6/29/2026	Mary Hawthorne		To whom it may concern, On June 23, 2026, I submitted a Right-to-Know request to this office pursuant to RSA 91-A seeking records related to the district's use of federal Title IV, Part A and Title II, Part A funds for fiscal years 2024-2025, 2025-2026, and 2026-2027. As of today, June 30, 2026, I have received no response, no acknowledgment, and no written notice of an extension as required under RSA 91-A:4. I am copying Lindsey Labonville of the New Hampshire Department of Education Bureau of Federal Compliance on this message. For Ms. Labonville's reference: publicly available records in the NH DOE Grants Management System document that Governor Wentworth Regional School District transferred its entire Title IV, Part A allocation to Title II, Part A in both fiscal years 2024-2025 (\$93,817.48) and 2025-2026 (\$90,188.64), leaving no Title IV funds for student support and academic enrichment activities in either year. The records requested would clarify how the transferred funds were spent and whether the transfers were supported by the required needs assessment and stakeholder consultation documentation. If responsive records are not provided, I intend to submit this matter to the members of the school board and to file a formal complaint with the NH DOE Bureau of Federal Compliance regarding both the underlying Title IV concerns and the district's failure to respond within the statutory timeframe. I request that all responsive records be provided electronically at your earliest opportunity. Thank you.	7/6/2026 7/23/2026	7/23/2026	Emailed response to requestor

3/26/2026	Kaleb Houle-Lawrence		To whom it may concern, My name is Kaleb Houle-Lawrence, and I am an undergraduate student at Stanford University. I am conducting academic research on school district fiscal policy and teacher workforce stability in New Hampshire. My research focuses on understanding how local budget processes affect educational institutions across the state, and I am building a comprehensive dataset of NH school district financial and voting records. I am writing to request the following data for the Governor Wentworth Regional School District for the years 2012 through 2025. I am happy to accept this in any format that is convenient for you, including spreadsheets, PDFs, or annual reports. Budget Vote Results (per year): - Yes votes on the proposed operating budget - No votes on the proposed operating budget - Proposed operating budget amount - Default budget amount Collective Bargaining Agreement Votes (per year with a vote): - Yes votes on CBA warrant articles - No votes on CBA warrant articles Financial and Staffing Data (per year): - Per pupil expenditure - Total teacher count - Average teacher salary - Total student enrollment Additional Notes: - Please flag any years in which a special vote on town withdrawal or district reorganization was held, along with the outcome of that vote. - If town-by-town vote breakdowns are available for any of the above warrant articles, I would greatly appreciate those as well. I already have Warrant Article data from the March 2023 and 2024 votes. Additionally, I have financial data on everything except student enrollment from those two years. If you could just provide those estimates for those two years, hopefully that can help reduce the request load. I recognize this is a significant request, and I am grateful for whatever you are able to provide. If some of this data is already publicly available through annual reports or district websites, please feel free to point me in that direction rather than compiling it manually. All data will be used solely for academic research purposes with the intent to publish. I am happy to share my findings with the district upon completion. Thank you sincerely for your time and assistance. Please feel free to reach out if you have any questions or concerns. If this request is directed to the wrong office, please let me know so I can request it from the appropriate office. 1/26/2026	Chris Ferguson		Good morning: I am writing to make a public records request for general data from the middle and high schools in your district. Note, I am only looking for general school data, not identifying student data. I am looking for data for several school years. Those are 2021-2022, 2022-2023, 2023-2024 and 2024-2025. I am looking to separate out information by high and middle schools. I am looking the following information. For each school year, broken out by middle and high schools: Did the school have a cellphone policy and what was it (e.g., away during class, total ban in locked pouch or locker, etc.)? If there was no formal policy (i.e., left to the teacher), you can just report as "no." How many students were in middle and high schools? How many students were suspended in middle and high schools? How many students were suspended specifically for violations of cellphone policies in middle and high schools? What were overall school GPAs in middle and high schools? How many mental health referrals were made for students in middle and high schools? How many students were seen by mental health specialists? Number of reported bullying incidents in middle and high schools. Please note that this is for a research project involving numerous districts and is not focused specifically on your district.
