SY27 MMAA SCHOOL-WIDE PLAN

GOALS

By June 2027,

1. We will increase proficiency in reading by at least 3% in grades K-5 based on the iReady EOY state diagnostic performance and K-3 Dibels data as compared to the 2026 results.
   - Increase proficiency in phonemic awareness using UFLI
   - Differentiate small group reading and writing instruction based on individual student data in grades K-5
   - Purposefully integrate writing within all content areas in grades K-5
   - Provide PD to Pre-K-5th grade teachers on HLPs
2. We will increase proficiency in math by at least 3% in grades K-5 based on iReady state diagnostic performance as compared to the 2026 results.
   - **Utilize math manipulatives in grades K-5 to support movement from concrete to abstract understanding**
   - **Differentiate small group math and science instruction based on individual student data in grades K-5**
3. We will reduce the percentage of stuents missing more than 10% of school days by 2: compared to 2026.
   - **Monthly Attendance Reports,**
   - **PLP checks**
   - **PLC Agendas**
   - **Truancy Letters to parents**
   - **Attendance Cart/Incentives**
   - **Attendance Team**
   - **Parent and Family Engagement meetings**
