II. Designation of Law Firms
The Board of Education shall designate a law firm or firms to represent the School District or Board in actions brought for or against the School District and to render other legal service for the welfare of the School District.

We have used the firm of Miller, Canfield, Paddock & Stone, PLC for general school law, bonding issues, and property matters. In addition, we use Thrun Law Firm, PC for general school law and special education matters. We also use Miller Johnson for specialized legal matters and Eric Delaporte Law, PLLC for general school law.

I recommend that the firms of Miller, Canfield, Paddock & Stone, PLC, Thrun Law Firm PC, Miller Johnson and Eric Delaporte Law, PLLC be named as the legal firms of record for the Dexter Community School District.

III. Designation of Investment Officer
Board policy #6144 requires that the Board of Education establish an Investment Officer to oversee the day-to-day management of School District investments.

I recommend that the Chief Financial Officer be designated the investment officer for the Dexter Community School District.

IV. Designation of Publication of Record
Various policies and state law require the district designate a newspaper of general circulation to publish its legal notices.

I recommend that The Sun Times News and the Dexter Community School District newsletter be designated as the legal publications of record.

V. Annual Compensation for Board Members
Board Policy #2306 regulates the amount of annual compensation for board members. This compensation is paid by the District in two installments on or about December 15 and June 15 and shall not be contingent upon the number of meetings scheduled or attended. Last year the Board set the amount at $840 annually. The Board must take action this evening to set the amount of compensation for 2026-27.

Schools Which Are To Be MHSAA Members During 2026-27

NOTE: Pursuant to the MHSAA Constitution, all high schools, junior high/middle schools, or other schools of Michigan doing a grade of work corresponding to such schools, may become members of this organization provided (a) the school building has enrollment and onsite attendance of at least 15 students, whether for grades **6 through 8 or 9, grades 7 through 8 or 9, or grades 9 or 10 through 12**; and (b) if a nonpublic school, the school qualifies for federal income tax exemption as a not-for-profit organization. To reach the15-student minimum for middle school membership, schools may join the MHSAA at the 6th-grade level whether or not 6th-grade students participate in athletics.

A. This Section does not require school districts to become member schools at the junior high/middle school level and does not require school districts to sponsor any interscholastic athletics for 6th-grade students.

B. If a school district's MHSAA Membership Resolution lists a junior high/middle school as an MHSAA member school, and if the school sponsors a 6th-grade team in any sport or permits a 6th-grade student to participate with 7th- and/or 8th-grade students in any sport, then all of Regulations III and IV apply to all 6th-graders in all sports involving 6th-graders on teams sponsored by that school. If the school does not allow any 6th-graders to participate in a sport, MHSAA rules do not apply in that sport.

RE: School Loan Revolving Fund-Annual Loan Activity Application 2026-27

Debt service payments on the 1998 Bonds, 2017 Building and Site and Refunding Bonds, 2023 Building and Site Bonds and 2025 Building and Site Bonds are due each November 1 (interest payments) and May 1 (principal and interest payment). The revenue used to pay the debt service payments are collected by levying 8.5000 mills on all properties in the Dexter Community School District.

The Annual Loan/Repayment Activity Application is required to be filed at this time. Because we are winter collection only we will not begin collecting 2026 taxes until December. Therefore, we anticipate that we will borrow to make the November 2026 interest payments. We are required to submit our status to the Department of Treasury annually.

P.A. 437 of 2012 requires that we provide an annual millage recalculation to Treasury. Jesse Nelson, our financial advisor at Baker Tilly, has prepared the information. It is attached for your reference.

I recommend that you authorize the attached resolution to reflect the anticipated activity with the School Loan Revolving Fund.

2026 Winter Annual Loan Worksheet

Dexter Community Schools
Board of Education
Executive Summary and Recommendation

Date: July 27, 2026
Purpose: Adoption of New High School Courses: *Economics and Personal Finance* and *Personal Finance*

Explanation:

In 2022, the Michigan Legislature amended Section 380.1278a of the Revised School Code to require that all students entering 8th grade in 2023 and beyond successfully complete a 0.5-credit course in Personal Finance that aligns with content expectations developed by the Michigan Department of Education (MDE) and approved by the State Board of Education. The legislation further specifies that the Personal Finance credit must satisfy 0.5 credit of mathematics, visual/performing/applied arts, or world language, as determined by the local board of education.

MDE guidance also provides districts flexibility in how students earn this credit. Students may complete a standalone Personal Finance course or earn the credit through another course in which the required Personal Finance content expectations are intentionally embedded, provided students demonstrate proficiency in the required standards.

District Planning Process

Since the legislation was enacted in 2022, building administrators, district administrators, and the DHS Social Studies Department have worked collaboratively to determine the most effective implementation for our students. This work has included:

- Ongoing collaboration with district social studies teachers.
- Discussion through countywide principal and counselor meetings.
- Review of implementation models from school districts across Michigan.
- Consultation of MDE guidance documents, content expectations, and course credit requirements.
- Input from teachers, administrators, and educational colleagues from outside the district.

Throughout this process, the guiding question has been not simply how to comply with state law, but how to provide students with meaningful financial literacy skills that will prepare them for adult life.

Proposed Course Modifications

1. Economics and Personal Finance (Modification of Existing One-Semester Course)

The district recommends modifying and improving the current one-semester *Economics* course to be titled *Economics and Personal Finance*.

This course will maintain all required Economics content while intentionally incorporating the MDE Personal Finance Content Expectations, including topics such as:

- Earning Income

- Buying Goods and Services
- Budgeting and Saving
- Using Credit
- Financial Investing
- Protecting and Insuring Assets
- Paying Taxes

Consistent with MDE guidance, students who successfully complete this course will earn:

- 0.5 credit in Economics, and
- 0.5 credit in Personal Finance (new)

within a single one-credit semester course. This structure fully satisfies both the Michigan Merit Curriculum economics requirement and the new Personal Finance graduation requirement.

2. Personal Finance (Transcript Credit Course)

The district also recommends creating a separate course titled *Personal Finance*.

This course is not intended to be offered as a traditional classroom course. Rather, it serves as a transcripted credit for students who complete the existing yearlong AP Macro/Microeconomics course.

The AP Macro/Microeconomics curriculum already addresses the Personal Finance Content Expectations required by MDE. Because the College Board creates specific AP course titles that relate to CB examinations, creating a separate transcripted Personal Finance course allows the district to appropriately award the required 0.5 Personal Finance credit without altering the AP course name. This ensures students enrolled in AP Economics receive full recognition for meeting the state Personal Finance graduation requirement while maintaining College Board course naming conventions.

Recommendation

District and Building Administration recommends that the DCS Board of Education approve the modification of the *Economics and Personal Finance* course and the addition of the *Personal Finance* transcript credit course:

1. **Economics and Personal Finance** – this modified one-semester course replaces the current Economics course. Students who successfully complete the course will earn:
    - 0.5 credit in Economics
    - 0.5 credit in Personal Finance
2. **Personal Finance** – a transcript credit course that awards 0.5 credit in Personal Finance to students who successfully complete the yearlong AP Macroeconomics/Microeconomics course and demonstrate mastery of the required Personal Finance standards.
