Early Childhood Family Education (ECFE)

Early Childhood Family Education (ECFE) is a special place for you and your young children ages birth-7. Our caring licensed staff that understand children and parenting are excited to partner and support you and your child on this journey.

A typical ECFE class includes...

- Circle Time - Parents and children are led through songs, stories and games by the early childhood teacher
- Child Time - Children spend time with friends and the early childhood teacher exploring and learning
- Parent Discussion - Parents and our licensed parent and family educator share information and discuss topics of choice

Support in the Community:

Nadia, our Outreach Parent and Family Educator, has been working hard in our community to build connections and strengthen families and partnerships. She has connected with Parent Life (where she shared information about ECFE), The Bridge (to connect with immigrant populations to see where resources might be lacking), The Village Children's Museum, Safe Avenues, WIC, and the Willmar Community Center.

At The Village, she will be teaming up to offer "Parents at Play" to offer a weekly opportunity for families. See Facebook for more information!

Keep an eye out for her in the community—and don't hesitate to ask questions. She is a wealth of information for everyone!

How To Get Your Driver License (under 18)

- **Classroom Instruction:** Students register and attend the classroom portion of the training program. You must attend all 30 hours of the training to be eligible for the next step of training.
- **The Blue/E-card:** After completing 30 hours of classroom training, you will receive a certificate of completion that you must provide when registering for Behind the Wheel (BTW) instruction. You must be registered for a BTW program in order to receive the blue/e-card.
- **Get Your Driving Permit:** Arrange for the permit test independently at a Minnesota Drivers and Vehicle Services location. You will need the blue/e-card, appropriate ID, your social security number, corrective lenses (if needed), and payment for the permit test fee.
- **Practice:** You will need to practice driving. Minnesota law requires a student to have a permit for six months and maintain a driving log. The driving log must be submitted at the time of the road test. You must practice driving a minimum of 10 hours before your first BTW driving lesson with the instructor.
- **Complete BTW Instruction:** BTW consists of one instructor and one or two students in a school district vehicle. After completion of the required six hours, you will receive a white/e-card necessary for the license test.
- **Road Test:** Schedule the road test at a Minnesota Driver and Vehicle Services location. Students must be 16 years old to take the road test. Bring your white/e-card, proof of insurance, fee, permit, social security number, and corrective lenses (if needed).
