Liability for RPCA Community Involvement Program

Community sponsors should also be aware that, like job shadowing and similar work experience programs, students **do not** have accident or Workplace Safety Insurance coverage through the school. The school expects community sponsors to ensure that student volunteers are provided with safety instructions and are trained and supervised to ensure a safe and mutually beneficial volunteer experience. Additionally, families should be aware that it is their sole responsibility of the family to ensure the safety of their students' volunteer hours being completed outside of the school.
