WEST MUSKINGUM SCHOOL DISTRICT

ATHLETIC HANDBOOK

2026-2027

PHILOSOPHY

The philosophy of the athletic program in the West Muskingum School District is based on several ideals. Our athletic program is committed to fostering a culture of excellence, integrity, and sportsmanship. We believe that participation in sports enhances physical well-being, builds character, and teaches valuable life skills such as discipline, teamwork, and leadership. Our program prioritizes the development of well rounded student-athletes.

Competition is a life-long experience and a positive attitude toward competition should be developed through the athletic program. All objectives and principles in athletics must be primarily concerned with the welfare and educational development of the student-athlete.

The West Muskingum Schools are members of the Ohio High School Athletic Association (OHSAA) and the Muskingum Valley League (MVL). The athletic program will conform to the principles, policies and regulations governing amateur athletics, prescribed by these organizations.

Local board policy will supersede policies set forth by the OHSAA and the MVL.

EDUCATIONAL VALUES OF ATHLETICS

At West Muskingum, we believe Athletics play a vital role in the educational experience. In addition to improving a student's physical well being, athletics also promote qualities such as character development, discipline, teamwork and leadership, and even career preparation. We truly believe participation in sports helps foster important life skills that contribute to success in academics, careers, and all other aspects of life.

Character Development

Student-athletes learn integrity, responsibility, and sportsmanship through competition and teamwork. They develop the ability to handle success with humility and failure with resilience.

Discipline

Balancing academics and athletics requires commitment, organization, and self-discipline. Student-athletes learn to manage their time effectively by setting priorities and honoring commitments.

Teamwork and Leadership

Athletics teach individuals to work collaboratively toward a common goal. Athletes also learn to lead by example and support teammates in achieving shared success.

Career Preparation

Skills gained through athletics translate to academic and professional success. Many colleges and employers value the discipline and work ethic developed through sports.

ELIGIBILITY REQUIREMENTS

- A. The eligibility for the 2025-2026 school year will be based on the OHSAA guidelines. The G.P.A. requirement will start at the beginning of the first grading period. The OHSAA policy states the following:
- i. Eligibility for each grading period is determined by grades received the preceding grading period. Semester and yearly grades have no effect on eligibility. (Exception: All 7th graders will be eligible during their first grading period.)
 - 1. Grades 9-12: To be eligible, a student-athlete must be currently enrolled in a member school and have received passing grades in a minimum of five one credit courses, or the equivalent, in the immediately preceding grading period.
 - 2. Grades 7-8: To be eligible, a student-athlete must be currently enrolled in a member school and have received passing grades in a minimum of four courses, or the equivalent, in the immediately preceding grading period.
 - 3. For eligibility purposes, summer school grades may not be used to substitute for failing grades received in the final grading period of the regular school year or for lack of enough courses taken the preceding grading period.
- B. Eligibility for each grading period is determined by grades received the preceding grading period. Semester and yearly grades have no effect on eligibility.
- C. OHSAA requirements for passing classes leading to five one credit courses or the equivalent that should lead to graduation for the grading period and must maintain a 1.5 G.P.A. (C- average). If a student-athlete is below a 1.5 G.P.A. The student-athlete will be automatically ineligible for the grading period.
- D. Other requirements for participation
- a. Any and all paperwork/forms as designated by OHSAA and West Muskingum Schools. (Example = All Final Forms paperwork)
 - b. ALL FORMS MUST BE COMPLETED AND TURNED IN TO THE COACH AND OR ATHLETIC DIRECTOR BEFORE A STUDENT-ATHLETE IS ALLOWED TO PARTICIPATE IN MANDATORY PRACTICES AND COMPETITIONS.

ATHLETIC SPORTSMANSHIP POLICY

- A. Ejection for unsportsmanlike conduct: Any student-athlete ejected for unsportsmanlike conduct or flagrant foul shall be ineligible for contests for the next seven calendar days in the sport from which the student-athlete was ejected. If no contests are played during this seven-day period at the same level as the ejection, the student-athlete shall be ineligible for the next football game or a minimum of two contests in any other sport. If the ejection occurs in the last contest of the season, the student-athlete shall be ineligible for the same period of time as stated above in the next sport in which the student-athlete participates. A student-athlete under suspension may not sit on the team bench, enter the locker room or be affiliated with the team in any way traveling to, during, or traveling after the contest(s).
- B. A student-athlete who is ejected a second time shall be suspended for the remainder of the season in that sport. If the second infraction occurs at the end of the sport season, the suspension will carry over to the next sport the student-athlete is to participate in.
- C. It is the responsibility of the local school authorities to ensure this regulation is enforced. When an ineligible student-athlete is allowed to participate, forfeiture of the contest is mandatory. This regulation shall apply to all regular season and tournament contests and shall in no way limit the discretionary authority of the Commissioner as specified in the OHSA Tournament Regulations. In accordance with Bylaw 8-3-11, the decisions of contest officials are final.
- D. Any student-athlete suspended for the remainder of an athletic season will also forfeit any awards he/she was to receive.

STUDENT-ATHLETES RESPONSIBILITIES & GENERAL POLICIES

- I. West Muskingum Schools student-athletes (student-athlete is defined as any participant in West Muskingum athletics, male or female).
 - A. A student becomes an athlete the first day of mandatory practice as designated by the Ohio High School Athletic Association for each sport. The student must meet all requirements and participate in practice to be considered an athlete. If a student does not participate in any sport for one calendar year from the date of their last participation (date of last game/quitting a sport), they would not be considered an athlete.
- II. All of the rules and regulations of the OHSA and West Muskingum Local School Districts must be strictly adhered to.
- III. Student-athletes must have a physical examination and participation card signed by a parent or guardian, signed copy of Ohio High School Athletic Association eligibility and authorization statement, and an insurance policy form signed before they may participate in practice or contest.
- IV. All student-athletes must be covered by either the school insurance plan or policy carried by their parents or guardian. Football players should be advised the school policies will not cover participants in Football. The Athletic Department will provide a policy to cover Football players. It is not mandatory for the Football players to carry the school policy if their parents or guardian insures them.
- V. The beginning of each sport is determined by the OHSA.
- VI. A member of a team may not come out for practice until the first team has concluded its season.

- VII. All student-athletes must be at school for at least $\frac{1}{2}$ of the regular school day in order to participate in practice or a contest that day (can be overruled by the Principal under special circumstances). All student-athletes must be at school by 11:20am on the regular school day in order to participate in practice or a contest that day. A student-athlete who leaves school after 11:20am will not be allowed to participate in practices or a contest unless the absence is excusable (Medical, legal, funeral or emergency situation as approved by the principal or designee)

- X. The athletic department may provide transportation to and/or from contests at the discretion of the coach and athletic director. If transportation is provided, student-athletes are expected to go together and return the same way. Student-athletes can ride home with their parents or guardian if arrangements are made with the coach prior to the contest in writing. Such arrangements are at the discretion of the principal.

- XIX. All sports will play no more contests than the number established in the OHSA Policy Handbook.

Quitting and/or Removal from a Team Policy

* Athletics provide teaching opportunities that can not be learned in a classroom setting. There are many lessons learned through athletics, which include teamwork, leadership, dedication, and how to appropriately handle adversity. We want to create a culture where our student athletes understand quitting should not be an option as it goes against our culture and lets our teammates down. Additionally, engaging in activities that result in a player being removed from the team also lets a team down, therefore we have policies in place for these situations.

* For this policy's purpose, quitting will be defined as permanently leaving a team anytime after the first regular season game/contest is played.

1. A student-athlete may not quit one sport to participate in another sport until the season for the original sport has ended without the consent of both coaches and the Athletic Director.
2. Any student athlete who has been removed or quits a team during the regular season will not be permitted to use West Muskingum athletic facilities after school hours until the sport they participated in completes their regular season contests. This includes individual use or structured off season workouts with other teams.

Discipline Policy for Student-Athletes

** It is important to understand that participation in extracurricular activities and representing West Muskingum is a privilege, NOT a right. We expect our student athletes to be held to a higher standard and expect all student athletes to represent our athletic programs, school, and district in a way that makes us all proud. That privilege can be taken away at any time if our student athletes do not live up to expectations.
