data talks and instructional planning.

The Black Excellence action (1.5) was partially implemented. Staff continued efforts to provide culturally relevant instruction and create inclusive classroom experiences for students. However, the school faced challenges in establishing and sustaining both the Black Student Union (BSU) and the Black Family Advisory Committee due to limited staff capacity during the school year.

Action 1.6 related to English Learners was also partially implemented. Successes included ensuring that teachers received training in designated ELD instruction and developed stronger awareness of their English Learner students and English Learner indicators. The school also successfully provided targeted language intervention support for students identified as newcomers. A challenge in this area involved

maintaining consistent records and progress-monitoring systems for English Learner students, which impacted the school's ability to track growth consistently throughout the year.

Implementation of the Special Education actions (1.7) also reflected a combination of successes and challenges. The school successfully structured consistent collaboration time between General Education and Special Education staff to support student learning and alignment of services. However, the effectiveness of implementation was impacted by limited staffing stability within the Special Populations Dean role, which was only filled for part of the school year. This affected the overall coordination of the Special Education team, collaboration around student goals, and the scheduling of IEP meetings, which at times required teachers to be pulled from instructional time.

The final Title I action was fully implemented, and the school maintained the required supports and services aligned to Title I program expectations.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

1.7 SPED expenditures were greater than budgeted due to increased caseload during the school year

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

The actions and services outlined in the LCAP led to varying levels of success across goal areas, with several actions showing meaningful progress while others highlighted ongoing challenges and areas needing additional support:
1.1 Grade-Level Curriculum: The use of the adopted grade-level curriculum supported consistency in classroom instruction and ensured all students had access to standards-aligned materials. This resulted in an 8% increase in students meeting the standard. Continued professional development is still needed to strengthen implementation practices and instructional rigor across classrooms.

1.2 Instruction: Instructional coaching and support systems helped strengthen classroom practices and teacher development. Professional development for math showed gains in student outcomes on the SBAC in math with a double digit decrease in distance from standard (from -77 to -64)

1.3 Master Scheduling: The master schedule successfully ensured that all instructional minutes were protected during the school day, and the afterschool program remained accessible to all students. These systems helped maintain continuity of instruction and student support opportunities. We saw gains in our student outcomes on SBAC with double digit decrease in DFS for both math and ELA.

1.4 Assessment: Assessment systems supported staff in identifying student needs and grouping students for targeted interventions aligned to data. However, challenges with leadership capacity and maintaining consistent systems for data talks impacted the effectiveness and consistency of instructional planning conversations. This is seen in the outcomes for our subgroups of students who are MLLs. They showed single digit decrease in DFS on Math SBAC (9.9 point decrease in comparison to 13.6 point decrease for students who are not MLLs)

1.5 Black Excellence: Staff continued efforts to provide culturally relevant instruction and foster inclusive classroom environments. However, limited staff capacity made it difficult to establish and sustain the Black Student Union (BSU) and Black Family Advisory Committee, which limited touchpoints and input from our black students and families.

1.6 English Learners: Teachers received training in Designated ELD and increased awareness of English Learner indicators and student needs. Newcomer students also received targeted language intervention support. This resulted in significant growth for our MLLs on the Math SBAC as they showed more growth than students not designated as MLLs (4.9% inclrease in % met/exceeding, in comparison to a decrease in met/exceeding for students who are not MLL) A continued area of growth for these students is in ELA as there remains a 33% difference in % of students meeting or exceeding in comparison to their non MLL peers.

1.7 SPED: Dedicated collaboration time between General Education and Special Education staff supported alignment around student needs and services. This resulted in this sub group decreasing the DFS by 37 points, while students who are not SpEd decreased by 7.7 points.

1.8 Title I: Title I actions contributed to academic and student support services throughout the year. Preliminary progress monitoring showed small gains in targeted student outcomes, though further data is needed to determine long-term effectiveness.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Data from the California Dashboard, SBAC results, local assessments, and progress monitoring helped identify which actions were effective and where additional support or adjustments were needed. Positive growth in overall student achievement, Math outcomes, and subgroup performance for English Learners and Students with Disabilities showed that many of the instructional supports, collaboration structures, and intervention systems were effective and should continue. At the same time, data also highlighted ongoing achievement gaps in ELA for Multilingual Learners and inconsistencies in systems such as progress monitoring, and data analysis.

Based on these results, the school will refine and simplify actions moving forward by focusing on maintaining successful systems while strengthening areas that need additional support. Strategies moving forward include continued professional development for curriculum implementation and culturally responsive teaching, stronger consistency in instructional planning and data analysis systems, expanded language intervention support for newcomer students, continued collaboration between General Education and Special Education staff, and increased focus on literacy intervention and family engagement. Monarch will also continue reviewing systems and supports to ensure actions remain aligned to student needs and outcome data.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Additionally, weekly or biweekly observation and feedback coaching cycles for all teachers and ed specialists will lead to growth in educator instructional practice which will increase student attendance and academic performance outcomes. To assemble and sustain a team of exceptional educational professionals through strategic initiatives aimed at recruitment, development and retention. We will focus on enhancing our team's development by implementing structured models and systems that provide continuous professional growth opportunities. This will include individualized coaching, team coaching, and the formation of vibrant Communities of Practice (CoPs), which will foster a culture of lifelong learning and collaborative innovation.

Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

2.1 For this goal we were able to partially implement our actions for coaching. Teachers had differentiated coaching that targeted their needs and goals with alignment to our ASLF. We used Teachboost to support our PLP plans and did not use it regularly for coaching. Our Admin team did not get to set goals with TLF and our walkthroughs happened, though consistency dipped in the second half of the year when we faced staffing shortages.
2.2 We held PDs through the year for teacher development though our regional priorities shifted from the interdisciplinary unit focus, so this was halted mid-year.
2.3 We were able to take a lot of our actions into implementation for teacher retention. Eliciting feedback through our bi-annual attuned survey, weekly staff surveys, Principal held listening meetings, and a schedule that ensured collaboration time was built into the day. Other staff culture activities include weekly Friday breakfasts, staff events after school, and life milestone celebrations (bridal showers, baby showers, etc) which contributed to a more positive staff culture.
2.5 Actions for pipeline development were fully implemented. Most teammates participated in 2 PLPs throughout the year, with goals being adjusted and revised based on data and the ASLF. We had teacher residents along with teammates who participated in the RIVET program to earn their BA and further set themselves up to reach their career goals. Some challenges came with alignment on the PLP process for all teammates and the follow through with revised goals being the central focus of coaching conversations.
2.6 Actions for teacher credentialing were fully implemented. We were able to increase the number of credentialed teachers. This was a successful improvement.

There are no material differences between budgeted expenditures and estimated actual expenditures for any of the actions under this goal

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

or Action 2.1, the coaching framework was moderately effective in supporting the development of teacher capacity. Differentiated coaching and ongoing instructional support contributed to growth in teacher practice and stronger alignment to instructional expectations. While implementation challenges, including staffing shortages and inconsistent follow-through in some systems, impacted the overall consistency of the work, coaching structures still provided meaningful support for teachers throughout the year. Overall, the progress seen in instructional practice suggests positive momentum toward improved student outcomes, with continued refinement and consistency needed to maximize long-term impact.
For Action 2.2, the professional development opportunities provided throughout the year were effective in supporting teacher growth and strengthening instructional practices. The PDs helped build teacher capacity through ongoing learning aligned to instructional priorities and student needs. While shifts in regional priorities limited the continuation of the interdisciplinary unit focus mid-year, the professional learning

that was implemented still contributed to more intentional and responsive instruction. Continued consistency and sustained focus in future implementation will help deepen the overall impact across classrooms.
For Action 2.3, the implementation of staff retention and culture-building strategies was effective in fostering a positive and supportive work environment. Evidence of this effectiveness is reflected in the school's high staff retention rate throughout the year, as well as consistent staff engagement through surveys, listening sessions, and collaborative structures built into the schedule. Opportunities for staff voice and feedback helped strengthen communication and trust within the school community, while intentional culture-building activities and celebrations contributed to strong staff morale and a greater sense of belonging. Collectively, these efforts supported a collaborative culture that encouraged staff investment and retention.
For Action 2.5, the implementation of pipeline development initiatives was effective in supporting staff growth and creating opportunities for long-term career advancement. The use of Professional Learning Plans (PLPs), along with participation in programs such as RIVET and teacher residency pathways, contributed to building internal capacity and strengthening the educator pipeline. Evidence of effectiveness includes two teammates successfully earning their bachelor's degrees through the RIVET program and the hiring of two teacher residents for the upcoming school year. While there were some challenges with consistent alignment and follow-through within the PLP process, the overall implementation created meaningful opportunities for professional growth and leadership development among staff.
For Action 2.6, the implementation of teacher credentialing efforts was effective in strengthening overall staff qualifications and building instructional capacity across the school. The increase in the number of credentialed teachers reflects meaningful progress toward ensuring students have access to highly qualified educators. This improvement also demonstrates a commitment to professional growth and long-term investment in staff development. Overall, the successful implementation of these actions contributed positively to the stability and effectiveness of the instructional program.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

While no major changes to our actions are anticipated, we will refine our systems for strategic planning to ensure greater consistency in maintaining coaching and professional development structures throughout the year. This includes strengthening the implementation of coaching cycles, instructional walkthroughs, and a clear professional development scope and sequence centered on the instructional core. Although unforeseen circumstances created challenges that impacted consistency this year, these experiences provided valuable insight into areas for growth. Moving forward, we aim to apply these lessons learned to plan more proactively and establish sustainable systems that can be maintained effectively across the full school year.

Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

For Action 3.1, implementation included both successes and areas for growth. We successfully established and maintained SSC and ELAC committee structures, holding four meetings for each committee by the end of the school year despite adjustments to the original timeline. Family surveys administered throughout the year provided valuable stakeholder feedback, though participation declined during the second administration. Additionally, transitions within the administrative team created challenges in sustaining regular principal and administrator engagement opportunities with families. Overall, the year highlighted the importance of strong systems for family partnership and communication and provided valuable insight that will support more consistent engagement efforts moving forward.

Action 3.2 included both successes and challenges in implementation throughout the year as well. The school was successful in maintaining school-wide incentive programs, which were positively received by students and families. An attendance team was established to support attendance monitoring and intervention efforts; however, the consistency of meetings and follow-through fluctuated at times due to competing priorities and reduced administrative staffing capacity during the year. These staffing challenges also impacted the consistency of attendance data analysis and outreach efforts related to chronic absenteeism. Despite these barriers, the school effectively leveraged Student-Led Conferences (SLCs) as an opportunity to conduct SART meetings and engage families in conversations around attendance and student success, which was a notable strength in the implementation process.

For Action 3.3, Implementation of the SEL plan was largely successful throughout the year. The school was able to provide SEL curriculum access across classrooms to support the development of students' social-emotional skills and overall well-being. In addition, targeted SEL groups facilitated by Mental Health Therapists (MHTs) and other staff provided students with additional support in building friendship skills, strengthening peer relationships, and developing positive social interactions. The school also maintained its student leadership group, which created opportunities for student voice in school decision-making while fostering leadership development among students. One challenge in implementation was maintaining consistent whole-staff data analysis processes to monitor SEL trends and inform ongoing adjustments to supports and interventions.

Implementation of the MTSS action plan (3.4) remained strong throughout the year, with consistent systems in place to ensure students received appropriate academic and behavioral supports. The school maintained clear MTSS structures and followed established processes for addressing student concerns, including consults, SSTs, and referrals for evaluation when needed. Support from regional teammates also helped sustain intervention systems and data tracking practices, contributing to more organized and responsive student support structures.

One area of challenge was maintaining staff professional development related to MTSS practices throughout the year, as these trainings were primarily frontloaded during the launch of the school year and were not consistently revisited over time.
Implementation for action 3.5 included both strong outreach efforts and some operational challenges throughout the year. The enrollment team was consolidated with the attendance team, which created some inconsistencies in meeting structures and follow-through due to competing priorities. Despite this, the school maintained extensive community outreach efforts, including attending community events, canvassing neighborhoods, partnering with preschools and community organizations, hosting open houses and information sessions, and maintaining an open-door policy for prospective families. The school also continued accepting and onboarding new families throughout the year to support enrollment growth.
For Action 3.6, all planned actions were implemented successfully and with fidelity to the intended plan. The school was able to consistently carry out each action step throughout the year, demonstrating strong coordination, organization, and follow-through across teams. Overall, implementation remained aligned to the outlined goals with no major deviations from the original plan.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

3.3- Due to lower enrollment certain vacant roles were not filled during 25-26 which resulted in lower spending under goal 3.3. In place of the SSM the school hired a PT behavior support assistant and in place of the Dean they utilized their new Special Populations Admin (70% funded by community schools) as well as support from the regional office.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

For Action 3.1, the implementation of family engagement and stakeholder partnership structures was effective in strengthening communication and increasing family participation throughout the year. Evidence of this effectiveness was seen in the increased turnout at family meetings from the beginning to the end of the year, which was supported by providing virtual attendance options through Zoom. This increased accessibility allowed more families to engage consistently with the school community. In addition, feedback shared by families during meetings was overwhelmingly positive and reflected appreciation for the school's responsiveness, support, and attention to the individual needs of students. The continued engagement of SSC and ELAC committees, along with stakeholder feedback opportunities, contributed to stronger family-school partnerships and a more collaborative school culture overall.
For Action 3.2, the effectiveness of implementation was mixed. School-wide attendance incentive programs and the use of Student-Led Conferences (SLCs) to support SART processes helped maintain ongoing attention to attendance and family engagement around student success. However, reduced administrative capacity and inconsistencies in attendance team structures limited the overall impact of attendance interventions and data monitoring throughout the year. Evidence of these challenges can be seen in the school's chronic absenteeism rate remaining largely stagnant, indicating that while systems for support were in place, greater consistency in implementation and follow-through will be needed to drive stronger improvements in attendance outcomes moving forward.
Our SEL plan for action 3.3 was effective in strengthening student well-being, connectedness, and overall school climate. Evidence of effectiveness included strong student participation and interest in targeted SEL group sessions, demonstrating that students valued the additional support and opportunities to build social skills and peer relationships. In addition, Panorama student survey results showed positive increases across nearly all indicators, reflecting growth in students' sense of belonging, relationships, and overall school experience. The school also saw a reduction in suspensions and improvements in campus safety, further indicating that SEL supports and relationship-centered practices positively impacted student behavior and the overall school environment.

For action 3.4 we saw effectiveness in maintaining strong systems for identifying and supporting students with academic and behavioral needs. Evidence of effectiveness was seen in the referral and evaluation process, as students who were referred for assessment and ultimately qualified for IEPs demonstrated clear and appropriate areas of need, indicating that intervention and referral systems were being used thoughtfully and effectively rather than over-identifying students. The school's structured MTSS processes also supported more consistent intervention planning and data tracking for students requiring additional support. At the same time, the lack of ongoing staff professional development throughout the year created some uncertainty among newer teachers regarding MTSS procedures and referral processes, highlighting a need for more consistent training and calibration moving forward.
Actions for 3.5 were effective in increasing overall student enrollment and strengthening community interest in the school. Evidence of effectiveness included increased enrollment for the current school year, as well as high interest from prospective families that resulted in the addition of a new TK cohort for the upcoming year due to waitlist demand. Ongoing outreach, community partnerships, and accessible opportunities for families to learn about the school contributed positively to enrollment growth and visibility within the community.
For Action 3.6, the implementation of this action was effective in ensuring students had consistent access to high-quality instructional materials, tools, and resources that supported learning across classrooms. In addition, these efforts contributed to maintaining a safe, supportive, and welcoming school environment where students were able to engage meaningfully in their education and overall school experience.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Adjustments to the plan will focus on strengthening consistency, accessibility, and sustainability across family engagement, attendance, SEL, and MTSS systems. The school will continue many of the structures and strategies that proved effective this year, including targeted SEL supports, student leadership opportunities, family engagement efforts, and schoolwide communication systems. Outreach and communication with families will be expanded through newsletters, flyers, portal messages, in-person reminders, and continued virtual participation options to increase accessibility and engagement.

In alignment with updated regional structures, the school will refine attendance and MTSS actions to better align with consolidated site-based teams and strengthen consistency in implementation, interventions, and data monitoring. Additional emphasis will be placed on attendance awareness, family incentives, and the intentional use of SART and SARB processes to address chronic absenteeism. To support long-term sustainability, dedicated time for planning, data reflection, adult SEL, and ongoing staff professional development will be embedded into the PD scope and sequence to strengthen staff understanding of SEL and MTSS practices, particularly for newer teachers.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

For 4.1 and 4.2, we have successfully implemented targeted literacy interventions with small-group instructional and personalized instruction using i-Ready Personalized Instruction. We were able to provide literacy workshops for families in the first half of the year but did not hold

math literacy workshops. We established systems for co-planning across grades and roles to support with our inclusion model, MLL supports, and reading intervention.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

There are no material differences between budgeted expenditures and estimated actual expenditures for any of the actions under this goal

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

For Actions 4.1 and 4.2, internal assessment data reflected measurable student growth throughout the year, alongside continued improvement in teachers' ability to design cohesive, standards-aligned lessons and instructional tasks. These improvements indicate stronger alignment in instructional planning and an increased focus on delivering rigorous and meaningful learning experiences for students.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Adjustments to the plan for this goal will focus on continuing the current actions and implementation structures that have supported student and instructional growth. Family workshops will remain a priority moving forward, as feedback from committee meetings indicated that families value and would like continued opportunities for learning and engagement. In addition, the plan will shift from a focus on co-teaching to co-planning, recognizing that the development of a strong and sustainable co-teaching model will require additional time, refinement, and long-term planning.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

2.3	**Action:** Teammate Retention **Need:** English Learners, Socioeconomically Disadvantaged students, and Students with Disabilities benefit from stable, collaborative, and well-supported instructional environments. Staff survey results indicate declines in School Climate (77% to 53%), Belonging (76% to 58%), Well-being (63% to 50%), Staff-Leadership Relationships (78% to 44%), and Cultural Awareness and Action (62% to 48%). Additionally, teammate retention decreased from 97.9% to 93.0%. **Scope:** LEA-wide	Regular staff input sessions and weekly surveys on culture/climate offer a platform for staff to voice concerns and suggestions, creating a more inclusive environment where staff feel valued and heard. Open office hours and listening meetings with the admin team provide opportunities for staff to communicate directly with leadership, promoting a supportive culture. Sharing survey results and outlining leadership's next steps reinforce transparency and accountability, while adjusting the master schedule to allow for adequate teacher collaboration reduces stress and fosters teamwork. Including wellness goals in each teammate's Professional Learning Plan emphasizes staff well-being and ensures they prioritize mental health. Clear onboarding practices support new teachers, particularly those new to the profession or district, helping them acclimate and reducing the risk of early burnout or turnover. Collectively, these actions promote a healthier work environment and improve staff retention. This continuity benefits unduplicated students by providing consistent relationships, tailored support, and a stable school climate that is essential for their success.	Metric (2.3) Retention Rate
3.2	**Action:** Attendance **Need:** English Learners, Socioeconomically Disadvantaged students, and Students with Disabilities continue to experience elevated rates of chronic absenteeism. Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

These funds are allocated towards essential salary support to maintain our current staff levels and towards comprehensive professional development programs. By using the funds to cover part of the existing salaries, we ensure that our schools do not lose valuable staff members due to budget constraints. Concurrently, the investment in professional development enriches our staff's skills and teaching capabilities, enhancing both job satisfaction and educational outcomes. This dual approach of financial support and professional growth not only stabilizes our workforce but also directly contributes to sustained, high-quality service for our students.

Local Control and Accountability Plan Instructions

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at LCFF@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California Education Code [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.

- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.

- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:

    - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).

    - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).

        - **NOTE:** As specified in EC Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to EC Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, EC

Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.

- Annually reviewing and updating the LCAP to reflect progress toward the goals (EC Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (EC sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in EC sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023 and Senate Bill 153, Chapter 38, Statues of 2024.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

> Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

Requirements and Instructions

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- LEAs may also provide information about their strategic plan, vision, etc.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

EC Section 52064.4 requires that an LEA that has unexpended Learning Recovery Emergency Block Grant (LREBG) funds must include one or more actions funded with LREBG funds within the 2026-27, 2026-27 and 2027-28 LCAPs, as applicable to the LEA. To implement the requirements of *EC* Section 52064.4, all LEAs must do the following:

- For the 2025–26, 2026–27, and 2027–28 LCAP years, identify whether or not the LEA has unexpended LREBG funds for the applicable LCAP year.
    - If the LEA has unexpended LREBG funds the LEA must provide the following:
        - The goal and action number for each action that will be funded, either in whole or in part, with LREBG funds; and
        - An explanation of the rationale for selecting each action funded with LREBG funds. This explanation must include:
            - An explanation of how the action is aligned with the allowable uses of funds identified in *EC* Section 32526(c)(2); and
            - An explanation of how the action is expected to address the area(s) of need of students and schools identified in the needs assessment required by *EC* Section 32526(d).
                - For information related to the allowable uses of funds and the required needs assessment, please see the Program Information tab on the LREBG Program Information web page.
            - Actions may be grouped together for purposes of these explanations.
            - The LEA may provide these explanations as part of the action description rather than as part of the Reflections: Annual Performance.
    - If the LEA does not have unexpended LREBG funds, the LEA is not required to conduct the needs assessment required by *EC* Section 32627(d), to provide the information identified above or to include actions funded with LREBG funds within the 2026-27, 2026-27 and 2027-28 LCAPs.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with EC sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

Comprehensive Support and Improvement
An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners

Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (EC Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Requirements

Requirements

School districts and COEs: *EC* Section 52060(g) and *EC* Section 52066(g) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,

- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Charter schools: *EC* Section 47606.5(d) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the CDE's LCAP webpage.

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see *Education Code* Section 52062;
    - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).
- For COEs, see *Education Code* Section 52068; and
- For charter schools, see *Education Code* Section 47606.5.

- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

Instructions

Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Complete the table as follows:

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.

- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.

- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.

- For the purposes of this prompt, this may also include, but is not necessarily limited to:
    - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
    - Inclusion of metrics other than the statutorily required metrics
    - Determination of the target outcome on one or more metrics
    - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection

    - Analysis of effectiveness of the specific actions to achieve the goal
    - Analysis of material differences in expenditures
    - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
    - Analysis of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that

is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
    - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- Maintenance of Progress Goal: A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

Requirement to Address the LCFF State Priorities

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The *LCFF State Priorities Summary* provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

Focus Goal(s)

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding

Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

(A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and

(B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school's educators, if applicable.

- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school's educators.
    - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
    - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school's educators, if applicable.

Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
    - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

Note: *EC* Section 42238.024(b)(1) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

Broad Goal

Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.

- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Type of Goal

Identify the type of goal being implemented as a Broad Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.

- The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.

- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.

- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.

    - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

- **Required metrics for Equity Multiplier goals**: For each Equity Multiplier goal, the LEA must identify:

    - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or

    - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.

- **Required metrics for actions supported by LREBG funds**: To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include at least one metric to monitor the impact of each action funded with LREBG funds included in the goal.

    - The metrics being used to monitor the impact of each action funded with LREBG funds are not required to be new metrics; they may be metrics that are already being used to measure progress towards goals and actions included in the LCAP.

Complete the table as follows:

Metric #

- Enter the metric number.

Metric

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

Baseline

- Enter the baseline when completing the LCAP for 2024–25.
    - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
    - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
    - Indicate the school year to which the baseline data applies.
    - The baseline data must remain unchanged throughout the three-year LCAP.
        - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.
        - If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
    - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.

- Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. "Effective" means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

Note: When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as "Not Applicable."

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
    - Include a discussion of relevant challenges and successes experienced with the implementation process.
    - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
    - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
    - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
    - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
    - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:

- The reasons for the ineffectiveness, and
- How changes to the action will result in a new or strengthened approach.

Actions:

Complete the table as follows. Add additional rows as necessary.

Action #

- Enter the action number.

Title

- Provide a short title for the action. This title will also appear in the action tables.

Description

- Provide a brief description of the action.
    - For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
    - As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
    - These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No.
    - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 *CCR*] Section 15496 in the Increased or Improved Services section of the LCAP.

***Actions for Foster Youth*:** School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

Required Actions

For English Learners and Long-Term English Learners

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
    - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
    - Professional development for teachers.
    - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.

For Technical Assistance

- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

For Lowest Performing Dashboard Indicators

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
    - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
    - These required actions will be effective for the three-year LCAP cycle.

For LEAs With Unexpended LREBG Funds

- To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include one or more actions supported with LREBG funds within the 2025–26, 2026–27, and 2027–28 LCAPs, as applicable to the LEA. Actions funded with LREBG funds must remain in the LCAP until the LEA has expended the remainder of its LREBG funds, after which time the actions may be removed from the LCAP.
    - Prior to identifying the actions included in the LCAP the LEA is required to conduct a needs assessment pursuant to *EC* Section 32526(d). For information related to the required needs assessment please see the Program Information tab on the LREBG

Program Information web page. Additional information about the needs assessment and evidence-based resources for the LREBG may be found on the California Statewide System of Support LREBG Resources web page. The required LREBG needs assessment may be part of the LEAs regular needs assessment for the LCAP if it meets the requirements of *EC* Section 32627(d).

- School districts receiving technical assistance and COEs providing technical assistance are encouraged to use the technical assistance process to support the school district in conducting the required needs assessment, the selection of actions funded by the LREBG and/or the evaluation of implementation of the actions required as part of the LCAP annual update process.
- As a reminder, LREBG funds must be used to implement one or more of the purposes articulated in *EC* Section 32526(c)(2).
- LEAs with unexpended LREBG funds must include one or more actions supported by LREBG funds within the LCAP. For each action supported by LREBG funding the action description must:
  - Identify the action as an LREBG action;
  - Include an explanation of how research supports the selected action;
  - Identify the metric(s) being used to monitor the impact of the action; and
  - Identify the amount of LREBG funds being used to support the action.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC*

Section 52064[b][8][B]; 5 *CCR* Section 15496[a]). This proportionality percentage is also known as the "minimum proportionality percentage" or "MPP." The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

LEA-wide and Schoolwide Actions

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.

- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

For School Districts Only

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Requirements and Instructions

Complete the tables as follows:

Total Projected LCFF Supplemental and/or Concentration Grants

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero ($0).

Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 *CCR* Section 15496(a)(7).

Required Descriptions:

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

Note for COEs and Charter Schools: In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s)

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.

- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.

- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.

- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.

    - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.

    - The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.

- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.

    - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.

    - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year**: Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant**: Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 *CCR* Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

  See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 *CCR* Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover —

Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***

- **Goal #**: Enter the LCAP Goal number for the action.
- **Action #**: Enter the action's number as indicated in the LCAP Goal.
- **Action Title**: Provide a title of the action.
- **Student Group(s)**: Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If "Yes" is entered into the Contributing column, then complete the following columns:
    - **Scope**: The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
    - **Unduplicated Student Group(s)**: Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
    - **Location**: Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span**: Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."
- **Total Personnel**: Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel**: This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.

- **LCFF Funds**: Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA's total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
    - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds**: Enter the total amount of Other State Funds utilized to implement this action, if any.
    - **Note:** Equity Multiplier funds must be included in the "Other State Funds" category, not in the "LCFF Funds" category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA's LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds**: Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds**: Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds**: This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services**: For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
    - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

      For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures**: Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions**: Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
    - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been $169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of $169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant**: Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program,

the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 *CCR* Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 *CCR* Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
    - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
    - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**
    - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**

- This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on the number and concentration of unduplicated students in the current school year.

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
  - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).
- **7. Total Estimated Actual Expenditures for Contributing Actions**
  - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**
  - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).
- **5. Total Planned Percentage of Improved Services (%)**
  - This amount is the total of the Planned Percentage of Improved Services column.
- **8. Total Estimated Actual Percentage of Improved Services (%)**
  - This amount is the total of the Estimated Actual Percentage of Improved Services column.
- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**
  - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

LCFF Carryover Table

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**
  - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
  - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**

- If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

  The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- **13. LCFF Carryover — Percentage (12 divided by 9)**

  - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

Appendix XII: Uniform Complaint Procedure

Aspire Public Schools
Uniform Complaint Policy and Procedures

These Uniform Complaint Procedures ("UCP") contain rules and instructions about UCP complaints regarding any alleged violation of federal or state laws or regulations governing certain educational programs and activities offered by Aspire Public Schools ("Aspire"). A pupil fee includes a purchase that a pupil is required to make to obtain materials, supplies, equipment, or clothes associated with an educational activity.

A pupil fees complaint may be filed with the principal of a school or with our superintendent or their designee. A pupil fees complaint may be filed anonymously, that is, without an identifying signature, if the complaint provides evidence or information leading to evidence to support an allegation of noncompliance.

For complaints relating to Local Control and Accountability Plans (LCAP), the date of the alleged violation is the date when the reviewing authority approves the LCAP or annual update that we adopted. An LCAP complaint may be filed anonymously, that is, without an identifying signature, if the complaint provides evidence or information leading to evidence to support an allegation of noncompliance.

We advise complainants of the right to pursue civil law remedies under state or federal discrimination, harassment, intimidation or bullying laws, including, but not limited to, injunctions, restraining orders, or other remedies or orders that may also be available to complainants.

In no instance will the Responsible Employee be assigned to investigate a complaint in which they have a bias that would prohibit them from fairly investigating or responding to the complaint. Any complaint against the Responsible Employee or that raises a concern about the Responsible Employee's ability to investigate the complaint fairly and without bias should be referred to the Principal of the Aspire charter school where the complaint originated or other appropriate Aspire official, who will determine how the complaint will be investigated.

Aspire will ensure that the Responsible Employee (or designee) investigating the complaint is knowledgeable about the laws and programs at issue in the complaints. Aspire may consult with legal counsel as appropriate.

CONFIDENTIALITY AND NON-RETALIATION

Aspire will ensure that complainants are protected from retaliation and that the identity of a complainant alleging discrimination, harassment, intimidation, or bullying remains confidential as appropriate.

COMPLAINT AND INVESTIGATION PROCEDURES

A UCP complaint must be filed according to the procedures set forth herein.

The UCP complaint investigation is our administrative process for the purpose of gathering data regarding the complaint. We provide an opportunity for complainants and/or representatives to present evidence or information.

Refusal by the complainant to provide the investigator with documents or other evidence related to the allegations in the complaint, or to otherwise fail or refuse to cooperate in the investigation or engage in any other obstruction of the investigation, may result in the dismissal of the complaint because of a lack of evidence to support the allegations.

Refusal by the **Aspire Public Schools** to provide the investigator with access to records and/or other information related to the allegation in the complaint, or to otherwise fail or refuse to cooperate in the investigation or engage in any other obstruction of the investigation, may result in a finding based on evidence collected that a violation has occurred and may result in the imposition of a remedy in favor of the complainant.

We investigate all allegations of unlawful discrimination, harassment, intimidation or bullying against any protected group. Unlawful discrimination, harassment, intimidation or bullying complaints shall be filed no later than six months from the date the alleged discrimination, harassment, intimidation or bullying occurred, or six months from the date the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation or bullying.

Step 1: Filing a UCP Complaint

A UCP complaint is written and signed. If a complainant is unable to put their complaint in writing due to a disability or illiteracy, Aspire will assist the complainant in the filing of the complaint. A signature on a UCP complaint may be handwritten, typed (including in an email), or electronically-generated. Complaints related to pupil fees and/or LCAPs may be filed anonymously if the complaint provides evidence or information leading to evidence to support an allegation of noncompliance.

Complainants are encouraged, but not required, to use the appropriate complaint form, which is attached and a copy of the form is also available on the Aspire Public Schools website.

Complaints shall be filed with the Responsible Employee at the address or email address provided herein. A pupil fees complaint may also be filed with the Principal of the Aspire charter school where the complaint originated. The Responsible Employee will maintain a log of complaints and subsequent related actions to the extent required by oversight agencies.

Upon receipt of a complaint, the Responsible Employee (or designee) will evaluate the complaint to determine whether it is subject to this UCP and will notify the complainant within five (5) workdays if the complaint is outside the jurisdiction of this UCP.

The Responsible Employee (or designee) may also determine if interim measures are necessary pending the result of an investigation. If interim measures are determined to be necessary, Responsible Employee (or designee) will consult with the Principal of the Aspire charter school where the complaint originated or designee, prior to implementing any such measures. The interim measures shall remain in place until the Responsible Employee (or designee) determines that they are no longer necessary or until Aspire issues its final written Investigation Report, whichever occurs first.

Timing of Complaints and Investigation

A complaint alleging unlawful discrimination, harassment, intimidation, or bullying shall be filed no later than six (6) months from the date when the alleged unlawful discrimination, harassment, intimidation or bullying occurred or the complainant first obtained knowledge of it. The time for filing may be extended by the Responsible Employee (or designee) for good cause upon written request from the complainant. Such extension shall be in writing and may not exceed ninety (90) days following the expiration of the six-month period.

All other complaints shall be filed no later than one (1) year from the date the alleged violation occurred, except this one-year timeline shall not apply to complaints regarding the educational rights of foster youth. For complaints regarding LCAP, the date of the alleged violation is the date when Aspire's governing board approves the LCAP or annual update.

Unless a UCP complaint is resolved through mediation as set forth below, Aspire will investigate the UCP complaint and issue a written Investigation Report to the complainant within 60 calendar days from the date of receipt of the complaint, unless the complainant agrees in writing to an extension of time.

Step 2: Mediation (Optional)

The Responsible Employee (or designee) and complainant may mutually agree to mediation. Any Aspire employee or member of Aspire's governing board or committee who has not been involved with the allegations in the complaint may be assigned by the Responsible Employee (or designee) to serve as mediator. The mediator will arrange for both the complainant and Aspire to present relevant evidence. The Responsible Employee (or designee) will inform the complainant that the mediation process may be terminated at any time by either Aspire or complainant, in which case the complaint will proceed directly to an investigation. If mediation resolves the complaint to the satisfaction of both parties, Aspire will implement any remedial measures and the complainant may choose to withdraw the complaint. If mediation does not resolve the complaint to the satisfaction of both parties or within the parameters of law, the Responsible Employee (or designee) shall proceed with their investigation of the complaint.

The use of mediation does not extend Aspire's timelines for investigating and resolving the complaint unless the complainant agrees in writing to such an extension of time.

Step 3: Investigation of Complaint

Aspire will thoroughly investigate the UCP complaint and issue a written Investigation Report to the complainant within 60 calendar days from the date of the receipt of the complaint, unless the complainant agrees in writing to an extension of time.

In order to investigate the complaint, the Responsible Employee (or designee) shall have access to applicable school records and/or information related to the complaint allegations. As part of their investigation, the Responsible Employee (or designee) will do all of the following, in any order:

- Provide an opportunity for the complainant or complainant's representative and Aspire's representative to present information relevant to the complaint or investigative process;
- Obtain statements from individuals/witnesses who can provide relevant information concerning the alleged violation;
- Review documents that may provide information relevant to the allegation; and
- When necessary, seek clarification on specific complaint issues.

Refusal by the complainant or their representatives to provide the Responsible Employee (or designee) with documents or other evidence related to the allegations in the complaint, or failure or refusal to cooperate or obstruction of the investigation, may result in dismissal of the complaint because of a lack of evidence to support the allegation.

Refusal by Aspire to provide the Responsible Employee (or designee) with documents or other evidence related to the allegations in the complaint, or failure or refusal to cooperate or obstruction of the investigation, may result in a finding, based on evidence collected, that a violation has occurred and may result in the imposition of a remedy in favor of the complainant.

Step 4: Principal Review

The Principal of the Aspire charter school where the complaint originated has discretion to evaluate the complaint and/or the Responsible Employee's (or designee's) proposed decision before a final written decision is issued, however, this is not applicable if the complaint is regarding the Principal. If the Principal elects to do so, then based on all the evidence obtained during the investigation, the Principal may approve, modify, or reject the Responsible Employee's (or designee's) proposed decision and issue a final decision that meets the requirements set forth herein. The Principal may also decide not to review the complaint, in which case the Responsible Employee's (or designee's) decision shall be final.

Step 5: Final Written Decision (Investigation Report)

The Responsible Employee (or designee) shall prepare and send to the complainant a written report of the investigation and final decision (the "Investigation Report") within sixty (60) calendar days of receipt of the complaint, unless the complainant agrees to extend this date. Aspire's Investigation Report shall be written in English and, when required by law, in the complainant's primary language.

This Investigation Report will contain the following elements :

- the findings of fact based on the evidence gathered;
- a conclusion that provides a clear determination for each allegation as to whether we are in compliance with the relevant law;
- corrective actions if we find merit in a complaint:

- for complaints regarding Pupil Fees; LCAP; Physical Education Instructional Minutes, or Course Periods without Educational Content, the remedy shall go to all affected pupils, parents, and guardians,

- for all other complaints within the scope of the Uniform Complaint Procedures the remedy shall go to the affected pupil,

- With respect to a Pupil Fees complaint, corrective actions shall include reasonable efforts to ensure full reimbursement to all pupils, parents and guardians who paid a pupil fee within one year prior to the filing of the complaint;

- a notice of the complainant's right to appeal our Investigation Report to the Department of Education (CDE); and
- the procedures to be followed for initiating an appeal to the CDE.

An Investigation Report shall not include student information protected under the Family Educational Rights and Privacy Act or any private employee personnel information, including but not limited to the nature of the disciplinary action taken against a student or employee. If a student or employee is disciplined as a result of the complaint, the Investigation Report shall simply state that effective action was taken and that the student or employee was informed of Aspire's expectations.

APPEAL PROCESS

An appeal is a written and signed request by the complainant to the CDE seeking review of an LEA Investigation Report that was issued in response to a properly-filed complaint. A signature may be handwritten, typed (including in an email) or electronically-generated.

The complainant may appeal our Investigation Report of a UCP complaint to the CDE by filing a written appeal within 30 calendar days of the date. In order to request an appeal, the complainant must specify and explain the basis for the appeal, including at least one of the following:

- Aspire Public Schools failed to follow its complaint procedures, and/or
- the Investigation Report lacks material findings of fact necessary to reach a conclusion of law, and/or
- the material findings of fact in the Investigation Report are not supported by substantial evidence, and/or
- the legal conclusion in the Investigation Report is inconsistent with the law, and/or
- in a case in which we were found in noncompliance, the corrective actions fail to provide a proper remedy.

The appeal shall be sent with: (1) a copy of the locally filed complaint; and (2) a copy of the LEA Investigation Report.

The CDE may directly intervene in the complaint without waiting for action by Aspire when one of the conditions listed in Title 5, California Code of Regulations, § 4650 exists, including cases in which Aspire has not taken action within sixty (60) days of the date the complaint was filed with Aspire. A direct complaint to CDE must identify the basis for direct filing of the complaint, which must include evidence that supports such a basis.

APPENDIX A - HARASSMENT/DISCRIMINATION/RETALIATION COMPLAINT FORM
APPENDIX B - INTERNAL COMPLAINT FORM

Dear Aspire Teammate: We are happy you are part of Aspire! Reading this letter means you have signed up with over 2000 mission-driven teammates like you that wake up each morning dedicated to changing the odds for young scholars and their families.

Aspire was founded in 1998 in an effort to transform the inequitable racial, social, and gender outcomes that our communities (predominantly Black and Latinx) persist through. As an anti-racist organization, we each commit to actively disrupting the racialized student outcomes and experiences that are a product of a system that does not adequately educate everyone.

Our purpose is to prepare our scholars for success in college, career, and life. At Aspire, we set a foundation for our scholars to gain knowledge, skills, and power to access and make choices for their families and post-secondary lives. Every day, our community of students, families, teachers and staff comes together to learn, work, and play in an environment grounded in our values of **Bienestar (Well-Being), Culture of Belonging, Community Partnership, Agency & Self-Determination, and Joy.**

Our **EQUITY BELIEFS** guide our work – individually and collectively. They are a bit of our "secret sauce," if you will. Being part of Aspire means committing with everything you have to…

- **Understand** the significant difference between equity and equality.
- **Develop** school environments where all students are actively and meaningfully engaged in rigorous instruction.
- **Interrupt** the "school to prison pipeline" policies and practices that are directly and indirectly pushing the most at-risk students out of school and on a pathway to the juvenile and criminal justice systems.
- **Engage** families as partners in meaningful ways in our work.
- **Build** the capacity of diverse teams that are reflective of our students.
- **Nurture** an open, collaborative, and trusting environment because the work is enormous, deeply personal, emotional, and often difficult.

We appreciate that our Equity Commitments require a lot. Do not worry, we are a learning culture, here to support one another's growth. Expect to develop new tools in the work, to appreciate our communities more deeply, to refine your lens toward inequities in our institutions, and to understand yourself better. That all IS the work.

Aspire commits to doing its part in maintaining a culture that allows us all to do our best work. When we fall short, which we at times will, we promise to learn and improve. The following Employee Handbook captures our formal policies and practices that guide how we treat one another with professionalism and respect. We update the Handbook continually to ensure we comply with all federal, state, city and local employment laws and regulations.

Our ask of you. While we have guidelines, rules and standards in this Handbook, none substitute for good judgment, common sense, personal integrity and upholding strict ethical standards in our daily work. If you have questions about anything in (or not in) this Handbook, please contact your Manager, Principal, or the Human Resources Department. We are here to help and learn. During our orientation process, we review some of the key policies in this Handbook. However, it is your responsibility to carefully review and model the information to help us create and maintain a safe, healthy and productive work environment. Aspire is honored to have you join our team. Our 17,000+ scholars and families are counting on us.

INTRODUCTION TO HANDBOOK

This Handbook is designed to help employees get acquainted with Aspire Public Schools (hereinafter referred to as "Aspire" or the "School"). It explains some of our philosophies and beliefs, and describes some of our employment guidelines in general terms. Although this Handbook is not intended to be an exclusive or comprehensive policies and procedures manual, we hope that it will serve as a useful reference document for employees throughout their employment at the Aspire. Employees should understand, however, that this Handbook is not intended to be a contract (express or implied), nor is it intended to otherwise create any legally enforceable obligations on the part of Aspire or its employees. In no way does the Handbook replace any official plan documents (e.g., health insurance, retirement plan, etc.) or insurance contracts, which will govern in all cases. This Handbook supersedes and replaces all previous personnel policies, practices, and guidelines.

Due to the fact that the Aspire is a growing and changing organization, it reserves full discretion to add to, modify, or delete provisions of this Handbook, or the policies and procedures on which they may be based, at any time without advance notice. Aspire also reserves the right to interpret any of the provisions set forth in this Handbook in any manner it deems appropriate.

No individual other than the Board of Directors has the authority to enter into any employment or other agreement that modifies School policy. Any such modification *must* be in writing.

This Handbook is the property of Aspire, and it is intended for personal use and reference by employees of Aspire. Circulation of this Handbook outside of Aspire requires the prior written approval of the HR Regional Director or HR Director/Representative.

Employees must sign the acknowledgement form via UKG/MyHRT. Employees will receive an electronic copy to sign via email. A copy of the acknowledgement form is included for reference within this handbook.

Aspire Values

Bienestar (Well-being) Learning, working, and playing require us to feel safe and well. Our spaces and interactions support physical, emotional, cultural, ethnic, academic, and social safety, allowing us to feel secure enough to bring our full selves each day.

Culture of Belonging We seek to be known and seen at Aspire, where we can be our authentic selves and be comfortable sharing all aspects of our identities. We respect and celebrate each other's differences, and approach one another with empathy and understanding- no matter one's background or cultural history. Each person is valued and has a place in this community.

Community Partnership We are all connected and collectively responsible for the well-being of every member of our extended community. When one of us is let down, we are all let down. When one of us succeeds, we all succeed. Only in partnership and by listening deeply to one another, can we create collective movement.

Agency and Self Determination Each person has unique dreams. At Aspire, we set a foundation for our scholars to gain knowledge, skills, and power to access and make choices for their families and post

secondary lives.

Joy We strive to make Aspire and our communities a joyful place to learn, work, and be, together. Our work to shift outcomes is hard, yet we persist, and have gratitude and pride in the journey. Joy makes it all possible!

Let's Communicate – If You Have a Question

We encourage you to discuss questions or concerns regarding this Handbook, your job, or any work-related issues you may experience with us. We cannot address any of your questions or concerns unless we know about them.

If you have a problem, please speak to your immediate Supervisor as soon as possible. Your immediate Supervisor is the person responsible for what takes place in your immediate work area and may be in the best position to help you.

If you prefer not to speak to your immediate Supervisor, or if you feel your Supervisor cannot or has not satisfactorily resolved the issue, contact your Regional Human Resources Director directly or contact the Human Resources team at HR@aspirepublicschools.org.

Finally, if you feel the need to speak to other members of management, we encourage you to contact our Sr. Director of Human Resources, or Chief of Operating Officer.

CONDITIONS OF EMPLOYMENT

Equal Employment Opportunity Is Our Policy

Aspire is an equal opportunity employer. It is the policy of Aspire to afford equal employment and advancement opportunity to all qualified individuals without regard to:

- Race (including traits historically associated with race, such as hair texture and hairstyle, including but not limited to braids, locks, and twists);
- Color;
- Gender (including gender identity, gender expression, and transgender identity, whether or not the employee is transitioning or has transitioned);
- Sex (including pregnancy, childbirth, breastfeeding, and medical conditions related to such);
- Sex stereotype (including an assumption about a person's appearance or behavior, gender roles, gender expression, or gender identity, or about an individual's ability or inability to perform certain kinds of work based on a myth, social expectation, or generalization about the individual's sex);
- Religious creed (including religious dress and grooming practices);
- Marital/registered domestic partner status;
- Age (forty (40) and over);
- National origin or ancestry (including native language spoken and possession of a driver's license issued to persons unable to prove their presence in the U.S. is authorized by federal law);
- Physical or mental disability (including HIV and AIDS);
- Medical condition (including cancer and genetic characteristics);
- Taking of a leave of absence pursuant to the Family Medical Leave Act ("FMLA"), Pregnancy Disability Leave ("PDL") law, Americans with Disabilities Act ("ADA"), California Family Rights Act ("CFRA"), the Fair Employment and Housing Act ("FEHA"), or laws related to domestic violence, sexual assault and stalking;
- Genetic information;
- Sexual orientation;
- Military and veteran status; or
- Any other consideration made unlawful by federal, state, or local laws.

This policy extends to all job applicants and employees and to all aspects of the employment relationship, including the hiring of new employees and the training, transfer, promotion, discipline, termination, compensation and benefits of existing employees.

To comply with applicable laws ensuring equal employment opportunities to qualified individuals with a disability, Aspire will make reasonable accommodations for the known physical or mental limitations of an otherwise qualified individual with a disability who is an applicant or an employee unless undue hardship would result.

Any applicant or employee who requires an accommodation in order to perform the essential functions of the job should contact their school principal, supervisor or hr@aspirepublicschoools.org and request such an accommodation. The individual with the disability should specify what accommodation he or she needs to perform the job, or if unknown, what job duties the disability impairs. Aspire may require medical substantiation of any accommodation request. Aspire will then engage in an interactive process with the individual to identify possible accommodations, if any, that will help eliminate the limitation. If the accommodation is reasonable and will not impose an undue hardship, Aspire will make the

accommodation.

Employment At-Will

Employment with Aspire Public Schools is at-will unless state law provides otherwise. This means that employment may be terminated for any or no reason, with or without cause or notice at any time by the employee or by Aspire. Nothing in this Employee Handbook or any oral statement shall limit the right to terminate at-will. This at-will employment policy is the sole and entire agreement between the employee and Aspire regarding the fact that employment with Aspire is at-will. **Only the Chief Executive Offer of Aspire has the authority to enter into an employment agreement that alters the fact that employment with Aspire is at-will, and any such agreement must be in writing signed by the Chief Executive Offer of Aspire.**

Child Abuse and Neglect Reporting

California Penal Code section 11166 requires any child care custodian who has knowledge of, or observes, a child in his or her professional capacity or within the scope of his or her employment whom he or she knows or reasonably suspects has been the victim of child abuse to report the known or suspected instance of child abuse to a child protective agency immediately, or as soon as practically possible, by telephone and to prepare and send a written report thereof within thirty-six (36) hours of receiving the information concerning the incident.

Aspire will provide annual training on the mandated reporting requirements, using the online training module provided by the State Department of Social Services, to employees who are mandated reporters. Mandated reporter training will also be provided to employees hired during the course of Aspire year. This training will include information that failure to report an incident of known or reasonably suspected child abuse or neglect, as required by Penal Code section 11166, is a misdemeanor punishable by up to six (6) months confinement in a county jail, or by a fine of one-thousand dollars ($1,000), or by both that imprisonment and fine.

All employees required to receive mandated reporter training must provide proof of completing the training within the first six (6) weeks of each school year or within the first six (6) weeks of that employee's employment.

By acknowledging receipt of this Handbook, employees acknowledge they are child care custodians and are certifying that they have knowledge of California Penal Code section 11166 and will comply with its provisions.

Criminal Background Checks

As required by law, all individuals working or volunteering at Aspire will be required to submit to a criminal background investigation (DOJ and FBI). No condition or activity will be permitted that may compromise Aspire's commitment to the safety and the well-being of students taking precedence over all other considerations. Conditions that preclude working at Aspire include conviction of a controlled substance or sex offense, or a serious or violent felony. Additionally, should an employee be arrested for, charged with, or convicted of any offense during his/her employment with Aspire, the employee must immediately report as much to the Principal, their immediate Supervisor or Human Resources.

A conviction means that the employee has been found guilty of a crime, or that the employee entered a guilty or a "no contest" plea or received a deferred adjudication on a guilty or "no contest" plea to an alleged crime. A crime means an activity that is a violation of a law, whether a felony or a misdemeanor, other than a minor traffic-related offense.

If an employee is arrested or convicted of a crime, Human Resources may suspend the employee to review and assess the employee's suitability for continued employment.

Volunteers Transitioning to Aspire Employment

Volunteers who become employees at Aspire Public Schools must complete a DOJ/fingerprints background screen.

Volunteers who become employees at Aspire Public Schools must provide a new TB test and/or TB Questionnaire if the TB test/questionnaire on file precedes the date they became volunteers by more than three (3) months.

Re-hired Employees

If there is a gap of greater than three (3) months between an employee's termination and rehiring, the employee must complete a new DOJ/FBI fingerprints background screen and redo a Tuberculosis testing or TB Assessment Questionnaire.

Safety Trainings/Courses

At the beginning of every school year, Aspire requires all employees to complete a series of trainings to ensure safety, and Charters and EdCode compliance. Employees who fail to complete the required trainings by the allotted time provided by HR are ineligible to serve in a school setting may be placed on unpaid leave.

Tuberculosis Testing

All employees of Aspire must submit written proof from a health care provider of a risk assessment examination for tuberculosis (TB) within the last sixty (60) days. If TB risk factors are identified, a physician must conduct an examination to determine whether the employee is free of infectious TB. The examination for TB consists of an approved TB test, which, if positive, will be followed by an x-ray of the lungs, or in the absence of skin testing, an x-ray of the lungs. All employees will be required to undergo TB risk assessments and, if risk factors are found, the examination at least once every four (4) years. Employees who fail to renew their TB clearance are ineligible to serve in a school setting may be placed on unpaid leave. Volunteers may be required to undergo a TB examination as necessary. The TB risk assessment and, if indicated, the examination, is a condition of initial employment with Aspire and the cost of the exam will be borne by the applicant.

Food handlers may be required to have annual TB exams. Documentation of employee and volunteer compliance with TB risk assessments and examinations will be kept on file in the office. This requirement also includes contract food handlers, substitute teachers, and student teachers serving under the supervision of an educator. Any entity providing student services to Aspire will be contractually required to ensure that all contract workers have had TB testing that shows them to be free of active TB prior to

conducting work with School students.

Immigration Compliance

Aspire will comply with applicable immigration law, including the Immigration Reform and Control Act of 1986 and the Immigration Act of 1990. As a condition of employment, every individual must provide satisfactory evidence of his or her identity and legal authority to work in the United States. However, Aspire will not check the employment authorization status of current employees or applicants who were not offered positions with Aspire unless required to do so by law.

Aspire shall not discharge an employee or in any manner discriminate, retaliate, or take any adverse action (*e.g.*, threatening to report the suspected citizenship or immigration status of an employee or a member of the employee's family) against any employee or applicant for employment because the employee or applicant exercised a right protected under applicable law. Further, Aspire shall not discriminate against any individual because he or she holds or presents a driver's license issued per Vehicle Code § 12801.9 to persons who have not established their federally-authorized presence in the United States. Finally, in compliance with the Immigrant Worker Protection Act, Aspire shall not allow a federal immigration enforcement agent to enter any nonpublic areas of Aspire without a judicial warrant, or voluntarily give consent to an agent to access, review or obtain employee records without a subpoena or judicial warrant. If a search of employee records is authorized by a valid subpoena or judicial warrant, Aspire will give employees notice of the inspection both before and after it has occurred as required by law.

Professional Boundaries: Staff/Student Interaction Policy

Aspire recognizes its responsibility to make and enforce all rules and regulations governing student and employee behavior to bring about the safest and most learning-conducive environment possible.

<u>Corporal Punishment</u>

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of, or willfully causing the infliction of, physical pain on a student.

For purposes of this policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to property.

For clarification purposes, the following examples are offered for direction and guidance of School personnel:

A. Examples of PERMITTED actions (NOT corporal punishment)

1. Stopping a student from fighting with another student;
2. Preventing a pupil from committing an act of vandalism;
3. Defending yourself from physical injury or assault by a student;
4. Forcing a pupil to give up a weapon or dangerous object;
5. Requiring an athletic team to participate in strenuous physical training activities designed to

strengthen or condition team members or improve their coordination, agility, or physical skills;
6. Engaging in group calisthenics, team drills, or other physical education or voluntary recreational activities.

B. Examples of PROHIBITED actions (corporal punishment)

1. Hitting, shoving, pushing, or physically restraining a student as a means of control;
2. Making unruly students do push-ups, run laps, or perform other physical acts that cause pain or discomfort as a form of punishment;
3. Paddling, swatting, slapping, grabbing, pinching, kicking, or otherwise causing physical pain.

Acceptable and Unacceptable Staff/Student Behavior

This policy is intended to guide all School faculty and staff in conducting themselves in a way that reflects the high standards of behavior and professionalism required of school employees and to specify the boundaries between students and staff.

Although this policy gives specific, clear direction, it is each staff member's obligation to avoid situations that could prompt suspicion by parents, students, colleagues, or school leaders. One viable standard that can be quickly applied, when you are unsure if certain conduct is acceptable, is to ask yourself, "Would I be engaged in this conduct if my family or colleagues were standing next to me?"

For the purposes of this policy, the term "boundaries" is defined as acceptable professional behavior by staff members while interacting with a student. Trespassing the boundaries of a student/teacher relationship is deemed an abuse of power and a betrayal of public trust.

Some activities may seem innocent from a staff member's perspective, but can be perceived as flirtation or sexual insinuation from another point of view (whether the student, their parent/guardian, your administrator, another colleague, etc.). The objective of the following lists of acceptable and unacceptable behaviors is not to restrain innocent, positive relationships between staff and students, but to prevent relationships that could lead to, or may be perceived as, sexual misconduct.

Staff must understand their own responsibility for ensuring that they do not cross the boundaries as written in this policy. Disagreeing with the wording or intent of the established boundaries will be considered irrelevant for disciplinary purposes. Thus, it is crucial that all employees learn this policy thoroughly and apply the lists of acceptable and unacceptable behaviors to their daily activities. Although sincere, competent interaction with students certainly fosters learning, student/staff interactions must have boundaries surrounding potential activities, locations and intentions.

Duty to Report Suspected Misconduct

When any employee reasonably suspects or believes that another staff member may have crossed the boundaries specified in this policy, he or she must immediately report the matter to a school administrator or Human Resources. All reports shall be as confidential as possible under the circumstances. It is the duty of the administrator to report the situation to the administration (Executive Director, Human Resources Department or Student/Family Services Directors) any awareness or concern of student behavior that crosses boundaries or where a student appears to be at risk for sexual abuse. In partnership with the administration, each instance will be appropriately investigated by the qualified

assigned investigator.

Examples of Specific Behaviors

The following examples are not an exhaustive list:

Professional Boundaries Considerations for Distance Learning (When Applicable)

- Before beginning virtual lessons or office hours, staff will need to inform students' families that there may be times in which students are video-conferencing or electronically communicating with other students, parents, or caregivers and they may need to monitor/supervise these communications.

- When video conferencing and conducting virtual lessons staff members should dress professionally in accordance with Aspire's Personal Appearance Policy.

- When video conferencing and conducting virtual lessons staff members should ensure that their backdrop is professional, and make sure that everything in their camera's view is appropriate for students and families to see.

- Before video conferencing and conducting virtual lessons, staff members should ensure they have their students' parents' and/or caregivers' contact information.

- Staff members should use and encourage their students to use good virtual etiquette, including muting their microphones when not speaking to minimize background noise.

- When video conferencing and conducting virtual lessons staff members should not hesitate to ask students to get their parents or caregivers to come to the students' computer screen to confirm they are monitoring/supervising.

- Staff members should copy students' parents and/or caregivers on emails or other forms of communication when appropriate.

- Staff members should provide recordings to students who might need to watch a lesson more than once, or for students who are not able to attend the lesson at the scheduled time.

Policy Prohibiting Unlawful Harassment, Discrimination, and Retaliation

Aspire is committed to providing a work and educational atmosphere that is free of unlawful harassment, discrimination, and retaliation. Aspire's policy prohibits unlawful harassment, discrimination, and retaliation based upon: race (including traits historically associated with race, such as hair texture and hairstyle, including but not limited to braids, locks, and twists); color; gender (including gender identity, gender expression, and transgender identity, whether or not the employee is transitioning or has transitioned); sex (including pregnancy, childbirth, breastfeeding, and related medical conditions); sex stereotype (including an assumption about a person's appearance or behavior, gender roles, gender expression, or gender identity, or about an individual's ability or inability to perform certain kinds of work based on a myth, social expectation, or generalization about the individual's sex); religious creed (including religious dress and grooming practices); marital/registered domestic partner status; age (forty (40) and over); national origin or ancestry (including native language spoken and possession of a driver's license issued to persons unable to prove their presence in the U.S. is authorized by federal law); physical or mental disability (including HIV and AIDS); medical condition (including cancer and genetic characteristics); taking a leave of absence authorized by law; genetic information; sexual orientation; military and veteran status; or any other consideration made unlawful by federal, state, or local laws.

Employees, volunteers, unpaid interns, individuals in apprenticeship programs, and independent contractors shall not be harassed, or discriminated or retaliated against, based upon the characteristics noted above.

Aspire does not condone and will not tolerate unlawful harassment, discrimination, or retaliation on the part of any employee (including supervisors and managers) or third party (including independent contractors or other person with which Aspire does business). Supervisors and managers are to report any complaints of unlawful harassment to the Principal or direct Supervisor. The Principal or direct Supervisor must report to Human Resources.

When Aspire receives allegations of unlawful harassment, discrimination, or retaliation, Human Resources will conduct a fair, timely and thorough investigation that provides all parties an appropriate process and reaches reasonable conclusions based on the evidence collected. The investigation will be handled in as confidential a manner as possible, although complete confidentiality cannot be guaranteed; sensitive information will be strictly shared on a need-to-know basis in order to ensure an appropriate resolution of the complaint. Complainants and witnesses shall not be subject to retaliation for making complaints in good faith or participating in an investigation. Aspire is committed to remediating any instances where investigation findings demonstrate unlawful harassment, discrimination, or retaliation has occurred.

<u>Prohibited Unlawful Harassment</u>

- Verbal conduct such as epithets, derogatory jokes or comments or slurs;
- Physical conduct including assault, unwanted touching, intentionally blocking normal movement, or interfering with work because of sex, race or any other protected basis;
- Retaliation for reporting or threatening to report harassment; or
- Disparate treatment based on any of the protected classes above.

Prohibited Unlawful Sexual Harassment

Aspire is committed to providing a workplace free of sexual harassment and considers such harassment to be a major offense, which may result in disciplinary action, up to, and including dismissal, of the offending employee.

Sexual harassment consists of sexual advances, request for sexual favors and other verbal or physical conduct of a sexual nature, regardless of whether or not the conduct is motivated by sexual desire, when: (1) submission to the conduct is either made explicitly or implicitly a term or condition of an individual's employment; (2) an employment decision is based upon an individual's acceptance or rejection of that conduct; and/or (3) that conduct interferes with an individual's work performance or creates an intimidating, hostile or offensive working environment.

It is also unlawful to retaliate in any way against an employee who has articulated a good faith concern about sexual harassment against him or her or against another individual.

All supervisors of staff will receive two (2) hours of sexual harassment prevention training within six (6) months of hire or their assumption of a supervisory position and every year thereafter. All other employees will receive one (1) hour of sexual harassment prevention training within (6) months of hire and every year thereafter. Such training will address all legally required topics, including information about the negative effects that abusive conduct has on both the victim of the conduct and others in the workplace, as well as methods to prevent abusive conduct undertaken with malice a reasonable person would find hostile, offensive, and unrelated to an employer's legitimate business interests. Abusive conduct includes but is not limited to repeated infliction of verbal abuse, such as the use of derogatory remarks, insults, and epithets, verbal or physical conduct that a reasonable person would find threatening, intimidating, or humiliating, or the gratuitous sabotage or undermining of a person's work performance. Supervisors shall also be trained on how to appropriately respond when the supervisor becomes aware that an employee is the target of unlawful harassment. Other staff will receive sexual harassment prevention training as required by law.

Each employee has the responsibility to maintain a workplace free from any form of sexual harassment. Consequently, should any individual, in particular those with supervisory responsibilities, become aware of any conduct that may constitute sexual harassment or other prohibited behavior, immediate action should be taken to address such conduct. Any employee who believes they have been sexually harassed or has witnessed sexual harassment is encouraged to immediately report such harassment to the Principal/Immediate Supervisor. See **Appendix A** for the "Harassment/Discrimination/Retaliation Complaint Form." See **Appendix B** for the general "Internal Complaint Form." Complaints that are within the scope of Title IX will be investigated in accordance with Aspire's Title IX policy and procedures. It is the duty of the Principal/Immediate Supervisor to report any claims that have been reported to them to Human Resources.

Sexual harassment may include, but is not limited to:

- Physical assaults of a sexual nature, such as:

o Rape, sexual battery, molestation or attempts to commit these assaults and

o Intentional physical conduct that is sexual in nature, such as touching, pinching, patting,

grabbing, brushing against another's body, or poking another's body.

- Unwanted sexual advances, propositions or other sexual comments, such as:

o Sexually oriented gestures, notices, remarks, jokes, or comments about a person's sexuality or sexual experience.

o Preferential treatment or promises of preferential treatment to an employee for submitting to sexual conduct, including soliciting or attempting to solicit any employee to engage in sexual activity for compensation or reward or disparate treatment for rejecting sexual conduct.

o Subjecting or threats of subjecting an employee to unwelcome sexual attention or conduct or intentionally making performance of the employee's job more difficult because of the employee's sex.

- Sexual or discriminatory displays or publications anywhere at the workplace by employees, such as:

o Displaying pictures, cartoons, posters, calendars, graffiti, objections, promotional materials, reading materials, or other materials that are sexually suggestive, sexually demeaning or pornographic or bringing to work or possessing any such material to read, display or view at work;

o Reading publicly or otherwise publicizing in the work environment materials that are in any way sexually revealing, sexually suggestive, sexually demeaning or pornographic; and

o Displaying signs or other materials purporting to segregate an employee by sex in an area of the workplace (other than restrooms or similar rooms).

The illustrations of harassment and sexual harassment above are not to be construed as an all-inclusive list of prohibited acts under this policy. Moreover, please note that while in most situations a personal relationship is a private matter, these relationships are not appropriate in a professional setting, particularly where one of the parties has management or supervisory responsibilities. As such, consensual relationships in the workplace may violate Aspire policy.

Violence in the Workplace

Because workplace violence is a growing concern at schools and offices across the country, Aspire is committed to providing a safe, violence-free workplace and school environment. Aspire has a zero-tolerance policy and strictly prohibits all employees (including contract and temporary), students, parents, consultants, customers, visitors, or anyone else on Aspire premises or engaging in an Aspire related activity from behaving in a violent or threatening manner.

As part of this policy, Aspire seeks to prevent workplace violence before it begins and reserves the right to deal with behavior that suggests a propensity towards violence even prior to any violent behavior occurring. Aspire does not allow fighting, threatening words, or violent conduct. Weapons of any kind are strictly prohibited and not allowed on Aspire property. No employee may commit or threaten to commit any violent act against a co-worker, applicant, student, vendor, or student's family. This includes discussions of the use of dangerous weapons, such as bombs, guns, or knives, even in a joking manner.

Employees who are subjected to or threatened with violence or are aware of another individual who has been subjected to or threatened with violence are to report this information to their Supervisor or Human Resources.

All threats should be taken seriously. Please bring all threats to our attention so that we can deal with them appropriately. All threats will be thoroughly investigated, and all complaints which are reported to management will be treated with as much confidentiality as possible.

Examples of workplace violence include, but are not limited to, the following:

1. Threats or acts of violence occurring on Aspire premises, regardless of the relationship between the parties involved in the incident;

2. Threats or acts of violence occurring off Aspire premises involving someone who is acting in the capacity of a representative of Aspire;

3. Threats or acts of violence occurring off Aspire premises involving an employee if the threats or acts affect the business interests of Aspire;

4. Threats or acts of violence occurring off Aspire premises of which an employee is a victim if Aspire determines that the incident may lead to an incident of violence on Aspire premises; and

5. Threats or acts resulting in the conviction of an employee or agent of Aspire, or of an individual performing service(s) for Aspire on a contract or temporary basis, under any criminal code provision relating to violence or threats of violence which adversely affects the legitimate business interests of Aspire.

Examples of conduct that may be considered threats or acts of violence under this policy include, but are not limited to the following:

1. Threatening physical or aggressive contact directed toward another individual;

2. Threatening an individual or his/her family, friends, associates or property with harm;

3. The intentional destruction or threat of destruction of Aspire or another's property;

4. Harassing or threatening phone calls;

5. Surveillance;

6. Stalking;

7. Veiled threats of physical harm or like intimidation; and

8. Communicating an endorsement of the inappropriate use of firearms or weapons.

Anti-Bully Policy

Aspire believes that a safe and civil environment is necessary for employees to be successful and productive. Bullying, like other disruptive or threatening behaviors, is conduct that disrupts both an employee's ability to positively contribute to Aspire and Aspire's ability to create a safe and healthy school environment. Demonstration of appropriate behavior, treating others with civility and respect, and refusing to tolerate bullying is expected of all employees, vendors, contractors and with any other individuals with whom our employees regularly interact with.
"Bullying" is conduct that meets all of the following criteria:

- Is directed at one or more employees;
- Substantially interferes with work/prevents work from being accomplished; and
- Adversely affects the ability of an employee to contribute in a positive manner in the workplace by placing the employee in reasonable fear of physical harm and/or by causing emotional distress.

Examples of bullying behavior may include, but are not limited to:

- Spreading malicious rumors, gossip, or innuendo;
- Excluding or isolating someone socially;
- Purposefully intimidating a person;
- Making jokes that are obviously offensive;
- Belittling a person's opinions; and
- Tampering with a person's personal belongings or work environment.

Aspire expects all employees to conduct themselves in a manner that displays proper regard for the rights and welfare of others. Employees who believe they have been subjected to bullying (or who have witnessed such actions) are expected to report such activity to their immediate Supervisor or Human Resources.

Prohibiting Student Bullying and Intimidation

Aspire believes that all students have a right to a safe and healthy school environment. Aspire, Aspire schools and community have an obligation to promote mutual respect, tolerance and acceptance.

Aspire will not tolerate behavior that infringes on the safety of any student. A student shall not intimidate, harass, or bully another student through words or actions. Such behavior includes, but is not limited to, direct physical contact, such as hitting or shoving; verbal assaults, such as teasing or name calling; and social isolation or manipulation.

Aspire expects employees to immediately report incidents of bullying to the Principal/Supervisor, Human Resources or designee. Employees who witness such acts must take immediate steps to intervene when safe to do so. Each complaint of bullying will be promptly investigated. This policy applies to students on school grounds, while traveling to and from school or a school-sponsored activity, during the lunch period whether on or off campus, and during a school-sponsored activity.

Whistleblower Policy

Aspire requires its directors, officers, employees, and volunteers to observe high standards of ethics in the conduct of their duties and responsibilities within Aspire. As representatives of Aspire, such individuals must practice honesty and integrity in fulfilling all responsibilities and must comply with all

applicable laws and regulations. The purpose of this policy is to create an ethical and open work environment, to ensure that Aspire has a governance and accountability structure that supports its mission, and to encourage and enable directors, officers, employees, and volunteers of Aspire to raise serious concerns about the occurrence of illegal or unethical actions within Aspire before turning to outside parties for resolution.

All directors, officers, employees, and volunteers of Aspire have a responsibility to report any action or suspected action taken within Aspire that is illegal, unethical or violates any adopted policy of Aspire, or local rule or regulation. Anyone reporting a violation must act in good faith, without malice to Aspire or any individual at Aspire and have reasonable grounds for believing that the information shared in the report indicates that a violation has occurred. A person who makes a report does not have to prove that a violation has occurred. However, any report which the reporter has made maliciously or any report which the reporter has good reason to believe is false will be viewed as a serious disciplinary offense. No one who in good faith reports a violation, or who, in good faith, cooperates in the investigation of a violation shall suffer harassment, retaliation, or adverse employment action. Further, no one who in good faith discloses, who may disclose, or who Aspire believes disclosed or may disclose, information regarding alleged violations to a person with authority over the employee or another employee who had responsibility for investigating, discovering or correcting the purported violation shall suffer harassment, retaliation, or adverse employment action.

Drug and Alcohol Free Workplace

Aspire is committed to providing a drug and alcohol free workplace and to promoting safety in the workplace, employee health and well-being, stakeholder confidence and a work environment that is conducive to attaining high work standards. The use of drugs and alcohol by employees, whether on or off the job, jeopardizes these goals, since it adversely affects health and safety, security, productivity, and public confidence and trust. Drug or alcohol use in the workplace or during the performance of job duties is extremely harmful to employees and to other Aspire stakeholders.

The bringing to the workplace, possession or use of intoxicating beverages or drugs on any School or Aspire premises or during the performance of work duties is prohibited and will result in disciplinary action up to and including termination.

Confidential Information

All information relating to students, personal information, schools attended, addresses, contact numbers and progress information is confidential in nature, and may not be shared with or distributed to unauthorized parties. All records concerning special education pupils shall be kept strictly confidential and maintained in separate files. Failure to maintain confidentiality may result in disciplinary action, up to and including release from at-will employment.

Conflict of Interest

All employees must avoid situations involving actual or potential conflict of interest. An employee involved in any relationships or situations which may constitute a conflict of interest should immediately and fully disclose the relevant circumstances to the Principal, Supervisor, Human Resources or the Board of Directors, for a determination about whether a potential or actual conflict exists. If an actual or potential conflict is determined, Aspire may take whatever corrective action appears appropriate

according to the circumstances. Failure to disclose facts shall constitute grounds for disciplinary action.

Fraud, Dishonesty and False Statements

Employees and applicants are prohibited from providing false, dishonest, or misleading information on any application, medical history record, leave request, invoice, paperwork, time card or time sheet, time entry, investigative questionnaire, workplace injury report, or any other Aspire document. Employees are likewise prohibited from making any materially dishonest or false statement to an employee, vendor, student, or student's family with respect to the performance of the employee's job duties. Under the law, an employee may be held personally liable for making misrepresentations to students or their families. It is also against the law and against Aspire policy for an employee to provide, or assist a customer in providing, false or misleading information on a credit application or regarding credit status to any financial institution.

Any employee found to have made a false, dishonest, or misleading statement or omission as detailed above will be subject to immediate termination of employment. If you observe any such violations, please report them to Human Resources or another member of management immediately.

Employment of Relatives

No one with supervisory responsibility will hire or recommend for hire any family member, defined as a parent, grandparent, spouse, domestic partner, significant other or individual with whom the employee is romantically involved, child, sibling, or any corresponding in-law, step relative, adoptive relative, or anyone residing on a permanent basis in the supervisor's home.

No employee will be directly supervised or evaluated by a family member as described in paragraph one of this policy. Additionally, family members may not be employed under the same immediate supervisor. Employees hired prior to adoption of this policy are exempt from this guideline, except when the proximity of family members as described in paragraph one of this policy is deemed by the Aspire Public School Governing Board to be detrimental to the operation of Aspire, or where the proximity of family members could create an actual or potential conflict of interest.

The hiring of family members as described in paragraph one of this policy is also prohibited if it results in a conflict of interest with vendors of Aspire.

In the event of a lack of candidates, a need for specialized skills, or unique circumstances, the restriction against hiring family members, as described in paragraph one of this policy, may be waived in the best interest of Aspire upon recommendation of a member of the Aspire-Wide Leadership Team accompanied by the approval of the Board or Aspire's General Council.

When other qualified candidates have not applied, task assignments of short duration (generally less than sixty (60) working days), may be exempt from these guidelines, in consultation with your Regional Human Resources Representative.

Smoking

All Aspire locations are no smoking facilities.

Protective and/or Restraining Order Procedures

Initial Notification to Principal (or Supervisor for Non-School Sites)

Upon a teammate learning that a restraining or protective order is in place to protect a student or against a student, the teammate shall notify the School Principal or Admin Designee.

If a teammate has a restraining or protective order in place for their own safety, the teammate shall notify the School Principal, Supervisor (for Non-School Sites) or Admin Designee.

The Principal (or Supervisor for Non-School Sites) shall request a copy of the protective order and Aspire shall verify that it has been issued by an appropriate court of law.

The teammate aware of the violation shall immediately report the suspected violation to the Principal, Supervisor (for Non-School Sites) or their Admin Designee. In cases of imminent emergency, crisis or emergency response protocol shall be adhered to with possible involvement by law enforcement.

The Principal or Admin Designee should then immediately report the violation to the Executive Director who will inform the Regional Human Resources Director or Regional Director of Student Services as

appropriate.

The Principal or Admin Designee shall notify the teammate or the parent/guardian of the student for whom the restraining order was issued so that they can take appropriate legal action in response to the intrusion.

THE WORKPLACE

Payroll Classifications

All employees of Aspire fall into certain legally recognized payroll classifications. You should be aware of which classification(s) may apply to your position, as this affects the conditions of your employment such as eligibility for overtime and company-sponsored benefits. If you have questions, submit them to your Supervisor or Human Resources.

Nonexempt Employees

Nonexempt (hourly) employees are classified under state and federal wage and hour regulations and are paid an hourly wage and eligible for overtime wages in compliance with the federal Fair Labor Standards Act and state and local law. Nonexempt employees must record their hours worked.

Exempt Employees

Exempt (salaried) employees include all employees who are classified by Aspire as exempt from the overtime provisions of the federal Fair Labor Standards Act and state and local law. Exempt employees are generally paid a salary.

Regular Full-Time Employees

Regular full-time employees are those who are normally scheduled to work and do generally work thirty (30) hours or more per week, as determined by Aspire in its sole discretion. Regular full-time employees are eligible for company-sponsored benefits. As used herein, “full-time” is a general employee classification used by Aspire for a variety of purposes. Employees not classified by Aspire as “full-time” may still be eligible for medical insurance coverage, depending on their position and hours of service. Consult the applicable plan document for all information regarding eligibility, coverage and benefits. It is the plan document that ultimately governs your entitlement to benefits.

Regular Part-Time Employees

Regular part-time employees are those who are normally scheduled to work and do generally work fewer than thirty (30) hours per week. Part-time employees are generally not eligible for company-sponsored benefits, unless otherwise required by applicable law or applicable plan documents. However, part-time employees who are regularly scheduled for between twenty (20) and twenty-nine (29) hours per week, and who have worked for at least one (1) year at thirty (30) or more hours per week, are eligible for benefits at a prorated cost (see below) in accordance with Aspire policy and applicable law.

Part-Time Benefited Employees

Part-time Benefited employees who have been employed by Aspire for at least one (1) year as a full-time employee, and who then drop to .5 FTE or greater (twenty (20) or more hours) are eligible for the same insurance benefits as regular full-time employees, at a slightly higher cost. Paid Time Off benefit will be reduced to 50% of FTE. Notwithstanding, if required by applicable law, sick leave will accrue at a rate of one (1) hour for every thirty (30) hours worked for nonexempt (hourly) employees.

Temporary Workers

Temporary employees are employed to work for an anticipated limited period of time of up to one year, but not limited to completion of special assignments or projects, summer employment, seasonal help, or internships. These positions are *not* intended to be a part of continuing operations. Temporary employees are not eligible for Aspire paid benefits except for those legally mandated, and temporary employees remain employed at-will at all times.

Interim Workers

Interim roles cover 90%+ of a business critical role caused by a Leave, termination or resignation or support a business critical role that has been determined to be needed for up to a year in a regular capacity due to grants or business need. Interim assignments should aim not to exceed 1 year, when covering for immediate need. Interim roles are benefit eligible. Interim employees placement is *not* intended to be permanent or ongoing.

Long Term & Substitute Teachers

Long Term & Substitute Teachers are temporary teaching staff who work only on an "as needed" basis and are not eligible for benefits except for those legally mandated. In most instances, substitute staff will be provided by a third party (outsourced) and are generally, not Aspire employees.

Work Week and Work Schedules

Workweek

Aspire operates on a seven (7) day workweek beginning at 12:00 a.m. Sunday morning and ending at 11:59 p.m. Saturday. The normal full-time work schedule is forty (40) hours in a workweek. Alternative schedules may be available for certain positions and in accordance with applicable law. Overtime may be required from time to time, however all overtime work must be pre-approved by your Supervisor. Working overtime without your supervisor's approval may result in disciplinary action, up to and including termination.

Work Schedules

Scheduling is done according to the needs and requirements of the job, particular school and/or location. Your Supervisor will assign you your individual work schedule. From time to time, an employee's work schedule may require changes to meet business requirements. Should this become necessary, your Supervisor will give you reasonable advance notice of your new schedule.

Aspire expects you to be at your workstation at the start of your scheduled shift and ready to perform your work. If you are not, you are considered tardy.

Meal and Rest Periods

Nonexempt employees working at least five (5) hours are provided with a thirty (30) minute meal period, to be taken approximately in the middle of the workday but by no later than the end of the 5th hour of

work. An employee may waive this meal period if the day's work will be completed in no more than six (6) hours, provided the employee and Aspire mutually consent to the waiver in writing.

Nonexempt employees are also provided with a ten (10) minute rest period for every four (4) hours worked which should be scheduled towards the middle of the four (4) hour work period as practicable. Employees are prohibited from combining meal and rest period time.

An employee's supervisor must be aware of and approve scheduled meal and rest periods. Employees must immediately inform their supervisor if they are prevented from taking their meal and/or rest periods. Employees are expected to observe assigned working hours and the time allowed for meal and rest periods.

Recovery Periods for Employees

Aspire provides employees working in conditions exceeding 80 degrees Fahrenheit with the opportunity to take an uninterrupted cool-down period of at least five (5) minutes as needed to avoid overheating. Employees are permitted to access the provided shaded area and drinking water at any time to avoid heat illness. Cool-down periods are counted as hours worked. You are not required to record your cool-down periods. It is our policy to relieve employees of all duty during cool-down periods. As such, no supervisor is authorized or allowed to instruct you to waive or skip a cool-down period. You should immediately report a manager's or supervisor's instruction to skip, shorten, or work during a cool-down period to Human Resources.

Aspire pays one-hour of premium pay to non-exempt employees at their regular rate of compensation for each day during which they are required by Aspire to work during one or more recovery periods or if Aspire has not otherwise provided them with an opportunity to take one or more recovery periods on a work day in accordance with this policy. Because this should be an exceptional occurrence, if you are aware of such a situation, please be sure to bring it to our attention. The one-hour premium will not apply in situations where an employee personally chooses not to take a discretionary recovery period or to deviate from Aspire's schedules or policies providing discretionary recovery periods as required by law.

Out-of-Town Travel

Non-exempt employees will be paid their regular rate of pay for all time spent on out-of-town travel, regardless of whether the travel occurs during or outside of normal working hours. Time spent driving, flying, or otherwise traveling to and from the out-of-town location is compensable, and including time spent waiting to purchase a ticket, waiting for luggage, waiting for a plane to take off and other like circumstances.

However, when an employee takes a break from travel to eat, sleep, or participate in other personal activities, such time is not compensable. Therefore, non-exempt employees should record all hours either working or traveling, so they are properly compensated. Exempt employees are not required to record this time, exempt employees will be paid their regular salary. Exempt and nonexempt employees are both eligible for travel related reimbursements.

Accommodations for Pet/Animals

Generally, pets/animals on Aspire property are strictly prohibited. However, in some circumstances Aspire may be required to accommodate requests for pets/animals under the American with Disabilities Act and its amendments. Qualified employees may be permitted to bring an animal on Aspire property if the employee makes an accommodation request, in accordance with Aspire's Accommodations for Physical and Mental Disabilities Policy. Just like an accommodation for a medical or physical condition, once the employee puts in a request, Aspire will engage in an interactive process with the employee.

Lactation Accommodation

Aspire accommodates lactating employees by providing a reasonable amount of break time to any employee who desires to express breast milk for an infant child. The break time shall, if possible, run concurrently with any break time already provided to the employee. Any break time provided to express breast milk that does not run concurrently with break time already provided to the nonexempt employee shall be unpaid.

Aspire will make reasonable efforts to provide employees who need a lactation accommodation with the use of a room or other private location that is located close to the employee's work area. Such a room/location shall not be a bathroom, and shall have electricity. Employees shall also be given access to a sink with running water and a refrigerator. Employees with private offices will be required to use their offices to express breast milk. Employees who desire lactation accommodations should contact their supervisor to request accommodations.

Attendance and Tardiness

All employees, whether exempt or nonexempt, are expected to arrive at work consistently and on time. Absenteeism and tardiness negatively affects Aspire's ability to implement its educational program and disrupts consistency in students' learning.

If it is necessary to be absent or late, employees are expected to telephone their Principal or immediate Supervisor as soon as possible, preferably the night prior but no later than 2 hours before the start of the workday. If an employee is absent from work longer than one (1) day, he or she is expected to keep their Principal or immediate Supervisor sufficiently informed of the situation.

As noted in the section of this Handbook concerning prohibited conduct, excessive or unexcused absences or tardiness may result in disciplinary action up to and including release from at-will employment with Aspire. Absence for more than three (3) consecutive days without notifying the Principal or immediate Supervisor will be considered a voluntary resignation from employment.

Time Cards/Records

By law, Aspire is obligated to keep accurate records of the time worked by nonexempt employees. Such employees shall be required to utilize Aspire's time card system.

Nonexempt employees must accurately clock in and out of their shifts as this is the only way the payroll department knows how many hours each employee has worked and how much each employee is owed. The time card indicates when the employee arrived and when the employee departed. All nonexempt employees must clock in and out for arrival and departure, along with lunch and for absences like doctor or dentist appointments. All employees are required to keep the office advised of their departures from

and returns to Aspire premises during the workday.

Nonexempt employees are solely responsible for ensuring accurate information on their time cards and remembering to record time worked. If an employee forgets to mark their time card or makes an error on the time card, the employee must contact their Supervisor to make the correction and such correction must be initiated by both the employee and the Supervisor.

Nonexempt employees are prohibited from performing off-the-clock work, including but not limited to checking emails before/after work hours, performing work in the morning before logging in, and running School/work errands after logging out.

No one may record hours worked on another's worksheet. Any employee who violates any aspect of this policy may be subject to disciplinary action, up to and including release from at-will employment with Aspire.

Teacher of Record

Aspire is committed to serving all students and acknowledges that many of our employees have made the choice to enroll their own student/child within the Aspire schools. Aspire holds that a parent/guardian may not be the teacher of record for their own child unless there are no other qualified instructors to provide the instruction. Any such exception must be authorized in writing by Aspire. Parent/s/Guardian/s of a student with an IEP (Individualized Education Plan) may not provide direct instruction/service to his/her own child. The IDEA (Individualized Disabilities Education Act) outlines that members of the IEP team must serve in one designated role, thus a parent/guardian cannot serve a dual role in the IEP team meeting.

Use of Email, Voicemail and Internet Access

Aspire will permit employees to use its email, voicemail systems and Internet access subject to the following:

1. Minimal personal use as long as it does not interfere with timely job performance and is consistent with law and appropriate protocols.

2. The email system and Internet access is not to be used in any way that may be disruptive, offensive to others, or harmful to morale. For example, sexually explicit images, ethnic slurs, racial epithets, or anything else that may be construed as harassment or disparagement of others based on their race, national origin, sex, sexual orientation, age, religious beliefs or political beliefs may not be displayed or transmitted.

3. Employees should not attempt to gain access to another employee's personal files or email or voicemail messages without the latter's express permission.

4. Aspire staff will not enter an employee's personal email files or voicemail unless there is a business need to do so. Aspire retains a copy of all passwords; passwords unknown to Aspire may not be used. System security features, including passwords and delete functions, do not neutralize Aspire's ability to access any message at any time. Employees must be aware that the possibility of such access always exists.

5. Employees should not use personal devices or email accounts for Aspire/School-related communications. Such communications should only take place using Aspire/School-issued devices and via the employee's email account.

6. Aspire is aware that employees may be the parent/guardian of a student in the Aspire school system. An employee's position within Aspire should not be used to influence other employees to take specific actions related to the employee's child. As a result, communication related to the personal student matters of an employee's child, and/or other non-related business, should not be conducted on Aspire email.

Personal Phone Calls and Cell Phone Usage

Aspire issues or pays for individual cellular phones for employees who are required to be in close contact with Aspire or the office at all times. While cell phones are a necessary convenience of the business world, we require that our employees follow the guidelines listed below on appropriate use for the safety of themselves and others.

All employees are required to be professional and conscientious at all times when using Aspire issued or personal cell phones during work hours. Senior Leadership Team members, Principals, Directors and employees requiring a cell phone due to the nature of their role are eligible for Aspire issued cell phones. For employees in these positions, requests should be addressed in the hiring process and approved by the employee's Manager or Supervisor. Requests for cell phones coming from managers and supervisors can be sent directly to askus@aspirepublicschools.org. Once the request has been made, a team member will follow up with next steps on the order and process.

Aspire Public School's corporate contract with Verizon offers options for free phones with no cost to either the organization or the employee. Should a request be made for a newer type of phone, there will be a cost to the employee for this phone. In that case, once an order for a new phone is confirmed, the final price will be sent to the employee and they will be requested to issue a check to Aspire for this amount.

Usage of Aspire-Issued Cellular Phones

It is Aspire's policy that employees of our organization who are issued a cellular phone understand the phones are issued for business use. Cell phone bills and usage are monitored monthly and employees may be contacted for additional questions on usage. Possible disciplinary action may arise from misuse of your Aspire cell phone service.

If you are not issued an Aspire cell phone you are discouraged from using your own personal cell phone for business use. For example, teachers should avoid giving out their personal cell phone numbers to students or parents and instead provide their work/school assigned telephone number.

Personal cell phone use is not permitted during working time. Cell phones should be turned off or turned on a silent/meeting answer mode while employees are working. Employees using their personal cell phones while on their meal or rest break should not be in work areas or in areas where their conversation would be disruptive to the study or work of others.

Lost, Damaged, or Stolen Cellular Phones

Our corporate contract with Verizon **does not** include cellular phone insurance, so employees should make every effort to protect and look after their Aspire-issued cellular phones. In the event your phone is lost, damaged, or stolen, please submit a request to askus@aspirepublicschools.org for next steps.

Upon separation from Aspire

Upon termination of your employment, you must return your Aspire-issued phone or any phone that is paid for by Aspire to the Information Technology Department so it can be re-issued to another staff member or e-wasted if deemed necessary. All cellular phones paid for by an employee may be kept by the employee. However, Aspire has the right to remove all data collected, downloaded, and/or created for or related to Aspire's business. Cellular phone service dedicated to an existing employee will be shut off immediately following the last day of employment with Aspire.

Cellular Phone Or Zoom Use and Driving

Aspire has a zero-tolerance policy regarding the improper use of a cell phone while driving:

- For the safety of our employees and others, it is imperative that you pull over and stop at a safe location to dial, receive or converse on the cell phone, or to attend a Zoom/Virtual call. You may also set up the call to utilize the hands-free option on the cell phone or a headset/earpiece device to participate in a call or Zoom meeting.

- Sending, writing, or reading text-based communications on your cell phone while driving an Aspire vehicle or a personal vehicle on Aspire time is prohibited.

- Absolutely no texting while driving is allowed.

- Violation of this policy will result in disciplinary action up to and including termination of employment.

If an employee receives a traffic citation for violation of the law, the employee will be responsible for all fines and other liabilities.

Personal Telephone Calls and Texting

The use of personal cell phones for placing or receiving calls, sending or receiving text messages, checking voicemail, or any other form of communication should be made and received during non-work times.

Aspire Bulletin Boards, Orgwide Emails and Online Sites

Aspire bulletin boards, orgwide emails from leadership or Human Resources and online company sites (e.g., MyAspire, Aspire/school site websites, Aspire's Facebook (social media page) are Aspire information channels. Employees are responsible for regularly checking and reading the bulletin boards, including emails and for following the rules, regulations and instructions posted there. All Aspire bulletin boards are official bulletin boards. Postings on bulletin boards are subject to approval and should be

confined to matters that are related to Aspire/school business.

Personal Business

Aspire's facilities for handling mail and telephone calls are designed to accommodate School business. Employees should have personal mail directed to their home address and limit personal telephone calls to an absolute minimum. Personal calls should not be made outside the immediate dialing area. Do not use School material, time or equipment for personal projects. See also Personal Phone Calls and Cell Phone Usage policy.

Solicitation and Distribution

Our primary goal at Aspire is to provide our students with the best education and service possible. In order to allow employees to perform their job duties and provide our customers with their undivided attention, Aspire has established rules applicable to all employees and nonemployees that govern solicitation and distribution of written material and access to Aspire property for the support of any organization. Strict compliance with these rules is required.

- Employees may engage in solicitation activities only during non-working times. Employees must not solicit, promote, or support for any cause or organization during their working time or during the working hours of other employees at whom such activity is directed;

- Employees may distribute or circulate any written or printed material only in non-work areas during non-working times. Employees are prohibited from distributing or circulating any written or printed material in work areas at any time;

- Under no circumstances will non-employees be permitted to solicit or to distribute written material for any purpose on Aspire property; and

- Off-duty employees are not permitted in work areas.

As used in this policy, "working time" includes all time for which an employee is paid and/or is scheduled to be performing services for Aspire; it does not include break periods, meal periods, or periods in which an employee is not performing and is not scheduled to be performing services or work for Aspire.

<u>Exceptions to Solicitation Prohibition</u>

Solicitation of monetary or other forms of contribution is permitted with the prior written approval of Human Resources only when the solicitation is in support of an effort that is directly related to the operation of Aspire or worksite, as, for example, holding a Aspire/school fundraiser for a trip or for scholarships that can benefit any eligible student.

Social Media

This policy governs employee use of social media. Social media can mean many things, including all means of communicating or posting information or content of any sort on the Internet, whether or not associated or affiliated with Aspire. This Social Media Policy applies to your own social media account and/or what you post on someone else's social media account.

Social media includes any online tools used to share content and profiles, such as: personal web pages; message or bulletin boards; chat rooms; social networking websites (e.g., Facebook, Instagram, LinkedIn, Snapchat, TikTok, etc.); micro-blogging communities (e.g., Twitter, etc.); postings of videos on YouTube and similar media; blogs and other online journals, diaries, opinion pages; public profiles; and apps, as well as any other form of electronic communication. The lack of explicit reference to a specific site or type of social media does not limit the application of this Policy. Social networking also includes permitting or not removing postings by others where a staff member can control the content of postings, such as on a personal profile or blog.

Aspire respects the rights of all employees to use social media. Aspire recognizes that you may use social media off-duty or as a part of your work. However, because communications by Aspire employees on social media could, in certain situations, negatively impact business operations, customer relations, or create legal liability, it is necessary for Aspire to provide these guidelines. These guidelines are intended to ensure employees understand the types of conduct that are prohibited. This policy is not interpreted or applied so as to interfere with the rights of employees to discuss or share information related to their wages, hours, or other terms and conditions of employment. Employees have the right to engage in or refrain from such activities.

Employees engaging in the use of social media are subject to all Aspire's policies and procedures, including, but not limited to: (1) protecting trade secrets and confidential information related to Aspire's operation; (2) safeguarding Aspire property; (3) prohibiting unlawful discrimination, harassment and retaliation; and (4) governing the use of Aspire computers, telephone systems, and other electronic and communication systems owned or provided by Aspire.

Violations of this policy may result in disciplinary action, up to and including termination. If you have any questions about this policy, contact your Supervisor or Human Resources.

Employees should know that Aspire has the right to and will monitor the use of its information technology and other equipment and systems, as well as any publicly accessible social media. Employees should expect that any information created, transmitted, downloaded, exchanged, or discussed on publicly accessible online social media may be accessed by Aspire at any time without prior notice.

Keep in mind that any of your online conduct that adversely affects your job performance, or the performance of fellow employees, may result in disciplinary action up to and including termination of employment. Additionally, employees may be asked to remove any content that does not meet the rules and guidelines of this policy and/or that may be unlawful. To assist you in making responsible decisions about your use of social media, Aspire has established these guidelines for appropriate use of social media.

<u>Guidelines</u>

The same principles and guidelines found in Aspire's policies and Values apply to your activities online, including but not limited to those policies that pertain to Workplace Violence, Harassment, Staff/Student Interaction, and Standards of Conduct. Ultimately, you are solely responsible for what you post online. Before creating online content, consider some of the risks and rewards that are involved.

- Understand that what you think is private in the online world often has the possibility of

becoming very public—without your knowledge or consent. Carefully review your privacy settings or establish separate accounts for private personal use and work.

- Recognize that as a public employee, your conduct could mistakenly be viewed by others as representing Aspire, even when you're using your personal account. The power of social networking is that these sites instantly connect you with colleagues and anyone associated with the people or institutions you list.
- Take time to reflect before you post; once you post content, you usually cannot pull it back.
- If you have connected with, or "friended", students on a social networking site, consider removing the connections, as it is difficult to control the content from you and others on your social profile that the students are able to view. Maintaining online connections with students can also put other colleagues in your social networks at risk, because the students with whom you are connected may be able to read your colleagues' posts. If you're concerned about the implications of removing "friends," include a message that explains you are doing so in response to an Aspire policy.

Employees are prohibited from the following:

- Engaging in activities that involve the use of social media to violate other established Aspire policies or procedures.
- Disclosing on social media Aspire's trade secrets or proprietary and confidential information.
- Using social media to post or to display comments about co-workers, supervisors, customers, vendors, supplies, or members of management that are obscene, physically threatening or intimidating, or otherwise constitute a violation of Aspire's workplace policies against discrimination, retaliation, or harassment.
- Posting or displaying on social media content that is an intentional public attack on the quality of Aspire's services in a manner that a reasonable person would perceive as calculated to harm Aspire's business and is unrelated to any employee concern involving wages, hours, or other terms and conditions of employment.
- Any unauthorized disclosure, use, and dissemination of personal information regarding minors is forbidden and may result in disciplinary action, including termination of employment.
- Only post approved photographs of staff and students. Appropriate permissions for public use must be obtained and will be held by Aspire.
- Do not post or share student information, including grades.
- Never disclose Aspire's confidential information, including information or content about students, even if not directly named.
- Do not comment as an Aspire representative or on behalf of Aspire on anything related to legal matters, litigation, or any parties to litigation involving Aspire without the appropriate approval.
- Do not save student photos in your personal or work phone unless authorized by the school Principal in association with approved social media posts for Aspire or for reasons related to an investigation of a student-related incident.
- Consult with your school site administrator, principal, or Human Resources regarding media releases prior to releasing information.

Social Media Guidelines When On-Duty

When you engage in social networking, please keep in mind that we have spent substantial time and resources building Aspire's reputation and goodwill. Use the following guidelines when using social media for purposes of performing your job responsibilities:

1. Social networking for personal purposes should not be conducted while you are on working time.
2. Social networking sites can be used to add value to our instructional efforts. Content should be relevant and help achieve Aspire's purposes or goals.
3. Be professional. Review Aspire's Mission Statement as well as our Values. Every day, our community of students, families, teachers and staff come together to learn, work, and play in an environment grounded in our Values of Bienestar (Well-Being), Culture of Belonging, Community Partnership, Agency & Self-Determination, and Joy to help guide expectations of professional judgment and communication when expressing your opinions in connection with your performance of your job responsibilities.
4. Use group sites or pages whenever possible to connect with students or families for student generated content.
5. You are reminded that you should have no expectation of privacy while using Aspire equipment or facilities for any purpose at any time, including authorized blogging and other social media activity. Your public postings may be subject to review by anyone, including Aspire.

Social Media Guidelines When Off-Duty

Be mindful that your postings, even if done off-premises and off-duty, could have an adverse effect on you, Aspire and its stakeholders, fellow employees, students, families and the communities we serve. Use the following guidelines when using social media off-duty:

1. Express only your personal opinions. Never represent yourself as a spokesperson for Aspire, unless you have been authorized to do so by the Director of Communications. If the content you are posting endorses Aspire's services, be clear and open about the fact that you are an employee and make it clear that your views do not represent those of Aspire. If you do publish a blog or post online related to the work you do or subjects associated with Aspire, make it clear that you are not speaking on behalf of Aspire if that will not be obvious from the content or context of your posts. It is best to specifically post "#notanofficialspokesperson" or state "The postings on this site are my own and do not necessarily reflect the views of Aspire."

2. You are strongly discouraged from inviting students and families to join social networks or to be "friended" by students. Insofar as such behavior occurs, exercise good judgment about any content that is shared on the site, as you will be held responsible for any exposure/access by students and families to content, including words or pictures, that violates this policy or any other Aspire policy.

3. Keep in mind that bloggers and commentators are personally responsible for their content on blogs and social networking sites and can be held personally liable for commentary that is considered maliciously false, obscene, or confidential by any third party.

Duty to Report and Prohibition Against Retaliation

We all have a shared responsibility to ensure the safety of staff and students. Aspire policies and classroom guidelines, along with state and federal laws regarding educational privacy, apply in online settings. If you believe that anyone is violating this policy, it is your responsibility to speak up. Please submit any complaints to your School Administrator or Human Resources, HR@aspirepublicschools.org. All reports shall be as confidential as possible under the circumstances, in accordance with applicable law. It is the duty of the administrator to report the matter appropriately to ensure that a fair, prompt

and thorough investigation takes place by Human Resources.

Aspire prohibits taking adverse action against any employee for reporting a possible violation of this policy or for cooperating in an investigation of a violation of this policy. Any employee who retaliates against another employee for reporting a possible violation of this policy, or for cooperating in an investigation regarding a violation of this policy, will be subject to disciplinary action, up to and including termination of employment.

These guidelines will continually evolve as new technologies and social networking tools emerge, so please review them on a regular basis. If you need clarification of any aspect of these guidelines, contact your Principal or your Human Resources representative.

Personal Appearance

Aspire strives to maintain a professional atmosphere, which is achieved partly through the image employees present to our students, students' families, visitors and communities. We expect all employees to use good judgment with respect to their dress and appearance and to present a neat, well-groomed appearance, and a courteous disposition. As such, Aspire expects that your grooming, hygiene and dress will be appropriate to the work area and work performed. If your department or school has dress requirements specific to your position, your Supervisor or Principal will discuss them with you. While Principals and Department Directors are responsible for maintaining their school's or department's grooming standards, good personal hygiene and cleanliness of attire is mandatory and is your responsibility. We feel that these qualities are an important factor in making a favorable impression on students, their families, and your co-workers. Here are some guidelines:

- Clothing and Jewelry: You should wear clean, work attire that is appropriate for your job duties. A general rule to follow is to groom and dress within the standards normally observed in business and educational communities. Ill-fitting, revealing, and offensive clothing are unacceptable. Employees who report to work in unacceptable attire may be requested to leave work and return in acceptable attire. Such time away from work will be without pay.
- Scents and Odors: Some students and employees may be sensitive to strong perfumes, colognes, or odors. In order to maintain a respectful workplace where consideration is shown for the health and comfort of students and fellow employees, you are asked to wear scents in moderation.
- Casual Dress Days: Your Supervisor or Principal may set one day a week as casual dress day at the discretion of the location or department leadership. Aspire or college-themed clothing is encouraged. General appearance and attire must still present a professional, business-casual image.

It is your Supervisor's responsibility to determine if your dress and hygiene meet location standards. If they do not, you may be asked to go home and change. Nonexempt employees will not be paid for the time taken off for this purpose. Noncompliance with the dress and hygiene standards may result in corrective action, up to and including termination of employment.

If you have questions about this policy, direct them to your Supervisor, Principal or the Human Resources department.

Recording of Conversations Prohibited

Applicable laws and Aspire policy prohibit the recording of any communication without the consent of all

parties to the communication. Recording any communication, whether face-to-face, on the telephone, or otherwise, without prior consent of all parties to the communication is strictly prohibited. Recording of conference calls using technology such as Zoom is also prohibited without the consent of all parties. Employees are also prohibited from taking photographs or copying for their own use confidential business documents not related to employee wage or working conditions at any time.

Employees who violate this policy are subject to disciplinary action, up to and including immediate termination of employment.

In limited situations, Aspire may tape or record Aspire business or educational presentations, Aspire training for a specific business or educational purpose, or for other business-related purposes. Participants will be informed that the training or conversation is being recorded.

Religious Neutrality

As a public charter school, Aspire cannot promote the agenda of any religious denomination or religiously affiliated entity. It is both proper and important for teachers to objectively discuss the influences of various religions, using religious works and symbols to illustrate their relationship with society, literature, or the arts. Instruction shall identify principles common to all religions and foster respect for the multiple creeds practiced by the peoples of the world.

In order to respect each student's individual right to freedom of religious practice, religious indoctrination is clearly forbidden at Aspire. Instruction about religion must not favor, promote or demean the beliefs or customs of any particular religion or sect.

Staff must be highly sensitive to their obligation not to interfere with the religious development of any student in whatever tradition the student embraces. Staff must not endorse, encourage or solicit religious or anti-religious expression or activities among students. Staff must not lead students in prayer or participate in student-initiated prayer. However, staff must not prohibit or discourage students from praying or otherwise expressing their religious belief as long as this does not disrupt the classroom.

School and classroom decorations may express seasonal themes that are not religious in nature.

Aspire does not intend to impose restrictions on freedom of dress and adornment which may violate an individual's civil rights, or which impose particular codes of morality or religious tenets. Appropriateness and moderation in all things, concern for the health and safety of students and staff, and the avoidance of distractions to the educational process are the guiding principles of the employee dress code.

Media Contact

To ensure that Aspire communicates with the media in a consistent, timely and professional manner about company matters, we ask that you do not respond to media inquiries on Aspire’s behalf without authorization. You should notify the Director of Communications, Vice President of Advancement, or your Regional Executive Director that you have been contacted by the media whenever you are asked to speak on behalf of Aspire. This rule does not prevent you from speaking with the media, but you should not attempt to speak on behalf of Aspire unless you have specifically been authorized to do so by the Director of Communications.

Employment Verification and References

Aspire policy permits the Human Resources Department to provide official references by verifying only the dates of employment and title of the last position held for current and former employees. No other Supervisor, Manager, Director, or employee is authorized to release official reference information, so all requests for official references on behalf of Aspire must be forwarded to the Human Resources Department. Current or former employees requesting verification of employment or their salary or wages must put their authorization in writing and submit it to the Human Resources Department. No additional information will be provided in response to an official request for a reference.

In some cases, a recommendation letter may be needed. Please consult with Human Resources to review the circumstance(s) and request prior to engaging with the individual that has requested the information.

Health and Safety Policy

Aspire is committed to providing and maintaining a healthy and safe work environment for all employees.

Employees are required to know and comply with Aspire's General Safety Rules and to follow safe and healthy work practices at all times. Employees are required to report immediately to the Principal or Supervisor any potential health or safety hazards, and all injuries or accidents.

In compliance with Proposition 65, Aspire will inform employees of any known exposure to a chemical known to cause cancer or reproductive toxicity.

Security Protocols

Aspire has developed guidelines to help maintain a secure workplace. Be aware of unknown persons loitering in parking areas, walkways, entrances and exits and service areas. Report any suspicious persons or activities to the Principal. Employee desks or offices should be secured at the end of the day. When an employee is called away from his or her work area for an extended length of time, valuable or personal articles should not be left around a workstation that may be accessible. The security of facilities as well as the welfare of employees depends upon the alertness and sensitivity of every individual to potential security risks. Employees should immediately notify the Principal or Supervisor when keys are missing or if security access codes or passes have been breached.

Occupational Safety

Aspire is committed to the safety of its employees, vendors, contractors and the public and to providing a clear safety goal for management.

The prevention of accidents is the responsibility of every supervisor org wide. It is also the duty of all employees to accept and promote the established safety regulations and procedures. Every effort will be made to provide adequate safety training. If an employee is ever in doubt how to perform a job or task safely, assistance should be requested. Unsafe conditions must be reported immediately.

It is the policy of Aspire that accident prevention shall be considered of primary importance in all phases

of operation and administration. Aspire's management is required to provide safe and healthy working conditions for all employees and to establish and require the use of safe practices at all times.

Failure to comply with or enforce Aspire safety and health rules, practices and procedures could result in disciplinary action up to and including possible termination.

Accident/Incident Reporting

It is the duty of every employee to immediately or as soon as is practical report any accident or injury occurring during work or on Aspire premises so that arrangements can be made for medical or first aid treatment, as well as for investigation and follow-up purposes.

Reporting Fires and Emergencies

It is the duty of every employee to know how to report fires and other emergencies quickly and accurately. Employees should report any such emergency by calling management. In addition, all employees should know the local emergency numbers such as 911.

EMPLOYEE WAGES AND HEALTH BENEFITS

Payroll Withholdings

As required by law, Aspire shall withhold applicable taxes from each employee's pay as follows:

1. Federal Income Tax Withholding: The amount varies with the number of exemptions the employee claims and the gross pay amount.

2. State Income Tax Withholding: The same factors which apply to federal withholdings apply to state withholdings.

3. The Federal Insurance Contribution Act ("FICA") requires that a certain percentage of employee earnings be deducted and forwarded to the federal government, together with an equal amount contributed by Aspire. Employees who participate in a California State Retirement Plan may be exempt from Social Security taxes.

4. State Disability Insurance (SDI): This state fund is used to provide benefits to those out of work because of illness or disability.

5. California State Retirement Plans: Aspire will deduct a percentage of your wages for the State retirement plan associated with your job through California STRS or California PERS

6. Employees may also have deductions made to their paychecks when a wage overpayment occurs. Aspire may require the employee to reimburse an overpayment through a mutually agreeable method, including through cash repayment or a deduction of the employee's payroll check, among other options. An employee who is separated from employment before full repayment of the overpayment amount shall have any remaining amounts withheld from their final check. Aspire also reserves the right to exercise any and all other legal means to recover any additional amounts owed. Aspire shall provide employees with advance written notice of the deduction prior to the pay period where it will go into effect.

Every deduction from an employee's paycheck is explained on the check voucher. If an employee does not understand the deductions, he or she should ask the Payroll or Human Resources departments to explain them.

Employees may change the number of withholding allowances claimed for Federal Income Tax purposes at any time by filling out a new W-4 form and submitting it to the HRIS (MyHRT) or contacting the Payroll department. The HRIS system maintains a supply of these forms.

All Federal, State, and Social Security taxes will be automatically deducted from paychecks. Federal Withholding Tax deduction is determined by the employee's W-4 form. The W-4 form should be completed upon hire and it is the employee's responsibility to report any changes in filing status to the Payroll department and to fill out a new W-4 form.

At the end of the calendar year, a "withholding statement" (W-2) will be prepared and forwarded to each employee for use in connection with preparation of income tax returns. The W-2 shows Social Security information, taxes withheld and total wages.

Overtime Pay

Whether an employee is exempt from or subject to overtime pay will be determined on a case-by-case basis and will be indicated in the employee's job description. Generally, teachers and administrators are exempt. Nonexempt employees may be required to work beyond the regularly scheduled workday or workweek as necessary. Only actual hours worked in a given workday or workweek can apply in calculating overtime for nonexempt employees. Aspire will attempt to distribute overtime evenly and accommodate individual schedules. All overtime work must be previously authorized by the Supervisor. Aspire provides compensation for all overtime hours worked by nonexempt employees in accordance with state and federal law as follows:

For employees subject to overtime, all hours worked in excess of eight (8) hours in one workday or forty (40) hours in one workweek shall be treated as overtime. Compensation for hours in excess of forty (40) for the workweek or in excess of eight (8) and not more than twelve (12) for the workday, and for the first eight (8) hours on the seventh consecutive day in one workweek, shall be paid at a rate of one and one-half times the employee's regular rate of pay. Compensation for hours in excess of twelve (12) in one workday and an excess of eight (8) on the seventh consecutive workday of the workweek shall be paid at double the regular rate of pay.

Exempt employees may have to work hours beyond their normal schedules as work demands require. No overtime compensation will be paid to these exempt employees.

Payroll

Pay Periods and Paydays

Aspire's pay schedule is based on twenty-four (24) pay periods per year. Paychecks are normally distributed on the 15th and the last day of each month. Employees should pick up their own paycheck on the normally scheduled payday. Pay statements can be accessed through UKG , the HR Resources System (MyHRT). Aspire encourages all employees to sign up for direct deposit.

Exempt employees are paid on the 15th of the month, for the pay period from the 1st to the 15th of that month, and on the last day of the month, for the pay period from the 16th to the last day of that month**.**

Non-exempt employees are paid on the 15th of the month, for the pay period beginning the 24th of the prior month and ending the 8th of the current month, and on the last day of the month, for the pay period from the 9th to the 24th.

If a payday falls on a Saturday or a Sunday, you will be paid on the prior Friday. If a payday falls on a holiday, you will be paid the day before the holiday.

Please review your paychecks and pay stubs regularly. If you believe an error has been made on your paycheck, report the discrepancy to Payroll immediately.

Wage Attachments and Garnishments

Under normal circumstances, Aspire will not assist creditors in the collection of personal debts from its

employees. However, creditors may resort to certain legal procedures such as garnishments, levies or judgments that require Aspire, by law, to withhold part of an employee's earnings in their favor.

Bonuses

Bonuses are determined on a yearly basis considering the financial state of the organization and Board of Director approval. Bonuses are not guaranteed. Employees must be employed at the time a discretionary bonus is issued in order to be eligible. Additional guidelines will be provided should we have bonuses in any given year.

Discussion of Wages

No employee is prohibited from disclosing the amount of his or her wages. Aspire will not terminate, demote, suspend, or otherwise discriminate or retaliate against an employee who makes such a disclosure or because an employee exercises his or her rights, or aids or encourages other employees in exercising their rights, under California's Equal Pay Law. This policy does not require disclosure of wages.

Medical Benefits

Eligibility

An employee is eligible for medical coverage if the employee is classified regular full time working at least thirty (30) hours per week.

Employees who change status from part-time to full-time employment become eligible for full benefits on the first day of the month following the effective date of the change if they have worked in a full time capacity for over a year.

Part-time Benefit Eligibility

Aspire continues to provide benefits for regular part-time employees who previously worked at least one (1) full year as a regular full-time employee and who drop down to work between twenty (20) and twenty-nine (29) hours per week. Part-time-benefited employees generally are eligible for all the same benefits as full-time employees, but at slightly different costs. Additionally, part-time-benefited employees receive a reduced paid sick leave benefit and a reduced PTO benefit.

Dependent Children and Partner Benefit Eligibility

Benefit eligible employees may elect to cover their dependent children, married spouse, and domestic partner. Additional costs may be assessed. Unmarried benefit eligible employees may also elect to cover their partners, if they live together in an ongoing exclusive committed relationship similar to marriage, have been together for at least six (6) months, and intend to continue sharing a household indefinitely. For more information on dependent coverage or to request forms, please email our Benefit Support team at benefits@aspirepublicschools.org.

Temporary Employees or part time working under 29 hours

Employees classified as temporary or regular employees working under 29 hours are not eligible for

medical benefits.

Benefit Package

Please review Aspire's benefit guide for detailed information about Aspire's benefits. For more information about eligibility or for more information about any of these benefits, contact the Benefits team at benefits@aspirepublicschools.org.

When Coverage Starts

Employee coverage will begin on the first day of the month following their hire date. Benefit enrollment is processed through a third party vendor. For additional information please reference the benefit guide or contact Benefits@aspirepublicschools.org. This information serves as a request for coverage, and authorizes payroll deductions necessary to pay for coverage.

COBRA Benefits

When medical, dental plans or voluntary benefits end through Aspire employees or their dependents can continue coverage for eighteen (18) or thirty-six (36) months, depending upon the reason benefits ended. To continue coverage, an employee must pay the full cost of coverage – the employee contribution and Aspire's previous contribution plus an administrative charge.

Medical coverage for an employee, his/her spouse, and eligible dependent children can continue for up to eighteen (18) months if coverage ends because:

- Employment ends, voluntarily or involuntarily, for any reason other than gross misconduct; or
- Hours of employment are reduced below the amount required to be considered a full-time employee or part-time, making an employee ineligible for the plan.
- eligibility under FMLA/CFRA is exhausted.

This eighteen (18) month period may be extended an additional eleven (11) months in cases of disability subject to certain requirements. This eighteen (18) month period may also be extended an additional eighteen (18) months if other events (such as a divorce or death) occur subject to certain requirements.

An employee's spouse and eligible dependents can continue their health coverage for up to thirty-six (36) months if coverage ends because:

- The employee dies while covered by the plan;

- The employee and his/her spouse become divorced or legally separated;

- The employee becomes eligible for Medicare coverage, but his/her spouse has not yet reached age sixty-five (65); or

- The employee's dependent child reaches an age which makes him or her ineligible for coverage under the plan.

Rights similar to those described above may apply to retirees, spouses and dependents if the employer

commences a bankruptcy proceeding and those individuals lose coverage.

Aspire will notify employees or their dependents if coverage ends due to termination or a reduction in work hours. If an employee becomes eligible for Medicare, divorced or legally separated, dies, or when a dependent child no longer meets the eligibility requirements, the employee or a family member are responsible for notifying Aspire within thirty (30) days of the event. Aspire will then notify the employee or his/her dependents of the employee's rights.

Health coverage continuation must be elected within sixty (60) days after receiving notice of the end of coverage, or within sixty (60) days after the event causing the loss, whichever is later.

There are certain circumstances under which coverage will end automatically. This happens if:

- Premiums for continued coverage are not paid within thirty (30) days of the due date;

- The employee (or his/her spouse or child) become covered under another group health plan which does not contain any exclusion or limitation with respect to any pre-existing condition the employee (or the employee's spouse or child, as applicable) may have;

- Aspire stops providing group health benefits;

- The employee (or the employee's spouse or child) become entitled to Medicare; or

- The employee has been receiving extended coverage for up to twenty-nine (29) months due to disability and there has been a final determination that the employee is no longer disabled.

PERSONNEL EVALUATION AND RECORD KEEPING

Employee Reviews and Evaluations

Each employee will receive periodic performance reviews conducted by their immediate Supervisor. The frequency of performance evaluations may vary depending upon length of service, job position, past performance, changes in job duties, or recurring performance problems.

Performance evaluations may review factors such as the quality and quantity of the work performed, knowledge of the job, initiative, work attitude, and attitude toward others. The performance evaluations are intended to make employees aware of their progress, areas for improvement, and objectives or goals for future work performance. Favorable performance evaluations do not guarantee increases in salary or promotions; further note that Aspire's practice is not to compensate based on performance but rather different objective pay criteria, generally years of experience in a role. Salary increases and promotions are solely within the discretion of Aspire and depend upon many factors in addition to performance. After the review, an employee will be required to sign the evaluation report simply to acknowledge that it has been presented to them, that they have discussed it with their Supervisor, and that they are aware of its contents.

Newly hired employees may have their performance goals reviewed by their Supervisor within the first ninety (90) days of employment.

Potential for advancement will be based largely upon job performance. On a periodic basis, the Supervisor will review employee job performance with an employee in order to establish goals for future performance and to discuss current performance. Aspire's evaluation system will in no way alter the at-will employment relationship.

Personnel Files and Record Keeping Protocols

At the time of employment, a personnel file is established for each employee. It is each employee's responsibility to keep their Supervisor or Human Resources advised of changes that should be reflected in their personnel file. Such changes include: change in address, telephone number, marital status, number of dependents and person(s) to notify in case of emergency. Prompt notification of these changes is essential and will enable Aspire to contact an employee should the change affect their other records.

Employees have the right to inspect documents in their personnel file, as provided by law, in the presence of a School representative, at a mutually convenient time. Employees also have the right to obtain a copy of their personnel file as provided by law. Employees may add comments to any disputed item in the file. Aspire will restrict disclosure of personnel files to authorized individuals within Aspire. A request for information contained in the personnel file must be directed to the Principal, Department Director or Human Resources. Only Human Resources is authorized to release information about current or former employees. Disclosure of information to outside sources will be limited. However, Aspire will cooperate with requests from authorized law enforcement or local, state or federal agencies conducting official investigations or as otherwise legally required.

Credible complaints of substantiated investigations into or discipline for egregious misconduct will not be expunged from an employee's personnel file unless the complaint is heard by an arbitrator,

administrative law judge, or the Board and the complaint is deemed to be false, not credible, unsubstantiated or a determination was made that discipline was not warranted.

Professional Development and Performance Review

At Aspire, we encourage the professional development of all employees. If you are an educator, Aspire provides summer training before the start of Aspire year, on-site coaching and modeling throughout Aspire year, day-to-day instructional leadership and access to external workshops. Extensive training and attentive mentorship cultivate additional skills. For employees who are not educators, Aspire provides you with periodic formal and topical training sessions as well.

All supervisors are strongly encouraged to facilitate Professional Development Discussions with each employee as part of an ongoing, year-round development process. These reviews may be formal or informal, and verbal or written. The purpose of the review is to support you in your role. Outside of annual reviews, the role of the supervisor is to give timely feedback throughout the year.

In addition, Aspire encourages employees to pursue external professional development opportunities such as workshops or additional certifications. Aspire may cover the cost of this professional development or may provide current employees with financial assistance in the form of Tuition Reimbursement as part of its benefits package. We encourage you to talk with your immediate supervisor about additional development opportunities and specific career paths. Aspire pays nonexempt employees for time spent attending required development courses and training(s) in accordance with applicable law.

HOLIDAYS, TIME OFF, AND LEAVES

Holidays

Aspire's calendar reflects any and all holidays observed by Aspire. The following holidays are generally observed by public entities, including public schools:

- New Year's Day
- Martin Luther King Jr. Birthday
- President's Day
- Memorial Day
- Juneteenth
- Cesar Chavez
- Independence Day
- Labor Day
- Veteran's Day
- Indigenous Peoples' Day
- Thanksgiving
- Friday after Thanksgiving
- Day before Christmas
- Christmas Day

Other days during Aspire year, such as days during Aspire's calendared breaks, shall not be paid time for nonexempt employees in active status. Aspire respects employee's observance of religious holidays not listed above in the Aspire-wide calendar in alignment with our value of Culture of Belonging; you may take off a recognized religious holiday if your religion requires observance of the particular day. To ensure appropriate work coverage in service of our scholars, employees must request the day off in advance by written notice to the Principal or Department Supervisor. The employee will be paid if the religious holiday is taken as an earned paid leave day (i.e., PTO, etc., as applicable). The employee will not be paid if the religious holiday is taken as a personal leave of absence day. Employees on any leave of absence do not earn holiday pay.

Requesting and Approval of Leaves

Aspire outsources leave administration through New York Life (formally known as Cigna). Employees may request leaves directly through New York Life and contact HR@aspirepublicschools.org for support.

<u>Requesting and Approval of Regulated Leaves</u>

- Contact HR at HR@aspirepublicschools.org
- New York Life is authorized to approve all leave requests in accordance with Federal and State laws. New York Life has the authority to approve or deny regulated leaves based on eligibility and dependent on required certifications. New York Life will work with Aspire when necessary to determine eligibility.
- Human Resources will support the process including managing processing sick or PTO accruals and requests for accommodations.
- Communicate with your Supervisor in advance for logistics and planning.

Requesting and Approval of Personal Leaves

- If you want to request a Personal Leave, you must complete the Personal Leave Request Form and have your Manager, Supervisor or Principal sign it.
- Submit the request form to Human Resources.
- Ultimate approval is determined by your Supervisor according to business needs. In some instances, the Regional Executive Director will need to support the approval of a Personal Leave request.
- The maximum time Aspire will approve a personal leave is thirty (30) calendar days (including weekends and holidays).
- Personal Leaves are not protected by Federal or State Laws.
- PTO may be accessed during a personal leave only; not sick time. Unless the personal leave is related to a medical reason.

Paid Time Off (PTO)

Aspire grants Paid Time Off ("PTO") to provide benefit-eligible employees with the flexibility to meet both work and personal needs. PTO requests should be submitted at least two weeks in advance.

While Aspire recognizes the importance of PTO as a period of rest and rejuvenation away from the job, PTO must be scheduled with due consideration for "peak traffic periods" in Aspire. With this in mind, it is expected that PTO will be taken when an employee's absence will minimize disruption. Supervisors may set "blackout dates" during which requests for PTO will be denied (e.g., during STAR testing for classroom teachers and principals, or during scheduled audits for an accountant, or during peak hiring season, etc.). Ultimately, PTO may only be taken upon approval in advance by your supervisor.

Benefits eligible employees are entitled to PTO terms based upon date of hire, length of service and status with Aspire. Eligible employees shall accrue PTO as follows:

Employee Classification/Accrual Calendar	**PTO Accrual Rate**	**PTO Accrual Cap**
249 or 235 Day Full-Time Employees (Salaried and Hourly)	12 days per school year, accruing at a rate of eight (8) hours per month.	96 hours
196 Day Full-Time Exempt (Salaried) Employees	3 days per school year, accruing at a rate of two (2) hours per month.	48 hours
187-212 Day Full-Time Employees (Hourly)	3 days per school year, accruing at a rate of two (2) hours per month.	48 hours
Part-Time Benefited Employees (Salaried and Hourly)	Half (½) of the accrual rate for the applicable full-time classification.	Half (½) of the accrual cap for the applicable full-time classification.

Any PTO taken during Aspire year or otherwise should be coordinated and cleared by the supervisor, subject to scheduling, business need and seniority. Employees must submit PTO requests through Aspire's Time and Attendance System and inform their supervisor in advance.

Full-time employees who transfer to a part-time status and who are no longer eligible for benefits will keep their accrued PTO balance, but will not receive any additional PTO. The PTO balance will remain on the books and will be available for the employee to use.

Employees who transfer into a new role in Aspire will receive PTO payout, and will start accruing at the PTO rate applicable to the new role, up to the maximum accrual cap.

Aspire retains the right to deny or schedule required use of PTO to meet student and operational needs.

PTO days should be taken when business needs or school is not disrupted; check with your supervisor or principal in advance to ensure the time can be approved.

PTO may not be utilized before it is earned (advances are not permitted). An employee whose employment terminates will be paid for accrued unused PTO. Once the PTO cap is reached, no further PTO will accrue until some PTO is used. When some PTO is used, PTO will begin to accrue again. There is no retroactive grant of PTO for the period of time the accrued PTO was at the cap.

Unpaid (Personal) Leave of Absence

Aspire recognizes that special situations may arise where an employee must leave his or her job temporarily. At its discretion, Aspire may grant employees leaves of absence. Any unpaid leave of absence must be approved in advance by the Supervisor and HR.

The granting of a leave of absence always presumes the employee will return to active work by a designated date or within a specific period.

During a Family and Medical Leave Act, California Family Rights Act leave, and/or Pregnancy Disability Leave, the employee's medical and dental benefits will remain in force, provided the employee pays the appropriate premiums. Otherwise, benefits are terminated the month any other type of leave begins. If an employee fails to return from a leave and is subsequently terminated, the employee is entitled to all earned but unused PTO, provided that the PTO was earned prior to the commencement of leave. No PTO is accrued during any type of unpaid leave of absence.

Sick Leave

To help prevent loss of earnings that may be caused by accident or illness, or by other emergencies, Aspire offers paid sick leave to its employees. Sick leave may be taken to receive preventive care (including annual physicals or flu shots) or to diagnose, treat, or care for an existing health condition. Employees may also use sick leave to assist a family member (i.e., children, parents, spouses/domestic partners, grandparents, grandchildren, or siblings) or a designated person (i.e., one who is related to the employee by blood or whose association with the employee is the equivalent of a family relationship) who must receive preventative care or a diagnosis, treatment, or care for an existing health condition. Designation of this person must be done within ten (10) working days of the date the employee is

provided an opportunity to designate. Thereafter, Aspire will provide to eligible employees an opportunity to re-designate a designated person on an annual basis.

Employees may also take paid sick leave to receive medical care or other assistance to address instances of domestic violence, sexual assault, or stalking.

Paid sick leave is available to all Aspire employees who work at least thirty (30) days within the span of a single calendar year from the commencement of employment. All eligible employees shall accrue sick leave according to role and accrual calendar, at minimum, one (1) hour of paid sick leave for every thirty (30) hours worked. Part-time, temporary, and substitute employees accrue paid sick leave up to a maximum accrual of seventy-two (72) hours or nine (9) days of paid sick leave per year. When you hit this cap, accrual will stop and you will not accrue any additional sick time until your balance has dropped below seventy-two hours. However, employees who are not part-time, temporary or substitutes will not have a cap on accrual.

Sick Leave is accrued as follows:

Employee Classification/Accrual Calendar	**Sick Accrual Rate**	**Sick Accrual Cap**
249 or 235 Day Full-Time Employees (Salaried and Hourly)	12 days per school year, accruing at a rate of eight (8) hours per month.	n/a
196 Day Full-Time Exempt (Salaried) Employees	9 days per school year, accruing at a rate of (6) hours per month.	n/a
187-212 Day Full-Time Employees (Hourly)	1 hour per every 30 hours worked	n/a
Part-Time Benefited Employees (Salaried and Hourly)	Half (½) of the accrual rate for the applicable full-time classification.	n/a
Temporary/Substitutes	1 hour per every 30 hours worked	72 hours

Aspire will accept paid sick leave that a new employee accrued from their employment at a California public school district immediately preceding their employment at Aspire.

Sick leave must be taken by eligible employees in increments one (1) hour. Accrued sick leave carries over from year to year and Aspire does not pay employees in lieu of unused sick leave.

If an employee is absent longer than three (3) days due to illness, medical evidence of their illness and/or medical certification of their fitness to return to work satisfactory to Aspire may be required. Aspire will not tolerate abuse or misuse of the sick leave privilege. If Aspire suspects abuse of sick leave, Aspire may require a medical certification from an employee verifying the employee's absence.

Once an employee has exhausted sick leave, the employee may continue on an unpaid medical leave depending upon the facts and circumstances of the employee's basis for leave beyond accrued sick leave. Employee requests for unpaid medical leave must be approved in advance by Aspire.

Family Care and Medical Leave

This policy explains how Aspire complies with the federal Family and Medical Leave Act ("FMLA") and the California Family Rights Act ("CFRA"), both of which require Aspire to permit each eligible employee to take up to twelve (12) workweeks (or twenty-six (26) workweeks where indicated) of FMLA/CFRA leave in any twelve (12) month period for the purposes enumerated below.

- Employee Eligibility Criteria

To be eligible for FMLA/CFRA leave, the employee must have been employed by Aspire for a total of at least twelve (12) months, worked at least 1,250 hours during the twelve (12) month period immediately preceding commencement of the leave, and work at a location where Aspire has at least fifty (50) employees within seventy-five (75) miles, (except for purposes of CFRA where Aspire must only have at least five (5) employees).

- Events That May Entitle an Employee To FMLA/CFRA Leave

The twelve (12) week (or twenty-six (26) workweeks where indicated) FMLA/CFRA allowance includes any time taken (with or without pay) for any of the following reasons:

1. To care for the employee's newborn child or a child placed with the employee for adoption or foster care. Leaves for this purpose must conclude twelve (12) months after the birth, adoption, or placement. If both parents are employed by Aspire, they each will be entitled to a separate twelve (12) weeks of leave for this purpose, which cannot be loaned or otherwise assigned from one employee to the other.

2. Because of the employee's own serious health condition (including a serious health condition resulting from an on-the-job illness or injury) that makes the employee unable to perform any one or more of the essential functions of his or her job (other than a disability caused by pregnancy, childbirth, or related medical conditions, which is covered by Aspire's separate pregnancy disability policy).

a. A "serious health condition" is an illness, injury (including, but not limited to, on-the-job injuries), impairment, or physical or mental condition of the employee or a child, parent, or spouse of the employee that involves either inpatient care or continuing treatment, including, but not limited to, treatment for substance abuse.

b. "Inpatient care" means a stay in a hospital, hospice, or residential health care facility, any subsequent treatment in connection with such inpatient care, or any period of incapacity. A person is considered an "inpatient" when a health care facility formally admits him/her to the facility with the

expectation that he/she will remain at least overnight and occupy a bed, even if it later develops that such person can be discharged or transferred to another facility and does not actually remain overnight.

c. "Incapacity" means the inability to work, attend school, or perform other regular daily activities due to a serious health condition, its treatment, or the recovery that it requires.

d. "Continuing treatment" means ongoing medical treatment or supervision by a health care provider.

3. To care for a spouse, domestic partner, child, or parent with a serious health condition. A qualifying family member may also include a parent-in-law, grandparent, grandchild, sibling, or designated person for CFRA purposes. "Designated person" refers to any individual related by blood or whose association with the employee is the equivalent to a family relationship. If someone takes leave for a designated person, they may only take leave for that one identified designated person per 12 month period (may not take leave to care for multiple designated people).

4. When an employee is providing care to a spouse, son, daughter, parent, or next of kin who is a covered Armed Forces service member with a serious injury or illness, the employee may take a maximum of twenty-six (26) weeks of additional FMLA leave in a single twelve (12) month period to provide said care. CFRA does not provide leave specific to caring for a service member.

5. For any "qualifying exigency" because the employee is the spouse, son, daughter, or parent of an individual on active military duty, or an individual notified of an impending call or order to active duty, in the Armed Forces. For CFRA purposes, this may also include a domestic partner.

- Amount of FMLA/CFRA Leave Which May Be Taken

1. FMLA/CFRA leave can be taken in one (1) or more periods, but may not exceed twelve (12) workweeks total for any purpose in any twelve (12) month period, as described below, for any one, or combination of the above-described situations. "Twelve workweeks" means the equivalent of twelve (12) of the employee's normally scheduled workweeks. For a full-time employee who works five (5) eight-hour days per week, "twelve workweeks" means sixty (60) working and/or paid eight (8) hour days.

2. In addition to the twelve (12) workweeks of FMLA/CFRA leave that may be taken, an employee who is the spouse, son, daughter, parent, or next of kin of a covered Armed Forces service member may also be entitled to a total of twenty-six (26) workweeks of FMLA leave during a twelve (12) month period to care for the servicemember.

3. The "twelve month period" in which twelve (12) weeks of FMLA and CFRA leave may be taken is the twelve (12) month period immediately preceding the commencement of any FMLA/CFRA leave.

4. If a holiday falls within a week taken as FMLA/CFRA leave, the week is nevertheless counted as a week of FMLA/CFRA leave. If, however, Aspire's/Aspire's business activity has temporarily ceased for some reason and employees are generally not expected to report for work for one or more weeks, such as the Winter Break, Spring Break, or Summer Vacation, the days Aspire's activities have ceased do not count against the employee's FMLA or CFRA leave entitlement. Similarly, if an employee uses FMLA/CFRA leave in increments of less than one (1) week, the fact that a holiday may occur within a week in which an employee partially takes leave does not count against the employee's leave

entitlement unless the employee was otherwise scheduled and expected to work during the holiday.

- Pay during FMLA/CFRA Leave

1. An employee on FMLA/CFRA leave because of his/her own serious health condition may use all accrued paid sick leave at the beginning of any otherwise unpaid FMLA/CFRA leave period. If an employee is receiving a partial wage replacement benefit during the FMLA/CFRA leave, Aspire and the employee may agree to have Aspire-provided paid leave, such as Sick time or PTO, supplement the partial wage replacement benefit unless otherwise prohibited by law.

2. An employee on FMLA/CFRA leave for baby-bonding or to care for a qualifying family member with a serious health condition may use any or all accrued sick time or PTO at the beginning, during (to supplement pay) or end of any otherwise unpaid FMLA/CFRA leave.

3. If an employee has exhausted his/her sick time, leave taken under FMLA/CFRA shall be unpaid leave.

4. The receipt of sick leave pay or State Disability Insurance benefits will not extend the length of the FMLA or CFRA leave. Sick time and/or PTO does not accrue during any period of unpaid FMLA or CFRA leave, unless sick time and/or PTO is being applied as a wage replacement.

- Health Benefits

The provisions of the Aspire's various employee benefit plans govern continuing eligibility during FMLA/CFRA leave, and these provisions may change from time to time. The health benefits of employees on FMLA/CFRA leave will be paid by the Aspire during the leave at the same level and under the same conditions as coverage would have been provided if the employee had been continuously employed during the leave period. When a request for FMLA/CFRA leave is granted, Aspire will give the employee written confirmation of the arrangements made for the payment of insurance premiums during the leave period.

If an employee is required to pay premiums for any part of their group health coverage, Aspire will provide the employee with advance written notice of the terms and conditions under which premium payments must be made.

Aspire may recover the health benefit costs paid on behalf of an employee during his/her FMLA/CFRA leave if:

1. The employee fails to return from leave after the period of leave to which the employee is entitled has expired. An employee is deemed to have "failed to return from leave" if he/she works less than thirty (30) days after returning from FMLA/CFRA leave; and

2. The employee's failure to return from leave is for a reason other than the continuation, recurrence, or onset of a serious health condition that entitles the employee to FMLA/CFRA leave, or other circumstances beyond the control of the employee.

- Seniority

An employee on FMLA/CFRA leave remains an employee and the leave will not constitute a break in service. An employee who returns from FMLA/CFRA leave will return with the same seniority he/she had when the leave commenced.

- Medical Certifications

1. An employee requesting FMLA/CFRA leave because of his/her own or a relative's serious health condition must provide medical certification from the appropriate health care provider on a form supplied by Aspire. Absent extenuating circumstances, failure to provide the required certification in a timely manner (within fifteen (15) days of Aspire's request for certification) may result in denial of the leave request until such certification is provided.

2. Aspire will notify the employee in writing if the certification is incomplete or insufficient, and will advise the employee what additional information is necessary in order to make the certification complete and sufficient. Aspire may contact the employee's health care provider to authenticate a certification as needed.

3. If Aspire has reason to doubt the medical certification supporting a leave because of the employee's own serious health condition, Aspire may request a second opinion by a health care provider of its choice (paid for by Aspire). If the second opinion differs from the first one, Aspire will pay for a third, mutually agreeable, health care provider to provide a final and binding opinion.

4. Recertifications are required if leave is sought after expiration of the time estimated by the health care provider. Failure to submit required recertifications can result in termination of the leave.

- Procedures for Requesting and Scheduling FMLA/CFRA Leave

1. An employee should request FMLA/CFRA leave by submitting a request to HR@aspirepublicschools.org. An employee asking for a Request for Leave form will be given a copy of Aspire's then-current FMLA/CFRA leave policy.

2. Employees should provide not less than thirty (30) days' notice for foreseeable childbirth, placement, or any planned medical treatment for the employee or his/her qualifying family member. Failure to provide such notice is grounds for denial of a leave request, except if the need for FMLA/CFRA leave was an emergency or was otherwise unforeseeable.

3. Where possible, employees must make a reasonable effort to schedule foreseeable planned medical treatments so as not to unduly disrupt Aspire's or Aspire's operations.

4. If FMLA/CFRA leave is taken because of the employee's own serious health condition or the serious health condition of the employee's qualifying family member, the leave may be taken intermittently or on a reduced leave schedule when medically necessary, as determined by the health care provider of the person with the serious health condition.

5. If FMLA/CFRA leave is taken because of the birth of the employee's child or the placement of a child with the employee for adoption or foster care, the minimum duration of leave is two (2) weeks, except that Aspire will grant a request for FMLA/CFRA leave for this purpose of at least one day but less than two (2) weeks' duration on any two (2) occasions.

6. If an employee needs intermittent leave or leave on a reduced leave schedule that is foreseeable based on planned medical treatment for the employee or a family member, if or when possible, the employee may be temporarily allowed to change status to an available alternative position for which he or she is qualified that has equivalent pay and benefits and that better accommodates recurring periods of leave than the employee's regular position. Transfers are not guaranteed by Aspire and are subject to availability and other school-based considerations.

7. Aspire will respond to an FMLA/CFRA leave request no later than five (5) business days of receiving the request. If an FMLA/CFRA leave request is granted, Aspire will notify the employee in writing that the leave will be counted against the employee's FMLA/CFRA leave entitlement. This notice will explain the employee's obligations and the consequences of failing to satisfy them.

- Return to Work

1. Upon timely return at the expiration of the FMLA/CFRA leave period, an employee is entitled to the same or a comparable position with the same or similar duties and virtually identical pay, benefits, and other terms and conditions of employment unless the same position and any comparable position(s) have ceased to exist because of legitimate business reasons unrelated to the employee's FMLA/CFRA leave.

2. When a request for FMLA/CFRA leave is granted to an employee, Aspire will give the employee a written guarantee of reinstatement at the termination of the leave (with the limitations explained above).

3. Before an employee will be permitted to return from FMLA/CFRA leave taken because of his/her own serious health condition, the employee must obtain a certification from his/her health care provider that he/she is able to resume work.

4. If an employee can return to work with limitations, Aspire will evaluate those limitations and, if possible, will accommodate the employee as required by law. If accommodation cannot be made, the employee will be medically separated from Aspire.

- Employment During Leave

No employee, including employees on FMLA/CFRA leave, may accept employment with any other employer without Aspire's written permission. An employee who accepts such employment without Aspire's written permission will be deemed to have resigned from employment at Aspire.

Pregnancy Disability Leave

This policy explains how Aspire complies with the California Pregnancy Disability Act, which requires Aspire to give each female employee an unpaid leave of absence of up to four (4) months per pregnancy, as needed, for the period(s) of time a woman is actually disabled by pregnancy, childbirth, or related medical conditions.

- Employee Eligibility Criteria

To be eligible for pregnancy disability leave, the employee must be disabled by pregnancy, childbirth, or a related medical condition and must provide appropriate medical certification concerning the disability.

- Events That May Entitle an Employee to Pregnancy Disability Leave

The four (4) month pregnancy disability leave allowance includes any time taken (with or without pay) for any of the following reasons:

1. The employee is unable to work at all or is unable to perform any one or more of the essential functions of her job without undue risk to herself, the successful completion of her pregnancy, or to other persons because of pregnancy or childbirth, or because of any medically recognized physical or mental condition that is related to pregnancy or childbirth (including severe morning sickness); or

2. The employee needs to take time off for prenatal care.

- Duration of Pregnancy Disability Leave

Pregnancy disability leave may be taken in one or more periods, but not to exceed four months total. "Four months" means the number of days the employee would normally work within four months. For a full-time employee who works five (5) eight (8) hour days per week, four (4) months means 693 hours of leave (40 hours per week times 17 $^{1}/_{3}$ weeks).

For employees who work more or less than forty (40) hours per week, or who work on variable work schedules, the number of working days that constitutes four (4) months is calculated on a pro rata or proportional basis. For example, for an employee who works twenty (20) hours per week, "four months" means 346.5 hours of leave entitlement (20 hours per week times 17 $^{1}/_{3}$ weeks). For an employee who normally works forty-eight (48) hours per week, "four months" means 832 hours of leave entitlement (48 hours per week times 17 $^{1}/_{3}$ weeks).

At the end or depletion of an employee's pregnancy disability leave, an employee who has a physical or mental disability (which may or may not be due to pregnancy, childbirth, or related medical conditions) may be entitled to reasonable accommodation. Entitlement to additional leave must be determined on a case-by case basis, taking into account a number of considerations such as whether an extended leave is likely to be effective in allowing the employee to return to work at the end of the leave, with or without further reasonable accommodation, and whether or not additional leave would create an undue hardship for Aspire. Aspire is not required to provide an indefinite leave of absence as a reasonable accommodation.

- Pay during Pregnancy Disability Leave

1. An employee on pregnancy disability leave may use all accrued paid sick leave and may use any or all accrued PTO at the beginning of any otherwise unpaid leave period.

2. The receipt of PTO pay, sick leave pay, or state disability insurance benefits, will not extend the length of pregnancy disability leave.

3. PTO and sick pay accrues during any period of unpaid pregnancy disability leave only until the end of the month in which the unpaid leave began or if an employee is receiving wage replacement (sick

pay or PTO) from Aspire during the leave.

- Health Benefits

Aspire shall provide continued health insurance coverage while an employee is on pregnancy disability leave consistent with applicable law. The continuation of health benefits is for a maximum of four (4) months in a twelve (12)-month period. Aspire can recover premiums that it already paid on behalf of an employee if both of the following conditions are met:

1. The employee fails to return from leave after the designated leave period expires.

2. The employee's failure to return from leave is for a reason other than the following:

- The employee is taking leave under the California Family Rights Act.

- There is a continuation, recurrence or onset of a health condition that entitles the employee to pregnancy disability leave.

- There is a non-pregnancy related medical condition requiring further leave.

- Any other circumstance beyond the control of the employee.

- Seniority

An employee on pregnancy disability leave remains an employee of Aspire and a leave will not constitute a break in service. When an employee returns from pregnancy disability leave, she will return with the same seniority she had when the leave commenced.

- Medical Certifications

1. An employee requesting a pregnancy disability leave must provide medical certification from her healthcare provider on a form supplied by Aspire. Failure to provide the required certification in a timely manner (within fifteen (15) days of the leave request) may result in a denial of the leave request until such certification is provided.

2. Recertifications are required if leave is sought after expiration of the time estimated by the healthcare provider. Failure to submit required recertifications can result in termination of the leave.

- Requesting and Scheduling Pregnancy Disability Leave

1. An employee should request pregnancy disability leave by notifying Human Resources at HR@aspirepublicschools.org and their immediate supervisor. An employee asking for a Request for Leave form will be referred to Aspire's then current pregnancy disability leave policy.

2. Employees should provide not less than thirty (30) days' notice or as soon as is practicable, if the need for the leave is foreseeable. Failure to provide such notice is grounds for denial of the leave request, except if the need for pregnancy disability leave was an emergency and was otherwise unforeseeable.

3. Where possible, employees must make a reasonable effort to schedule foreseeable planned medical treatments so as not to unduly disrupt Aspire's operations.

4. Pregnancy disability leave may be taken intermittently or on a reduced leave schedule when medically advisable, as determined by the employee's healthcare provider.

5. If an employee needs intermittent leave or leave on a reduced leave schedule that is foreseeable based on planned medical treatment for the employee or a family member, if or when possible, the employee may be transferred temporarily allowed to change status to an available alternative position for which he or she is qualified that has equivalent pay and benefits and that better accommodates recurring periods of leave than the employee's regular position. Transfers are not guaranteed by Aspire and are subject to availability and other school-based considerations

6. Aspire will respond to a pregnancy disability leave request within ten (10) days of receiving the request. If a pregnancy disability leave request is granted, Aspire will notify the employee in writing and leave will be counted against the employee's pregnancy disability leave entitlement. This notice will explain the employee's obligations and the consequences of failing to satisfy them.

- Return to Work

1. Upon timely return at the expiration of the pregnancy disability leave period, an employee is entitled to the same position unless the employee would not otherwise have been employed in the same position at the time reinstatement is requested. If the employee is not reinstated to the same position, she must be reinstated to a comparable position unless one of the following is applicable:

a. The employer would not have offered a comparable position to the employee if she would have been continuously at work during the pregnancy disability leave.

b. There is no comparable position available, to which the employee is either qualified or entitled, on the employee's scheduled date of reinstatement or within sixty (60) calendar days thereafter. Aspire will take reasonable steps to provide notice to the employee if and when comparable positions become available during the sixty (60) day period.

A "comparable" position is a position that involves the same or similar duties and responsibilities and is virtually identical to the employee's original position in terms of pay, benefits, and working conditions.

2. When a request for pregnancy disability leave is granted to an employee, Aspire will give the employee a written guarantee of reinstatement at the end of the leave (with the limitations explained above).

3. In accordance with Aspire policy, before an employee will be permitted to return from a pregnancy disability leave of three (3) days or more, the employee must obtain a certification from her healthcare provider that she is able to resume work.

4. If the employee can return to work with limitations, Aspire will evaluate those limitations and, if possible, will accommodate the employee as required by law. If accommodation cannot be made, the employee will be medically separated from Aspire.

- Employment during Leave

No employee, including employees on pregnancy disability leave, may accept employment with any other employer without Aspire's written permission. An employee who accepts such employment without written permission will be deemed to have resigned from employment.

Industrial Injury Leave (Workers' Compensation)

Aspire, in accordance with State law, provides insurance coverage for employees in case of work-related injuries. The workers' compensation benefits provided to injured employees may include:

- Medical care;

- Cash benefits, tax-free to replace lost wages; and

- Vocational rehabilitation to help qualified injured employees return to suitable employment.

To ensure employees receive any worker's compensation benefits to which they may be entitled, employees will need to:

- Immediately report any work-related injury to your immediate Supervisor or Business Manager;

- Seek medical treatment and follow-up care if required;

- Complete a written Employee's Claim Form (DWC Form 1) and return it to the Principal or Department Director (for non-school sites); and

- Provide Aspire with a certification from a health care provider regarding the need for workers' compensation disability leave as well as the employee's eventual ability to return to work from the leave.

It is Aspire's policy that when there is a job-related injury, the first priority is to ensure that the injured employee receives appropriate medical attention. Aspire, with the help of its insurance carrier, has selected medical centers to meet this need. Each medical center was selected for its ability to meet anticipated needs with high quality medical service and a location that is convenient to Aspire's operation.

- If an employee is injured on the job, he/she is to go or be taken to the approved medical center for treatment. If injuries are such that they require the use of emergency medical systems ("EMS") such as an ambulance, the choice by the EMS personnel for the most appropriate medical center or hospital for treatment will be recognized as an approved center.

- All accidents and injuries must be reported to the immediate Supervisor or Business Manager and to Human Resources. Failure by an employee to report a work-related injury by the end of his/her shift could result in loss of insurance coverage for the employee. An employee may choose to be treated by his/her personal physician at his/her own expense, but he/she is still required to go to Aspire's approved medical center for evaluation. All job-related injuries must be reported to the appropriate State Workers' Compensation Bureau and the insurance carrier.

- When there is a job-related injury that results in lost time, the employee must have a medical release from Aspire's approved medical facility before returning to work.

- Any time there is a job-related injury, Aspire's policy may require drug/alcohol testing along with any medical treatment provided to the employee.

Military and Military Spousal Leave of Absence

Aspire shall grant a military leave of absence to any employee who must be absent from work due to service in the uniformed services in accordance with the Uniformed Services Employment and Re-Employment Rights Act of 1994 ("USERRA"). All employees requesting military leave must provide advance written notice of the need for such leave, unless prevented from doing so by military necessity or if providing notice would be impossible or unreasonable.

If military leave is for thirty (30) or fewer days, Aspire shall continue the employee's health benefits. For service of more than thirty (30) days, employees shall be permitted to continue their health benefits at their option through COBRA. Employees are entitled to use accrued PTO or paid time off as wage replacement during time served, provided such PTO accrued prior to the leave.

Except for employees serving in the National Guard, Aspire will reinstate those employees returning from military leave to their same position or one of comparable seniority, status, and pay if they have a certificate of satisfactory completion of service and apply within ninety (90) days after release from active duty or within such extended period, if any, as required by law. For those employees serving in the National Guard, if he or she left a full-time position, the employee must apply for reemployment within forty (40) days of being released from active duty, and if he or she left part-time employment, the employee must apply for reemployment within five (5) days of being released from active duty.

An employee who was absent from work while fulfilling his or her covered service obligation under the USERRA or California law shall be credited, upon his or her return to Aspire, with the hours of service that would have been performed but for the period of absence from work due to or necessitated by USERRA-covered service. Exceptions to this policy will occur wherever necessary to comply with applicable laws.

Aspire shall grant up to ten (10) days of unpaid leave to employees who work more than twenty (20) hours per week and who are spouses of deployed military servicemen and servicewomen. The leave may be taken when the military spouse is on leave from deployment during a time of military conflict. To be eligible for leave, an employee must provide Aspire with (1) notice of intention to take military spousal leave within two (2) business days of receiving official notice that the employee's military spouse will be on leave from deployment, and (2) documentation certifying that the employee's military spouse will be on leave from deployment during the time that the employee requests leave.

Bereavement Leave

Aspire employees are eligible to receive up to five (5) days of paid bereavement leave soon after the death of an immediate family member**.** Additional leave may be authorized by Aspire. If additional time is needed employees may use sick or PTO to access wages, or unpaid if sick/PTO is not available. Immediate family includes your spouse, registered domestic partner, a parent, children, sibling, grandparent, or grandchild (including step- and in-law relatives and similar relatives of a domestic

partner). Please ensure you communicate with your immediate Supervisor to make arrangements. If requested by Aspire, an employee shall provide reasonable documentation of the death of the family member.

Jury Duty or Witness Leave

For all exempt employees, Aspire will pay for time off if an employee is called to serve on a jury provided the employee continues to perform work duties as assigned. For all nonexempt employees, Aspire will provide pay for up to five (5) days in the event an employee is called to serve on a jury. Employees must provide a copy of their jury summons to their supervisor immediately after being summoned for jury duty.

Voting Time Off

If an employee does not have sufficient time outside of working hours to vote in an official state-sanctioned election, the employee may take off enough working time to vote. Such time off shall be taken at the beginning or the end of the regular working shift, whichever allows for more free time and the time taken off shall be combined with the voting time available outside of working hours to a maximum of two (2) hours combined. Under these circumstances, an employee will be allowed a maximum of two (2) hours of time off during an election day without loss of pay. When possible, an employee requesting time off to vote shall give the Principal or Department Director at least two (2) days' notice.

School Appearance and Activities Leave

As required by law, Aspire will permit an employee who is a parent or guardian (including a stepparent, foster parent, or grandparent) of school children, from kindergarten through grade twelve (12), or a child enrolled with a licensed child care provider, up to forty (40) hours of unpaid time off per school year (up to eight (8) hours in any calendar month of Aspire year) to participate in activities of a child's school or child care. If more than one (1) parent or guardian is an employee of Aspire, the employee that first provides the leave request will be given the requested time off. Where necessary, additional time off will also be permitted where Aspire requires the employee(s) appearance.

The employee requesting school leave must provide reasonable advance notice of the planned absence. The employee must use accrued but unused paid leave (e.g., PTO or sick leave) to be paid during the absence.

When requesting time off for school activities, the employee must provide verification of participation in an activity as soon as practicable. When requesting time off for a required appearance, the employee(s) must provide a copy of the notice from the child's school requesting the presence of the employee.

Bone Marrow and Organ Donor Leave

As required by law, eligible employees who require time off to donate bone marrow to another person may receive up to five (5) workdays off in a 12-month period. Eligible employees who require time off to donate an organ to another person may receive up to sixty (60) workdays off in a twelve (12) month period.

To be eligible for bone marrow or organ donation leave ("Donor Leave"), the employee must have been employed by Aspire for at least ninety (90) days immediately preceding the Donor Leave.

An employee requesting Donor Leave must provide written verification to Aspire that he or she is a donor and that there is a medical necessity for the donation of the organ or bone marrow.

Up to five (5) days of leave for bone marrow donation, and up to thirty (30) days of leave for organ donation, may be paid provided the employee uses five (5) days of accrued paid leave for bone marrow donation and two (2) weeks of accrued paid leave for organ donation. If the employee has an insufficient number of paid leave days available, the leave will otherwise be paid.

Employees returning from Donor Leave will be reinstated to the position held before the leave began, or to a position with equivalent status, benefits, pay and other terms and conditions of employment. Aspire may refuse to reinstate an employee if the reason is unrelated to taking a Donor Leave. A Donor Leave is not permitted to be taken concurrently with an FMLA/CFRA Leave.

Victims of Abuse Leave

Aspire provides reasonable and necessary unpaid leave and other reasonable accommodations to employees who are victims of domestic violence, sexual assault, stalking or other crimes. Such leave may be taken to attend legal proceedings or to obtain or attempt to obtain any relief necessary, including a restraining order, to ensure the employee's own health, safety or welfare, that of the employee's child or children or when a person whose immediate family member is deceased as the direct result of a crime. A crime includes a crime or public offense that would constitute a misdemeanor or felony if the crime had been committed in California by a competent adult, an act of terrorism against a resident of California (whether or not such act occurs within the state), and regardless of whether any person is arrested for, prosecuted for, or convicted of, committing the crime. Employees may also request unpaid leave for the following purposes:

- Seek medical attention for injuries caused by domestic violence, sexual assault, or stalking.
- Obtain services from a domestic violence shelter, program, or rape crisis center.
- Obtain psychological counseling for the domestic violence, sexual assault, or stalking.
- Participate in safety planning, such as relocation, to protect against future domestic violence, sexual assault, or stalking.

To request leave under this policy, an employee should provide Aspire with as much advance notice as practicable under the circumstances. If advance notice is not possible, the employee requesting leave under this policy should provide Aspire one (1) of the following certifications upon returning back to work:

1. A police report indicating that the employee was a victim of domestic violence, sexual assault, or stalking.
2. A court order protecting the employee from the perpetrator or other evidence from the court or prosecuting attorney that the employee appeared in court.
3. Documentation from a licensed medical professional, domestic violence or sexual assault counselor, licensed health care provider, or counselor showing that the employee's absence was due to treatment for injuries or abuse from domestic violence, sexual assault, or stalking.
4. Any other form of documentation that reasonably verifies that the crime or abuse occurred,

including but not limited to, a written statement signed by the employee, or an individual acting on the employee's behalf, certifying that the absence is for a purpose authorized under the law.

Employees requesting leave under this policy may choose to use accrued paid leave. In addition, Aspire will provide reasonable accommodations to employees who are victims of domestic violence, sexual assault or stalking for the employees' safety while at work. To request an accommodation under this policy, an employee should contact the Principal or Department Director.

Returning From Leave of Absence

Employees cannot return from a medical leave of absence without first providing a sufficient doctor's return to work authorization.

When business considerations require, the job of an employee on leave may be filled by a temporary or regular replacement. An employee should give Human Resources thirty (30) days' notice before returning from leave. Whenever Aspire is notified of an employee's intent to return from a leave, Aspire will attempt to place the employee in his former position or in a comparable position with regard to salary and other terms and conditions for which the employee is qualified. However, re-employment cannot always be guaranteed. If employees need further information regarding Leaves of Absence, they should be sure to consult with Human Resources.

The following conduct is prohibited and will not be tolerated by Aspire. This list of prohibited conduct is illustrative only and applies to all employees of Aspire; other types of conduct that threaten security, personal safety, employee welfare and Aspire's operations also may be prohibited. For employees who possess an employment contract which provides for other than at-will employment, the procedures and process for termination during the contract shall be specified in the contract.

Off-Duty Conduct

While Aspire does not seek to interfere with the off-duty and personal conduct of its employees, certain types of off-duty conduct may interfere with Aspire's legitimate business interests. For this reason, employees are expected to conduct their personal affairs in a manner that does not adversely affect Aspire or its own integrity, reputation, or credibility. Illegal or immoral off-duty conduct by an employee that adversely affects Aspire's legitimate business interests or the employee's ability to perform his or her work will not be tolerated.

While employed by Aspire, employees are expected to devote their energies to their jobs with Aspire. For this reason, any outside employment must adhere to the below guidelines. The following types of additional employment elsewhere are strictly prohibited:

- Additional employment that conflicts with an employee's work schedule, duties, and responsibilities at our Aspire/School.

- Additional employment that creates a conflict of interest or is incompatible with the employee's position with our School/Aspire.

- Additional employment that impairs or has a detrimental effect on the employee's work performance with our School/Aspire.

- Additional employment that requires the employee to conduct work or related activities on Aspire's property during the employer's working hours or using our Aspire's facilities and/or equipment; and

- Additional employment that directly or indirectly competes with the business or the interests of our School/Aspire.

Employees who wish to engage in additional employment that may create a real or apparent conflict of interest must submit a written request to Aspire explaining the details of the additional employment. If the additional employment is authorized, Aspire assumes no responsibility for it. Aspire shall not provide workers' compensation coverage or any other benefit for injuries occurring from or arising out of additional employment. Authorization to engage in additional employment can be revoked at any time.

Termination of Employment

Should it become necessary for an employee to terminate their at-will employment with Aspire, employees should notify the Principal or Immediate Supervisor regarding their intention as far in advance as possible. At least two (2) weeks' notice is expected whenever possible.

When an employee terminates their at-will employment, they will be entitled to all earned but unused PTO, not including paid sick leave. If an employee is participating in the medical and/or dental plan, they will be provided information on their rights under COBRA.

Obligations on Termination

When your employment with Aspire ends or at any time upon request, you must return all Aspire documents, computer records and other Aspire property in your possession or control. These items may include, but are not limited to, the following:

- Computer equipment and software;
- Company credit card(s);
- Keys and building access cards;
- Professional books and binders received during training;
- Dictionaries and other reference materials;
- Textbooks, leveled books, classroom books, library books and consumable workbooks; or
- Bulletin boards, posters, office supplies, etc.

This is true regardless of purchase method; that is, furniture, equipment and supplies are Aspire property regardless of whether they were purchased directly using a purchase order or credit card, or purchased by the employee but later reimbursed by Aspire through its expense reimbursement process.

After Termination is Processed

Upon termination of employment, access to Aspire systems, emails or information that belongs to Aspire will not be accessible under any circumstances.

Final Paycheck

If you resign with at least 72 hours' notice, you will receive your final paycheck on the last day of employment. If you resign with fewer than 72 hours' notice, your final paycheck will be available to you within 72 hours after your last day of work. Upon request, your final paycheck may be mailed to you. If you did not resign within 72 hours' notice, you may be asked if you accept for your paycheck to be sent to your home address on file, which will be performed upon your written authorization.

Rehire and Reinstatement

A former employee who has a good work history with Aspire will be considered for rehire or reinstatement. The former employee must apply for open positions using the normal process and will be considered for positions along with all other applicants.

Intent to Return

If you do not intend to return for the next school year and/or share with your Supervisor that you may be unsure about returning for a subsequent school year, Aspire reserves the right to recruit for your position. If Aspire chooses to recruit for your position, Aspire will share this information with you and give you a deadline to make a determination before Aspire begins recruiting.

INTERNAL COMPLAINT REVIEW

The purpose of the "Internal Complaint Review Policy" is to afford all employees of Aspire the opportunity to seek internal resolution of their work-related concerns. All employees have free access to Human Resources, the Principal, members of senior leadership or the Board of Directors to express their work-related concerns.

Specific complaints of unlawful harassment, discrimination, and retaliation are addressed under Aspire's "Policy Prohibiting Unlawful Harassment, Discrimination, and Retaliation."

Internal Complaints
(Complaints by Employees Against Employees)

This section of the policy is for use when an Aspire employee raises a complaint or concern about a coworker.

If reasonably possible, internal complaints should be resolved at the lowest possible level, including attempts to discuss/resolve concerns with the immediate supervisor. However, in the event an informal resolution may not be achieved or is not appropriate, the following steps will be followed by the Supervisor or designee:

1. The complainant will bring the matter to the attention of the Supervisor as soon as possible after attempts to resolve the complaint with the employee directly have failed or if not appropriate; and

2. The complainant will reduce his or her complaint to writing, indicating all known and relevant facts. The Supervisor or designee will then confer with Human Resources to identify an appropriate and qualified investigator. The assigned investigator will then investigate the facts and provide a solution or explanation;

3. If the complaint is about the Supervisor, the complainant may file his or her complaint in a signed statement to the Human Resources Department, who will then confer with the Executive Director or Chief of Equity and People (if appropriate) and may conduct fact-finding or authorize a third party investigator on behalf of the Executive Director or Human Resources. The Executive Director or Human Resources will report his or her findings to the Board for review and action, if necessary.

This policy cannot guarantee that every problem will be resolved to the employee's satisfaction. However, Aspire values each employee's ability to express concerns and the need for resolution without fear of adverse consequence to employment.

Policy for Complaints Against Employees
(Complaints by Third Parties Against Employees)

This section of the policy is for use when a non-employee raises a complaint or concern about a School employee.

If complaints cannot be resolved informally, complainants may file a written complaint with Human Resources, the Executive Director (if the complaint concerns the Principal or other Senior Leader) as soon as possible after the events that give rise to the complainant's concerns. The written complaint

should set forth in detail the factual basis for the complaint.

In processing the complaint, Human Resources (or designee) shall abide by the following process:

1. The Human Resources representative or designee shall use his or her best efforts to talk with the parties identified in the complaint and to ascertain the facts relating to the complaint.

Appendix XIV: Aspire Student Learning Framework

Aspire Student Learning Framework

A tool to support student learning and educator development at Aspire Public Schools

What is the purpose of the Student Learning Framework?

The Aspire Student Learning Framework (ASLF) was created to support student learning and educator development at Aspire. This is not an evaluation tool, but rather a coaching tool. Adapted from TNTP's CORE Teaching Rubric, the ASLF is grounded in three instructional principles:

1. An explicit focus on student academic behaviors
2. Alignment of instructional activities (ie. student task) to rigorous content standards
3. Culturally Responsive Teaching

What are the components of the rubric?

There are 4 components of the rubric:

- **Domains:** The rubric includes four discrete domains: *Culture of Learning, Essential Content*, *Academic Ownership, Demonstration of Learning.*
- **Essential Question:** The essential questions are the core questions to answer about the particular domain. In an effective and culturally responsive teacher's classroom, the answer to each essential question is "yes."
- **Descriptor Language:** The rubric uses descriptors that focus on observable student actions and responses.
- **Core Teacher Skills:** A non-exhaustive list of the teacher skills and behaviors that contribute to the student outcomes in each domain. These behaviors have been drawn from a variety of sources, including TNTP, Equity Institute's Culturally Responsive Walkthrough Tool , The Massachusetts Department of Education CRT rubric, Unbounded's GLEAM framework, Universal Design for Learning and the Ready for Rigor Framework from Zaretta Hammond's Culturally Responsive Teaching & the Brain. After each observation, we recommend that teachers and observers identify one or two Core Teacher Skills (or identify a skill not listed) to prioritize for the next coaching cycle.

How has the rubric been revised?

- In the 22-23 school year, Culturally Responsive Teaching was an organization-wide priority. With input from the Principal PAC, the Aspire-wide instructional team (AWIT) revised Domain 1 and Domain 2 of the framework in order for it to more clearly align to what we expect to see in culturally responsive classrooms.
- In the 23-24 school year, Domain 3 and 4 were revised and we decided to keep it as a single point rubric to emphasize the non-evaluative nature of the tool. AWIT received input from administrators, regional staff and educators.

How does the rubric support culturally responsive teaching practices?

Although there are many ways to approach culturally responsive teaching, we have chosen the four practice areas from Zaretta Hammond's *Ready for Rigor Framework* as a guide to highlight alignment with the rubric domains.

CULTURE OF LEARNING *Are all students engaged in learning throughout the lesson?*

Non-Evidence	Look-fors	Evidence
	• All or almost **all students are engaged** in **independent or cooperative** instructional tasks, exploration, discovery, hands-on learning or volunteering responses. • **Students feel safe** to ask questions and give and receive feedback from peers and teachers. • **Students execute** transitions, rituals, routines or procedures with limited narration from the teacher in ways that indicate self directed learning. • **Students affirm** contributions of their teammates AND collectively ignite joy	

Core Teacher Skills:

Indicator 1: Student engagement

- Arrange the classroom in a manner that allows for materials and resources to be equitably accessible to all students

Indicator 2: Safety

- Teachers clearly state, post, and maintain high and clear standards for behaviors for all students (academic and non-academic) and is a Warm Demander.
- Use principles of restorative justice to manage conflict and redirect negative behavior
- Normalize mistakes as part of the learning process (by modeling, reinforcing, providing wait time, teaching students to ask each other probing questions, and discouraging one right way)
- Teacher uses positive and reinforcing language to encourage students and reinforce their belief in them as a model for students to affirm each other

Indicator 3: Rituals, routines and procedures

- Teach, model and reinforce different cooperative grouping structures and routines
- Teach, model and reinforce topics aligned to self-management (will be seen verbally and with artifacts in the classroom)
- The rituals and routines are equitable and accessible to all students and reinforce self directed learning and academic identity
- Providing specific, concrete, sequential, and observable directions for behavior and academics

Indicator 4: Affirmation

- Intentionally develop empathy within students so they understand how their behavior impacts each other both positively and negatively
- Teach students protocols with how to give and receive feedback; teacher models receiving feedback
- Plan for strategies to affirm student contributions towards a collectivist culture and ignite joy
- Plan for igniting joy: including music, games, cheers, chants, etc.

ESSENTIAL CONTENT *Are all students working with culturally responsive content aligned to the appropriate grade-level standards that promotes rich cognitive development?*

Non-Evidence	Look-fors	Evidence
	• **Students can talk** about what they are working on, why it's important and how it connects to what they already know. • **The lesson focuses on grade level standards and the content** itself is reflective of and affirming to students' identities, global diversity, and it allows for students to interrogate the presented information. • **All activities** students engage in are aligned to the stated or implied learning goal(s) and are well-sequenced, affirm lived experience as knowledge, and move students toward mastery of the grade-level standard(s), language goals and/or IEP goals. • **All instructional materials** students use, such as texts, questions, problems, exercises and assessments, are high-quality, accessible and appropriately demanding for the grade/course and time in the school-year, and center issues of equity, power, race and identity	

Core Teacher Skills:

Rigor (standards)

- Develop and/or use daily lesson activities that are well sequenced, promote inquiry, engagement, collaboration and relevance, moving students toward mastery of grade-level standards
- Develop and provide accommodations and modifications as needed to ensure all students are able to attain rigorous, standards-aligned learning goals
- Teacher anticipates common student misunderstandings due to deeply internalizing content and ensures strategies are in place to overcome those misconceptions
- Pace of the lesson ensures that cognitively demanding, developmentally appropriate, standards-aligned objectives receive appropriate instructional time in order to promote student mastery.

Relevance (reflecting students' world)

- Develop and/or use a long-term, sequential plan that leads to mastery of the most important content for the grade or course and is centering issues of race, equity and power.
- The teacher makes the lesson accessible by including relevant and current media, phenomena, geographic and community reference points that are familiar and known by students.
- Teachers plan lessons that encourage all students to see, question, and interpret concepts from diverse perspectives.

Responsiveness (know students as individuals, make adjustments based on them)

- Teacher considers students' IEP goals, language development and other specific learning needs in developing learning goals and preparing lessons
- Teacher identifies and responds to student misunderstandings that arise during the lesson
- Plan lessons with options for students AND support students with how to choose learning experiences
- The teacher views students' life experiences as assets and builds on students' cultural and linguistic knowledge

ACADEMIC OWNERSHIP *Are all students empowered, responsible and supported to do the thinking in this classroom?*

Non-Evidence	Look-fors	Evidence
	• **Students persist** through appropriately demanding **cognitive work** and engage in complex problem-solving during the lesson. Student agency is facilitated by **options** that align to the standard and objective. • **Students provide evidence** to support their thinking; evidence can be provided in **multiple ways**. Students use both **academic language** and **authentic expression** (i.e. their home language) to present their point of view. • **Students respond to and build upon** their peers' thinking, ideas or answers while actively constructing knowledge through **structured student talk routines** and a **variety of routines** that also include **authentic dialogue.** • **Students collaborate** with each other by providing constructive feedback to their classmates' work. Students engage in rigorous dialogue honoring convergent and divergent thinking in order to access **multiple perspectives**.	

Core Teacher Skills:

Indicator 1: Students persist, complex problem solving

- Notice when students are struggling, reaching of level of frustration and anchor back to SEL tools
- Go back to "chunk and chew" in order to break down difficult tasks into smaller parts
- Give students several options to respond to questions: writing, talking, drawing, using graphic organizers & manipulatives (when appropriate)
- Make problem-solving visuals noticeable and accessible.
- Provide equitable opportunities for support, praise, and participation.

Indicator 2: Fostering Academic Language

- View students' life experiences as assets and build on students' cultural and linguistic knowledge as they get comfortable using academic English conventions.
- Provide encouragement and affirmation to all students while moving them to use academic language
- Utilize translanguaging so that students' full linguistic repertoire is used and honored
- Recognize and affirm all languages and teach about audience for language and dialect
- Plan for the use of academic language in the 4 language domains: reading, writing, speaking and listening

Indicator 3: Helping students expand thinking through dialogue

- Use various student talk structures and routines to support student to student discourse (link resource)
- Provide opportunities for students to cite evidence to support their thinking & learning
- Pose questions that scaffold and support students to develop and complete high order thinking tasks
- Facilitate a discussion that that allows students to defend their responses
- Use probes or provide guiding questions and affirmations so that students defend their responses

Indicator 4: Fostering student collaboration and rigorous dialogue

- Create opportunities for peer collaboration and intentional peer feedback.
- Employ a variety of high ratio moves to push and extend student thinking, deepen their understanding and do more of the cognitive lift
- Provide direct instruction on how students should challenge each other's ideas and provide feedback to one another

DEMONSTRATION OF LEARNING *Do all students demonstrate that they are learning?*

Non-Evidence	Look Fors	Evidence
	• **Student responses**, work and interactions **demonstrate** that students are **on track** to achieve stated or implied grade-level standard(s), language and/or IEP aligned **learning goals.** • **Students self-evaluate** to reinforce **self-directed** learning because **expectations** for learning are **clear** (through rubrics, criteria for success, and students paraphrasing expectations). • **Students have opportunities** to demonstrate their learning in **multiple ways** using academic writing and/or explanations. • **Students challenge** the ideas in a text or lesson, explore and share alternative viewpoints & defend arguments with evidence.

    - What misconceptions would you anticipate
    - How will you take anecdotal notes?
- Utilize student data to anticipate student misconceptions.

Indicator 2: Self-evaluation

There's nothing better than the excitement of seeing our scholars and teammates return, filling our schools with energy, curiosity, and community.

As your Executive Directors, we are honored to support your child's journey this year. Through rigorous, standards-based, and culturally responsive academic programs, we support our more than 15,000 scholars in developing the skills and mindset they need to succeed—creating opportunities for themselves, their families, and our communities.

Our schools are places where every student is known personally, and where our school teams commit to providing meaningful learning experiences, rigorous academics, real-world college and career pathway experiences, and extracurricular activities—all of which are part of what makes an Aspire education distinctive and essential to your student's growth.

Aspire Public Schools' Non-Discrimination Statement

Aspire Public Schools does not discriminate against any person on the basis of actual or perceived disability, gender, gender identity, gender expression, nationality, race or ethnicity, immigration status, religion, religious affiliation, sexual orientation, pregnancy, or any other characteristic that is contained in the definition of hate crimes in the California Penal Code.

Aspire Public Schools does not discriminate against any person on the basis of sex or gender in the operation, conduct, or administration of community youth athletics programs, or in the allocation of parks and recreation facilities and resources or school and recreation facilities and resources that support or enable these programs.

Aspire Public Schools adheres to all provisions of federal law related to students with disabilities, including, but not limited to, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990 ("ADA"), and the Individuals with Disabilities Education Improvement Act of 2004 ("IDEIA").

The Board of Directors of Aspire Public Schools shall not refuse to approve the use or prohibit the use of any textbook, instructional material, supplemental instructional material, or other curriculum for classroom instruction or any book or other resource in a school library on the basis that it includes a study of the role and contributions of Native Americans, African Americans, Latino Americans, Asian Americans, Pacific Islanders, European Americans, LGBTQ+ Americans, persons with disabilities, or members of other ethnic, cultural, religious, or socioeconomic status groups.

Instruction and instructional materials shall be factually accurate and align with the adopted curriculum and standards and be consistent with accepted standards of professional responsibility, rather than advocacy, personal opinion, bias, or partisanship. A teacher shall not give instruction and Charter School shall not sponsor any activity that promotes a discriminatory bias on the basis of race or ethnicity, gender, religion, disability, nationality, or sexual orientation, or pursuant to a characteristic listed in Section 220. Discriminatory bias in instruction and school-sponsored activities does not require a showing of direct harm to members of a protected group. Members of a protected group do not need to be present while the discriminatory bias is occurring for the act to be considered discriminatory bias. The Board shall take corrective action if it finds that instruction or school-sponsored activities are discriminatory.

The Board shall not adopt or approve the use of any textbook, instructional material, supplemental instructional material, professional development materials, or curriculum for classroom instruction if the use of such would subject a student to unlawful discrimination pursuant to Education Code section 220, or if the professional development materials or services promote, endorse, or otherwise support actions or the use of any textbook, instructional material, supplemental instructional material, or curriculum which would subject a pupil to unlawful discrimination pursuant to Section 220.

If the Board knows or has reason to know that materials were used in a classroom, that professional development materials or services were used, or that an action occurred that violated Education Code section 220, the Board shall investigate and remediate the action, which may include, but is not limited to, the implementation of restorative justice practices. Aspire Public Schools does not discourage students from enrolling or seeking to enroll in the Charter School for any reason, including, but not limited to, academic performance, disability, neglect or delinquency, English proficiency, for being homeless or a foster/mobile youth, economic disadvantage, nationality, race, ethnicity, or sexual orientation. Aspire Public Schools shall not encourage a student currently attending any of its school sites to disenroll or transfer to another school based on any of the aforementioned reasons except in cases of expulsion and suspension or involuntary removal in accordance with Aspire Public Schools' charter and relevant policies.

Aspire Public Schools does not request nor require student records prior to a student's enrollment.

Aspire Public Schools shall provide a copy of the California Department of Education Complaint Notice and Form to any parent, guardian, or student over the age of 18 at the following times: (1) when a parent, guardian, or student over of the age of 18 inquires about enrollment; (2) before conducting an enrollment lottery; and (3) before disenrollment of a student.

Aspire Public Schools is committed to providing an educational atmosphere that is free of unlawful harassment under Title IX of the Education Amendments of 1972 (sex); Titles IV, VI, and VII of the Civil Rights Act of 1964 (race, color, or national origin); The Age Discrimination Act of 1975; the IDEIA; and Section 504 and Title II of the ADA (mental or physical disability).

Aspire Public Schools prohibits sexual harassment, including cyber sexual bullying, and harassment based upon pregnancy, childbirth or related medical conditions, race, religion, religious affiliation, creed, color, immigration status, gender, gender identity, gender expression, national origin or ancestry, physical or mental disability, medical condition, marital status, age, sexual orientation, or any other basis protected by federal, state, local law, ordinance or regulation. Aspire Public Schools does not condone or tolerate harassment of any type, including discrimination, intimidation, or bullying, including cyber sexual bullying, by any employee, independent contractor or other person with which Aspire Public Schools

does business, or any other individual, student, or volunteer. This applies to all employees, students, or volunteers and relationships, regardless of position or gender.

Pursuant to California law and the California Attorney General's guidance to K-12 schools in responding to immigration issues ("Guidance"), Charter School provides equal access to free public education, regardless of a student's or their parent's or guardian's immigration status or religious beliefs. The complete Guidance, including *Appendix G – Know Your Rights* can be reviewed via the following link:

School Operations And Attendance

Enrollment

Parents/guardians of all admitted students will receive a Registration Packet; enrollment is not considered complete until that Registration Packet has been completed and returned. Failure to return the Registration Packet by the specified deadline may result in rescission of the offer of admission, and the spot being given to the next student on the waitlist.

Before new students can be admitted, current families are asked to complete a Registration Packet, indicating whether they plan to return the following school year. Current families matriculating to the next grade at a different Aspire school, must complete an application for admission to that school.

Class Placement

Class placements are carefully considered and created at Aspire Public Schools, with a goal of balancing classes based on a variety of factors. Parents/guardians are welcome to submit a letter describing their child's learning styles and interest, however parent/guardian requests for specific teachers are not accepted.

Foreign Exchange Students

Aspire Public Schools does not accept or enroll foreign exchange students.

Parent/Family Contact Information

Parents/guardians are asked to notify the office in writing as soon as any change of contact information (telephone numbers, address, etc.) occurs. This information can be updated by parents at any point in the school year via the PowerSchool Parent Portal/App. This will ensure that all communication will be received without delay or interruption. Every student must have complete and up-to-date Emergency Contact Information, properly signed and on file in the school Office.

Custody Orders, Power of Attorney or Caregiver Affidavits

We recognize that all families are unique. If you have family situations that involve specific custody or other legal documents, please let the school know so that we can support your child and family.

Telephones and Calls to Students

The office telephone is for school business only. Students using the phones inappropriately will be subject to disciplinary action.

If it becomes necessary for you to reach your child during school hours, or if it becomes necessary for your child to reach you during school hours, all communications should be relayed through the main office. **Only emergency messages will be relayed.** As appropriate, the office staff and administration will determine if a message is an emergency.

Dress Code and Uniform Policy

Aspire Public Schools' Board of Directors (the "Board") believes that appropriate dress and personal grooming contribute to a safe and productive learning environment and supports Aspire's core values of Culture of Belonging and Well-being/Bienestar. At the same time, the Board recognizes that many school systems have implemented dress codes in ways that disproportionately impact students of color, and/or adopted outright discriminatory policies regarding student dress.

To ensure that Aspire schools promote scholar safety and learning, while maintaining our commitment to our equity beliefs, the Board has taken the following position on school uniform and personal grooming policies at Aspire Public Schools:

- All Aspire schools shall adopt school uniform policies requiring their scholars to wear clothing suitable for the activities in which they participate. Such policies shall prohibit scholars from wearing clothing that presents a health or safety hazard, or causes a substantial disruption to the school's educational program.
- School policies pertaining to scholar attire must be included in student handbooks, and all parents/guardians and scholars must be made aware of where to find them. Such policies may also be posted in school offices and classrooms, and may be periodically reviewed with all students as necessary.
- Scholars shall not be prohibited from dressing in a manner consistent with their gender identity or gender expression or with their religious or cultural observance.
- Policies regarding scholar dress or grooming shall not be enforced in a manner that discriminates against a particular viewpoint or results in a disproportionate application of the dress code based on students' gender, sexual orientation, race, ethnicity, household income, or body type or size.
- Such policies shall not discriminate against students based on hair texture or protective hairstyles, including, but not limited to, braids, locs, or twists.
- When practical, scholars shall not be directed to correct a dress code violation during instructional time or in front of other students.

The principal or designee of each school is authorized to enforce this policy and shall inform any scholar who does not reasonably conform to the dress code.

The Board grants schools the ability to institute a school-initiated dress code requiring students at the school to wear a school uniform.

School site administrators shall ensure that resources are identified to assist economically disadvantaged students in obtaining uniforms.

Student Dismissal Responsibilities

- At the end of the school day, students are dismissed in accordance with Aspire's end-of-school-day procedures. After dismissal, students are not permitted to remain on campus or loiter.
- Parents/guardians are responsible for making appropriate after-school transportation arrangements for their child, including picking up their child from school, allowing the child to walk home, or permitting the child to use public transportation.
- Parents/guardians are expected to discuss with their child what steps to take if the child feels unsafe or is approached or bothered while traveling home, including identifying safe places to seek help (such as a restaurant, business, or office).
- Once a student leaves campus in accordance with Aspire's end-of-school-day procedures, Aspire's supervision of and responsibility for the student ends, and responsibility for the student transitions to the parent/guardian.
- Aspire, its board members, employees, authorizer, volunteers, agents, and assignees are not responsible for accidents, injuries, or other harm that may occur off campus after a student has been dismissed.

Late Pick Up

Aspire's expectation is that scholars are picked up on time every day. Late pickups place an undue burden on our staff and can have an emotional and psychological impact on the student who is picked up late. That said, we understand that on rare occasions, family emergencies or other unplanned events might make a late pickup unavoidable.

Notifying the School

If a student must be picked up late due to an unforeseen emergency, parents/guardians must contact the school by phone with as much advance notice as possible to let the staff know that their child will be picked up late that day.

Late Pick-up

School staff will attempt to contact a child's parent/guardian if a child is left on campus after dismissal ends and the parent has not notified the school. Staff may also contact individuals listed on the child's emergency contact card.

Extremely Late Pick-up

If Aspire staff are unable to make contact with the parent/guardian or individuals on the emergency contact card despite repeated efforts, the Principal or another designated member of the School Leadership Team may contact the local authorities (i.e. police or local child protective service agencies). The Principal or designee may release the child to an authorized individual with the local Child Protective Services Agency or the police department.

Recurring Late Pick-up

If a child is picked up late on multiple occasions, school staff may request a meeting with the parent/guardian to determine the cause and implement supportive interventions.

Rideshare Guidance

Aspire generally recommends against using rideshare services such as Lyft and Uber for student drop-off and/or pick-up. Unaccompanied minors are currently prohibited from traveling in Lyft or Uber per those companies' own policies.

Aspire does not have a relationship or program with Lyft or Uber to transport students, and, unless stated expressly to the contrary, will not screen, monitor, or otherwise review or assess the safety of any ridesharing service or any ridesharing driver or vehicles.

If you allow and arrange for your child to be dropped off or picked up at school by a ridesharing service, you expressly acknowledge that the school and its employees have no responsibility for your decision and have no responsibility or liability to you or your child related to the ridesharing service.

Attendance

Aspire Public Schools (APS) believes that only through daily participation in classroom activities can students achieve success and progress in their academic and social growth.

Regular attendance is also preparation for entry into the world of employment. All students and parents are accountable for regular class attendance and daily assignments.

Daily Attendance and Participation in Activities

Students must attend school on the day of a school activity or event in order to participate. Students who do not attend school the day of a school activity or event, even if the event is in the evening, may be denied the privilege of attending school activities or events on that date.

A student not present in class for any reason is considered absent. Students must be excused from compulsory attendance if they are to miss school; a student will be excused for an absence if (1) the reason for the absence is listed below **and** (2) the absence **is communicated to the school within 5 days** of the absence: [Education Code §§ 48205(a), 48205(c)]

REFERENCE: Board Policy 7013 Make-up Work

General Tardiness

Any student who arrives at school after the opening-school bell has rung or the official start of the school day, yet less than 30 minutes into the instructional school day, will be considered "tardy." Once the school day has begun, students who are not present and actively engaged in the learning activities at the start of a class period, and/or when the opening class bell has rung are also considered "tardy."

Any student who arrives 30 minutes or more after the official start of the school day without a valid excuse will be considered a truant event. Individual schools shall create and publish procedures to govern the admission of students who are tardy to school, including, but not limited to those described in the following section.

Chronic Absenteeism

Any student who has been absent from school (excused or unexcused) for 10% or more of the total days of attendance for that school year may be required by the school Principal to provide an official medical or judicial verification in order to excuse an absence. In lieu of medical verification, a school principal may also allow a student to be brought to school for a school official to determine if a student is too ill to attend. Students with such an excess of absences will be notified in writing of the official verification requirement.

Any teacher may change the grade of a student who has accrued 10 unexcused absences per semester to a failing grade for their courses at the marking period with multiple documented outreach to the student and family regarding their failing grade(grade of "F" or "NC").

Students with excessive absences may be referred to the school's Truancy Abatement Program as a way to remediate the excessive absences. The abatement program may include weekly study hall.

Withdrawal due to Excessive Unverified Absences (AWOL)[1]

Students not in attendance due to unexcused absences for at least ten (10) consecutive days with no prior notice or without a response to calls, certified letters, or the truancy process may be disenrolled from the school, in accordance with the School's involuntary removal procedures. Aspire shall create a process for communication with families who meet the above seat abandonment criteria.

Students disenrolled for the above reason may be placed on the waiting list and readmitted on a space available basis.

[1] Not applicable to Foster Youth as defined by EC 48853.5 (a) and Homeless Youth as defined by Section 11434a(2) of Title 42 of the United States Code.

Truancy

A student is considered truant when the student is:

- absent from school without a valid excuse three school days in one school year,
- tardy or absent for more than any 30-minute period during the school day without a valid excuse on three occasions in one school year, or
- any combination thereof.

Any absence not cleared within five (5) days will be marked as "unexcused". To avoid truancy, please always inform the office if your child's absence or tardy is for an excusable reason as defined above.

Notifications of Truancy

If your child is classified as truant pursuant to Aspire's policy, you will receive the first notification once your child has accrued three (3) truancy events. Please reach out to the school on this first notification, as it will allow the school to work with you in support of your child's attendance. You will receive additional notifications after six and then again after seven total truancy events.

First Notification of Truancy or Excessive Absences

- Letter #1 sent via email, regular mail, or delivered in person when a student has accrued **three (3) truancy events.**

Notification of Determination of Habitual Truancy and SART

Once your child has received a third notification of truancy after accruing a seventh truancy event, your child is classified as a habitual truant. At this point, the school is required to hold a School Attendance Review Team (SART) meeting with you. At that meeting an attendance contract, including supports, will be discussed and signed and your child will be assigned to the school's truancy abatement program.

Notification of Determination as a Habitual Truant

- Letter #3 sent via email, regular mail, or delivered in person. In addition, a parent/guardian may be asked to sign the letter in person.
- A student must be notified a **third time** once they have accrued a **seventh (7) truancy event**. Student is identified as a **Habitual Truant**.
    - A SART meeting held with student, parent/guardian, teacher advisor, and Principal. If not already on file, an Attendance Contract must be signed at this meeting. If the parent/guardian chooses not to attend, the SART will convene, develop the contract, and send a written copy to the parent/guardian and student.
    - Student will be assigned, with or without parent/guardian consent, to the school's truancy abatement program.

The school's SARB will consist of:

- The School Administrator;
- Other relevant members, such as another Aspire administrator, an Aspire Home and/or Regional Office representative, other teachers or staff as appropriate, counselor, etc.

Notification of Continued Truancy and Referral to Aspire SARB

Notification of Continued Truancy—Referral to Aspire SARB

- Letter #4 sent regular and registered delivery confirmation mail from the Regional Office. In addition, a parent may be asked to sign the letter in person.

The APS SARB will consist of:

- The school principal or their administrative designee;

- A teacher from the school in which the student is enrolled;
- The Executive Director's designee from the Aspire Home Office; and
- Other relevant members, such as local school district representative, District Attorney representative, special education representative, counselor, local police official, etc.

Involuntary Removal Process

No student shall be involuntarily removed by the Charter School for any reason unless the parent or guardian of the student has been provided written notice of intent to remove the student no less than five (5) schooldays before the effective date of the action ("Involuntary Removal Notice"). The written notice shall be in the native language of the student or the student's parent or guardian or, if the student is a foster child or youth or a homeless child or youth, the student's educational rights holder. The Involuntary Removal Notice shall include the charges against the student and an explanation of the student's basic rights including the right to request a hearing before the effective date of the action. The hearing shall be consistent with the Charter School's expulsion procedures. If the student's parent, guardian, or educational rights holder requests a hearing, the student shall remain enrolled and shall not be removed until the Charter School issues a final decision. As used herein, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include suspensions or expulsions pursuant to the Charter School's suspension and expulsion policy.

Upon parent/guardian request for a hearing, the Charter School will provide notice of hearing consistent with its expulsion hearing process, through which the student has a fair opportunity to present testimony, evidence, and witnesses and confront and cross-examine adverse witnesses, and at which the student has the right to bring legal counsel or an advocate. The notice of hearing shall be in the native language of the student or the student's parent or guardian or, if the student is a foster child or youth or a homeless child or youth, the student's educational rights holder, and shall include a copy of the Charter School's expulsion hearing process.

If the parent/guardian is nonresponsive to the Involuntary Removal Notice, the student will be disenrolled as of the effective date set forth in the Involuntary Removal Notice. If the parent/guardian requests a hearing and does not attend on the date scheduled for the hearing the student will be disenrolled effective the date of the hearing.

If, as a result of the hearing, the student is disenrolled, notice will be sent to the student's last known school district of residence within thirty (30) days.

A hearing decision not to disenroll the student does not prevent the Charter School from making a similar recommendation in the future should student truancy continue or re-occur.

Health and Welfare Policies

Medication and Immunization Requirements

Students who do not comply with the vaccination requirements shall be excluded from school, meaning, 'No shots, no school' . State law requires that for unconditional admission to school, all students under 18 shall be fully immunized according to the requirements of the California Department of Public Health. All entering students must be up-to-date with immunizations according to Aspire policy and the schedule provided by the California Department of Public Health. Exemptions based on personal beliefs, including religious beliefs, are no longer an option for the vaccines that are currently required for entry into school in California. Students may be exempted from this requirement for medical reasons only. As of January 2021, all medical exemptions must be issued through the California Immunization Registry- Medical Exemption (CAIR-ME) website by physicians licensed in California (SB 276 and SB 714). Schools will only accept medical exemptions issued through the CAIR-ME system. In the event of an outbreak of a disease for which the child has not been immunized, the child will be excluded from school for the period of communicability.

Students who do not comply with the requirements shall be excluded from school. The immunization requirements do not prohibit pupils from accessing special education and related services required by their individualized education programs. If you have questions about your child's immunization record and/or admission status, please contact your child's school.

Pursuant to the California Health and Safety Code and the California Code of Regulations, children must provide proof of having received required immunizations (shots) before they can attend school unless they meet the requirements for an exemption. Immunization records are required for all incoming students. Verification of immunizations will be completed with written medical records from the child's doctor or immunization clinic. To ensure a safe learning environment for all students, Aspire Public Schools follows and abides by the health standards set forth by the state of California. The immunization status of all students will be reviewed periodically. Those students who are not in compliance with the State requirements must be excluded from attendance until the requirements are met. Students who have been exposed to a communicable disease for which they have not been immunized may be excluded from school at the discretion of Aspire Public Schools

These required immunizations include:

Medication

If your child needs to take any prescription medications, you must have:

1. a doctor's written and signed note (Parent/Physician Statement) detailing the method, amount, and time schedules for such medication, **and**
2. a written and signed note (Parent/Physician Statement) from the parent indicating the parent's desire that the school assist the student as set forth in the physician's statement.

4. A separate form is required for each medication.
5. Authorized changes to medication should be in writing from the health care provider.
6. The Parent/Guardian & Healthcare Provider Request for Medication Administration Form must be updated each school year.

For safety reasons, children are not allowed to have medicine in their classrooms, lunchboxes, or in their pockets. All medication must be dispensed through the office. You may also come and administer medication to your child, if needed. From time to time some parents request that their child be able to take Tylenol or Advil at school. This is permissible only with written parent and doctor permission (Parent/Physician Statement) and the medication must be in its original container [

Emergency medicine such as an EpiPen or inhaler may be carried by the student with both a written statement from the physician and surgeon or physician assistant detailing the name of the medication, method, amount, and time schedules by which the medication is to be taken, and confirming that the pupil is able to self-administer auto-injectable epinephrine or inhaled asthma medication, and a written statement from the parent/guardian consenting to the self-administration, providing a release for the designated school personnel to consult with the health care provider of the pupil regarding any questions that may arise with regard to the medication, and releasing Aspire and school personnel from civil liability if the self-administering pupil suffers an adverse reaction as a result of self-administering medication .

COVID-19 Vaccine

We recommend and encourage students to get the COVID-19 vaccine and boosters as they become available to their age group.

Nutrition Services

Aspire Public Schools participates in the School Breakfast Program (SBP) and National School Lunch Program (NSLP). In addition, many of our schools participate in the Child & Adult Care Food Program (CACFP), which provides snack and supper meals to students enrolled in after school programming.

Universal Meals Program

All Aspire schools will make available a nutritionally adequate breakfast and a nutritionally adequate lunch free of charge and with adequate time to eat during each school day to any student who requests a meal without consideration of the student's eligibility for a federally funded free or reduced-price meal, with a maximum of one (1) free breakfast meal and one (1) free lunch meal during each school day. For LCFF funding purposes, families will be asked to complete an alternative income form. The completion of these forms may bring significant additional funding for the school, and qualify students for individual benefits such as college application waivers, AP testing fee waivers and Pandemic-Electronic Benefits (P-EBT) benefits. Income eligibility guidelines for federally funded free and reduced-price meals are available at: https://www.cde.ca.gov/ls/nu/rs/

Based on a parent/guardian's annual earnings, a parent/guardian may be eligible to receive the Earned Income Tax Credit from the Federal Government (Federal EITC). The Federal EITC is a refundable federal income tax credit for low-income working individuals and families. The Federal EITC has no effect on certain welfare benefits. In most cases, Federal EITC payments will not be used to determine eligibility for Medicaid, Supplemental Security Income, food stamps, low-income housing, or most Temporary Assistance For Needy Families payments. Even if you a parent/guardian does not owe federal taxes, they must file a federal tax return to receive the Federal EITC. Be sure to fill out the Federal EITC form in the Federal Income Tax Return Booklet. For information regarding your eligibility to receive the Federal EITC, including information on how to obtain the Internal Revenue Service (IRS) Notice 797 or any other necessary forms and instructions, contact the IRS by calling 1-800-829-3676 or through its website at www.irs.gov.

A parent/guardian may also be eligible to receive the California Earned Income Tax Credit (California EITC) starting with the calendar year 2015 tax year. The California EITC is a refundable state income tax credit for low-income working individuals and families. The California EITC is treated in the same manner as the Federal EITC and generally will not be used to determine eligibility for welfare benefits under California law. To claim the California EITC, even if you do not owe California taxes, you must file a California income tax return and complete and attach the California EITC Form (FTB 3514). For information on the availability of the credit eligibility requirements and how to obtain the necessary California forms and get help filing, contact the Franchise Tax Board at 1-800-852-5711 or through its website at www.ftb.ca.gov.

Dietary modifications can be made for students who meet the criteria and have a completed medical statement submitted for evaluation. Should your child require a special diet, please request a Medical Statement to Request Special Diet form at the school's main office.

Aspire Public Schools allows students, teachers, and staff to bring and carry water bottles. Water bottles may be excluded from libraries, computer labs, science labs, and other places where it is deemed dangerous to have drinking water. Aspire Public Schools may develop additional policies regarding the types of water bottles that may be carried. Aspire Public Schools adheres to all applicable requirements regarding making potable water available to students during meal service. Aspire Public Schools shall encourage water consumption through promotional and educational activities and signage that focus on the benefits of drinking water and highlight any water bottle filling stations that are located on campus.

Alternate Placement Options

Should your child experience an illness or medical emergency that prohibits them from physically attending school, the following alternate placement options are available for consideration. Please reach out to your school's main office if you would like to discuss one of the options below for your student.

- **Home Hospital Instruction** - The purpose of Home and Hospital Instruction (HHI) is to provide instruction to a student with a *temporary** disability in the student's home or in a hospital or other residential health facility, excluding state hospitals. The temporary disability must make attendance at Aspire impossible or inadvisable. Home & Hospital Instruction for a student with a temporary disability and/or illness is also available through the district of residence where the student is hospitalized or in the home recuperating and should the student choose that option they may remain dually enrolled in Aspire during that time to maintain their enrollment with Aspire.
    - **Temporary disability means a physical, mental, or emotional disability incurred while a student is enrolled in regular day classes and after which a student can reasonably be expected to return to regular day classes without special interventions. "Individual instruction" means instruction provided to a student in a hospital or other residential health facility (excluding instruction in state hospitals), in the student's home, or under other circumstances prescribed by the State Board of Education. Source: http://www.cde.ca.gov/sp/eo/hh/*

- **Homebound Instruction** - This is a placement that is solely available to students with an IEP or 504 plan. Homebound Instruction or Instruction in the Home and is considered a placement on the continuum of services for special education students. If a student with an IEP/504 is deemed unable to access their educational program due to a temporary or ongoing medical disability, the school is obligated to continue to provide a program of special education and related services to the student during that time. Home Instruction is also an educational program option available to students with disabilities who are hospitalized for medical or psychiatric purposes or who cannot be educated in the public school setting due to significant health or mental health needs which may not be temporary in nature.

Emergency Medical Care

All students must have an emergency information card filled out and signed by the parent or guardian at the beginning of each school year. This card delineates what care the parent desires for their child in the event of an emergency, along with noting the current medical and emergency information. It is the responsibility of the parent or guardian to ensure that all emergency contact, medical, and related information remains accurate and up to date throughout the school year.

Student Accident

Aspire is committed to the safety of all students while they are in school. However, student accidents may occur during the school day. These situations are unfortunate and we try our best to support the student and family when these accidents occur.

Student accidents are documented and reported to our insurance. The Charter School will also provide families with a claim form for accidents that are considered "severe". If your child has an accident at school that you consider severe and would like to submit a claim, please contact your school's Business Manager as soon as possible. Note that submission of a claim does not guarantee that it will be approved or that any expenses will be reimbursed. In some cases, you may be required to use your own insurance first (*i.e.*, primary insurance), if applicable, before Aspire's carrier will provide coverage.

All required documentation must be submitted by the parent/guardian in order to process a claim.

Steps to submit a student accident claim:

1. School fills out top portion of claim form and gives it to the parent/guardian
2. Parent/guardian is responsible for completing the remainder of the form, then submit the claim to NAHGA Claim Services, P.O. Box 189, Bridgton, ME 04009; or Email: claims@nahga.com
3. Parent compiles and submits the below documentation to NAHGA Claim Services :
    a. Itemized bill
    b. Explanation of Benefits from your insurance
    c. or Statement of No Insurance
4. Parent submits completed claim form along with supporting documents to insurance (school can assist if needed/requested)

*After submission, the processing time of a claim is approximately 5-10 business days. To check the status of a claim, email or call NAHGA Claim Services; claims@nahga.com , 800-952-4320

Illness and Contagious or Infectious Disease

To protect the health and safety of all, students who are ill or who may have a contagious or infectious disease should remain at home and should not attend school until they are symptom-free, fever-free without the use of fever-reducing medication, or cleared to return in accordance with applicable public health guidance. A student may be sent home if they are exhibiting the following symptoms:

1. Fever of 100℉ or higher
2. Diarrhea, vomiting or nausea
3. Severe sore throat
4. Eyes that are red, swollen, crusting or draining (conjunctivitis)
5. Untreated, draining ears or earache

Students who have been ill with a fever need to be fever-free, without the use of medication, for 24 hours before returning to school. Students experiencing diarrhea or severe nausea and/or vomiting must be kept at home for 24 hours after they no longer have symptoms. Protocols for illness and outbreaks are based on the directions from the Public Health Department and Centers for Disease Control and Prevention. A student suspected of having a communicable disease will be sent home and parents will be asked to consult a physician and provide a written note from the physician indicating that the student may return to school.

Suicide Prevention

Aspire recognizes that suicide is a major cause of death among youth and should be taken seriously. As such, Aspire's Board of Directors has adopted a Suicide Prevention Policy, which is implemented in all Aspire schools. Moreover, to attempt to reduce suicidal behavior and its impact on students and families, Aspire has developed prevention strategies and intervention procedures, which are outlined in Aspire Public Schools' Suicide Prevention Policy .

If you are aware of someone who is struggling with, or considering suicide, please immediately contact your local community resources such as a local hospital, law enforcement, or community-based organizations. Additionally, you can call the 988 Suicide and Crisis Lifeline by calling or texting 988.

Type 2 Diabetes

Pursuant to California Education Code § 49452.7, the below type 2 diabetes information is required to be shared to parents and guardians of incoming seventh grade students:

Type 2 diabetes is the most common form of diabetes in adults.

- Until a few years ago, type 2 diabetes was rare in children, but it is becoming more common, especially for overweight teens.
- According to the U.S. Centers for Disease Control and Prevention (CDC), one in three American children born after 2000 will develop type 2 diabetes in his or her lifetime.

Type 2 diabetes affects the way the body is able to use sugar (glucose) for energy.

- The body turns the carbohydrates in food into glucose, the basic fuel for the body's cells.
- The pancreas makes insulin, a hormone that moves glucose from the blood to the cells.
- In type 2 diabetes, the body's cells resist the effects of insulin, and blood glucose levels rise.
- Over time, glucose reaches dangerously high levels in the blood, which is called hyperglycemia.
- Hyperglycemia can lead to health problems like heart disease, blindness, and kidney failure.

Risk Factors Associated with Type 2 Diabetes

It is recommended that students displaying or possibly experiencing the risk factors and warning signs associated with type 2 diabetes be screened (tested) for the disease.

Risk Factors

Researchers do not completely understand why some people develop type 2 diabetes and others do not; however, the following risk factors are associated with an increased risk of type 2 diabetes in children:

- Being overweight. The single greatest risk factor for type 2 diabetes in children is excess weight. In the U.S., almost one out of every five children is overweight. The chances are more than double that an overweight child will develop diabetes.
- Family history of diabetes. Many affected children and youth have at least one parent with diabetes or have a significant family history of the disease.
- Inactivity. Being inactive further reduces the body's ability to respond to insulin.

- Specific racial/ethnic groups. Native Americans, African Americans, Hispanics/Latinos, or Asian/Pacific Islanders are more prone than other ethnic groups to develop type 2 diabetes.
- Puberty. Young people in puberty are more likely to develop type 2 diabetes than younger children, probably because of normal rises in hormone levels that can cause insulin resistance during this stage of rapid growth and physical development.

Warning Signs and Symptoms Associated with Type 2 Diabetes
Warning signs and symptoms of type 2 diabetes in children develop slowly, and initially there may be no symptoms. However, not everyone with insulin resistance or type 2 diabetes develops these warning signs, and not everyone who has these symptoms necessarily has type 2 diabetes.

- Increased hunger, even after eating
- Unexplained weight loss
- Increased thirst, dry mouth, and frequent urination
- Feeling very tired
- Blurred vision
- Slow healing of sores or cuts
- Dark velvety or ridged patches of skin, especially on the back of the neck or under the arms
- Irregular periods, no periods, and/or excess facial and body hair growth in girls
- High blood pressure or abnormal blood fats levels

Type 2 Diabetes Prevention Methods and Treatments
Healthy lifestyle choices can help prevent and treat type 2 diabetes. Even with a family history of diabetes, eating healthy foods in the correct amounts and exercising regularly can help children achieve or maintain a normal weight and normal blood glucose levels.

- Eat healthy foods. Make wise food choices. Eat foods low in fat and calories.
- Get more physical activity. Increase physical activity to at least 60 minutes every day.
- Take medication. If diet and exercise are not enough to control the disease, it may be necessary to treat type 2 diabetes with medication.

The first step in treating type 2 diabetes is to visit a doctor. A doctor can determine if a child is overweight based on the child's age, weight, and height. A doctor can also request

tests of a child's blood glucose to see if the child has diabetes or pre-diabetes (a condition which may lead to type 2 diabetes).

Types of Diabetes Screening Tests That Are Available

- Glycated hemoglobin (A1C) test. A blood test measures the average blood sugar level over two to three months. An A1C level of 6.5 percent or higher on two separate tests indicates diabetes.
- Random (non-fasting) blood sugar test. A blood sample is taken at a random time. A random blood sugar level of 200 milligrams per deciliter (mg/dL) or higher suggests diabetes. This test must be confirmed with a fasting blood glucose test.
- Fasting blood sugar test. A blood sample is taken after an overnight fast. A fasting blood sugar level less than 100 mg/dL is normal. A level of 100 to 125 mg/dL is considered pre-diabetes. A level of 126 mg/dL or higher on two separate tests indicates diabetes.
- Oral glucose tolerance test. A test measuring the fasting blood sugar level after an overnight fast with periodic testing for the next several hours after drinking a sugary liquid. A reading of more than 200 mg/dL after two hours indicates diabetes.

Type 2 diabetes in children is a preventable/treatable disease and the guidance provided in this information sheet is intended to raise awareness about this disease. Contact your student's school nurse, school administrator, or health care provider if you have questions.

Type 1 Diabetes

Pursuant to California Education Code Section 49452.6, this type 1 diabetes information is for schools to provide to parents and guardians of incoming elementary school students beginning January 1, 2023.

Type 1 diabetes in children is an autoimmune disease that can be fatal if untreated, and the guidance provided in this information sheet is intended to raise awareness about this disease.

Description

Type 1 diabetes usually develops in children and young adults but can occur at any age

- According to the U.S. Centers for Disease Control and Prevention (CDC), cases of type 1 diabetes in youth increased nationally from 187,000 in 2018 to 244,000 in 2019, representing an increase of 25 per 10,000 youths to 35 per 10,000 youths, respectively.
- The peak age of diagnosis of type 1 diabetes is 13-14 years, but diagnosis can also occur much earlier or later in life.

Type 1 diabetes affects insulin production

- As a normal function, the body turns the carbohydrates in food into glucose (blood sugar), the basic fuel for the body's cells.
- The pancreas makes insulin, a hormone that moves glucose from the blood into the cells.
- In type 1 diabetes, the body's pancreas stops making insulin, and blood glucose levels rise.
- Over time, glucose can reach dangerously high levels in the blood, which is called hyperglycemia.
- Untreated hyperglycemia can result in diabetic ketoacidosis (DKA), which is a life-threatening complication of diabetes.

Risk Factors Associated with Type 1 Diabetes

It is recommended that students displaying warning signs associated with type 1 diabetes, which are described below, should be screened (tested) for the disease by their health care provider.

Risk Factors

Researchers do not completely understand why some people develop type 1 diabetes and others do not; however, having a family history of type 1 diabetes can increase the likelihood of developing type 1 diabetes. Other factors may play a role in developing type 1 diabetes, including environmental triggers such as viruses. Type 1 diabetes is not caused by diet or lifestyle choices.

Warning Signs and Symptoms Associated with Type 1 Diabetes and Diabetic Ketoacidosis

Warning signs and symptoms of type 1 diabetes in children develop quickly, in a few weeks or months, and can be severe. If your child displays the warning signs below, contact your child's primary health care provider or pediatrician for a consultation to determine if screening your child for type 1 diabetes is appropriate:

- Increased thirst
- Increased urination, including bed-wetting after toilet training
- Increased hunger, even after eating
- Unexplained weight loss
- Feeling very tired
- Blurred vision
- Very dry skin
- Slow healing of sores or cuts
- Moodiness, restlessness, irritability, or behavior changes

DKA is a complication of untreated type 1 diabetes. DKA is a medical emergency. Symptoms include:

- Fruity breath
- Dry/flushed skin
- Nausea
- Vomiting
- Stomach pains
- Trouble breathing
- Confusion

Types of Diabetes Screening Tests That Are Available

- **Glycated hemoglobin (A1C) test**. A blood test measures the average blood sugar level over two to three months. An A1C level of 6.5 percent or higher on two separate tests indicates diabetes.
- **Random (non-fasting) blood sugar test**. A blood sample is taken any time without fasting. A random blood sugar level of 200 milligrams per deciliter (mg/dL) or higher suggests diabetes.
- **Fasting blood sugar test**. A blood sample is taken after an overnight fast. A level of 126 mg/dL or higher on two separate tests indicates diabetes.
- **Oral glucose tolerance test**. A test measuring the fasting blood sugar level after an overnight fast with periodic testing for the next several hours after drinking a sugary liquid. A reading of more than 200 mg/dL after two hours indicates diabetes.

Type 1 Diabetes Treatments

There are no known ways to prevent type 1 diabetes. Once type 1 diabetes develops, medication is the only treatment. If your child is diagnosed with type 1 diabetes, their health care provider will be able to help develop a treatment plan. Your child's health care provider may refer your child to an endocrinologist, a doctor specializing in the endocrine system and its disorders, such as diabetes.

Contact your student's school nurse, school administrator, or health care provider if you have questions.

Oral Health Assessment

Students enrolled in transitional kindergarten or kindergarten in a public school or while enrolled in first grade if the student was not previously enrolled in kindergarten in a public school are required to present proof of having received an oral health assessment completed by a dental professional that was performed within 12 months before the

student's initial enrollment in a public school. Please contact your school's main office if you have questions about this requirement.

Physical Examinations and Right to Refuse

A parent/guardian having control or charge of any child enrolled in the school may file annually with the Principal a written and signed statement stating that the parent/guardian will not consent to a physical examination of the child. Thereupon the child shall be exempt from any physical examination, but whenever there is a good reason to believe that the child is suffering from a recognized contagious or infectious disease, the child shall be sent home and shall not be permitted to return until the school authorities are satisfied that any contagious or infectious disease does not exist.

Cancer Prevention Act

Students in the state are advised to adhere to current immunization guidelines, as recommended by the Advisory Committee on Immunization Practices (ACIP) of the federal Centers for Disease Control and Prevention (CDC), the American Academy of Pediatrics, and the American Academy of Family Physicians, regarding full human papillomavirus (HPV) immunization before admission or advancement to the eighth grade level of any private or public elementary or secondary school.

Because the vaccine is more effective when given at younger ages, two doses of HPV vaccine are recommended for all kids between the ages of 9 to 12 years, and the second dose should be given before the start of 8th grade. Kids who wait until later to get their first dose of HPV vaccine may need three doses.

HPV vaccination can prevent over 90 percent of cancers caused by HPV. HPV vaccines are very safe, and scientific research shows that the benefits of HPV vaccination far outweigh the potential risks.

Dangers of Synthetic Drugs

The illicit use and abuse of synthetic drugs represents an emerging and ongoing public health threat in California. The fentanyl crisis specifically, has impacted communities across the state, leading to a sharp increase in fentanyl poisonings and deaths in recent years.

This notice aims to address the crisis with a preventative approach ensuring students and families are educated on the deadly consequences of recreational drug use.

A synthetic drug is a drug with properties and effects similar to a known hallucinogen or narcotic but having a slightly altered chemical structure, especially such a drug created in order to evade existing restrictions against illegal substances.

Synthetic drugs include but are not limited to synthetic cannabinoids ("synthetic marijuana," "Spice," "K2"), methamphetamines, bath salts, and fentanyl.

The California Department of Public Health ("CDPH") has expounded on the extreme danger of drugs laced with fentanyl. Illicit fentanyl can be added to other drugs to make them cheaper, more powerful, and more addictive. Illicit fentanyl has been found in many drugs, including heroin, methamphetamine, counterfeit pills, and cocaine. Fentanyl mixed with any drug increases the likelihood of a fatal overdose. Furthermore, it is nearly impossible to tell if drugs have been laced with fentanyl without additional testing, because fentanyl cannot be seen, smelled, or tasted when used as a lacing agent. Social media platforms may be used as a way to market and sell synthetic drugs, such as fentanyl.

Human Trafficking Prevention

California has the highest number of incidents of human trafficking in the U.S., and all students may be vulnerable. The Charter School believes it is a priority to inform our students about (1) the prevalence, nature of and strategies to reduce the risk of human trafficking, techniques to set healthy boundaries, and how to safely seek assistance, and (2) how social media and mobile device applications are used for human trafficking.

In accordance with the California Healthy Youth Act, the Charter School will provide age-appropriate instruction on the prevention of human trafficking, including sexual abuse, assault, and harassment. You have the right to excuse your child from all or part of the instruction on the prevention of human trafficking. An opt-out form is available at the main office for your convenience. Your consent for this instruction is NOT required. If we do not receive a written request to excuse your child, your child will be included in the instruction.

Information and materials for parents/guardians about the curriculum and resources on prevention of human trafficking and abuse, including sexual abuse, assault, and harassment are available on Charter School's website for your review.

Toileting Supports

All age-eligible children are welcome in our classrooms regardless of their toileting status. We know children will need different levels of support, depending on how far along they are toward full toileting independence. For example, some children may still need direct

toileting support, such as assistance in the restroom or changing a pull-up, while other children will need assistance with the occasional accident (for example, changing soiled clothing and putting clean clothing on), and some children will need assistance or additional instruction in wiping or cleaning themselves or handwashing. We will take the following steps to connect with families to support toileting needs:

(1) A Potty Progress Questionnaire will be provided to all families to help the school understand your child's current toileting abilities. In this questionnaire, you can expect to discuss:

- Your child's current toileting skill level
- Toileting routines at home and how they may translate to the school environment
- Resources to support toilet learning, as well as how to handle a toileting regression

Additionally, families will have the opportunity to see the classroom and meet the team. As needed, families and school staff can arrange to reconvene to create individualized toileting plans if the universal supports indicated below do not suffice.

(2) Typical Bathroom Supports: We believe in encouraging toileting independence. In support of that goal, we provide all scholars with the following:

- Reminders to listen to their body to determine if they need to use the restroom and scheduling regular bathroom breaks
- A welcoming bathroom environment (clean, well-stocked with supplies, visual reminders as appropriate)
- Explicit teaching of in-class toileting practices, including learning how to ask to go to the bathroom, how to go to and from the bathroom independently, how to flush the toilet, hand-washing practices, etc.

(3) We understand it is important to ensure all children remain clean throughout the day and are assisted, as needed. Our first step is to ensure all students have access to extra clean clothes, provided by their household, in the event of an accident. Student questionnaires will include a request for an extra set of clean clothes to be sent to school. When an accident occurs, staff will support scholars to ensure they have the means to access clean clothes in a timely manner. Schools will have additional uniforms on hand in the event that personal clothes are not available.

- Trained staff will support children with toileting needs only as necessary in accordance with the toileting plan and use the least amount of adult intervention. If there is a deviation from the plan, Aspire will inform the student's parent/guardian about the deviation and provide a rationale for the change.
- The toileting plan may include:
    - The use of pull-ups until the student is fully toilet independent
    - A toileting schedule
    - A reward system

    - Materials plan of who is explicitly providing the supply of pull-ups, changes of clothing, wipes, and zip bags for soiled items
    - Permission to contact parent/guardian or emergency contacts if support is needed for toileting issues
    - The plan will include family preferences and options available related to staff assistance in the event of toileting accidents.

- Staff interventions may include: verbal support with changing clothes from behind a stall door, verbal support and visual support with changing clothes with the door open, minimal support with changing clothes (holding pants or underwear as a child steps in, buckles or tie support; elastic waistbands are highly encouraged), arranging the front and the back of clothing, verbal support with cleaning, and other minimal support with cleaning (handing wipes and visually supporting how to clean oneself by walking a student through the process).
- Anytime toileting support is required, at least two trained staff members must be present, whenever possible.
- Soiled garments will be sent home with a note to families at the end of the day. In the event of a stool accident, depending on the severity, the child will be provided with a set of clean clothing, and the soiled clothing may be discarded.
- Individual toileting plans for children with high toileting needs who do not have toileting in their IEP or 504 plan will be developed in coordination with families and school staff. Please reach out to your classroom teacher or front office if this would be supportive for your family.
- If a scholar has an IEP or 504 plan, and toileting is related to their disability, the IEP/504 team will discuss and determine appropriate supports and accommodations, which may include physical support with cleaning. If there are medical needs, Aspire will work with the family using an individual health plan to support the child and possibly develop a 504 plan, if indicated.

Please note:

Children will not be sent home, suspended, disenrolled, or encouraged to disenroll due to toileting accidents, but rather schools will partner with families to create toileting plans for children on the road to toileting independence.

For children with medical or physical needs who receive toileting support through a 504 Plan or Individualized Education Plan (IEP), supports and services are determined by the 504 or IEP team.

Academics

Academic Integrity

Aspire Public Schools believes in academic integrity. Students are expected to do their own homework, to test without external resources, including artificial intelligence, and to submit original work for all assignments. Aspire students are expected to deny all requests to copy from their own work.

Potential Consequences for Violating Academic Integrity

1. All test papers, quizzes, or assignments will be taken from the student(s) violating the policy.
2. A student found cheating may receive, at the discretion of the teacher, a grade of "F" or a zero for the test, quiz, or assignment. This may lower a quarter or semester grade substantially.
3. Parents/guardians will be notified and a parent conference will be arranged if the teacher deems it necessary.
4. The Principal will be notified.
5. An incident of cheating and or plagiarism will result in removal from the Honor Roll for that quarter.
6. Repeated violations or a single serious violation may lead to more serious disciplinary actions.

REFERENCE: Board Policy 8043: Academic Integrity Policy

Instructional Materials

All instructional materials, including teacher's manuals, films, tapes, or other supplementary material which will be used in connection with any survey, analysis, or evaluation as part of any applicable (instructional) program, shall be available for inspection by the parents or guardians of students [20 USC 1232h(a)]. Parents and guardians may request that their child be excused from specific instructional materials or lessons that they believe would substantially burden the exercise of their sincerely held religious beliefs. Written requests for excusal and an appropriate alternative should be directed to the school Principal. This procedure does not apply to broad discussions, materials, or curriculum that support inclusivity or meet California's legal mandates. Aspire remains committed to providing a safe, welcoming, and inclusive environment for all students.

Textbooks and Materials

Students are responsible for all books and school materials issued to them. All textbooks are to be protected with sturdy book covers, no contact (adhesive) or other permanent book covers allowed. Students will be fined for unusual wear or damage to books. If a student willfully damages the Charter School's property or the personal property of a Charter School employee, or fails to return a textbook, library book, computer/tablet or other Charter School property that has been loaned to the student, the student's parents/guardians are liable for all damages caused by the student's misconduct not to exceed ten thousand dollars ($10,000), adjusted annually for inflation.

Required Restitution

After notifying the student's parent or guardian in writing of the student's alleged misconduct and affording the student due process, the Charter School may withhold the student's grades, transcripts, and diploma until the damages have been paid. If the student and the student's parent/guardian are unable to pay for the damages or to return the property, the Charter School will provide a program of voluntary work for the minor in lieu of the payment of monetary damages. Upon completion of the voluntary work, the student's grades and diploma will be released.

California Mathematics Placement Act

In accordance with the California Mathematics Placement Act of 2015 [Education Code § 51224.7], Aspire Public Schools has adopted the "Enhanced Pathway" in the *California Mathematics Framework, 2013* as it allows students to develop a solid foundation on key middle school mathematical concepts, and also gives students time to make key choices on their mathematics pathway. For additional information, please visit www.aspirepublicschools.org.

REFERENCE: Board Policy 7010 Mathematics Placement Policy

Testing

California students are required by state law to take multiple assessments to measure their progress and mastery of the CA adopted Common Core standards [Education Code §§ 60640-60649 C]. These include, but are not limited to, the:

- Smarter Balanced Achievement Consortium Tests in grades 3-8 and 11
- CA English Language Proficiency Assessment (ELPAC) for English Learners in K-12
- California Science Test (CAST) in 5, 8, and at least one high school grade
- California Alternative Assessment (CAA) for students who qualify based on disability

- Alternate English Language Proficiency Assessment (ELPAC) for English Learners in K-12 who qualify based on disability
- Physical Fitness Test in grades 5, 7, and 9
- mCLASS with Additional Measures RDRS Screener in grades K-2
- Additional benchmark and interim tests are administered for internal Aspire purposes, including an internal reading diagnostic assessment
- Other federal, state and local tests as required
- A parent's or guardian's written request to school officials to excuse their child from any or all parts of the CAASPP shall be granted. Upon request, parents have a right to information on the level of achievement of their student on every State academic assessment administered to the student.
- A parent or guardian's written request to school officials to excuse their child from the use of mCLASS as a reading difficulties screener in K-2 shall be granted.

Animal Dissections

Students at the Charter School may perform animal dissections as part of the science curriculum. Any student who provides their teacher with a written statement, signed by their parent/guardian, specifying the student's moral objection to dissecting or otherwise harming or destroying animals, or any parts thereof, may be excused from such activities if the teacher believes that an adequate alternative education project is possible. The alternative education project shall require a comparable time and effort investment by the student. It shall not, as a means of penalizing the student, be more arduous than the original education project. The student shall not be discriminated against based upon their moral objection to dissecting or otherwise harming or destroying animals, or any parts thereof.

California Healthy Kids Survey

The Charter School will administer the California Healthy Kids Survey ("CHKS") to students at grades five, seven, nine, and eleven whose parent or guardian provides written permission. The CHKS is an anonymous, confidential survey of school climate and safety, student wellness, and youth resiliency that enables the Charter School to collect and analyze data regarding local youth health risks and behaviors, school connectedness, school climate, protective factors, and school
violence.

Family Life/HIV/AIDS Education

In accordance with AB-2601 and the California Healthy Youth Act (CHYA), the Family Life Education program is designed to help students understand the biological, psychological, social, moral, and ethical aspects of human sexuality. The program provides information on human growth and development, physical and emotional changes that occur during adolescence, and responsibility. Each school shall ensure that all pupils in grades 7 to 12, inclusive, receive comprehensive sexual health education and HIV prevention education from instructors trained in the appropriate courses. Each pupil shall receive this instruction at least once in junior high or middle school and at least once in high school [Education Code § 51934]. Comprehensive sexual health and HIV prevention education may be taught in grades K-6, inclusive. Content that is required in grades 7-12 may also be included in an age-appropriate way in earlier grades. (EC §§ 51933, 51934(b).)

The Family Life Education Program includes age-appropriate instruction about Acquired Immune Deficiency Syndrome (AIDS) and Human Immunodeficiency Virus (HIV). The course will include information on AIDS and its effects on the human body, HIV transmission and prevention, community resources, decision-making and refusal skills, and public health issues. The Family Life and HIV/AIDS instruction programs follow the guidelines set forth by the California Education Code. Parents and/or guardians may contact the Principal if they would like to preview the classroom materials.

Instruction will affirmatively recognize different sexual orientations and be inclusive of same-sex relationships. It will also teach about gender, gender identity, and gender expression, and address the harm of negative gender stereotypes, as required by the California Healthy Youth Act (EC § 51933).

In accordance with state law, California Healthy Youth Act (CHYA), Aspire Public Schools offers comprehensive sexual health education to its students in grades 7-12. A parent or guardian of a student has the right to excuse their child from all or part of comprehensive sexual health education, HIV prevention education, and assessments related to that education through a passive consent (“opt-out”) process. Aspire Public Schools does not require active parental consent (“opt-in”) for comprehensive sexual health education and HIV prevention education. Parents and guardians may:

- Inspect written and audiovisual educational materials used in comprehensive sexual health education and HIV prevention education.
- Excuse their child from participation in comprehensive sexual health education and HIV prevention education in writing to the school.
- Be informed whether the comprehensive sexual health or HIV/AIDS prevention education will be taught by school personnel or outside consultants. If the school chooses to use outside consultants or to hold an assembly with guest speakers to teach comprehensive sexual health or HIV/AIDS prevention education, be informed of:
    - The date of the instruction

- The name of the organization or affiliation of each guest speaker
- Request a copy of Education Code sections 51930 through 51939.

However, as stated in Education Code § 51932(b), the opt-out provision of the California Healthy Youth Act applies only to comprehensive sexual health education and HIV prevention education. It does not apply to instruction or materials outside that context, including those that may reference gender, gender identity, sexual orientation, discrimination, bullying, relationships, or family.

Anonymous, voluntary, and confidential research and evaluation tools to measure students' health behaviors and risks (including tests, questionnaires, and surveys containing age-appropriate questions about the student's attitudes concerning or practices relating to sex) may be administered to students in grades 7-12. A parent or guardian has the right to excuse their child from the test, questionnaire, or survey through a passive consent ("opt-out") process. Parents or guardians shall be notified in writing that this test, questionnaire, or survey is to be administered, given the opportunity to review the test, questionnaire, or survey if they wish, notified of their right to excuse their child from the test, questionnaire, or survey, and informed that in order to excuse their child they must state their request in writing to school principal or designee.

A student may not attend any class in comprehensive sexual health education or HIV prevention education, or participate in any anonymous, voluntary, and confidential test, questionnaire, or survey on student health behaviors and risks if the school has received a written request from the student's parent or guardian excusing the student from participation. An alternative educational activity shall be made available to students whose parents or guardians have requested that they not receive the instruction or participate in the test, questionnaire, or survey.

English Learners

The Charter School will meet all applicable legal requirements for English Learners as they pertain to annual notification to parents, student identification, placement, program options, English Learners and core content instruction, teacher qualifications and training, reclassification to fluent English proficient status, monitoring and evaluating program effectiveness, and standardized testing requirements. The Charter School will implement policies to ensure proper placement, evaluation, and communication regarding English Learners and the rights of students and parents.

Assessment

State and federal laws require that all students whose primary language is other than English be assessed for English language proficiency. The English Language Proficiency Assessments for California (ELPAC) is California's designated test of English language

proficiency. It is administered each year as an initial assessment (IA) to newly enrolled students whose primary language is not English, as indicated on a home language survey, and as a summative assessment (SA) to students who have been identified previously as English learners.

State law [Education Code §§ 313, 60810] and federal law (Title III of the Elementary and Secondary Education Act (ESEA)) require that schools administer a state test of English language proficiency to: (1) newly enrolled students whose primary language is not English as an IA, and (2) students who are English learners as a SA. For California's public school students, this test is the ELPAC. The ELPAC has three purposes:

1. To identify students who are English Learners (EL)
2. To determine the level of English language proficiency of EL students
3. To assess the progress of EL students in acquiring the skills of listening, speaking, reading, and writing in English

At the time of initial enrollment, a home language survey is used to determine the student's primary language. [5 CCR 11307] Within 30 calendar days of initial enrollment, each student whose home language is other than English, as determined by the home language survey, and for whom there is no record of results from an English language development test, shall be assessed for English-language proficiency using the state-designated instrument English Language Proficiency Assessments for California (ELPAC). [5 CCR 11511]

All students shall have sufficient time to complete the ELPAC as provided in the directions for test administration. [5 CCR 11516]

Any student with a disability shall take the ELPAC with those accommodations for testing that the student has regularly used during instruction and classroom assessment as delineated in the student's individualized instruction plan (IEP) or Section 504 plan that are appropriate and necessary to address the student's individual needs. [5 CCR 11516.5]

Reclassifying and Initially Classifying English Learners

The ELPAC assesses student performance in the following areas: Listening, Speaking, Reading, and Writing. The following four criteria are required as part of our reclassification policy and procedures: (1) Assessment of English Language Proficiency, (2) Teacher Evaluations, (3) Parent Consultation, and (4) Basic Skills Relative to English Proficient Students:

Policy for Reclassifying English Learners:

Table 1: Aspire's RFEP Policy

Criteria	Requirement
Criteria 1: Assessment of English Language Proficiency	Summative ELPAC Overall Performance Level 4 ● All students with a Summative Alternate ELPAC Level 3 (Fluent English Proficient) are eligible to be considered for reclassification.
Criteria 2: Teacher Evaluation	**K-5/6** For EL students in Grades K-5/6 to meet the teacher evaluation criterion for reclassification, the students must receive ELA progress report card composite scores of 2 or above. **Grades 6-12** For EL students in Grades 6-12 to meet the teacher evaluation criterion for reclassification, the students must receive grades of C or better in English or English Language Development course. The following courses qualify for reclassification: ● Grade-level English ● Academic ELD (UC approved) ● ELD Course Offerings If a student does not have a grade of 2/'C' or better, the student's instructional or Individualized Education Plan (IEP) team should identify a core class, a trained teacher, and a secondary trained observer (administrator, another classroom teacher, School Psychologist, Program Specialist, MLL Coordinator, etc.) to conduct the Observational Protocol for Teachers of English Learners and submit at least 1 observation each through PowerSchool. A student must score a Level 3 or 4 for both receptive and expressive skills according to both trained observers' OPTEL tool in PowerSchool.
Criteria 3: Family Consultation	Families are consulted on the reclassification recommendation. If the student is a student with a disability, this consultation must take place during an IEP meeting and be documented within the IEP notes.
Criteria 4: Basic Skills Assessment	*Comparison of student performance in basic skills against an **empirically established range of performance in basic skills based on the performance of English proficient students** of the **same age** such that they are "sufficiently proficient in English to participate effectively in a curriculum designed for pupils of the same age whose native language is English." (EC Section 313(f) English Language Proficiency (ELP) Assessment requirements are specified in California EC sections 313, 60810, and 60812.)* **Same age** = same grade level **Empirically established range of performance in basic skills based on the performance of English proficient students** = thresholds identified from assessments taken by all students from within the grade level within the last calendar year mClass (K-2) ● **Requirement:** At or above benchmark ● **Rationale:** We know students who are reading on or above grade level by 3rd grade are much more likely to be successful in the remainder of their academic career. Aspire prioritizes intervening with all students, including English only students, who are reading below grade level before 3rd grade. iReady Reading (3-11) ● **Requirement:** Scoring at or above the average English Only (EO) scale score for their region minus the standard deviation, grouped by grade level and Special Education Indicator (as appropriate) after each iReady testing window ● **Rationale:** If students are not yet reading on grade level by 3rd grade, we want to ensure they are reading on par with their English only peers in order to effectively access curriculum the same. ● Example student:

The average English Only scale score for 7th grade in this region for the End-of-Year (EOY) iReady window was 527.07.
Minus the standard deviation of 10.6 for 7th grade, the RFEP threshold for English Learners students is 516.47.
The student's EOY iReady scale score of 525 meets the RFEP threshold of 526.47.

iReady Threshold Met?	Region	School	Student Name	Grade Level	ELAS	22-23 Summ ELPAC Overall PL	Average EO EOY iReady Scale Score	RFEP Threshold for EOY iReady (Avg EO - Standard Deviation)	EOY iReady Date	Student EOY iReady Scale Score
Met			[redacted]	7	EL	4	527.07	516.47	2/26/2024	525

- Standard deviations by grade level below:

Reading								
3	4	5	6	7	8	9	10	11
10.0	10.1	10.3	10.5	10.6	10.7	10.7	10.8	10.9

SBAC ELA (3-8, 11)

- **Requirement:** Score of 2 (Standard Nearly Met) or above
- **Rationale**: According to Surveying the Landscape of California's English Learner Reclassification Policy, "Most districts assess English Language Arts (ELA) skills in grades 3–11 through the Smarter Balanced Assessments (SBAC). Slightly more than half of districts reclassify with a performance level of "nearly met." While this might sound as if we expect too little of ELs, over 50 percent of students who speak only English at home do not meet the standard on the SBAC."

iReady (12th grade)

- **Requirement:**
    - Early on grade level placement or above as determined by the threshold score below for 12th grade.
- **Rationale:** Our 12th grade students are not required to take the iReady assessments; therefore, we do not have English Only (EO) scale scores to compare against for this grade level. We are then going with iReady's third recommendation of percentile. Early On Grade Level Placement.

For Students with IEPs on Alternate Curriculum:

California Alternate Assessments (CAA) for ELA (3-8, 11):

- **Requirement:** Level 2 or above
- **Rationale:** According to the CDE, "Students at this level demonstrate foundational understanding of core subject matter in the content area when provided with frequent prompts and supports. They are actively working with adapted grade-level content that focuses on the essential knowledge and skills and may frequently need supports to complete tasks and activities."

or

Brigance for students on Alternate Curriculum (all grades):

- **Requirement:** Composite Score=85+/Percentile Score=16+ in the following areas: Overall Language Development (Expressive), Overall Language Development (Receptive), Overall Academic Cognitive (Literacy and Mathematics) (Reference)
- **Rationale:** Using the norm-referenced assessments to benchmark or to pretest and post test is useful for seeing gains a student has made over the duration of a full academic year. But because performance is represented in normative scores, gains shown are relative to those of same-age peers.

*All RFEP letters should be distributed to families, stored in the student's file, and uploaded as a document the student's PowerSchool profile

Structured English Immersion (SEI) Program

Aspire Public Schools offers a Structured English Immersion Program. The Structured Immersion Program is a language acquisition program for English learners in which nearly all classroom instruction is provided in English, but with curriculum and a presentation designed for pupils who are learning English. At minimum, students are offered Designated and Integrated ELD and access to grade level academic subject matter content.

Although schools have an obligation to serve all EL students, parents or guardians of English learners have a right to decline or opt their children out of a school's EL program or out of particular EL services within an EL program. If parents or guardians opt their children out of a school's EL program or specific EL services, the children retain their status as English learners. The school remains obligated to take the affirmative steps required by Title VI of the Civil Rights Act of 1964 and the appropriate actions required by the Equal Education Opportunity Act of 1974 to provide EL students access to its educational programs [20 U.S.C. sections 1703[f], 6312[e][3][A][viii]].

Physical Education

The school's physical education programs shall be based on research, consistent with the expectations established in the state's curriculum frameworks and content standards [Education Code § 51222]. Nutrition education shall be provided as part of the health education program in grades 6-12 and, as appropriate, shall be integrated into other academic subjects in the regular educational program [Education Code §§ 49500-49505, 49510-49520].

Opportunities for physical activity shall be provided through physical education, athletic programs, and other structured and unstructured activities.

Independent Study

Independent Study is an optional educational alternative in which no pupil may be required to participate and is designed to teach the knowledge and skills of the core curriculum. Independent Study may be requested if a student will be absent from school for an extended period of time, or due to excused or warranted circumstances (see section on Excused Absences in this handbook). Written requests for independent study should be directed to the Principal at least two weeks before the desired start date of the Independent Study program.

Permission to grant Independent Study is in the sole discretion of the Principal, though no student may be placed in Independent Study without the parent/guardian's written consent. In addition, individual Aspire schools and regions may elect not to offer an Independent

Study program at all, or to restrict such offerings to "short-term" Independent Study only (*i.e.*, Independent Study of 15 days or less in a school year). If a student does not meet the expectations of the Independent Study program, including the conditions outlined in the student's Independent Study Agreement, the Principal or the Principal's designee may conduct an evaluation to determine whether it is in the best interest of the pupil to remain in independent study. If the student has been on Independent Study before and has not completed the work as assigned, it is up to the Principal as to whether the student should be allowed to participate in the program again. The maximum length of time that may elapse between the time an assignment is made and the date by which the pupil must complete the assigned work shall be (5) school days, unless otherwise extended in writing by the supervising teacher.

The Charter School shall provide appropriate existing services and resources to enable pupils to complete their independent study successfully. The Charter School shall provide content aligned to grade level standards that is substantially equivalent to in-person instruction. For high school grade levels this shall include access to all courses offered by the Charter School for graduation and approved by the UC or CSU as creditable under the A-G admissions criteria. An individual with exceptional needs as defined in Education Code Section 56026 may participate in independent study if their individualized education program (IEP) specifically provides for that participation. If a parent or guardian of an individual with exceptional needs requests independent study, the student's IEP team shall make an individualized determination as to whether the student can receive a free appropriate public education in an independent study placement.

Work Permit

Upon obtaining an offer of employment and prior to accepting employment, minor students shall obtain work permits from the Principal or designated school administrator in accordance with law, regardless of whether the employment will occur when school is in session and/or not in session [Education Code §§ 49110-49119]. The request for a work permit shall be submitted to the registrar or regional designee. Students granted work permits must demonstrate and maintain a 2.0 cumulative and previous term GPA, and satisfactory school attendance.

Beginning August 1, 2024, any minor seeking the signature of a Principal verifying authority on a Statement of Intent to Employ a Minor and Request for a Work Permit-Certificate of Age will be issued, before or at the time of receiving the signature of the verifying authority, a document clearly explaining basic labor rights extended to workers. An infographic explaining these rights is available at: Know Your Rights at Work: Information for New Workers in California

The week of each year that includes April 28 shall be known as “Workplace Readiness Week.” All Aspire high schools will annually observe that week by providing information to students on their rights as workers.

Expanded Learning/Afterschool Programs

Aspire Public Schools’ expanded learning programs operate during afterschool hours and select intersessional days, provides our students with additional academic supports and access to enrichment activities such as music, art, sports, and other club extracurricular activities Academic supports focus on English Language Arts and Math intervention for students performing below grade level, as well as daily homework assistance and college readiness support for older students. Enrichment activities are designed to foster creativity, teamwork and physical activity, while reinforcing key academic skills and giving students opportunities to explore their interests and talents—and have fun. If you have questions about your school’s afterschool program, please contact the school office. Further information can be found in in the Expanded Learning student and family handbook

Elementary and Middle School Retention (Grades K-8)

As early as possible in the school year, the Superintendent or designee shall identify students who should be retained and who are at risk of being retained in accordance with law, Board policy, administrative regulation, and the practice below.

Students shall be identified on the basis of the assessment results on the state’s Standardized Testing and Reporting Program and the minimum levels of proficiency recommended by the State Board of Education and, in addition, local assessments and grades.

Retention, according to Aspire Public Schools, is intended to be an intervention that further supports the student’s academic growth and career to ensure college and career access and success. Making the decision to retain a student (holding a student back to repeat a grade) is an important decision that will not be taken lightly.

A school and parent/guardian can determine if the student is showing lack of progress as early as 6 weeks into the school year if the student had previously attended that school the year before and as early as 12 weeks if the student is new to the school. The school must assemble a team to review data and communicate progress or lack thereof to the parent/guardian at least four (4) times throughout the year. The school must communicate an intervention plan and resources/support to parents. If progress has not been made after consistent intervention and support and consistent attendance from students, then the school team will communicate to parents at least six (6) weeks before the end of the school year. The decision must be made in the best interest of the student’s academic and social-emotional development, with the approval of the parent/guardian.

Below is the practice Aspire Public Schools will adhere to when implementing the potential retention of a student:

- The pupil's grades have been consistently below grade level throughout the academic year on grade-level assignments and assessments compared to their peers and academic standard of that grade level AND
- The student's reading and math proficiency is far below grade level as measured by academic assessments, including mCLASS (K-2 ELA) and iReady (K-8 Math & 3-8 ELA) AND
- The pupil had access to a fully credentialed permanent teacher(s) throughout the year AND
- The site team consisted of child's classroom teacher(s), administrator, school counselor, education specialist or intervention teacher and the child's parent/guardian, AND
- The school team has a record of the meetings, data presented, and interventions/supports implemented AND
- The school implemented at least 2 documented SST's with supports for the student with at least two cycles of revisiting, revising and continuing to implement the plan with fidelity. These meetings need to be at least six (6) weeks apart and communicated with the parent at least four (4) times throughout the year AND
- If the student has an IEP, that team must convene (and there should be no SST meeting held for those students as it is duplicative) to discuss what adjustments may be required for the student's IEP to ensure appropriate progress based on their disability. If retention is being considered, the IEP team must discuss and make a recommendation to the appropriate administrator for final determination. The decision to retain is not considered an IEP placement decision, final determination is made by a school administrator in consultation with the parent(s). If the school determines retention appropriate, a follow-up IEP meeting may be necessary to discuss progress towards grade level goals and any additional support and services that could be necessarily associated with the change in grade level.
- The parent/guardian has received 35 day notice that the school team has made the recommendation to retain and give parent/guardian the option to meet with the team to consult AND
- Superintendent approval once parent/guardian signs and approves

If the school meets all of the above criteria, they must also provide:

- The school must send a written notice to the family and schedule a call with parent/guardian to confirm receipt of notice
- The school must communicate the parent/guardians right to appeal and timeline
- The parent/guardian has the right to appeal verbally or in writing to the team the decision to retain within 7 school days of the date of written notice
- If parent/guardian appeals, then the school must provide a meeting and hearing for parent/guardian to publicly appeal with the classroom teacher, an administrator and a regional support teammate
- For kindergarten students, retention is only an option if the above criteria are met AND both parent/guardian and the school must agree that the student may continue in kindergarten no more than one additional school year. Additionally, the school must complete a Kindergarten Continuance Form. We do not offer retention within our TK program and all students completing TK will move into kindergarten the following year.

*If the parent/guardian requests retention of the student, the parent(s)/guardian(s) will be invited to an SST meeting to discuss their concerns, review data, and discuss possible interventions. If the school determines that the student is demonstrating a lack of progress, the school will communicate an intervention plan and resources/support to parents and proceed with the retention procedures set forth above. If the school decides against retention of the student, the parent/guardian may appeal the school's decision in accordance with the appeal procedures set forth above.

Secondary Academics

Graduation Requirements

California Education Code § 51225.3 specifies that students must pass a minimum set of requirements to graduate from high school. Students wishing to earn a high school diploma from an Aspire school shall successfully complete coursework within a course of study in alignment with the UC/CSU A-G program and earn the designated number of A-G credits outlined below with a C- or above. In some cases, such as UC validation, college credits, etc., Aspire graduation requirements exceed the UC/CSU A-G program, so that students are competitive for private college admissions and scholarships.

Central Valley and Los Angeles Region Requirements

Subject	Credits	Requirement
History/Social Sciences	20	1 year of World History, 1 year of US History
English	40	Emphasis in Literature & Composition.
Mathematics	30	Courses must be taken in grades 9-12 Recommended sequence: Integrated Math 1, Integrated Math 2, and Integrated Math 3. UC validation rules are in effect but 30 credits must still be earned. 4 years recommended.
Laboratory Science	20	In at least two areas: physical, environmental and biological/life sciences; biology/life sciences is required. 3 years recommended.
World Languages	20	Courses must be taken in grades 9-12. Twenty credits must be earned in the same language. UC validation rules are in effect but 20 credits must still be earned.
Visual & Performing Art	10	The 10 credits must be in the same UC A-G art discipline (music, dance, theater, visual art, interdisciplinary art)
Electives	40	Courses can be additional credits in any of the UC courses listed above, or in courses approved for the UC G elective category.

US Government and Economics	10	1 semester each of US Government & Economics. US Government and Economics are CA State requirements and do not need to be UC A-G approved courses.
Ethnic Studies	5	1 semester of Ethnic Studies, (a course based on the model curriculum developed pursuant to Section 51226.7; an existing ethnic studies course; an ethnic studies course taught as part of a course that has been approved as meeting the A–G requirements). (Note: This requirement is effective for the graduating class of 2026)
Advisory	20	Students must enroll in and pass advisory every semester, every year. Schools will vary in offering half or full courses; credits taken beyond the required credits will count for electives. Advisory credit can be earned for such courses as College Success Seminar and Senior Mentorship and Leadership taught by an Aspire teacher.
Total	minimum 210	All students must earn a C-or better for credit. Credit is earned for grades of C-or higher only with the exception of any Ds received during the window of time that Aspire offered credit for Ds (SY 19-20 to 22-23). Courses that offer credit in multiple areas (i.e., tech and UC elective) do not count more than once toward the 210 credit requirement.

Students must be enrolled in a minimum of 240 instructional minutes per school day [Education Code §§ 46144, 46146]. 11/12th graders concurrently enrolled in a UC/CSU/CC have a daily minute requirement of 180 minutes per day [Education Code § 46146].

Please note: Commencing with the 2027–28 school year, OCCA will offer a separate, stand-alone one-semester course in personal finance, that will not be combined with any other course and all students graduating in 2031 who completes the separate, stand-alone one-semester course in personal finance, that is not combined with any other course, may elect to be exempt from the requirement to complete a one-semester course in economics.The requirements are the minimum requirements for admission into the California State University (“CSU”) or University of California (“UC”) system.

Students wishing to earn a high school diploma from an Aspire school, in addition to the prescribed course of study as detailed above, must also complete the following:

Exhibitions	Students must successfully complete an exhibition in each grade level: 9, 10, 11 and 12. 12th Grade Exhibition must be a Post-Secondary Success Plan (PSSP).

College Units	Students must take at least 3 college courses, for a total of at least 9 college Units, which translates to at least 30 high school credits with a passing grade of D-or better. Students who receive a D-, D, or D+ in a college course will not receive credit toward A-G course requirements but may receive college credit from the attending institution, and consequently, the Aspire college credit requirement.
College Entrance Exams	Students must apply for and take at least one of the prescribed college entrance examinations.
College Applications	Students who are UC- or CSU-eligible must apply to three 4-year colleges. Students who are not UC- or CSU-eligible must apply to one 4-year college to learn the application process.
College Financial Aid	Students must complete the FAFSA, Dream Act or HS credit application or Financial Aid Opt Out Form.
Grade Point Average	Students must maintain a grade-point average of 2.0 or higher.

Bay Area Region Requirements

All requirements listed above for the Central Valley and Los Angeles apply to the Bay Area region with the exception of the variations to the specific requirements below.

Requirement	Updated Policy
World Languages	20 credits in the same world language, taken in grades 9–12 unless UC/CSU validation applies: a higher-level course with C- or better may validate lower-level prerequisites OR a demonstrated proficiency in a world language through alternative means, such as proficiency exams, which may include AP exam scores.
College Units	Students must complete a minimum of 2 college-level courses with D- or better. 3 courses encouraged. CSU/UC transferable courses preferred.
College Entrance Exams	Removed. Students are no longer required to take college entrance exams (SAT, ACT).
Post Secondary and College Applications	Students must apply to at least one post-secondary institution (2-year, 4-year, CTE, or accredited program) to learn the application process.

Ethnic Studies

Students must take a one-semester Ethnic Studies course Beginning with the 2025-2026 school year, this will be a graduation requirement.

Exempting Homeless, Foster, Adjudicated, Military, Migrant, Immigrant, and Newcomer Students from Coursework

Aspire Public Schools shall exempt a foster youth, homeless student, former juvenile court school student, child of a military family, or migrant student who transfers between schools after the second year of high school, or a student participating in a newcomer program for newly immigrant students in grades 11-12, from any graduation requirements established by the charter school that exceed state requirements, unless the school determines that the student is reasonably able to complete the requirements by the end of the fourth year of high school [Education Code §§ 51225.1, 51225.2]. If a student is found eligible for an exemption to Aspire's graduation requirements, Aspire will notify the student and the student's parent/guardian/educational rights holder ("ERH") if any of the requirements that are waived will affect the student's ability to gain admission to a postsecondary educational institution and shall provide information about transfer opportunities available through the California Community Colleges. An identified student and/or their ERH have the ultimate right to decide if the student will pursue a high school diploma pursuant to the California minimum requirements or Aspire will not require a student to graduate before the completion of their fourth year.

Graduation Waiver

Graduation requirements are established with the expectation that all students will complete them as listed. It is recognized, however, that in special cases individual students may have reason to request a waiver of one or more requirements that exceed state requirements in order to accomplish specific academic goals not possible within the required program [Education Code §§ 60851, 60859].

Early Graduation

Aspire Public Schools handles early graduation case-by-case, and must be brought to school administration in the Fall of 11th grade. In the situation where a student's early graduation case is accepted, the 11th grade SBAC assessment must still be administered.

Retroactive Diplomas

The governing board of Aspire Public Schools has the authorization to retroactively grant a high school diploma to a pupil who has departed California against his/her/their will, and, at the time of their departure, was enrolled in grade 12 and in good academic standing at the time of his/her/their departure or meet the following conditions:

1. The student was in their senior year of high school during the 2019–20 school year;
2. in good academic standing and on track to graduate at the end of the 2019–20 school year, as of March 1, 2020; and
3. unable to complete the statewide graduation requirements as a result of the COVID-19 crisis.

[Education Code § 51430].

Diploma Pathways for Students With Disabilities

Equity for Students with Disabilities: Pathways to graduation are individualized based on consideration of student needs. The following guide the decision making regarding individualization:

- Least Restrictive Environment: ensure students are receiving access to the full educational program to the greatest extent possible.
- Student agency: student voice should drive the development of their individualized transition plan

Aspire exempts any student with exceptional needs who entered ninth (9) grade in the 2022-23 school year and later, from all coursework and other requirements adopted by the Aspire governing board that are additional to the statewide graduation requirements, if the student's IEP provides for the following:

(1) The student is required to take the alternate assessment aligned to alternate achievement standards in grade 11, as described in subdivision (k) of Section 60640.
(2) The pupil is required to complete state standards-aligned coursework to meet the statewide coursework requirements specified in Section 51225.3.

A student who meets the above criteria shall be awarded a diploma of graduation from high school that conforms with minimal state graduation requirements pursuant to Education Code Section 51225.3 (CA State Minimum Requirements Diploma). The award of a CA State Minimum Requirements Diploma does not change Charter School's obligation to provide a free appropriate public education ("FAPE") or otherwise constitute a change in placement.

Before a student with exceptional needs begins grade 10, the student's IEP team shall determine and notify the parent or guardian of the student of whether the student may be eligible to graduate with the CA State Minimum Requirements Diploma.

Any student who meets the criteria as stated above for a CA State Minimum Requirements Diploma shall be eligible to participate in any graduation ceremony and any school activity related to graduation in which a student of similar age would be eligible to participate. Participation in graduation activities shall not be construed as termination of the provision of free appropriate public education.[Federal Special Education law (IDEA) states that Individual Transition Plan development must begin for students no later than age 15. At Aspire, the expectation based on best practice is that the ITP development begins for every student by 9th grade, even if they are not yet 15. ITP development may begin in the 8th grade year as determined by the IEP team.

(Note that for Aspire Public School schools in LAUSD, the district requires transition plans to be developed no later than age 14.) Aspire IEP teams will include discussion, decisions and

documentation in Individual Transition plans that describe the student's requirements to obtain a diploma starting in 9th grade, and at every IEP meeting, at least annually.

The requirements will be reviewed and updated as needed each year which will include a review of the student's graduation progress, their individual needs and area of impact of their disability. The team may consider whether it is appropriate and necessary to eliminate/alter an Aspire graduation requirement if it is an area that is directly impacted by the student's disability. California state requirements for obtaining a diploma cannot be eliminated. Students with disabilities are eligible to continue to receive IDEA services in a high school program until age 22 or until they receive a diploma—whichever comes first. Should a student with an IEP require additional courses and/or additional time to meet their post-secondary goals and objectives, they have an option to participate on a differentiated graduation pathway and earn their diploma after the completion of their senior year, through age 22.

Administrative Regulation 6145.4 describes the process that the team must follow for preparation, discussion and documentation. Please note: Driven by the guidelines of the Least Restrictive Environment as well as equity and access for students with disabilities; the alteration or elimination of graduation requirements should be used with high discretion and in rare circumstances.

Certificate of Completion

The Charter School Executive Director or designee shall award a certificate of completion instead of a high school diploma, if a student with exceptional needs has minimally met one (1) of the following requirements:

1. Satisfactorily completed a prescribed alternative course of study approved by the Charter School Governing Board which has jurisdiction over the student as identified in the IEP.
2. Satisfactorily met the student's IEP goals and objectives during high school as determined by the IEP team.
3. Satisfactorily attended high school, participated in the instruction as prescribed in the student's IEP, and met the objectives of the statement of transition services.

The Executive Director or designee shall ensure a student with disabilities who meets any of the criteria specified above shall be eligible to participate in any graduation ceremony and any Charter School activity related to graduation in which a graduating student of similar age without disabilities would be eligible to participate. In addition, the Executive Director or designee shall ensure that the student will continue to have access to special education related supports and services until the student meets the Charter School's criteria to receive a high school diploma or until age 22.

Whether a student receives a certificate of completion or a diploma is confidential. Aspire does not inform other students whether their peers are receiving a certificate or a diploma, and all students will participate equally in graduation ceremonies and activities.

There are many reasons this may happen:

- To honor a student's completion of their ITP and IEP requirements with their same aged peers— The student participates in graduation activities, including receiving their Certificate of Completion. They continue to have the option to remain an Aspire student and work towards their post-secondary goals through the age of 22.
- A student may opt to leave Aspire after earning their Certificate of Completion and matriculate into a post-secondary program- The student does not have to stay in high school until age 22, and they can enroll in many post-secondary programs with a COC, including 2-year colleges, some specialized programs at 4 years, job training, etc.).

These paths are individualized based on the student's transition plan and what is best for them.

High School Commencement

Earning a Diploma

A student can only earn a diploma from an Aspire school once the student has done the following:

- Completed all graduation requirements with regard to classes and credits.

Any student who has not met all credit requirements by the date of graduation must complete all units by June 26th of the student's graduation year in order to earn a diploma from an Aspire school. Otherwise, the student must either earn the diploma the following year or take alternate routes to receive a diploma from a non-Aspire school.

Commencement Ceremony Participation Requirements

A student may participate in their school's commencement ceremony if one of the following is true:

1. The student has met or is on track to meet all of the school's graduation requirements with regards to classes and credits, and met all of the school's commencement ceremony requirements [Education Code § 51228]; or

2. The student is deficient 10 or less credits, has met all of the school's commencement ceremony requirements), and has signed up to make up the credits the summer immediately following graduation

A student may be prohibited from participating in the commencement ceremony for academic, behavioral, or other reasons at the school Principal's discretion and with the approval of the Regional Executive Director or designee [Education Code § 48904].

Per Education Code § 35183.1, Aspire students may wear traditional tribal regalia or recognized objects of religious or cultural significance (as determined by the student and the student's family) as an adornment, as defined , at school graduation ceremony or related school events.

Charter School will adhere to the following:

1. Charter School shall not require a pre-approval process for a student to exercise their right to wear an adornment as described above.

2. Any such adornment may be worn *in addition to* (not instead of), the traditional cap and gown. However, a student will not be required to wear a graduation *cap* if the cap is incompatible with the adornment.

Any accessory, object, or adornment that is likely to cause a substantial disruption of, or material interference with, the graduation ceremony will not be permitted.

Any graduating student who has completed basic training and is an active member of any branch of the United States Armed Forces may, at their option, wear their military dress uniform at the ceremony.

CalKIDS Program Notice

California Kids Investment and Development Savings Program (CalKIDS) is a program established by the State of California that funds up to $1,500 in free money for eligible low-income public school students to save for college and career training. Visit CalKIDS.org for more information about your child's eligibility and to you claim your child's account. Cal Grant Program for College

The Charter School is required by state law to submit the Grade Point Average ("GPA") of all high school seniors by Oct. 1 of each year, unless the student (if the student is 18 years of age or older) or parent/guardian (for those under 18 years of age) opt-out. Students currently in eleventh (11th) grade will be deemed a Cal Grant applicant, unless the student (or parent/guardian, if the student is under 18 years of age) has opted out by or before February 1. Please see your College Academic Counselor or a school site administrator for a copy of the Cal Grant Opt-Out Form

Cal Grants are for students who are pursuing an undergraduate degree or vocational or career training, and do not have to be repaid [Education Code § 69432.9]. To qualify, a student must meet the eligibility and financial requirements as well as any minimum grade point average (GPA) requirements. Cal Grants can be used at any University of California, California State University or California Community College. Some independent/private and career colleges or technical schools in California also take Cal Grants.

Students must complete and submit either a Free Application for Federal Student Aid (FAFSA) or CA Dream Act Application (CADAA) to apply for financial aid. In order to assist students to apply for financial aid, all grade 12 students are automatically considered a Cal Grant applicant and each grade 12 student's GPA will be submitted to the California Student Aid Commission ("CSAC") electronically by an Aspire official unless the parent or the student opts out.

Information Regarding Financial Aid

The Charter School shall ensure that each of its students receives information on how to properly complete and submit the 1) Free Application for Federal Student Aid (FAFSA) or 2) the California Dream Act Application as appropriate, at least once before the student enters 12th grade. The Charter School will provide a paper copy of the FAFSA or the California Dream Act Application upon request.

- The FAFSA form and information regarding the FAFSA are available at:
    - https://studentaid.gov/h/apply-for-aid/fafsa
- The California Dream Act Application and information regarding the California Dream Act is available at:
    - https://www.csac.ca.gov/post/resources-california-dream-act-application

The Charter School shall confirm that each of its students in grade 12 completes and submits a FAFSA to the United States Department of Education, or if the student is exempt from paying nonresident tuition pursuant to Education Code section 68130.5, a California Dream Act Application to the Student Aid Commission. Students who are exempt or whose parent/guardian (if the student is a minor) have opted-out will not be required to comply.

Availability of Prospectus

Upon request, the Charter School will make available to any parent or legal guardian, a school prospectus, which shall include the curriculum, including titles, descriptions, and instructional aims of every course offered. Please note that, pursuant to law, the Charter School may charge for the prospectus in an amount not to exceed the cost of duplication.

College Preparatory Course Offerings / Concurrent Enrollment

Aspire offers high school students the opportunity to obtain dual credit (high school/college) during the regular school day for selected high school courses [Education Code § 48800]. Students are dually enrolled at the college and Aspire, thereby earning both high school and college credits. A list of approved Concurrent Enrollment courses and the community college or university is provided at individual school sites.

At the school site's discretion, students who enroll in a college class for the purpose of dual enrollment and fail the class without notifying the school of any difficulty in the class may not be afforded the opportunity to repeat the college class at the school's cost. Similarly, students who are removed from the college class due to behavioral issues may not be allowed to repeat the college class during the school day and/or at the school's cost. In these cases, a regular high school class will be offered as a means of meeting the graduation requirement. The student may choose to repeat the college class at their own expense.

PREEMPTIVE NOTICE: POTENTIAL DUAL ENROLLMENT PARTICIPATION (AB 1796 Compliance)

In alignment with California Assembly Bill 1796, Aspire Public Schools is providing this notice to all families of students in grades 7 through 12 regarding potential participation in Dual Enrollment opportunities.

Dual Enrollment allows eligible middle and high school students to enroll in college-level courses through a partnering community college or university while still enrolled in Aspire Public Schools. These courses may be taken during or outside of the regular school day and can earn students both high school and college credit.

While not all students will participate, we are informing you now in case your student becomes eligible or chooses to pursue this academic option. Participation typically depends on academic readiness, course availability, and completion of the required application and enrollment steps. Please note: While AB 1796 requires us to notify all families of students in grades 7 – 12, Aspire Public Schools's dual enrollment program is only available to students in grades 9 – 12.

If your student becomes eligible for and elects to participate in Dual Enrollment, you will receive additional information and consent forms prior to enrollment.

Dual enrollment is a powerful opportunity that comes with serious responsibilities. Students must pass their courses and stay engaged, as their performance will follow them into higher education. Aspire Public Schools encourages students to take ownership of their educational journey, and offers guidance and support every step of the way.

FINANCIAL AID IMPLICATIONS AND ACADEMIC IMPACT OF DUAL ENROLLMENT COURSES

There are many benefits to taking college courses while in high school through dual enrollment. One major advantage is that it can reduce the number of courses a student needs to take in college, shortening the time spent at a higher education institution and ultimately lowering the overall cost of earning a degree. However, it's equally important to understand the academic and financial responsibilities that come with dual enrollment:

ACADEMIC AND FINANCIAL AID CONSIDERATIONS

Failed (F) grades and unsatisfactory grades (W, FW, EW, I) count as attempted units and negatively impact a student's Satisfactory Academic Progress (SAP), even though they may not count as completed units.

Military Withdrawals (MW) do not impact GPA or attempted units.

Repeated courses are counted every time they are taken in the financial aid GPA.

The Financial Aid GPA differs from the Admissions & Records GPA—Academic Renewal is not considered by financial aid evaluations.

SATISFACTORY ACADEMIC PROGRESS (SAP)

To qualify for financial aid such as grants, federal work-study, and loans, students must meet three SAP standards:

- Cumulative GPA
- Course Completion Rate
- Maximum Timeframe to complete their program

Failure to meet these standards can result in SAP probation or even loss of financial aid before the student officially begins their higher education career. This means a student may start college already on warning or probation status due to performance in high school dual enrollment.

ACADEMIC STANDING

Academic standing reflects a student's overall college performance. Poor performance may lead to changes in status from "good standing" to academic warning, probation, or disqualification. Dual enrollment participation can affect this status before a student even officially begins their college journey.

For more information, please contact your child's Academic Counseling Department.

Granting Credit from Non-Aspire Schools

Aspire will grant credit from other high schools and institutions in alignment with its policies. No credit will be awarded for grades below C- from an external school with the exception of any D they may have received during the window of time that Aspire offered credit for Ds (SY 19-20 to 22-23). When transferring credits from a school using a different credit system, Aspire will evaluate the course and transfer the courses and credits into the appropriate format. (i.e., quarter to semester, trimester to semester). Please speak with the site administrator(s) and the school's academic counselor(s) to understand which credits will transfer and meet Aspire's graduation requirements.

Secondary Grading

Grading Vision

Aspire Public Schools supports scholars to fully actuate their potential. We believe that it is our responsibility to create the most optimal learning conditions for scholars to arrive at that unique genius. We understand that we live in a society laden with inequities and we are consciously working at interrupting those inequities in order to create transformative experiences for our young people. Our Aspire value statement of *agency and self determination specifies that each person has unique dreams. At Aspire, we set a foundation for our scholars to gain knowledge, skills and power to access and make choices for their families and post secondary lives.* Our secondary grading policy and practices strive to embody these tenets in alignment with our values, mission and vision. Aspire has set forth the guiding principles for grading below, adapted from Grading for Equity (Feldman, 2019):

- Grades should be accurate: grade calculations should be mathematically accurate and sound, easy to understand, and made based on clear descriptions of a student's level of academic performance.
- Grades should be bias-resistant: There are multiple opportunities to provide feedback to students, and grades are but one of them. Grades should be representations of an individual student's progress towards mastery or how effectively they have met the standards for academic performance. Grades should not be punitive or incorporate potentially biased, situational and/or culturally-influenced perceptions of behaviors (such as timeliness of assignment submission, how quickly students master a topic, effort, personality, participation, etc.).
- Grades should be motivational: Grading should allow multiple attempts at mastery and, therefore, represent where the student is at the time of grading, using the most recent data as an indicator. Teachers will consider how to balance providing time for mastery with the time constraints of the course.

Gradebook Entries

Aspire-wide Expectations

Aspire teachers will only record standards-aligned assignments in the gradebook. Assignments aligned to high priority standards will be entered into the gradebook for formative and summative grades. Life skills and daily homework assignments will not be entered into the gradebook as an academic grade.

Criteria for Grades	
Grade	**Criteria**
A+	Exceeding the grade-level standards
A	
A-	
B+	Meeting the grade-level standards
B	
B-	
C+	Approaching the grade-level standards (Student has key gaps in their understanding of the standard)
C	
C-	
D+	Not yet met the standards (Student is unable to demonstrate B or C levels without assistance)
D	
D-	
F	Insufficient evidence to assess grade level standard mastery

School Site Discretion

Aspire Teachers shall determine which non high priority standards should be entered into the gradebook. Students should have multiple at-bats to demonstrate mastery of the standards. Teachers should determine the appropriate time to allow for the at-bats.

Aspire site leaders should determine school site expectations on a minimum number of gradebook entries, weighting of assignments, and replacing previous grades with more

current grades on the same content. Site leaders have two options for adhering to only standards aligned grades, the school can implement standards based grading or ensure all graded assignments are aligned to grade level standards. Regions have flexibility to implement a mastery-based grading approach, in which summative grades on standards replace formative grades.

Term Weights and Grading periods

Aspire-wide Expectations

Aspire schools select one of the two options for term weighting, grade storage, and report cards/progress reports for all teachers within their school. When students are not demonstrating progress towards mastery and at risk of not passing, the school is responsible for communicating with families in a proactive manner, per CA Ed Code 49067.

School Site Discretion

Aspire site leaders should create a system for communicating with families when students are at risk of not passing. This can include meetings with teacher(s), admin and school site counselors to set up a support plan for the student.

Reassessments

Aspire-wide Expectations

All scholars will be given access to reassessments. Scholars who score below mastery will be given the opportunity to take reassessments to improve their grade. The higher test score will be recorded in the gradebook. Assignments that assess mastery will be eligible for reassessment.

School Site Discretion

Certain assessments may be excluded from the reassessment policy, through a joint decision of the teacher and site leadership team (i.e., final exams). Teachers will determine when opportunities exist for scholars to retest and should provide multiple options for students. Scholars may be required to attend tutorials, complete test corrections, or perform other tasks prior to retesting. The reassessment must cover the same material, or objectives, as the original assessment. However, the test or assignment may be in a different format or have new questions.

Late work

Aspire-wide Expectations

Aspire scholars are allowed to turn in any assignment included in the gradebook without penalty.

School Site Discretion

Teachers in partnership with the site leadership team should determine the appropriate cut-off date for late work submissions (i.e., date of unit summative assessment, a week before the end of the grading term). This cut-off date should allow teachers ample time to grade the assignments prior to the end of term. Teachers and site leaders should consider

student grade level, type of assignment, and individual student needs when determining cut-off date.

Extra Credit

Aspire-wide Expectations

Aspire teachers will refrain from creating extra credit activities or assignments.

Students with an IEP or 504 Plan

For students with an IEP or 504 Plan, teachers must work in collaboration with the student's case manager. IEPs and 504 plans are legal documents and take precedence over any differences in policies regarding grading, reassessments, submissions for late work, etc.

Multi-Language Learners

For newcomers in particular, teachers should be fully aware of a student's Individualized Newcomer Plan which would name particular supports such as having the opportunity to turn in assignments in home language and access assessments in home language, for a given period of time.

Retention and Acceleration

Secondary Retention

APS believes that students should have an opportunity to continue to earn their High School diploma and advance to their Post Secondary Plans beyond APS. In order to achieve this opportunity we believe that some scholars would benefit from a 5th year in our program. We believe this is aligned to our equity commitments and value of self-determination. This policy is in place for students who have extenuating circumstances and is not intended to be normalized.

Retention is intended to be an intervention that further supports the student's academic growth and career to ensure college and career access and success. Making the decision to retain a student (holding a student back to repeat a grade) is an important decision that will not be taken lightly. However, in the case of a high school Aspire Public Schools has created a policy in alignment with age considerations in high school and credit to grade level ratio.

High school students progress through each grade level in high school (9th-12th) by earning credits to get them to the next grade level. Each year/semester, students will be offered either directly on site or in partnership with local programs, the following: night classes, community classes, Saturday school or summer school to make up credits, should they be off track for graduation. Aspire's practice is to be proactive by supporting and documenting interventions for students throughout their high school career. Intervention if necessary, should begin in advance of a student's senior year. Once a student accrues the specified amount of credits, then they are deemed to be in appropriate credit standing for the grade level. Our total credit requirement for graduation is 210, 54 credits a year deems a student

on track to graduate. If a student gets to their 4th year of high school, Aspire Public Schools offers a 5th year to students who are credit-deficient and meet the age requirements.

In the Fall of an academic school year, the Principal and admin team shall identify students who are not meeting credit expectations. Schools will be expected to communicate the status to the student and their parent/guardian, with a support plan to recover and/or make-up credits. The school must present options for classes and credit recovery.

A school and parent/guardian can determine if the student is showing lack of progress as early as 10 weeks into the school year. The school must assemble a team to look at data and communicate progress or lack thereof to the parent/guardian at least four (4) times throughout the year. The school must communicate an intervention plan and resources/support to parents annually. If progress has not been made after consistent intervention and support and consistent attendance from students, then the school team will communicate to parents at least 8 weeks before the end of the academic year to prepare for summer credit recovery. The decision must be made in the best interest of the student's academic and social-emotional development, with the approval of the parent/guardian.

Below is the Standard Practices for considerations of a 5th year student:

- In accordance with California Ed Code 56026, a student with an IEP is eligible for special education services until the age of 22. Aspire Public Schools offers differentiated graduation pathways that are individualized for each student with an IEP per their Individualized Transition Plan that is reviewed by their IEP team annually.
- The pupil does not have 210 units to meet the Aspire Graduation requirements.
- The student has historic challenges with both academic and social emotional skills and would benefit from more support as a 5th year student
- The site team consisted of child's classroom teacher(s), administrator, school counselor, education specialist or intervention teacher and the student's parent/guardian, AND
- The school team has a record of the meetings, data presented and interventions/supports implemented AND
- The school implemented at least two (2) documented Student Success Teams with supports for the student with at least two cycles of revisiting, revising and continuing to implement the plan with fidelity AND
- Students and families must be notified of 5th year enrollment by the end of fall semester of their senior year.

- The parent has received 50 business day notice that the school team has made the recommendation to retain the student for a 5th year and give parent/guardian the option to meet with the team to consult AND
- Superintendent approval once parent signs and approves
- For students who are over the age of 18, please see the section titled “Special Enrollment Considerations: Over-Age Students”

If the school meets all of the above criteria, they must also provide:

- The school must send a written notice to the family and schedule a call with parent/guardian to confirm receipt of notice
- The school must communicate the parent/guardians right to appeal and timeline
- The parent/guardian has the right to appeal verbally or in writing to the team the decision to support a 5th year of instruction within seven (7) school days of the date of written notice
- If parent/guardian appeals, then the school must provide a meeting and hearing for parent/guardian to publicly appeal with the classroom teacher, an administrator and a regional support teammate

*If the parent/guardian requests retention of the student, then the school team must meet with the parent/guardian and present and evaluate the data requested above.

Acceleration
When high academic achievement is evident, the school team may recommend a student for acceleration into a higher grade level to the Regional Executive Director or designee. The student’s maturity level shall be taken into consideration in making a determination to accelerate a student.

Promotion
Students shall progress through the grade levels by demonstrating growth in learning and meeting grade level standards of expected student achievement.

Secondary Grading and Transcripts

Students/families may request to withdraw/drop courses or College Academic Counselors may identify a need for withdrawal within the first two (2) weeks of the course only for the following three reasons:

- The student has taken and received credit for the same class previously.
- The student needs to take a required class in lieu of course.

- The course is not required to meet the Aspire graduation requirements.

Re-taking a Class for which a Passing Grade Was Earned

In alignment with UC/CSU policy, a course that was passed with a grade of C- or better cannot be re-taken. If this is done (for example, by error), the original grade is the grade of record, and credit is not earned for the second taking.

Re-taking a Class for which a Passing Grade Was NOT Earned

For cases where a student fails a course, the following are ways for a student to gain credit for a failed course in the preferred order :

1. The student retakes the exact and entire course at your school using an (R) section and completing the live full course with a teacher either during the school year or over the summer.

2. The student takes the entirety of the most similar course through an outside provider that provides a grade report (not an official transcript) such as Edgenuity or Cyber High. On the transcript, it will show as for example, English 10B (Edgenuity), but only the new grade will be included in the CSU GPA calculation.

3. The student takes the entirety of the most similar course through a provider, which could be another school, that provides an official transcript. Both grades will be included in the CSU GPA calculation.

A student must recover credits one of the ways listed above. Grade changes will not be accepted to recover credits. The decision for which course of action (from the list above) a school takes to recover credits for a student is at the discretion of the Principal and Regional Executive Director or designee.

Please note, students must recover the exact same course in order to earn the missing credits and have the failing grade replaced by the passing grade in their GPA.

Special Enrollment Circumstances: Over-Age Students

A pupil who is over the age of 19 years may generate attendance for apportionment reasons only if both of the following conditions are met:

1. the pupil was enrolled in a public school in pursuit of a high school diploma (or, if a student in special education, an IEP) while 19 years of age and, without a break in

public school enrollment since that time, is enrolled and is making satisfactory progress towards award of a high school diploma (or, if a student in special education, satisfactory progress in keeping with an IEP) consistent with the definition of satisfactory progress set forth in Title 5 of the California Code of Regulations section 11965 [(5 CCR 11960 (c)(1)(A)(B)]; and

2. the pupil is not over the 22 years of age on the date of enrollment.

Aspire encourages all students who are at least eighteen years of age and over to be knowledgeable about any legal consequences that may occur based upon their decisions and actions. For more information on changes to a student's legal status and obligations upon reaching the age of 18, please download a copy of "When You Become 18, A Survival Guide for Teenagers", which is available at www.calbar.ca.gov/portals/0/documents/publications/turn-18.pdf.

In addition, Aspire would like to specifically make all students, and especially students over the age 18, aware of California Penal Code Section 261.5(a), which provides: "Unlawful sexual intercourse is an act of sexual intercourse accomplished with a person who is not the spouse of the perpetrator, if the person is a minor. For the purposes of this section, a minor is a person under the age of 18 years and an adult is a person who is at least 18 years of age."

State Seal of Biliteracy

An Aspire secondary school may choose to participate in the State Seal of Biliteracy (SSB) program. An Aspire school that participates in this program must work with the Director of Multi-Language Learner Supports to maintain appropriate records of their identification of qualifying students, who will submit the online Insignia Request Form on behalf of the school. The Insignia Request Form may be submitted at any time; however, it is recommended that requests be submitted far enough in advance to allow time for the California Department of Education (CDE) to process the requests and for insignias to be affixed to diplomas or transcripts. Participation is voluntary and no fee may be charged to the student.

Student Rights And Responsibilities

Notice for Directory Information

The Family Educational Rights and Privacy Act ("FERPA") affords parents and students who are 18 years of age or older ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 5 business days after the day the Charter School receives a request for access. Parents or eligible students should submit to the Charter School Executive Director or designee a written request that identifies the records they wish to inspect. The Charter School official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

Parents or eligible students who wish to ask the Charter School to amend a record should write the Charter School's Executive Director or designee, clearly identify the part of the record they want changed and specify why it should be changed. If the Charter School decides not to amend the record as requested by the parent or eligible student, the Charter School will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing. If the Charter School decides to amend the record as requested by the parent or eligible student, the Executive Director must order the correction or the removal and destruction of the information and inform the parent or eligible student of the amendment in writing.

3. The right to provide written consent before the Charter School discloses personally identifiable information ("PII") from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to Charter School officials with legitimate educational interests. A Charter School official is a person employed by the Charter School as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on the Charter School's Board of Directors. A Charter School official also may include a volunteer, consultant, vendor, or contractor outside of the Charter School who performs an institutional service or function for which the Charter School would otherwise use its own employees and who is under the direct control of the school with respect to the use and

maintenance of PII from education records, such as an attorney, auditor, medical consultant, therapist, or contracted provider of digital educational platforms and/or services; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another Charter School official in performing their tasks. A Charter School official has a legitimate educational interest if the official needs to review an education record in order to fulfill their professional responsibility.

Upon request, the Charter School discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled, if the disclosure is for purposes of the student's enrollment or transfer.

Note that Charter School will not release information to third parties for immigration-enforcement purposes, except as required by law or court order.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the Charter School to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Student Privacy Policy Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202

5. The right to request that the Charter School not release student names, addresses and telephone listings to military recruiters or institutions of higher education without prior written parental consent.

FERPA permits the disclosure of PII from a student's education records, without consent of the parent or eligible student, if the disclosure meets certain conditions found in §99.31 of the FERPA regulations. Except for disclosures to Charter School officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the parent or eligible student, §99.32 of the FERPA regulations requires the Charter School to record the disclosure. Parents and eligible students have a right to inspect and review the record of disclosures. A Charter School may disclose PII from the education records of a student without obtaining prior written consent of the parents or the eligible student to the following parties:

1. Charter School officials who have a legitimate educational interest as defined by 34 C.F.R. Part 99;

2. Other schools to which a student seeks or intends to enroll so long as the disclosure is for purposes related to the student's enrollment or transfer. When a student transfers schools, the Charter School will mail the original or a copy of a student's cumulative file to the receiving district or private school within ten (10) school days following the date the request is received from the public school or

private school where the student intends to enroll. The Charter School will make a reasonable attempt to notify the parent or eligible student of the request for records at the parent's or eligible student's last known address, unless the disclosure is initiated by the parent or eligible student. Additionally, the Charter School will give the parent or eligible student, upon request, a copy of the record that was disclosed and give the parent or eligible student, upon request, an opportunity for a hearing;

3. Certain government officials listed in 20 U.S.C. § 1232g(b)(1) in order to carry out lawful functions;

4. Appropriate parties in connection with a student's application for, or receipt of, financial aid if it is necessary to determine eligibility, amount of aid, conditions for aid or enforcing the terms and conditions of the aid;

5. Organizations conducting certain studies for the Charter School in accordance with 20 U.S.C. § 1232g(b)(1)(F);

6. Accrediting organizations in order to carry out their accrediting functions;

7. Parents of a dependent student as defined in section 152 of the Internal Revenue Code of 1986;

8. Individuals or entities, in compliance with a judicial order or lawfully issued subpoena. Subject to the exceptions found in 34 C.F.R. § 99.31(a)(9)(i), reasonable effort must be made to notify the parent or eligible student of the order or subpoena in advance of compliance, so that the parent or eligible student may seek a protective order;

9. Persons who need to know in cases of health and safety emergencies;

10. State and local authorities, within a juvenile justice system, pursuant to specific State law;

11. A foster family agency with jurisdiction over a currently enrolled or former student, a short-term residential treatment program staff responsible for the education or case management of a student, and a caregiver (regardless of whether the caregiver has been appointed as the student's educational rights holder) who has direct responsibility for the care of the student, including a certified or licensed foster parent, an approved relative or nonrelated extended family member, or a resource family, may access the current or most recent records of grades, transcripts, attendance, discipline, and online communication on platforms established by the Charter School for students and parents, and any individualized education program ("IEP") or Section 504 plan that may have been developed or maintained by the Charter School; and/or

12. A victim of an alleged perpetrator of a crime of violence or a non-forcible sex offense. The disclosure may only include the final results of the disciplinary proceedings conducted by the Charter School with respect to that alleged crime or offense. The Charter School discloses the final results of the disciplinary proceeding regardless of whether the Charter School concluded a violation was committed.

"Directory Information" is information that is generally not considered harmful or an invasion of privacy if released. The Charter School may disclose the personally identifiable information that it has designated as directory information without a parent's or eligible student's prior written consent. The Charter School has designated the following information as directory information:

1. Student's full name
2. Grade enrolled
3. Degrees, honors and awards received
4. Club participation
5. Sports participation, including athlete's height and/or weight
6. Student ID number, user ID, or other unique personal identifier used to communicate in electronic systems that cannot be used to access education records without a PIN, password, etc. (A student's social security number, in whole or in part, cannot be used for this purpose.)
7. Dates of attendance

If you do not want the Charter School to disclose directory information from your child's education records without your prior written consent, you must notify the Charter School in writing at the time of enrollment or re-enrollment.

Please notify the Executive Director. A copy of the complete Policy is available upon request at the main office.

Charter School shall not release directory information regarding a student identified as a homeless child or youth under the McKinney Vento Homeless Assistance Act in the absence of parent, guardian, or eligible student's written consent, except as follows:

a. When the directory information is released for the purposes of facilitating the student's access to an oral assessment or eye examination required by Charter School, unless the parent/guardian opts out of the examination.

Please note that data collected and reported by Charter School to the California Longitudinal Pupil Achievement Data System ("CALPADS"[2]) pursuant to state law, will be automatically shared with the California College Guidance Initiative ("CCGI"[3]) and will:

1) Be used to provide pupils and families with direct access to online tools and resources.

2) Enable a pupil to transmit information shared with the CCGI to both of the following:

    a. Postsecondary educational institutions for purposes of admissions and academic placement.

    b. The Student Aid Commission for purposes of determining eligibility for, and increasing uptake of, student financial aid.

Please visit the CCGI website at CaliforniaColleges.edu to access resources that help students and their families learn about college admissions requirements.

Student Fees

No student shall be required to pay a fee, deposit, or other charge for their participation in an educational activity which constitutes an integral fundamental part of Aspire's educational program [Education Code §§ 49010-49013]. This general prohibition against student fees, unless authorized by law, shall not restrict Aspire from soliciting for voluntary donations, participating in fundraising activities, and providing prizes or other recognition for participants in such activities and events. However, Aspire shall not offer or award to a student any course credit or privileges related to educational activities in exchange for voluntary donations or participation in fundraising activities by or on behalf of the student and shall not remove, or threaten to remove, from a student any course credit or privileges related to educational activities, or otherwise discriminate against the student, due to a lack of voluntary donations or participation in fundraising activities by or on behalf of the student. [2] CALPADS is a database maintained by the CDE which consists of pupil data from elementary and secondary schools relating to, among other things, demographic, program participation, enrollment, and statewide assessments data.
[3] CCGI is an authorized provider of an institutional service to all California local educational agencies and part of the state's efforts to make college-going a more streamlined experience for students. Married, Pregnant, Or Parenting Teens

Pregnant or parenting students, regardless of their marital status, have the right to attend Aspire Public Schools and to participate in any program or activity for which they would otherwise qualify in an environment free from discrimination or harassment [Education Code § 222]. Classes, programs and materials offered to pregnant and parenting students must be equal to those offered to other students and students must be provided access to those classes needed to complete their course of study.

Pregnant and parenting students have a right to full participation in school classes, programs, and activities and the opportunity to succeed academically while protecting their health and the health of their children.It is the school's responsibility to make reasonable accommodations to keep pregnant students safe on campus and facilitate their continued participation. Such accommodations may include, but are not limited to: additional time for use of facilities and class changes and home schooling during absences due to pregnancy related illness or recovery. Students should not be checked out from a school based on their pregnancy or parenting status. Pursuant to AB 2289, a pregnant or parenting pupil is entitled to 8 weeks of parental leave and during this leave, or more if deemed medically necessary by the student's physician, which the student may take before the birth of the student's infant if there is a medical necessity and after childbirth during the school year in which the birth takes place, inclusive of any mandatory summer instruction, in order to protect the health of the student who gives or expects to give birth and the infant, and to allow the pregnant or parenting student to care for and bond with the infant. Absences will be marked as excused.

Upon return to school after taking parental leave, a pregnant or parenting student will be able to make up work missed during the pregnant or parenting student's leave, including, but not limited to, makeup work plans and re-enrollment in courses. Notwithstanding any other law, a pregnant or parenting student may remain enrolled for a fifth year of instruction in their school if it is necessary in order for the student to be able to complete any graduation requirements, unless the school determines that the student is reasonably able to complete the graduation requirements in time to graduate from high school by the end of the student's fourth year of high school.

Complaints of noncompliance with laws relating to pregnant or parenting students may be filed under the Uniform Complaint Procedures ("UCP") of Aspire Public Schools. The complaint may be filed in writing with the compliance officer:

Professional Boundaries: Adult/Student Interaction Policy

This policy applies to all Aspire School employees, volunteers, contractors, and governing board ("Board") members[4] (collectively referred to as "adults" herein).

Professional Boundaries and Conduct

Aspire Public Schools recognizes its responsibility to make and enforce all rules and regulations governing student and adult behavior to bring about the safest and most learning-conducive environment possible.

Corporal Punishment

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of, or willfully causing the infliction of, physical pain on a student.

For purposes of this policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff, or other persons or to prevent damage to property.

For clarification purposes, the following examples are offered for direction and guidance of School employees, volunteers, contractors, and Board members:

Examples of Permitted Actions (Not Corporal Punishment):

1. Stopping a student from fighting with another student.

[4] This policy does not apply to student board members under Education Code 47604.2, or otherwise.

2. Preventing a pupil from committing an act of vandalism.
3. Defending oneself from physical injury or assault by a student.
4. Forcing a pupil to give up a weapon or dangerous object.
5. Requiring a student on an athletic team to participate in strenuous physical training activities designed to strengthen or condition team members or improve their coordination, agility, or physical skills;
6. Engaging in group calisthenics, team drills, or other physical education or voluntary recreational activities.

Examples of Prohibited Actions (Corporal Punishment):

1. Hitting, shoving, pushing, or physically restraining a student as a means of control.
2. Making unruly students do push-ups, run laps, or perform other physical acts that cause pain or discomfort as a form of punishment.
3. Paddling, swatting, slapping, grabbing, pinching, kicking, or otherwise causing physical pain.

This policy is intended to guide adults in conducting themselves in a way that reflects the high standards of behavior and professionalism required of them and to specify the boundaries between adults and students.

Although this policy gives specific, clear direction, it is each adult's obligation to avoid situations that could prompt suspicion by parents/guardians, students, colleagues, or School leaders. One viable standard that can be quickly applied, when you are unsure if certain conduct is acceptable, is to ask yourself, "Would I be engaged in this conduct if my family or colleagues were standing next to me?"

For the purposes of this policy, the term "boundaries" is defined as acceptable professional behavior by an adult while interacting with a student, whether during school hours or outside of school hours, including through social media platforms, text messaging, and other forms of communication that do not otherwise include a student's parent/guardian. Trespassing the boundaries of a student/adult relationship is deemed an abuse of power and a betrayal of public trust.

Professional boundaries apply not only between students and staff, volunteers, and contractors, and Board members, but also among and between students, and among and between adults employed, volunteering, or under contract with the School. All members of the School community are expected to maintain professional conduct that models appropriate behavior and fosters a safe and respectful learning environment. Additionally, all facilities/areas under School control shall be effectively supervised to promote a safe environment for students and individuals performing services on behalf of the School.

Some activities may seem innocent from an adult's perspective, but can be perceived as flirtation or sexual insinuation from a student or parent/guardian point of view. The

objective of the following lists of acceptable and unacceptable behaviors is not to restrain innocent, positive relationships between adults and students, but to prevent relationships that could lead to, or may be perceived as, sexual misconduct.

Adults must understand their own responsibility for ensuring that they do not cross the boundaries as written in this policy. Disagreeing with the wording or intent of the established boundaries will be considered irrelevant for disciplinary purposes. Thus, it is crucial that all adults learn this policy thoroughly and apply the lists of acceptable and unacceptable behaviors to their daily activities. Although sincere, competent interaction with students certainly fosters learning, student/adult interactions must have boundaries surrounding potential activities, locations, and intentions.

Duty to Report Suspected Misconduct

When any employee reasonably suspects or believes that another staff member may have crossed the boundaries specified in this policy, they must immediately report the matter to a School administrator. All reports shall be as confidential as possible under the circumstances. It is the duty of the administrator to investigate and thoroughly report the situation. Employees must also report to the administration any awareness or concern of student behavior that crosses boundaries or where a student appears to be at risk for sexual abuse, child abuse, or neglect.

Acceptable and Unacceptable Staff/Student Behavior

Aspire Public Schools is committed to ensuring a safe and supportive learning environment. The following guidelines outline acceptable and unacceptable behaviors to maintain appropriate boundaries between staff and students. This policy is intended to inform students and families about the high standards of behavior and professionalism expected from school staff.

Examples of Specific Behaviors

The following examples are not an exhaustive list:**Unacceptable Staff/Student Behaviors:**

- Communication with students via an employee's personal accounts, such as email and/or social media.

- Obtaining parents' written consent for any off site of after-school activity and obtaining formal approval to take students off school property for activities such as field trips or competitions.
- Professional Emails, texts, phone and instant messages to students pertaining to school activities or classes (communication shall be limited to school technology)
- Giving students praise and recognition without touching them, and keeping after-class discussions with students professional and brief.
- Keeping the door open when alone with a student.
- Keeping reasonable space between you and your students.
  Stopping and correcting students if they cross your own personal boundaries.
- Keeping parents/guardians informed when a significant issue develops about a student.
- Keeping after-class discussions with a student professional and brief.
- Asking for advice from fellow staff or administrators if you find yourself in a difficult situation related to boundaries.
- Involving your supervisor if conflict arises with the student.
- Informing the Principal about situations that have the potential to become more severe.
- Making detailed notes about an incident that could evolve into a more serious situation later.
- Recognizing the responsibility to stop unacceptable behavior of students or coworkers.
- Asking another staff member to be present if you will be alone with any student with special needs.
- Asking another staff member to be present when you must be alone with a student after regular school hours.
- Giving students praise and recognition without touching them.
- High fives, fist bumps, and handshakes are acceptable.
- Keeping your professional conduct a high priority.
- Asking yourself if your actions are worth your job and career.

If any student or parent suspects that a staff member has crossed professional boundaries, they should immediately report the matter to a school administrator. All reports will be kept as confidential as possible and will be appropriately investigated.

Section 504 Plan

The Charter School recognizes its legal responsibility to ensure that no qualified person with a disability shall, on the basis of disability, be excluded from participation, be denied the benefits of, or otherwise subjected to discrimination under any program of the Charter School. Any student who has an objectively identified disability which substantially limits a major life activity, including, but not limited to learning, is eligible for accommodations by the Charter School. The parent of any student suspected of needing or qualifying for accommodations under Section 504 may make a referral for an evaluation to the Principal. A copy of the Charter School's Section 504 policies and procedures is available upon request at the main office.

REFERENCE: Board Policy 8041 Identification And Education Under Section 504

Special Education

Aspire Public Schools serves all students, regardless of their disability. The Charter School provides special education instruction and related services in accordance with the Individuals with Disabilities Education Improvement Act ("IDEA"), Education Code requirements, and applicable policies and procedures of each Charter School's SELPA. These services are available for special education students enrolled at the Charter School. Schools are obligated to provide a "free appropriate public education" (FAPE) in the least restrictive environment (LRE). Referral for special education eligibility and services may come from teachers, parents, agencies, appropriate professional persons, and from other members of the public. Special Education referrals will be coordinated with school site procedures for students with needs that cannot be met with modifications of the regular instructional program, including referrals from student intervention teams, such as the Student Study Team (SST). . (For more information on the Special Education referral process, see the section *Child Find and Special Education Notification)*

Parent's Procedural Safeguards:

Procedural safeguards refer to the educational rights of students with disabilities ages three through 21 and their parents, legal guardians, or surrogate parents under the Individuals with Disabilities Education Act (IDEA) and the California Education Code. Adult students with disabilities who have reached the age of 18, referred to as the age of majority, are also entitled to these rights unless deemed unable to make their own educational decisions under California law. In addition to the requirement to provide notice of procedural safeguards at least once per year, a copy must also be provided to parents [34 CFR §300.504; EDC §56301(d)(2); EDC § 56321; and EDC § 56341.1(g)(1)]: (a) Upon initial referral or parental request for evaluation. (b) When sending out an Assessment Plan and/or Prior

Written Notice. (c) Upon receipt of the first state complaint in the school year. (d) Upon receipt of the first due process complaint in the school year. (e) In accordance with disciplinary procedures. (f) Upon parental request.

Child Find and Special Education Notification

If a student is eligible for Special Education, the programs and services are provided at no cost to you. Programs and services are individualized based on the needs identified for the student and may include specialized academic instruction, behavioral intervention services, speech therapy, physical and occupational therapy, and other special education related services. Developmental screening and/or comprehensive assessments for children who are suspected of having a disability which could adversely affect their educational development are provided at no cost to you.

A student must be evaluated and identified as having a disability under the Individuals with Disabilities Education Act (IDEA) to be eligible for special education programs and related services. Assessment is the process to determine a student's needs and eligibility for an Individualized Education Plan (IEP). No single procedure is used as the sole criterion for determining an appropriate educational program for an individual with exceptional needs. Assessments must address all areas related to the suspected disability and be conducted by a multidisciplinary team, including the parent. The evaluation will result in a written report consistent with Education Code § 56327.

Whenever a parent provides a request for assessment, the LEA has 15 days (tolled for school breaks in excess of 5 days) to review the request and respond in writing. If the LEA determines that assessment is appropriate, an assessment plan will be developed and a copy given to the parents/guardians. Parents/guardians have 15 days to respond to the proposed assessment plan. The assessment will begin upon receipt of the parent's written consent to the Individual Assessment Plan. The assessment must be completed and the IEP meeting held within 60 days of receipt (tolled for school breaks in excess of 5 days) of parent's written consent.

If any Aspire Public Schools family has questions or concerns with regard to an enrolled student receiving special education services, you have the right to request assistance in addition to copies of policies, procedures, evaluations, plans and reports by contacting the Aspire Regional Special Education office. Appointments or further information can be obtained by contacting the Aspire Regional Special Education office or by requesting information from your local school principal.

Education of Homeless Children and Youth (McKinney-Vento Reauthorization of 2002)

The term “homeless children and youth” means individuals who lack a fixed, regular and adequate nighttime residence. It includes children and youths who (42 U.S.C. § 11434a):

1. Are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations; are living in emergency or transitional shelters; or are abandoned in hospitals;

Homeless status is determined in cooperation with the parent or guardian. In the case of unaccompanied youth, status is determined by the McKinney-Vento Liaison at each school site. The contact information for this liaison can be obtained from the school's main website.

The liaison shall ensure that (42 U.S.C § 11432(g)(6)):

1. Homeless students are identified by Aspire personnel through outreach and coordination activities with other entities and agencies and through the annual housing questionnaire administered by Aspire.
2. Homeless students enroll in and have a full and equal opportunity to succeed at Aspire.
3. Homeless students and families receive educational services for which they are eligible, including services through Head Start programs (including Early Head Start programs) under the Head Start Act, early intervention services under part C of the Individuals with Disabilities Education Act, any other preschool programs administered by Aspire, if any, and referrals to health care services, dental services, mental health services and substance abuse services, housing services, and other appropriate services.

4. Parents/guardians are informed of the educational and related opportunities available to their children and are provided with meaningful opportunities to participate in the education of their children.
5. 6. Enrollment/admissions disputes are mediated in accordance with law, the School's charter, and Board policy.
7. Parents/guardians and any unaccompanied youth are fully informed of all transportation services, as applicable.

9. The Liaison collaborates with State coordinators and community and school personnel responsible for the provision of education and related services to homeless children and youths.
10. Unaccompanied youth are enrolled in school; have opportunities to meet the same challenging State academic standards as the State establishes for other children and youth; and are informed of their status as independent students under section 480 of the Higher Education Act of 1965 and that the youths may obtain assistance from the Liaison to receive verification of such status for the purposes of the Free Application for Federal Student Aid described in section 483 of the Act.

The California Department of Education publishes a list of the contact information for the Homeless Education Liaisons in the state, which is available at: https://www.cde.ca.gov/sp/hs/

Housing Questionnaire: Aspire shall administer a housing questionnaire for purposes of identifying homeless children and youth. Aspire shall ensure that the housing questionnaire is based on the best practices developed by the CDE. Aspire shall annually provide the housing questionnaire to all parents/guardians of students and to all unaccompanied youths at Aspire. The housing questionnaire shall include an explanation of the rights and protections a student has as a homeless child or youth or as an unaccompanied youth. The housing questionnaire shall be available in paper form. The housing questionnaire shall be available in English, and if fifteen (15) percent or more of the students enrolled Aspire speak a single primary language other than English, it shall also be written in the primary language. The questionnaire shall be translated into other languages upon request of a student's parent/guardian or an unaccompanied youth. Aspire shall collect the completed housing questionnaires and annually report to the CDE the number of homeless children and youths and unaccompanied youths enrolled. (Education Code Section 48851.)

School Stability: Aspire will work with homeless students and their parent/guardian to ensure that each student is placed in the least restrictive educational programs, and has

access to the academic resources, services, and extracurricular and enrichment activities that are available to all students, including, but not necessarily limited to, interscholastic sports. All decisions regarding a homeless student's education and placement will be based on the best interest of the child and shall consider, among other factors, educational stability and the opportunity to be educated in the least restrictive educational setting necessary to achieve academic progress.

Homeless students have the right to remain in their school of origin if it is in their best interest. Aspire will immediately enroll a homeless student seeking re enrollment in the School as the student's school of origin (subject to the School's capacity and pursuant to the procedures stated in the School's charter and Board policy). Aspire will also immediately enroll any homeless student seeking to transfer to the School (subject to the School's capacity and pursuant to the procedures stated in the School's charter and Board policy) regardless of the student's ability to meet normal enrollment documentation or uniform requirements (e.g., producing medical records or academic records from a previous school).

Homeless students have the right to remain in their school of origin following the termination of the child's status as a homeless student as follows:

1. For students in Kindergarten through eighth grade, inclusive, the student will be allowed to continue in the school of origin through the duration of the academic year in which the student's status changed.
2. For students enrolled in high school, the student will be allowed to continue in the school of origin through graduation.

If the School operates an intersession program, the School shall grant priority access to homeless students. Notwithstanding any other law, if the homeless student will be moving during an intersession period, the pupil's parent, guardian, educational rights holder, Indian custodian in the case of an Indian child, or, if none of the preceding are applicable, an accompanied homeless student themselves shall determine which school the pupil attends for the intersession period, if applicable. "Intersession program" means an expanded learning program offered by the School on non school days, including, but not limited to, summer school. "Indian custodian" is as the term is defined in Section 1903 of Title 25 of the United States Code.

High School Graduation Requirements: Homeless students who transfer to the School any time after the completion of their second year of high school shall be exempt from any of the School's graduation requirements that are in excess of the California minimum graduation requirements specified in Education Code section 51225.3 ("additional graduation requirements") unless the School makes a finding that the student is reasonably able to complete the School's graduation requirements by the end of the student's fourth year of high school.

To determine whether a homeless student is in their third or fourth year of high school, either the number of credits the student has earned to the date of transfer, the length of the student's school enrollment, or, for pupils with significant gaps in school attendance, the pupil's age as compared to the average age of pupils in the third or fourth year of high school may be used, whichever will qualify the student for the exemption.

Within **thirty (30) calendar days** of the date that a student who may qualify for exemption under the above requirements transfers into the School, the School shall notify the student, the student's educational rights holder ("ERH"), and the School Liaison of the availability of the exemption and whether the student qualifies for an exemption.

The School shall notify and consult with students who are exempted from the School's additional graduation requirements and the student's ERH. The consultation shall include all of the following:

1. Discussion regarding how any of the requirements that are waived may affect the pupil's postsecondary education or vocation plans, including the ability to gain admission to a postsecondary educational institution.
2. Discussion and information about other options available to the pupil, including, but not limited to, a fifth year of high school, possible credit recovery, and any transfer opportunities available through the California Community Colleges.
3. Consideration of the pupil's academic data and any other information relevant to making an informed[5] decision on whether to accept the exemption.

The School shall not require any student who would otherwise be entitled to remain in attendance at the School to accept the exemption from the School's additional graduation requirements or deny the student enrollment in, or the ability to complete, courses for which the student is otherwise eligible. The School shall not revoke an exemption and shall grant an eligible student's request for the exemption at any time if the student qualifies, regardless of whether the student previously declined the exemption.

If a homeless student who was eligible for an exemption and 1) was not properly notified of the availability of the exemption, or 2) previously declined the exemption pursuant to this Policy, the School shall exempt the student within thirty (30) days of the exemption request, if an exemption is requested by the student or the student's ERH and the student at one time qualified for the exemption, even if the student is no longer homeless.

An eligible student's exemption from the School's additional graduation requirements will continue to apply while the student is enrolled in the School or if the student transfers to another school even after the student no longer meets the definition of a homeless child.

[5] [1] "Indian custodian" means any Indian person who has legal custody of an Indian child under tribal law or custom or under State law or to whom temporary physical care, custody, and control has been transferred by the parent of such child. *Section 1903 of Title 25 of the United States Code*

The School shall not require or request that a student transfer schools in order to qualify the student for the exemption. Nor shall a student, a student's parent/guardian or educational rights holder, or a student's social worker or probation officer request a transfer solely to qualify for an exemption from the School's additional graduation requirements.

If a student who is exempted from the School's additional graduation requirements completes the California minimum coursework requirements specified in Education Code section 51225.3 before the end of the student's fourth year of high school and would otherwise be entitled to remain in attendance at the School, the School shall not require or request that the student graduate before the end of the student's fourth year of high school.

If the School determines the student is reasonably able to complete the School's additional graduation requirements by the end of the student's fifth year of high school, the School shall do the following:

1. Consult with the student and the student's ERH regarding the student's option to remain at the School for a fifth year to complete the School's graduation requirements, consistent with the laws regarding continuous enrollment and satisfactory progress for School students over age 19.
2. Consult with the student, and the ERH for the student, about how remaining in school for a fifth year to complete the School's graduation requirements will affect the student's ability to gain admission to a postsecondary educational institution.
3. Consult with and provide information to the student and the student's ERH about transfer opportunities available through the California Community Colleges.
4. Permit the student to stay at the School for a fifth year to complete the School's graduation requirements upon agreement with the student, if the student is 18 years of age or older, or, if the student is under 18 years of age, upon agreement with the student's ERH.
5. Consult with the student, and the student's ERH, regarding the student's option to remain in the school of origin.

Through January 1, 2028, upon making a finding that a homeless student is not reasonably able to complete the School's additional graduation requirements but is reasonably able to complete state coursework requirements specified in Education Code Section 51225.3 within the student's fifth year of high school, the Principal or designee shall exempt the pupil from School's graduation requirements and provide pupil the option of remaining in school for a fifth (5th) year to complete the statewide coursework requirements. The School shall consult with the homeless student and the student's ERH regarding all of the following:

1. The pupil's option to remain in school for a fifth year to complete the statewide coursework requirements.
2. How waiving the local educational requirements and remaining in school for a fifth year may affect the pupil's postsecondary education or vocation plans, including the ability to gain admission to a institution of higher education.

3. Whether any other options are available to the pupil, including, but not limited to, possible credit recovery, and any transfer opportunities available through the California Community Colleges.
4. The pupil's academic data and any other information relevant to making an informed decision on whether to accept the exemption and option to remain in school for a fifth year to complete the statewide coursework requirements.

If a homeless student is not eligible for an exemption in the year in which the pupil transfers between schools, because School makes a finding that the pupil is reasonably able to complete School's additional graduation requirements in time to graduate from high school by the end of the pupil's fourth year of high school, then the School shall do the following:

1. Within the first 30 calendar days of the following academic year, the School shall reevaluate eligibility;
2. Provide written notice to the pupil, the ERH, and the pupil's social worker or probation officer, if applicable, whether the pupil qualifies for an exemption upon reevaluation , based on the course completion status of the pupil at the time of reevaluation, to determine if the pupil continues to be reasonably able to complete the School's additional graduation requirements in time to graduate from high school by the end of the pupil's fourth year of high school.
3. If, given their course completion status at that time the reevaluation is conducted, the pupil is not reasonably able to complete the School's additional graduation requirements in time to graduate from high school by the end of the pupil's fourth year of high school, the School shall provide written notice to the pupil and the ERH of the pupil's options to:
    i. Receive an exemption from all coursework and other requirements adopted by the governing board body of School that are in addition to the statewide coursework requirements specified in Section 51225.3, or
    ii. Upon agreement with the ERH, stay in school for a fifth year to complete the School's additional graduation requirements.

The pupil (if not a minor) or the ERH shall have sole discretion whether to accept the exemption, based on the pupil's best educational interests.

Reporting Requirements: Aspire shall report to the California Department of Education ("CDE") annually on the number of pupils who, for the prior school year, graduated with an exemption from the School's graduation requirements that are in addition to the statewide coursework requirements. This data shall be reported for pupils graduating in the fourth year and fifth year cohorts, and shall be disaggregated by cohort, pupil category, race, and disability status. The CDE shall make this data publicly available on an annual basis aligned with other reporting timelines for the California dashboard graduation data.

Acceptance of Course Work: Aspire will accept any coursework satisfactorily completed at any public school, a juvenile court school, a school in a country other than the United States, and/or a nonpublic, nonsectarian school or agency by a homeless student.

Aspire will provide homeless students credit for the partial completion of courses taken while attending a public school, a juvenile court school, a school in a country other than the United States, and/or a nonpublic, nonsectarian school or agency. If the student did not complete the entire course, the School shall not require the student to retake the portion of the course the student completed unless the School, in consultation with the holder of educational rights for the student, finds that the student is reasonably able to complete the requirements in time to graduate from high school. When partial credit is awarded in a particular course, the homeless student shall be enrolled in the same or equivalent course, if applicable, so that the student may continue and complete the entire course. These students shall not be prevented from taking or retaking a course to meet California State University or the University of California admission eligibility requirements.

Complaints of Noncompliance: A complaint of noncompliance with any of the requirements outlined above may be filed through the Aspire Uniform Complaint Procedures. A copy of the Uniform Complaint Policy and Procedures is available upon request at the main office.

Availability of Complete Policy: For any homeless student who enrolls at the Charter School, a copy of the Charter School's complete policy shall be provided at the time of enrollment. A copy of the complete Policy is available upon request at the main office.**REFERENCE:** Board Policy 8028 Education for Homeless Students

- *"Currently Migratory Child"* refers to a child who, within the last 12-months, has moved with a parent, guardian, or other person having custody to the Charter School from another Local Educational Agency ("LEA"), either within California or from another state, so that the child or a member of the child's immediate family might secure temporary or seasonal employment in an agricultural or fishing activity, and whose parents or guardians have been informed of the child's eligibility for migrant education services. This includes a child who, without the parent/guardian, has continued to migrate annually to secure temporary or seasonal employment in an agricultural or fishing activity.
- *"Newcomer pupil"* is a person aged 3 to 21 years, who was not born in any of the 50 United States, the District of Columbia, or the Commonwealth of Puerto Rico, and has not been attending one or more schools in any one or more of the 50 United States, the District of Columbia, or the Commonwealth of Puerto Rico, for more than three (3) full academic years. This also includes a "pupil participating in a newcomer program," as defined in Education Code section 51225.2, as that section read on January 1, 2023, who was enrolled in the Charter School before January 1, 2024. The Charter School may, in its discretion, also extend the rights in Education Code sections 51225.1 and 51225.2 to a "pupil participating in a newcomer program," as defined in Education Code section 51225.2, as that section read on January 1, 2023.

[6] The Charter School shall not require an Indian tribe or tribal court representative to certify that any student is a dependent of an Indian tribe, consortium of tribes, or tribal organization.

- *"Educational Rights Holder" ("ERH")* means a parent, guardian, or responsible adult appointed by a court to make educational decisions for a minor pursuant to WIC sections 319, 361 or 726, or a person holding the right to make educational decisions for the student pursuant to Education Code section 56055.

- *"School of origin"* means the school that the foster youth attended when permanently housed or the school in which the foster youth was last enrolled. If the school the foster youth attended when permanently housed is different from the school in which the student was last enrolled, or if there is some other school that the foster youth attended within the immediately preceding 15 months, the Charter School liaison for foster youth, in consultation with and with the agreement of the foster youth and the ERH for the youth, shall determine, in the best interests of the foster youth, the school that shall be deemed the school of origin. For a foster youth who is an individual with exceptional needs as defined in Education Code section 56026, "school" as used in the definition of "school of origin" includes a placement in a nonpublic, nonsectarian school as defined in Education Code section 56034, subject to the requirements of Education Code section 56325.

- *"Best interests"* means that, in making educational and school placement decisions for a foster youth, consideration is given to, among other factors, the opportunity to be educated in the least restrictive educational program and the foster youth's access to academic resources, services, and extracurricular and enrichment activities that are available to all Charter School students.

- *"Partial coursework satisfactorily completed"* includes any portion of an individual course, even if the student did not complete the entire course.

Within this notice, foster youth, former juvenile court school students, a child of a military family, a currently migratory child, and a newcomer pupil will be collectively referred to as "Foster and Mobile Youth." Within this notice, a parent, guardian, or other person holding the educational rights for a Foster and Mobile Youth will be referred to as a "parent/guardian" or "ERH."

Foster and Mobile Youth Liaison: The contact information for this liaison can be obtained from the school's main website.

The Foster and Mobile Youth Liaison's responsibilities include but are not limited to the following:

1. Ensuring and facilitating the proper educational placement, enrollment in school, and checkout from school of foster children.

2. Assisting foster children when transferring from one school to another school in ensuring proper transfer of credits, records and grades.

School Stability: The Charter School will work with foster youth and their parent/guardian to ensure that each student is placed in the least restrictive educational programs, and has access to the academic resources, services, and extracurricular and enrichment activities that are available to all students, including, but not necessarily limited to, interscholastic sports. All decisions regarding a foster youth's education and placement will be based on the best interest of the child and shall consider, among other factors, educational stability and the opportunity to be educated in the least restrictive educational setting necessary to achieve academic progress.

Foster youth, currently migratory children and children of military families have the right to remain in their school of origin if it is in their best interest. The Charter School will immediately enroll a foster youth, currently migratory child or child of a military family seeking reenrollment in the Charter School as the student's school of origin (subject to the Charter School's capacity and pursuant to the procedures stated in the Charter School's charter and Board policy). If a dispute arises regarding a foster youth's request to remain in the Charter School as the school of origin, the foster youth has the right to remain in the Charter School pending the resolution of the dispute. The Charter School will also immediately enroll any foster youth, currently migratory child or child of a military family seeking to transfer to the Charter School (subject to the Charter School's capacity and pursuant to the procedures stated in the Charter School's charter and Board policy) regardless of the student's ability to meet normal enrollment documentation or uniform requirements (e.g., producing medical records or academic records from a previous school).

Foster youth, currently migratory children, and children of military families have the right to remain in their school of origin following the termination of the child's status as a foster youth, currently migratory child or child of a military family, as follows:

1. For students in Kindergarten through eighth grade, inclusive, the student will be allowed to continue in the school of origin through the duration of the academic year in which the student's status changed.

2. For students enrolled in high school, the student will be allowed to continue in the school of origin through graduation.

If the Charter School operates an intersession program, Charter School shall grant priority access to foster youths. Notwithstanding any other law, if the foster youth will be moving during an intersession period, the pupil's educational rights holder, or Indian custodian in the case of an Indian child, shall determine which school the pupil attends for the intersession period, if applicable. "Intersession program" means an expanded learning program offered by the Charter School on nonschooldays, including, but not limited to, summer school. "Indian custodian" is as the term is defined in Section 1903 of Title 25 of the United States Code.

High School Graduation Requirements: Foster and Mobile Youth who transfer to the Charter School any time after the completion of their second year of high school, and newcomer pupils who are in their third or fourth year of high school, shall be exempt from any of the

Charter School's graduation requirements that are in excess of the California minimum graduation requirements specified in Education Code section 51225.3 ("additional graduation requirements") unless the Charter School makes a finding that the student is reasonably able to complete the Charter School's graduation requirements by the end of the student's fourth year of high school.

To determine whether a Foster and Mobile Youth is in their third or fourth year of high school, either the number of credits the student has earned to the date of transfer, the length of the student's school enrollment, or, for students with significant gaps in school attendance, the student's age as compared to the average age of students in the third or fourth year of high school, may be used, whichever will qualify the student for the exemption. For a newcomer pupil, enrollment in grade 11 or 12, based on the average age of students in the third or fourth year of high school, may be used to determine whether the student is in their third or fourth year of high school.

Within thirty (30) calendar days of the date that a student who may qualify for exemption under the above requirements transfers into the Charter School, the Charter School shall notify the student, the parent/guardian, and where applicable, the student's social worker or probation officer, of the availability of the exemption and whether the student qualifies for an exemption.

The Charter School shall notify and consult with students who are exempted from the Charter School's additional graduation requirements and the student's ERH. The consultation shall include all of the following:

1. Discussion regarding how any of the requirements that are waived may affect the pupil's postsecondary education or vocation plans, including the ability to gain admission to a postsecondary educational institution.
2. Discussion and information about other options available to the pupil, including, but not limited to, a fifth year of high school, possible credit recovery, and any transfer opportunities available through the California Community Colleges.
3. Consideration of the pupil's academic data and any other information relevant to making an informed decision on whether to accept the exemption.

The Charter School shall not require any student who would otherwise be entitled to remain in attendance at the Charter School to accept the exemption from the Charter School's additional graduation requirements or deny the student enrollment in, or the ability to complete, courses for which the student is otherwise eligible. The Charter School shall not revoke an exemption and shall grant an eligible student's request for the exemption at any time if the student qualifies, regardless of whether the student previously declined the exemption.

If a Foster and Mobile Youth who was eligible for an exemption and 1) was not properly notified of the availability of the exemption, or 2) previously declined the exemption pursuant to this Policy, the Charter School shall exempt the student within thirty (30) days of the exemption request, if an exemption is requested by the student or the student's ERH and the student at one time qualified for the exemption, even if the student is no longer a Foster and Mobile Youth or the court's jurisdiction of the pupil has terminated.

An eligible student's exemption from the Charter School's additional graduation requirements will continue to apply while the student is enrolled in the Charter School or if the student transfers to another school even after the court's jurisdiction terminates or the student no longer meets the definition of Foster and Mobile Youth.

The Charter School shall not require or request that a student transfer schools in order to qualify the student for the exemption. Nor shall a student, a student's parent/guardian or educational rights holder, or a student's social worker or probation officer request a transfer solely to qualify for an exemption from the Charter School's additional graduation requirements.

If a student who is exempted from the Charter School's additional graduation requirements completes the California minimum coursework requirements specified in Education Code section 51225.3 before the end of the student's fourth year of high school and would otherwise be entitled to remain in attendance at the Charter School, the Charter School shall not require or request that the student graduate before the end of the student's fourth year of high school.

If the Charter School determines the student is reasonably able to complete the Charter School's additional graduation requirements by the end of the student's fifth year of high school, the Charter School shall do the following:

1. Consult with the student and the student's ERH regarding the student's option to remain at the Charter School for a fifth year to complete the Charter School's graduation requirements, consistent with the laws regarding continuous enrollment and satisfactory progress for Charter School students over age 19.

2. Consult with the student, and the ERH for the student, about how remaining in school for a fifth year to complete the Charter School's graduation requirements will affect the student's ability to gain admission to a postsecondary educational institution.

3. Consult with and provide information to the student and the student's ERH about transfer opportunities available through the California Community Colleges.

4. Permit the student to stay at the Charter School for a fifth year to complete the Charter School's graduation requirements upon agreement with the student, if the

student is 18 years of age or older, or, if the student is under 18 years of age, upon agreement with the student's ERH.

5. For a student identified as a foster youth, consult with the student, and the student's ERH, regarding the student's option to remain in the school of origin.

Through January 1, 2028, upon making a finding that a Foster and Mobile Youth **is not reasonably able to complete the Charter School's additional graduation requirements but is reasonably able to complete state coursework requirements specified in Education Code Section 51225.3** within the student's fifth year of high school, the Executive Director or designee shall exempt the pupil from Charter School's graduation requirements and provide pupil the option of remaining in school for a fifth (5th) year to complete the statewide coursework requirements. Charter School shall consult with the Foster and Mobile Youth and their ERH regarding all of the following:

1. The pupil's option to remain in school for a fifth year to complete the statewide coursework requirements.
2. How waiving the local educational requirements and remaining in school for a fifth year may affect the pupil's postsecondary education or vocation plans, including the ability to gain admission to an institution of higher education.
3. Whether any other options are available to the pupil, including, but not limited to, possible credit recovery, and any transfer opportunities available through the California Community Colleges.
4. The pupil's academic data and any other information relevant to making an informed decision on whether to accept the exemption and option to remain in school for a fifth year to complete the statewide coursework requirements.

If a Foster and Mobile Youth is not eligible for an exemption in the year in which the pupil transfers between schools, or for a newcomer pupil, is not eligible for an exemption in the student's third year of high school, because Charter School makes a finding that the pupil is reasonably able to complete Charter School's additional graduation requirements in time to graduate from high school by the end of the pupil's fourth year of high school, then Charter School shall do the following:

1. Within the first 30 calendar days of the ***following*** academic year, Charter School shall reevaluate eligibility;
2. Provide written notice to the pupil, the pupil's ERH, and the pupil's social worker or probation officer, if applicable, whether the pupil qualifies for an exemption upon reevaluation, based on the course completion status of the pupil at the time of reevaluation, to determine if the pupil continues to be reasonably able to complete Charter School's additional graduation requirements in time to graduate from high school by the end of the pupil's fourth year of high school.

3. If, given their course completion status at that time the reevaluation is conducted, the pupil is not reasonably able to complete Charter School additional graduation requirements in time to graduate from high school by the end of the pupil's fourth year of high school, the Charter School shall provide written notice to the pupil and the pupil's ERH of the pupil's options to:

    i. Receive an exemption from all coursework and other requirements adopted by the governing board body of Charter School that are in addition to the statewide coursework requirements specified in Section 51225.3, **or**

    ii. Upon agreement with the pupil's ERH, stay in school for a fifth year to complete the Charter School's additional graduation requirements.

The pupil (if not a minor) or the pupil's ERH shall have sole discretion whether to accept the exemption, based on the pupil's best educational interests.

Reporting Requirements: Charter School shall report to the California Department of Education ("CDE") annually on the number of pupils who, for the prior school year, graduated with an exemption from the Charter School's graduation requirements that are in addition to the statewide coursework requirements. This data shall be reported for pupils graduating in the fourth year and fifth year cohorts, and shall be disaggregated by cohort, pupil category, race, and disability status. The CDE shall make this data publicly available on an annual basis aligned with other reporting timelines for the California dashboard graduation data. For purposes of this notice, "pupil category" means the categories of pupils identified in the "Definitions" section of this Policy, above.

Acceptance of Course Work: The Charter School will accept any coursework satisfactorily completed at any public school, a juvenile court school, a school in a country other than the United States, and/or a nonpublic, nonsectarian school or agency by a Foster and Mobile Youth.

The Charter School will provide Foster and Mobile Youth credit for the partial completion of courses taken while attending a public school, a juvenile court school, a school in a country other than the United States, and/or a nonpublic, nonsectarian school or agency. If the student did not complete the entire course, the Charter School shall not require the student to retake the portion of the course the student completed unless the Charter School, in consultation with the holder of educational rights for the student, finds that the pupil is reasonably able to complete the requirements in time to graduate from high school. When partial credit is awarded in a particular course, the Foster and Mobile Youth shall be enrolled in the same or equivalent course, if applicable, so that the student may continue and complete the entire course. These students shall not be prevented from taking or retaking a course to meet California State University or the University of California admission eligibility requirements.

Student Records: When the Charter School receives a transfer request and/or student records request for the educational information and records of a foster youth from a new local educational agency ("LEA"), the Charter School shall provide these student records within two (2) business days. The Charter School shall compile the complete educational record of the student, including but not limited to a determination of seat time, full or partial credits earned, current classes and grades, immunization and other records, and, if applicable, a copy of the student's special education records including assessments, IEPs, and/or 504 plans. All requests for student records will be shared with the Foster and Mobile Youth Liaison, who shall be aware of the specific educational recordkeeping needs of Foster and Mobile Youth.

The Charter School shall not lower a foster youth's grades as a result of the student's absence due to a verified court appearance, related court ordered activity, or a change the placement of the student made by a county or placing agency. If a foster youth is absent from school due to a decision to change the placement of the student made by a county or placing agency, the grades and credits of the pupil will be calculated as of the date the student left the Charter School.

In accordance with the Charter School's educational records and student information Policy, under limited circumstances, the Charter School may disclose student records or personally identifiable information contained in those records to certain requesting parties including but not limited to a foster family agency and state and local authorities within a juvenile justice system, without parent/guardian consent. Students who are 16 years of age or older or have finished 10th grade may access their own school records.

Discipline Determinations: If the Charter School intends to extend the suspension of any foster youth pending a recommendation for expulsion, the Charter School will invite the student's attorney and an appropriate representative from the relevant county agency to participate in the meeting at which the extension of the suspension will be discussed.

If the Charter School intends to suspend for more than ten (10) consecutive school days or expel a student with a disability who is also a foster youth due to an act for which the recommendation for expulsion is discretionary, the Charter School will invite the student's attorney and an appropriate representative from the relevant county agency to participate in the Manifestation Determination Review meeting.

Complaints of Noncompliance: A complaint of noncompliance with any of the requirements outlined above may be filed through the Charter School's Uniform Complaint Procedures. A copy of the Uniform Complaint Policy and Procedures is available upon request at the main office.

Availability of Complete Policy: For any Foster and Mobile Youth who enrolls at the Charter School, a copy of the Charter School's complete foster youth policy shall be provided at the time of enrollment. A copy of the complete Policy is available upon request at the main office.

Social-Emotional School Counseling Programs

This section provides general information about the counseling services at Aspire schools. It is not intended to be an exhaustive list of the particular requirements for mental health services at a specific school nor do all Aspire schools have the capacity to provide counseling services. Please contact the school's main office to determine specific protocols at this school site.

School-based, social-emotional counseling is available on a limited basis through our school counseling department. However, the scope of practice for a school based Mental Health Therapist is much more limited than that of an outside therapy agency or provider. School based Mental Health Therapists work with students focused on issues that are present during the school day, specifically working to ameliorate presenting problems' impact on a student's educational achievement. **Counseling in the school setting is not meant to replace therapeutic interventions or treatment from outside agencies or providers for mental health concerns.** Parents should not expect the level of counseling at a school site to be sufficient to support the needs of students with significant mental health issues. Additionally, school based counseling services are only available during regular school days and times.

Counseling services are not guaranteed for students. Students referred for services may be placed on a waiting list until such time as the counseling staff has an opening. Students may be moved on the wait-list based on school discretion and applicable State and Federal laws. As stated above, however, school counseling resources are limited and counseling services are not guaranteed for every referral received.

For information about resources available in your community, please contact your school's front office to speak with a staff member. The following are resources available nationally:

Extra-curricular Involvement

Student Organizations Policy
Aspire believes that encouraging students to organize according to a wide variety of interests is part of accomplishing its mission statement. No student organization shall be denied based solely on its topic or subject. However, no student organization shall be formed that, through its bylaws or practices, excludes or harms any member of the student body on the basis of the characteristics listed in Education Code § 220 (actual or perceived disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, religious affiliation, sexual orientation, immigration status, or any other characteristic that is contained in the definition of hate crimes set forth in Section 422.55 of the Penal Code or association with an individual who has any of the aforementioned characteristics) and Education Code § 221.5, or that in philosophy or practice does not comply with the mission, expectations, and rules of Aspire or the school.

Student Expression And Media Policy
All students are entitled to enjoy the rights protected by the Federal and State constitution and laws for persons of their age and maturity in a school setting [Education Code §§ 48907, 48950]. Students should exercise these rights reasonably and avoid disrupting school activities or violating the rights of others. For example, protected freedom of expression does not include acts or threats of violence, harassment or hate speech. Students who violate the rights of others or violate school policies or rules may be subject to disciplinary measures, as the circumstances warrant.

Freedom of expression shall include the right to present a point of view; the right to dissent; and the right to silence and privacy. Student freedom of expression shall be limited only as allowed by law in order to maintain an orderly school environment and to protect the rights, health, and safety of all members of the school community.

Please see the Student Freedom of Speech and Expression Policy on the website for more information.

Clubs and Activities

co-curricular activity. Activity & Athletic eligibility are discussed fully in Aspire Board Policies and Administrative Regulations. A co-curricular activity is defined as a program that may be associated with the curriculum in a regular classroom that meets one of the following criteria:

- The program is supervised by an Aspire employee.
- The program's finances are overseen by the school.
- Students participating in the program represent the school.
- The program includes both preparation for and performance before an audience or spectators.

Student Behavior and Discipline

Notice of Regulations

The Aspire school's administration shall ensure that students and their parents/ guardians are notified in writing upon enrollment of all discipline policies, rules and procedures. This handbook satisfies this requirement by describing expectations for student behavior, plans for managing student behavior and consequences for not adhering to expectations.

Positive Behavior Support Systems

Aspire Public Schools is committed to supporting all students through the implementation of systems that build a positive school culture. This includes both overarching intervention frameworks as well as specific culture and positive behavior building programs. Some specific systems we use include:

Multi-tiered Systems of Support (MTSS):

- MTSS is the next evolution of Response to Intervention, which focuses much more on the whole child and creates a tiered system of support that takes into account not just academic or behavioral needs, but also the impact of the environment on these needs.
- Trauma-Informed Practices: We recognize the real impact trauma has on individual students and our broader community. Aspire Public Schools strives to use trauma-informed practices, including creating classrooms that are predictable and consistent, so that our students' environment is a safe space for learning.
- Restorative Practices (RP): RP promotes positive relationships and community building while providing meaningful opportunities for members of the school community to share the responsibility for making our schools a safe and nurturing environment. Restorative Practices are used throughout all tiers of support and intervention to create positive school culture, alternative discipline and change.
- Social-Emotional Learning (SEL) Our approach to Social and Emotional Learning (SEL) is to create a positive school climate and culture and foster the social and emotional growth of our scholars and teammates through adopting an intentional focus on the integration of SEL throughout our entire instructional pyramid and beyond. Aspire will be moving forward with an Aspire-wide TK-12 adoption and roll out of SEL principles

and programming. Our Social and Emotional Learning Program is a key element in advancing our Equity efforts at Aspire, by ensuring each scholar is receiving the types and appropriate level of support they need to reach their potential.

Aspire is committed to supporting our students' social and emotional development to be caring and productive citizens. We engage in culturally responsive and equitable practices in our communities of students, families, and teammates to cultivate the following lifelong skills in each Aspire scholar and educator:

- Managing emotions and behaviors
- Feeling and expressing empathy and compassion for others
- Making responsible decisions
- Setting and achieving positive goals

Aspire Public Schools utilizes proven SEL programs and other techniques to include SEL in our regular day program. This program is in addition to the many other culture and skill building opportunities occurring at your child's school.

Behavior Management Cycle

Staff shall enforce disciplinary rules and procedures fairly and consistently among all students. These rules and procedures will clearly describe the Aspire School's discipline expectations, and it will be printed and distributed as part of the annual notifications that are sent to each student at the beginning of the school year.

Discipline includes, but is not limited to, advising and conferring with students, conferring with parents/ guardians, detention during and after school hours, use of alternative educational environments, suspension and expulsion.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of these regulations, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

Alternative Means of Correction

For a student facing discipline for a discretionary offense listed below, the Executive Director may, whenever possible and practicable, provide alternatives to suspension or expulsion. These alternatives shall use a research-based framework with age-appropriate strategies that improve behavioral and academic outcomes while addressing and correcting the student's specific misbehavior.

Charter School shall not suspend or expel any student based solely on the fact that they are truant, tardy, or otherwise absent from school activities. Violations of the school's attendance expectations shall be addressed in accordance with Charter School Attendance and Truancy Policy and/or Independent Study Policy, as applicable.

No student may be suspended or expelled for willful defiance or disruption. Alternatively, Charter School staff may refer a student who engages in willful defiance and/or disruption to the Principal or designee for appropriate and timely in-school interventions or supports. Within five (5) business days, the Executive Director or designee shall:

1) Document the actions taken and save the document to the student's record
2) Inform the referring staff member what actions were taken and if none, the rationale used for not providing any appropriate or timely in-school interventions or supports.

For a student who has been suspended, or for whom other means of correction have been implemented, for an incident of racist bullying, harassment, or intimidation, Charter School may require both the victim and perpetrator to engage in restorative justice practices. Charter School may also require perpetrators to engage in culturally sensitive programs that promote racial justice and equity to combat racism and ignorance.

Charter School may utilize its Multi-Tiered System of Supports, which includes restorative justice practices, trauma-informed practices, social and emotional learning, and schoolwide positive behavior interventions and support, to help students gain critical social and emotional skills, receive support to help transform trauma-related responses, understand the impact of their actions, and develop meaningful methods for repairing harm to the school community.

At the discretion of an administrator, a student can complete any combination of (but not limited to) the following alternatives to suspension listed below:

- Research Project
- Presentation
- Campus Beautification
- Family Meeting or Shadow
- Community Service
- Check-In/Check-Out

The alternative to suspension must be completed during the time frame determined by the administrator.

Suspension and Expulsion Policy

Aspire's Board of Directors desires to provide all Aspire scholars access to educational opportunities in an orderly school environment that protects their safety and security, ensures their welfare and well-being, and promotes their learning and development. The Board shall develop rules and regulations setting the standards of behavior expected of district students and the disciplinary processes and procedures for addressing violations of those standards, including suspension and/or expulsion. Aspire's Board of Directors believes that behavior communicates need; as such, we use logical consequences, alternatives to suspension, MTSS interventions, and Restorative Practices whenever possible.

A student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability pursuant to the Individuals with Disabilities Education Improvement Act of 2004 ("IDEA") or who is qualified for services under Section 504 of the Rehabilitation Act of 1973 ("Section 504") is subject to the same grounds for suspension and expulsion and is accorded the same due process procedures applicable to general education students except when federal and state law requires additional or different procedures. The Charter School will follow all applicable federal and state laws including but not limited to the applicable provisions of the Education Code, when imposing any form of discipline on a student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in according due process to such students.

No student shall be involuntarily removed by the Charter School for any reason unless the parent/guardian of the student has been provided written notice of intent to remove the student no less than five (5) school days before the effective date of the action. The written notice shall be in the native language of the student or the student's parent/guardian, and shall inform the student, and the student's parent/guardian, of the basis for which the student is being involuntarily removed and the student's parent/guardian's, right to request a hearing to challenge the involuntary removal. If a student's parent/guardian requests a hearing, the Charter School shall utilize the same hearing procedures specified below for expulsions, before the effective date of the action to involuntarily remove the student. If the student's parent/ guardian requests a hearing, the student shall remain enrolled and shall not be removed until the Charter School issues a final decision. As used herein, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include removals for misconduct which may be grounds for suspension or expulsion as enumerated below. Students may be involuntarily removed for reasons including, but not limited to, failure to comply with the terms of the student's independent study written agreement pursuant to Education Code Section 51747(g).

Notice of Regulations

At the beginning of each school year, the principal of each school shall ensure that all students and parents/guardians[7] are notified in writing of all school rules related to discipline, including suspension and expulsion.

Grounds for Suspension and Expulsion

The grounds for suspension and expulsion and the procedures for considering, recommending, and/or implementing suspension and expulsion shall be only those specified in law, in this policy, and in the accompanying administrative regulation.

2. While going to or coming from school
3. During the lunch period, whether on or off the school campus
4. During, going to, or coming from a school-sponsored activity

Aspire's staff shall enforce the rules concerning suspension and expulsion of students fairly, consistently, equally, and in accordance with Aspire's nondiscrimination policies.

Enumerated Offenses

1. ***Discretionary Suspension and Expulsion Offenses***: Students may be suspended and/or recommended for expulsion when the Executive Director or designee determines the student:

    a) Caused, attempted to cause, or threatened to cause physical injury to another person.

    b) Willfully used force or violence upon the person of another, except self-defense.

Suspension from Class by a Teacher

A teacher may suspend a student, including a grade K-3 student, from class for the remainder of the day and the following day for any of the enumerated offenses listed above. When suspending a student from class, the teacher shall immediately report this action to the principal or designee and send the student to the principal or designee for appropriate action. If that action requires the continuing presence of the student at school, he/she shall be appropriately supervised during the class periods from which he/she has been suspended.

As soon as possible after the teacher decides to suspend the student, he/she shall ask the student's parent/guardian to attend a parent-teacher conference regarding the suspension. A counselor or psychologist may attend the conference if it is practicable, and a school administrator shall attend if either the parent/guardian or teacher so requests.

A student suspended from class shall not be returned to class during the period of the suspension without the approval of the teacher of the class and the principal or designee.

A student suspended from class shall not be placed in another regular class during the period of suspension. However, a student assigned to more than one class per day may continue to attend other regular classes except those held at the same time as the class from which he/she was suspended.

The teacher of any class from which a student is suspended may require the student to complete any assignments and tests missed during the removal.

Suspension by Executive Director, Principal or Principal's Designee
To implement disciplinary procedures at a school site, the principal may, in writing, designate as the principal's designee another administrator or, if the principal is the only administrator at the school site, a certificated employee. As necessary, the principal may, in writing, also designate another administrator or certificated employee as the secondary designee to assist with disciplinary procedures when the principal and the principal's primary designee are absent from the school site.

The Executive Director, principal, or designee may impose a suspension for a first offense based on the severity of the conduct and the circumstances.

However, for most offenses, a student will generally be suspended only when the Executive Director or principal has determined that other means of correction have failed to bring about proper conduct in the student. Other means of correction include, but are not limited to, the following:

- A conference between school personnel, the pupil's parent or guardian, and the pupil.
- Referrals to the school counselor, psychologist, social worker, child welfare attendance personnel, mental health therapist or other school support service personnel for case management and counseling.
- Study teams, guidance teams, resource panel teams, or other intervention-related teams that assess the behavior, and develop and implement individualized plans to address the behavior in partnership with the pupil and his or her parents.
- Referral for a comprehensive psychosocial or psychoeducational assessment, including for purposes of creating an individualized education program, or a plan adopted pursuant to Section 504 of the federal Rehabilitation Act of 1973 (29 U.S.C. SEC. 794(a)).
- Enrollment in a program for teaching prosocial behavior or anger management.
- Participation in a restorative justice program.
- A positive behavior support approach with tiered interventions that occur during the school day on campus.

- After-school programs that address specific behavioral issues or expose pupils to positive activities and behaviors, including, but not limited to, those operated in collaboration with local parent and community groups.
- Any other of the alternatives deemed appropriate by the principal or Executive Director.

Due Process Procedures for Suspension
Suspensions shall be imposed in accordance with the following procedures:

Informal Conference:

Suspension shall be preceded by an informal conference conducted by the Executive Director, principal, or designee with the student and, whenever practicable, the teacher, supervisor, or school employee who referred the student to the principal. At the conference, the student shall be informed of the reason for the disciplinary action, presented with the available evidence against him/her, and given the opportunity to present his/her version and evidence in support of his/her defense.

This conference may be omitted if the Executive Director, principal, or designee determines that an emergency situation exists involving a clear and present danger to the lives, safety, or health of students or school personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of the conference and the conference shall be held within two school days, unless the student waives his/her right to it or is physically unable to attend for any reason. In such a case, the conference shall be held as soon as the student is physically able to return to school.

However, no penalties may be imposed on the student for the failure of the parent/guardian to attend such a conference. **The student may not be denied reinstatement solely because the parent/guardian failed to attend the conference**.

- Administrative Actions: All requests for student suspension are to be processed by the principal or designee. A school employee shall report the suspension, including the name of the student and the cause for the suspension, to the Executive Director or designee. This is accomplished by entering this information into Aspire's electronic student information system.

Notice to Parents/Guardians:

At the time of the suspension, a school employee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall also be notified in writing of the suspension.

This notice shall state the specific offense committed by the student.

In addition, the notice should state the date and time when the student may return to school. If school officials request to meet with the parent/guardian, the notice may state that the law requires the parent/guardian to respond to such requests without delay.

Suspension Time Limits/Recommendation for Expulsion
The Executive Director, principal, or designee may suspend a student from school for not more than five consecutive school days, unless the suspension notice is accompanied by a recommendation for expulsion. .

A student may be suspended from school for not more than 20 school days in any school year. However, if a student enrolls in or is transferred to another regular school, an opportunity school, or continuation school or class for the purpose of adjustment, he/she may be suspended for not more than 30 school days in a school year. Aspire may count suspensions that occur while a student is enrolled in another school district toward the maximum number of days for which the student may be suspended in any school year [Education Code §§ 48903, 48911, 48912].

These restrictions on the number of days of suspension shall not apply when the suspension is extended pending an expulsion.

In such instances when the Charter School has determined a suspension period shall be extended, such extension shall be made only after a conference is held with the student and the student's parent/guardian, unless the student and the student's parent/guardian fail to attend the conference.

This determination will be made by the Executive Director or designee upon either of the following: 1) the student's presence will be disruptive to the education process; or 2) the student poses a threat or danger to others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing.

The extension of the original period of suspension will be preceded by written notice of such extension with an offer to hold a conference concerning the extension, giving the student an opportunity to be heard.

If the student involved is a foster youth, the Executive Director or designee shall notify Aspire's liaison for foster youth of the need to invite the student's attorney and a representative of the appropriate county child welfare agency to attend the meeting.

If the student involved is a homeless child or youth, the Executive Director or designee shall notify Aspire's liaison for homeless students.

In lieu of or in addition to recommending expulsion, the Executive Director, principal, or designee may provide services or require the student to participate in an alternative disciplinary program designed to correct his/her behavior and keep him/her in school.

Homework Assignments During Suspension

In accordance with Education Code Section 47606.2(a), upon the request of a parent, a legal guardian or other person holding the right to make education decisions for the student, or the affected student, a teacher shall provide to a student in any of grades 1 to 12, inclusive, who has been suspended from school for two (2) or more school days, the homework that the student would otherwise have been assigned.

In accordance with Education Code Section 47606.2(b), if a homework assignment that is requested pursuant to Section 47606.2(a) and turned into the teacher by the student either upon the student's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, is not graded before the end of the academic term, that assignment shall not be included in the calculation of the student's overall grade in the class.

Suspension Appeals Process

A student or the student's parents or guardians may appeal a suspension imposed upon a student. The family may appeal first in writing at the school level as directed to the principal. The principal or principal's designee will attempt to resolve the appeal and provide a written response within ten (10) school days.

If further appeal is desired, the appeal should be made to the Aspire Regional Office and should be directed to the Executive Director designee (Regional Director of Student Services) for resolution with a written response within fifteen (15) school days. Based on the information submitted or requested, the RDSS may make one of the following decisions regarding the suspension:

A. Uphold the suspension

B. Determine that the suspension was not within school guidelines, overturn the suspension, and order that all records and documents regarding the disciplinary proceeding be expunged.

After appeal at this administrative level, if further review is desired, the appeal may be forwarded to the Aspire Executive and Compensation Committee for resolution with a written response within twenty (20) school days.

For any appeal that is denied, the parent/guardian may place a written rebuttal to the action in the student file.

In-School Suspension

A student for whom an expulsion action has not been initiated and who poses no imminent danger or threat to the school, students, or staff may be assigned to in-school suspension in a separate classroom, building, or site for the entire period of suspension. The following conditions shall apply:

- The in-campus suspension classroom shall be supervised.
- The student shall be given:
    - An appropriate educational program/assignments based on grade-level standards
    - Access to voluntary, available counseling services.
    - Access to existing services, such as mental health or special education services
- If an on-campus suspension classroom is used, it shall promote completion of schoolwork and tests missed by the student during the suspension.
- The student shall be responsible for contacting his/her teacher(s) to receive assignments to be completed during on-campus suspension. The teacher(s) shall provide all assignments and tests that the student will miss while suspended. If no such work is assigned, the person supervising the suspension shall assign schoolwork.

Executive Director or Principal's Authority to Recommend Expulsion

As required by Education Code Section 47605(c)(5)(J)(iii), students recommended for expulsion are entitled to a hearing adjudicated by a neutral officer (“hearing entity”) to determine whether the student should be expelled. The procedures herein provide for such a hearing and the notice of said hearing, as required by law.

A student may be expelled following a hearing before either a neutral Hearing Officer or Expulsion Panel (“Panel”), appointed by the Executive Director.

An Expulsion Panel shall consist of at least three (3) members who do not have an instructional or supervisory relationship with the student and are not a member of the Charter School Board of Directors. The Expulsion Panel shall be presided over by a designated neutral hearing chairperson.

The Hearing Officer or Panel shall make a recommendation regarding the expulsion of any student, subject to review and final decision by the Board of Directors.

Student's Right to Expulsion Hearing

Any student recommended for expulsion shall be entitled to a hearing to determine whether he/she should be expelled. The hearing shall be held within 30 school days after the Executive Director, principal, or designee determines the student has committed an expellable offense and recommends expulsion.

If postponed for good cause, the expulsion hearing may be extended an additional thirty (30) calendar days from the date of the original hearing, unless otherwise agreed upon in writing by the Executive Director and student's parents/guardians.

The Executive Director or designee shall either select a Hearing Officer or appoint an Administrative Panel to hear and consider the recommendation for expulsion. The hearing shall be held in a confidential setting (complying with all student confidentiality rules under the Family Educational Rights and Privacy Act "FERPA").

Written Notice of the Expulsion Hearing

Written notice of the expulsion hearing shall be forwarded to the student and the student's parent/guardian at least 10 calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served. The notice shall include:

1. The date and place of the expulsion hearing.
2. A statement of the specific facts, charges and offenses upon which the proposed expulsion is based.
3. A copy of the Charter School's disciplinary rules which relate to the alleged violation.
4. Notification of the student's or parent/guardian's obligation to provide information about the student's status at the Charter School to any other school district or school to which the student seeks enrollment.
5. The opportunity for the student and/or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor.
6. The right to inspect and obtain copies of all documents to be used at the hearing.
7. An explanation of the opportunity to confront and question all witnesses who testify at the hearing.

An explanation of the opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

Stipulated Expulsion

After a determination that a student has committed an expellable offense, the Executive Director or Regional Director of Student Services may offer the student and his/her parent/guardian the option to waive a hearing and stipulate to the expulsion or to a

suspension of the expulsion under certain conditions. The offer shall be made only after the student or his/her parent/guardian has been given written notice of the expulsion hearing.

The stipulation agreement shall be in writing and shall be signed by the student and his/her parent/guardian. The stipulation agreement shall include notice of all the rights that the student is waiving, including the waiving of his/her right to have a full hearing and to consult legal counsel.

A stipulated expulsion agreed to by the student and his/her parent/guardian shall be effective upon approval by the Board. The Board reserves the right to accept, reject or alter a stipulated expulsion agreement.

Record of Hearing

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

Presentation of Evidence

Technical rules of evidence shall not apply to the expulsion hearing, but relevant evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Hearing Officer or Panel to expel, or the decision of the Board to expel, shall be supported by substantial evidence that the student committed an expellable offense.

Findings of fact shall be based solely on the evidence at the hearing. Although no finding shall be based solely on hearsay, sworn declarations may be admitted as testimony .

Special Procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses

The Hearing Officer or Panel may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by the Hearing Officer or Panel. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the student.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of their right to (a) receive five (5) days' notice of their scheduled testimony; (b) have up to two (2) adult support persons of their choosing present in the hearing at the time the complaining witness testifies, which

may include a parent/guardian or legal counsel; and (c) elect to have hearing close while testifying.

2. The Charter School must also provide the complaining witness a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.

3. At the discretion of the Hearing Officer or Panel, the complaining witness shall be allowed periods of relief from examination and cross-examination during which the complaining witness may leave the hearing room.

4. The Hearing Officer or Panel may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.

5. The Hearing Officer or Panel may also limit time for taking the testimony of the complaining witness to the hours the complaining witness is normally in school, if there is no good cause to take the testimony during other hours.

6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the Hearing Officer or Panel from removing a support person whom the presiding person finds is disrupting the hearing. The Hearing Officer or Panel may permit any one of the support persons for the complaining witness to accompany the complaining witness to the witness stand.

7. If one or both of the support persons is also a witness, the Charter School must present evidence that the witness' presence is both desired by the witness and will be helpful to the Charter School. The Hearing Officer or Panel shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the Hearing Officer or Panel from exercising their discretion to remove a person from the hearing whom they believe is prompting, swaying, or influencing the witness.

8. The testimony of the support person shall be presented before the testimony of the complaining witness, and the complaining witness shall be excluded from the hearing room during that testimony.

9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in public at the request of the student being expelled, the complaining witness shall have the right to have their testimony heard in a confidential setting when testifying at a public hearing would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped testimony or contemporaneous

examination in another place communicated to the hearing room by means of closed-circuit television.

10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the entity conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstances can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

Expulsion Decision

The determination of the Hearing Officer or Expulsion Panel shall be in the form of a written findings of fact and written recommendation provided to the Board of Directors within three (3) school days of the hearing. The Board of Directors shall make the final determination regarding the expulsion within ten (10) school days following the conclusion of the hearing. The decision of the Board of Directors is final.

If the Hearing Officer or Panel decides not to recommend expulsion, or the Board of Directors ultimately decides not to expel, the student shall immediately be returned to their previous educational program.

The Board of Directors may also determine to suspend the enforcement of the expulsion order for a period of not more than one (1) calendar year from the date of the expulsion hearing and return the student to the student's previous educational program under a probationary status and rehabilitation plan to be determined by the Board. During the period of the suspension of the expulsion order, the student is deemed to be on probationary status. The Board of Directors may revoke the suspension of an expulsion order under this section if the student commits any of the enumerated offenses listed above or violates any of the Charter School's rules and regulations governing student conduct. If the Board revokes the suspension of an expulsion order, the student may be expelled under the terms of the original expulsion order. The Board of Directors shall apply the criteria for suspending the enforcement of the expulsion order equally to all students, including individuals with exceptional needs as defined in Education Code Section 56026. The Board of Directors shall further comply with the provisions set forth under Education Code Section 48917, except as otherwise expressly set forth herein. When deciding whether to suspend the enforcement of an expulsion order, the Board shall take into account the following criteria:

- The student's pattern of behavior
- The seriousness of the misconduct

- The student's attitude toward the misconduct and his/her willingness to follow a rehabilitation program

Written Notice to Expel
Following the Board's decision, The Executive Director or designee shall send written notice of the decision to expel, including the Board's adopted findings of fact to the student and parent/guardian. This notice shall include the following:

- The specific offense committed by the student, and

- Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's expelled status with Aspire

Disciplinary Records

Expulsion records of any student shall be maintained in the student's mandatory interim record and sent to any school in which the student subsequently enrolls upon written request by that school. Such records shall be made available to the chartering authority upon request.

No Right to Appeal

The student shall have no right of appeal from expulsion from the Charter School as the Charter School Board of Directors' decision to expel shall be final.

Expelled Students/Alternative Education

Students who are expelled shall be responsible for seeking alternative education programs including, but not limited to, programs within the County or their school district of residence. The Charter School shall work cooperatively with parents/guardians as requested by parents/guardians or by the school district of residence to assist with locating alternative placements during expulsion.

Rehabilitation Plans

Students who are expelled from the Charter School shall be given a rehabilitation plan upon expulsion as developed by the Board of Directors at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one (1) year from the date of expulsion when the student may reapply to the Charter School for readmission.

Readmission or Admission of Previously Expelled Student

The decision to readmit a student after the end of the student's expulsion term or to admit a previously expelled student from another school district or charter school who has not been readmitted/admitted to another school or school district after the end of the student's expulsion term, shall be in the sole discretion of the Board of Directors following a meeting with the Executive Director or designee and the student and student's parent/guardian to determine whether the student has successfully completed the rehabilitation plan and to determine whether the student poses a threat to others or will be disruptive to the school environment. The Executive Director or designee shall make a recommendation to the Board of Directors following the meeting regarding the Executive Director's or designee's determination. The Board shall then make a final decision regarding readmission or admission of the student during the closed session of a public meeting, reporting out any action taken during closed session consistent with the requirements of the Brown Act. The student's readmission is also contingent upon the Charter School's capacity at the time the student seeks readmission or admission to the Charter School.

Notice to Teachers

The Charter School shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code Section 49079 and the corresponding enumerated offenses set forth above.

Involuntary Removal for Truancy

As charter schools are schools of choice and as a charter school student who fails to attend school is potentially depriving another student of their opportunity to enroll, a student may be involuntarily removed as described within the Charter School's Board adopted Attendance Policy for truancy and only after the Charter School follows the requirements of the Attendance Policy and only in accordance with the policy described above which requires notice and an opportunity for a parent, guardian, educational rights holder to request a hearing prior to any involuntary removal. Students who are involuntarily removed for truancy will be given a rehabilitation plan and will be subject to the readmission procedures set forth herein.

Special Procedures for the Consideration of Suspension and Expulsion or Involuntary Removal of Students with Disabilities

1. Notification of SELPA

The Charter School shall immediately notify the SELPA and coordinate the procedures in this policy with the SELPA of the discipline of any student with a disability or student that the Charter School or the SELPA would be deemed to have knowledge that the student had a disability.

2. Services During Suspension

Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting (which could constitute a change of placement and the student's IEP would reflect this change), and to progress toward meeting the goals set out in the child's IEP/504 Plan; and receive, as appropriate, a functional behavioral assessment and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

3. Procedural Safeguards/Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, the Charter School, the parent, and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and any relevant information provided by the parent/guardian to determine:

a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or

b. If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504 Plan.

If the Charter School, the parent/guardian, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If the Charter School, the parent, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:

a. Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child, provided that the Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;

b. If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and

c. Return the child to the placement from which the child was removed, unless the parent/guardian and the Charter School agree to a change of placement as part of the modification of the behavioral intervention plan.

If the Charter School, the parent/guardian, and relevant members of the IEP/504 Team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a direct result of the failure to implement the IEP/504 Plan, then the Charter School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

5. Special Circumstances

Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The Executive Director or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

a. Carries or possesses a weapon, as defined in 18 U.S.C. Section 930, to or at school, on school premises, or to or at a school function;

b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or

c. Has inflicted serious bodily injury, as defined by 20 U.S.C. Section 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

6. Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student's IEP/504 Team.

7. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to IDEA and who has violated the Charter School's disciplinary procedures may assert the procedural

safeguards granted under this administrative regulation only if the Charter School had knowledge that the student was disabled before the behavior occurred.

The Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to Charter School supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.

b. The parent/guardian has requested an evaluation of the child.

c. The child's teacher, or other Charter School personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other Charter School supervisory personnel.

If the Charter School knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEA-eligible children with disabilities, including the right to stay-put.

If the Charter School had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. The Charter School shall conduct an expedited evaluation if requested by the parents; however, the student shall remain in the education placement determined by the Charter School pending the results of the evaluation.

The Charter School shall not be deemed to have knowledge that the student had a disability if the parent/guardian has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

Safety Policies

Closed Campus

Each school is a closed campus. All students are required to remain on school grounds during the regularly scheduled school day, including lunch period. It is unlawful for anyone to take a student away from school during the regular school day without parent and/or guardian permission and notification of the School Office. Students released early from

school must be signed out on the school's early release log by a parent/guardian or an individual listed as an authorized emergency contact in the student's records.

Harassment, Intimidation, Discrimination, and Bullying Policy

Aspire Public Schools is committed to providing a learning environment that is free from discrimination, sexual harassment, harassment, intimidation, or bullying of any kind. Harassment, sexual harassment, discrimination, intimidation, or bullying of any student by another student, employee, or teacher is prohibited. The school will treat allegations of harassment seriously and will review and investigate such allegations in a prompt, confidential and thorough manner. This policy is inclusive of instances that occur on any area of the school campus, at school- sponsored events and activities, regardless of location, through school-owned technology, and through other electronic means.

As used in this policy, discrimination, harassment, intimidation, and bullying are described as the intentional conduct, including verbal, physical, written communication, or cyber-bullying, including cyber sexual bullying, based on the actual or perceived characteristics of mental or physical disability, sex (including pregnancy and related conditions, and parental status), sexual orientation, gender, gender identity, gender expression, immigration status, nationality (including national origin, country of origin, and citizenship), race or ethnicity (including ancestry, color, ethnic group identification, ethnic background, and traits associated with race, including, but not limited to, hair texture and protective hairstyles such as braids, locs, and twists), religion (including agnosticism and atheism), religious affiliation, medical condition, genetic information, marital status, age, or any combination of those characteristics, or association with a person or group with one or more of these actual or perceived characteristics, or any combination of those characteristics, or based on any other characteristic protected under applicable state or federal law or local ordinance. Hereafter, such actions are referred to as "misconduct prohibited by this Policy."

To the extent possible, Aspire will make reasonable efforts to prevent students from being discriminated against, harassed, intimidated, and/or bullied, and will take action to investigate, respond, address, and report on such behaviors in a timely manner. Aspire school staff who witness acts of misconduct prohibited by this Policy will take immediate steps to intervene when safe to do so.

This policy applies to incidents occurring on the school campus, at school-sponsored events and activities regardless of the location, through school-owned technology, and through other electronic means, whether perpetrated by a student, employee, parent/guardian, volunteer, independent contractor, or other person with whom Aspire does business, and all acts of Aspire's Board of Directors ("Board") in enacting policies and procedures that govern Aspire.

Aspire complies with all applicable state and federal laws and regulations and local ordinances in its investigation of and response to reports of misconduct prohibited by this Policy.

Bullying and Cyberbullying Prevention Procedures

Aspire has adopted the following procedures for preventing acts of bullying, including cyberbullying.

Cyberbullying Prevention Procedures

Aspire advises students:

- To never share passwords, personal data, or private photos online.
- To think about what they are doing carefully before posting and by emphasizing that comments cannot be retracted once they are posted.
- That personal information revealed on social media can be shared with anyone including parents, teachers, administrators, and potential employers. Students should never reveal information that would make them uncomfortable if the world had access to it.
- To consider how it would feel receiving such comments before making comments about others online.

Aspire informs its employees, students, and parents/guardians of Aspire’s policies regarding the use of technology in and out of the classroom. Aspire encourages parents/guardians to discuss these policies with their children to ensure their children understand and comply with such policies.

Education

Aspire employees cannot always be present when bullying incidents occur, so educating students about bullying is a key prevention technique to limit bullying from happening. Aspire advises students that hateful and/or demeaning behavior is inappropriate and unacceptable in our society and at Aspire and encourages students to practice compassion and respect each other.

Aspire educates students to accept all student peers regardless of protected characteristics (including but not limited to actual or perceived sexual orientation, gender identification, physical or cognitive disabilities, race, ethnicity, religion, and immigration status) and about the negative impact of bullying other students based on protected characteristics.

Aspire’s bullying prevention education also discusses the differences between appropriate and inappropriate behaviors and includes sample situations to help students learn and

practice appropriate behavior and to develop techniques and strategies to respond in a non-aggressive way to bullying-type behaviors. Students will also develop confidence and learn how to advocate for themselves and others, and when to go to an adult for help.

Aspire informs Aspire employees, students, and parents/guardians of this Policy and encourages parents/guardians to discuss this Policy with their children to ensure their children understand and comply with this Policy.

Professional Development

Aspire annually makes available the online training module developed by the California Department of Education pursuant Education Code section 32283.5(a) to its certificated employees and all other Aspire employees who have regular interaction with students.

Aspire informs certificated employees about the common signs that a student is a target of bullying including:

- Physical cuts or injuries
- Lost or broken personal items
- Fear of going to school/practice/games
- Loss of interest in school, activities, or friends
- Trouble sleeping or eating
- Anxious/sick/nervous behavior or distracted appearance
- Self-destructiveness or displays of odd behavior
- Decreased self-esteem

Aspire also informs certificated employees about the groups of students determined by Aspire and available research to be at elevated risk for bullying and provides its certificated employees with information on existing school and community resources related to the support of these groups. These groups include but are not limited to:

- Students who are lesbian, gay, bisexual, transgender, or questioning youth ("LGBTQ") and those youth perceived as LGBTQ; and
- Students with physical or learning disabilities.

Aspire encourages its employees to demonstrate effective problem-solving, anger management, and self-confidence skills for Aspire's students.

Complaint Procedures

Scope of the Complaint Procedures

Aspire will comply with its Uniform Complaint Procedures ("UCP") policy when investigating and responding to complaints alleging unlawful harassment, discrimination, intimidation or bullying against a protected group or on the basis of a person's association with a person or group with one or more of the protected characteristics set forth in the UCP that:

- Are written and signed;
- Filed by an individual who alleges that they have personally suffered unlawful discrimination, harassment, intimidation or bullying, or by one who believes any specific class of individuals has been subjected to discrimination, harassment, intimidation or bullying based on a protected characteristic, or by a duly authorized representative who alleges that an individual student has been subjected to discrimination, harassment, intimidation, or bullying; and
- Submitted to the Aspire UCP Compliance Officer not later than six (6) months from the date the alleged unlawful discrimination, harassment, intimidation or bullying occurred, or the date the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation or bullying.

Aspire will comply with its Title IX Policy when investigating and responding to complaints alleging sex discrimination, including sex-based harassment, in its education program or activity, as applicable.

The following procedures shall be utilized for complaints of misconduct prohibited by this Policy that do not fall within the scope of Aspire's Title IX Policy or comply with the writing, timeline, or other formal filing requirements of the UCP. A copy of Aspire's Title IX Policy and UCP is available in this handbook.

Submitting a Report or Complaint

All staff are expected to provide appropriate supervision to enforce standards of conduct and, if they observe or become aware of misconduct prohibited by this Policy, to intervene when safe to do so, call for assistance, and report such incidents. The Board requires staff to follow the procedures in this Policy for reporting alleged acts of misconduct prohibited by this Policy.

Reports and complaints of misconduct prohibited by this Policy shall be submitted to the Principal (or the Executive Director or designee if the complaint is against the Principal) as soon as possible after the incidents giving rise to the report or complaint.

Complaints regarding such misconduct may also be made to the U.S. Department of Education, Office for Civil Rights. Civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders may also be available to complainants.

While submission of a written report is not required, and Aspire will investigate and respond to all oral and written reports of misconduct prohibited by this Policy, the reporting party is encouraged to submit a written report. Reports may be made anonymously, but formal disciplinary action cannot be based solely on an anonymous report.

Students are expected to report all incidents of misconduct prohibited by this Policy and other verbal or physical abuses. Any student who feels they are a target of such behavior should immediately contact a teacher, counselor, the Principal, a staff person or a family member so that the student can get assistance in resolving the issue in a manner that is consistent with this Policy.

Aspire acknowledges and respects every individual's right to privacy. All reports and complaints shall be investigated in a manner that protects the confidentiality of the parties and the integrity of the process to the greatest extent possible. This includes keeping the identity of the reporter and/or complainant confidential, as appropriate, except to the extent necessary to comply with applicable law, carry out the investigation and/or to resolve the issue, as determined by Aspire on a case-by-case basis.

Aspire prohibits any form of retaliation against any individual who files a report or complaint, testifies, assists, participates, or refuses to participate in any investigation or proceeding related to misconduct prohibited by this Policy. Such participation or lack of participation shall not in any way affect the status, grades, or work assignments of the individual. Individuals alleging retaliation in violation of this Policy may file a grievance using the procedures set forth in this Policy.

Investigation and Response

Upon receipt of a report or complaint of misconduct prohibited by this Policy, the Principal or designee will promptly initiate an investigation. In most cases, a thorough investigation will take no more than twenty-five (25) school days.

At the conclusion of the investigation, the Principal or designee will, to the extent possible with respect to confidentiality laws, provide the complainant with information about the investigation and resolution of the incident/situation. However, the Principal or designee will not reveal confidential information related to other students or employees.

If the complaint is against the Principal, the Executive Director will conduct a fact-finding investigation and provide the complainant with information about the investigation and resolution of the incident/situation. If the complaint is against the Executive Director, a non-employee Board member who is not the Board Chair or a parent/guardian of a student at Aspire will conduct a fact-finding investigation and provide the complainant with information about the investigation and resolution of the incident/situation.

Consequences

Students or employees who engage in misconduct prohibited by this Policy may be subject to disciplinary action up to and including expulsion from Aspire or termination of employment.

Right of Appeal
Should a complainant find Aspire's resolution unsatisfactory, for complaints within the scope of this Policy, the complainant may, within five (5) business days of notice of Aspire's decision or resolution, submit a written appeal to the Chief Executive Officer, who will serve as the decision maker for the appeal or designate a decisionmaker for the appeal. The decisionmaker for the appeal will notify the complainant of the final decision.

Title IX Policy Prohibiting Discrimination on the Basis of Sex

Aspire Public Schools ("Charter School") is committed to maintaining a safe and respectful school environment that is free from discrimination and harassment. Title IX of the Education Amendments of 1972 ("Title IX") prohibits discrimination on the basis of sex, including sexual harassment, in Charter School's education programs and activities.

This Title IX Policy and Grievance Procedures for Sexual Harassment ("Policy") details Charter School's commitment to maintain a learning environment that is free from sexual harassment and provides a grievance process for allegations of sexual harassment as defined under Title IX. Any individual can report sexual harassment at Charter School to school staff (e.g., administrators, teachers, etc.) and Charter School will take appropriate action in accordance with the law and this Policy.

Sexual harassment is a form of sex discrimination in that it constitutes differential treatment on the basis of sex, and, for that reason, is a violation of state and federal laws and a violation of this Policy. Charter School considers sexual harassment to be a major offense which can result in discipline of students and termination of employees.

Definition of Sexual Harassment Under California Law

California Education Code section 212.5 defines sexual harassment as any unwelcome sexual advances, requests for sexual favors, or other verbal, visual, or physical conduct of a sexual nature made by someone from or in the work or educational setting, under the following conditions:

- Submission to the conduct is explicitly or implicitly made a term or a condition of an individual's employment, academic status, or progress.
- Submission to, or rejection of the conduct by the individual is used as the basis of employment or academic decisions affecting the individual.

- The conduct has the purpose or effect of having a negative impact upon the individual's work or academic performance, or of creating an intimidating, hostile, or offensive work or educational environment.
- Submission to, or rejection of, the conduct by the individual is used as the basis for any decisions affecting the individual regarding benefits and services, honors, programs, or activities available at or through the educational institution.

Sexual harassment under California law may include, but is not limited to:

- Unwelcome verbal conduct such as suggestive, derogatory comments, sexual innuendoes, slurs, or unwanted sexual advances, invitations, or comments; pestering for dates; making threats; or spreading rumors about or rating others as to sexual activity or performance.
- Unwelcome visual conduct such as displays of sexually suggestive objects, pictures, posters, written material, cartoons, or drawings; graffiti of a sexual nature; or use of obscene gestures.
- Unwelcome physical conduct such as unwanted touching, pinching, kissing, patting, hugging, blocking of normal movement, assault; or interference with work or study directed at an individual because of the individual's sex, sexual orientation, or gender.
- Threats and demands or pressure to submit to sexual requests in order to keep a job or academic standing or to avoid other loss, and offers of benefits in return for sexual favors.

Under Education Code section 230, harassment and other discrimination on the basis of sex include, but are not limited to, the following: exclusion of a person or persons from participation in, denial of the benefits of, or subjection to harassment or other discrimination in, any academic, extracurricular, research, occupational training, or other program or activity; and exclusion from participation in, or denial of equivalent opportunity in, athletic programs. The full definition of discrimination and harassment based on sex from Education Code section 230 can be found here: http://leginfo.legislature.ca.gov/faces/codes_displaySection.xhtml?lawCode=EDC&sectionNum=230.

The definition of sexual harassment under California law and the definition of Sexual Harassment under Title IX overlap in some areas. Complaints alleging unlawful discrimination, harassment, intimidation, or bullying based on gender, sex, gender identity or expression, or sexual orientation are eligible to be investigated pursuant to Charter School's Uniform Complaint Procedures under California law. However, if any complaints alleging sexual harassment constitute Sexual Harassment as defined under federal law in Title IX (see below), the complaints shall be investigated under the Title IX Grievance Procedures for Sexual Harassment. Charter School prohibits retaliatory behavior against anyone who files a sexual harassment complaint or any participant in the complaint investigation process.

Sex Equity in Education Act Statement

Students have all the rights set forth in Education Code section 221.8 (as applicable to Charter School's programs). This includes the right to fair and equitable treatment, the right to a school environment without discrimination on the basis of sex, and the right to be provided with an equitable opportunity to participate in all academic extracurricular

activities. The description of all rights set forth in Education Code section 221.8 can be found here: http://leginfo.legislature.ca.gov/faces/codes_displaySection.xhtml?lawCode=EDC&sectionNum=221.8.

Title IX Grievance Procedures for Sexual Harassment

I. **Scope and Jurisdiction**

This Policy's Title IX grievance procedures apply only to conduct that falls within the definition of "Sexual Harassment" under Title IX. Charter School employees or students may submit formal complaints of Sexual Harassment for investigation under this Policy. Sexual Harassment under Title IX means conduct on the basis of sex that falls within one or more of the following categories:

1. A Charter School employee conditioning the provision of a school aid, benefit, or service on an individual's participation in unwelcome sexual conduct.
2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to Charter School's education program or activity.
3. Sexual assault, dating violence, domestic violence, or stalking (as those terms are defined in 34 CFR section 106.30(a)(3)).

II. **Title IX Personnel**

Charter School has designated the following individual as its Title IX Coordinators to coordinate the investigation and resolution of Sexual Harassment formal complaints as outlined in this Policy:

- **Bay Area** – Regional Director of Student Services
  1009 66th Ave, Oakland, CA 94621
  Phone: 510-434-5000
  Email: BA_TitleIX@aspirepublicschools.org

- **Central Valley** – Regional Director of Student Services
  4202 Coronado Ave, Stockton, CA 95204
  Phone: 209-647-3047
  Email: CV_TitleIX@aspirepublicschools.org

- **Los Angeles** – Superintendent of Culturally Responsive Leadership Development
  5901 E. Slauson Avenue, Commerce, CA 90040
  Phone: 323-837-9920
  Email: LA_TitleIX@aspirepublicschools.org

- **Home Office** – Director of Employee Relations
  1001 22nd Avenue, Oakland, CA 94606
  Phone: 510-434-5000
  Email: HO_TitleIX@aspirepublicschools.org

The Title IX Coordinator may designate other individual(s) to fulfill all or part of their duties.

In addition to the Title IX Coordinator, the following Title IX Personnel are involved in the grievance process to address formal complaints:

- Investigator: The individual responsible for gathering all evidence related to the formal complaint. This individual will create an "Investigation Report" which will summarize the relevant evidence.
- Decision-Maker: The individual responsible for evaluating evidence in order to make a determination regarding the formal complaint. The Decision-Maker submits a written determination of findings to the parties. The Decision-Maker cannot be a Title IX Coordinator, the Investigator, or any individual involved in the investigation of the formal complaint.
- Title IX Appeals Officer: If applicable, this individual is responsible for evaluating an appeal of the final determination. The Title IX Appeals Officer cannot be a Title IX Coordinator, Investigator, Decision-Maker, or any individual involved in the investigation of the formal complaint.

All Title IX Personnel (i.e., Title IX Coordinator, Investigator(s), Decision-Maker(s), Appeals Officer(s), and any person who facilitates an informal resolution process) will receive training in accordance with Title IX requirements. The Title IX Coordinator must ensure individuals responsible for investigating a formal complaint are neutral.

III. Reporting Allegations of Sexual Harassment

Any individual (e.g., a student or employee who is alleged to be a victim of Sexual Harassment or a parent/guardian of a student who is alleged to be a victim of Sexual Harassment), may report Sexual Harassment directly to the Charter School Title IX Coordinator, or to any other available Charter School employee who shall immediately inform the Title IX Coordinator. Reports of Sexual Harassment can be made in-person, by mail, by telephone, by electronic mail, or by any other means that result in a Title IX Coordinator receiving the person's verbal or written report.

IV. Charter School's Initial Response to a Report of Sexual Harassment

Upon receipt of any report of Sexual Harassment, the Title IX Coordinator or designee will take the following steps. These steps are offered regardless of whether the complainant submits a formal written complaint:

1. Contact Complainant and Determine Need for Supportive Measures: The Title IX Coordinator will contact the complainant and respondent to discuss the availability of supportive measures to stop the harassment, protect students, and ensure access to the educational program. If a formal complaint was not filed, the Title IX Coordinator shall explain to the complainant the right to file a formal complaint and the process for filing a formal complaint. A formal complaint is one that contains the complainant's physical or digital signature, and it may be filed at any time with the Title IX Coordinator in person, by mail, or by email. A complainant may use the attached Title IX form to submit a formal complaint to the Title IX Coordinator.

Supportive measures are non-disciplinary and non-punitive and shall be available at any point during the Title IX investigation. Supportive measures may include, but are not limited to: wellness check-ins, counseling services, extension of deadlines or course-related adjustments, modifications of work or class schedules, changes in work locations, or leaves of absences. The Title IX Coordinator is responsible for implementing the supportive measures.

2. Determine Need for Emergency Removal: The Title IX Coordinator will review the facts to determine whether the respondent (either student or staff) may need to be removed from the educational program or activity to prevent any further sexual harassment and/or maintain the safety of students and staff.

Charter School may determine that removal from the educational program or activity is justified due to an immediate threat to the physical health or safety of any student or other individual arising from the allegations. Charter School will conduct an individualized safety and risk analysis before the removal. Charter School shall provide the respondent with notice and an opportunity to challenge the decision immediately following the removal.

If the respondent is a student, Charter School is subject to applicable laws and school policies regarding involuntary removals, suspensions, and expulsions.

If the respondent is an employee, the employee may be placed on administrative leave during the formal complaint investigation.

V. **Initial Review of Formal Complaint**

If a formal complaint is filed, the Title IX Coordinator will review the complaint and make an initial determination as to whether it raises allegations that fall within the definition of Sexual Harassment under Title IX as described above. Charter School may consolidate multiple formal complaints where the allegations of Sexual Harassment arise out of the same facts or circumstances.

If it does, the Title IX Coordinator will follow this Policy's grievance procedures for formal complaints. If it does not, the Title IX Coordinator will determine whether the complaint should be dismissed (as explained below) and/or investigated pursuant to another applicable Charter School policy (e.g., Uniform Complaint Procedures).

At any time after a formal complaint has been filed, but before reaching a determination regarding the allegation, Charter School may offer an informal resolution process (such as restorative justice or mediation) to the complainant and respondent. However, the informal resolution process is not available where the complainant alleges that an employee sexually harassed a student. Participation in informal resolution is voluntary.

VI. **Mandatory or Permissive Dismissal of Formal Complaint**

Under certain circumstances, a complaint must or should be dismissed by the Title IX Coordinator. The Title IX Coordinator will endeavor to make this determination no more than **fifteen (15) calendar days** from the date they receive the formal complaint.

1. Mandatory Dismissal: The Title IX Coordinator must dismiss the formal complaint if they determine any of the following:
    a. The alleged conduct would not constitute Sexual Harassment as defined under Title IX even if proved;
    b. The alleged conduct did not occur in Charter School's education program or activity; or
    c. The alleged conduct did not occur against an individual in the United States.

2. Permissive Dismissal: The Title IX Coordinator may dismiss a formal complaint if they determine any of the following:
    a. The complainant has notified Charter School, in writing, that they would like to withdraw the complaint or any allegations in the complaint;
    b. The respondent is no longer enrolled in, or employed by, Charter School; or
    c. Specific circumstances prevent Charter School from gathering evidence to reach a determination with regard to the complaint.

Written Notice of Dismissal: If the Title IX Coordinator dismisses the complaint, they must send written notice of the dismissal simultaneously to both parties (complainant and respondent) as follows:

- The written notice should state the reason(s) for the dismissal and inform the parties of their right to appeal in accordance with the procedures described in the "Appeals" section below.
- If the Title IX Coordinator determines another Charter School grievance procedure (e.g., Uniform Complaint Procedures) is the appropriate grievance procedure for the complainant's allegation(s), the written notice shall inform the parties (complainant and respondent) of Charter School's intent to investigate the complaint through that grievance procedure.

VII. Title IX Grievance Procedures

If the Title IX Coordinator does not dismiss the formal complaint, Charter School will initiate the following Title IX Grievance Procedures and issue a Written Decision. Charter School will endeavor to complete its investigation and issue a Written Decision within **ninety (90) calendar days of receipt of the formal complaint**.

1. Send Written Notice of Formal Complaint

The Title IX Coordinator must provide the parties (complainant and respondent) with a Notice of Formal Complaint. The Title IX Coordinator will endeavor to provide this Notice within **thirty (30) calendar days of receipt of the formal complaint**. The notice shall include: (1) a copy of this Policy; (2) a description of the allegations potentially constituting Sexual Harassment with sufficient details known at the time; (3) a statement that the respondent is presumed not responsible for conduct and that a determination regarding responsibility is made at the conclusion of the grievance process; (4) a statement informing the parties of the opportunity to have an advisor of their choice throughout the grievance process and the ability to inspect and review evidence; and (5) a statement informing the parties that they must not knowingly make false statements or submit false information.

2. Investigator Conducts Investigation

The Investigator will gather and review evidence related to the allegations. This can include, but is not limited to, interviewing parties or witnesses, as well as reviewing relevant evidence. The Investigator will not require, request, or rely upon any information protected under a legally recognized privilege, unless the person holding such privilege has waived it.

Written notice of all investigative interviews or other meetings must be provided to any individual whose participation is invited or expected to be provided with sufficient time for the individual to prepare to participate. Notice must include the date, time, location, participants, and purpose of the meeting. Attendees of such meetings will have the right to be accompanied by an advisor of their choice.

3. Investigator Provides Parties Equal Opportunity to Review Gathered Evidence

The Investigator will provide both the complainant and respondent with an equal opportunity to review the evidence that is directly related to the allegations raised in the formal complaint. The parties will have a period of at least **ten (10) calendar days** before the Investigative Report is provided to the parties to review the evidence, ask the Investigator additional questions, and provide or suggest additional evidence to be considered by the Investigator.

4. Investigator Prepares and Shares Investigative Report

The Investigator will prepare an Investigative Report summarizing the relevant evidence. The Investigative Report is not Charter School's final Written Decision. The Investigator will send the Investigative Report to the parties and their advisors, if any, for their review and written response at least **ten (10) calendar days** before issuance of the Written Decision. Charter School will inform the parties in writing that they may submit to the Decision-Maker written, relevant questions that the parties want asked of any party or witness. The Decision-Maker is responsible for providing the responses (if any) to these questions to both parties.

5. Decision-Maker Issues Written Decision

The Decision-Maker will endeavor to issue the Written Decision within **ninety (90) calendar days from the receipt of the formal complaint**. The Decision-Maker will issue a Written Decision to both parties simultaneously. The Decision-Maker uses the "preponderance of evidence" standard (i.e., it is more likely than not that the respondent committed the alleged conduct). The Written Decision will include all of the following:

a. Identification of the allegations potentially constituting Sexual Harassment.
b. A description of the procedural steps taken by Charter School during the investigation process (e.g., notifications to the parties, interviews with the parties and witnesses, site visits, or methods used to gather other evidence).
c. Findings of fact supporting the determination.
d. Conclusions regarding the application of Charter School's policies to the facts.
e. A statement of, and rationale for, the result as to each allegation, including a decision regarding responsibility, any disciplinary sanctions Charter School imposes on the respondent, and whether remedies designed to restore or preserve equal access to Charter School's educational program will be provided by Charter School to the complainant.
f. Charter School's procedures and permissible bases for either party to appeal the decision.

6. Remedies

If Charter School determines that the respondent engaged in Sexual Harassment, Charter School will provide remedies to the complainant, as appropriate. This may include supportive measures. Remedies may also include: transfer from a class; parent/student conference(s); positive behavior support; warnings; detention; and/or formal discipline, such as suspension and expulsion. When an employee is found to have committed Sexual Harassment, Charter School will take appropriate disciplinary action, up to and including termination, in accordance with Charter School's policies and as permitted by law.

VIII. **Appeals**

Either party may appeal Charter School's Written Decision, or its dismissal of a formal complaint or any allegation in the complaint, within **five (5) calendar days of the decision**. An appeal may be made on any of the following grounds:

1. A procedural irregularity affected the outcome.
2. New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made that could affect the outcome of the matter.
3. The Title IX Coordinator, Investigator, or Decision-Maker had a conflict of interest or bias for or against complainant or respondent that affected the outcome of the matter.

Upon receipt of an appeal, Charter School will provide a written notification to the other party about the appeal that gives both parties a reasonable, equal opportunity to submit a written statement in support of/challenging the appeal.

The Title IX Appeals Officer (not Decision-Maker, Title IX Coordinator, or Investigator) shall issue a written decision of an appeal, including the rationale for the result, to both parties simultaneously. The Title IX Appeals Officer will endeavor to issue their decision within **forty-five (45) calendar days from the receipt of the appeal**.

IX. Record Keeping

Charter School will maintain for a period of seven (7) years records pertaining to Title IX Sexual Harassment allegations in accordance with 34 CFR section 106.45(b)(10), as well as all materials used to train Title IX Personnel.

X. Updates

The CEO, Executive Director, General Counsel, or designee may update, modify, or implement this policy in a manner to comply with applicable law.

Transgender Harassment

In accordance with Education Code § 221.5, Aspire Public Schools ensures that transgender youth receive protection from harassment including

- The right to privacy in that no school staff will share a student's personal information with other students.
- The right to openly discuss and express their gender identity and expression, and to decide when, with whom, and how much information to share.
- All official school records must maintain the student's name and gender assigned at birth unless a legal court document is provided to the school.

Gender Diverse Student Supports

Aspire is committed to providing a safe and supportive environment for all students and ensuring that all students have equal access to Aspire's educational programs and activities. Aspire requires that all schools and all personnel promote acceptance and respect among students and staff. Aspire is a place where each student's gender identity is accepted and valued as an important part of the whole child. If you are interested in discussing specific supports for your child, please contact your school's main office.

Visitor Policy

Guests are welcome. Any visitor entering the school grounds must register in the Office, identify themselves and the nature of their business, and receive a Visitor's Pass. Parents and guardians are encouraged to visit school sites and classrooms to observe and support the work of the schools. This is one of the essential vehicles for a school-parent partnership.

All visitors to a school site must report to the office when entering and receive authorization to visit elsewhere in the school site. A principal or designee may direct a visitor to leave the school and not return for a designated time if it is determined that the visitor has interfered

with the good order or peaceful conduct of the school. Additionally, no electronic listening or recording devices may be used in the classroom without the prior consent of the teacher and principal of the school.

Unauthorized persons will not be permitted in school buildings or on school grounds. School principals or designees are authorized to take appropriate action to prevent such persons from entering buildings and from loitering on grounds. Such persons will be prosecuted to the full extent of the law, including but not limited to, Education Code § 32211.

Visitor Guidelines

All campus visitors must have the consent and approval of the principal/designee. Permission to visit must be given at the time requested if at all possible or within a reasonable period of time following the request. Children who are not enrolled at the school are not to be on the campus unless prior approval of the principal has been obtained.

Visitors may not interfere with, disrupt or cause substantial disorder in any classroom or school activity, including, but not limited to, lunch, recess or after-school.

Visitors are expected to:

- Follow the established school policy in requesting a classroom visitation
- Present a valid ID
- Complete a visitor's permit upon arrival at the site
- Enter and leave the classroom as quietly as possible
- Not converse with the students, teacher and/or instructional aides during the visitation unless permission is granted by the Principal.
- Not interfere with any school activity
- Keep the length and frequency of classroom visits reasonable
- Follow the school's established procedures for meeting with the teacher and/or principal after the visit, if needed
- Learn and follow the school-wide behavioral expectations
- Return the visitor's permit to the point of origin before leaving the campus.

Any individual who disrupts a school site or fails to follow school rules and/or procedures is subject to removal from the school site and may be further restricted from visiting the school.

Searches

Campus Search and Seizure

The Charter School recognizes and has determined that the occurrence of incidents which may include the possession of firearms, weapons, alcohol, controlled substances, or other items of contraband prohibited by law or Charter School rules and regulations, jeopardizes the health, safety and welfare of students and Charter School employees.

The California Constitution requires that all students and staff of public schools have the inalienable right to attend campuses which are safe, secure, and peaceful. As such, Charter School has adopted a Policy outlining the reasonable search of students and their property, student use areas, and/or student lockers and the seizure of illegal, unsafe, unauthorized or contraband items and materials through a search based upon reasonable suspicion.

Student lockers, including P.E. lockers, are school property and remain at all times under the control of the Charter School. Students shall assume full responsibility for the security of their lockers. Student lockers may not be used to store illegal, unauthorized, or contraband materials. The acceptance and use of locker facilities on school campus by any student shall constitute consent by the student to the search of such locker facilities by authorized school personnel and/or law enforcement. Inspections of lockers may be conducted by school personnel and/or law enforcement through the use of trained dogs.

A student's personal cell phone, smartphone, or other personal electronic device shall not be searched by school officials without a warrant, the student's consent, or a legitimate emergency, unless the device is lost or abandoned. An emergency is any *situation involving danger of death or serious physical injury to any person, that requires access to the information located or reasonably believed to be located on the electronic device.* If the Charter School has a good faith belief that the device is lost, stolen, or abandoned, the Charter School may only access electronic device information in order to attempt to identify, verify, or contact the owner of the device.

The Charter School is not prohibited from seizing/confiscating a student's personal electronic device, without searching its contents, if the student's use or possession of the private electronic device is in violation of Charter School rules or regulations

School Jurisdiction: Agency and Police Interrogation

Protection of student rights shall be balanced with Aspire Public Schools' responsibility to cooperate with local police and agency officials in the investigation of unlawful activities. Inherent in the process of cooperation is recognition of the function of the schools and respect for the civil and constitutional rights of students [Education Code §§ 48902, 48906].

When appropriate, school personnel will attempt to call parents/guardians to notify them of interrogation in advance.

In matters involving threats to the safety of the students or staff, law enforcement officers specifically summoned by administrators or asked to remain on school premises by administrators are authorized to act as agents of the school, unless such authority is explicitly and specifically withdrawn. When acting on behalf of Aspire, the officers will have the full scope of authority in dealing with students that the Principal would have in such situations.

Prohibited items and banned substances

Possession of Weapons or Dangerous Objects

It is a violation of state law and Aspire Public School policies and regulations for any person to carry a firearm, weapon, or other dangerous object on school premises, school provided transportation or areas of other facilities being used for school activities [Education Code § 48902; Penal Code 245, 626.9, 626.10; 20 USC 7151].

Drug, Alcohol, and Tobacco Free Schools Policy

Aspire schools are 100% drug, alcohol, and tobacco [Education Code §§ 48901, 48909] free campuses. Aspire's Drug/Alcohol Policy ensures a drug and alcohol free campus while enabling students who are struggling with drug and/or alcohol abuse to receive the treatment they need. The school-site administrator has the discretion to recommend expulsion for students involved with drugs/alcohol or enter such students into a disciplinary probation period. It is recommended that expulsion not be a school's recommendation for a first time offense of possession of marijuana (except in cases of quantities that make it reasonable to conclude possession with intent to distribute).

REFERENCE: Board Policy 8025 Smoke-Free Policy

Other Prohibited Items

Students are not allowed to bring any games, toys, or trading cards to school for use during class. MP3 players, personal handheld devices, and dice are also subject to being taken away. Prohibited items will be returned only to a parent and/or guardian after the first offense. Repeated offenses will result in items being taken away and not returned until the end of the school year

Cell Phones, Smartphones, Pagers & Other Electronic Signaling Devices Policy

The Aspire Public Schools ("Aspire") Board of Directors recognizes the potential for cell phones, smartphones, pagers, and electronic signaling devices (hereinafter collectively referred to as "private devices") to disrupt the learning environment and impact student mental health and well-being. The Board adopts this Policy to implement a "Smartphone-Free School Day" as required by AB3216 and to permit students to possess,

but not use, private devices while on school grounds, at school-sponsored activities, or under the supervision of Charter School employees, except as otherwise provided in this Policy.

For the purposes of this policy, "Private Devices" refers to cellular smartphones, pagers, and ancillary devices that provide similar functionality, including, but not limited to, smartwatches (e.g., Apple Watch), earbuds, wireless headphones, and smart glasses (e.g., Meta Glasses).

General Policy & Storage Guidelines

In accordance with the Smartphone-Free School Day initiative, strict adherence to storage protocols is required to maintain a safe and focused learning environment.

- Students who possess any Private Device must always keep it turned off and stored in the student's backpack OR a Designated Storage Product (e.g., lockable pouch, Velcro/magnetic pouch, classroom phone holder), as determined by the School Site Leadership.
- Private Devices must remain out of view and powered off during the entire school day.
- Extracurricular trips and excursions are considered instructional time, meaning Private Devices must remain stored in a Designated Storage Product during these trips unless the Principal or supervising teacher explicitly authorizes use.

Permitted Use and Exceptions

Private Devices may only be used off-campus before or after school. They may also be used before or after any Aspire-sponsored activity occurring before or after the regular school day.

An exception to this policy may be granted by the site administrator for specific purposes, which must be documented and approved by the Principal:

- **Emergencies:** In the case of an emergency or in response to a perceived threat of danger, unless explicitly addressed in a comprehensive school safety plan.
- **Medical Necessity:** When a licensed physician and surgeon determines that the possession or use of a private device is necessary for the health or well-being of the student.
- **IEP/Section 504:** When the possession or use of a private device is required in a student's Individualized Education Program ("IEP") or Section 504 Plan to support the student's unique needs.
- **English Learners:** For English Learners at Level 1 or 2 to assist with translation, restricted to specific class activities as defined by the teacher.
- **Foster Youth:** For students in foster care who utilize Third Party Transportation services (e.g., HopSkipDrive, EverDriven), strictly limited to communicating with drivers at dismissal or contacting caregivers regarding cancellations.

- **Educational/Instructional Use:** When an Aspire teacher or administrator grants permission to a student, subject to any reasonable limitation imposed by that staff member.

Mental Health Supports

To assist students in transitioning to a smartphone-free environment, Aspire will provide mental health and social supports.

- Structured, engaging activities will be offered during nutrition and lunch to encourage peer interaction.
- Students will have access to school mental health providers and counseling staff.
- Students will have access to Wellness Rooms (where available) with engagement activities.
- Aspire will support student groups and school clubs to foster connection without devices.

Implementation & Disciplinary Guidelines

Support for students will align with Aspire's discipline policies and utilize Positive Behavior Intervention and Support (PBIS) and Restorative Practices (RP). Enforcement shall focus on correcting behavior and supporting student well-being rather than punitive measures alone. Possession of Private Devices is a privilege, which may be forfeited by any student who fails to abide by the terms of this Policy.

- Staff shall issue verbal reminders to students to turn off and store devices.
- Continued use may result in a referral to the administrator designee for a conversation regarding this policy and student needs.
- Staff may contact the parent/guardian to review the policy with the student.
- Repeated violations will require an in-person meeting with the parent/guardian.
- If a private device is heard ringing, beeping, or buzzing (or seen in use) from inside a jacket, purse, backpack, or other similar article, an Aspire employee may remove and confiscate the private device.
- All confiscated devices will be securely stored in a safe, locked location.
- Parents/guardians will be contacted to pick up any confiscated private devices at the end of the regular school day or at the conclusion of a Charter School-sponsored activity.
- In addition to this Policy, all other applicable student discipline policies and rules shall apply to any student who fails to comply.

Liability

Students who possess any Private Device(s) shall assume sole responsibility for the maintenance and care of any such private device(s). An employee acting within the scope of their duties to enforce this policy is not responsible for the replacement of lost, stolen, or damaged private devices. At no time shall Aspire, its employees, Board Members, or

volunteers be responsible for preventing theft, loss, or damage to any Private Devices brought onto campus or at Aspire-sponsored activities.

Personal Responsibility for Items

Students are responsible for maintaining personal items. Aspire is not responsible for the loss or breakage of student's personal items at school unless said items are in the possession of an Aspire staff member at the time they are lost, stolen or broken.

Emergency Preparedness at Aspire Public Schools

Aspire Public Schools is committed to maintaining safe and secure campuses for our students and staff. We work diligently to make sure that students and staff are prepared for emergencies]. To that end, every school has a school safety plan that covers Aspire's policies and expectations regarding the practices of each school in maintaining the security of the in campus, responding appropriately to emergencies, increasing the safety and protection of students and staff, and creating a safe and orderly environment that is conducive to learning. Every school conducts regular emergency drills that at a minimum, meets the state mandated requirements. These drills include: Fire, Earthquake, and Lockdown/Secure Campus/Shelter in Place.

Parents/guardians are asked to make sure that their students actively participate and take emergency drills seriously. These drills help make sure students are well prepared in the event of an emergency. Each school also stocks emergency supplies to sustain students and staff. These supplies include the following: water, food, first aid supplies, search and rescue supplies, and sanitation items. These supplies are checked regularly by school staff.

Parents/guardians should be familiar with the school‘s emergency procedures and update contact information whenever it changes. Keep your cell phone with you to receive recorded updates on the emergency. Knowing where to go to pick up your child will save time and reduce anxiety. Parents/guardians should remember that schools have emergency procedures in place to protect all the students and that schools will follow these procedures during an emergency.

Asbestos Management Plan

Each Aspire school is expected to have an Asbestos Management Plan, which is available upon request at the school's main office. At least once each school year, you will be notified of any asbestos-related activities such as inspections, response actions, and post-response action activities, including periodic reinspection and surveillance activities, that are planned or in progress at the school.

School Bus and Passenger Safety

All students who are transported in a school bus or school student activity bus shall receive instruction in school bus emergency procedures and passenger safety. A copy of the complete Policy is available upon request at the main office.

Child Abuse Reporting

Any teacher, or other staff member, who knows or reasonably suspects that a student has been subjected to physical injuries, neglect, sexual abuse or emotional maltreatment, is mandated by the Child Abuse Reporting Law to notify the proper authorities [Education Code §§ 33308.1, 44691, 44807]. For additional information about California's child abuse reporting requirements for teachers and other school staff, please contact the front office.

Safe Storage of Firearms

The purpose of this notice is to inform and to remind parents and legal guardians of all students at Aspire Public Schools of their responsibilities for keeping firearms out of the hands of children as required by California law. There have been many news reports of children bringing firearms to school. In many instances, the child obtained the firearm(s) from his or her home. These incidents can be prevented by storing firearms in a safe and secure manner, including keeping them locked up when not in use and storing them separately from ammunition.

To help everyone understand their legal responsibilities, this notice spells out California law regarding the storage of firearms. Please take some time to review this notice and evaluate your own personal practices to assure that you and your family are in compliance with California law:

- With very limited exceptions, California makes a person criminally liable for keeping any firearm, loaded or unloaded, within any premises that are under their custody and control where that person knows or reasonably should know that a child is likely to gain access to the firearm without the permission of the child's parent or legal guardian, and the child obtains access to the firearm and thereby (1) causes death or injury to the child or any other person; (2) carries the firearm off the premises or to a public place, including to any preschool or school grades kindergarten through twelfth grade, or to any school-sponsored event, activity, or performance; or (3) unlawfully brandishes the firearm to others.
- The criminal penalty may be significantly greater if someone dies or suffers great bodily injury as a result of the child gaining access to the firearm.
- With very limited exceptions, California also makes it a crime for a person to negligently store or leave any firearm, loaded or unloaded, on their premises in a location where the person knows or reasonably should know that a child is likely to gain access to it without the permission of the child's parent or legal guardian, unless

reasonable action is taken to secure the firearm against access by the child, even where a minor never actually accesses the firearm.
- In addition to potential fines and terms of imprisonment, as of January 1, 2020, a gun owner found criminally liable under these California laws faces prohibitions from possessing, controlling, owning, receiving, or purchasing a firearm for 10 years.
- Finally, a parent or guardian may also be civilly liable for damages resulting from the discharge of a firearm by that person's child or ward.

The county or city may have additional restrictions regarding the safe storage of firearms. Thank you for helping to keep our children and schools safe. Remember that the easiest and safest way to comply with the law is to keep firearms in a locked container or secured with a locking device that renders the firearm inoperable.

Aspire Family Engagement, Rights and Responsibilities

School-Home communication

At school we depend on our parents and guardians to work as our partners in supporting their children's education. It is always best to first contact your child's teacher to address any concerns which you may have. All staff at Aspire can be reached by email and phone provided by the school site.

Parent and Family Engagement Policy

Aspire Public Schools aims to provide all students significant opportunities to receive a fair, equitable, and high-quality education, and to close educational achievement gaps while abiding by guidelines within the Every Student Succeeds Act (ESSA) The Aspire Board of Directors has adopted an organization-wide Parent and Family Engagement Policy, and in addition, each school site develops its own local Parent and Family Engagement Policy and School-Parent Compact annually in partnership with families and the School Site Council. A copy of the specific school-level policy is available on each school's website, provided to all families during the annual registration process, and is available upon request in the school's main office. Staff at each Aspire school recognize that a partnership with families is essential to meet our goals, and these policies are designed to leverage and promote active involvement of all families as partners to ensure student success.

Family Engagement Activities

Children learn best when their parents are engaged every step of the way, creating a bridge of learning from the classroom to the home. Below are some examples of what Aspire does to help parents and guardians become great coaches for their children. According to Education Code section 47605.6(n), a charter school may encourage parental involvement, but shall notify the parents and guardians of applicant pupils and currently enrolled pupils that parental involvement is not a requirement for acceptance to, or continued enrollment at, the charter school. Aspire Public Schools highly encourages parent or guardian involvement, however parent involvement is not required for acceptance to an Aspire school site, or continued enrollment at an Aspire school site. Below is a sample of opportunities offered at Aspire school sites for family involvement.

Participation in School Decision-making: Aspire includes parent representatives on the School Site Council and/or Parent Advisory Committee and English Learner Advisory Committee of each school, as well as parent participation on the school's Teacher Hiring Committee. Parents and guardians are also highly encouraged to share feedback on the Aspire Family Survey and share feedback directly with school administrators.

Special Saturday Classes: Scheduled at specific Saturdays during the school year, these half-day sessions allow parents to attend school with their children and get to know the school site better. We believe it's important for them to see, feel, and experience the space that their children spend so much time in.

Workshops: Aspire may provide parents and guardians with information on how to structure reading at home (20+ min per day K-5), provide help with homework, participate in projects, and games that reinforce learning.

Parents' Right to Know Teacher Qualifications

Pursuant to federal law, all parents and guardians of students enrolled in the Charter School have the right to request information regarding the professional qualifications of classroom teachers and paraprofessionals. Such information shall include, at a minimum, whether the teacher has met state qualifications for the grade levels and subject areas in which the teacher provides instruction.

1. Whether the teacher is teaching under emergency or other provisional status through which the State qualification of licensing criteria have been waived;
2. Whether the teacher is teaching in the field of discipline of the certification of the teacher; and
3. Whether the child is provided services by paraprofessionals and if so their qualifications.

Aspire Public Schools is committed to providing quality instruction for all students. It does so by employing the most qualified individuals to teach and support each student in the classroom. Upon request, the Charter School will provide the information to the parents/guardians in a timely manner. Please contact the Aspire Human Resources department at 510-434-5000.

Volunteers

Volunteers help enrich students' education and provide extra assistance for teachers and school staff [Education Code § 35021]. Volunteers are typically on campus for longer periods or with larger amounts of responsibility than standard visitors are. Because of this, there are additional requirements for volunteers beyond those for basic visitors and key volunteer requirements are discussed below, but please review the full Volunteer Handbook for a complete list of requirements.

Potential volunteers are urged to contact the school and work with the Business Manager if they can offer time or services to help with any part of the school program. **Volunteers are placed with teachers or other staff members who have requested volunteer assistance. Schools reserve the right to assign volunteers to classrooms/activities as needed and to decline a volunteer's services at any time.** All visitors, including volunteers, must sign in at the front desk and receive a "Visitor Badge" as identification. They must also sign out when leaving the premises. This is for the safety of the children and staff as well as the visitor in case of an emergency. For the safety of all students, all volunteers must:

- Confirm with the Business Manager the ability to volunteer prior to volunteering. The Business Manager will provide additional information according to the type of volunteer service in accordance with our Volunteer Handbook. In almost all instances a volunteer will be required to have:
    - A negative TB risk assessment or test on file in the school office within 60 days before starting to volunteer with students.
- In almost all instances, a background check, including DOJ and FBI clearance. Volunteers who need to be fingerprinted include anyone who is engaging with a student(s) without supervision or on a consistent basis, in accordance with Aspire Volunteer Handbook. Know Your Rights

Your Child has the Right to a Free Public Education

- All children in the United States have a Constitutional right to equal access to free public education, regardless of immigration status and regardless of the immigration status of the students' parents or guardians.

- In California:
    - All children have the right to a free public education.
    - All children ages 6 to 18 years must be enrolled in school.
    - All students and staff have the right to attend safe, secure, and peaceful schools.
    - All students have a right to be in a public school learning environment free from discrimination, harassment, bullying, violence, and intimidation.
    - All students have equal opportunity to participate in any program or activity offered by the school, and cannot be discriminated against based on their race, nationality, gender, religion, or immigration status, among other characteristics.
    - **Non-Discrimination**: We prohibit discrimination, harassment, intimidation, and bullying based on immigration status, nationality, race, ethnicity, citizenship status, religion, national origin, or ancestry. We promptly investigate all complaints and take appropriate action.

Information Required for School Enrollment

- When enrolling a child, schools must accept a variety of documents from the student's parent or guardian to demonstrate proof of the child's age or residency.
- You never have to provide information about citizenship/immigration status to have your child enrolled in school. Also, you never have to provide a Social Security number to have your child enrolled in school.
- **Enrollment**: We do not request citizenship or immigration documentation for enrollment, other than documents we might review but not retain to establish a child's birthdate. We accept various documents to establish residence (utility bills, rental agreements, pay stubs, declarations of residency) and age (birth certificates, baptism certificates, passports, or affidavits). Students experiencing homelessness may enroll even without typical documentation if otherwise eligible.

Family Safety Plans if You Are Detained or Deported

SUPPORT FOR FAMILIES

Emergency Contacts: You have the option to provide your child's school with emergency contact information, including the information of secondary contacts, to identify a trusted adult guardian who can care for your child in the event you are detained or deported.

Caregivers Authorization Affidavit: We encourage families to support relative caregivers in completing a Caregivers Authorization Affidavit. We will rely on a signed, completed Affidavit to allow an authorized caregiver to enroll a student in school and to consent to

school-related medical care. A parent's signature is not required on the Caregiver Authorization Affidavit. This form is available HERE.

Or you may apply for a Petition for Appointment of Temporary Guardian of the Person, which may enable a trusted adult the authority to make educational and medical decisions for your child.

If Parents Are Detained: We release students to emergency contacts or anyone with a Caregiver's Authorization Affidavit. We contact child protective services only if we cannot arrange care through provided contacts.

Family Safety Plans: We encourage families to develop safety plans identifying trusted adults who can care for students and locations of important documents (birth certificates, passports, medical information).

Right to File a Complaint

Collecting and Retaining Student Records

The Information Systems Team shall maintain in writing Aspire Public Schools policies and procedures for gathering and handling sensitive student information, and appropriate personnel shall receive training regarding those policies and procedures.

- **Privacy of Information**: We do not collect or maintain information about students' or families' citizenship or immigration status except when required by law for specific education programs. If we do, we collect such information separately from enrollment and do not use it to discriminate or prevent school attendance.
- If Aspire Public Schools possesses information that could indicate immigration status, citizenship status, or national origin information, Aspire Public Schools shall not use the acquired information to discriminate against any students or families or bar children from enrolling in or attending school.

- If parents or guardians choose not to provide information that could indicate their or their children's immigration status, citizenship status, or national origin information, Aspire Public Schools shall not use such actions as a basis to discriminate against any students or families or bar children from enrolling or attending school.
- Aspire Public Schools shall not allow school resources or data to be used to create a registry based on race, gender, sexual orientation, religion, ethnicity, or national origin

Inquiries About Social Security Numbers or Cards

Aspire Public Schools shall not solicit or collect entire Social Security numbers or cards.

- We do not require Social Security numbers for enrollment. We may request the last four digits of an adult household member's number only to establish eligibility for free or reduced-price meals. Students can still qualify without providing this information if they meet income requirements.
- Aspire Public Schools shall solicit and collect the last four digits of an adult household member's Social Security number only to establish eligibility for free or reduced-price meals. Students can still qualify without providing this information if they meet income requirements. When collecting the last four digits of an adult household member's Social Security number to establish eligibility for a federal benefit program, Aspire Public Schools shall explain the limited purpose for which this information is collected, and clarify that a failure to provide this information will not bar the student from enrolling in or attending the school.
- Aspire Public Schools shall treat all students equitably in the receipt of all school services, including, but not limited to, the gathering of student and family information for the free and reduced lunch program, transportation and educational instruction.

Procedures Regarding Information Sharing

Aspire Public Schools shall avoid the disclosure of information that might indicate a student's or family's citizenship or immigration status if the disclosure is not authorized by Family Educational Rights and Privacy Act (FERPA) or required by valid court orders, warrants, or subpoenas. We provide parents notice before responding to such requests (except in child abuse cases or when prohibited).

- Aspire Public Schools personnel shall take the following action steps upon receiving an information request related to a student's or family's immigration or citizenship status:
    - Notify a designated Aspire Public Schools official (General Counsel) about the information request.

- Provide students and families with appropriate notice and a description of the immigration officer's request.
- Document any verbal or written request for information by immigration authorities.
- Unless prohibited, provide students and parents/guardians with any documents issued by the immigration-enforcement officer.

- Except for investigations of child abuse, child neglect, or child dependency, or when the subpoena served on the local educational agency prohibits disclosure, Aspire Public Schools shall provide parental or guardian notification of any court orders, warrants, or subpoenas before responding to such requests.
- Aspire Public Schools shall require written parental or guardian consent for release of student information, unless the information is relevant for a legitimate educational interest or includes directory information only. Neither exception permits disclosing information to immigration authorities for immigration-enforcement purposes; no student information shall be disclosed to immigration authorities for immigration enforcement purposes without a court order, judicial warrant or judicial subpoena.
- Aspire Public Schools' request for written or parental or guardian consent for release of student information must include the following information: (1) the signature and date of the parent, guardian, or eligible student providing consent; (2) a description of the records to be disclosed; (3) the reason for release of information; (4) the parties or class of parties receiving the information; and (5) if requested by the parents, guardians or eligible student, a copy of the records to be released. Aspire Public Schools shall permanently keep the consent notice with the record file.
- The parent, guardian, or eligible student is not required to sign the consent form. If the parent, guardian or eligible student refuses to provide written consent for the release of student information that is not otherwise subject to release, Aspire Public Schools shall not release the information.

Responding to the Detention or Deportation of a Student's Family Member

Aspire Public Schools shall encourage that families and students have and know their emergency phone numbers and know where to find important documentation, including birth certificates, passports, Social Security cards, doctors' contact information, medication lists, lists of allergies, etc., which will allow them to be prepared in the event that a family member is detained or deported.

Aspire Public Schools shall permit students and families to update students' emergency contact information as needed throughout the school year, and provide alternative contacts if no parent or guardian is available.

- Aspire Public Schools shall ensure that families may include the information of an identified trusted adult guardian as a secondary emergency contact in case a student's parent or guardian is detained.
- Aspire Public Schools shall communicate to families that information provided within the emergency cards will only be used in response to specified emergency situations, and not for any other purpose.

In the event a student's parent/guardian has been detained or deported by federal immigration authorities, Aspire Public Schools shall use the student's emergency card contact information and release the student to the person(s) designated as emergency contacts. Alternatively, Aspire Public Schools shall release the student into the custody of any individual who presents a Caregiver's Authorization Affidavit on behalf of the student. Aspire Public Schools shall only contact Child Protective Services if Aspire Public Schools personnel are unsuccessful in arranging for the timely care of the child through the emergency contact information that the school has, a Caregiver's Authorization Affidavit, or other information or instructions conveyed by the parent or guardian.

Parental Notification of Immigration—Enforcement Actions

- Aspire Public Schools personnel must receive consent from the student's parent or guardian before a student can be interviewed or searched by any officer seeking to enforce the civil immigration laws at the school, unless the officer presents a valid effective judicial warrant signed by a judge, or presents a valid, effective court order. ICE administrative warrants do not authorize access to nonpublic school areas or student information.
- Aspire Public Schools personnel shall immediately notify the student's parents or guardians if a law-enforcement officer requests or gains access to a student for immigration-enforcement purposes, unless such access was in compliance with a judicial warrant or subpoena that restricts the disclosure of the information to the parent or Guardian.

Responding to On-Campus Immigration Enforcement

- As early as possible, Aspire Public Schools personnel shall notify the Regional Operations Director, Executive Director, and General Counsel or designated administrator of any request by an immigration-enforcement officer for school or student access, or any requests for review of school documents (including for the services of lawful subpoenas, petitions, complaints, warrants, etc.).

- In addition to notifying the above mentioned regional leaders or designated administrator, Aspire Public Schools personnel must take the following action steps in response to an officer present on the school campus specifically for immigration-enforcement purposes:
    - Advise the officer that before proceeding with his or her request, and absent exigent circumstances, school personnel must first receive notification and direction from the appropriate regional leader or designated administrator.

    - Ask the officer for his/her reason for being on school grounds and document it.
    - Ask the officer to produce any documentation that authorizes school access (e.g. official court order signed by a judge, judicial warrant).
    - Make a copy of all documents provided by the officer. Retain one copy of the documents for school records.
    - If the officer declares that exigent circumstances exist and demands immediate access to the campus, Aspire Public Schools personnel should comply with the officer's orders and immediately contact the Regional Operations Director, Executive Director, Superintendent, General Counsel or designated administrator.
    - If the officer does not declare that exigent circumstances exist, respond according to the requirements of the officer's documentation. If the immigration-enforcement officer has:
        - an ICE (Immigrations and Customs Enforcement) administrative warrant
            - Aspire Public Schools personnel shall inform the agent that he or she cannot consent to any request without first consulting with the Aspire General Counsel.
        - a federal judicial warrant (search-and-seizure warrant or arrest warrant; see Appendix C & D of the Attorney General's Guidelines)-
            - Prompt compliance with such a warrant is usually legally required. If feasible, consult with the (local educational agency's General Counsel or designated administrator) before providing the agent access to the person or materials specified in the warrant.
        - a subpoena for production of documents or other evidence (see Appendix E & F of the Attorney General's Guidelines)-

    - Immediate compliance is not required. Therefore, Aspire Public Schools personnel shall inform Aspire Public Schools' General Counsel or other designated official of the subpoena, and await further instructions on how to proceed.

- While Aspire Public Schools personnel should not consent to access by an immigration-enforcement officer, except as described above, he/she should not attempt to physically impede the officer, even if the officer appears to be exceeding the authorization given under a warrant or other document. If an officer enters the premises without consent, Aspire Public Schools personnel shall document his or her actions while on campus.

    - List or copy of the officer's credentials and contact information;
    - Identity of all school personnel who communicated with the officer;
    - Details of the officer's request;
    - Whether the officer presented a warrant or subpoena to accompany his/her request, what was requested in the warrant/subpoena, and whether the warrant/subpoena was signed by a judge;
    - Aspire Public Schools personnel's response to the officer's request;
    - Any further action taken by the agent; and
    - Photo or copy of any documents presented by the agent.

- Aspire Public Schools personnel shall provide a copy of those notes, and associated documents collected from the officer, to the Regional Operations Director, General Counsel.

- In turn, the General Counsel shall submit a timely report to Aspire Public Schools' governing board regarding the officer's requests and actions and Aspire Public Schools' response(s).

- E-mail the Bureau of Children's Justice in the California Department of Justice, at BCJ@doj.ca.gov, regarding any attempt by a law-enforcement officer to access a school site or a student for immigration-enforcement purposes

Directory Information Policy

- If Aspire Public Schools decides to release directory information, Aspire Public Schools shall provide an annual notice to parents and guardians, and "eligible students" in attendance, of Aspire Public Schools' directory information policy that includes:
    - The categories of information that Aspire Public Schools has classified as public directory information that may be disclosed without parental consent and which should only include the information specifically identified in Education Code § 49061(c).

    - The 30-day deadline in which the parent, guardian or student must notify the school in writing that he or she does not want the information designated as directory information.

Inquiries Regarding Immigration Status, Citizenship Status, and National Origin Information

Aspire Public Schools personnel shall not inquire specifically about a student's citizenship or immigration status or the citizenship or immigration status of a student's parents or guardians; nor shall personnel seek or require, to the exclusion of other permissible documentation or information, documentation or information that may indicate a student's immigration status, such as a green card, voter registration, a passport, or citizenship papers.

Where any law contemplates submission of national origin related information to satisfy the requirements of a special program, Aspire Public Schools personnel shall solicit that documentation or information separately from the school enrollment process.

- Where permitted by law, the Regional Operations Director will seek approval from the respective Executive Director of Aspire Public Schools with regards to alternative means to establish residency, age, or other eligibility criteria for enrollment or programs, and those alternative means shall include among them documentation or information that are available to persons regardless of immigration status, citizenship

status, or national origin, and that do not reveal information related to citizenship or immigration status.

- Where residency, age, and other eligibility criteria for purposes of enrollment or any program may be established by alternative documents or information permitted by law or this policy, Aspire Public Schools' procedures and forms shall describe to the applicant, and accommodate, all alternatives specified in law and all alternatives authorized under this policy

Monitoring and Receiving Visitors onto Campus

No outsider—which would include immigration-enforcement officers—shall enter or remain on school grounds of Aspire Public Schools during school hours without having registered with the front office, the principal or designee. If there are no exigent circumstances necessitating immediate action, and if the immigration officer does not possess a judicial warrant or court order that provides a basis for the visit, the officer must provide the following information to the principal or designee:

- Name, address, occupation;
- Age, if less than 21;
- Purpose in entering school grounds;
- Proof of identity; and
- Any other information as required by law.

The Principal or designee will determine when a meeting with the individual making the request can be scheduled. The request does not need to be fulfilled on the same day the request is made.

Aspire Public Schools shall adopt measures for responding to outsiders that avoids classroom interruptions, and preserves the peaceful conduct of the school's activities, consistent with local circumstances and practices.

Aspire Public Schools shall post signs at the entrance of its school grounds to notify outsiders of the hours and requirements for registration.

Aspire Public Schools personnel shall report entry by immigration-enforcement officers to any on-site school police or other appropriate administrator as would be required for any unexpected or unscheduled outside visitor coming on campus.

Family Concern Process

If you have concerns at a school site, please see below for the Family Concern Process that should be followed for your site.

Aspire Public Schools encourages students, parents, and staff to discuss their concerns and complaints through informal conferences with the appropriate teacher, principal, or other campus staff.

Concerns should be expressed as soon as possible to allow early resolution at the lowest possible administrative level.

Step 1- Meeting/discussion with the specific staff member

Step 2- Meeting/discussion with the person's supervisor (if applicable)

Step 3- Meeting/discussion with the Principal

Step 4- Meeting/discussion with the Regional Executive Director or designee

Contact information is available from the school office.

If an informal conference regarding a concern fails to reach an outcome that is satisfactory to the staff member, student, or parent, the individual may initiate the formal process by filing a written complaint. The form is available at the end of this handbook. Even after initiating the formal complaint process, students and parents are encouraged to seek informal resolution of their concerns. A student or parent whose concerns are resolved may withdraw a formal complaint at any time.

For complaints regarding discrimination, harassment, intimidation, and/or bullying based on a legally protected characteristic, pupil fees, and Local Control and Accountability Plan (LCAP), please refer to the Uniform Complaint Procedures (UCP) section in this handbook

Athletics Annual Notices

Sudden Cardiac Arrest Prevention

Aspire Public Schools is invested in the health of its athletes, especially their heart health. Sudden cardiac arrest ("SCA") is when the heart stops beating, suddenly and unexpectedly. Those wishing to participate in athletics at Aspire Public Schools must review, sign and return the information sheet on sudden cardiac arrest found here:: https://www.cde.ca.gov/pd/ca/pl/documents/pescaform.pdf**Location of All Automated External Defibrillator(s) on Campus**

The school's safety plan will note the location of all AED devices on campus. Additionally, the school's front office staff will be knowledgeable about the location and use of AED devices.

Concussion/Head Injuries

A concussion is a brain injury that can be caused by a bump, blow, or jolt to the head, or by a blow to another part of the body with the force transmitted to the head. Even though most concussions are mild, all concussions are potentially serious and may result in complications including prolonged brain damage and death if not recognized and managed properly. Because Aspire Public Schools has elected to offer an athletic program, we must immediately remove from a school-sponsored athletic activity for the remainder of the day an athlete who is suspected of sustaining a concussion or head injury during that activity. The athlete may not return to that activity until the athlete is evaluated by, and receives written clearance from, a licensed healthcare provider. If the licensed health care provider determines the athlete has a concussion or head injury, the athlete shall also complete a graduated return-to-play protocol of no less than 7 days in duration under the supervision of a licensed health care provider. On a yearly basis, a concussion and head injury information sheet must be signed and returned by the athlete and the athlete's parent or guardian before the athlete initiates practice or competition. This requirement does not apply to an athlete engaging in an athletic activity during the regular school day or as part of a physical education course.

Opioid Information Sheet

Aspire Public Schools annually provides each athlete with an Opioid Factsheet for Patients published by the Centers for Disease Control and Prevention. The athlete and, if the athlete is 17 years of age or younger, the athlete's parent or guardian shall sign a document acknowledging receipt of the Opioid Factsheet for Patients and return that document to your school before the athlete initiates practice or competition. The fact sheet is available at: https://stacks.cdc.gov/view/cdc/49530

Complaints alleging unlawful discrimination, harassment, intimidation, or bullying, must be filed within six (6) months from the date the alleged discrimination, harassment, intimidation, or bullying, occurred or the date the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation, or bullying. All other complaints under the UCP shall be filed not later than one (1) year from the date the alleged violation occurred. For complaints relating to the LCAP, the date of the alleged violation is the date on which the Charter School's Board of Directors approved the LCAP or the annual update was adopted by the Charter School.

The Compliance Officer responsible for investigating the complaint shall conduct and complete the investigation in accordance with California regulations and the Charter School's UCP Policy. The Compliance Officer shall provide the complainant with a final written investigation report ("Decision") within sixty (60) calendar days from the Charter School's receipt of the complaint. This sixty (60) calendar day time period may be extended by written agreement of the complainant.

The complainant has a right to appeal the Charter School's Decision to the California Department of Education ("CDE") by filing a written appeal within thirty (30) calendar days of the date of the Charter School's written Decision, except if the Charter School has used its UCP to address a complaint that is not subject to the UCP requirements. The appeal must include a copy of the complaint filed with the Charter School, a copy of the Charter School's Decision, and the complainant must specify and explain the basis for the appeal of the Decision, including at least one of the following:

1. The Charter School failed to follow its complaint procedures.

2. Relative to the allegations of the complaint, the Charter School's Decision lacks material findings of fact necessary to reach a conclusion of law.

3. The material findings of fact in the Charter School's Decision are not supported by substantial evidence.

4. The legal conclusion in the Charter School's Decision is inconsistent with the law.

5. In a case in which the Charter School's Decision found noncompliance, the corrective actions fail to provide a proper remedy.

A complainant who appeals the Charter School's Decision on a UCP complaint to the CDE shall receive a written appeal decision within sixty (60) calendar days of the CDE's receipt of the appeal, unless extended by written agreement with the complainant or the CDE documents exceptional circumstances and informs the complainant.

Within thirty (30) calendar days of the date of the CDE's appeal Decision pursuant to 5 C.C.R. section 4633(f)(2) or (3), either party may request reconsideration by the State Superintendent of Public Instruction ("SSPI") or the SSPI's designee. The request for reconsideration shall specify and explain the reason(s) for contesting the findings of fact, conclusions of law, or corrective actions in the CDE's appeal Decision.

If Charter School fails to issue an investigation report within the required sixty (60) calendar day timeline, a party to a written complaint of prohibited discrimination may appeal directly to the SSPI. The complaint must provide evidence supporting the basis for direct filing and explain why immediate action is necessary.

Complaints alleging noncompliance with Education Code section 243 or 244 may be filed with the SSPI directly, and the SSPI may directly intervene without waiting for an investigation by the Charter School. The complainant shall present the SSPI with evidence that supports the basis for the direct filing and why immediate action is necessary.

If a UCP complaint is filed directly with the CDE and the CDE determines that it merits direct intervention, the CDE shall complete an investigation and provide a written decision to the complainant within sixty (60) calendar days of receipt of the complaint, unless the parties have agreed to extend the timeline or the CDE documents exceptional circumstances and informs the complainant.

If the Charter School finds merit in a UCP complaint, or the CDE finds merit in an appeal, the Charter School shall take corrective actions consistent with the requirements of existing law that will provide a remedy to the affected student and/or parent/guardian as applicable.

A complainant may pursue available civil law remedies outside of the Charter School's complaint procedures. Complainants may seek assistance from mediation centers or public/private interest attorneys. Civil law remedies that may be imposed by a court include, but are not limited to, injunctions and restraining orders. Complainants alleging a violation of Education Code section 220, 243, 244, 51500, 51501, or 60044, may seek civil remedies after sixty (60) calendar days have elapsed from the filing of an appeal with the CDE. The moratorium does not apply to injunctive relief and is applicable only if the Charter School has appropriately, and in a timely manner, apprised the complainant of the complainant's right to file a complaint in accordance with 5 C.C.R. § 4622.

A copy of the UCP is available at this link. For further information on any part of the complaint procedures, including filing a complaint or requesting a copy of the UCP, please contact the Executive Director.

H. Per Campus – General Aggregate

SECTION III – LIMITS OF INSURANCE is amended to include the following provisions:

1. For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under **SECTION I – COVERAGE**, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, and for all medical expenses caused by accidents under **SECTION I – COVERAGE**, **COVERAGE C MEDICAL PAYMENTS** which can be attributed only to operations at a single designated "campus" shown in the Declarations:

   a. A separate Per Campus General Aggregate Limit is applicable to each single designated "campus" shown in the Declarations and that limit is equal to the amount of the General Aggregate Limit shown in the Declarations.

   b. The Per Campus General Aggregate Limit is the most we will pay for the sum of all damages under **COVERAGE A**, except damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard," and for medical expenses under **COVERAGE C** regardless of the number of:

      (1) Insureds;

      (2) Claims made or "suits" brought; or

      (3) Persons or organizations making claims or bringing "suits."

   c. Any payments made under **COVERAGE A** for damages or under **COVERAGE C** for medical expenses shall reduce the Per Campus General Aggregate Limit for that designated "campus." Such payments shall not reduce the General Aggregate Limit shown in the Declarations nor shall they reduce any other Per Campus General Aggregate Limit for any other designated "campus" shown in the Declarations.

   d. The limits shown in the Declarations for Each Occurrence, Fire Damage and Medical Expense continue to apply. However, instead of being subject to the General Aggregate Limit shown in the Declarations, such limits will be subject to the applicable Per Campus General Aggregate Limit.

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

2. For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under **SECTION I – COVERAGE**, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABIITY**, and for all medical expenses caused by accidents under **SECTION I – COVERAGE**, **COVERAGE C MEDICAL PAYMENTS** which cannot be attributed only to operations at a single designated "campus" shown in the Declarations:

   a. Any payments made under **COVERAGE A** for damages or under **COVERAGE C** for medical expenses shall reduce the amount available under the General Aggregate Limit or the Products-Completed Operations Aggregate Limit, whichever is applicable; and

   b. Such payments shall not reduce any separate designated "campus" General Aggregate Limit.

3. When coverage for liability arising out of the "products-completed operations hazard" is provided, any payment for damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard" will reduce the Products-Completed Operations Aggregate Limit, and not reduce the General Aggregate Limit nor the Per Campus General Aggregate Limit.

4. **SECTION V – DEFINITIONS** is amended by adding the following:

   "Campus" is defined as premises involving the same or connecting lots, or premises whose connection is interrupted only by a street, roadway, waterway or right-of-way of a railroad.

5. The provisions of **SECTION III – LIMITS OF INSURANCE** not otherwise modified by the above shall continue to apply as stipulated.

I. Duties in the Event of Occurrence, Claim or Suit

1. The requirement in Paragraph **2.a.** of **SECTION IV - COMMERCIAL GENERAL LIABILITY CONDITIONS** that you must see to it that we are notified as soon as practicable of an "occurrence" or an offense, applies only when the "occurrence" or offense is known to:

   a. You, if you are an individual;
   b. A partner, if you are a partnership; or
   c. An executive officer or insurance manager, if you are a corporation.

2. The requirement in Paragraph **2.b.** of **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS** that you must see to it that we receive notice of a claim or "suit" as soon as practicable will not be considered breached unless the breach occurs after such claim or "suit" is known to:

   a. You, if you are an individual;
   b. A partner, if you are a partnership; or
   c. An executive officer or insurance manager, if you are a corporation.

J. Other Insurance – Primary Additional Insured

1. If the written contract or agreement or permit requires this insurance to be primary for any person or organization with whom you agree to include in **SECTION II** - **WHO IS AN INSURED**, then **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**, Subsection 4**. Other Insurance** is replaced by the following:

   If other valid and collectible insurance is available for a loss we cover under **COVERAGE A** of this Coverage Part, our obligations are limited as follows:

   a. Primary Insurance - This insurance is primary. We will not seek contributions from other

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

insurance available to the person or organization with whom you agree to include in **SECTION II - WHO IS AN INSURED**, except when 2. below applies.

b. Excess Insurance -This insurance is excess over any of the other insurance whether primary, excess, contingent or any other basis:

(1) That is Fire, Extended Coverage, Builder's Risk, Installation Risk or similar coverage for "your work";
(2) That is Fire, lightning or explosion insurance for premises rented to you; or temporarily occupied by you with permission of the owner; or
(3) If the loss arises out of the maintenance or use of aircraft, "autos" or watercraft to the extent not subject to **SECTION I – COVERAGE**, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, Subsection **2. Exclusions**, Paragraph **g.**

When this insurance is excess, we will have no duty under Coverages **A** or **B** to defend any claim or "suit" that any other insurer has a duty to defend. If no other insurer defends, we will undertake to do so, but we will be entitled to the insured's rights against all those other insurers.

When this insurance is excess over other insurance, we will pay only our share of the amount of the loss, if any, that exceeds the sum of:

(1) The total amount that all such other insurance would pay for the loss in the absence of this insurance; and
(2) The total of all deductible and self-insured amounts under all other insurance.

We will share the remaining loss, if any, with any other insurance that is not described in this excess insurance provision and was not bought specifically to apply in excess of the Limits of Insurance shown in the Declarations of this Coverage Part.

c. Method of Sharing - If all the other insurance permits contribution by equal shares, we will follow this method also. Under this approach each insurer contributes equal amounts until it has paid its applicable limit of insurance or none of the loss remains, whichever comes first.

If any or the other insurance does not permit contribution by equal shares, we will contribute by limits. Under this method, each insurer's contribution is based on the ratio of its applicable limits of insurance of all insurers.

2. This provision only applies with respect to your operations, "your work" or facilities owned or used by you.

K. Other Insurance – You Are An Additional Insured On Another Person's Or Organization's Policy

If you are an insured under **SECTION II - WHO IS AN INSURED**, then **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**, Subsection **4. OTHER INSURANCE**, Paragraph **b. Excess Insurance** is replaced by the following:

This insurance is excess over any other insurance, whether primary, excess, contingent or on any other basis:

1. That is Fire, Extended Coverage, Builders Risk, Installation Risk or similar coverage for "your work";
2. That is Fire, lightning or explosion insurance for premises rented to you or temporarily occupied by you with permission of the owner;

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

3. If the loss arises out of the maintenance or use of aircraft, "autos" or watercraft to the extent not subject to **SECTION I – COVERAGE, COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, Subsection 2. **Exclusions**, Paragraph **g**.; or
4. When any of the Named Insureds, under this Coverage Part, are additional insureds under a commercial general liability policy or similar insurance of another party.

When this insurance is excess, we will have no duty under Coverages **A** or **B** to defend any claim or "suit" that any other insurer has a duty to defend. If no other insurer defends, we will undertake to do so, but we will be entitled to the insured's rights against all those other insureds.

When this insurance is excess or other insurance, we will pay only our share of the amount of the loss, if any, that exceeds the sum of:

1. The total amount that all such other insurance would pay for the loss in the absence of this insurance; and
2. The total of all deductible and self-insured amounts under all that other insurance.

We will share the remaining loss, if any, with any other insurance that is not described in this Excess Insurance provision and was not bought specifically to apply in excess of the Limits of Insurance shown in the Declarations of this Coverage Part.

L. Unintentional Failure To Disclose Hazards

It is agreed that, based on our reliance on your representations as to existing hazards, if you should unintentionally fail to disclose all such hazards prior to the beginning of the policy period of this Coverage Part, we shall not deny coverage under this Coverage Part because of such failure.

M. Liberalization

If we revise this endorsement to provide more coverage without additional premium charge, we will automatically provide the additional coverage to all endorsement holders as of the day the revision is effective in your state.

N. Bodily Injury - Mental Anguish

SECTION V – DEFINITIONS, Paragraph **3.** is changed to read:

"Bodily Injury":

a. Means bodily injury, sickness or disease sustained by a person, and includes mental anguish resulting from any of these; and
b. Except for mental anguish, includes death resulting from the foregoing (item a. above) at any time.

O. Personal and Advertising Injury – Abuse of Process, Discrimination

If **COVERAGE B PERSONAL AND ADVERTISING INJURY LIABILITY COVERAGE** is not otherwise excluded from this Coverage Part, the definition of "personal and advertising injury" is amended as follows:

1. **SECTION V – DEFINITIONS**, Paragraph **14. b.** is revised to read:
   b. Malicious prosecution or abuse of process:

2. **SECTION V – DEFINITIONS**, Paragraph **14.** is amended to include the following:

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

a. Done intentionally by or at the direction of, or with the knowledge or consent of:
(1) Any insured; or
(2) Any executive officer, director, stockholder, partner or member of the insured; or
b. Directly or indirectly related to the employment, former or prospective employment, termination of employment, or application for employment of any person or persons by an insured; or
c. Directly or indirectly related to the sale, rental, lease or sublease or prospective sales, rental, lease or sub-lease of any room, dwelling or premises by or at the direction of any insured; or
d. Insurance for such discrimination is prohibited by or held in violation of law, public policy, legislation, court decision or administrative ruling.

The above does not apply to fines or penalties imposed because of discrimination.

P. Transfer of Rights of Recovery Against Others To Us

As a clarification, the following is added to **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**, Subsection **8. Transfer of Rights of Recovery Against Others To Us**:

Therefore, the insured can waive the insurer's Rights of Recovery prior to the occurrence of a loss, provided the waiver is made in a written contract.

Q. Science Laboratory "Occurrence"

SECTION I – COVERAGE, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, Subsection **2. Exclusions**, Paragraph **f.** does not apply to any "bodily injury" or "physical damage" arising out of a fire or "occurrence" in any of your science laboratories while teaching is being conducted in that laboratory, subject to a $50,000 per policy limit.

R. Medical Incident Liability-Nurse and Athletic Trainer

1. **SECTION II – WHO IS AN INSURED, Subparagraph 2.a. (1) (d)** is deleted and replaced by the following:

(d) Arising out of his or her providing or failing to provide professional medical services. This paragraph does not apply to a registered or practical nurse or athletic trainer, while acting within the scope of his or her duties for the Named Insured and arising out of a "medical incident".

2. **SECTION V – DEFINITIONS, 13.** is deleted and replaced by the following:

"Occurrence" means an accident, including continuous or repeated exposure to substantially the same general harmful conditions, and "medical incident".

3. The following definition is added to **SECTION V – DEFINITIONS**:

"Medical Incident" means any act or omission in the furnishing or failure to furnish professional medical services by the insured or any person acting under the personal direction, control, or supervision of the insured. Any such act or omission together with all related acts or omissions in the furnishing of such services to any one person shall be considered one "medical incident".

H. Per Campus – General Aggregate

SECTION III – LIMITS OF INSURANCE is amended to include the following provisions:

1. For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under **SECTION I – COVERAGE**, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, and for all medical expenses caused by accidents under **SECTION I – COVERAGE**, **COVERAGE C MEDICAL PAYMENTS** which can be attributed only to operations at a single designated "campus" shown in the Declarations:

   a. A separate Per Campus General Aggregate Limit is applicable to each single designated "campus" shown in the Declarations and that limit is equal to the amount of the General Aggregate Limit shown in the Declarations.

   b. The Per Campus General Aggregate Limit is the most we will pay for the sum of all damages under **COVERAGE A**, except damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard," and for medical expenses under **COVERAGE C** regardless of the number of:

      (1) Insureds;

      (2) Claims made or "suits" brought; or

      (3) Persons or organizations making claims or bringing "suits."

   c. Any payments made under **COVERAGE A** for damages or under **COVERAGE C** for medical expenses shall reduce the Per Campus General Aggregate Limit for that designated "campus." Such payments shall not reduce the General Aggregate Limit shown in the Declarations nor shall they reduce any other Per Campus General Aggregate Limit for any other designated "campus" shown in the Declarations.

   d. The limits shown in the Declarations for Each Occurrence, Fire Damage and Medical Expense continue to apply. However, instead of being subject to the General Aggregate Limit shown in the Declarations, such limits will be subject to the applicable Per Campus General Aggregate Limit.

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

2. For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under **SECTION I – COVERAGE**, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABIITY**, and for all medical expenses caused by accidents under **SECTION I – COVERAGE**, **COVERAGE C MEDICAL PAYMENTS** which cannot be attributed only to operations at a single designated "campus" shown in the Declarations:

   a. Any payments made under **COVERAGE A** for damages or under **COVERAGE C** for medical expenses shall reduce the amount available under the General Aggregate Limit or the Products-Completed Operations Aggregate Limit, whichever is applicable; and

   b. Such payments shall not reduce any separate designated "campus" General Aggregate Limit.

3. When coverage for liability arising out of the "products-completed operations hazard" is provided, any payment for damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard" will reduce the Products-Completed Operations Aggregate Limit, and not reduce the General Aggregate Limit nor the Per Campus General Aggregate Limit.

4. **SECTION V – DEFINITIONS** is amended by adding the following:

   "Campus" is defined as premises involving the same or connecting lots, or premises whose connection is interrupted only by a street, roadway, waterway or right-of-way of a railroad.

5. The provisions of **SECTION III – LIMITS OF INSURANCE** not otherwise modified by the above shall continue to apply as stipulated.

I. Duties in the Event of Occurrence, Claim or Suit

1. The requirement in Paragraph **2.a.** of **SECTION IV - COMMERCIAL GENERAL LIABILITY CONDITIONS** that you must see to it that we are notified as soon as practicable of an "occurrence" or an offense, applies only when the "occurrence" or offense is known to:

   a. You, if you are an individual;
   b. A partner, if you are a partnership; or
   c. An executive officer or insurance manager, if you are a corporation.

2. The requirement in Paragraph **2.b.** of **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS** that you must see to it that we receive notice of a claim or "suit" as soon as practicable will not be considered breached unless the breach occurs after such claim or "suit" is known to:

   a. You, if you are an individual;
   b. A partner, if you are a partnership; or
   c. An executive officer or insurance manager, if you are a corporation.

J. Other Insurance – Primary Additional Insured

1. If the written contract or agreement or permit requires this insurance to be primary for any person or organization with whom you agree to include in **SECTION II** - **WHO IS AN INSURED**, then **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**, Subsection 4**. Other Insurance** is replaced by the following:

   If other valid and collectible insurance is available for a loss we cover under **COVERAGE A** of this Coverage Part, our obligations are limited as follows:

   a. Primary Insurance - This insurance is primary. We will not seek contributions from other

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

insurance available to the person or organization with whom you agree to include in **SECTION II - WHO IS AN INSURED**, except when 2. below applies.

b. Excess Insurance -This insurance is excess over any of the other insurance whether primary, excess, contingent or any other basis:

(1) That is Fire, Extended Coverage, Builder's Risk, Installation Risk or similar coverage for "your work";
(2) That is Fire, lightning or explosion insurance for premises rented to you; or temporarily occupied by you with permission of the owner; or
(3) If the loss arises out of the maintenance or use of aircraft, "autos" or watercraft to the extent not subject to **SECTION I – COVERAGE**, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, Subsection **2. Exclusions**, Paragraph **g.**

When this insurance is excess, we will have no duty under Coverages **A** or **B** to defend any claim or "suit" that any other insurer has a duty to defend. If no other insurer defends, we will undertake to do so, but we will be entitled to the insured's rights against all those other insurers.

When this insurance is excess over other insurance, we will pay only our share of the amount of the loss, if any, that exceeds the sum of:

(1) The total amount that all such other insurance would pay for the loss in the absence of this insurance; and
(2) The total of all deductible and self-insured amounts under all other insurance.

We will share the remaining loss, if any, with any other insurance that is not described in this excess insurance provision and was not bought specifically to apply in excess of the Limits of Insurance shown in the Declarations of this Coverage Part.

c. Method of Sharing - If all the other insurance permits contribution by equal shares, we will follow this method also. Under this approach each insurer contributes equal amounts until it has paid its applicable limit of insurance or none of the loss remains, whichever comes first.

If any or the other insurance does not permit contribution by equal shares, we will contribute by limits. Under this method, each insurer's contribution is based on the ratio of its applicable limits of insurance of all insurers.

2. This provision only applies with respect to your operations, "your work" or facilities owned or used by you.

K. Other Insurance – You Are An Additional Insured On Another Person's Or Organization's Policy

If you are an insured under **SECTION II - WHO IS AN INSURED**, then **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**, Subsection **4. OTHER INSURANCE**, Paragraph **b. Excess Insurance** is replaced by the following:

This insurance is excess over any other insurance, whether primary, excess, contingent or on any other basis:

1. That is Fire, Extended Coverage, Builders Risk, Installation Risk or similar coverage for "your work";
2. That is Fire, lightning or explosion insurance for premises rented to you or temporarily occupied by you with permission of the owner;

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

3. If the loss arises out of the maintenance or use of aircraft, "autos" or watercraft to the extent not subject to **SECTION I – COVERAGE, COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, Subsection 2. **Exclusions**, Paragraph **g**.; or
4. When any of the Named Insureds, under this Coverage Part, are additional insureds under a commercial general liability policy or similar insurance of another party.

When this insurance is excess, we will have no duty under Coverages **A** or **B** to defend any claim or "suit" that any other insurer has a duty to defend. If no other insurer defends, we will undertake to do so, but we will be entitled to the insured's rights against all those other insureds.

When this insurance is excess or other insurance, we will pay only our share of the amount of the loss, if any, that exceeds the sum of:

1. The total amount that all such other insurance would pay for the loss in the absence of this insurance; and
2. The total of all deductible and self-insured amounts under all that other insurance.

We will share the remaining loss, if any, with any other insurance that is not described in this Excess Insurance provision and was not bought specifically to apply in excess of the Limits of Insurance shown in the Declarations of this Coverage Part.

L. Unintentional Failure To Disclose Hazards

It is agreed that, based on our reliance on your representations as to existing hazards, if you should unintentionally fail to disclose all such hazards prior to the beginning of the policy period of this Coverage Part, we shall not deny coverage under this Coverage Part because of such failure.

M. Liberalization

If we revise this endorsement to provide more coverage without additional premium charge, we will automatically provide the additional coverage to all endorsement holders as of the day the revision is effective in your state.

N. Bodily Injury - Mental Anguish

SECTION V – DEFINITIONS, Paragraph **3.** is changed to read:

"Bodily Injury":

a. Means bodily injury, sickness or disease sustained by a person, and includes mental anguish resulting from any of these; and
b. Except for mental anguish, includes death resulting from the foregoing (item a. above) at any time.

O. Personal and Advertising Injury – Abuse of Process, Discrimination

If **COVERAGE B PERSONAL AND ADVERTISING INJURY LIABILITY COVERAGE** is not otherwise excluded from this Coverage Part, the definition of "personal and advertising injury" is amended as follows:

1. **SECTION V – DEFINITIONS**, Paragraph **14. b.** is revised to read:
   b. Malicious prosecution or abuse of process:

2. **SECTION V – DEFINITIONS**, Paragraph **14.** is amended to include the following:

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

"Personal Injury" also means discrimination based on race, color, religion, sex, age or national origin, except when:

a. Done intentionally by or at the direction of, or with the knowledge or consent of:
(1) Any insured; or
(2) Any executive officer, director, stockholder, partner or member of the insured; or
b. Directly or indirectly related to the employment, former or prospective employment, termination of employment, or application for employment of any person or persons by an insured; or
c. Directly or indirectly related to the sale, rental, lease or sublease or prospective sales, rental, lease or sub-lease of any room, dwelling or premises by or at the direction of any insured; or
d. Insurance for such discrimination is prohibited by or held in violation of law, public policy, legislation, court decision or administrative ruling.

The above does not apply to fines or penalties imposed because of discrimination.

P. Transfer of Rights of Recovery Against Others To Us

As a clarification, the following is added to **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**, Subsection **8. Transfer of Rights of Recovery Against Others To Us**:

Therefore, the insured can waive the insurer's Rights of Recovery prior to the occurrence of a loss, provided the waiver is made in a written contract.

Q. Science Laboratory "Occurrence"

SECTION I – COVERAGE, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, Subsection **2. Exclusions**, Paragraph **f.** does not apply to any "bodily injury" or "physical damage" arising out of a fire or "occurrence" in any of your science laboratories while teaching is being conducted in that laboratory, subject to a $50,000 per policy limit.

R. Medical Incident Liability-Nurse and Athletic Trainer

H. Per Campus – General Aggregate

SECTION III – LIMITS OF INSURANCE is amended to include the following provisions:

1. For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under **SECTION I – COVERAGE**, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, and for all medical expenses caused by accidents under **SECTION I – COVERAGE**, **COVERAGE C MEDICAL PAYMENTS** which can be attributed only to operations at a single designated "campus" shown in the Declarations:

   a. A separate Per Campus General Aggregate Limit is applicable to each single designated "campus" shown in the Declarations and that limit is equal to the amount of the General Aggregate Limit shown in the Declarations.

   b. The Per Campus General Aggregate Limit is the most we will pay for the sum of all damages under **COVERAGE A**, except damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard," and for medical expenses under **COVERAGE C** regardless of the number of:

      (1) Insureds;

      (2) Claims made or "suits" brought; or

      (3) Persons or organizations making claims or bringing "suits."

   c. Any payments made under **COVERAGE A** for damages or under **COVERAGE C** for medical expenses shall reduce the Per Campus General Aggregate Limit for that designated "campus." Such payments shall not reduce the General Aggregate Limit shown in the Declarations nor shall they reduce any other Per Campus General Aggregate Limit for any other designated "campus" shown in the Declarations.

   d. The limits shown in the Declarations for Each Occurrence, Fire Damage and Medical Expense continue to apply. However, instead of being subject to the General Aggregate Limit shown in the Declarations, such limits will be subject to the applicable Per Campus General Aggregate Limit.

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

2. For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under **SECTION I – COVERAGE**, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABIITY**, and for all medical expenses caused by accidents under **SECTION I – COVERAGE**, **COVERAGE C MEDICAL PAYMENTS** which cannot be attributed only to operations at a single designated "campus" shown in the Declarations:

   a. Any payments made under **COVERAGE A** for damages or under **COVERAGE C** for medical expenses shall reduce the amount available under the General Aggregate Limit or the Products-Completed Operations Aggregate Limit, whichever is applicable; and

   b. Such payments shall not reduce any separate designated "campus" General Aggregate Limit.

3. When coverage for liability arising out of the "products-completed operations hazard" is provided, any payment for damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard" will reduce the Products-Completed Operations Aggregate Limit, and not reduce the General Aggregate Limit nor the Per Campus General Aggregate Limit.

4. **SECTION V – DEFINITIONS** is amended by adding the following:

   "Campus" is defined as premises involving the same or connecting lots, or premises whose connection is interrupted only by a street, roadway, waterway or right-of-way of a railroad.

5. The provisions of **SECTION III – LIMITS OF INSURANCE** not otherwise modified by the above shall continue to apply as stipulated.

I. Duties in the Event of Occurrence, Claim or Suit

1. The requirement in Paragraph **2.a.** of **SECTION IV - COMMERCIAL GENERAL LIABILITY CONDITIONS** that you must see to it that we are notified as soon as practicable of an "occurrence" or an offense, applies only when the "occurrence" or offense is known to:

   a. You, if you are an individual;
   b. A partner, if you are a partnership; or
   c. An executive officer or insurance manager, if you are a corporation.

2. The requirement in Paragraph **2.b.** of **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS** that you must see to it that we receive notice of a claim or "suit" as soon as practicable will not be considered breached unless the breach occurs after such claim or "suit" is known to:

   a. You, if you are an individual;
   b. A partner, if you are a partnership; or
   c. An executive officer or insurance manager, if you are a corporation.

J. Other Insurance – Primary Additional Insured

1. If the written contract or agreement or permit requires this insurance to be primary for any person or organization with whom you agree to include in **SECTION II** - **WHO IS AN INSURED**, then **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**, Subsection 4**. Other Insurance** is replaced by the following:

   If other valid and collectible insurance is available for a loss we cover under **COVERAGE A** of this Coverage Part, our obligations are limited as follows:

   a. Primary Insurance - This insurance is primary. We will not seek contributions from other

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

insurance available to the person or organization with whom you agree to include in **SECTION II - WHO IS AN INSURED**, except when 2. below applies.

b. Excess Insurance -This insurance is excess over any of the other insurance whether primary, excess, contingent or any other basis:

(1) That is Fire, Extended Coverage, Builder's Risk, Installation Risk or similar coverage for "your work";
(2) That is Fire, lightning or explosion insurance for premises rented to you; or temporarily occupied by you with permission of the owner; or
(3) If the loss arises out of the maintenance or use of aircraft, "autos" or watercraft to the extent not subject to **SECTION I – COVERAGE**, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, Subsection **2. Exclusions**, Paragraph **g.**

When this insurance is excess, we will have no duty under Coverages **A** or **B** to defend any claim or "suit" that any other insurer has a duty to defend. If no other insurer defends, we will undertake to do so, but we will be entitled to the insured's rights against all those other insurers.

When this insurance is excess over other insurance, we will pay only our share of the amount of the loss, if any, that exceeds the sum of:

(1) The total amount that all such other insurance would pay for the loss in the absence of this insurance; and
(2) The total of all deductible and self-insured amounts under all other insurance.

We will share the remaining loss, if any, with any other insurance that is not described in this excess insurance provision and was not bought specifically to apply in excess of the Limits of Insurance shown in the Declarations of this Coverage Part.

c. Method of Sharing - If all the other insurance permits contribution by equal shares, we will follow this method also. Under this approach each insurer contributes equal amounts until it has paid its applicable limit of insurance or none of the loss remains, whichever comes first.

If any or the other insurance does not permit contribution by equal shares, we will contribute by limits. Under this method, each insurer's contribution is based on the ratio of its applicable limits of insurance of all insurers.

2. This provision only applies with respect to your operations, "your work" or facilities owned or used by you.

K. Other Insurance – You Are An Additional Insured On Another Person's Or Organization's Policy

If you are an insured under **SECTION II - WHO IS AN INSURED**, then **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**, Subsection **4. OTHER INSURANCE**, Paragraph **b. Excess Insurance** is replaced by the following:

This insurance is excess over any other insurance, whether primary, excess, contingent or on any other basis:

1. That is Fire, Extended Coverage, Builders Risk, Installation Risk or similar coverage for "your work";
2. That is Fire, lightning or explosion insurance for premises rented to you or temporarily occupied by you with permission of the owner;

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

3. If the loss arises out of the maintenance or use of aircraft, "autos" or watercraft to the extent not subject to **SECTION I – COVERAGE, COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, Subsection 2. **Exclusions**, Paragraph **g**.; or
4. When any of the Named Insureds, under this Coverage Part, are additional insureds under a commercial general liability policy or similar insurance of another party.

When this insurance is excess, we will have no duty under Coverages **A** or **B** to defend any claim or "suit" that any other insurer has a duty to defend. If no other insurer defends, we will undertake to do so, but we will be entitled to the insured's rights against all those other insureds.

When this insurance is excess or other insurance, we will pay only our share of the amount of the loss, if any, that exceeds the sum of:

1. The total amount that all such other insurance would pay for the loss in the absence of this insurance; and
2. The total of all deductible and self-insured amounts under all that other insurance.

We will share the remaining loss, if any, with any other insurance that is not described in this Excess Insurance provision and was not bought specifically to apply in excess of the Limits of Insurance shown in the Declarations of this Coverage Part.

L. Unintentional Failure To Disclose Hazards

It is agreed that, based on our reliance on your representations as to existing hazards, if you should unintentionally fail to disclose all such hazards prior to the beginning of the policy period of this Coverage Part, we shall not deny coverage under this Coverage Part because of such failure.

M. Liberalization

If we revise this endorsement to provide more coverage without additional premium charge, we will automatically provide the additional coverage to all endorsement holders as of the day the revision is effective in your state.

SECTION V – DEFINITIONS, Paragraph **3.** is changed to read:

b. Except for mental anguish, includes death resulting from the foregoing (item a. above) at any time.

2. **SECTION V – DEFINITIONS**, Paragraph **14.** is amended to include the following:

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

(1) Any insured; or
(2) Any executive officer, director, stockholder, partner or member of the insured; or
b. Directly or indirectly related to the employment, former or prospective employment, termination of employment, or application for employment of any person or persons by an insured; or
c. Directly or indirectly related to the sale, rental, lease or sublease or prospective sales, rental, lease or sub-lease of any room, dwelling or premises by or at the direction of any insured; or
d. Insurance for such discrimination is prohibited by or held in violation of law, public policy, legislation, court decision or administrative ruling.

The above does not apply to fines or penalties imposed because of discrimination.

P. Transfer of Rights of Recovery Against Others To Us

As a clarification, the following is added to **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**, Subsection **8. Transfer of Rights of Recovery Against Others To Us**:

Therefore, the insured can waive the insurer's Rights of Recovery prior to the occurrence of a loss, provided the waiver is made in a written contract.

Q. Science Laboratory "Occurrence"

SECTION I – COVERAGE, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, Subsection **2. Exclusions**, Paragraph **f.** does not apply to any "bodily injury" or "physical damage" arising out of a fire or "occurrence" in any of your science laboratories while teaching is being conducted in that laboratory, subject to a $50,000 per policy limit.

R. Medical Incident Liability-Nurse and Athletic Trainer

1. **SECTION II – WHO IS AN INSURED, Subparagraph 2.a. (1) (d)** is deleted and replaced by the following:

(d) Arising out of his or her providing or failing to provide professional medical services. This paragraph does not apply to a registered or practical nurse or athletic trainer, while acting within the scope of his or her duties for the Named Insured and arising out of a "medical incident".

2. **SECTION V – DEFINITIONS, 13.** is deleted and replaced by the following:

"Occurrence" means an accident, including continuous or repeated exposure to substantially the same general harmful conditions, and "medical incident".

3. The following definition is added to **SECTION V – DEFINITIONS**:

"Medical Incident" means any act or omission in the furnishing or failure to furnish professional medical services by the insured or any person acting under the personal direction, control, or supervision of the insured. Any such act or omission together with all related acts or omissions in the furnishing of such services to any one person shall be considered one "medical incident".

H. Per Campus – General Aggregate

SECTION III – LIMITS OF INSURANCE is amended to include the following provisions:

1. For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under **SECTION I – COVERAGE**, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, and for all medical expenses caused by accidents under **SECTION I – COVERAGE**, **COVERAGE C MEDICAL PAYMENTS** which can be attributed only to operations at a single designated "campus" shown in the Declarations:

   a. A separate Per Campus General Aggregate Limit is applicable to each single designated "campus" shown in the Declarations and that limit is equal to the amount of the General Aggregate Limit shown in the Declarations.

   b. The Per Campus General Aggregate Limit is the most we will pay for the sum of all damages under **COVERAGE A**, except damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard," and for medical expenses under **COVERAGE C** regardless of the number of:

      (1) Insureds;

      (2) Claims made or "suits" brought; or

      (3) Persons or organizations making claims or bringing "suits."

   c. Any payments made under **COVERAGE A** for damages or under **COVERAGE C** for medical expenses shall reduce the Per Campus General Aggregate Limit for that designated "campus." Such payments shall not reduce the General Aggregate Limit shown in the Declarations nor shall they reduce any other Per Campus General Aggregate Limit for any other designated "campus" shown in the Declarations.

   d. The limits shown in the Declarations for Each Occurrence, Fire Damage and Medical Expense continue to apply. However, instead of being subject to the General Aggregate Limit shown in the Declarations, such limits will be subject to the applicable Per Campus General Aggregate Limit.

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

2. For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under **SECTION I – COVERAGE**, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABIITY**, and for all medical expenses caused by accidents under **SECTION I – COVERAGE**, **COVERAGE C MEDICAL PAYMENTS** which cannot be attributed only to operations at a single designated "campus" shown in the Declarations:

   a. Any payments made under **COVERAGE A** for damages or under **COVERAGE C** for medical expenses shall reduce the amount available under the General Aggregate Limit or the Products-Completed Operations Aggregate Limit, whichever is applicable; and

   b. Such payments shall not reduce any separate designated "campus" General Aggregate Limit.

3. When coverage for liability arising out of the "products-completed operations hazard" is provided, any payment for damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard" will reduce the Products-Completed Operations Aggregate Limit, and not reduce the General Aggregate Limit nor the Per Campus General Aggregate Limit.

4. **SECTION V – DEFINITIONS** is amended by adding the following:

   "Campus" is defined as premises involving the same or connecting lots, or premises whose connection is interrupted only by a street, roadway, waterway or right-of-way of a railroad.

5. The provisions of **SECTION III – LIMITS OF INSURANCE** not otherwise modified by the above shall continue to apply as stipulated.

I. Duties in the Event of Occurrence, Claim or Suit

1. The requirement in Paragraph **2.a.** of **SECTION IV - COMMERCIAL GENERAL LIABILITY CONDITIONS** that you must see to it that we are notified as soon as practicable of an "occurrence" or an offense, applies only when the "occurrence" or offense is known to:

   a. You, if you are an individual;
   b. A partner, if you are a partnership; or
   c. An executive officer or insurance manager, if you are a corporation.

2. The requirement in Paragraph **2.b.** of **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS** that you must see to it that we receive notice of a claim or "suit" as soon as practicable will not be considered breached unless the breach occurs after such claim or "suit" is known to:

   a. You, if you are an individual;
   b. A partner, if you are a partnership; or
   c. An executive officer or insurance manager, if you are a corporation.

J. Other Insurance – Primary Additional Insured

1. If the written contract or agreement or permit requires this insurance to be primary for any person or organization with whom you agree to include in **SECTION II** - **WHO IS AN INSURED**, then **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**, Subsection 4**. Other Insurance** is replaced by the following:

   If other valid and collectible insurance is available for a loss we cover under **COVERAGE A** of this Coverage Part, our obligations are limited as follows:

   a. Primary Insurance - This insurance is primary. We will not seek contributions from other

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

insurance available to the person or organization with whom you agree to include in **SECTION II - WHO IS AN INSURED**, except when 2. below applies.

b. Excess Insurance -This insurance is excess over any of the other insurance whether primary, excess, contingent or any other basis:

(1) That is Fire, Extended Coverage, Builder's Risk, Installation Risk or similar coverage for "your work";
(2) That is Fire, lightning or explosion insurance for premises rented to you; or temporarily occupied by you with permission of the owner; or
(3) If the loss arises out of the maintenance or use of aircraft, "autos" or watercraft to the extent not subject to **SECTION I – COVERAGE**, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, Subsection **2. Exclusions**, Paragraph **g.**

When this insurance is excess, we will have no duty under Coverages **A** or **B** to defend any claim or "suit" that any other insurer has a duty to defend. If no other insurer defends, we will undertake to do so, but we will be entitled to the insured's rights against all those other insurers.

When this insurance is excess over other insurance, we will pay only our share of the amount of the loss, if any, that exceeds the sum of:

(1) The total amount that all such other insurance would pay for the loss in the absence of this insurance; and
(2) The total of all deductible and self-insured amounts under all other insurance.

We will share the remaining loss, if any, with any other insurance that is not described in this excess insurance provision and was not bought specifically to apply in excess of the Limits of Insurance shown in the Declarations of this Coverage Part.

c. Method of Sharing - If all the other insurance permits contribution by equal shares, we will follow this method also. Under this approach each insurer contributes equal amounts until it has paid its applicable limit of insurance or none of the loss remains, whichever comes first.

If any or the other insurance does not permit contribution by equal shares, we will contribute by limits. Under this method, each insurer's contribution is based on the ratio of its applicable limits of insurance of all insurers.

2. This provision only applies with respect to your operations, "your work" or facilities owned or used by you.

K. Other Insurance – You Are An Additional Insured On Another Person's Or Organization's Policy

If you are an insured under **SECTION II - WHO IS AN INSURED**, then **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**, Subsection **4. OTHER INSURANCE**, Paragraph **b. Excess Insurance** is replaced by the following:

This insurance is excess over any other insurance, whether primary, excess, contingent or on any other basis:

1. That is Fire, Extended Coverage, Builders Risk, Installation Risk or similar coverage for "your work";
2. That is Fire, lightning or explosion insurance for premises rented to you or temporarily occupied by you with permission of the owner;

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

3. If the loss arises out of the maintenance or use of aircraft, "autos" or watercraft to the extent not subject to **SECTION I – COVERAGE, COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, Subsection 2. **Exclusions**, Paragraph **g**.; or
4. When any of the Named Insureds, under this Coverage Part, are additional insureds under a commercial general liability policy or similar insurance of another party.

When this insurance is excess, we will have no duty under Coverages **A** or **B** to defend any claim or "suit" that any other insurer has a duty to defend. If no other insurer defends, we will undertake to do so, but we will be entitled to the insured's rights against all those other insureds.

When this insurance is excess or other insurance, we will pay only our share of the amount of the loss, if any, that exceeds the sum of:

1. The total amount that all such other insurance would pay for the loss in the absence of this insurance; and
2. The total of all deductible and self-insured amounts under all that other insurance.

We will share the remaining loss, if any, with any other insurance that is not described in this Excess Insurance provision and was not bought specifically to apply in excess of the Limits of Insurance shown in the Declarations of this Coverage Part.

L. Unintentional Failure To Disclose Hazards

It is agreed that, based on our reliance on your representations as to existing hazards, if you should unintentionally fail to disclose all such hazards prior to the beginning of the policy period of this Coverage Part, we shall not deny coverage under this Coverage Part because of such failure.

M. Liberalization

If we revise this endorsement to provide more coverage without additional premium charge, we will automatically provide the additional coverage to all endorsement holders as of the day the revision is effective in your state.

N. Bodily Injury - Mental Anguish

SECTION V – DEFINITIONS, Paragraph **3.** is changed to read:

"Bodily Injury":

a. Means bodily injury, sickness or disease sustained by a person, and includes mental anguish resulting from any of these; and
b. Except for mental anguish, includes death resulting from the foregoing (item a. above) at any time.

O. Personal and Advertising Injury – Abuse of Process, Discrimination

If **COVERAGE B PERSONAL AND ADVERTISING INJURY LIABILITY COVERAGE** is not otherwise excluded from this Coverage Part, the definition of "personal and advertising injury" is amended as follows:

1. **SECTION V – DEFINITIONS**, Paragraph **14. b.** is revised to read:
   b. Malicious prosecution or abuse of process:

2. **SECTION V – DEFINITIONS**, Paragraph **14.** is amended to include the following:

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

a. Done intentionally by or at the direction of, or with the knowledge or consent of:
(1) Any insured; or
(2) Any executive officer, director, stockholder, partner or member of the insured; or
b. Directly or indirectly related to the employment, former or prospective employment, termination of employment, or application for employment of any person or persons by an insured; or
c. Directly or indirectly related to the sale, rental, lease or sublease or prospective sales, rental, lease or sub-lease of any room, dwelling or premises by or at the direction of any insured; or
d. Insurance for such discrimination is prohibited by or held in violation of law, public policy, legislation, court decision or administrative ruling.

The above does not apply to fines or penalties imposed because of discrimination.

P. Transfer of Rights of Recovery Against Others To Us

As a clarification, the following is added to **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**, Subsection **8. Transfer of Rights of Recovery Against Others To Us**:

Therefore, the insured can waive the insurer's Rights of Recovery prior to the occurrence of a loss, provided the waiver is made in a written contract.

Q. Science Laboratory "Occurrence"

SECTION I – COVERAGE, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, Subsection **2. Exclusions**, Paragraph **f.** does not apply to any "bodily injury" or "physical damage" arising out of a fire or "occurrence" in any of your science laboratories while teaching is being conducted in that laboratory, subject to a $50,000 per policy limit.

R. Medical Incident Liability-Nurse and Athletic Trainer

1. **SECTION II – WHO IS AN INSURED, Subparagraph 2.a. (1) (d)** is deleted and replaced by the following:

(d) Arising out of his or her providing or failing to provide professional medical services. This paragraph does not apply to a registered or practical nurse or athletic trainer, while acting within the scope of his or her duties for the Named Insured and arising out of a "medical incident".

2. **SECTION V – DEFINITIONS, 13.** is deleted and replaced by the following:

"Occurrence" means an accident, including continuous or repeated exposure to substantially the same general harmful conditions, and "medical incident".

3. The following definition is added to **SECTION V – DEFINITIONS**:

"Medical Incident" means any act or omission in the furnishing or failure to furnish professional medical services by the insured or any person acting under the personal direction, control, or supervision of the insured. Any such act or omission together with all related acts or omissions in the furnishing of such services to any one person shall be considered one "medical incident".

"Medical incident" does not include any actual, alleged or threatened emotional, physical, or sexual abuse of any patient or professional medical services recipient.

H. Per Campus – General Aggregate

SECTION III – LIMITS OF INSURANCE is amended to include the following provisions:

1. For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under **SECTION I – COVERAGE**, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, and for all medical expenses caused by accidents under **SECTION I – COVERAGE**, **COVERAGE C MEDICAL PAYMENTS** which can be attributed only to operations at a single designated "campus" shown in the Declarations:

   a. A separate Per Campus General Aggregate Limit is applicable to each single designated "campus" shown in the Declarations and that limit is equal to the amount of the General Aggregate Limit shown in the Declarations.

   b. The Per Campus General Aggregate Limit is the most we will pay for the sum of all damages under **COVERAGE A**, except damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard," and for medical expenses under **COVERAGE C** regardless of the number of:

      (1) Insureds;

      (2) Claims made or "suits" brought; or

      (3) Persons or organizations making claims or bringing "suits."

   c. Any payments made under **COVERAGE A** for damages or under **COVERAGE C** for medical expenses shall reduce the Per Campus General Aggregate Limit for that designated "campus." Such payments shall not reduce the General Aggregate Limit shown in the Declarations nor shall they reduce any other Per Campus General Aggregate Limit for any other designated "campus" shown in the Declarations.

   d. The limits shown in the Declarations for Each Occurrence, Fire Damage and Medical Expense continue to apply. However, instead of being subject to the General Aggregate Limit shown in the Declarations, such limits will be subject to the applicable Per Campus General Aggregate Limit.

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

2. For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under **SECTION I – COVERAGE**, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABIITY**, and for all medical expenses caused by accidents under **SECTION I – COVERAGE**, **COVERAGE C MEDICAL PAYMENTS** which cannot be attributed only to operations at a single designated "campus" shown in the Declarations:

   a. Any payments made under **COVERAGE A** for damages or under **COVERAGE C** for medical expenses shall reduce the amount available under the General Aggregate Limit or the Products-Completed Operations Aggregate Limit, whichever is applicable; and

   b. Such payments shall not reduce any separate designated "campus" General Aggregate Limit.

3. When coverage for liability arising out of the "products-completed operations hazard" is provided, any payment for damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard" will reduce the Products-Completed Operations Aggregate Limit, and not reduce the General Aggregate Limit nor the Per Campus General Aggregate Limit.

4. **SECTION V – DEFINITIONS** is amended by adding the following:

   "Campus" is defined as premises involving the same or connecting lots, or premises whose connection is interrupted only by a street, roadway, waterway or right-of-way of a railroad.

5. The provisions of **SECTION III – LIMITS OF INSURANCE** not otherwise modified by the above shall continue to apply as stipulated.

I. Duties in the Event of Occurrence, Claim or Suit

1. The requirement in Paragraph **2.a.** of **SECTION IV - COMMERCIAL GENERAL LIABILITY CONDITIONS** that you must see to it that we are notified as soon as practicable of an "occurrence" or an offense, applies only when the "occurrence" or offense is known to:

   a. You, if you are an individual;
   b. A partner, if you are a partnership; or
   c. An executive officer or insurance manager, if you are a corporation.

2. The requirement in Paragraph **2.b.** of **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS** that you must see to it that we receive notice of a claim or "suit" as soon as practicable will not be considered breached unless the breach occurs after such claim or "suit" is known to:

   a. You, if you are an individual;
   b. A partner, if you are a partnership; or
   c. An executive officer or insurance manager, if you are a corporation.

J. Other Insurance – Primary Additional Insured

1. If the written contract or agreement or permit requires this insurance to be primary for any person or organization with whom you agree to include in **SECTION II** - **WHO IS AN INSURED**, then **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**, Subsection 4**. Other Insurance** is replaced by the following:

   If other valid and collectible insurance is available for a loss we cover under **COVERAGE A** of this Coverage Part, our obligations are limited as follows:

   a. Primary Insurance - This insurance is primary. We will not seek contributions from other

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

insurance available to the person or organization with whom you agree to include in **SECTION II - WHO IS AN INSURED**, except when 2. below applies.

b. Excess Insurance -This insurance is excess over any of the other insurance whether primary, excess, contingent or any other basis:

(1) That is Fire, Extended Coverage, Builder's Risk, Installation Risk or similar coverage for "your work";
(2) That is Fire, lightning or explosion insurance for premises rented to you; or temporarily occupied by you with permission of the owner; or
(3) If the loss arises out of the maintenance or use of aircraft, "autos" or watercraft to the extent not subject to **SECTION I – COVERAGE**, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, Subsection **2. Exclusions**, Paragraph **g.**

When this insurance is excess, we will have no duty under Coverages **A** or **B** to defend any claim or "suit" that any other insurer has a duty to defend. If no other insurer defends, we will undertake to do so, but we will be entitled to the insured's rights against all those other insurers.

When this insurance is excess over other insurance, we will pay only our share of the amount of the loss, if any, that exceeds the sum of:

(1) The total amount that all such other insurance would pay for the loss in the absence of this insurance; and
(2) The total of all deductible and self-insured amounts under all other insurance.

We will share the remaining loss, if any, with any other insurance that is not described in this excess insurance provision and was not bought specifically to apply in excess of the Limits of Insurance shown in the Declarations of this Coverage Part.

c. Method of Sharing - If all the other insurance permits contribution by equal shares, we will follow this method also. Under this approach each insurer contributes equal amounts until it has paid its applicable limit of insurance or none of the loss remains, whichever comes first.

If any or the other insurance does not permit contribution by equal shares, we will contribute by limits. Under this method, each insurer's contribution is based on the ratio of its applicable limits of insurance of all insurers.

2. This provision only applies with respect to your operations, "your work" or facilities owned or used by you.

K. Other Insurance – You Are An Additional Insured On Another Person's Or Organization's Policy

If you are an insured under **SECTION II - WHO IS AN INSURED**, then **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**, Subsection **4. OTHER INSURANCE**, Paragraph **b. Excess Insurance** is replaced by the following:

This insurance is excess over any other insurance, whether primary, excess, contingent or on any other basis:

1. That is Fire, Extended Coverage, Builders Risk, Installation Risk or similar coverage for "your work";
2. That is Fire, lightning or explosion insurance for premises rented to you or temporarily occupied by you with permission of the owner;

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

3. If the loss arises out of the maintenance or use of aircraft, "autos" or watercraft to the extent not subject to **SECTION I – COVERAGE, COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, Subsection 2. **Exclusions**, Paragraph **g**.; or
4. When any of the Named Insureds, under this Coverage Part, are additional insureds under a commercial general liability policy or similar insurance of another party.

When this insurance is excess, we will have no duty under Coverages **A** or **B** to defend any claim or "suit" that any other insurer has a duty to defend. If no other insurer defends, we will undertake to do so, but we will be entitled to the insured's rights against all those other insureds.

When this insurance is excess or other insurance, we will pay only our share of the amount of the loss, if any, that exceeds the sum of:

1. The total amount that all such other insurance would pay for the loss in the absence of this insurance; and
2. The total of all deductible and self-insured amounts under all that other insurance.

We will share the remaining loss, if any, with any other insurance that is not described in this Excess Insurance provision and was not bought specifically to apply in excess of the Limits of Insurance shown in the Declarations of this Coverage Part.

L. Unintentional Failure To Disclose Hazards

It is agreed that, based on our reliance on your representations as to existing hazards, if you should unintentionally fail to disclose all such hazards prior to the beginning of the policy period of this Coverage Part, we shall not deny coverage under this Coverage Part because of such failure.

M. Liberalization

If we revise this endorsement to provide more coverage without additional premium charge, we will automatically provide the additional coverage to all endorsement holders as of the day the revision is effective in your state.

b. Except for mental anguish, includes death resulting from the foregoing (item a. above) at any time.

O. Personal and Advertising Injury – Abuse of Process, Discrimination

   b. Malicious prosecution or abuse of process:

2. **SECTION V – DEFINITIONS**, Paragraph **14.** is amended to include the following:

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

(1) Any insured; or
(2) Any executive officer, director, stockholder, partner or member of the insured; or
b. Directly or indirectly related to the employment, former or prospective employment, termination of employment, or application for employment of any person or persons by an insured; or
c. Directly or indirectly related to the sale, rental, lease or sublease or prospective sales, rental, lease or sub-lease of any room, dwelling or premises by or at the direction of any insured; or
d. Insurance for such discrimination is prohibited by or held in violation of law, public policy, legislation, court decision or administrative ruling.

The above does not apply to fines or penalties imposed because of discrimination.

P. Transfer of Rights of Recovery Against Others To Us

As a clarification, the following is added to **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**, Subsection **8. Transfer of Rights of Recovery Against Others To Us**:

Therefore, the insured can waive the insurer's Rights of Recovery prior to the occurrence of a loss, provided the waiver is made in a written contract.

Q. Science Laboratory "Occurrence"

SECTION I – COVERAGE, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, Subsection **2. Exclusions**, Paragraph **f.** does not apply to any "bodily injury" or "physical damage" arising out of a fire or "occurrence" in any of your science laboratories while teaching is being conducted in that laboratory, subject to a $50,000 per policy limit.

R. Medical Incident Liability-Nurse and Athletic Trainer

1. **SECTION II – WHO IS AN INSURED, Subparagraph 2.a. (1) (d)** is deleted and replaced by the following:

(d) Arising out of his or her providing or failing to provide professional medical services. This paragraph does not apply to a registered or practical nurse or athletic trainer, while acting within the scope of his or her duties for the Named Insured and arising out of a "medical incident".

2. **SECTION V – DEFINITIONS, 13.** is deleted and replaced by the following:

"Occurrence" means an accident, including continuous or repeated exposure to substantially the same general harmful conditions, and "medical incident".

3. The following definition is added to **SECTION V – DEFINITIONS**:

"Medical Incident" means any act or omission in the furnishing or failure to furnish professional medical services by the insured or any person acting under the personal direction, control, or supervision of the insured. Any such act or omission together with all related acts or omissions in the furnishing of such services to any one person shall be considered one "medical incident".

"Medical incident" does not include any actual, alleged or threatened emotional, physical, or sexual abuse of any patient or professional medical services recipient.

H. Per Campus – General Aggregate

SECTION III – LIMITS OF INSURANCE is amended to include the following provisions:

1. For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under **SECTION I – COVERAGE**, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, and for all medical expenses caused by accidents under **SECTION I – COVERAGE**, **COVERAGE C MEDICAL PAYMENTS** which can be attributed only to operations at a single designated "campus" shown in the Declarations:

   a. A separate Per Campus General Aggregate Limit is applicable to each single designated "campus" shown in the Declarations and that limit is equal to the amount of the General Aggregate Limit shown in the Declarations.

   b. The Per Campus General Aggregate Limit is the most we will pay for the sum of all damages under **COVERAGE A**, except damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard," and for medical expenses under **COVERAGE C** regardless of the number of:

      (1) Insureds;

      (2) Claims made or "suits" brought; or

      (3) Persons or organizations making claims or bringing "suits."

   c. Any payments made under **COVERAGE A** for damages or under **COVERAGE C** for medical expenses shall reduce the Per Campus General Aggregate Limit for that designated "campus." Such payments shall not reduce the General Aggregate Limit shown in the Declarations nor shall they reduce any other Per Campus General Aggregate Limit for any other designated "campus" shown in the Declarations.

   d. The limits shown in the Declarations for Each Occurrence, Fire Damage and Medical Expense continue to apply. However, instead of being subject to the General Aggregate Limit shown in the Declarations, such limits will be subject to the applicable Per Campus General Aggregate Limit.

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

2. For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under **SECTION I – COVERAGE**, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABIITY**, and for all medical expenses caused by accidents under **SECTION I – COVERAGE**, **COVERAGE C MEDICAL PAYMENTS** which cannot be attributed only to operations at a single designated "campus" shown in the Declarations:

   a. Any payments made under **COVERAGE A** for damages or under **COVERAGE C** for medical expenses shall reduce the amount available under the General Aggregate Limit or the Products-Completed Operations Aggregate Limit, whichever is applicable; and

   b. Such payments shall not reduce any separate designated "campus" General Aggregate Limit.

3. When coverage for liability arising out of the "products-completed operations hazard" is provided, any payment for damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard" will reduce the Products-Completed Operations Aggregate Limit, and not reduce the General Aggregate Limit nor the Per Campus General Aggregate Limit.

4. **SECTION V – DEFINITIONS** is amended by adding the following:

   "Campus" is defined as premises involving the same or connecting lots, or premises whose connection is interrupted only by a street, roadway, waterway or right-of-way of a railroad.

5. The provisions of **SECTION III – LIMITS OF INSURANCE** not otherwise modified by the above shall continue to apply as stipulated.

I. Duties in the Event of Occurrence, Claim or Suit

1. The requirement in Paragraph **2.a.** of **SECTION IV - COMMERCIAL GENERAL LIABILITY CONDITIONS** that you must see to it that we are notified as soon as practicable of an "occurrence" or an offense, applies only when the "occurrence" or offense is known to:

   a. You, if you are an individual;
   b. A partner, if you are a partnership; or
   c. An executive officer or insurance manager, if you are a corporation.

2. The requirement in Paragraph **2.b.** of **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS** that you must see to it that we receive notice of a claim or "suit" as soon as practicable will not be considered breached unless the breach occurs after such claim or "suit" is known to:

   a. You, if you are an individual;
   b. A partner, if you are a partnership; or
   c. An executive officer or insurance manager, if you are a corporation.

J. Other Insurance – Primary Additional Insured

1. If the written contract or agreement or permit requires this insurance to be primary for any person or organization with whom you agree to include in **SECTION II** - **WHO IS AN INSURED**, then **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**, Subsection 4**. Other Insurance** is replaced by the following:

   If other valid and collectible insurance is available for a loss we cover under **COVERAGE A** of this Coverage Part, our obligations are limited as follows:

   a. Primary Insurance - This insurance is primary. We will not seek contributions from other

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

insurance available to the person or organization with whom you agree to include in **SECTION II - WHO IS AN INSURED**, except when 2. below applies.

b. Excess Insurance -This insurance is excess over any of the other insurance whether primary, excess, contingent or any other basis:

(1) That is Fire, Extended Coverage, Builder's Risk, Installation Risk or similar coverage for "your work";
(2) That is Fire, lightning or explosion insurance for premises rented to you; or temporarily occupied by you with permission of the owner; or
(3) If the loss arises out of the maintenance or use of aircraft, "autos" or watercraft to the extent not subject to **SECTION I – COVERAGE**, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, Subsection **2. Exclusions**, Paragraph **g.**

When this insurance is excess, we will have no duty under Coverages **A** or **B** to defend any claim or "suit" that any other insurer has a duty to defend. If no other insurer defends, we will undertake to do so, but we will be entitled to the insured's rights against all those other insurers.

When this insurance is excess over other insurance, we will pay only our share of the amount of the loss, if any, that exceeds the sum of:

(1) The total amount that all such other insurance would pay for the loss in the absence of this insurance; and
(2) The total of all deductible and self-insured amounts under all other insurance.

We will share the remaining loss, if any, with any other insurance that is not described in this excess insurance provision and was not bought specifically to apply in excess of the Limits of Insurance shown in the Declarations of this Coverage Part.

c. Method of Sharing - If all the other insurance permits contribution by equal shares, we will follow this method also. Under this approach each insurer contributes equal amounts until it has paid its applicable limit of insurance or none of the loss remains, whichever comes first.

If any or the other insurance does not permit contribution by equal shares, we will contribute by limits. Under this method, each insurer's contribution is based on the ratio of its applicable limits of insurance of all insurers.

2. This provision only applies with respect to your operations, "your work" or facilities owned or used by you.

K. Other Insurance – You Are An Additional Insured On Another Person's Or Organization's Policy

If you are an insured under **SECTION II - WHO IS AN INSURED**, then **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**, Subsection **4. OTHER INSURANCE**, Paragraph **b. Excess Insurance** is replaced by the following:

This insurance is excess over any other insurance, whether primary, excess, contingent or on any other basis:

1. That is Fire, Extended Coverage, Builders Risk, Installation Risk or similar coverage for "your work";
2. That is Fire, lightning or explosion insurance for premises rented to you or temporarily occupied by you with permission of the owner;

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

3. If the loss arises out of the maintenance or use of aircraft, "autos" or watercraft to the extent not subject to **SECTION I – COVERAGE, COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, Subsection 2. **Exclusions**, Paragraph **g**.; or
4. When any of the Named Insureds, under this Coverage Part, are additional insureds under a commercial general liability policy or similar insurance of another party.

When this insurance is excess, we will have no duty under Coverages **A** or **B** to defend any claim or "suit" that any other insurer has a duty to defend. If no other insurer defends, we will undertake to do so, but we will be entitled to the insured's rights against all those other insureds.

When this insurance is excess or other insurance, we will pay only our share of the amount of the loss, if any, that exceeds the sum of:

1. The total amount that all such other insurance would pay for the loss in the absence of this insurance; and
2. The total of all deductible and self-insured amounts under all that other insurance.

We will share the remaining loss, if any, with any other insurance that is not described in this Excess Insurance provision and was not bought specifically to apply in excess of the Limits of Insurance shown in the Declarations of this Coverage Part.

L. Unintentional Failure To Disclose Hazards

It is agreed that, based on our reliance on your representations as to existing hazards, if you should unintentionally fail to disclose all such hazards prior to the beginning of the policy period of this Coverage Part, we shall not deny coverage under this Coverage Part because of such failure.

M. Liberalization

If we revise this endorsement to provide more coverage without additional premium charge, we will automatically provide the additional coverage to all endorsement holders as of the day the revision is effective in your state.

N. Bodily Injury - Mental Anguish

SECTION V – DEFINITIONS, Paragraph **3.** is changed to read:

"Bodily Injury":

b. Except for mental anguish, includes death resulting from the foregoing (item a. above) at any time.

O. Personal and Advertising Injury – Abuse of Process, Discrimination

   b. Malicious prosecution or abuse of process:

2. **SECTION V – DEFINITIONS**, Paragraph **14.** is amended to include the following:

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

(2) Any executive officer, director, stockholder, partner or member of the insured; or
b. Directly or indirectly related to the employment, former or prospective employment, termination of employment, or application for employment of any person or persons by an insured; or
c. Directly or indirectly related to the sale, rental, lease or sublease or prospective sales, rental, lease or sub-lease of any room, dwelling or premises by or at the direction of any insured; or
d. Insurance for such discrimination is prohibited by or held in violation of law, public policy, legislation, court decision or administrative ruling.

The above does not apply to fines or penalties imposed because of discrimination.

P. Transfer of Rights of Recovery Against Others To Us

As a clarification, the following is added to **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**, Subsection **8. Transfer of Rights of Recovery Against Others To Us**:

Therefore, the insured can waive the insurer's Rights of Recovery prior to the occurrence of a loss, provided the waiver is made in a written contract.

Q. Science Laboratory "Occurrence"

SECTION I – COVERAGE, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, Subsection **2. Exclusions**, Paragraph **f.** does not apply to any "bodily injury" or "physical damage" arising out of a fire or "occurrence" in any of your science laboratories while teaching is being conducted in that laboratory, subject to a $50,000 per policy limit.

R. Medical Incident Liability-Nurse and Athletic Trainer

1. **SECTION II – WHO IS AN INSURED, Subparagraph 2.a. (1) (d)** is deleted and replaced by the following:

(d) Arising out of his or her providing or failing to provide professional medical services. This paragraph does not apply to a registered or practical nurse or athletic trainer, while acting within the scope of his or her duties for the Named Insured and arising out of a "medical incident".

2. **SECTION V – DEFINITIONS, 13.** is deleted and replaced by the following:

"Occurrence" means an accident, including continuous or repeated exposure to substantially the same general harmful conditions, and "medical incident".

3. The following definition is added to **SECTION V – DEFINITIONS**:

"Medical Incident" means any act or omission in the furnishing or failure to furnish professional medical services by the insured or any person acting under the personal direction, control, or supervision of the insured. Any such act or omission together with all related acts or omissions in the furnishing of such services to any one person shall be considered one "medical incident".

H. Per Campus – General Aggregate

SECTION III – LIMITS OF INSURANCE is amended to include the following provisions:

1. For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under **SECTION I – COVERAGE**, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, and for all medical expenses caused by accidents under **SECTION I – COVERAGE**, **COVERAGE C MEDICAL PAYMENTS** which can be attributed only to operations at a single designated "campus" shown in the Declarations:

   a. A separate Per Campus General Aggregate Limit is applicable to each single designated "campus" shown in the Declarations and that limit is equal to the amount of the General Aggregate Limit shown in the Declarations.

   b. The Per Campus General Aggregate Limit is the most we will pay for the sum of all damages under **COVERAGE A**, except damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard," and for medical expenses under **COVERAGE C** regardless of the number of:

      (1) Insureds;

      (2) Claims made or "suits" brought; or

      (3) Persons or organizations making claims or bringing "suits."

   c. Any payments made under **COVERAGE A** for damages or under **COVERAGE C** for medical expenses shall reduce the Per Campus General Aggregate Limit for that designated "campus." Such payments shall not reduce the General Aggregate Limit shown in the Declarations nor shall they reduce any other Per Campus General Aggregate Limit for any other designated "campus" shown in the Declarations.

   d. The limits shown in the Declarations for Each Occurrence, Fire Damage and Medical Expense continue to apply. However, instead of being subject to the General Aggregate Limit shown in the Declarations, such limits will be subject to the applicable Per Campus General Aggregate Limit.

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

2. For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under **SECTION I – COVERAGE**, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABIITY**, and for all medical expenses caused by accidents under **SECTION I – COVERAGE**, **COVERAGE C MEDICAL PAYMENTS** which cannot be attributed only to operations at a single designated "campus" shown in the Declarations:

   a. Any payments made under **COVERAGE A** for damages or under **COVERAGE C** for medical expenses shall reduce the amount available under the General Aggregate Limit or the Products-Completed Operations Aggregate Limit, whichever is applicable; and

   b. Such payments shall not reduce any separate designated "campus" General Aggregate Limit.

3. When coverage for liability arising out of the "products-completed operations hazard" is provided, any payment for damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard" will reduce the Products-Completed Operations Aggregate Limit, and not reduce the General Aggregate Limit nor the Per Campus General Aggregate Limit.

4. **SECTION V – DEFINITIONS** is amended by adding the following:

   "Campus" is defined as premises involving the same or connecting lots, or premises whose connection is interrupted only by a street, roadway, waterway or right-of-way of a railroad.

5. The provisions of **SECTION III – LIMITS OF INSURANCE** not otherwise modified by the above shall continue to apply as stipulated.

I. Duties in the Event of Occurrence, Claim or Suit

1. The requirement in Paragraph **2.a.** of **SECTION IV - COMMERCIAL GENERAL LIABILITY CONDITIONS** that you must see to it that we are notified as soon as practicable of an "occurrence" or an offense, applies only when the "occurrence" or offense is known to:

   a. You, if you are an individual;
   b. A partner, if you are a partnership; or
   c. An executive officer or insurance manager, if you are a corporation.

2. The requirement in Paragraph **2.b.** of **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS** that you must see to it that we receive notice of a claim or "suit" as soon as practicable will not be considered breached unless the breach occurs after such claim or "suit" is known to:

   a. You, if you are an individual;
   b. A partner, if you are a partnership; or
   c. An executive officer or insurance manager, if you are a corporation.

J. Other Insurance – Primary Additional Insured

1. If the written contract or agreement or permit requires this insurance to be primary for any person or organization with whom you agree to include in **SECTION II** - **WHO IS AN INSURED**, then **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**, Subsection 4**. Other Insurance** is replaced by the following:

   If other valid and collectible insurance is available for a loss we cover under **COVERAGE A** of this Coverage Part, our obligations are limited as follows:

   a. Primary Insurance - This insurance is primary. We will not seek contributions from other

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

insurance available to the person or organization with whom you agree to include in **SECTION II - WHO IS AN INSURED**, except when 2. below applies.

b. Excess Insurance -This insurance is excess over any of the other insurance whether primary, excess, contingent or any other basis:

(1) That is Fire, Extended Coverage, Builder's Risk, Installation Risk or similar coverage for "your work";
(2) That is Fire, lightning or explosion insurance for premises rented to you; or temporarily occupied by you with permission of the owner; or
(3) If the loss arises out of the maintenance or use of aircraft, "autos" or watercraft to the extent not subject to **SECTION I – COVERAGE**, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, Subsection **2. Exclusions**, Paragraph **g.**

When this insurance is excess, we will have no duty under Coverages **A** or **B** to defend any claim or "suit" that any other insurer has a duty to defend. If no other insurer defends, we will undertake to do so, but we will be entitled to the insured's rights against all those other insurers.

When this insurance is excess over other insurance, we will pay only our share of the amount of the loss, if any, that exceeds the sum of:

(1) The total amount that all such other insurance would pay for the loss in the absence of this insurance; and
(2) The total of all deductible and self-insured amounts under all other insurance.

We will share the remaining loss, if any, with any other insurance that is not described in this excess insurance provision and was not bought specifically to apply in excess of the Limits of Insurance shown in the Declarations of this Coverage Part.

c. Method of Sharing - If all the other insurance permits contribution by equal shares, we will follow this method also. Under this approach each insurer contributes equal amounts until it has paid its applicable limit of insurance or none of the loss remains, whichever comes first.

If any or the other insurance does not permit contribution by equal shares, we will contribute by limits. Under this method, each insurer's contribution is based on the ratio of its applicable limits of insurance of all insurers.

2. This provision only applies with respect to your operations, "your work" or facilities owned or used by you.

K. Other Insurance – You Are An Additional Insured On Another Person's Or Organization's Policy

If you are an insured under **SECTION II - WHO IS AN INSURED**, then **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**, Subsection **4. OTHER INSURANCE**, Paragraph **b. Excess Insurance** is replaced by the following:

This insurance is excess over any other insurance, whether primary, excess, contingent or on any other basis:

1. That is Fire, Extended Coverage, Builders Risk, Installation Risk or similar coverage for "your work";
2. That is Fire, lightning or explosion insurance for premises rented to you or temporarily occupied by you with permission of the owner;

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

3. If the loss arises out of the maintenance or use of aircraft, "autos" or watercraft to the extent not subject to **SECTION I – COVERAGE, COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, Subsection 2. **Exclusions**, Paragraph **g**.; or
4. When any of the Named Insureds, under this Coverage Part, are additional insureds under a commercial general liability policy or similar insurance of another party.

When this insurance is excess, we will have no duty under Coverages **A** or **B** to defend any claim or "suit" that any other insurer has a duty to defend. If no other insurer defends, we will undertake to do so, but we will be entitled to the insured's rights against all those other insureds.

When this insurance is excess or other insurance, we will pay only our share of the amount of the loss, if any, that exceeds the sum of:

1. The total amount that all such other insurance would pay for the loss in the absence of this insurance; and
2. The total of all deductible and self-insured amounts under all that other insurance.

We will share the remaining loss, if any, with any other insurance that is not described in this Excess Insurance provision and was not bought specifically to apply in excess of the Limits of Insurance shown in the Declarations of this Coverage Part.

L. Unintentional Failure To Disclose Hazards

It is agreed that, based on our reliance on your representations as to existing hazards, if you should unintentionally fail to disclose all such hazards prior to the beginning of the policy period of this Coverage Part, we shall not deny coverage under this Coverage Part because of such failure.

M. Liberalization

If we revise this endorsement to provide more coverage without additional premium charge, we will automatically provide the additional coverage to all endorsement holders as of the day the revision is effective in your state.

b. Except for mental anguish, includes death resulting from the foregoing (item a. above) at any time.

O. Personal and Advertising Injury – Abuse of Process, Discrimination

If **COVERAGE B PERSONAL AND ADVERTISING INJURY LIABILITY COVERAGE** is not otherwise excluded from this Coverage Part, the definition of "personal and advertising injury" is amended as follows:

1. **SECTION V – DEFINITIONS**, Paragraph **14. b.** is revised to read:
   b. Malicious prosecution or abuse of process:

2. **SECTION V – DEFINITIONS**, Paragraph **14.** is amended to include the following:

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

a. Done intentionally by or at the direction of, or with the knowledge or consent of:
(1) Any insured; or
(2) Any executive officer, director, stockholder, partner or member of the insured; or
b. Directly or indirectly related to the employment, former or prospective employment, termination of employment, or application for employment of any person or persons by an insured; or
c. Directly or indirectly related to the sale, rental, lease or sublease or prospective sales, rental, lease or sub-lease of any room, dwelling or premises by or at the direction of any insured; or
d. Insurance for such discrimination is prohibited by or held in violation of law, public policy, legislation, court decision or administrative ruling.

The above does not apply to fines or penalties imposed because of discrimination.

P. Transfer of Rights of Recovery Against Others To Us

As a clarification, the following is added to **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**, Subsection **8. Transfer of Rights of Recovery Against Others To Us**:

Therefore, the insured can waive the insurer's Rights of Recovery prior to the occurrence of a loss, provided the waiver is made in a written contract.

Q. Science Laboratory "Occurrence"

SECTION I – COVERAGE, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, Subsection **2. Exclusions**, Paragraph **f.** does not apply to any "bodily injury" or "physical damage" arising out of a fire or "occurrence" in any of your science laboratories while teaching is being conducted in that laboratory, subject to a $50,000 per policy limit.

R. Medical Incident Liability-Nurse and Athletic Trainer

1. **SECTION II – WHO IS AN INSURED, Subparagraph 2.a. (1) (d)** is deleted and replaced by the following:

(d) Arising out of his or her providing or failing to provide professional medical services. This paragraph does not apply to a registered or practical nurse or athletic trainer, while acting within the scope of his or her duties for the Named Insured and arising out of a "medical incident".

2. **SECTION V – DEFINITIONS, 13.** is deleted and replaced by the following:

"Occurrence" means an accident, including continuous or repeated exposure to substantially the same general harmful conditions, and "medical incident".

3. The following definition is added to **SECTION V – DEFINITIONS**:

"Medical Incident" means any act or omission in the furnishing or failure to furnish professional medical services by the insured or any person acting under the personal direction, control, or supervision of the insured. Any such act or omission together with all related acts or omissions in the furnishing of such services to any one person shall be considered one "medical incident".

H. Per Campus – General Aggregate

SECTION III – LIMITS OF INSURANCE is amended to include the following provisions:

1. For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under **SECTION I – COVERAGE**, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, and for all medical expenses caused by accidents under **SECTION I – COVERAGE**, **COVERAGE C MEDICAL PAYMENTS** which can be attributed only to operations at a single designated "campus" shown in the Declarations:

   a. A separate Per Campus General Aggregate Limit is applicable to each single designated "campus" shown in the Declarations and that limit is equal to the amount of the General Aggregate Limit shown in the Declarations.

   b. The Per Campus General Aggregate Limit is the most we will pay for the sum of all damages under **COVERAGE A**, except damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard," and for medical expenses under **COVERAGE C** regardless of the number of:

      (1) Insureds;

      (2) Claims made or "suits" brought; or

      (3) Persons or organizations making claims or bringing "suits."

   c. Any payments made under **COVERAGE A** for damages or under **COVERAGE C** for medical expenses shall reduce the Per Campus General Aggregate Limit for that designated "campus." Such payments shall not reduce the General Aggregate Limit shown in the Declarations nor shall they reduce any other Per Campus General Aggregate Limit for any other designated "campus" shown in the Declarations.

   d. The limits shown in the Declarations for Each Occurrence, Fire Damage and Medical Expense continue to apply. However, instead of being subject to the General Aggregate Limit shown in the Declarations, such limits will be subject to the applicable Per Campus General Aggregate Limit.

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

2. For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under **SECTION I – COVERAGE**, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABIITY**, and for all medical expenses caused by accidents under **SECTION I – COVERAGE**, **COVERAGE C MEDICAL PAYMENTS** which cannot be attributed only to operations at a single designated "campus" shown in the Declarations:

   a. Any payments made under **COVERAGE A** for damages or under **COVERAGE C** for medical expenses shall reduce the amount available under the General Aggregate Limit or the Products-Completed Operations Aggregate Limit, whichever is applicable; and

   b. Such payments shall not reduce any separate designated "campus" General Aggregate Limit.

3. When coverage for liability arising out of the "products-completed operations hazard" is provided, any payment for damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard" will reduce the Products-Completed Operations Aggregate Limit, and not reduce the General Aggregate Limit nor the Per Campus General Aggregate Limit.

4. **SECTION V – DEFINITIONS** is amended by adding the following:

   "Campus" is defined as premises involving the same or connecting lots, or premises whose connection is interrupted only by a street, roadway, waterway or right-of-way of a railroad.

5. The provisions of **SECTION III – LIMITS OF INSURANCE** not otherwise modified by the above shall continue to apply as stipulated.

I. Duties in the Event of Occurrence, Claim or Suit

1. The requirement in Paragraph **2.a.** of **SECTION IV - COMMERCIAL GENERAL LIABILITY CONDITIONS** that you must see to it that we are notified as soon as practicable of an "occurrence" or an offense, applies only when the "occurrence" or offense is known to:

   a. You, if you are an individual;
   b. A partner, if you are a partnership; or
   c. An executive officer or insurance manager, if you are a corporation.

2. The requirement in Paragraph **2.b.** of **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS** that you must see to it that we receive notice of a claim or "suit" as soon as practicable will not be considered breached unless the breach occurs after such claim or "suit" is known to:

   a. You, if you are an individual;
   b. A partner, if you are a partnership; or
   c. An executive officer or insurance manager, if you are a corporation.

J. Other Insurance – Primary Additional Insured

1. If the written contract or agreement or permit requires this insurance to be primary for any person or organization with whom you agree to include in **SECTION II** - **WHO IS AN INSURED**, then **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**, Subsection 4**. Other Insurance** is replaced by the following:

   If other valid and collectible insurance is available for a loss we cover under **COVERAGE A** of this Coverage Part, our obligations are limited as follows:

   a. Primary Insurance - This insurance is primary. We will not seek contributions from other

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

insurance available to the person or organization with whom you agree to include in **SECTION II - WHO IS AN INSURED**, except when 2. below applies.

b. Excess Insurance -This insurance is excess over any of the other insurance whether primary, excess, contingent or any other basis:

(1) That is Fire, Extended Coverage, Builder's Risk, Installation Risk or similar coverage for "your work";
(2) That is Fire, lightning or explosion insurance for premises rented to you; or temporarily occupied by you with permission of the owner; or
(3) If the loss arises out of the maintenance or use of aircraft, "autos" or watercraft to the extent not subject to **SECTION I – COVERAGE**, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, Subsection **2. Exclusions**, Paragraph **g.**

When this insurance is excess, we will have no duty under Coverages **A** or **B** to defend any claim or "suit" that any other insurer has a duty to defend. If no other insurer defends, we will undertake to do so, but we will be entitled to the insured's rights against all those other insurers.

When this insurance is excess over other insurance, we will pay only our share of the amount of the loss, if any, that exceeds the sum of:

(1) The total amount that all such other insurance would pay for the loss in the absence of this insurance; and
(2) The total of all deductible and self-insured amounts under all other insurance.

We will share the remaining loss, if any, with any other insurance that is not described in this excess insurance provision and was not bought specifically to apply in excess of the Limits of Insurance shown in the Declarations of this Coverage Part.

c. Method of Sharing - If all the other insurance permits contribution by equal shares, we will follow this method also. Under this approach each insurer contributes equal amounts until it has paid its applicable limit of insurance or none of the loss remains, whichever comes first.

If any or the other insurance does not permit contribution by equal shares, we will contribute by limits. Under this method, each insurer's contribution is based on the ratio of its applicable limits of insurance of all insurers.

2. This provision only applies with respect to your operations, "your work" or facilities owned or used by you.

K. Other Insurance – You Are An Additional Insured On Another Person's Or Organization's Policy

If you are an insured under **SECTION II - WHO IS AN INSURED**, then **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**, Subsection **4. OTHER INSURANCE**, Paragraph **b. Excess Insurance** is replaced by the following:

This insurance is excess over any other insurance, whether primary, excess, contingent or on any other basis:

1. That is Fire, Extended Coverage, Builders Risk, Installation Risk or similar coverage for "your work";
2. That is Fire, lightning or explosion insurance for premises rented to you or temporarily occupied by you with permission of the owner;

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

3. If the loss arises out of the maintenance or use of aircraft, "autos" or watercraft to the extent not subject to **SECTION I – COVERAGE, COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, Subsection 2. **Exclusions**, Paragraph **g**.; or
4. When any of the Named Insureds, under this Coverage Part, are additional insureds under a commercial general liability policy or similar insurance of another party.

When this insurance is excess, we will have no duty under Coverages **A** or **B** to defend any claim or "suit" that any other insurer has a duty to defend. If no other insurer defends, we will undertake to do so, but we will be entitled to the insured's rights against all those other insureds.

When this insurance is excess or other insurance, we will pay only our share of the amount of the loss, if any, that exceeds the sum of:

1. The total amount that all such other insurance would pay for the loss in the absence of this insurance; and
2. The total of all deductible and self-insured amounts under all that other insurance.

We will share the remaining loss, if any, with any other insurance that is not described in this Excess Insurance provision and was not bought specifically to apply in excess of the Limits of Insurance shown in the Declarations of this Coverage Part.

L. Unintentional Failure To Disclose Hazards

It is agreed that, based on our reliance on your representations as to existing hazards, if you should unintentionally fail to disclose all such hazards prior to the beginning of the policy period of this Coverage Part, we shall not deny coverage under this Coverage Part because of such failure.

M. Liberalization

If we revise this endorsement to provide more coverage without additional premium charge, we will automatically provide the additional coverage to all endorsement holders as of the day the revision is effective in your state.

N. Bodily Injury - Mental Anguish

SECTION V – DEFINITIONS, Paragraph **3.** is changed to read:

"Bodily Injury":

a. Means bodily injury, sickness or disease sustained by a person, and includes mental anguish resulting from any of these; and
b. Except for mental anguish, includes death resulting from the foregoing (item a. above) at any time.

O. Personal and Advertising Injury – Abuse of Process, Discrimination

If **COVERAGE B PERSONAL AND ADVERTISING INJURY LIABILITY COVERAGE** is not otherwise excluded from this Coverage Part, the definition of "personal and advertising injury" is amended as follows:

1. **SECTION V – DEFINITIONS**, Paragraph **14. b.** is revised to read:
   b. Malicious prosecution or abuse of process:

2. **SECTION V – DEFINITIONS**, Paragraph **14.** is amended to include the following:

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

a. Done intentionally by or at the direction of, or with the knowledge or consent of:
(1) Any insured; or
(2) Any executive officer, director, stockholder, partner or member of the insured; or
b. Directly or indirectly related to the employment, former or prospective employment, termination of employment, or application for employment of any person or persons by an insured; or
c. Directly or indirectly related to the sale, rental, lease or sublease or prospective sales, rental, lease or sub-lease of any room, dwelling or premises by or at the direction of any insured; or
d. Insurance for such discrimination is prohibited by or held in violation of law, public policy, legislation, court decision or administrative ruling.

The above does not apply to fines or penalties imposed because of discrimination.

P. Transfer of Rights of Recovery Against Others To Us

As a clarification, the following is added to **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**, Subsection **8. Transfer of Rights of Recovery Against Others To Us**:

Therefore, the insured can waive the insurer's Rights of Recovery prior to the occurrence of a loss, provided the waiver is made in a written contract.

Q. Science Laboratory "Occurrence"

SECTION I – COVERAGE, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, Subsection **2. Exclusions**, Paragraph **f.** does not apply to any "bodily injury" or "physical damage" arising out of a fire or "occurrence" in any of your science laboratories while teaching is being conducted in that laboratory, subject to a $50,000 per policy limit.

R. Medical Incident Liability-Nurse and Athletic Trainer

1. **SECTION II – WHO IS AN INSURED, Subparagraph 2.a. (1) (d)** is deleted and replaced by the following:

(d) Arising out of his or her providing or failing to provide professional medical services. This paragraph does not apply to a registered or practical nurse or athletic trainer, while acting within the scope of his or her duties for the Named Insured and arising out of a "medical incident".

2. **SECTION V – DEFINITIONS, 13.** is deleted and replaced by the following:

"Occurrence" means an accident, including continuous or repeated exposure to substantially the same general harmful conditions, and "medical incident".

3. The following definition is added to **SECTION V – DEFINITIONS**:

"Medical Incident" means any act or omission in the furnishing or failure to furnish professional medical services by the insured or any person acting under the personal direction, control, or supervision of the insured. Any such act or omission together with all related acts or omissions in the furnishing of such services to any one person shall be considered one "medical incident".

"Medical incident" does not include any actual, alleged or threatened emotional, physical, or sexual abuse of any patient or professional medical services recipient.

H. Per Campus – General Aggregate

SECTION III – LIMITS OF INSURANCE is amended to include the following provisions:

1. For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under **SECTION I – COVERAGE**, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, and for all medical expenses caused by accidents under **SECTION I – COVERAGE**, **COVERAGE C MEDICAL PAYMENTS** which can be attributed only to operations at a single designated "campus" shown in the Declarations:

   a. A separate Per Campus General Aggregate Limit is applicable to each single designated "campus" shown in the Declarations and that limit is equal to the amount of the General Aggregate Limit shown in the Declarations.

   b. The Per Campus General Aggregate Limit is the most we will pay for the sum of all damages under **COVERAGE A**, except damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard," and for medical expenses under **COVERAGE C** regardless of the number of:

      (1) Insureds;

      (2) Claims made or "suits" brought; or

      (3) Persons or organizations making claims or bringing "suits."

   c. Any payments made under **COVERAGE A** for damages or under **COVERAGE C** for medical expenses shall reduce the Per Campus General Aggregate Limit for that designated "campus." Such payments shall not reduce the General Aggregate Limit shown in the Declarations nor shall they reduce any other Per Campus General Aggregate Limit for any other designated "campus" shown in the Declarations.

   d. The limits shown in the Declarations for Each Occurrence, Fire Damage and Medical Expense continue to apply. However, instead of being subject to the General Aggregate Limit shown in the Declarations, such limits will be subject to the applicable Per Campus General Aggregate Limit.

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

2. For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under **SECTION I – COVERAGE**, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABIITY**, and for all medical expenses caused by accidents under **SECTION I – COVERAGE**, **COVERAGE C MEDICAL PAYMENTS** which cannot be attributed only to operations at a single designated "campus" shown in the Declarations:

   a. Any payments made under **COVERAGE A** for damages or under **COVERAGE C** for medical expenses shall reduce the amount available under the General Aggregate Limit or the Products-Completed Operations Aggregate Limit, whichever is applicable; and

   b. Such payments shall not reduce any separate designated "campus" General Aggregate Limit.

3. When coverage for liability arising out of the "products-completed operations hazard" is provided, any payment for damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard" will reduce the Products-Completed Operations Aggregate Limit, and not reduce the General Aggregate Limit nor the Per Campus General Aggregate Limit.

4. **SECTION V – DEFINITIONS** is amended by adding the following:

   "Campus" is defined as premises involving the same or connecting lots, or premises whose connection is interrupted only by a street, roadway, waterway or right-of-way of a railroad.

5. The provisions of **SECTION III – LIMITS OF INSURANCE** not otherwise modified by the above shall continue to apply as stipulated.

I. Duties in the Event of Occurrence, Claim or Suit

1. The requirement in Paragraph **2.a.** of **SECTION IV - COMMERCIAL GENERAL LIABILITY CONDITIONS** that you must see to it that we are notified as soon as practicable of an "occurrence" or an offense, applies only when the "occurrence" or offense is known to:

   a. You, if you are an individual;
   b. A partner, if you are a partnership; or
   c. An executive officer or insurance manager, if you are a corporation.

2. The requirement in Paragraph **2.b.** of **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS** that you must see to it that we receive notice of a claim or "suit" as soon as practicable will not be considered breached unless the breach occurs after such claim or "suit" is known to:

   a. You, if you are an individual;
   b. A partner, if you are a partnership; or
   c. An executive officer or insurance manager, if you are a corporation.

J. Other Insurance – Primary Additional Insured

1. If the written contract or agreement or permit requires this insurance to be primary for any person or organization with whom you agree to include in **SECTION II** - **WHO IS AN INSURED**, then **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**, Subsection 4**. Other Insurance** is replaced by the following:

   If other valid and collectible insurance is available for a loss we cover under **COVERAGE A** of this Coverage Part, our obligations are limited as follows:

   a. Primary Insurance - This insurance is primary. We will not seek contributions from other

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

insurance available to the person or organization with whom you agree to include in **SECTION II - WHO IS AN INSURED**, except when 2. below applies.

b. Excess Insurance -This insurance is excess over any of the other insurance whether primary, excess, contingent or any other basis:

(1) That is Fire, Extended Coverage, Builder's Risk, Installation Risk or similar coverage for "your work";
(2) That is Fire, lightning or explosion insurance for premises rented to you; or temporarily occupied by you with permission of the owner; or
(3) If the loss arises out of the maintenance or use of aircraft, "autos" or watercraft to the extent not subject to **SECTION I – COVERAGE**, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, Subsection **2. Exclusions**, Paragraph **g.**

When this insurance is excess, we will have no duty under Coverages **A** or **B** to defend any claim or "suit" that any other insurer has a duty to defend. If no other insurer defends, we will undertake to do so, but we will be entitled to the insured's rights against all those other insurers.

When this insurance is excess over other insurance, we will pay only our share of the amount of the loss, if any, that exceeds the sum of:

(1) The total amount that all such other insurance would pay for the loss in the absence of this insurance; and
(2) The total of all deductible and self-insured amounts under all other insurance.

We will share the remaining loss, if any, with any other insurance that is not described in this excess insurance provision and was not bought specifically to apply in excess of the Limits of Insurance shown in the Declarations of this Coverage Part.

c. Method of Sharing - If all the other insurance permits contribution by equal shares, we will follow this method also. Under this approach each insurer contributes equal amounts until it has paid its applicable limit of insurance or none of the loss remains, whichever comes first.

If any or the other insurance does not permit contribution by equal shares, we will contribute by limits. Under this method, each insurer's contribution is based on the ratio of its applicable limits of insurance of all insurers.

2. This provision only applies with respect to your operations, "your work" or facilities owned or used by you.

K. Other Insurance – You Are An Additional Insured On Another Person's Or Organization's Policy

If you are an insured under **SECTION II - WHO IS AN INSURED**, then **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**, Subsection **4. OTHER INSURANCE**, Paragraph **b. Excess Insurance** is replaced by the following:

This insurance is excess over any other insurance, whether primary, excess, contingent or on any other basis:

1. That is Fire, Extended Coverage, Builders Risk, Installation Risk or similar coverage for "your work";
2. That is Fire, lightning or explosion insurance for premises rented to you or temporarily occupied by you with permission of the owner;

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

3. If the loss arises out of the maintenance or use of aircraft, "autos" or watercraft to the extent not subject to **SECTION I – COVERAGE, COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, Subsection 2. **Exclusions**, Paragraph **g**.; or
4. When any of the Named Insureds, under this Coverage Part, are additional insureds under a commercial general liability policy or similar insurance of another party.

When this insurance is excess, we will have no duty under Coverages **A** or **B** to defend any claim or "suit" that any other insurer has a duty to defend. If no other insurer defends, we will undertake to do so, but we will be entitled to the insured's rights against all those other insureds.

When this insurance is excess or other insurance, we will pay only our share of the amount of the loss, if any, that exceeds the sum of:

1. The total amount that all such other insurance would pay for the loss in the absence of this insurance; and
2. The total of all deductible and self-insured amounts under all that other insurance.

We will share the remaining loss, if any, with any other insurance that is not described in this Excess Insurance provision and was not bought specifically to apply in excess of the Limits of Insurance shown in the Declarations of this Coverage Part.

L. Unintentional Failure To Disclose Hazards

It is agreed that, based on our reliance on your representations as to existing hazards, if you should unintentionally fail to disclose all such hazards prior to the beginning of the policy period of this Coverage Part, we shall not deny coverage under this Coverage Part because of such failure.

M. Liberalization

If we revise this endorsement to provide more coverage without additional premium charge, we will automatically provide the additional coverage to all endorsement holders as of the day the revision is effective in your state.

b. Except for mental anguish, includes death resulting from the foregoing (item a. above) at any time.

   b. Malicious prosecution or abuse of process:

2. **SECTION V – DEFINITIONS**, Paragraph **14.** is amended to include the following:

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

b. Directly or indirectly related to the employment, former or prospective employment, termination of employment, or application for employment of any person or persons by an insured; or
c. Directly or indirectly related to the sale, rental, lease or sublease or prospective sales, rental, lease or sub-lease of any room, dwelling or premises by or at the direction of any insured; or
d. Insurance for such discrimination is prohibited by or held in violation of law, public policy, legislation, court decision or administrative ruling.

The above does not apply to fines or penalties imposed because of discrimination.

P. Transfer of Rights of Recovery Against Others To Us

As a clarification, the following is added to **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**, Subsection **8. Transfer of Rights of Recovery Against Others To Us**:

Therefore, the insured can waive the insurer's Rights of Recovery prior to the occurrence of a loss, provided the waiver is made in a written contract.

Q. Science Laboratory "Occurrence"

SECTION I – COVERAGE, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, Subsection **2. Exclusions**, Paragraph **f.** does not apply to any "bodily injury" or "physical damage" arising out of a fire or "occurrence" in any of your science laboratories while teaching is being conducted in that laboratory, subject to a $50,000 per policy limit.

R. Medical Incident Liability-Nurse and Athletic Trainer

1. **SECTION II – WHO IS AN INSURED, Subparagraph 2.a. (1) (d)** is deleted and replaced by the following:

(d) Arising out of his or her providing or failing to provide professional medical services. This paragraph does not apply to a registered or practical nurse or athletic trainer, while acting within the scope of his or her duties for the Named Insured and arising out of a "medical incident".

2. **SECTION V – DEFINITIONS, 13.** is deleted and replaced by the following:

"Occurrence" means an accident, including continuous or repeated exposure to substantially the same general harmful conditions, and "medical incident".

3. The following definition is added to **SECTION V – DEFINITIONS**:

"Medical Incident" means any act or omission in the furnishing or failure to furnish professional medical services by the insured or any person acting under the personal direction, control, or supervision of the insured. Any such act or omission together with all related acts or omissions in the furnishing of such services to any one person shall be considered one "medical incident".

H. Per Campus – General Aggregate

SECTION III – LIMITS OF INSURANCE is amended to include the following provisions:

1. For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under **SECTION I – COVERAGE**, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, and for all medical expenses caused by accidents under **SECTION I – COVERAGE**, **COVERAGE C MEDICAL PAYMENTS** which can be attributed only to operations at a single designated "campus" shown in the Declarations:

   a. A separate Per Campus General Aggregate Limit is applicable to each single designated "campus" shown in the Declarations and that limit is equal to the amount of the General Aggregate Limit shown in the Declarations.

   b. The Per Campus General Aggregate Limit is the most we will pay for the sum of all damages under **COVERAGE A**, except damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard," and for medical expenses under **COVERAGE C** regardless of the number of:

      (1) Insureds;

      (2) Claims made or "suits" brought; or

      (3) Persons or organizations making claims or bringing "suits."

   c. Any payments made under **COVERAGE A** for damages or under **COVERAGE C** for medical expenses shall reduce the Per Campus General Aggregate Limit for that designated "campus." Such payments shall not reduce the General Aggregate Limit shown in the Declarations nor shall they reduce any other Per Campus General Aggregate Limit for any other designated "campus" shown in the Declarations.

   d. The limits shown in the Declarations for Each Occurrence, Fire Damage and Medical Expense continue to apply. However, instead of being subject to the General Aggregate Limit shown in the Declarations, such limits will be subject to the applicable Per Campus General Aggregate Limit.

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

2. For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under **SECTION I – COVERAGE**, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABIITY**, and for all medical expenses caused by accidents under **SECTION I – COVERAGE**, **COVERAGE C MEDICAL PAYMENTS** which cannot be attributed only to operations at a single designated "campus" shown in the Declarations:

   a. Any payments made under **COVERAGE A** for damages or under **COVERAGE C** for medical expenses shall reduce the amount available under the General Aggregate Limit or the Products-Completed Operations Aggregate Limit, whichever is applicable; and

   b. Such payments shall not reduce any separate designated "campus" General Aggregate Limit.

3. When coverage for liability arising out of the "products-completed operations hazard" is provided, any payment for damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard" will reduce the Products-Completed Operations Aggregate Limit, and not reduce the General Aggregate Limit nor the Per Campus General Aggregate Limit.

4. **SECTION V – DEFINITIONS** is amended by adding the following:

   "Campus" is defined as premises involving the same or connecting lots, or premises whose connection is interrupted only by a street, roadway, waterway or right-of-way of a railroad.

5. The provisions of **SECTION III – LIMITS OF INSURANCE** not otherwise modified by the above shall continue to apply as stipulated.

I. Duties in the Event of Occurrence, Claim or Suit

1. The requirement in Paragraph **2.a.** of **SECTION IV - COMMERCIAL GENERAL LIABILITY CONDITIONS** that you must see to it that we are notified as soon as practicable of an "occurrence" or an offense, applies only when the "occurrence" or offense is known to:

   a. You, if you are an individual;
   b. A partner, if you are a partnership; or
   c. An executive officer or insurance manager, if you are a corporation.

2. The requirement in Paragraph **2.b.** of **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS** that you must see to it that we receive notice of a claim or "suit" as soon as practicable will not be considered breached unless the breach occurs after such claim or "suit" is known to:

   a. You, if you are an individual;
   b. A partner, if you are a partnership; or
   c. An executive officer or insurance manager, if you are a corporation.

J. Other Insurance – Primary Additional Insured

1. If the written contract or agreement or permit requires this insurance to be primary for any person or organization with whom you agree to include in **SECTION II** - **WHO IS AN INSURED**, then **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**, Subsection 4**. Other Insurance** is replaced by the following:

   If other valid and collectible insurance is available for a loss we cover under **COVERAGE A** of this Coverage Part, our obligations are limited as follows:

   a. Primary Insurance - This insurance is primary. We will not seek contributions from other

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

insurance available to the person or organization with whom you agree to include in **SECTION II - WHO IS AN INSURED**, except when 2. below applies.

b. Excess Insurance -This insurance is excess over any of the other insurance whether primary, excess, contingent or any other basis:

(1) That is Fire, Extended Coverage, Builder's Risk, Installation Risk or similar coverage for "your work";
(2) That is Fire, lightning or explosion insurance for premises rented to you; or temporarily occupied by you with permission of the owner; or
(3) If the loss arises out of the maintenance or use of aircraft, "autos" or watercraft to the extent not subject to **SECTION I – COVERAGE**, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, Subsection **2. Exclusions**, Paragraph **g.**

When this insurance is excess, we will have no duty under Coverages **A** or **B** to defend any claim or "suit" that any other insurer has a duty to defend. If no other insurer defends, we will undertake to do so, but we will be entitled to the insured's rights against all those other insurers.

When this insurance is excess over other insurance, we will pay only our share of the amount of the loss, if any, that exceeds the sum of:

(1) The total amount that all such other insurance would pay for the loss in the absence of this insurance; and
(2) The total of all deductible and self-insured amounts under all other insurance.

We will share the remaining loss, if any, with any other insurance that is not described in this excess insurance provision and was not bought specifically to apply in excess of the Limits of Insurance shown in the Declarations of this Coverage Part.

c. Method of Sharing - If all the other insurance permits contribution by equal shares, we will follow this method also. Under this approach each insurer contributes equal amounts until it has paid its applicable limit of insurance or none of the loss remains, whichever comes first.

If any or the other insurance does not permit contribution by equal shares, we will contribute by limits. Under this method, each insurer's contribution is based on the ratio of its applicable limits of insurance of all insurers.

2. This provision only applies with respect to your operations, "your work" or facilities owned or used by you.

K. Other Insurance – You Are An Additional Insured On Another Person's Or Organization's Policy

If you are an insured under **SECTION II - WHO IS AN INSURED**, then **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**, Subsection **4. OTHER INSURANCE**, Paragraph **b. Excess Insurance** is replaced by the following:

This insurance is excess over any other insurance, whether primary, excess, contingent or on any other basis:

1. That is Fire, Extended Coverage, Builders Risk, Installation Risk or similar coverage for "your work";
2. That is Fire, lightning or explosion insurance for premises rented to you or temporarily occupied by you with permission of the owner;

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

3. If the loss arises out of the maintenance or use of aircraft, "autos" or watercraft to the extent not subject to **SECTION I – COVERAGE, COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, Subsection 2. **Exclusions**, Paragraph **g**.; or
4. When any of the Named Insureds, under this Coverage Part, are additional insureds under a commercial general liability policy or similar insurance of another party.

When this insurance is excess, we will have no duty under Coverages **A** or **B** to defend any claim or "suit" that any other insurer has a duty to defend. If no other insurer defends, we will undertake to do so, but we will be entitled to the insured's rights against all those other insureds.

When this insurance is excess or other insurance, we will pay only our share of the amount of the loss, if any, that exceeds the sum of:

1. The total amount that all such other insurance would pay for the loss in the absence of this insurance; and
2. The total of all deductible and self-insured amounts under all that other insurance.

We will share the remaining loss, if any, with any other insurance that is not described in this Excess Insurance provision and was not bought specifically to apply in excess of the Limits of Insurance shown in the Declarations of this Coverage Part.

L. Unintentional Failure To Disclose Hazards

It is agreed that, based on our reliance on your representations as to existing hazards, if you should unintentionally fail to disclose all such hazards prior to the beginning of the policy period of this Coverage Part, we shall not deny coverage under this Coverage Part because of such failure.

M. Liberalization

If we revise this endorsement to provide more coverage without additional premium charge, we will automatically provide the additional coverage to all endorsement holders as of the day the revision is effective in your state.

b. Except for mental anguish, includes death resulting from the foregoing (item a. above) at any time.

   b. Malicious prosecution or abuse of process:

2. **SECTION V – DEFINITIONS**, Paragraph **14.** is amended to include the following:

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

(2) Any executive officer, director, stockholder, partner or member of the insured; or
b. Directly or indirectly related to the employment, former or prospective employment, termination of employment, or application for employment of any person or persons by an insured; or
c. Directly or indirectly related to the sale, rental, lease or sublease or prospective sales, rental, lease or sub-lease of any room, dwelling or premises by or at the direction of any insured; or
d. Insurance for such discrimination is prohibited by or held in violation of law, public policy, legislation, court decision or administrative ruling.

The above does not apply to fines or penalties imposed because of discrimination.

P. Transfer of Rights of Recovery Against Others To Us

As a clarification, the following is added to **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**, Subsection **8. Transfer of Rights of Recovery Against Others To Us**:

Therefore, the insured can waive the insurer's Rights of Recovery prior to the occurrence of a loss, provided the waiver is made in a written contract.

Q. Science Laboratory "Occurrence"

SECTION I – COVERAGE, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, Subsection **2. Exclusions**, Paragraph **f.** does not apply to any "bodily injury" or "physical damage" arising out of a fire or "occurrence" in any of your science laboratories while teaching is being conducted in that laboratory, subject to a $50,000 per policy limit.

R. Medical Incident Liability-Nurse and Athletic Trainer

1. **SECTION II – WHO IS AN INSURED, Subparagraph 2.a. (1) (d)** is deleted and replaced by the following:

(d) Arising out of his or her providing or failing to provide professional medical services. This paragraph does not apply to a registered or practical nurse or athletic trainer, while acting within the scope of his or her duties for the Named Insured and arising out of a "medical incident".

2. **SECTION V – DEFINITIONS, 13.** is deleted and replaced by the following:

"Occurrence" means an accident, including continuous or repeated exposure to substantially the same general harmful conditions, and "medical incident".

3. The following definition is added to **SECTION V – DEFINITIONS**:

"Medical Incident" means any act or omission in the furnishing or failure to furnish professional medical services by the insured or any person acting under the personal direction, control, or supervision of the insured. Any such act or omission together with all related acts or omissions in the furnishing of such services to any one person shall be considered one "medical incident".

"Medical incident" does not include any actual, alleged or threatened emotional, physical, or sexual abuse of any patient or professional medical services recipient.

H. Per Campus – General Aggregate

SECTION III – LIMITS OF INSURANCE is amended to include the following provisions:

1. For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under **SECTION I – COVERAGE**, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, and for all medical expenses caused by accidents under **SECTION I – COVERAGE**, **COVERAGE C MEDICAL PAYMENTS** which can be attributed only to operations at a single designated "campus" shown in the Declarations:

   a. A separate Per Campus General Aggregate Limit is applicable to each single designated "campus" shown in the Declarations and that limit is equal to the amount of the General Aggregate Limit shown in the Declarations.

   b. The Per Campus General Aggregate Limit is the most we will pay for the sum of all damages under **COVERAGE A**, except damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard," and for medical expenses under **COVERAGE C** regardless of the number of:

      (1) Insureds;

      (2) Claims made or "suits" brought; or

      (3) Persons or organizations making claims or bringing "suits."

   c. Any payments made under **COVERAGE A** for damages or under **COVERAGE C** for medical expenses shall reduce the Per Campus General Aggregate Limit for that designated "campus." Such payments shall not reduce the General Aggregate Limit shown in the Declarations nor shall they reduce any other Per Campus General Aggregate Limit for any other designated "campus" shown in the Declarations.

   d. The limits shown in the Declarations for Each Occurrence, Fire Damage and Medical Expense continue to apply. However, instead of being subject to the General Aggregate Limit shown in the Declarations, such limits will be subject to the applicable Per Campus General Aggregate Limit.

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

2. For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under **SECTION I – COVERAGE**, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABIITY**, and for all medical expenses caused by accidents under **SECTION I – COVERAGE**, **COVERAGE C MEDICAL PAYMENTS** which cannot be attributed only to operations at a single designated "campus" shown in the Declarations:

   a. Any payments made under **COVERAGE A** for damages or under **COVERAGE C** for medical expenses shall reduce the amount available under the General Aggregate Limit or the Products-Completed Operations Aggregate Limit, whichever is applicable; and

   b. Such payments shall not reduce any separate designated "campus" General Aggregate Limit.

3. When coverage for liability arising out of the "products-completed operations hazard" is provided, any payment for damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard" will reduce the Products-Completed Operations Aggregate Limit, and not reduce the General Aggregate Limit nor the Per Campus General Aggregate Limit.

4. **SECTION V – DEFINITIONS** is amended by adding the following:

   "Campus" is defined as premises involving the same or connecting lots, or premises whose connection is interrupted only by a street, roadway, waterway or right-of-way of a railroad.

5. The provisions of **SECTION III – LIMITS OF INSURANCE** not otherwise modified by the above shall continue to apply as stipulated.

I. Duties in the Event of Occurrence, Claim or Suit

1. The requirement in Paragraph **2.a.** of **SECTION IV - COMMERCIAL GENERAL LIABILITY CONDITIONS** that you must see to it that we are notified as soon as practicable of an "occurrence" or an offense, applies only when the "occurrence" or offense is known to:

   a. You, if you are an individual;
   b. A partner, if you are a partnership; or
   c. An executive officer or insurance manager, if you are a corporation.

2. The requirement in Paragraph **2.b.** of **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS** that you must see to it that we receive notice of a claim or "suit" as soon as practicable will not be considered breached unless the breach occurs after such claim or "suit" is known to:

   a. You, if you are an individual;
   b. A partner, if you are a partnership; or
   c. An executive officer or insurance manager, if you are a corporation.

J. Other Insurance – Primary Additional Insured

1. If the written contract or agreement or permit requires this insurance to be primary for any person or organization with whom you agree to include in **SECTION II** - **WHO IS AN INSURED**, then **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**, Subsection 4**. Other Insurance** is replaced by the following:

   If other valid and collectible insurance is available for a loss we cover under **COVERAGE A** of this Coverage Part, our obligations are limited as follows:

   a. Primary Insurance - This insurance is primary. We will not seek contributions from other

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

insurance available to the person or organization with whom you agree to include in **SECTION II - WHO IS AN INSURED**, except when 2. below applies.

b. Excess Insurance -This insurance is excess over any of the other insurance whether primary, excess, contingent or any other basis:

(1) That is Fire, Extended Coverage, Builder's Risk, Installation Risk or similar coverage for "your work";
(2) That is Fire, lightning or explosion insurance for premises rented to you; or temporarily occupied by you with permission of the owner; or
(3) If the loss arises out of the maintenance or use of aircraft, "autos" or watercraft to the extent not subject to **SECTION I – COVERAGE**, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, Subsection **2. Exclusions**, Paragraph **g.**

When this insurance is excess, we will have no duty under Coverages **A** or **B** to defend any claim or "suit" that any other insurer has a duty to defend. If no other insurer defends, we will undertake to do so, but we will be entitled to the insured's rights against all those other insurers.

When this insurance is excess over other insurance, we will pay only our share of the amount of the loss, if any, that exceeds the sum of:

(1) The total amount that all such other insurance would pay for the loss in the absence of this insurance; and
(2) The total of all deductible and self-insured amounts under all other insurance.

We will share the remaining loss, if any, with any other insurance that is not described in this excess insurance provision and was not bought specifically to apply in excess of the Limits of Insurance shown in the Declarations of this Coverage Part.

c. Method of Sharing - If all the other insurance permits contribution by equal shares, we will follow this method also. Under this approach each insurer contributes equal amounts until it has paid its applicable limit of insurance or none of the loss remains, whichever comes first.

If any or the other insurance does not permit contribution by equal shares, we will contribute by limits. Under this method, each insurer's contribution is based on the ratio of its applicable limits of insurance of all insurers.

2. This provision only applies with respect to your operations, "your work" or facilities owned or used by you.

K. Other Insurance – You Are An Additional Insured On Another Person's Or Organization's Policy

If you are an insured under **SECTION II - WHO IS AN INSURED**, then **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**, Subsection **4. OTHER INSURANCE**, Paragraph **b. Excess Insurance** is replaced by the following:

This insurance is excess over any other insurance, whether primary, excess, contingent or on any other basis:

1. That is Fire, Extended Coverage, Builders Risk, Installation Risk or similar coverage for "your work";
2. That is Fire, lightning or explosion insurance for premises rented to you or temporarily occupied by you with permission of the owner;

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

3. If the loss arises out of the maintenance or use of aircraft, "autos" or watercraft to the extent not subject to **SECTION I – COVERAGE, COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, Subsection 2. **Exclusions**, Paragraph **g**.; or
4. When any of the Named Insureds, under this Coverage Part, are additional insureds under a commercial general liability policy or similar insurance of another party.

When this insurance is excess, we will have no duty under Coverages **A** or **B** to defend any claim or "suit" that any other insurer has a duty to defend. If no other insurer defends, we will undertake to do so, but we will be entitled to the insured's rights against all those other insureds.

When this insurance is excess or other insurance, we will pay only our share of the amount of the loss, if any, that exceeds the sum of:

1. The total amount that all such other insurance would pay for the loss in the absence of this insurance; and
2. The total of all deductible and self-insured amounts under all that other insurance.

We will share the remaining loss, if any, with any other insurance that is not described in this Excess Insurance provision and was not bought specifically to apply in excess of the Limits of Insurance shown in the Declarations of this Coverage Part.

L. Unintentional Failure To Disclose Hazards

It is agreed that, based on our reliance on your representations as to existing hazards, if you should unintentionally fail to disclose all such hazards prior to the beginning of the policy period of this Coverage Part, we shall not deny coverage under this Coverage Part because of such failure.

M. Liberalization

If we revise this endorsement to provide more coverage without additional premium charge, we will automatically provide the additional coverage to all endorsement holders as of the day the revision is effective in your state.

SECTION V – DEFINITIONS, Paragraph **3.** is changed to read:

d. Insurance for such discrimination is prohibited by or held in violation of law, public policy, legislation, court decision or administrative ruling.

The above does not apply to fines or penalties imposed because of discrimination.

As a clarification, the following is added to **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**, Subsection **8. Transfer of Rights of Recovery Against Others To Us**:

Therefore, the insured can waive the insurer's Rights of Recovery prior to the occurrence of a loss, provided the waiver is made in a written contract.

Q. Science Laboratory "Occurrence"

SECTION I – COVERAGE, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, Subsection **2. Exclusions**, Paragraph **f.** does not apply to any "bodily injury" or "physical damage" arising out of a fire or "occurrence" in any of your science laboratories while teaching is being conducted in that laboratory, subject to a $50,000 per policy limit.

R. Medical Incident Liability-Nurse and Athletic Trainer

1. **SECTION II – WHO IS AN INSURED, Subparagraph 2.a. (1) (d)** is deleted and replaced by the following:

2. **SECTION V – DEFINITIONS, 13.** is deleted and replaced by the following:

3. The following definition is added to **SECTION V – DEFINITIONS**:

"Medical Incident" means any act or omission in the furnishing or failure to furnish professional medical services by the insured or any person acting under the personal direction, control, or supervision of the insured. Any such act or omission together with all related acts or omissions in the furnishing of such services to any one person shall be considered one "medical incident".

(ii) Supervisory, inspection, or engineering services.
(3) When a lessor of leased equipment becomes an insured under this Coverage Part, the following additional exclusions apply:

(4) When owners or other interests from whom land has been leased become an insured under this Coverage Part, the following additional exclusions apply:
(a) Any "occurrence" which takes place after you cease to lease that land; or

H. Per Campus – General Aggregate

SECTION III – LIMITS OF INSURANCE is amended to include the following provisions:

1. For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under **SECTION I – COVERAGE**, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, and for all medical expenses caused by accidents under **SECTION I – COVERAGE**, **COVERAGE C MEDICAL PAYMENTS** which can be attributed only to operations at a single designated "campus" shown in the Declarations:

   a. A separate Per Campus General Aggregate Limit is applicable to each single designated "campus" shown in the Declarations and that limit is equal to the amount of the General Aggregate Limit shown in the Declarations.

   b. The Per Campus General Aggregate Limit is the most we will pay for the sum of all damages under **COVERAGE A**, except damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard," and for medical expenses under **COVERAGE C** regardless of the number of:

      (1) Insureds;

      (2) Claims made or "suits" brought; or

      (3) Persons or organizations making claims or bringing "suits."

   c. Any payments made under **COVERAGE A** for damages or under **COVERAGE C** for medical expenses shall reduce the Per Campus General Aggregate Limit for that designated "campus." Such payments shall not reduce the General Aggregate Limit shown in the Declarations nor shall they reduce any other Per Campus General Aggregate Limit for any other designated "campus" shown in the Declarations.

   d. The limits shown in the Declarations for Each Occurrence, Fire Damage and Medical Expense continue to apply. However, instead of being subject to the General Aggregate Limit shown in the Declarations, such limits will be subject to the applicable Per Campus General Aggregate Limit.

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

2. For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under **SECTION I – COVERAGE**, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABIITY**, and for all medical expenses caused by accidents under **SECTION I – COVERAGE**, **COVERAGE C MEDICAL PAYMENTS** which cannot be attributed only to operations at a single designated "campus" shown in the Declarations:

   a. Any payments made under **COVERAGE A** for damages or under **COVERAGE C** for medical expenses shall reduce the amount available under the General Aggregate Limit or the Products-Completed Operations Aggregate Limit, whichever is applicable; and

   b. Such payments shall not reduce any separate designated "campus" General Aggregate Limit.

3. When coverage for liability arising out of the "products-completed operations hazard" is provided, any payment for damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard" will reduce the Products-Completed Operations Aggregate Limit, and not reduce the General Aggregate Limit nor the Per Campus General Aggregate Limit.

4. **SECTION V – DEFINITIONS** is amended by adding the following:

   "Campus" is defined as premises involving the same or connecting lots, or premises whose connection is interrupted only by a street, roadway, waterway or right-of-way of a railroad.

5. The provisions of **SECTION III – LIMITS OF INSURANCE** not otherwise modified by the above shall continue to apply as stipulated.

I. Duties in the Event of Occurrence, Claim or Suit

1. The requirement in Paragraph **2.a.** of **SECTION IV - COMMERCIAL GENERAL LIABILITY CONDITIONS** that you must see to it that we are notified as soon as practicable of an "occurrence" or an offense, applies only when the "occurrence" or offense is known to:

   a. You, if you are an individual;
   b. A partner, if you are a partnership; or
   c. An executive officer or insurance manager, if you are a corporation.

2. The requirement in Paragraph **2.b.** of **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS** that you must see to it that we receive notice of a claim or "suit" as soon as practicable will not be considered breached unless the breach occurs after such claim or "suit" is known to:

   a. You, if you are an individual;
   b. A partner, if you are a partnership; or
   c. An executive officer or insurance manager, if you are a corporation.

J. Other Insurance – Primary Additional Insured

1. If the written contract or agreement or permit requires this insurance to be primary for any person or organization with whom you agree to include in **SECTION II** - **WHO IS AN INSURED**, then **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**, Subsection 4**. Other Insurance** is replaced by the following:

   If other valid and collectible insurance is available for a loss we cover under **COVERAGE A** of this Coverage Part, our obligations are limited as follows:

   a. Primary Insurance - This insurance is primary. We will not seek contributions from other

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

insurance available to the person or organization with whom you agree to include in **SECTION II - WHO IS AN INSURED**, except when 2. below applies.

b. Excess Insurance -This insurance is excess over any of the other insurance whether primary, excess, contingent or any other basis:

(1) That is Fire, Extended Coverage, Builder's Risk, Installation Risk or similar coverage for "your work";
(2) That is Fire, lightning or explosion insurance for premises rented to you; or temporarily occupied by you with permission of the owner; or
(3) If the loss arises out of the maintenance or use of aircraft, "autos" or watercraft to the extent not subject to **SECTION I – COVERAGE**, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, Subsection **2. Exclusions**, Paragraph **g.**

When this insurance is excess, we will have no duty under Coverages **A** or **B** to defend any claim or "suit" that any other insurer has a duty to defend. If no other insurer defends, we will undertake to do so, but we will be entitled to the insured's rights against all those other insurers.

When this insurance is excess over other insurance, we will pay only our share of the amount of the loss, if any, that exceeds the sum of:

(1) The total amount that all such other insurance would pay for the loss in the absence of this insurance; and
(2) The total of all deductible and self-insured amounts under all other insurance.

We will share the remaining loss, if any, with any other insurance that is not described in this excess insurance provision and was not bought specifically to apply in excess of the Limits of Insurance shown in the Declarations of this Coverage Part.

c. Method of Sharing - If all the other insurance permits contribution by equal shares, we will follow this method also. Under this approach each insurer contributes equal amounts until it has paid its applicable limit of insurance or none of the loss remains, whichever comes first.

If any or the other insurance does not permit contribution by equal shares, we will contribute by limits. Under this method, each insurer's contribution is based on the ratio of its applicable limits of insurance of all insurers.

2. This provision only applies with respect to your operations, "your work" or facilities owned or used by you.

K. Other Insurance – You Are An Additional Insured On Another Person's Or Organization's Policy

If you are an insured under **SECTION II - WHO IS AN INSURED**, then **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**, Subsection **4. OTHER INSURANCE**, Paragraph **b. Excess Insurance** is replaced by the following:

This insurance is excess over any other insurance, whether primary, excess, contingent or on any other basis:

1. That is Fire, Extended Coverage, Builders Risk, Installation Risk or similar coverage for "your work";
2. That is Fire, lightning or explosion insurance for premises rented to you or temporarily occupied by you with permission of the owner;

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

3. If the loss arises out of the maintenance or use of aircraft, "autos" or watercraft to the extent not subject to **SECTION I – COVERAGE, COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, Subsection 2. **Exclusions**, Paragraph **g**.; or
4. When any of the Named Insureds, under this Coverage Part, are additional insureds under a commercial general liability policy or similar insurance of another party.

When this insurance is excess, we will have no duty under Coverages **A** or **B** to defend any claim or "suit" that any other insurer has a duty to defend. If no other insurer defends, we will undertake to do so, but we will be entitled to the insured's rights against all those other insureds.

When this insurance is excess or other insurance, we will pay only our share of the amount of the loss, if any, that exceeds the sum of:

1. The total amount that all such other insurance would pay for the loss in the absence of this insurance; and
2. The total of all deductible and self-insured amounts under all that other insurance.

We will share the remaining loss, if any, with any other insurance that is not described in this Excess Insurance provision and was not bought specifically to apply in excess of the Limits of Insurance shown in the Declarations of this Coverage Part.

L. Unintentional Failure To Disclose Hazards

It is agreed that, based on our reliance on your representations as to existing hazards, if you should unintentionally fail to disclose all such hazards prior to the beginning of the policy period of this Coverage Part, we shall not deny coverage under this Coverage Part because of such failure.

M. Liberalization

If we revise this endorsement to provide more coverage without additional premium charge, we will automatically provide the additional coverage to all endorsement holders as of the day the revision is effective in your state.

N. Bodily Injury - Mental Anguish

SECTION V – DEFINITIONS, Paragraph **3.** is changed to read:

"Bodily Injury":

b. Except for mental anguish, includes death resulting from the foregoing (item a. above) at any time.

O. Personal and Advertising Injury – Abuse of Process, Discrimination

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

(2) Any executive officer, director, stockholder, partner or member of the insured; or
b. Directly or indirectly related to the employment, former or prospective employment, termination of employment, or application for employment of any person or persons by an insured; or
c. Directly or indirectly related to the sale, rental, lease or sublease or prospective sales, rental, lease or sub-lease of any room, dwelling or premises by or at the direction of any insured; or
d. Insurance for such discrimination is prohibited by or held in violation of law, public policy, legislation, court decision or administrative ruling.

The above does not apply to fines or penalties imposed because of discrimination.

P. Transfer of Rights of Recovery Against Others To Us

As a clarification, the following is added to **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**, Subsection **8. Transfer of Rights of Recovery Against Others To Us**:

Therefore, the insured can waive the insurer's Rights of Recovery prior to the occurrence of a loss, provided the waiver is made in a written contract.

Q. Science Laboratory "Occurrence"

SECTION I – COVERAGE, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, Subsection **2. Exclusions**, Paragraph **f.** does not apply to any "bodily injury" or "physical damage" arising out of a fire or "occurrence" in any of your science laboratories while teaching is being conducted in that laboratory, subject to a $50,000 per policy limit.

R. Medical Incident Liability-Nurse and Athletic Trainer

1. **SECTION II – WHO IS AN INSURED, Subparagraph 2.a. (1) (d)** is deleted and replaced by the following:

(d) Arising out of his or her providing or failing to provide professional medical services. This paragraph does not apply to a registered or practical nurse or athletic trainer, while acting within the scope of his or her duties for the Named Insured and arising out of a "medical incident".

2. **SECTION V – DEFINITIONS, 13.** is deleted and replaced by the following:

"Occurrence" means an accident, including continuous or repeated exposure to substantially the same general harmful conditions, and "medical incident".

3. The following definition is added to **SECTION V – DEFINITIONS**:

"Medical Incident" means any act or omission in the furnishing or failure to furnish professional medical services by the insured or any person acting under the personal direction, control, or supervision of the insured. Any such act or omission together with all related acts or omissions in the furnishing of such services to any one person shall be considered one "medical incident".

(i) The preparing, approving, or failing to approve maps, drawings, opinions, reports, surveys, change orders, designs or specifications; and
(ii) Supervisory, inspection, or engineering services.
(3) When a lessor of leased equipment becomes an insured under this Coverage Part, the following additional exclusions apply:
(a) To any "occurrence" which takes place after the equipment lease expires; or

(4) When owners or other interests from whom land has been leased become an insured under this Coverage Part, the following additional exclusions apply:
(a) Any "occurrence" which takes place after you cease to lease that land; or

H. Per Campus – General Aggregate

SECTION III – LIMITS OF INSURANCE is amended to include the following provisions:

1. For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under **SECTION I – COVERAGE**, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, and for all medical expenses caused by accidents under **SECTION I – COVERAGE**, **COVERAGE C MEDICAL PAYMENTS** which can be attributed only to operations at a single designated "campus" shown in the Declarations:

   a. A separate Per Campus General Aggregate Limit is applicable to each single designated "campus" shown in the Declarations and that limit is equal to the amount of the General Aggregate Limit shown in the Declarations.

   b. The Per Campus General Aggregate Limit is the most we will pay for the sum of all damages under **COVERAGE A**, except damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard," and for medical expenses under **COVERAGE C** regardless of the number of:

      (1) Insureds;

      (2) Claims made or "suits" brought; or

      (3) Persons or organizations making claims or bringing "suits."

   c. Any payments made under **COVERAGE A** for damages or under **COVERAGE C** for medical expenses shall reduce the Per Campus General Aggregate Limit for that designated "campus." Such payments shall not reduce the General Aggregate Limit shown in the Declarations nor shall they reduce any other Per Campus General Aggregate Limit for any other designated "campus" shown in the Declarations.

   d. The limits shown in the Declarations for Each Occurrence, Fire Damage and Medical Expense continue to apply. However, instead of being subject to the General Aggregate Limit shown in the Declarations, such limits will be subject to the applicable Per Campus General Aggregate Limit.

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

2. For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under **SECTION I – COVERAGE**, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABIITY**, and for all medical expenses caused by accidents under **SECTION I – COVERAGE**, **COVERAGE C MEDICAL PAYMENTS** which cannot be attributed only to operations at a single designated "campus" shown in the Declarations:

   a. Any payments made under **COVERAGE A** for damages or under **COVERAGE C** for medical expenses shall reduce the amount available under the General Aggregate Limit or the Products-Completed Operations Aggregate Limit, whichever is applicable; and

   b. Such payments shall not reduce any separate designated "campus" General Aggregate Limit.

3. When coverage for liability arising out of the "products-completed operations hazard" is provided, any payment for damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard" will reduce the Products-Completed Operations Aggregate Limit, and not reduce the General Aggregate Limit nor the Per Campus General Aggregate Limit.

4. **SECTION V – DEFINITIONS** is amended by adding the following:

   "Campus" is defined as premises involving the same or connecting lots, or premises whose connection is interrupted only by a street, roadway, waterway or right-of-way of a railroad.

5. The provisions of **SECTION III – LIMITS OF INSURANCE** not otherwise modified by the above shall continue to apply as stipulated.

I. Duties in the Event of Occurrence, Claim or Suit

1. The requirement in Paragraph **2.a.** of **SECTION IV - COMMERCIAL GENERAL LIABILITY CONDITIONS** that you must see to it that we are notified as soon as practicable of an "occurrence" or an offense, applies only when the "occurrence" or offense is known to:

   a. You, if you are an individual;
   b. A partner, if you are a partnership; or
   c. An executive officer or insurance manager, if you are a corporation.

2. The requirement in Paragraph **2.b.** of **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS** that you must see to it that we receive notice of a claim or "suit" as soon as practicable will not be considered breached unless the breach occurs after such claim or "suit" is known to:

   a. You, if you are an individual;
   b. A partner, if you are a partnership; or
   c. An executive officer or insurance manager, if you are a corporation.

J. Other Insurance – Primary Additional Insured

1. If the written contract or agreement or permit requires this insurance to be primary for any person or organization with whom you agree to include in **SECTION II** - **WHO IS AN INSURED**, then **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**, Subsection 4**. Other Insurance** is replaced by the following:

   If other valid and collectible insurance is available for a loss we cover under **COVERAGE A** of this Coverage Part, our obligations are limited as follows:

   a. Primary Insurance - This insurance is primary. We will not seek contributions from other

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

insurance available to the person or organization with whom you agree to include in **SECTION II - WHO IS AN INSURED**, except when 2. below applies.

b. Excess Insurance -This insurance is excess over any of the other insurance whether primary, excess, contingent or any other basis:

(1) That is Fire, Extended Coverage, Builder's Risk, Installation Risk or similar coverage for "your work";
(2) That is Fire, lightning or explosion insurance for premises rented to you; or temporarily occupied by you with permission of the owner; or
(3) If the loss arises out of the maintenance or use of aircraft, "autos" or watercraft to the extent not subject to **SECTION I – COVERAGE**, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, Subsection **2. Exclusions**, Paragraph **g.**

When this insurance is excess, we will have no duty under Coverages **A** or **B** to defend any claim or "suit" that any other insurer has a duty to defend. If no other insurer defends, we will undertake to do so, but we will be entitled to the insured's rights against all those other insurers.

When this insurance is excess over other insurance, we will pay only our share of the amount of the loss, if any, that exceeds the sum of:

(1) The total amount that all such other insurance would pay for the loss in the absence of this insurance; and
(2) The total of all deductible and self-insured amounts under all other insurance.

We will share the remaining loss, if any, with any other insurance that is not described in this excess insurance provision and was not bought specifically to apply in excess of the Limits of Insurance shown in the Declarations of this Coverage Part.

c. Method of Sharing - If all the other insurance permits contribution by equal shares, we will follow this method also. Under this approach each insurer contributes equal amounts until it has paid its applicable limit of insurance or none of the loss remains, whichever comes first.

If any or the other insurance does not permit contribution by equal shares, we will contribute by limits. Under this method, each insurer's contribution is based on the ratio of its applicable limits of insurance of all insurers.

2. This provision only applies with respect to your operations, "your work" or facilities owned or used by you.

K. Other Insurance – You Are An Additional Insured On Another Person's Or Organization's Policy

If you are an insured under **SECTION II - WHO IS AN INSURED**, then **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**, Subsection **4. OTHER INSURANCE**, Paragraph **b. Excess Insurance** is replaced by the following:

This insurance is excess over any other insurance, whether primary, excess, contingent or on any other basis:

1. That is Fire, Extended Coverage, Builders Risk, Installation Risk or similar coverage for "your work";
2. That is Fire, lightning or explosion insurance for premises rented to you or temporarily occupied by you with permission of the owner;

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

3. If the loss arises out of the maintenance or use of aircraft, "autos" or watercraft to the extent not subject to **SECTION I – COVERAGE, COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, Subsection 2. **Exclusions**, Paragraph **g**.; or
4. When any of the Named Insureds, under this Coverage Part, are additional insureds under a commercial general liability policy or similar insurance of another party.

When this insurance is excess, we will have no duty under Coverages **A** or **B** to defend any claim or "suit" that any other insurer has a duty to defend. If no other insurer defends, we will undertake to do so, but we will be entitled to the insured's rights against all those other insureds.

When this insurance is excess or other insurance, we will pay only our share of the amount of the loss, if any, that exceeds the sum of:

1. The total amount that all such other insurance would pay for the loss in the absence of this insurance; and
2. The total of all deductible and self-insured amounts under all that other insurance.

We will share the remaining loss, if any, with any other insurance that is not described in this Excess Insurance provision and was not bought specifically to apply in excess of the Limits of Insurance shown in the Declarations of this Coverage Part.

L. Unintentional Failure To Disclose Hazards

It is agreed that, based on our reliance on your representations as to existing hazards, if you should unintentionally fail to disclose all such hazards prior to the beginning of the policy period of this Coverage Part, we shall not deny coverage under this Coverage Part because of such failure.

M. Liberalization

If we revise this endorsement to provide more coverage without additional premium charge, we will automatically provide the additional coverage to all endorsement holders as of the day the revision is effective in your state.

N. Bodily Injury - Mental Anguish

SECTION V – DEFINITIONS, Paragraph **3.** is changed to read:

"Bodily Injury":

a. Means bodily injury, sickness or disease sustained by a person, and includes mental anguish resulting from any of these; and
b. Except for mental anguish, includes death resulting from the foregoing (item a. above) at any time.

O. Personal and Advertising Injury – Abuse of Process, Discrimination

If **COVERAGE B PERSONAL AND ADVERTISING INJURY LIABILITY COVERAGE** is not otherwise excluded from this Coverage Part, the definition of "personal and advertising injury" is amended as follows:

1. **SECTION V – DEFINITIONS**, Paragraph **14. b.** is revised to read:

2. **SECTION V – DEFINITIONS**, Paragraph **14.** is amended to include the following:

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

b. Directly or indirectly related to the employment, former or prospective employment, termination of employment, or application for employment of any person or persons by an insured; or
c. Directly or indirectly related to the sale, rental, lease or sublease or prospective sales, rental, lease or sub-lease of any room, dwelling or premises by or at the direction of any insured; or
d. Insurance for such discrimination is prohibited by or held in violation of law, public policy, legislation, court decision or administrative ruling.

The above does not apply to fines or penalties imposed because of discrimination.

P. Transfer of Rights of Recovery Against Others To Us

As a clarification, the following is added to **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**, Subsection **8. Transfer of Rights of Recovery Against Others To Us**:

Therefore, the insured can waive the insurer's Rights of Recovery prior to the occurrence of a loss, provided the waiver is made in a written contract.

Q. Science Laboratory "Occurrence"

SECTION I – COVERAGE, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, Subsection **2. Exclusions**, Paragraph **f.** does not apply to any "bodily injury" or "physical damage" arising out of a fire or "occurrence" in any of your science laboratories while teaching is being conducted in that laboratory, subject to a $50,000 per policy limit.

R. Medical Incident Liability-Nurse and Athletic Trainer

1. **SECTION II – WHO IS AN INSURED, Subparagraph 2.a. (1) (d)** is deleted and replaced by the following:

(d) Arising out of his or her providing or failing to provide professional medical services. This paragraph does not apply to a registered or practical nurse or athletic trainer, while acting within the scope of his or her duties for the Named Insured and arising out of a "medical incident".

2. **SECTION V – DEFINITIONS, 13.** is deleted and replaced by the following:

"Occurrence" means an accident, including continuous or repeated exposure to substantially the same general harmful conditions, and "medical incident".

3. The following definition is added to **SECTION V – DEFINITIONS**:

"Medical Incident" means any act or omission in the furnishing or failure to furnish professional medical services by the insured or any person acting under the personal direction, control, or supervision of the insured. Any such act or omission together with all related acts or omissions in the furnishing of such services to any one person shall be considered one "medical incident".

(4) When owners or other interests from whom land has been leased become an insured under this Coverage Part, the following additional exclusions apply:
(a) Any "occurrence" which takes place after you cease to lease that land; or
(b) Structural alterations, new construction or demolition operations performed by or on behalf of the owners or other interests from whom land has been leased.

g. Broad Form Vendors - Any person or organization with whom you agreed, because of a written contract or agreement to provide insurance, but only with respect to "bodily injury" or "property damage" arising out of "your products" which are distributed or sold in the regular course of the vendor's business, subject to the following additional exclusions.

(1) The insurance afforded the vendor does not apply to:
(a) "Bodily injury" or "property damage" for which the vendor is obligated to pay damages by reason of the assumption of liability in a contract or agreement. This exclusion does not apply to liability for damages that the vendor would have in the absence of the contract or agreement;
(b) Any express warranty unauthorized by you;
(c) Any physical or chemical change in the product made intentionally by the vendor;
(d) Repackaging, unless unpacked solely for the purpose of inspection, demonstration, testing or substitution of parts under instructions from the manufacturer, and then repackaged in the original container;

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

(e) Any failure to make such inspections, adjustments, tests or servicing as the vendor has agreed to make or normally undertakes to make in the usual course of business, in connection with the distribution or sale of the products;

(f) Demonstration, installation, servicing or repair operations, except such operations performed at the vendor's premises in connection with sale of the product;

(g) Products which, after distribution or sale by you, have been labeled or relabeled or used as a container, part or ingredient of any other thing or substance by or for the vendor.

(2) This provision does not apply to any insured person or organization, from whom you have acquired such products, or any ingredient, part or container, entering into, accompanying or containing such products.

(3) This provision does not apply to any vendor included as an insured by an endorsement issued by us and made a part of this Coverage Part.

(4) This provision does not apply if "bodily injury" or "property damage" included within the "products-completed operations hazard" is excluded either by the provisions of the Coverage Part or by endorsement.

H. Per Campus – General Aggregate

SECTION III – LIMITS OF INSURANCE is amended to include the following provisions:

1. For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under **SECTION I – COVERAGE**, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, and for all medical expenses caused by accidents under **SECTION I – COVERAGE**, **COVERAGE C MEDICAL PAYMENTS** which can be attributed only to operations at a single designated "campus" shown in the Declarations:

   a. A separate Per Campus General Aggregate Limit is applicable to each single designated "campus" shown in the Declarations and that limit is equal to the amount of the General Aggregate Limit shown in the Declarations.

   b. The Per Campus General Aggregate Limit is the most we will pay for the sum of all damages under **COVERAGE A**, except damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard," and for medical expenses under **COVERAGE C** regardless of the number of:

      (1) Insureds;

      (2) Claims made or "suits" brought; or

      (3) Persons or organizations making claims or bringing "suits."

   c. Any payments made under **COVERAGE A** for damages or under **COVERAGE C** for medical expenses shall reduce the Per Campus General Aggregate Limit for that designated "campus." Such payments shall not reduce the General Aggregate Limit shown in the Declarations nor shall they reduce any other Per Campus General Aggregate Limit for any other designated "campus" shown in the Declarations.

   d. The limits shown in the Declarations for Each Occurrence, Fire Damage and Medical Expense continue to apply. However, instead of being subject to the General Aggregate Limit shown in the Declarations, such limits will be subject to the applicable Per Campus General Aggregate Limit.

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

2. For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under **SECTION I – COVERAGE**, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABIITY**, and for all medical expenses caused by accidents under **SECTION I – COVERAGE**, **COVERAGE C MEDICAL PAYMENTS** which cannot be attributed only to operations at a single designated "campus" shown in the Declarations:

   a. Any payments made under **COVERAGE A** for damages or under **COVERAGE C** for medical expenses shall reduce the amount available under the General Aggregate Limit or the Products-Completed Operations Aggregate Limit, whichever is applicable; and

   b. Such payments shall not reduce any separate designated "campus" General Aggregate Limit.

3. When coverage for liability arising out of the "products-completed operations hazard" is provided, any payment for damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard" will reduce the Products-Completed Operations Aggregate Limit, and not reduce the General Aggregate Limit nor the Per Campus General Aggregate Limit.

4. **SECTION V – DEFINITIONS** is amended by adding the following:

   "Campus" is defined as premises involving the same or connecting lots, or premises whose connection is interrupted only by a street, roadway, waterway or right-of-way of a railroad.

5. The provisions of **SECTION III – LIMITS OF INSURANCE** not otherwise modified by the above shall continue to apply as stipulated.

I. Duties in the Event of Occurrence, Claim or Suit

1. The requirement in Paragraph **2.a.** of **SECTION IV - COMMERCIAL GENERAL LIABILITY CONDITIONS** that you must see to it that we are notified as soon as practicable of an "occurrence" or an offense, applies only when the "occurrence" or offense is known to:

   a. You, if you are an individual;
   b. A partner, if you are a partnership; or
   c. An executive officer or insurance manager, if you are a corporation.

2. The requirement in Paragraph **2.b.** of **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS** that you must see to it that we receive notice of a claim or "suit" as soon as practicable will not be considered breached unless the breach occurs after such claim or "suit" is known to:

   a. You, if you are an individual;
   b. A partner, if you are a partnership; or
   c. An executive officer or insurance manager, if you are a corporation.

J. Other Insurance – Primary Additional Insured

1. If the written contract or agreement or permit requires this insurance to be primary for any person or organization with whom you agree to include in **SECTION II** - **WHO IS AN INSURED**, then **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**, Subsection 4**. Other Insurance** is replaced by the following:

   If other valid and collectible insurance is available for a loss we cover under **COVERAGE A** of this Coverage Part, our obligations are limited as follows:

   a. Primary Insurance - This insurance is primary. We will not seek contributions from other

insurance available to the person or organization with whom you agree to include in **SECTION II - WHO IS AN INSURED**, except when 2. below applies.

b. Excess Insurance -This insurance is excess over any of the other insurance whether primary, excess, contingent or any other basis:

(1) That is Fire, Extended Coverage, Builder's Risk, Installation Risk or similar coverage for "your work";
(2) That is Fire, lightning or explosion insurance for premises rented to you; or temporarily occupied by you with permission of the owner; or
(3) If the loss arises out of the maintenance or use of aircraft, "autos" or watercraft to the extent not subject to **SECTION I – COVERAGE**, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, Subsection **2. Exclusions**, Paragraph **g.**

When this insurance is excess, we will have no duty under Coverages **A** or **B** to defend any claim or "suit" that any other insurer has a duty to defend. If no other insurer defends, we will undertake to do so, but we will be entitled to the insured's rights against all those other insurers.

When this insurance is excess over other insurance, we will pay only our share of the amount of the loss, if any, that exceeds the sum of:

(1) The total amount that all such other insurance would pay for the loss in the absence of this insurance; and
(2) The total of all deductible and self-insured amounts under all other insurance.

We will share the remaining loss, if any, with any other insurance that is not described in this excess insurance provision and was not bought specifically to apply in excess of the Limits of Insurance shown in the Declarations of this Coverage Part.

c. Method of Sharing - If all the other insurance permits contribution by equal shares, we will follow this method also. Under this approach each insurer contributes equal amounts until it has paid its applicable limit of insurance or none of the loss remains, whichever comes first.

If any or the other insurance does not permit contribution by equal shares, we will contribute by limits. Under this method, each insurer's contribution is based on the ratio of its applicable limits of insurance of all insurers.

2. This provision only applies with respect to your operations, "your work" or facilities owned or used by you.

K. Other Insurance – You Are An Additional Insured On Another Person's Or Organization's Policy

If you are an insured under **SECTION II - WHO IS AN INSURED**, then **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**, Subsection **4. OTHER INSURANCE**, Paragraph **b. Excess Insurance** is replaced by the following:

This insurance is excess over any other insurance, whether primary, excess, contingent or on any other basis:

1. That is Fire, Extended Coverage, Builders Risk, Installation Risk or similar coverage for "your work";
2. That is Fire, lightning or explosion insurance for premises rented to you or temporarily occupied by you with permission of the owner;

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

3. If the loss arises out of the maintenance or use of aircraft, "autos" or watercraft to the extent not subject to **SECTION I – COVERAGE, COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, Subsection 2. **Exclusions**, Paragraph **g**.; or
4. When any of the Named Insureds, under this Coverage Part, are additional insureds under a commercial general liability policy or similar insurance of another party.

When this insurance is excess, we will have no duty under Coverages **A** or **B** to defend any claim or "suit" that any other insurer has a duty to defend. If no other insurer defends, we will undertake to do so, but we will be entitled to the insured's rights against all those other insureds.

When this insurance is excess or other insurance, we will pay only our share of the amount of the loss, if any, that exceeds the sum of:

1. The total amount that all such other insurance would pay for the loss in the absence of this insurance; and
2. The total of all deductible and self-insured amounts under all that other insurance.

We will share the remaining loss, if any, with any other insurance that is not described in this Excess Insurance provision and was not bought specifically to apply in excess of the Limits of Insurance shown in the Declarations of this Coverage Part.

L. Unintentional Failure To Disclose Hazards

It is agreed that, based on our reliance on your representations as to existing hazards, if you should unintentionally fail to disclose all such hazards prior to the beginning of the policy period of this Coverage Part, we shall not deny coverage under this Coverage Part because of such failure.

M. Liberalization

If we revise this endorsement to provide more coverage without additional premium charge, we will automatically provide the additional coverage to all endorsement holders as of the day the revision is effective in your state.

N. Bodily Injury - Mental Anguish

SECTION V – DEFINITIONS, Paragraph **3.** is changed to read:

"Bodily Injury":

a. Means bodily injury, sickness or disease sustained by a person, and includes mental anguish resulting from any of these; and
b. Except for mental anguish, includes death resulting from the foregoing (item a. above) at any time.

2. **SECTION V – DEFINITIONS**, Paragraph **14.** is amended to include the following:

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

b. Directly or indirectly related to the employment, former or prospective employment, termination of employment, or application for employment of any person or persons by an insured; or
c. Directly or indirectly related to the sale, rental, lease or sublease or prospective sales, rental, lease or sub-lease of any room, dwelling or premises by or at the direction of any insured; or
d. Insurance for such discrimination is prohibited by or held in violation of law, public policy, legislation, court decision or administrative ruling.

The above does not apply to fines or penalties imposed because of discrimination.

P. Transfer of Rights of Recovery Against Others To Us

As a clarification, the following is added to **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**, Subsection **8. Transfer of Rights of Recovery Against Others To Us**:

Therefore, the insured can waive the insurer's Rights of Recovery prior to the occurrence of a loss, provided the waiver is made in a written contract.

Q. Science Laboratory "Occurrence"

SECTION I – COVERAGE, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, Subsection **2. Exclusions**, Paragraph **f.** does not apply to any "bodily injury" or "physical damage" arising out of a fire or "occurrence" in any of your science laboratories while teaching is being conducted in that laboratory, subject to a $50,000 per policy limit.

R. Medical Incident Liability-Nurse and Athletic Trainer

1. **SECTION II – WHO IS AN INSURED, Subparagraph 2.a. (1) (d)** is deleted and replaced by the following:

(d) Arising out of his or her providing or failing to provide professional medical services. This paragraph does not apply to a registered or practical nurse or athletic trainer, while acting within the scope of his or her duties for the Named Insured and arising out of a "medical incident".

2. **SECTION V – DEFINITIONS, 13.** is deleted and replaced by the following:

"Occurrence" means an accident, including continuous or repeated exposure to substantially the same general harmful conditions, and "medical incident".

3. The following definition is added to **SECTION V – DEFINITIONS**:

"Medical Incident" means any act or omission in the furnishing or failure to furnish professional medical services by the insured or any person acting under the personal direction, control, or supervision of the insured. Any such act or omission together with all related acts or omissions in the furnishing of such services to any one person shall be considered one "medical incident".

SECTION III – LIMITS OF INSURANCE is amended to include the following provisions:

1. For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under **SECTION I – COVERAGE**, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, and for all medical expenses caused by accidents under **SECTION I – COVERAGE**, **COVERAGE C MEDICAL PAYMENTS** which can be attributed only to operations at a single designated "campus" shown in the Declarations:

   a. A separate Per Campus General Aggregate Limit is applicable to each single designated "campus" shown in the Declarations and that limit is equal to the amount of the General Aggregate Limit shown in the Declarations.

   b. The Per Campus General Aggregate Limit is the most we will pay for the sum of all damages under **COVERAGE A**, except damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard," and for medical expenses under **COVERAGE C** regardless of the number of:

      (1) Insureds;

      (2) Claims made or "suits" brought; or

      (3) Persons or organizations making claims or bringing "suits."

   c. Any payments made under **COVERAGE A** for damages or under **COVERAGE C** for medical expenses shall reduce the Per Campus General Aggregate Limit for that designated "campus." Such payments shall not reduce the General Aggregate Limit shown in the Declarations nor shall they reduce any other Per Campus General Aggregate Limit for any other designated "campus" shown in the Declarations.

   d. The limits shown in the Declarations for Each Occurrence, Fire Damage and Medical Expense continue to apply. However, instead of being subject to the General Aggregate Limit shown in the Declarations, such limits will be subject to the applicable Per Campus General Aggregate Limit.

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

2. For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under **SECTION I – COVERAGE**, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABIITY**, and for all medical expenses caused by accidents under **SECTION I – COVERAGE**, **COVERAGE C MEDICAL PAYMENTS** which cannot be attributed only to operations at a single designated "campus" shown in the Declarations:

   a. Any payments made under **COVERAGE A** for damages or under **COVERAGE C** for medical expenses shall reduce the amount available under the General Aggregate Limit or the Products-Completed Operations Aggregate Limit, whichever is applicable; and

   b. Such payments shall not reduce any separate designated "campus" General Aggregate Limit.

3. When coverage for liability arising out of the "products-completed operations hazard" is provided, any payment for damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard" will reduce the Products-Completed Operations Aggregate Limit, and not reduce the General Aggregate Limit nor the Per Campus General Aggregate Limit.

4. **SECTION V – DEFINITIONS** is amended by adding the following:

   "Campus" is defined as premises involving the same or connecting lots, or premises whose connection is interrupted only by a street, roadway, waterway or right-of-way of a railroad.

5. The provisions of **SECTION III – LIMITS OF INSURANCE** not otherwise modified by the above shall continue to apply as stipulated.

I. Duties in the Event of Occurrence, Claim or Suit

1. The requirement in Paragraph **2.a.** of **SECTION IV - COMMERCIAL GENERAL LIABILITY CONDITIONS** that you must see to it that we are notified as soon as practicable of an "occurrence" or an offense, applies only when the "occurrence" or offense is known to:

   a. You, if you are an individual;
   b. A partner, if you are a partnership; or
   c. An executive officer or insurance manager, if you are a corporation.

2. The requirement in Paragraph **2.b.** of **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS** that you must see to it that we receive notice of a claim or "suit" as soon as practicable will not be considered breached unless the breach occurs after such claim or "suit" is known to:

   a. You, if you are an individual;
   b. A partner, if you are a partnership; or
   c. An executive officer or insurance manager, if you are a corporation.

J. Other Insurance – Primary Additional Insured

1. If the written contract or agreement or permit requires this insurance to be primary for any person or organization with whom you agree to include in **SECTION II** - **WHO IS AN INSURED**, then **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**, Subsection 4**. Other Insurance** is replaced by the following:

   If other valid and collectible insurance is available for a loss we cover under **COVERAGE A** of this Coverage Part, our obligations are limited as follows:

   a. Primary Insurance - This insurance is primary. We will not seek contributions from other

insurance available to the person or organization with whom you agree to include in **SECTION II - WHO IS AN INSURED**, except when 2. below applies.

b. Excess Insurance -This insurance is excess over any of the other insurance whether primary, excess, contingent or any other basis:

(1) That is Fire, Extended Coverage, Builder's Risk, Installation Risk or similar coverage for "your work";
(2) That is Fire, lightning or explosion insurance for premises rented to you; or temporarily occupied by you with permission of the owner; or
(3) If the loss arises out of the maintenance or use of aircraft, "autos" or watercraft to the extent not subject to **SECTION I – COVERAGE**, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, Subsection **2. Exclusions**, Paragraph **g.**

When this insurance is excess, we will have no duty under Coverages **A** or **B** to defend any claim or "suit" that any other insurer has a duty to defend. If no other insurer defends, we will undertake to do so, but we will be entitled to the insured's rights against all those other insurers.

When this insurance is excess over other insurance, we will pay only our share of the amount of the loss, if any, that exceeds the sum of:

(1) The total amount that all such other insurance would pay for the loss in the absence of this insurance; and
(2) The total of all deductible and self-insured amounts under all other insurance.

We will share the remaining loss, if any, with any other insurance that is not described in this excess insurance provision and was not bought specifically to apply in excess of the Limits of Insurance shown in the Declarations of this Coverage Part.

c. Method of Sharing - If all the other insurance permits contribution by equal shares, we will follow this method also. Under this approach each insurer contributes equal amounts until it has paid its applicable limit of insurance or none of the loss remains, whichever comes first.

If any or the other insurance does not permit contribution by equal shares, we will contribute by limits. Under this method, each insurer's contribution is based on the ratio of its applicable limits of insurance of all insurers.

2. This provision only applies with respect to your operations, "your work" or facilities owned or used by you.

K. Other Insurance – You Are An Additional Insured On Another Person's Or Organization's Policy

If you are an insured under **SECTION II - WHO IS AN INSURED**, then **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**, Subsection **4. OTHER INSURANCE**, Paragraph **b. Excess Insurance** is replaced by the following:

This insurance is excess over any other insurance, whether primary, excess, contingent or on any other basis:

1. That is Fire, Extended Coverage, Builders Risk, Installation Risk or similar coverage for "your work";
2. That is Fire, lightning or explosion insurance for premises rented to you or temporarily occupied by you with permission of the owner;

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

3. If the loss arises out of the maintenance or use of aircraft, "autos" or watercraft to the extent not subject to **SECTION I – COVERAGE, COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, Subsection 2. **Exclusions**, Paragraph **g**.; or
4. When any of the Named Insureds, under this Coverage Part, are additional insureds under a commercial general liability policy or similar insurance of another party.

When this insurance is excess, we will have no duty under Coverages **A** or **B** to defend any claim or "suit" that any other insurer has a duty to defend. If no other insurer defends, we will undertake to do so, but we will be entitled to the insured's rights against all those other insureds.

When this insurance is excess or other insurance, we will pay only our share of the amount of the loss, if any, that exceeds the sum of:

1. The total amount that all such other insurance would pay for the loss in the absence of this insurance; and
2. The total of all deductible and self-insured amounts under all that other insurance.

We will share the remaining loss, if any, with any other insurance that is not described in this Excess Insurance provision and was not bought specifically to apply in excess of the Limits of Insurance shown in the Declarations of this Coverage Part.

L. Unintentional Failure To Disclose Hazards

It is agreed that, based on our reliance on your representations as to existing hazards, if you should unintentionally fail to disclose all such hazards prior to the beginning of the policy period of this Coverage Part, we shall not deny coverage under this Coverage Part because of such failure.

M. Liberalization

If we revise this endorsement to provide more coverage without additional premium charge, we will automatically provide the additional coverage to all endorsement holders as of the day the revision is effective in your state.

N. Bodily Injury - Mental Anguish

SECTION V – DEFINITIONS, Paragraph **3.** is changed to read:

"Bodily Injury":

a. Means bodily injury, sickness or disease sustained by a person, and includes mental anguish resulting from any of these; and
b. Except for mental anguish, includes death resulting from the foregoing (item a. above) at any time.

O. Personal and Advertising Injury – Abuse of Process, Discrimination

If **COVERAGE B PERSONAL AND ADVERTISING INJURY LIABILITY COVERAGE** is not otherwise excluded from this Coverage Part, the definition of "personal and advertising injury" is amended as follows:

1. **SECTION V – DEFINITIONS**, Paragraph **14. b.** is revised to read:
   b. Malicious prosecution or abuse of process:

2. **SECTION V – DEFINITIONS**, Paragraph **14.** is amended to include the following:

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

"Personal Injury" also means discrimination based on race, color, religion, sex, age or national origin, except when:

a. Done intentionally by or at the direction of, or with the knowledge or consent of:
(1) Any insured; or
(2) Any executive officer, director, stockholder, partner or member of the insured; or
b. Directly or indirectly related to the employment, former or prospective employment, termination of employment, or application for employment of any person or persons by an insured; or
c. Directly or indirectly related to the sale, rental, lease or sublease or prospective sales, rental, lease or sub-lease of any room, dwelling or premises by or at the direction of any insured; or
d. Insurance for such discrimination is prohibited by or held in violation of law, public policy, legislation, court decision or administrative ruling.

The above does not apply to fines or penalties imposed because of discrimination.

P. Transfer of Rights of Recovery Against Others To Us

As a clarification, the following is added to **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**, Subsection **8. Transfer of Rights of Recovery Against Others To Us**:

Therefore, the insured can waive the insurer's Rights of Recovery prior to the occurrence of a loss, provided the waiver is made in a written contract.

Q. Science Laboratory "Occurrence"

SECTION I – COVERAGE, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, Subsection **2. Exclusions**, Paragraph **f.** does not apply to any "bodily injury" or "physical damage" arising out of a fire or "occurrence" in any of your science laboratories while teaching is being conducted in that laboratory, subject to a $50,000 per policy limit.

R. Medical Incident Liability-Nurse and Athletic Trainer

1. **SECTION II – WHO IS AN INSURED, Subparagraph 2.a. (1) (d)** is deleted and replaced by the following:

(d) Arising out of his or her providing or failing to provide professional medical services. This paragraph does not apply to a registered or practical nurse or athletic trainer, while acting within the scope of his or her duties for the Named Insured and arising out of a "medical incident".

2. **SECTION V – DEFINITIONS, 13.** is deleted and replaced by the following:

"Occurrence" means an accident, including continuous or repeated exposure to substantially the same general harmful conditions, and "medical incident".

3. The following definition is added to **SECTION V – DEFINITIONS**:

"Medical Incident" means any act or omission in the furnishing or failure to furnish professional medical services by the insured or any person acting under the personal direction, control, or supervision of the insured. Any such act or omission together with all related acts or omissions in the furnishing of such services to any one person shall be considered one "medical incident".

"Medical incident" does not include any actual, alleged or threatened emotional, physical, or sexual abuse of any patient or professional medical services recipient.

(i) The preparing, approving, or failing to approve maps, drawings, opinions, reports, surveys, change orders, designs or specifications; and
(ii) Supervisory, inspection, or engineering services.
(3) When a lessor of leased equipment becomes an insured under this Coverage Part, the following additional exclusions apply:
(a) To any "occurrence" which takes place after the equipment lease expires; or
(b) To "bodily injury" or "property damage" arising out of the sole negligence of the lessor.
(4) When owners or other interests from whom land has been leased become an insured under this Coverage Part, the following additional exclusions apply:
(a) Any "occurrence" which takes place after you cease to lease that land; or
(b) Structural alterations, new construction or demolition operations performed by or on behalf of the owners or other interests from whom land has been leased.

g. Broad Form Vendors - Any person or organization with whom you agreed, because of a written contract or agreement to provide insurance, but only with respect to "bodily injury" or "property damage" arising out of "your products" which are distributed or sold in the regular course of the vendor's business, subject to the following additional exclusions.

(1) The insurance afforded the vendor does not apply to:
(a) "Bodily injury" or "property damage" for which the vendor is obligated to pay damages by reason of the assumption of liability in a contract or agreement. This exclusion does not apply to liability for damages that the vendor would have in the absence of the contract or agreement;
(b) Any express warranty unauthorized by you;
(c) Any physical or chemical change in the product made intentionally by the vendor;
(d) Repackaging, unless unpacked solely for the purpose of inspection, demonstration, testing or substitution of parts under instructions from the manufacturer, and then repackaged in the original container;

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

(e) Any failure to make such inspections, adjustments, tests or servicing as the vendor has agreed to make or normally undertakes to make in the usual course of business, in connection with the distribution or sale of the products;

(f) Demonstration, installation, servicing or repair operations, except such operations performed at the vendor's premises in connection with sale of the product;

(g) Products which, after distribution or sale by you, have been labeled or relabeled or used as a container, part or ingredient of any other thing or substance by or for the vendor.

(2) This provision does not apply to any insured person or organization, from whom you have acquired such products, or any ingredient, part or container, entering into, accompanying or containing such products.

(3) This provision does not apply to any vendor included as an insured by an endorsement issued by us and made a part of this Coverage Part.

(4) This provision does not apply if "bodily injury" or "property damage" included within the "products-completed operations hazard" is excluded either by the provisions of the Coverage Part or by endorsement.

H. Per Campus – General Aggregate

SECTION III – LIMITS OF INSURANCE is amended to include the following provisions:

1. For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under **SECTION I – COVERAGE**, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, and for all medical expenses caused by accidents under **SECTION I – COVERAGE**, **COVERAGE C MEDICAL PAYMENTS** which can be attributed only to operations at a single designated "campus" shown in the Declarations:

   a. A separate Per Campus General Aggregate Limit is applicable to each single designated "campus" shown in the Declarations and that limit is equal to the amount of the General Aggregate Limit shown in the Declarations.

   b. The Per Campus General Aggregate Limit is the most we will pay for the sum of all damages under **COVERAGE A**, except damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard," and for medical expenses under **COVERAGE C** regardless of the number of:

      (1) Insureds;

      (2) Claims made or "suits" brought; or

      (3) Persons or organizations making claims or bringing "suits."

   c. Any payments made under **COVERAGE A** for damages or under **COVERAGE C** for medical expenses shall reduce the Per Campus General Aggregate Limit for that designated "campus." Such payments shall not reduce the General Aggregate Limit shown in the Declarations nor shall they reduce any other Per Campus General Aggregate Limit for any other designated "campus" shown in the Declarations.

   d. The limits shown in the Declarations for Each Occurrence, Fire Damage and Medical Expense continue to apply. However, instead of being subject to the General Aggregate Limit shown in the Declarations, such limits will be subject to the applicable Per Campus General Aggregate Limit.

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

2. For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under **SECTION I – COVERAGE**, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABIITY**, and for all medical expenses caused by accidents under **SECTION I – COVERAGE**, **COVERAGE C MEDICAL PAYMENTS** which cannot be attributed only to operations at a single designated "campus" shown in the Declarations:

   a. Any payments made under **COVERAGE A** for damages or under **COVERAGE C** for medical expenses shall reduce the amount available under the General Aggregate Limit or the Products-Completed Operations Aggregate Limit, whichever is applicable; and

   b. Such payments shall not reduce any separate designated "campus" General Aggregate Limit.

3. When coverage for liability arising out of the "products-completed operations hazard" is provided, any payment for damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard" will reduce the Products-Completed Operations Aggregate Limit, and not reduce the General Aggregate Limit nor the Per Campus General Aggregate Limit.

4. **SECTION V – DEFINITIONS** is amended by adding the following:

   "Campus" is defined as premises involving the same or connecting lots, or premises whose connection is interrupted only by a street, roadway, waterway or right-of-way of a railroad.

5. The provisions of **SECTION III – LIMITS OF INSURANCE** not otherwise modified by the above shall continue to apply as stipulated.

I. Duties in the Event of Occurrence, Claim or Suit

1. The requirement in Paragraph **2.a.** of **SECTION IV - COMMERCIAL GENERAL LIABILITY CONDITIONS** that you must see to it that we are notified as soon as practicable of an "occurrence" or an offense, applies only when the "occurrence" or offense is known to:

   a. You, if you are an individual;
   b. A partner, if you are a partnership; or
   c. An executive officer or insurance manager, if you are a corporation.

2. The requirement in Paragraph **2.b.** of **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS** that you must see to it that we receive notice of a claim or "suit" as soon as practicable will not be considered breached unless the breach occurs after such claim or "suit" is known to:

   a. You, if you are an individual;
   b. A partner, if you are a partnership; or
   c. An executive officer or insurance manager, if you are a corporation.

J. Other Insurance – Primary Additional Insured

1. If the written contract or agreement or permit requires this insurance to be primary for any person or organization with whom you agree to include in **SECTION II** - **WHO IS AN INSURED**, then **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**, Subsection 4**. Other Insurance** is replaced by the following:

   If other valid and collectible insurance is available for a loss we cover under **COVERAGE A** of this Coverage Part, our obligations are limited as follows:

   a. Primary Insurance - This insurance is primary. We will not seek contributions from other

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

insurance available to the person or organization with whom you agree to include in **SECTION II - WHO IS AN INSURED**, except when 2. below applies.

b. Excess Insurance -This insurance is excess over any of the other insurance whether primary, excess, contingent or any other basis:

(1) That is Fire, Extended Coverage, Builder's Risk, Installation Risk or similar coverage for "your work";
(2) That is Fire, lightning or explosion insurance for premises rented to you; or temporarily occupied by you with permission of the owner; or
(3) If the loss arises out of the maintenance or use of aircraft, "autos" or watercraft to the extent not subject to **SECTION I – COVERAGE**, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, Subsection **2. Exclusions**, Paragraph **g.**

When this insurance is excess, we will have no duty under Coverages **A** or **B** to defend any claim or "suit" that any other insurer has a duty to defend. If no other insurer defends, we will undertake to do so, but we will be entitled to the insured's rights against all those other insurers.

When this insurance is excess over other insurance, we will pay only our share of the amount of the loss, if any, that exceeds the sum of:

(1) The total amount that all such other insurance would pay for the loss in the absence of this insurance; and
(2) The total of all deductible and self-insured amounts under all other insurance.

We will share the remaining loss, if any, with any other insurance that is not described in this excess insurance provision and was not bought specifically to apply in excess of the Limits of Insurance shown in the Declarations of this Coverage Part.

c. Method of Sharing - If all the other insurance permits contribution by equal shares, we will follow this method also. Under this approach each insurer contributes equal amounts until it has paid its applicable limit of insurance or none of the loss remains, whichever comes first.

If any or the other insurance does not permit contribution by equal shares, we will contribute by limits. Under this method, each insurer's contribution is based on the ratio of its applicable limits of insurance of all insurers.

2. This provision only applies with respect to your operations, "your work" or facilities owned or used by you.

K. Other Insurance – You Are An Additional Insured On Another Person's Or Organization's Policy

If you are an insured under **SECTION II - WHO IS AN INSURED**, then **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**, Subsection **4. OTHER INSURANCE**, Paragraph **b. Excess Insurance** is replaced by the following:

This insurance is excess over any other insurance, whether primary, excess, contingent or on any other basis:

1. That is Fire, Extended Coverage, Builders Risk, Installation Risk or similar coverage for "your work";
2. That is Fire, lightning or explosion insurance for premises rented to you or temporarily occupied by you with permission of the owner;

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

3. If the loss arises out of the maintenance or use of aircraft, "autos" or watercraft to the extent not subject to **SECTION I – COVERAGE, COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, Subsection 2. **Exclusions**, Paragraph **g**.; or
4. When any of the Named Insureds, under this Coverage Part, are additional insureds under a commercial general liability policy or similar insurance of another party.

When this insurance is excess, we will have no duty under Coverages **A** or **B** to defend any claim or "suit" that any other insurer has a duty to defend. If no other insurer defends, we will undertake to do so, but we will be entitled to the insured's rights against all those other insureds.

When this insurance is excess or other insurance, we will pay only our share of the amount of the loss, if any, that exceeds the sum of:

1. The total amount that all such other insurance would pay for the loss in the absence of this insurance; and
2. The total of all deductible and self-insured amounts under all that other insurance.

We will share the remaining loss, if any, with any other insurance that is not described in this Excess Insurance provision and was not bought specifically to apply in excess of the Limits of Insurance shown in the Declarations of this Coverage Part.

L. Unintentional Failure To Disclose Hazards

It is agreed that, based on our reliance on your representations as to existing hazards, if you should unintentionally fail to disclose all such hazards prior to the beginning of the policy period of this Coverage Part, we shall not deny coverage under this Coverage Part because of such failure.

M. Liberalization

If we revise this endorsement to provide more coverage without additional premium charge, we will automatically provide the additional coverage to all endorsement holders as of the day the revision is effective in your state.

SECTION V – DEFINITIONS, Paragraph **3.** is changed to read:

b. Except for mental anguish, includes death resulting from the foregoing (item a. above) at any time.

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

b. Directly or indirectly related to the employment, former or prospective employment, termination of employment, or application for employment of any person or persons by an insured; or
c. Directly or indirectly related to the sale, rental, lease or sublease or prospective sales, rental, lease or sub-lease of any room, dwelling or premises by or at the direction of any insured; or
d. Insurance for such discrimination is prohibited by or held in violation of law, public policy, legislation, court decision or administrative ruling.

The above does not apply to fines or penalties imposed because of discrimination.

P. Transfer of Rights of Recovery Against Others To Us

As a clarification, the following is added to **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**, Subsection **8. Transfer of Rights of Recovery Against Others To Us**:

Therefore, the insured can waive the insurer's Rights of Recovery prior to the occurrence of a loss, provided the waiver is made in a written contract.

Q. Science Laboratory "Occurrence"

SECTION I – COVERAGE, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, Subsection **2. Exclusions**, Paragraph **f.** does not apply to any "bodily injury" or "physical damage" arising out of a fire or "occurrence" in any of your science laboratories while teaching is being conducted in that laboratory, subject to a $50,000 per policy limit.

R. Medical Incident Liability-Nurse and Athletic Trainer

1. **SECTION II – WHO IS AN INSURED, Subparagraph 2.a. (1) (d)** is deleted and replaced by the following:

(d) Arising out of his or her providing or failing to provide professional medical services. This paragraph does not apply to a registered or practical nurse or athletic trainer, while acting within the scope of his or her duties for the Named Insured and arising out of a "medical incident".

2. **SECTION V – DEFINITIONS, 13.** is deleted and replaced by the following:

"Occurrence" means an accident, including continuous or repeated exposure to substantially the same general harmful conditions, and "medical incident".

3. The following definition is added to **SECTION V – DEFINITIONS**:

"Medical Incident" means any act or omission in the furnishing or failure to furnish professional medical services by the insured or any person acting under the personal direction, control, or supervision of the insured. Any such act or omission together with all related acts or omissions in the furnishing of such services to any one person shall be considered one "medical incident".

1. For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under **SECTION I – COVERAGE**, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, and for all medical expenses caused by accidents under **SECTION I – COVERAGE**, **COVERAGE C MEDICAL PAYMENTS** which can be attributed only to operations at a single designated "campus" shown in the Declarations:

   a. A separate Per Campus General Aggregate Limit is applicable to each single designated "campus" shown in the Declarations and that limit is equal to the amount of the General Aggregate Limit shown in the Declarations.

   b. The Per Campus General Aggregate Limit is the most we will pay for the sum of all damages under **COVERAGE A**, except damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard," and for medical expenses under **COVERAGE C** regardless of the number of:

      (1) Insureds;

      (2) Claims made or "suits" brought; or

      (3) Persons or organizations making claims or bringing "suits."

   c. Any payments made under **COVERAGE A** for damages or under **COVERAGE C** for medical expenses shall reduce the Per Campus General Aggregate Limit for that designated "campus." Such payments shall not reduce the General Aggregate Limit shown in the Declarations nor shall they reduce any other Per Campus General Aggregate Limit for any other designated "campus" shown in the Declarations.

   d. The limits shown in the Declarations for Each Occurrence, Fire Damage and Medical Expense continue to apply. However, instead of being subject to the General Aggregate Limit shown in the Declarations, such limits will be subject to the applicable Per Campus General Aggregate Limit.

2. For all sums which the insured becomes legally obligated to pay as damages caused by "occurrences" under **SECTION I – COVERAGE**, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABIITY**, and for all medical expenses caused by accidents under **SECTION I – COVERAGE**, **COVERAGE C MEDICAL PAYMENTS** which cannot be attributed only to operations at a single designated "campus" shown in the Declarations:

   a. Any payments made under **COVERAGE A** for damages or under **COVERAGE C** for medical expenses shall reduce the amount available under the General Aggregate Limit or the Products-Completed Operations Aggregate Limit, whichever is applicable; and

   b. Such payments shall not reduce any separate designated "campus" General Aggregate Limit.

3. When coverage for liability arising out of the "products-completed operations hazard" is provided, any payment for damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard" will reduce the Products-Completed Operations Aggregate Limit, and not reduce the General Aggregate Limit nor the Per Campus General Aggregate Limit.

4. **SECTION V – DEFINITIONS** is amended by adding the following:

   "Campus" is defined as premises involving the same or connecting lots, or premises whose connection is interrupted only by a street, roadway, waterway or right-of-way of a railroad.

5. The provisions of **SECTION III – LIMITS OF INSURANCE** not otherwise modified by the above shall continue to apply as stipulated.

I. Duties in the Event of Occurrence, Claim or Suit

1. The requirement in Paragraph **2.a.** of **SECTION IV - COMMERCIAL GENERAL LIABILITY CONDITIONS** that you must see to it that we are notified as soon as practicable of an "occurrence" or an offense, applies only when the "occurrence" or offense is known to:

   a. You, if you are an individual;
   b. A partner, if you are a partnership; or
   c. An executive officer or insurance manager, if you are a corporation.

2. The requirement in Paragraph **2.b.** of **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS** that you must see to it that we receive notice of a claim or "suit" as soon as practicable will not be considered breached unless the breach occurs after such claim or "suit" is known to:

   a. You, if you are an individual;
   b. A partner, if you are a partnership; or
   c. An executive officer or insurance manager, if you are a corporation.

J. Other Insurance – Primary Additional Insured

1. If the written contract or agreement or permit requires this insurance to be primary for any person or organization with whom you agree to include in **SECTION II** - **WHO IS AN INSURED**, then **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**, Subsection 4**. Other Insurance** is replaced by the following:

   If other valid and collectible insurance is available for a loss we cover under **COVERAGE A** of this Coverage Part, our obligations are limited as follows:

   a. Primary Insurance - This insurance is primary. We will not seek contributions from other

insurance available to the person or organization with whom you agree to include in **SECTION II - WHO IS AN INSURED**, except when 2. below applies.

b. Excess Insurance -This insurance is excess over any of the other insurance whether primary, excess, contingent or any other basis:

(1) That is Fire, Extended Coverage, Builder's Risk, Installation Risk or similar coverage for "your work";
(2) That is Fire, lightning or explosion insurance for premises rented to you; or temporarily occupied by you with permission of the owner; or
(3) If the loss arises out of the maintenance or use of aircraft, "autos" or watercraft to the extent not subject to **SECTION I – COVERAGE**, **COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, Subsection **2. Exclusions**, Paragraph **g.**

When this insurance is excess, we will have no duty under Coverages **A** or **B** to defend any claim or "suit" that any other insurer has a duty to defend. If no other insurer defends, we will undertake to do so, but we will be entitled to the insured's rights against all those other insurers.

When this insurance is excess over other insurance, we will pay only our share of the amount of the loss, if any, that exceeds the sum of:

(1) The total amount that all such other insurance would pay for the loss in the absence of this insurance; and
(2) The total of all deductible and self-insured amounts under all other insurance.

We will share the remaining loss, if any, with any other insurance that is not described in this excess insurance provision and was not bought specifically to apply in excess of the Limits of Insurance shown in the Declarations of this Coverage Part.

c. Method of Sharing - If all the other insurance permits contribution by equal shares, we will follow this method also. Under this approach each insurer contributes equal amounts until it has paid its applicable limit of insurance or none of the loss remains, whichever comes first.

If any or the other insurance does not permit contribution by equal shares, we will contribute by limits. Under this method, each insurer's contribution is based on the ratio of its applicable limits of insurance of all insurers.

2. This provision only applies with respect to your operations, "your work" or facilities owned or used by you.

K. Other Insurance – You Are An Additional Insured On Another Person's Or Organization's Policy

If you are an insured under **SECTION II - WHO IS AN INSURED**, then **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**, Subsection **4. OTHER INSURANCE**, Paragraph **b. Excess Insurance** is replaced by the following:

This insurance is excess over any other insurance, whether primary, excess, contingent or on any other basis:

1. That is Fire, Extended Coverage, Builders Risk, Installation Risk or similar coverage for "your work";
2. That is Fire, lightning or explosion insurance for premises rented to you or temporarily occupied by you with permission of the owner;

3. If the loss arises out of the maintenance or use of aircraft, "autos" or watercraft to the extent not subject to **SECTION I – COVERAGE, COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY**, Subsection 2. **Exclusions**, Paragraph **g**.; or
4. When any of the Named Insureds, under this Coverage Part, are additional insureds under a commercial general liability policy or similar insurance of another party.

When this insurance is excess, we will have no duty under Coverages **A** or **B** to defend any claim or "suit" that any other insurer has a duty to defend. If no other insurer defends, we will undertake to do so, but we will be entitled to the insured's rights against all those other insureds.

When this insurance is excess or other insurance, we will pay only our share of the amount of the loss, if any, that exceeds the sum of:

1. The total amount that all such other insurance would pay for the loss in the absence of this insurance; and
2. The total of all deductible and self-insured amounts under all that other insurance.

We will share the remaining loss, if any, with any other insurance that is not described in this Excess Insurance provision and was not bought specifically to apply in excess of the Limits of Insurance shown in the Declarations of this Coverage Part.

L. Unintentional Failure To Disclose Hazards

It is agreed that, based on our reliance on your representations as to existing hazards, if you should unintentionally fail to disclose all such hazards prior to the beginning of the policy period of this Coverage Part, we shall not deny coverage under this Coverage Part because of such failure.
