

Addendum #1 - 2026 RFP for Construction Management Services
Letchworth Central School District

The District has received a request from a construction management (CM) firm for a walkthrough of the school facilities.

To ensure fairness and provide the same opportunity to all prospective bidders, the District **will conduct a facility walkthrough on Wednesday, July 29, at 10:00 a.m.** Participants should meet at the Middle School/High School main entrance at the front of the building. Todd Brant, LCS Director of Facilities, will be available to welcome attendees and lead the walkthrough.

Please note that attendance at this walkthrough is not a mandatory requirement for submitting a bid.

Thank you for your interest.

Respectfully,
Todd Campbell
Superintendent
