Dear families,

Welcome to the 2026-27 school year! We value your participation in your child's education. As you begin the new school year, please take a few minutes to review the information in this parent handbook. The handbook includes the most current policies, regulations and procedures that govern our district's work as it relates to you and your student's rights and responsibilities in public education. Remember to keep the link in a convenient location for future reference.

In addition, we highly recommend you sign up for an ATLAS parent portal account so you can check your child's grades and attendance regularly. On the parent portal, you can also sign up for text message and email updates about your student's progress.

Also, to make certain that we are able to contact you in school-wide or district-wide emergencies, please sign up for ParentSquare, Fresno Unified's safe and secure platform for all district and school-to-home communication. ParentSquare will send a text message to the cell phone listed as the primary contact in ATLAS. It is important for you to provide a cell phone number and update your child's school when you change your emergency contact information. Additional details and resources about ATLAS and ParentSquare are available on our district website.

Fresno Unified strives to be a district where students, families and staff are valued and empowered to achieve their greatest potential. Our four primary goals focus on improving early literacy skills, literacy intervention, college and career readiness and life skills. Our mission is to nurture and cultivate the interests, intellect and leadership of our students by providing an excellent, equitable education in a culturally proficient environment. Thank you for choosing Fresno Unified schools and for being a valuable member of the Fresno Unified family. Have a great and rewarding school year!

Sincerely,

Goals and Guardrails

Fresno Unified has adopted goals and guardrails as part of a broader initiative called Student Outcomes Focused Governance. This approach is designed to ensure that the district’s leadership and the Board of Education remain focused on improving student outcomes through clear priorities and accountability.

GOALS

1. Early Literacy: The percentage of 1st graders who are proficient in literacy based on iReady results will increase from 48% in June 2024 to 80% June 2030.
2. Literacy Intervention: The percentage of 3rd-8th grade students who are more than one year behind as measured by Smarter Balanced (SBAC) English Language Arts (ELA) who make more than one year’s growth will increase from 30% in June 2024 to 50% by June 2030.
3. College and Career Readiness: The percentage of students graduating from high school who are college and career ready based on College/Career Indicator will increase from 43% in June 2024 to 64% by June 2030.
4. Life Skills: The percentage of 6th, 8th, and 12th grade students who demonstrate benchmarked competencies in the skills listed in the Portrait of a Learner using age-appropriate assessments will increase by X% in June 2027 to Y% by June 2030.

GUARDRAILS

1. Community Engagement: The superintendent may not propose major decisions, as outlined in policy, to the Board without first having a community engagement plan.
2. Equitable Access: The superintendent may not meet the goals by leaving out or denying access to any distinct and/or vulnerable population groups (for example, African American, English Learners, Foster Youth, Homeless and Students with Disabilities) or schools.
3. Effective Staff: The superintendent will not allow the hiring, promotion, or lateral movement of staff who are performing “does not meet standard” as defined by California Professional Standards for Education Leaders, California Standards for the Teaching Profession, and classified standards.
4. Health and Wellness: The superintendent may not meet the goals at the cost of unreasonably compromising the health and wellness of students and staff.

MISSION:

We nurture and cultivate the interests, intellect, and leadership of our students by providing an excellent, equitable education in a culturally proficient environment.

VISION:

Fresno Unified School District — where students, families, and staff are valued and empowered to achieve their greatest potential.

E.C. 48000 (b)

The Governing Board of any school district maintaining one (1) or more kindergartens may, on a case-by-case basis, admit to a kindergarten a child having attained the age of five (5) years at any time during the school year with the approval of the parent/guardian, subject to the following conditions:

1. The Governing Board determines that the admittance is in the best interests of the child.
2. The parent/guardian is given information regarding the advantages and disadvantages, and any other explanatory information about the effect of this early admittance.

The Principal or Superintendent shall promptly mail a written notice of the date, time, and place of the hearing to the person who requested the hearing. A hearing before the Superintendent and Principal shall be held within seven (7) days after the Superintendent and Principal receives the request. The Principal or designee may ask an individual to leave if he/she has a reasonable basis for concluding that the person's presence would interfere or is interfering with the peaceful conduct of school activities, or would disrupt or is disrupting the school, its students or its employees. P.C. 626.6, 626.8; E.C. 32210, 32211

E.C. 32390 (a) The Governing Board of any school district may offer a fingerprint program for children enrolled in kindergarten or newly enrolled in that District. The Governing Board may seek to obtain private funding and volunteer assistance in performing the fingerprinting. The Governing Board of any school district offering a fingerprinting program pursuant to this article shall assess a fee to the parent/guardian of the fingerprinted pupils. The fee shall be calculated to reimburse the district only for actual costs associated with the program.

EMERGENCY INFORMATION

E.C. 49408

For the protection of a pupil's health and welfare, the Governing Board of any school district may require the parent/guardian of a pupil to keep current at the pupil's school of attendance, emergency information including the home address and telephone number, business address, and telephone number of the parents/guardians, and the name, address and telephone number of a relative or friend who is authorized to care for the pupil in any emergency situation if the parent/guardian cannot be reached.

EMERGENCY ANAPHYLAXIS TREATMENT ANNUAL NOTIFICATION TO PARENTS

Effective January 1, 2015, Senate Bill 1266 amends California Education Code 49414 and now requires school districts to obtain and stock emergency epinephrine auto-injectors (EpiPen) at all school sites. This amended law authorizes school nurses and trained personnel volunteers to use epinephrine auto-injectors to provide emergency medical aid to students suffering, or reasonably believed to be suffering, from an anaphylactic reaction.

Anaphylaxis is a rapid, severe allergic response triggered by insect stings, foods, medications, latex materials, exercise, or in rare cases by unknown causes. This is a life-threatening allergic condition, requiring immediate treatment. Administering epinephrine to students during a medical emergency may help insure the student's health and safety at school. The epinephrine auto-injector rapidly delivers a pre-measured, sterile, single dose of epinephrine by direct injection through the skin. As a result, Fresno Unified School District has adopted a policy to provide the emergency medical care for anaphylaxis under this law.

This emergency treatment is considered to be first aid and part of our requirement to give diligent care to the health of students (California Education Code 49400 and 49407). All students suffering, or reasonably believed to be suffering, from a severe life-threatening allergic reaction will be administered emergency epinephrine by a licensed nurse or by a trained unlicensed volunteer staff member. If an EpiPen is administered under the guidelines of Education Code 49414, staff members are required to call emergency 911. In the event that a nurse or trained unlicensed volunteer is not immediately available, staff will also call emergency 911.

SEIZURE SAFE SCHOOLS ACT (AB 1810)

California Education Code (EC) Section 49468-49468.5, as amended by Assembly Bill 1810, effective January 1, 2023, authorizes a local educational agency (LEA) to designate volunteer personnel to receive initial and annual refresher training regarding the emergency use of anti-seizure medication.

The law requires the school district to review and update the minimum training standards for the administration of emergency anti-seizure medication at least every five years, and to annually distribute a notice to all staff that includes a description of volunteer training.

EMERGENCY ADMINISTRATION OF NALOXONE NASAL SPRAY

California Education Code (EC) Section 49414.3 authorizes school districts, county offices of education, and charter schools to provide emergency naloxone or another opioid antagonist to school nurses or trained personnel who have volunteered, and to use naloxone or another opioid antagonist to provide emergency medical aid to persons suffering, or reasonably believed to be suffering, from an opioid overdose.

In addition, Section 49414.3 states that a school district, county office of education, or charter school may designate one or more volunteers to receive initial and annual refresher training, based on standards regarding the storage and emergency use of naloxone or another opioid antagonist from the school nurse or other qualified person designated by an authorizing physician or surgeon.

Effective September 29, 2024, Assembly Bill 2998 and Education Code 49414.35 requires that any educational agency shall not prohibit a student 12 years old or older while participating in school activities or on a school campus from carrying or administering Naloxone. This is for the purpose of providing emergency treatment to persons who are or believed to be suffering from an opioid overdose.

Effective September 28, 2024, Senate Bill 997 and Education Code 49414.6 require school districts to allow students attending middle schools, junior high schools, high schools, or adult schools to carry fentanyl test strips while on a school campus or participating in school activities.

PHYSICAL EXAMINATION REQUIREMENTS

As of July 1, 2024, physical examination requirements for any TK, kindergartener, or new first grader are no longer required for school entry, however it is still strongly recommended. The American Academy of Pediatrics (AAP) recommends annual well child exams until a child turns 19. Physical exams are crucial for early detection and management of potential health issues, routine monitoring of growth and development, and ensuring your child's physical, mental and emotional well-being. If available, please submit documentation of your child's physical exam to your child's school site nurse.

7TH GRADE IMMUNIZATION REQUIREMENT

(California Health and Safety Code, Sections 120325-120375 / SB 276 and SB 714)

California law requires all students entering 7th grade in California to provide proof of having received a pertussis (whooping cough) vaccine booster called Tdap and second Varicella.

California law SB277 no longer allows for a personal beliefs exemption as of July 2016. Any students entering 7th grade will need to be immunized or have a medical exemption from a California doctor. EC 5141.31

The only exemption now accepted is a Medical Exemption issued through CAIR-ME beginning January 1, 2021. Medical exemptions can only be issued by a California doctor.

HEALTH ASSESSMENTS

VISION, HEARING, AND DENTAL SCREENING

E.C. 49454; E.C. 49455; E.C. 49452; B.P. 5141.3; A.R. 4141.3

California Education Code allows qualified district employees (stated in sections 49452, 49454) to administer routine vision, color vision, and hearing screenings to each student enrolled in schools within the District. A written statement must be filed annually with the principal by a parent/guardian requesting exemption of their child from the routine health screenings for vision, hearing, and periodic dental inspections.

ORAL HEALTH ASSESSMENT REQUIREMENT

E.C. 49452.8

A pupil, while enrolled in kindergarten in a public school, or while enrolled in first grade in a public school if the pupil was not previously enrolled in kindergarten in a public school, shall, no later than May 31 of the school year, present proof of having received an oral health assessment by a licensed dentist, or other licensed or registered dental health professional operating within his or her scope of practice, that was performed no earlier than 12 months prior to the date of the initial enrollment of the pupil.

The parent or legal guardian of a pupil may be excused from complying by indicating on a waiver form that the oral health assessment could not be completed.

TYPE 1 DIABETES INFORMATION

Pursuant to Education Code 59452.6, information regarding Type I diabetes, including risk factors, is required to be provided to every incoming family. For questions or concerns related to Type I diabetes, please contact your school nurse.

Type I diabetes usually develops in children and young adults but can occur at any age. According to the U.S. Centers for Disease Control and Prevention (CDC), cases of type I diabetes in youth increased nationally from 187,000 in 2018 to 244,000 in 2019, representing an increase of 25 per 10,000 youths to 35 per 10,000 youths, respectively. The peak age of diagnosis of type I diabetes is 13-14 years, but diagnosis can also occur much earlier or later in life.

Contact your student's school nurse, school administrator, or health care provider if you have questions regarding type I diabetes.

7TH GRADE REQUIREMENT: INFORMATION REGARDING TYPE 2 DIABETES FOR INCOMING 7TH GRADE STUDENTS

E.C. 49452.7

Type 2 Diabetes Information

Pursuant to California Education Code Section 49452.7, local educational agencies are required to provide parents and guardians of incoming seventh grade students with information on type 2 diabetes.

This information will be distributed in the seventh grade packets provided by each school site with seventh grade students.

Parents may contact the school nurse at the school site where their child attends for any questions they may have regarding the information provided on type 2 diabetes.

The California Department of Education developed this type 2 diabetes information in collaboration with the California Department of Public Health, American Diabetes Association, California School Nurses Organization, and Children's Hospital of Orange County.

HEALTH SCREENING REPORTING

H. & S.C. 124100 (a)

In cooperation with the county Child Health and Disability Prevention program, the governing body of every school district or private school that has children enrolled in kindergarten shall provide information to the parents/guardians of all children enrolled in kindergarten of this article and Section 120475. Every school district or private school that has children enrolled in the first grade shall report by January 15 of each year to the county Child Health and Disability Prevention program, the department, and the Department of Education the following information:

- A. The total number of children enrolled in first grade;
- B. The number of children who have had a health screening examination, as evidenced by the certificate required by Section 124085; and

- C. The number of children whose parents/guardians have given written waiver pursuant to Section 124085 that they do not want their child to receive a health screening examination.

IMMUNIZATIONS

B.P. 5141.31; A.R. 5141.31 H. & S.C. 120325-120375; SB 276 and SB 714

To be admitted to school, children must be fully immunized in accordance with the law. Certain immunizations are required to attend public elementary and secondary schools, childcare centers, and developmental centers. Schools, and pre-kindergarten facilities are required to enforce immunization requirements, maintain immunization records of all children enrolled, and submit reports. Children shall be excluded from school or exempted from immunization requirements only as allowed by law.

California law SB277 no longer allows for a personal beliefs exemption including religious belief exemptions as of July 2016. Any students entering school for the first time in California after July 1, 2016 will need to be fully immunized or have a medical exemption from a California doctor. The only exemption now accepted is a Medical Exemption written by a California doctor for students through CAIR-ME beginning January 1, 2021. Any medical exemptions issued in CAIR-ME shall expire when the student enrolls in the next grade span, or the medical exemption issued was temporary and has an expiration date.

As of January 1, 2024, A.B. 659, the Cancer Prevention Act, requires that schools notify parents or guardians of 6th graders about HPV vaccine recommendations. HPV vaccines can be given starting at 9 years old. All preteens should have the HPV vaccination, so they are protected from HPV infections that can cause cancer later in life.

Immunization Exclusion

E.C. 48216 (a), (b) & (c); A.R. 5141.31

E.C. 48216 (a)

The County Office of Education or the Governing Board of the school district of attendance shall exclude any pupil who has not been immunized properly pursuant to Chapter 1 (commencing with Section 120325) of Part 2 of Division 105 of the Health and Safety Code.

E.C. 48216 (b)

The Governing Board of the district shall notify the parent/guardian of the pupil that they have two (2) weeks or ten (10) school days to supply evidence either that the pupil has been properly immunized, or that the pupil is exempted from the immunization requirement pursuant to Section 120365 or 120370 of the Health and Safety Code.

Immunization Registry Disclosure Statement

H. & S.C. 120440 (a-l); A.R. 5125

Fresno Unified is an authorized member of the California Immunization Registry (CAIR /SCRL). CAIR operates centralized, computerized, confidential immunization information registry system ("SYSTEM")

containing vaccination histories. CAIR provides immediate access for authorized users to an individual's current immunization status. California Health & Safety Code section 120440 authorized CVIIS to operate CAIR and allows health care and other service providers to disclose or share certain prescribed immunization-related information concerning individual patients, clients, or pupils with registries such as CAIR.

The information that CAIR keeps about your child may include: name, birth date and birthplace, sex, current address and phone, names of parents/guardians, types of vaccines and dates given, any serious reactions to vaccines, and other information that may help identify you or your child accurately.

As a parent/guardian you have the right to: look at your child's record and have corrections made, refuse to get reminder notices when vaccines are due, refuse to have any of this information shared now or any time, get the names and addresses of anyone with whom this information is shared.

Exclusion Due to Infectious Disease

E.C. 49451

The Governing Board desires to protect students from risks posed by exposure to infectious diseases while providing an appropriate education for all students. The Board recognized that prevention and education are the most effective means of limiting the spread of infectious diseases.

Parent/guardians are strongly encouraged to inform school site staff if their child has an infectious disease so that school staff may work cooperatively with the child's parent/guardians and when appropriated, with public health officials, to minimize exposure to other students. Students may be excluded, in accordance with law, until the infectious period is passed. Any student with a fever greater than 100 degrees should stay home until the fever has gone away without fever medication. Hours may be increased in the event of an advisement from the Health Department or student's Medical Provider.

Cooperation in Control of Communicable Disease and Immunization of Pupils

E.C. 48216, 49403 (a); A.R. 5141.31

Anything to the contrary notwithstanding, the Governing Board of any school district shall cooperate with the local health officer in measures necessary for the prevention and control of communicable diseases in school-age children. For that purpose, the Board may use any funds, property, and personnel of the District, and may permit any person licensed as an authorized health care provider and surgeon to administer an immunizing agent to any pupil whose parents/guardians have consented in writing to the administration of such immunizing agent.

Any student without the required evidence of immunization shall be excluded from school until the immunization is obtained or until the student presents a letter or affidavit of exemption from their authorized health care provider. Exemption is only allowed to the

extent indicated by an authorized health care provider's written statement describing the medical condition of the child and the probable duration of the medical condition or circumstances which contraindicate immunization. H. & S.C. 120365, 120370, 120375

TB RISK ASSESSMENT

FCDPH Recommendation 12/2016.

All students new to the district need to have a TB risk assessment done. If risk assessment is positive, student will be required to submit results of a negative skin test/bloodwork. If skin test/bloodwork is positive student will be required to submit a negative chest x-ray report from their medical provider before attending school.

FIRST AID, ILLNESS AND INJURY

If a student becomes ill or injured while at school, student will receive every care and consideration. Parents/guardians will be contacted for injuries of serious nature or if a student is too ill to remain at school. If the student needs to go home for an injury or illness, nurse or designee will contact the parent. Students will be released through the Health Office. The nurse is always happy to consult with parents regarding health problems, however, please note that injuries which occur at home should be cared for at home.

Crutches, wheelchairs and other assistive devices require a doctor's prescription indicating directions for use and that the student has been educated to use the device.

If your child has ONE of the following, the student should be kept at home:

- a) Fever greater than 100.0 degrees F
- b) Illness that affects your child's ability to participate in class
- c) Vomiting and/or diarrhea
- e) Initiation of antibiotics within the past 24 hours.

Upon return to school after any extended illness or communicable disease the student should follow up and be cleared by the school nurse.

Students must be treated and their hair/scalp is free from live lice the same day. The following day students must check in with the Health Office and be cleared to return to class. Class checks are no longer part of district guidelines. Refer to Head Lice Guidelines on the FUSD Health Services Website.

MEDICATION AT SCHOOL

E.C. 49423, 49480; A.R. 5141.21

California Education Code allows school district employees to assist students with medication they are required to take during the regular school day. In order for students to take medication at school the following conditions must be met:

1. The school must have a written statement from the student's authorized health care provider detailing the method, amount,

and time medication is to be taken while at school while at school;

2. The school also needs a written statement from the parent/guardian of the student giving permission for school staff to assist the student with the medication; and
3. The medication must be in the container with the pharmacist label attached with student's name and birthdate (or in the original container for non-prescription medications).
4. Upon written request by the parent/guardian and with the approval of the student's physician, a student may be allowed to carry and self-administer auto-injectable epinephrine or inhaled asthma medication. The physician must confirm that the student is able to self-administer the medication (Education Code 49423, 49423.2).

California law allows students with asthma to carry and self-administer their prescribed inhaled asthma medication. The law requires 1) that the school have on file a written statement from the prescribing physician confirming that the student is able to self-administer the medication and 2) that the school have a written statement from the parent/guardian providing consent to self-administer and a release to allow the school nurse to consult with the student's physician. (AB2132- Amends CEC 49423).

5. An Asthma and/or Anaphylaxis Action Plan should be completed and signed by the physician/health provider and signed by the parent. This will meet the requirements of the "Right to Carry" law for asthma inhalers as described in section 4 above. The Asthma Action Plan can be obtained by the student or parent from the school Health Office.

All medications, prescription and over-the-counter, require a written note from the doctor. The instructions on the pharmacy label are not enough. Medications brought to school without following the above guidelines will NOT be given at school.

CHRONIC ABSENCE AND TRUANCY

E. C. 60901; A.R. 5113.1; B.P. 5223.1

The Governing Board believes that excessive student absenteeism and tardiness, whatever the cause, may be an early warning sign of poor academic achievement and may put students at risk of dropping out of school. The Board desires to ensure that all students attend school in accordance with the state's compulsory education law and take full advantage of educational opportunities provided by the district.

Chronic absentee means a student who is absent for any reason on 10 percent or more of the school days in the school year, when the total number of days the student is absent is divided by the total number of days the student is enrolled and school was actually taught in the regular schools of the district, exclusive of Saturdays and Sundays.

The Superintendent or designee shall work with students, parents/guardians, school staff, and community agencies, as appropriate, to identify factors contributing to chronic absence and truancy. Interventions for students with serious attendance problems shall be designed to meet the specific needs of the student and may include, but are not limited to, health care referrals, transportation assistance, counseling for mental or emotional difficulties, academic supports, efforts to address school or community safety concerns, discussions with the student and parent/guardian about their attitudes regarding schooling, or other strategies to remove identified barriers to school attendance. ADDRESSING CHRONIC ABSENCE

When a student is identified as a chronic absentee, the Superintendent or designee shall communicate with the student and their parents/guardians to determine the reason(s) for the excessive absences, ensure the student and parents/guardians are aware of the adverse consequences of poor attendance, and jointly develop a plan for improving the student's school attendance. If a student shows a pattern of chronic absenteeism due to illness, district staff may require physician verification of any further absences.(cf.5113.1)

The Governing Board recognizes that poor school attendance and behavior problems negatively impact student achievement and put students at greater risk of dropping out of school. The Superintendent or designee shall establish a comprehensive and integrated system for the early identification of attendance problems and shall implement strategies to encourage students' attendance. After other interventions have been exhausted, students with a pattern of unexcused absences may be referred to a school attendance review board (SARB), in accordance with applicable law, in order to receive intensive guidance and assistance.

The Board shall appoint members to the district's SARB, who may include a parent/guardian as well as representatives of various agencies including, but not limited to, school districts; the county probation department; the county welfare department; the County Superintendent of Schools; law enforcement agencies; community-based youth service centers; school guidance personnel; child welfare and attendance personnel; school or county health care personnel; school, county, or community mental health personnel; the county district attorney's office; and the county public defender's office. STUDENT TRANSFER POLICIES

The transfer process and procedure shall be centralized to allow for as many transfers to be granted and to ensure that the District's facilities are equitably utilized. Accordingly, the Transfers Department shall be charged with administering the transfer process. Transfer applications can be found on the district website.

Transfers Initiated by Parent/Guardian

There are two types of transfers in the Fresno Unified School District that may be initiated by parents/guardians: Intradistrict and Interdistrict Transfers. Board Policies 5116 and 5116.1 reference specific criteria and conditions for these transfers.

1. Intradistrict Transfers Within Fresno Unified

The parents/guardians of a school-age child who are residents in the District may request a transfer to a school other than the school to which their child is assigned. The Board retains the authority to grant or deny such a transfer in accordance with the process and procedures outlined in the regulation adopted pursuant to this policy. In the absence of an approved transfer, students are expected to attend the school in the attendance area in which they reside.

2. Interdistrict Transfers Between Districts

Similarly, the parents/guardians of a school-age child who are residents of another district may request a transfer to Fresno Unified. The Fresno Unified Board retains the authority to grant or deny a request for an interdistrict transfer to Fresno Unified in accordance with the process and procedures outlined in the regulation adopted pursuant to this policy. The parents/guardians of a school-age child who are residents in Fresno Unified may request a transfer to another school district. The Board retains the authority to release a Fresno Unified student to attend another school district in accordance with the process and procedures outlined in the regulation adopted pursuant to this policy. In the absence of an approved Interdistrict Transfer, students are expected to attend a school in the school district in which they reside. E.C. 46600, 46601.5

Intradistrict Choice

E.C. 35160.5 (c)

The Governing Board of each school district shall, as a condition for the receipt of school apportionments from the state school fund, adopt rules and regulations establishing a policy of open enrollment within the District for residents of the District. This requirement does not apply to any school district that has only one school or any school district with schools that do not serve any of the same grade level.

Involuntary Intradistrict Transfers

E.C. 48432.5; B.P. 5117; A.R. 5117, 6184

Involuntary Intradistrict Transfers may be made under Board Policy for the following three reasons.

I. Overcrowding (Grades K-6)

The District will make every effort to ensure that students will not be required to attend schools that are overcrowded when there is adequate space at other schools. There shall be fixed, objective criteria established for identifying overcrowded schools.

Children whose enrollment would increase an overcrowded condition shall be provided free transportation to a school with adequate space. When possible, siblings could be allowed to attend the same school.

II. Readmission After Expulsion or Suspended Expulsion

The Governing Board can involuntarily transfer students, after completing their expulsion term or in cases of suspended expulsion to a school site other than the school where the violation occurred. Only with the approval of the Board or

its designee may a student return to the school where the violation occurred.

III. Involuntary Transfer to Opportunity or Continuation High Schools

High school students, age sixteen (16) and over, may be involuntarily transferred to a continuation high school based on the finding that the student:

- A. Committed an act enumerated in E.C. 48900; or
- B. Has been habitually truant or irregular in attendance for instruction upon which he/she is lawfully required to attend. Parents/Guardians have the right to require a meeting prior to the involuntary transfer to a continuation school.

Residency Based on Parent/Guardian Employment

E.C. 48204; A.R. 5111.12, 5118

Parents/guardians may obtain a transfer based upon employment verification indicating employment is within the boundaries of the district.

Appeals

Transfers denied due to lack of space at the requested school or program may not be appealed. The process to appeal all other intra-district or inter-district transfer requests starts with the Transfer Department. Contact the office at (559) 248-7538 to speak with an administrator regarding your appeal. Additional information regarding the appeal of denied inter-district transfers only, is available through the Fresno County Superintendent of Schools. E.C. 46601, 46602, 48024(b); A.R. 5116

Revoking Student Transfers

Intradistrict and Interdistrict Transfers, including magnet school placements, could be subject to revocation if the Superintendent or designee determines that a student has violated a condition of the intradistrict or interdistrict transfer. A revocation shall be considered only during time frames outlined in the administrative regulation pursuant to this policy, to place the student back to the district or school of residence. The decision to revoke the transfer shall be communicated in writing to the parent/guardian.

SCHOOL CHOICE AND MAGNET PROGRAMS

B.P. 5116.1

Fresno Unified is pleased to offer a variety of school choice options that allow for families to attend a school beyond their neighborhood school. Along with the magnet programs listed below a transfer to other neighborhood schools that are outside of the student's attendance boundary might be available if there is space. Families may request these options by utilizing the Transfer Request Form. Application deadline for all program types is December 1, 2026 for the 2027-2028 school year.

AVAILABLE LANGUAGE PROGRAMS AND LANGUAGE ACQUISITION PROGRAMS FOR ALL STUDENTS AND PARENT CHOICE

Fresno Unified School District offers the following language and language acquisition programs for student enrollment. Parents/Guardians may choose a language program or acquisition program that best suits their child (EC Section 310[a]).

STRUCTURED ENGLISH IMMERSION (SEI) PROGRAM:

We are required to offer, at minimum, a Structured English Immersion (SEI) program option (EC Section 305[a][2]) where English learners are instructed in English at all times with grade-level curriculum and materials. Students continue to receive additional and appropriate instruction in order to meet the requirements to be reclassified as proficient in the English language.

WORLD LANGUAGE COURSES

E.C. 51228; E.C. 51225.3; E.C. Article 6 [51460-51464]; E.C. Article 3 [51220-51230]

World Language courses are offered to students as they acquire a language other than English. Depending on their school's offerings, students in grades 7-12 can choose from courses such as Spanish, Spanish for Native Speakers, AP Spanish, French, AP French, American Sign Language, or IB Latin. To do this, a student or their parent/guardian, can speak with an academic counselor. Successful completion of one year of a World Language is required for graduation and two years for A-G college eligibility. Students receive one year of "E" credit toward college eligibility upon successfully completing a World Language course while students who successfully complete a Spanish for Native Speakers course will receive two years of "E" category credit. Upon completion of four years of a World Language (or its equivalent) and additional State criteria, students are eligible to earn the State Seal of Biliteracy on their high school diploma as well as medallion from Fresno Unified.

DUAL LANGUAGE PROGRAMS

Spanish Two-Way Dual Language Program (DLI): English Learners receive instruction in both English and Spanish, which is the pupil's native language for literacy and academic instruction, enabling non-English speakers or students who have emerging literacy skills in their native language to achieve language proficiency and meet academic achievement goals. This program begins in Preschool and continues to 12th grade.

The Hmong One-Way Dual Language (DLI) acquisition program is open to all students, comprising mostly of Hmong students who speak predominantly English. It implements the 50:50 immersion model where students learn to read, write, and speak simultaneously in English and Hmong for an equally distributed amount of time beginning in preschool (PK). Students receive Hmong instruction primarily in the morning where they develop Hmong oral language and literacy skills through social studies, science, and physical education for 50% of the time. They learn to read and write in English

through English language arts (ELA) and mathematics for the other 50% of the day. As students move into middle and high schools, they continue to develop biliteracy and bilingualism with taking two courses in Hmong while the remaining classes are in English. The goals of the Hmong DLI Program are to develop students who will (1) become fully bilingual and biliterate in both Hmong and English, (2) achieve grade-level proficiency or beyond in both languages, and (3) develop sociocultural competence.

Hmong Heritage Language courses are offered to all students but consist primarily of Hmong students who no longer speak their native language, yet may have family members speaking Hmong in the home. These courses teach Hmong literacy through a thematic approach grounded in reading, writing, listening, speaking, thinking, and language development around authentic Hmong topics. Students taking these classes receive two years of "e" credit toward college eligibility in one year and upon successful completion of the course and meeting other state criteria, students earn the State Seal of Biliteracy on their high school diploma, as well as a medallion from the district.

How to Enroll Your Child in a Dual Language Program:

At neighborhood (site-based) schools, parents/guardians may choose to have their students participate in an alternative program such as a dual language immersion program by submitting a verbal or written request of the program.

If the requested program is not offered at the student's neighborhood school, parents/guardians will be referred to the nearest school where the program is available. Placement is based on program availability and space. Dual Language Immersion (DLI) programs are also available at Transfer (choice) schools. Enrollment at these sites is accessed through a lottery process. Parents/Guardians who wish to enroll their child in a DLI program at a Transfer school must submit an application within the designated application window. Placement is determined through the lottery process and is subject to space availability.

How to Request the Establishment of a New Language Acquisition Program at a School: Schools in which the parents or legal guardians of 30 pupils or more per school or the parents or legal guardians of 20 pupils or more in any grade request a language acquisition program that is designed to provide language instruction shall be required to offer such a program to the extent possible. (EC Section 310[a].) When parents or guardians of 30 or more students in a school make a request for a new program by December 1st or when parents or guardians of 20 or more students at a grade level in a school make a request by December 1st, the district provides the requested program, if possible, for the following school year. Within 10 days of receiving the number of requests noted above, the district provides written notification to parents and school personnel that a new program has been requested. The district conducts an analysis to determine if it can supply the materials, teaching faculty, and facilities necessary to run the program. Within 60 days of reaching the required number of requests, the district provides notice of its determination.

Additionally, all schools retain written records of verbal requests for language acquisition programs other than, or in addition to, such programs available at the school. Written records include the date of the request, names of the parent and student enrolled in the school, and a general description of the request. A parent whose pupil is enrolled in a school for attendance in the next school year may also submit a request for a language acquisition program. A school shall maintain these records for at least three years from the date of the request. Each school shall monitor the number of parent requests for language acquisition programs on a regular basis and notify English Learner Services immediately upon reaching a threshold specified in the above paragraph and shall consider requests for a multilingual program model from parents of pupils enrolled in the school who are native speakers of English when determining whether the threshold specified above is reached. Each school shall assist parents in clarifying requests, as needed.

About Structured English Immersion Programs

Structured English Immersion programs shall: (1) Be designed using evidence-based research and include both Designated and Integrated ELD; (2) Be allocated sufficient resources by the LEA to be effectively implemented, including, but not limited to, certificated teachers with the appropriate authorizations, necessary instructional materials, pertinent professional development for the proposed program, and opportunities for parent and community engagement to support the proposed program goals; and (3) Within a reasonable period of time, lead to: (A) Grade-level proficiency in English, and (B) Achievement of the state-adopted academic content standards in English.

ASSESSMENT REQUIREMENTS FOR ENGLISH LEARNER (EL) STUDENTS

E.C. 52164.1; A.R. 6174

The California Education Code requires that schools identify the language(s) spoken at home by each student. This information is collected through the Home Language Survey, which is completed by a parent/guardian for each new enrolling student. The Home Language Survey is only filled out one time when first enrolling in a California public school.

In accordance with California State Regulations, the District must assess the English language proficiency for all students whose home language is other than English. This test is called the Initial English Language Proficiency Assessments for California (ELPAC) (C.C.R., Title 5, Chap. 11, Sub Chap. 7.5, Sec. 11511.5; E.C. 48985) Based on the results of the Initial ELPAC, parents/guardians receive a notification letter informing them when their child is classified as an English Learner. This letter also notifies parents/guardians that students who are learning English as a second language will be placed in a Standards-based Content and Language program, where instruction is offered overwhelmingly in English. Parents/Guardians may choose an alternative program (dual immersion) by requesting it at their home school.

NOTICE OF REASSESSMENT OF LANGUAGE SKILLS

E.C. 52164.3 (a)

Each school district shall reassess pupils whose primary language is other than English, whether they are designated as Limited English Proficient (LEP), or Fluent English Proficient (FEP), when a parent/guardian, teacher, or school site administrator claims that there is a reasonable doubt about the accuracy of the pupil's designation.

E.C. 52164.3 (b)

In all cases of reassessment, the parent/guardian of the pupil shall be notified of the results. This notice shall be given orally when school personnel have reason to think that a written notice will not be understood.

STATE TESTING REQUIRED FOR ENGLISH LEARNER STUDENTS

U.S.C., Title 20, Chap. 70, Sub Chap. I, Sec. 6312, 6316; A.R. 0520.2

English Learners participate in the California Assessment of Student Performance and Progress (CAASPP). In addition, all Spanish-speaking English Learners who: are enrolled in a Spanish dual-immersion program are required to be assessed in Spanish as well as English. Additionally, Spanish-speaking English Learners who are enrolled in a Structured English Immersion setting in United States schools less than twelve (12) months have the option to be assessed in Spanish.

The progress of English Learners is assessed by Fresno Unified as required by state and federal law, as mentioned in the district's Master Plan for English Learner Success. The progress of English Learners in acquiring English is measured annually through the English Language Proficiency Assessments for California (ELPAC).

Reclassification of English Language Learners

C.P.M., Title 5, Sec. 11303

The reclassification procedures used to determine when an EL student is Reclassified Fluent English Proficient (RFEP) shall follow the guidelines established by the California State Department of Education. The requirement for reclassification shall consist of the following criteria:

1. Assessment of English language proficiency using the State's English Language Assessment (ELPAC score of 4), as provided for by E.C. 60810 pursuant to the procedures for conducting that test provided in Subchapter 7.5 (commencing with section 11510);
2. Comparison of performance in basic skills as indicated by Fresno Unified School District's locally selected standardized assessments
3. Teacher recommendation
4. Parental consultation

Monitoring Reclassified Fluent English Proficient (RFEP) Students

C.C.R., Title 5, Chap. 11, Sub Chap. 4, Sec. 11304-11305

Districts are required to monitor for four (4) years the progress of English Learners who have been reclassified to ensure adequate progress is maintained. Districts are required to provide evidence that monitoring has taken place.

ENGLISH LEARNER ADVISORY COMMITTEE (ELAC) PARTICIPATION

One important way for parents to participate in schools is to join the English Learner Advisory Committee (ELAC). These committees are designed to increase the participation of parents of English Learner students. The purpose of ELAC is to advise the principal and staff on the school's program for English Learners. ELAC is also responsible for providing input through the school needs assessment survey, reviewing data and services provided to English Learners and making parents aware of the importance of regular school attendance. It is not necessary to be a parent of an English Learner to join ELAC.

Members of ELAC can also serve as the school representative to the District English Learner Advisory Committee (DELAC). The purpose of DELAC is to advise the school district's governing board on district programs, goals, and objectives for programs and services for English Learners.

Community Advisory Committee for Special Education (CAC)

Community Advisory Committee for Special Education (CAC) is a volunteer group composed predominately of parents of children with special needs who attend school within the Fresno Unified School District. CAC is a group of parents, school personnel, agency, representatives and other community members who work together to ensure that children with special needs are receiving the best education available. Fresno Unified is required by law to have a CAC.

The CAC general and executive committee meetings are open to the public. The CAC also has several subcommittees that include Procedural Safeguards for Students, Mental Health, and other subcommittees that meet regularly and are open to interested members of the community. Dates, times, locations and agendas of

CAC meetings are publicly posted at Fresno Unified School District sites, the Education Center at Tulare and "M" streets, and 890 S. 10th St. where the Special Education office is located. GENERAL EDUCATION SERVICES FOR STUDENTS WITH DISABILITIES

NOTIFICATION: IDENTIFICATION AND EDUCATION UNDER SECTION 504

B.P. /A.R. 6164.6

The Superintendent or designee shall ensure that the district has taken appropriate steps to notify students and parents/guardians of the district's duty under Section 504. (34 CFR 104.32)

The Governing Board believes that all children, including children with disabilities, should have the opportunity to learn in a safe and nurturing environment. The Superintendent or designee shall work to identify children with disabilities who reside within the jurisdiction of the district in order to ensure that they receive educational and related services required by law.

The Superintendent or designee shall provide qualified students with disabilities with a free appropriate public education (FAPE), as defined under Section 504 of the federal Rehabilitation Act of 1973. Such students shall receive regular or special education and related aids and services designed to meet their individual educational needs as adequately as the needs of students without disabilities are met. (34 CFR 104.33)

In addition, qualified students with disabilities shall be provided an equal opportunity to participate in programs and activities that are integral components of the district's basic education program, including, but not limited to, extracurricular athletics, interscholastic sports, and/or other nonacademic activities. (34 CFR 104.37)

The district's local control and accountability plan shall include goals and specific actions to improve student achievement and other outcomes of students with disabilities. At least annually, the Superintendent or designee shall assess the district's progress in attaining the goals established for students with disabilities and shall report these results to the Board. (Education Code 52052, 52060)

In providing services to students with disabilities under Section 504, the Superintendent or designee shall ensure district compliance with law, including providing the students and their parents/guardians with applicable procedural safeguards and required notifications. Any dispute as to the identification, evaluation, or placement of any student with a disability shall be resolved in accordance with the processes specified in the "Procedural Safeguards" section of the accompanying administrative regulation.

The superintendent or designee shall maintain a list of impartial hearing officers who are qualified and willing to conduct Section 504 hearings. To ensure impartiality, such officers shall not be employed by or under contract with the district in any other capacity except as hearing officer and shall not have any professional or personal involvement that would affect their impartiality or objectivity in the matter.

For the purpose of implementing Section 504 of the Rehabilitation Act of 1973, the following terms and phrases shall have only the meanings specified below:

Free appropriate public education (FAPE) means the provision of regular or special education and related aids and services designed to meet the individual educational needs of a student with disabilities as adequately as the needs of nondisabled students are met, without cost to the student or their parent/guardian, except when a fee is imposed on nondisabled students. (34 CFR 104.33)

Student with a disability means a student who has a physical or mental impairment which substantially limits one or more major life activities. (34 CFR 104.3)

Physical impairment means any physiological disorder or condition, cosmetic disfigurement, or anatomical loss affecting one or more of the following body systems: neurological; musculoskeletal, special sense organs; respiratory, including speech organs; cardiovascular; reproductive, digestive, genito-urinary; hemic and lymphatic; skin; and endocrine. (34 CFR 104.3)

Mental impairment means any mental or psychological disorder, such as intellectual disability, organic brain syndrome, emotional or mental illness, and specific learning disabilities. (34 CFR 104.3)

Substantially limits major life activities means limiting a person's ability to perform functions such as caring for themselves performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating and working. Major life activities also includes major bodily functions such as functions of the immune system, normal cell growth, and digestive, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, and reproductive functions. Substantially limits shall be determined without regard to the ameliorative effects of mitigating measures other than ordinary eyeglasses or contact lenses. Mitigating measures include, but are not limited to, medications, prosthetic devices, assistive devices, learned behavioral, or adaptive neurological modifications which an individual may use to eliminate or reduce the effects of an impairment. (42 USC 12102; 34 CFR 104.3)

Identification, Referral Procedures, or Evaluation

Any action or decision to be taken by the district involving the referral, identification, or evaluation of a student with disabilities shall be in accordance with the following procedures:

1. A parent/guardian, teacher, or other school employee, student success team, or community agency may refer a student to the principal or 504 Coordinator for identification as a student with a disability under Section 504.
2. Upon receipt of any such referral, the principal, 504 Coordinator, or other qualified individual with expertise in the area of the student's suspected disability shall consider the referral and determine whether an evaluation is appropriate. This determination shall be based on a review of the student's school records, including those in academic and nonacademic areas of the school program; consultation with the student's teacher(s), other professionals, and the parent/guardian, as appropriate; and analysis of the student's needs.
3. If it is determined that the student needs or is believed to need special education or related services under Section 504, the district shall conduct an evaluation of the student prior to their initial placement. Prior to conducting an initial evaluation of a student for eligibility under Section 504, the district shall obtain written parent/guardian consent.

The district's evaluation procedures shall ensure that the tests and other evaluation materials: (34 CFR 104.35)

- a. Have been validated and are administered by trained personnel in conformance with the instruction provided by the test publishers
- b. Are tailored to assess specific areas of educational need and are not merely designed to provide a single general intelligence quotient
- c. Reflect the student's aptitude or achievement or whatever else the tests purport to measure rather than their impaired sensory, manual, or speaking skills, except where those skills are the factors that the tests purport to measure

Section 504 Services Plan and Placement

Services and placement decisions for student with disabilities shall be determined as follows:

1. A multi-disciplinary 504 team shall be convened to review the evaluation data in order to make placement decisions. The 504 team shall consist of a group of persons knowledgeable about the student, the meaning of the evaluation data, and the placement options. In interpreting evaluation data and making placement decisions, the Section 504 Student Study Team shall draw upon information from a variety of sources, including aptitude and achievement tests, teacher recommendations, physical condition, social or cultural background, and adaptive behavior. The team shall also

ensure that information obtained from all such sources is documented and carefully considered and that placement decision is made in conformity with 34 CFR 104.34. (34 CFR 104.33)

2. If, upon evaluation, a student is determined to be eligible for services under Section 504, the team shall meet to develop a written 504 services plan which shall specify the types of regular or special education services, accommodations, and supplementary aides and services necessary to ensure that the student receives FAPE. The parents/guardians shall be invited to participate in the Section 504 Student Study Team meeting and shall be given an opportunity to examine all relevant records.
3. If the Section 504 Student Study team determines that no services are necessary for the student, the record of the team's meeting shall reflect whether or not the student has been identified as a disabled person under Section 504 and shall state the basis for the determination that no special services are presently needed. The student's parent/guardian shall be informed in writing of their rights and procedural safeguards, as described in the "Procedural Safeguards" section below.
4. The student shall be placed in the regular educational environment, unless the district can demonstrate that the education of the student in the regular environment with the use of supplementary aids and services cannot be achieved satisfactorily. The student shall be educated with those who are not disabled to the maximum extent appropriate to their individual needs.
5. The district shall complete the identification, evaluation, and placement process within a reasonable time frame.
6. A copy of the student's Section 504 services plan shall be kept in their student record. The student's teachers(s) and any other staff who provide services to the student shall be informed of the plan's requirements.

If a student transfers to another school within the district, the principal or designee at the school from which the student is transferring shall ensure that the principal or designee at the new school receives a copy of the plan prior to the student's enrollment in the new school.

Review and Reevaluation

The Section 504 Student Study Team shall monitor the progress of the student and, at least annually, review the effectiveness of the student's Section 504 plan to determine whether the services are appropriate and necessary and whether the student's needs are being met as adequately as the needs of the non-disabled students. In addition, the needs of each student with a disability under Section 504 shall be reevaluated at least once every three years.

Prior to any subsequent significant change in placement, a reevaluation of the student's needs will be conducted. Parents/guardians will receive reasonable written notice of any meeting convened to propose a significant change in placement.

Procedural Safeguards

The Superintendent or designee shall notify the parents/guardians of students with disabilities of all actions and decisions by the district regarding the identification, evaluation, or educational placement of their children. They shall notify the parents/guardians of all the procedural safeguards available to them if they disagree with the district's action or decision, including an opportunity to examine all relevant records and an impartial hearing in which they shall have the right to participate. (34 CFR 104.36)

If a parent/guardian disagrees with any district action or decision regarding the identification, evaluation, or education placement of their child under Section 504, they may request a Section 504 due process hearing within 30 days of that action or decision.

Parents/Guardians may initiate the following three procedures. Parent/Guardians are encouraged to utilize Levels One and Two, but may proceed directly to Level Three if they so choose.

Section 504 due process hearing shall be conducted in accordance with the following procedures:

LEVEL ONE: In writing, request a meeting with the Section 504 Student Study Team in an attempt to resolve the disagreement through an administrative review. This meeting shall be held within fifteen (15) school days after receiving the parents/guardians' request. This time frame may be extended by mutual agreement of the parties.

LEVEL TWO: If disagreement continues, the parent/guardian may request, in writing, an impartial hearing with the district's:

Section 504 Coordinator
Fresno Unified School District
890 S. 10th Street, 93702
(559) 457-3220
504@fresnounified.org

The request for the due process hearing shall include:

1. The specific nature of the decision with which they disagree
2. The specific relief they seeks
3. Any other information they believe is pertinent to resolving the disagreement

Within 30 days of receiving the parent/guardian's request, the Superintendent or designee and 504 Coordinator shall select an impartial hearing officer. This 30-day deadline may be extended for good cause or by mutual agreement of the parties.

Within 45 days of the selection of the hearing officer, the Section 504 due process hearing shall be conducted and a written decision mailed to all parties. This 45-day deadline may be extended for good cause or by mutual agreement of the parties.

The parties to the hearing shall be afforded the right to:

1. Be accompanied and advised by counsel and by individuals with special knowledge or training related to the problems of students with disabilities under Section 504

2. Present written and oral evidence
3. Question and cross-examine witnesses
4. Receive written findings by the hearing officer stating the decision and explaining the reasons for the decision

If desired, either party may seek a review of the hearing officer's decision by a federal court of competent jurisdiction. (34 CFR Part 104.36)

LEVEL THREE: Parents/guardians have the right to file a complaint with the Office of Civil Rights. The address of the regional office, which covers California, is:

United States Department of Education
Office of Civil Rights
50 Beale Street, Suite 7200
San Francisco, CA 94105-1818
415-486-5555

If you think your child may require the supports of a Section 504 plan, contact the School Site 504 Coordinator or Administrator at your child's school of attendance. More information on Section 504 Plan and the procedural safeguards and protections for students with a Section 504 Plan can be found in Fresno Unified School District Board Policy and Administrative Regulations Section 6164.6. You may also contact the District's 504 Coordinator at 559-457-3227.

FILING FOR DUE PROCESS COMPLAINT FOR STUDENTS WITH DISABILITIES

How do I request a due process hearing?

You need to file a written request for a due process hearing. Parents should use the OAH (Office of Administrative Hearings) Form. You or your representative need to submit the following information in your request:

1. Name of the child;
2. Address of the residence of the child;
3. Name of the school the child is attending; and
4. A description of the nature of the problem, including facts relating to the problem(s) and a proposed resolution to the problem(s) to the extent the parent knows what would solve the problem.

If the request does not contain enough information, the due process request can be dismissed. The district must hold a resolution session within 15 days of receipt of the due process complaint unless there is a written waiver by both parties. C.C.R., Title 5, Sec. 3052

SCHOOL DISCIPLINE AND PLACEMENT PROCEDURES FOR STUDENTS WITH DISABILITIES

Can my child be suspended or expelled?

Children with disabilities may be suspended or placed in other

alternative interim settings or other settings to the same extent these options would be used for children without disabilities.

If a child exceeds ten (10) days of suspension a Manifestation Determination Meeting must be held to determine whether the child's misconduct has a direct and substantial relationship to the disability or is a district failure to implement the IEP or 504 plan. When a student is recommended for expulsion, the Manifestation Determination Meeting must take place within 10 school days of the date of disciplinary action. U.S.C., Title 20, Sec. 1415 (k)

As a parent/guardian, you will be invited to participate as a member of this Manifestation Determination Meeting. The school district may be required to develop an assessment plan to address the misconduct or, if your child has a behavior intervention plan, review and modify the plan, as necessary.

If the Manifestation Determination Meeting concludes that the misconduct was not a manifestation of your child's disability, the school district may take disciplinary action, such as expulsion, in the same manner as it would for a child without disabilities.

If you disagree with the Manifestation Determination Meeting's decision, you may request an expedited due process hearing from the US Office for Civil Rights of Education's Special Education Office of Administrative Hearings Office.

GRADUATION REQUIREMENTS

Refer to the current High School Course Guide for complete, updated information at www.fresnounified.org

GRADES

E.C. 49067 (a)

The Governing Board of each school district shall prescribe regulations requiring the evaluation of each student's achievement for each marking period and requiring a conference with, or a written report to, the parent/guardian of each student whenever it becomes evident to the teacher that the student is in danger of failing a course. The refusal of the parent/guardian to attend the conference, or to respond to the written report, shall not preclude failing the student at the end of the grading period.

230 credits are required for high school graduation as established by the California Board of Education.

The following table illustrates the minimum graduation requirements of the Fresno Unified School District.

Five (5) credits are granted for successfully completing each semester of each course in which the students receive a D grade or better.

**Any courses taken in excess of the minimum required in any subject area will count toward the fulfillment of the Elective requirement.

COURSES EARNING HIGH SCHOOL CREDIT

Currently Algebra and Foreign Language are offered at all middle schools. Middle school students can enter high school with up to 30 credits of high school graduation credit; i.e., Algebra 10 credits and two years of foreign language, 20 credits. The courses students take to fulfill the Subject Requirement must be certified by the University as meeting the requirement and must be included on your school's University of California (UC) A-G certified course list.

*ALL STUDENTS MUST EARN A "C" GRADE OR HIGHER IN UC CERTIFIED COURSES. "D" AND "F" GRADES DO NOT QUALIFY AS GRADES FOR "A-G ELIGIBILITY". (See A-G Courses below).

REQUIRED "A-G" COURSES

Students must complete all (A-G) courses (with grade of C or better) to meet the minimum requirements for UC/CSU eligibility:

A. History/Social Science – 2 YEARS REQUIRED

- one year of world history, cultures or historical geography (may be a single yearlong course or two one-semester courses), and
- one year of U.S. history or one-half year of U.S. history and one-half year of civics or American government

B. English – 4 YEARS REQUIRED

Four years of college-preparatory English that include frequent writing, from brainstorming to final paper, as well as reading of classic and modern literature. No more than one year of ESL-type courses can be used to meet this requirement.

C. Mathematics – 3 YEARS REQUIRED, 4 YEARS RECOMMENDED

Three years of college-preparatory mathematics that include the topics covered in elementary and advanced algebra and two- and three-dimensional geometry; a fourth year of math is strongly recommended. A geometry course or an integrated math course with a sufficient amount of geometry content must be completed. Approved integrated math courses may be used to fulfill part or all of this requirement, as may math courses taken in the seventh and eighth grades if the high school accepts them as equivalent to its own courses.

D. Laboratory Science – 2 YEARS REQUIRED, 3 YEARS RECOMMENDED

Two years of college-preparatory science, including or integrating topics that provide fundamental knowledge in two of these three subjects: biology, chemistry, or physics. One year of approved interdisciplinary or earth and space sciences coursework can meet one year of the requirement. A third year of science is recommended. Computer Science, Engineering, and Applied Science courses can be used in area D as an additional science (i.e., third year and beyond).

E. Language Other Than English – 2 YEARS REQUIRED, 3 YEARS RECOMMENDED

Two years, or equivalent to the 2nd level of high school instruction, of the same language other than English are required. Courses should emphasize speaking and understanding, and include instruction in grammar, vocabulary, reading, composition and culture. American Sign Language and classical languages, such as Latin and Greek, are acceptable, as are Native American languages. Courses taken in the seventh and eighth grades may be used to fulfill part or all of this requirement if the high school accepts them as equivalent to its own courses.

F. Visual and Performing Arts (VPA) – 1 YEAR REQUIRED

One yearlong course of visual and performing arts chosen from the following disciplines: dance, music, theater, visual arts or interdisciplinary arts — or two one-semester courses from the same discipline is also acceptable.

G. College Preparatory Electives – 1 YEAR REQUIRED

One year (two semesters) chosen from courses specific to the elective (G) subject area or courses beyond those used to satisfy the requirements of the A-F subjects.

Some high school coursework and qualifying exams may satisfy one or more of the University of California and California State University A–G subject area requirements. This includes approved high school courses, select community college coursework, and qualifying exam scores such as AP, IB, and CLEP. Students are encouraged to review course approvals on the UC A–G Course List and consult with their school counselor to ensure they are meeting admission requirements.

Students and families should consult with their high school counselor to review transcripts and confirm progress toward high school graduation and completion of the UC A–G subject requirements.

Completion of the minimum A–G subject requirements does not guarantee admission to a University of California campus. Applicants who exceed the minimum by completing additional A–G coursework may strengthen their academic profile and improve their competitiveness for admission.

No student shall be required to pay any fees, deposits, or other charges for their participation in an educational activity which constitutes an integral fundamental part of the district's educational program, including curricular and extracurricular activities.

As necessary, the Board may approve fees, deposits, and other charges, which are specifically authorized by law.

For such authorized fees, deposits and charges, the district shall consider students' and parents/guardians' ability to pay when establishing fee schedules and granting waivers or exceptions.

Whenever a student or parent/guardian believes that an impermissible fee, deposit, or other charge is being required of the student for their participation in an educational activity, the student or their parent/guardian may file a complaint with the principal or designee using the district's procedures in B.P./A.R. 1312.3 – Uniform Complaint Procedures. This year students will participate in the California Assessment of Student Performance and Progress (CAASPP) system by taking a series of computer-based tests developed by the Smarter Balanced Assessment Consortium that will provide an academic checkup for students by measuring real-world skills like critical thinking and problem solving. These assessments offer significant improvements over tests of the past, including new types of questions and performance tasks that require students to apply a variety of skills to complete complex tasks that will prepare them for college and the workplace. Students in grades 3 – 8 and 11 will be assessed in English Language Arts/Literacy and mathematics.

Recently-Arrived English Learners

English Learners (EL) who have been enrolled in United States schools for less than 12 months are not required to take the English Language Arts/Literacy assessment but are required to take the mathematics assessment.

Students With Exceptional Needs

5 C.C.R. 853, 853.5

Individualized Education Plans (IEP)

Students in Special Education programs with Individualized Education Plans (IEP) are allowed accommodations such as,

Braille, American Sign Language, the use of a reader, scribe, or calculator. The IEP must state the specific accommodation. Also, students with current plans under Section 504 of the Rehabilitation Act of 1973 specifying such accommodations will be tested with the prescribed accommodations. No other students are allowed testing accommodations.

California Alternate Assessment

As part of the CAASPP Program, the California Alternate Assessment (CAA) provides students with significant cognitive disabilities the opportunity to demonstrate achievement in English Language Arts/Literacy and mathematics by taking a test commensurate with their abilities. This test is designed for students in grades 3-8 and 11, who have an individualized education program and who have a significant cognitive disability. CAA is administered online only and one-on-one by a test examiner. A certificated or licensed test examiner who is familiar with the student will administer the test. The CAA for Science Test will be administered to eligible students in grades 5 and 8, and one time in high school.

California Science Test

The California Science Test (CAST) is an online test based on the California Next Generation Science Standards. Students in grades 5 and 8, and one time high school will participate. The CAST uses the current CAASPP test delivery system and is administered online.

CAASPP - Parent Right to Exempt

The District and its employees may discuss the CAASPP program with parents/guardians and may inform them of the availability of exemptions under E.C. 60615. However, the District and its employees shall not solicit or encourage any written exemption request on behalf of any student or group of students.

English Language Proficiency Assessments for California (ELPAC)

Test dates: February 1 to May 31, 2027

C.C.R., Title 1, Sec. 313; E.C. 60810

The ELPAC is the required state test for English language proficiency (ELP) that must be given to students whose primary language is a language other than English. State and federal law require that school districts administer a state test of ELP to English learners in kindergarten through grade 12. The ELPAC consists of two separate tests: one for the initial identification of students as English learners, and a second for the annual summative assessment to measure a student's progress in learning English. Every year students who are identified as English learners will take the Summative ELPAC. Identifying students who need help learning in English is important so these students can get the extra help they need to do well in school

and access the full curriculum. An alternate ELPAC is available for students in kindergarten through grade 12 with IEPs who have been identified by the IEP team as having the most significant cognitive disabilities and being eligible for alternate assessments, in addition to being identified as an English learner.

Reading Difficulties Risk Screener

E.C. Section 53008

Students in kindergarten, first grade, and second grade are required to be screened annually for risk of reading difficulties. Students may be exempted from screening with prior written consent of the parent or guardian if they have a current identification or diagnosis of a reading difficulty, reading disorder, or other disability; are eligible for special education and related services pursuant to the federal Individuals with Disabilities Education Act or a plan pursuant to Section 504 of the federal Rehabilitation Act of 1973; are in the process of being assessed for eligibility for special education and related services pursuant to the federal Individuals with Disabilities Education Act or a plan pursuant to Section 504 of the federal Rehabilitation Act of 1973; or are being evaluated with diagnostic assessments that make screening pursuant to this section redundant.

Families will be notified of the dates of screening dates at least 15 calendar days before the administration of the screening. Student results will be provided to families no later than 45 calendar days after the screening. The information provided will describe how to interpret the screener results as well as student academic support.

DRESS AND APPEARANCE

A.R. 5132; B.P. 5132

The Governing Board believes that appropriate dress and appearance contribute to a productive learning environment. The Board expects students to give proper attention to personal cleanliness and to wear clothes that are suitable for the school activities in which they participate. Students' clothing must not present a health or safety hazard or interfere with the educational process. In adopting this Dress and Appearance policy, it is the Board's intention to comply with Education Code 221.5.

Administrative Regulation 5132: Educationally Appropriate Dress and Appearance

The responsibility for the dress and appearance of a student rests primarily with the student and their parents or guardians. In the interest of maintaining an appropriate learning environment, the district believes in the following basic principles:

- All students are encouraged to dress in a manner that is appropriate, comfortable and conducive to an active academic school day.
- Students should be able to wear clothing without fear of or actual unnecessary discipline or body shaming.
- The student dress code should serve to support all students to develop a body-positive self-image.
- The district standard dress and appearance policy is gender neutral and applies to all students equally regardless of gender on school campuses and at school-sponsored functions and will be enforced consistently and fairly by all members of the school staff
- Clothing and hair styles are a matter of personal choice (except for schools with uniforms). The school shall be concerned only when these impact the health and safety of students and staff.

Examples of inappropriate clothing include:

- clothing where the buttocks or torso is exposed, i.e., tube tops, half shirts, halters
- clothing that is see-through. (clothing must be opaque)
- clothing or accessories which show profanity, obscene words or pictures, sexually suggestive statements, or incites to violence
- clothing representing gang-related activities
- clothing where the entire thigh is exposed, such as micro minis or short shorts.
- bathing suits or cut-offs
- the wearing and carrying of tobacco promotional items, or items promoting controlled substances (drugs) and/or alcohol,
- clothing where undergarments are exposed
- clothing that has text that is libelous, bullying, constitutes harassment or discrimination

- footwear must be worn at school and all functions
- no backless footwear for elementary students

Additionally, site leadership may establish a site-specific dress code addendum in the following circumstances:

- Times when students are engaged in extracurricular or other special school activities and where the standard dress and appearance policy would not be appropriate for the activity.
- Times when students are engaged in specific courses where modification is needed to ensure the safety of the students engaged in the class. Examples include lab sciences, CTE classes or other classes that contain potential hazards.
- Schools may set their own site-specific addendum relating to hats, caps and other head coverings. There shall be no restriction on student head coverings worn for bona fide religious purpose.
- Each school site, in accordance with the District Dress Code Review Process may develop additional guidelines stricter than the district's minimum standard dress and appearance policy; however, these site-specific dress code addendums may not contradict the district's dress and appearance policy outlined in this AR. Schools are responsible for following the identified district policies on notification of students and parents for their site-specific addendums.

SUN PROTECTIVE CLOTHING

Each school site shall allow for outdoor use during the school day, articles of sun-protective clothing, including, but not limited to, hats, provided that sun-protective clothing does not otherwise violate this regulation. Each school site may set a policy related to the type of sun protective clothing, including, but not limited to, hats, that students will be allowed to use outdoors, if that policy is stricter than this regulation. Specific clothing and hats determined by the school district or school site to be gang-related or inappropriate apparel may be prohibited by the school site's dress code policy.

CONSEQUENCES OF DRESS AND APPEARANCE CODE VIOLATIONS

Site Leadership can determine consequences for dress and appearance code violations provided these consequences are applied consistently and equitably. Except under exigent circumstances, suspension or expulsion will not be used as a consequence for the violation of a dress code.

Site Staff shall provide students opportunity to remedy the violation. Opportunities to remediate may include, but are not limited to, parental contact or offer of exchange of clothing. Any discipline that shall arise out of dress code violations shall have minimal loss of instructional time as its goal.

If a parent/guardian or student disagrees with the site administrator's decision on a standard violation, the parent/guardian or student shall attempt to resolve the problem by requesting a personal conference

with the site administrator. If the problem cannot be resolved informally to the parent/guardian or student's satisfaction, the site administrator's decision may be appealed to the Superintendent's designee, whose decision shall be final.

Dangerous or Disruptive Violations: Dress or appearance violations that cause actual disruption of the educational environment, result in actual violation of law or other school rules, including hate-crime laws, or cause actual injury may result, at the discretion of the district Administration, in more serious disciplinary action, up to and including expulsion without regard to the policy set forth above for standard violations. The process for appeal of these dangerous or disruptive violations shall be consistent with standard district disciplinary procedures.

Physical Education Grades: No grade of a student participating in a physical education class shall be adversely affected due to the fact that the student does not wear standardized physical education apparel where the failure to wear such apparel arises from circumstances beyond the student's control. (Education Code 49066) (cf. 5121 - Grades/Evaluation of Student Achievement)

EXCEPTION TO REGULATIONS

Generally, these neutral dress rules will be applied to all students without regard to personal circumstances. However, religious beliefs, medical requirements or other reasons may be grounds for an exception to a specific portion of the district Standard Dress & Appearance policy with specific advance approval from the district. A petition for an exemption from enforcement of a specified portion of district Standard Dress & Appearance policy may be submitted to the principal. Under no circumstances will the principal allow an exception for dress that displays gang symbols, uses profanity, displays products or slogans that promote tobacco, alcohol, drugs or sex, materially interferes with school work, materially disrupts the school environment, substantially disrupts the school environment or which creates a risk of safety.

GANG-RELATED APPAREL

Gang-related apparel is not acceptable. If individual schools that have a dress code prohibiting gang-related apparel at school or school activities, the principal, staff and parents/guardians participating in the development of the school safety plan shall define "gang-related apparel" and shall limit this definition to apparel that reasonably could be determined to threaten the health and safety of the school environment if it were worn or displayed on a school campus. (Education Code 32282)

Principals will collaborate with Law Enforcement Agencies to update changes in gang-related apparel at the beginning of each semester or as often as needed. Because gang-related symbols are constantly changing, definitions of gang related apparel shall be reviewed at least once each semester and updated whenever related information is received.

STUDENT DISCIPLINE

EXPECTED STUDENT BEHAVIOR

Rules and regulations are established to maintain an atmosphere conducive to learning. Students who fail to comply with these rules and regulations will be counseled, reprimanded, suspended, or expelled, and/or arrested as the laws are applied.

The Governing Board of any school district shall prescribe rules not inconsistent with law or with the rules prescribed by the State Board of Education for the government and discipline of the schools under its jurisdiction. E.C. 35291

Participation/Attendance at extracurricular activities is considered a part of the educational program. Participants or spectators carry responsibilities as representatives of the schools/communities. All rules of student conduct apply also to extracurricular activities.

Any Governing Board may enforce the provisions of Section 35291 by suspending or, if necessary, expelling a student in any Elementary or Secondary school who refuses or neglects to obey any rules prescribed pursuant to that section. E.C. 35291, 48980; A.R. 5144, 5144.1

DISCIPLINE

B.P. 5144; A.R. 5144

The Governing Board is committed to providing a safe, supportive and positive school environment which is conducive to student learning and achievement and desires to prepare students for responsible citizenship by fostering self-discipline and personal responsibility. The Board believes that high expectations for student behavior, use of effective school and classroom management strategies, provision of appropriate intervention and support, and parent/guardian involvement can minimize the need for disciplinary measures that exclude students from instruction as a means for correcting student misbehavior.

The superintendent or designee shall develop effective, age appropriate strategies for maintaining a positive school climate correcting student misbehavior at district schools. The strategies shall focus on providing students with needed supports; communicating clear, appropriate, and consistent expectations and consequences for student conduct; and ensuring equity and continuous improvement in the implementation of district discipline policies and practices. In addition, the Superintendent or designee's strategies for correcting student misconduct shall reflect the Board's preference for the use of positive interventions and alternative disciplinary measures over exclusionary discipline measures. Disciplinary measures that may result in a loss of instructional time or cause students to be disengaged from school, such as, detention, suspension and expulsion, shall be imposed only when required or permitted by law or when other means of correction have been documented to have failed (Education Code 48900.5)

Conflict resolution strategies shall be considered as part of each school's comprehensive safety plan and incorporated into other district discipline procedures as appropriate. B.P. 5138.2 Staff shall enforce disciplinary rules fairly, consistently and in accordance with the district's nondiscrimination policies. B.P. 5144, 5144.1

School personnel and volunteers shall not allow any disciplinary action taken against a student to result in the denial or delay of a school meal. (Education Code 49557.5)

CONFERENCING

Students will be counseled regarding appropriate school behavior.

DETENTION

A.R. 5144

Students may be detained for disciplinary or other reasons up to one (1) hour after the close of the maximum school day. 5 California Code of Regulations section 353.

SUSPENSION BY TEACHER

B.P./A.R. 5144.1

A teacher may suspend a student, from class for the remainder of the day and the following day, for any of the acts specified in 48900 or for disruption or willful defiance at any grade level. E.C. 48910

When suspending a student from class, the teacher shall immediately report this action to the principal or designee and send the student to the principal or designee for appropriate action. If that action requires the continuing presence of the student at school, the student shall be appropriately supervised during the class periods from which the student has been suspended. (Education Code 48910)

As soon as possible after the teacher decides to suspend the student, the teacher shall ask the student's parent/guardian to attend a parent-teacher conference regarding the suspension. A counselor or psychologist may attend the conference if it is practicable, and a school administrator shall attend if requested by the parent/guardian or teacher. (Education Code 48910)

A student suspended from class shall not be returned to class during the period of the suspension without the approval of the teacher of the class and the principal or designee. (Education Code 48910)

A student suspended from class shall not be placed in another regular class during the period of suspension. However, a student assigned to more than one class per day may continue to attend other regular classes except those held at the same time as the class from which the student was suspended. (Education Code 48910)

A teacher may also refer a student, for any of the acts specified above in Education Code 48900, to the principal or designee for consideration of a suspension from school. (Education Code 48910))

The teacher of any class from which a student is suspended may require the student to complete any assignments and tests missed during the removal. (Education Code 48913)

ON-CAMPUS SUSPENSION

A.R. 5144.1

The Board recognizes that students who are suspended from school frequently have no supervision or guidance during the school hours when they are off campus and may fall behind in the course work. The Board believes that in many cases, it would be better to manage the student's behavior by keeping the student at school and providing them with supervision that is separated from the regular classroom.

To ensure the proper supervision and ongoing learning of students, for any of the offenses enumerated in Education Code Section 48900 and 48900.2, but who pose no imminent danger or threat to anyone at school and for whom an expulsion action has not been initiated, the Superintendent or designee shall establish a supervised suspension program which meets the requirements of law.

Except where a supervised suspension is permitted by law for a student's first offense, supervised suspension shall be imposed only

when other means of correction have failed to bring about proper conduct. (Education Code 48900.5)

A student for whom an expulsion action has not been initiated and who poses no imminent danger or threat to the school, students, or staff may be assigned to on-campus suspension in a separate classroom, building, or site for the entire period of suspension. The following conditions shall apply: (E.C. 48911.1)

1. The on-campus suspension classroom shall be staffed in accordance with law
2. The student shall have access to appropriate counseling services
3. The on-campus suspension classroom shall promote completion of schoolwork and tests missed by the student during the suspension
4. The student shall be responsible for contacting the student's teacher(s) to receive assignments to be completed in the supervised suspension classroom. The teacher(s) shall provide all assignments and tests that the student will miss while suspended. If no such work is assigned, the person supervising the suspension classroom shall assign classwork.

At the time a student is assigned to an on-campus suspension classroom, the principal or designee shall notify the student's parent/guardian, or if the student is a foster youth, the foster youth's educational rights holder, attorney, and county social worker, or if the student is an Indian child, the tribal social worker and, if applicable, county social worker, in person, by email, or by telephone. When the assignment is for longer than one class period, this notification may be made in writing. (E.C. 48911.1)

SUSPENSION

B.P. 5144.1; A.R. 5144.1

Suspension means the removal of a student from ongoing instruction for adjustment purposes. Suspended students shall be denied the privilege of participation in all extracurricular activities during the period of suspension or expulsion. A student's parents/guardians shall be notified as soon as possible when there is an escalating pattern of misbehavior that could lead to on-campus or off-campus suspension.

Suspension Procedure requires:

1. An informal conference with the student;
2. All requests for student suspension are to be processed by the principal or designee.
3. At the time of the suspension, a school employee shall make a reasonable effort to contact the parent/guardian, or if the student is a foster youth, the foster youth's educational rights holder, attorney, and county social worker, or if the student is an Indian child, the tribal social worker and, if applicable, county social worker, in person, by email, or by telephone. Whenever a student is suspended, the parent/guardian or, if applicable, the foster youth's educational rights holder,

attorney, and the county social worker, or the Indian child's tribal social worker and, if applicable, the county social worker, shall be notified in writing of the suspension. (Ed. Code 48911) This notice shall state the specific offense committed by the student. (E.C. 48900.8) In addition, the notice may state the date and time when a student may return to school.

4. That parents/guardians respond to the school's request for a conference without delay, as per state law;
5. That parents/guardians be informed that suspension may be reviewed by the Superintendent or designee; and
6. That suspended student must remain under parent/guardian supervision and is not to be on or around any school campus or attend school activities for the duration of the suspension.

The Administrative Panel consists of three (3) or more certificated persons who are impartial; none of whom shall be members of the Board or employed at the student's school. The school will have an administrator there to present the case. The hearing, which is recorded, may be transcribed at the parent's/guardian's expense if the Board's decision is appealed.

FRESNO UNIFIED SCHOOL DISTRICT

At the hearing, the Panel will hear facts/evidence about the incident from testimony provided by the school and any/all witnesses. The panel will also receive information about the student related to their academic performance, attendance, and discipline. Parent/guardian will have a chance to tell the Administrative Panel if the information from the school is not accurate. Parent/guardian may also inform the Administrative Panel of any concerns they have before the Administrative Panel makes a recommendation.

The Board of Education will receive the Panel's recommendation and is the only body that can make a decision on the recommendation. Parent/guardian may appeal the Board's decision within thirty (30) days to Fresno County Board of Education.

HEARING PROCEDURE

- The Chairperson will explain the expulsion procedure to the parent/guardian and the student.
- The Chairperson will ask everyone in the room to identify themselves so the recording will reflect it.
- Charges shall be stated by the representative of the school district.
- The student, parent/guardian, or the representative may present any written materials felt to be pertinent to the case.

- A student may apply to another school district and must inform its staff of the expulsion order or any pending expulsion.
- A student may apply for admission to a private school.

Appeal May Be Filed With the County Board of Education

The student and parent/guardian have the right to file an appeal of expulsion to the Fresno County Board of Education within thirty (30) calendar days of the decision to expel the student. If thirty (30) days have passed since the date of the expulsion, the Fresno County Board of Education does not have jurisdiction to hear the appeal. On some occasions, a district may suspend an expulsion allowing a student to return to school under certain conditions. However, the thirty (30)-day time limitation applies even though the student may be attending school.

Student Placement

There are two (2) types of expulsions:

1. Straight; and
2. Suspended.

If a student is placed on straight expulsion, they may not attend any Fresno Unified school during the expulsion term set by the Board of Education.

A suspended expulsion with conditions allows the student to remain in a district school during the expulsion term. However, if the student violates the conditions set forth by the Board of Education, the student will be placed on a straight expulsion for the remainder of their expulsion term.

The responsibility for transportation to any school site resultant from these disciplinary actions remains with the parent/guardian.

Community Schools

Fresno County Community Schools are run by the Fresno County Superintendent's Office to provide an academic program to students who are expelled, on probation or on parole. The County programs serve students grades 7-12. After the Board action, referrals to Community Schools are made through the Fresno Unified Department of Prevention and Intervention. Questions should be directed to the Discipline Office at 457-3348. (B.P. 6181)

Right to an Attorney (Parent's/Guardian's Expense)

Fresno Unified intends to conduct a hearing in a manner which does not require attorneys. This information is to help the applicant understand the hearing process. While attorneys are not required, it is the right of the student and the parent/guardian and the right of the Fresno Unified School District to have an attorney or advocate present.

NOTIFICATION REGARDING EXPULSION

The Fresno Unified School District Board of Education has established policies and standards of behavior which promote learning and protect the safety and well-being of students. When these policies are violated, it may be necessary to suspend or expel a student. Board Policy 5144.1 aligns with California Education Code in the approach to serious offenses.

The following offenses will warrant a mandatory referral for expulsion:

1. Possessing loaded or unloaded firearms
2. Selling or otherwise furnishing a firearm
3. Brandishing a knife at another person
4. Unlawfully selling a controlled substance
5. Sexual assault (including attempt) or sexual battery
6. Possessing an explosive

The offenses listed above will not be tolerated in the school buildings, school grounds, and buses, going to or coming from lunch or school or at any school-sponsored activity.

For all other violations, the principal shall have the discretion to recommend expulsion of a student. If expulsion is recommended, the Board shall order the student expelled only if it makes a finding of either or both of the following:

1. That other means of correction are not feasible or have repeatedly failed to bring about proper conduct
2. That due to the nature of the violation, the presence of the student causes a continuing danger to the physical safety of the student or others

Students who violate the applicable Penal Codes referenced by this policy will be referred to the appropriate law enforcement authorities.

This policy is publicized and each student and parent/guardian will be asked to sign a copy of the Notification Regarding Expulsion. Parents/Guardians are also requested to acknowledge the receipt of the Notification Regarding Expulsion (formerly referred to as the Zero Tolerance Letter of Notification) by their signature on the Illness and Accident Procedure Card. If the letter and/or card are not returned to the school, the policy still applies to all students.

EMERGENCY AND CRISIS INFORMATION

ParentSquare's Urgent Alert: Emergency Text Notification System

What is ParentSquare's Urgent Alert:?

ParentSquare is Fresno Unified's emergency text notification system. ParentSquare will send a text message to the cell phones of parents or guardians in the event of a safety issue or incident that occurs on or near school sites. This system provides an additional tool for quickly notifying parents/guardians and staff. Because a text message only allows for 160 characters, messages will be brief, but will provide pertinent details and any necessary instructions.

2026–2027 PARENT AND STUDENT HANDBOOK

What kind of safety issue will warrant a ParentSquare Urgent Alert?

The district has given that question a lot of thought and have determined the system will be used in the event there is a safety issue at a school site that is going to 1) disrupt the school day or 2) cause an early dismissal. So, for example:

- Gas leak
- Water main break that requires early dismissal
- School cancellation (power outage for example)
- Full-scale reunification causing early dismissal
- Lockdowns that impact arrival and dismissal

It is extremely important that parents/guardians are aware of this communication tool. We can't emphasize enough how vital it is that you include an updated cell phone number on the yellow emergency card and update the school sites and/or your ATLAS Parent Portal when you change your emergency contact information, especially your cell phone number. We want to encourage each parent/guardian to notify your child's school when your cell phone number changes. Please be sure to notify your child's school, provide the school with your new cell phone number so you do not miss any ParentSquare Urgent Alerts, in the event there is a safety issue at school.

For more information on ParentSquare including how to register, please visit the district website at www.fresnounified.org.

If your student knows of someone at school with something illegal, such as weapons, or drugs, their tip may help get those items off their campus. Your student can report their information anonymously. All tips are and will be anonymous; no one will know their name. Should your student's tip help solve a crime, they may be eligible for a small amount of cash.

Help stop crime in your school and community. Call Crime Stoppers at (559) 498-STOP (7867) or tell an adult at your school, at home, or the school's Student Resource Officer. If there are any threats made, contact the Fresno Police Department at (559) 621-7000.

ANNUAL NOTIFICATION OF BILLING HEALTH INSURANCE FOR THE CALIFORNIA YOUTH BEHAVIORAL HEALTH INITIATIVE (CYBHI)

CYBHI is a statewide initiative designed to expand access to school-based mental, emotional, and behavioral health services. Through this program, school districts can be reimbursed for school-based behavioral health services. These may include check-ins, walk-in visits with support staff, stress management strategies, mindfulness activities, and academic support—all facilitated by trained professionals.

As a part of the CYBHI Fee Schedule program, families are asked to provide their students' health insurance information. This reimbursement process does not impact your existing benefits, and you will not be charged a co-payment of any kind. Billing your insurance through the CYBHI Fee Schedule allows us to sustain these essential school-based services at no additional cost to your family.

To participate in this critical reimbursement program for FUSD, you can provide the district your student's health insurance information through the digital emergency card in ATLAS Parent Portal, or when contacted by our district partner, Care Solace. Only the necessary information from your child's educational records will be shared to allow the district to request reimbursement through the CYBHI Fee Schedule program. For Medi-Cal eligible students, the Department of Health Care Services has provided updates that provide an opportunity for our district and our partner, Care Solace, to gather Medi-Cal health insurance information through the Medi-Cal Eligibility Data System. This means, you may notice health insurance information is pre-filled in the ATLAS Parent Portal if data is provided by the Department of Health Care Services.

All health information will be securely stored and shared only with approved third-party administrators, in full compliance with FERPA and HIPAA.

You may revoke your consent for billing at any time by notifying Student Support Services in writing. Please note that regardless of whether you provide consent for insurance billing, your student will continue to have access to our school-based supportive services.

Thank you for your continued partnership as we participate in the CYBHI Fee Schedule program to sustain access to supports for our students.

In addition, district staff shall take the following actions in response to an officer present on the school campus specifically for immigration enforcement purposes:

1. Advise the officer that before school personnel can respond to the officer's request, they must first receive notification and direction from the Superintendent or designee, except under exigent circumstances that necessitate immediate action

7. If the officer does not declare that exigent circumstances exist, respond according to the requirements of the officer's documentation, as follows:
 - a. If the officer has an Immigrations and Customs Enforcement (ICE) administrative warrant, district staff shall inform the agent that they cannot consent to any request without first consulting with the district's legal counsel or other designated district official.
 - b. If the officer has a federal judicial warrant, such as a search and seizure warrant or an arrest warrant signed by a federal judge or magistrate, district staff shall promptly comply with the warrant. If feasible, district staff shall consult with the district's legal counsel or designated administrator before providing the officer with access to the person or materials specified in the warrant.
 - c. If the officer has a subpoena for production of documents or other evidence, district staff shall inform the district's legal counsel or other designated official of the subpoena and await further instructions as to how to proceed.

The Superintendent or designee shall also email the Bureau of Children's Justice in the California Department of Justice (BCJ@doj.ca.gov) regarding any attempt by a law enforcement officer to access a school site or a student for immigration enforcement purposes.

RESPONDING TO THE DETENTION OR DEPORTATION OF STUDENT'S FAMILY MEMBER

The Superintendent or designee shall encourage students and their families to update their emergency contact information as needed throughout the school year and to provide alternative contacts, including an identified trusted adult guardian, in case a student's parent/guardian is detained or is otherwise unavailable. The Superintendent or designee shall notify students' families that information provided on the emergency cards will only be used in response to specific emergency situations and not for any other purpose.

The Superintendent or designee shall also encourage all students and families to learn their emergency phone numbers and be aware of the location of important documentation, including birth certificates, passports, social security cards, physicians' contact information, medication lists, lists of allergies, and other such information that would allow the students and families to be prepared in the event that a family member is detained or deported.

In the event that a student's parent/guardian is detained or deported by federal immigration authorities, the Superintendent or designee shall release the student to the person(s) designated in the student's emergency contact information or to any individual who presents a caregiver's authorization affidavit on behalf of the student. The Superintendent or designee shall notify a student whose parent/guardian was detained or deported that the student continues to meet the residency requirements for attendance in a district school, provided that the parent/guardian was a resident of California and the student lived in California immediately before they are moved out of state as a result of the parent/guardian's departure. (Education Code 48204.4)

The Superintendent or designee may refer a student or their family members to other resources for assistance, including, but not limited to, an ICE detainee locator, legal assistance, or the consulate or embassy of the parent/guardian's country of origin.

NONDISCRIMINATION/HARASSMENT

B.P. 5145.3, B.P. 5146; B.P. 1312.3

The Governing Board desires to provide a safe school environment that allows all students equal access and opportunities in the

district's academic, extracurricular, and other educational support programs, services, and activities. The Board prohibits, at any district school or school activity, programs, practices, or school attendance within a school under the jurisdiction of the Superintendent, unlawful discrimination, including discriminatory harassment (including sexual harassment), intimidation, and bullying of any student by anyone, based on the student's actual or perceived race, color, ancestry, nationality, national origin, immigration status, ethnic group identification, ethnicity, age, religion, pregnancy, child birth, termination of pregnancy or lactation, including related medical conditions and recovery; parental, marital, and family status, mental or physical disability, medical condition, sex, sex stereotypes, sex characteristics, sexual orientation, gender, gender identity, gender expression, or genetic information, or association with a person or a group with one or more of these actual or perceived characteristics.

Unlawful discrimination, including discriminatory harassment, intimidation, or bullying may result from physical, verbal, nonverbal, or written conduct based on any of the categories listed above. Unlawful discrimination also includes the creation of a hostile environment through prohibited conduct that is so severe, persistent, or pervasive that it affects a student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; has the effect of substantially or unreasonably interfering with a student's academic performance; or otherwise adversely affects a student's educational opportunities.

Unlawful discrimination also includes disparate treatment of students based on one of the categories above with respect to the provision of opportunities to participate in school programs or activities or the provision or receipt of educational benefits or services.

The Governing Board shall ensure equal opportunities for all students in admission and access to the educational program, guidance and counseling programs, athletic programs, testing procedures, and other activities. School staff and volunteers shall carefully guard against segregation, bias and stereotyping in instruction, guidance, and supervision. The district may provide male and female students with separate shower rooms and sexual health and HIV/AIDS prevention classes in order to protect student modesty.

The Board also prohibits any form of retaliation against any student who reports or participates in the reporting of unlawful discrimination, files or participates in the filing of a complaint or investigates or refuses to participate in the investigation of a complaint or report alleging unlawful discrimination. Retaliation complaints shall be investigated and resolved in the same manner as a discrimination complaint.

The Superintendent or designee shall facilitate students' access to the educational program by publicizing the district's nondiscrimination policy and related complaint procedures to

students, parents/guardians, and employees. Staff shall provide training and/or information on the scope and use of the policy and complaint procedures and take other measures designed to increase the school community's understanding of the requirements of law related to discrimination. The Superintendent or designee shall regularly review the implementation of the district's nondiscrimination policies and practices and, as necessary, shall take action to remove any identified barrier to student access to or participation in the district's educational program. They shall report their findings and recommendations to the Board after each review.

Students who engage in unlawful discrimination, including discriminatory harassment, intimidation, bullying, or retaliation in violation of law, Board policy, or administrative regulation shall be subject to appropriate consequence or discipline, which may include, suspension or expulsion for behavior that is severe or pervasive as defined in Education Code 48900.4. Any employee who permits or engages in prohibited discrimination, including discriminatory harassment, intimidation, bullying, or retaliation may be subject to disciplinary action, up to and including dismissal.

When a student has been suspended, or other means of correction have been implemented against the student for an incident of racist bullying, harassment, or intimidation, the principal or designee shall engage both the victim and perpetrator in a restorative justice practice suitable to the needs of the students. The principal or designee shall also require the perpetrator to engage in a culturally sensitive program that promotes racial justice and equity and combats racism and ignorance and shall regularly check on the victim to ensure that the victim is not in danger of suffering from any long-lasting mental health issues. (Education Code 48900.5)

When appropriate based on the severity or pervasiveness of the bullying, the Superintendent or designee shall notify the parents/guardians of victims and perpetrators and may contact law enforcement.

Allegations of unlawful discrimination in district programs and activities shall be brought, investigated, and resolved in accordance with Board Policy 1312.3 – Uniform Complaint Procedures, when required by law. However, complaints alleging sex discrimination, including sex-based harassment, under Title IX shall be investigated and resolved in accordance with the procedures specified in 34 CFR 106.44 and 106.45 and Administrative Regulation 5145.71 - Title IX Sex Discrimination and Sex-Based Harassment Complaint

Record-Keeping

The Superintendent or designee shall maintain a record of all reported cases of unlawful discrimination, including discriminatory harassment, intimidation, or bullying, to enable the district to monitor, address, and prevent repetitive prohibited behavior in district schools. The district shall maintain documentation of complaints and their resolution must be maintained for a minimum of one review cycle. (EC Section 234.1(f))

SEX DISCRIMINATION AND SEX-BASED HARASSMENT

E.C. 212.5 and 231.5

State law requires each district to have a written policy regarding sex discrimination and sex-based harassment. This policy will be part of any student orientation for new students, be included with mandated parent notification posted, and distributed to all employees.

FRESNO UNIFIED BOARD POLICY-SEX DISCRIMINATION AND SEX-BASED HARASSMENT

B.P. 5145.7

The Governing Board is committed to maintaining a welcoming, safe, and supportive school environment that is free from discrimination and harassment. The Board prohibits at school or at school-sponsored or school-related activities, sex discrimination and sex-based harassment, as defined in the accompanying administrative regulation, targeted at any student, based on the student's actual or perceived sex; sex stereotypes; sex characteristics; sexual orientation; gender; gender identity; gender expression; pregnancy, childbirth, termination of pregnancy or lactation, including related medical conditions or recovery; and, parental, marital, and family status.

Additionally, the Board prohibits retaliatory behavior or action against any person who complains or testifies about conduct that reasonably may constitute sex discrimination, including sex-based harassment, reports such conduct, or otherwise participates or refuses to participate in the complaint process established for the purpose of this policy. (Education Code 220.1; 34 CFR 106.71)

The district strongly encourages students who feel that they are being or have experienced sex discrimination, including sex-based harassment on school grounds or at a school-sponsored or school-related activity by another student or an adult, or who have experienced off-campus sex discrimination or sex-based harassment that has a continuing effect on campus, to immediately contact their teacher, the principal, the district's Title IX Coordinator, or any other available school employee. Any employee who receives a report or observes an incident of sex discrimination, including sex-based harassment, by or against a student in a district education program or activity shall notify the Title IX Coordinator or any other available school employee.

Once notified, the Title IX Coordinator shall ensure the complaint or allegation is addressed through AR 5145.71 – Title IX Sex Discrimination and Sex-Based Harassment Complaint Procedures or BP/AR 1312.3 – Uniform Complaint Procedures, as applicable.

The Title IX Coordinator shall offer and coordinate supportive measures to be provided to the complainant and, if the district has begun grievance procedures or offered an informal resolution process to the respondent, offer and coordinate supportive measures to be provided to the respondent, as deemed appropriate under the circumstances.

Instruction/Information

The Superintendent or designee shall ensure that all district students receive age-appropriate information on sex discrimination and sex-based harassment. Such instruction and information shall include:

1. What acts and behavior constitute sex discrimination and sex-based harassment including the fact that sex discrimination and sex-based harassment could occur between people of the same sex and could involve sexual violence
2. A clear message that students do not have to endure sex discrimination and sex-based harassment under any circumstance
3. Encouragement to report observed incidents of sex discrimination and sex-based harassment even when the alleged victim of the discrimination or harassment has not complained
4. A clear message that student safety is the district's primary concern, and that any separate rule violation involving an alleged victim or any other person reporting a sex discrimination and sex-based harassment incident will be addressed separately and will not affect the manner in which the sex discrimination and sex-based harassment complaint will be received, investigated, or resolved
5. A clear message that, regardless of a complainant's noncompliance with the writing, timeline, or other formal filing requirements, every sex discrimination and sex-based harassment allegation that involves a student, whether as the complainant, respondent, or victim of the discrimination or harassment, shall be investigated and action shall be taken to respond to harassment, prevent recurrence, and address any continuing effect on students.
6. Information about the district's procedures for investigating complaints and the person(s) to whom a report of sex discrimination and/or sex-based harassment be made
7. Information about the rights of students and parents/guardians to file a civil or criminal complaint, as applicable, including the right to file a civil or criminal complaint while the district sex discrimination and sex-based harassment complaint continues

A clear message that, when needed, the district will implement supportive measures to ensure a safe school environment for a student who is the complainant or victim of sex discrimination and sex-based harassment and/ or other students during an investigation.

Disciplinary Actions

Upon completion of an investigation of a sex discrimination and sex-based harassment complaint, any student found to have engaged in sex discrimination and/or sex-based harassment or sexual violence in violation of this policy shall be subject to

disciplinary action. For students in grades 4-12, disciplinary action may include suspension and/or expulsion, provided that, in imposing such discipline, the entire circumstances of the incident(s) shall be taken into account.

Upon investigation of a sex discrimination and/or sex-based harassment complaint, any employee found to have engaged in sex discrimination and/or sex-based harassment sexual harassment or sexual violence toward any student shall be subject to disciplinary action, up to and including dismissal, in accordance with law and the applicable collective bargaining agreement.

Record-Keeping

The Superintendent or designee shall maintain records in accordance with law, including in accordance with 34 CFR 106.8 as specified in Administrative Regulation 5145.71 - Title IX Sex Discrimination and Sex-Based Harassment Complaint Procedures, and district policies and regulations, of all reported cases of sex-based harassment to enable the district to monitor, address, and prevent repetitive harassing behavior in district schools.

STUDENTS TITLE IX SEX DISCRIMINATION AND SEX-BASED HARASSMENT COMPLAINT PROCEDURES

A.R. 5145.71

The complaint procedures described in this administrative regulation shall be used to address any complaint governed by Title IX of the Education Amendments of 1972 alleging that a student, while in an education program or activity in which a district school exercises substantial control over the context and respondent, was subjected to one or more of the following forms of sex discrimination and sex-based harassment: (34 CFR 106.30, 106.44)

1. A district employee conditioning the provision of a district aid, benefit, or service on the student's participation in unwelcome sexual conduct
2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a student equal access to the district's education program or activity
3. Sexual assault, dating violence, domestic violence, or stalking defined as follows:
 - Forcible sexual assault includes any sexual act directed against a student, forcibly, against the student's will, or without consent, including rape, sodomy, sexual assault with an object, and fondling. (See 20 USC 1092(f)(6)(A)(v).)
 - Non-forcible sexual assault includes offenses that do not involve force where the student is incapable of giving consent, including statutory rape and incest. (See 20 USC 1092(f)(6)(A)(v).)
 - Dating violence includes violence committed by a person who is or has been in a social relationship of a romantic

or intimate nature with the student, where the existence of such a relationship shall be determined based on a consideration of the following factors: the length of the relationship, the type of relationship and/or the frequency of interaction between the persons involved in the relationship. (See 34 USC 12291(a)(10).)

- Domestic violence includes felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the student. (See 34 USC 12291(a)(8).)
- Stalking which includes engaging in a course of conduct directed at a student that would cause a reasonable person to fear for their safety or the safety of others or suffer substantial emotional distress. (See 34 USC 12291(a)(30).)

All other sex discrimination and sex-based harassment complaints or allegations brought by or on behalf of students shall be investigated and resolved in accordance with BP/AR 1312.3 - Uniform Complaint Procedures and BP/AR 5145.7 Sex Discrimination and Sex-Based Harassment.

Because the complainant has a right to pursue a complaint under BP/AR 1312.3 for any allegation that is dismissed or denied under the Title IX complaint procedure, the Title IX Coordinator shall ensure that all requirements and timelines for BP/AR 1312.3 and 5145.7 are concurrently met while implementing the Title IX procedure.

Reporting Allegations/Filing a Formal Complaint

A student who is the alleged victim of sex discrimination and sex-based harassment or the student's parent/guardian may submit a report of sex discrimination and sex-based harassment to the district's Title IX Coordinator using the contact information listed in AR 5145.7 - Sex Discrimination and Sex-Based Harassment or to any other available school employee, who shall forward the report to the Title IX Coordinator within one day of receiving the report.

Chief of Human Resources/Title IX Coordinator
Human Resources

Address: 2309 Tulare Street, Fresno, CA 93721

Phone: (559) 457-3593

Email: TitleIX@fresnounified.org

Upon receiving such a report, the Title IX Coordinator shall inform the complainant of the right to file a formal complaint and the process for filing a formal complaint. (34 CFR 106.44)

A formal complaint, with the complainant's physical or digital signature, may be filed with the Title IX Coordinator in person, by mail, by email, or by any other method authorized by the district. (34 CFR 106.30)

Even if the alleged victim chooses not to file a formal complaint, the Title IX Coordinator shall file a formal complaint in situations when a safety threat exists. In addition, the Title IX Coordinator may file a formal complaint in other situations as permitted under the Title IX regulations, including as part of the district's obligation to not

be deliberately indifferent to known allegations of sex discrimination and sex-based harassment. In such cases, the Title IX Coordinator shall provide the alleged victim notices as required by the Title IX regulations at specific points in the complaint process.

The Title IX Coordinator, investigator, decision-maker, or a facilitator of an informal resolution process shall not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent. Such persons shall receive training in accordance with 34 CFR 106.45. (34 CFR 106.45)

Supportive Measures

Upon receipt of a report of Title IX sex discrimination and sex-based harassment, the Title IX Coordinator shall promptly contact the complainant to discuss the availability of supportive measures and shall consider the complainant's wishes with respect to the supportive measures implemented. Such measures shall be nondisciplinary, nonpunitive, and designed to restore or preserve equal access to the district's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the district's educational environment or to deter sexual harassment. Supportive measures may include, but are not limited to, counseling, course-related adjustments, modifications of class schedules, mutual restrictions on contact, increased security, and monitoring of certain areas of the campus. (34 CFR 106.30, 106.44)

The district shall maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the district's ability to provide the supportive measures. (34 CFR 106.30)

Emergency Removal from School

A student shall not be disciplined for alleged sex discrimination and sex-based harassment under Title IX until the investigation has been completed. However, on an emergency basis, the district may remove a student from the district's education program or activity, provided that the district conducts an individualized safety and risk analysis, determines that removal is justified due to an immediate threat to the physical health or safety of any student or other individual arising from the allegations, and provides the student with notice and an opportunity to challenge the decision immediately following the removal. This authority to remove a student does not modify a student's rights under the Individuals with Disabilities Education Act or Section 504 of the Rehabilitation Act of 1973. (34 CFR 106.44)

If a district employee is the respondent, the employee may be placed on administrative leave during the pendency of the formal complaint process. (34 CFR 106.44)

Dismissal of Complaint

The Title IX Coordinator shall dismiss a formal complaint if the alleged conduct would not constitute sex discrimination and sex-based harassment as defined in 34 CFR 106.30 even if proved. The Title IX Coordinator shall also dismiss any complaint in which the alleged conduct did not occur in the district's education program or activity

or did not occur against a person in the United States, and may dismiss a formal complaint if the complainant notifies the district in writing that the complainant would like to withdraw the complaint or any allegations in the complaint, the respondent is no longer enrolled or employed by the district, or sufficient circumstances prevent the district from gathering evidence sufficient to reach a determination with regard to the complaint. (34 CFR 106.45)

Upon dismissal, the Title IX Coordinator shall promptly send written notice of the dismissal and the reasons for the dismissal simultaneously to the parties, and shall inform them of their right to appeal the dismissal of a formal complaint or any allegation in the complaint in accordance with the appeal procedures described in the section "Appeals" below. (34 CFR 106.45)

If a complaint is dismissed, the conduct may still be addressed pursuant to BP/AR 1312.3 - Uniform Complaint Procedures as applicable.

Informal Resolution Process

When a formal complaint of sex discrimination and sex-based harassment is filed, the district may offer an informal resolution process, such as mediation, at any time prior to reaching a determination regarding responsibility. The district shall not require a party to participate in the informal resolution process or to waive the right to an investigation and adjudication of a formal complaint. (34 CFR 106.45)

The district may facilitate an informal resolution process provided that the district: (34 CFR 106.45)

1. Provides the parties with written notice disclosing the allegations, the requirements of the informal resolution process, the right to withdraw from the informal process and resume the formal complaint process, and any consequences resulting from participating in the informal resolution process, including that records will be maintained or could be shared.
2. Obtains the parties' voluntary, written consent to the informal resolution process
3. Does not offer or facilitate an informal resolution process to resolve allegations that an employee sexually harassed a student

Written Notice

If a formal complaint is filed, the Title IX Coordinator shall provide the known parties with written notice of the following: (34 CFR 106.45)

1. The district's formal Title IX complaint process, including any informal resolution process
2. The allegations potentially constituting sex discrimination and sex-based harassment with sufficient details known at the time, including the identity of parties involved in the incident if known, the conduct allegedly constituting sex discrimination and sex-based harassment, and the date and location of the alleged incident if known. Such notice shall be provided with sufficient time for the parties to prepare a response before any initial interview.

If, during the course of the investigation, new Title IX allegations arise about the complainant or respondent that are not included in the initial notice, the Title IX Coordinator shall provide notice of the additional allegations to the parties.

3. A statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the complaint process
4. The opportunity for the parties to have an advisor of their choice who may be, but is not required to be, an attorney, and the ability to inspect and review evidence
5. The prohibition against knowingly making false statements or knowingly submitting false information during the complaint process

The above notice shall also include the name of the investigator, facilitator of an informal process, and decision-maker and shall inform the parties that, if at any time a party has concerns regarding conflict of interest or bias regarding any of these persons, the party should immediately notify the Title IX Coordinator.

Investigation Procedures

During the investigation process, the district's designated investigator shall: (34 CFR 106.45)

1. Provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence
2. Not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence
3. Provide the parties with the same opportunities to have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney
4. Not limit the choice or presence of an advisor for either the complainant or respondent in any meeting or grievance proceeding, although the district may establish restrictions regarding the extent to which the advisor may participate in the proceedings as long as the restrictions apply equally to both parties
5. Provide, to a party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all investigative interviews or other meetings, with sufficient time for the party to prepare to participate
6. Send in an electronic format or hard copy to both parties and their advisors, if any, any evidence that is obtained as part of the investigation that is directly related to the allegations raised in the complaint, including the evidence upon which the district does not intend to rely in reaching a determination regarding responsibility and inculpatory or exculpatory evidence obtained by a party or other source, so that each

party can meaningfully respond to the evidence, and provide the parties at least 10 days to submit a written response for the investigator to consider prior to the completion of the investigative report

7. Objectively evaluate all relevant evidence, including both inculpatory and exculpatory evidence, and determine credibility in a manner that is not based on a person's status as a complainant, respondent, or witness
8. Create an investigative report that fairly summarizes relevant evidence and, at least 10 days prior to the determination of responsibility, send to the parties and their advisors, if any, the investigative report in an electronic format or a hard copy, for their review and written response
9. After sending the investigative report to the parties for review and before a decision-maker reaches a determination regarding responsibility, the decision-maker must afford each party the opportunity to submit written, relevant questions that the party wants asked of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party

Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence are offered to prove that someone other than the respondent committed the conduct alleged by the complainant or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent. (34 CFR 106.45)

The District shall maintain confidentiality and privacy rights of all parties to the complaint in accordance with applicable state and federal laws, except as may be permitted or required by law or to carry out the purposes of this formal Title IX complaint process.

If the complaint is against an employee, rights conferred under an applicable collective bargaining agreement shall be applied to the extent they do not conflict with the Title IX requirements.

Written Decision

The Superintendent shall designate an employee as the decision-maker to determine responsibility for the alleged conduct, who shall not be the Title IX Coordinator or a person involved in the investigation of the matter. (34 CFR 106.45)

After the investigative report has been sent to the parties but before reaching a determination regarding responsibility, the decision-maker shall afford each party the opportunity to submit written, relevant questions that the party wants asked of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party

The decision-maker shall issue, and simultaneously provide to both parties, a written decision as to whether the respondent is responsible for the alleged conduct. (34 CFR 106.45)

The written decision shall be issued within 60 calendar days of the receipt of the complaint. The timeline may be temporarily extended

for good cause with written notice to the complainant and respondent of the extension and the reasons for the action. (34 CFR 106.45)

In making this determination, the decision-maker shall use the “preponderance of the evidence” standard for all formal complaints of sex discrimination and sex-based harassment. The same standard of evidence shall be used for formal complaints against students as for complaints against employees. (34 CFR 106.45)

The written decision shall include the following: (34 CFR 106.45)

1. Identification of the allegations potentially constituting sex discrimination and sex-based harassment as defined in 34 CFR 106.30
2. A description of the procedural steps taken from receipt of the formal complaint through the written decision, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held if the district includes hearings as part of the grievance process
3. Findings of fact supporting the determination
4. Conclusions regarding the application of the district’s code of conduct or policies to the facts
5. A statement of, and rationale for, the result as to each allegation, including a decision regarding responsibility, any disciplinary sanctions the district imposes on the respondent, and whether remedies designed to restore or preserve equal access to the district’s educational program or activity will be provided by the district to the complainant
6. The district’s procedures and permissible bases for the complainant and respondent to appeal

Appeals

Either party may appeal the district’s decision or dismissal of a formal complaint or any allegation in the complaint, if the party believes that a procedural irregularity affected the outcome, new evidence is available that could affect the outcome, or a conflict of interest or bias by the Title IX Coordinator, investigator(s), or decision-maker(s) affected the outcome. If an appeal is filed, the district shall: (34 CFR 106.45)

1. Notify the other party in writing when an appeal is filed and implement appeal procedures equally for both parties
2. Ensure that the decision-maker(s) for the appeal is trained in accordance with 34 CFR 106.45 and is not the same decision-maker(s) who reached the determination regarding responsibility or dismissal, the investigator(s), or the Title IX Coordinator
3. Give both parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome
4. Issue a written decision describing the result of the appeal and the rationale for the result
5. Provide the written decision simultaneously to both parties

An appeal must be filed in writing within 10 calendar days of receiving the notice of the decision or dismissal, stating the grounds for the appeal and including any relevant documentation in support of the appeal. Appeals submitted after this deadline are not timely and shall not be considered.

A written decision shall be provided to the parties within 20 calendar days from the receipt of the appeal.

The district’s decision may be appealed to the California Department of Education within 30 days of the written decision in accordance with BP/AR 1312.3.

Either party has the right to file a complaint with the U.S. Department of Education’s Office for Civil Rights within 180 days of the date of the most recently alleged misconduct.

The complainant shall be advised of any civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders that may be available under state or federal antidiscrimination laws, if applicable.

Remedies

When a determination of responsibility for sex discrimination and sex-based harassment has been made against the respondent, the district shall provide remedies to the complainant. Such remedies may include the same individualized services described above in the section “Supportive Measures,” but need not be nondisciplinary or nonpunitive and need not avoid burdening the respondent. (34 CFR 106.45)

Corrective/Disciplinary Actions

The district shall not impose any disciplinary sanctions or other actions against a respondent, other than supportive measures as described above in the section “Supportive Measures,” until the complaint procedure has been completed and a determination of responsibility has been made. (34 CFR 106.44)

For students in grades 4-12, discipline for sex discrimination and sex-based harassment may include suspension and/or expulsion. After the completion of the complaint procedure, if it is determined that a student at any grade level has committed sexual assault or sexual battery at school or at a school activity off school grounds, the principal or Superintendent shall immediately suspend the student and shall recommend expulsion. This section does not apply to pupils enrolled in kindergarten and grades 1 to 3, inclusive. (Education Code 48900.2, 48915)

Other actions that may be taken with a student who is determined to be responsible for sex discrimination and sex-based harassment include, but are not limited to:

1. Transfer from a class or school as permitted by law
2. Parent/guardian conference
3. Education of the student regarding the impact of the conduct on others

Definitions. As used in this document, the word “Learner” includes anyone—employees, students, parents, vendors, and guests—who uses District Technology. Only Learners who agree to this Acceptable Use Policy are authorized to use District Technology.

The use of District Technology is offered to students for educational purposes, as a privilege that must be safeguarded by all learners. The District is committed to improving student achievement and preparing all students to be career ready graduates, and uses District Technology for this purpose. District Technology is issued to

appropriate staff to perform their job duties.

District Technology includes, but is not limited to, cell phones, computer hardware, laptops, classroom display panels, document cameras, tablets, e-readers, software, (including cloud resources), hotspots, local wired and wireless networks, and access to the Internet. These items provide tools that can be used to access information and communicate with people, enhance learning, and enable the district to operate efficiently. Technology and people’s use of technology is always changing so it is critical that the District ensure a safe learning environment for students and staff; safeguards for the privacy of electronic data; and protect the District’s technology assets. District Technology remains at all times the property of the District.

TECHNOLOGY ACCEPTABLE USE POLICY

This Acceptable Use Policy shall conform to existing district policies including Board Policy 0440 (Technology Board Policy & Administrative Regulations), as well as

established procedures and copyright laws. If any portion of these policies conflicts with federal, state or local laws, those laws take precedence, leaving the remaining policies in this AUP in full effect.

This Technology AUP is intended to:

- Prevent or discourage unauthorized access and other unlawful activities online;
- Prevent or discourage unauthorized disclosure of or access to sensitive information;
- Comply with the Children’s Internet Protection Act of 1997 (“CIPA”);
- Define policies for managing electronic documents that are the property of the District.
- Enhance teaching and learning;
- Increase safety for students and staff;
- Improve the efficiency of district technology systems;
- Ensure alignment with the District’s Core Beliefs and Commitments;
- Ensure compliance with applicable district policies, state and federal laws; and
- Educate students, staff, and other who use the District’s technology

Filtering. The District will use a variety of technology protection measures on the District’s networks to block or filter, to the extent practicable, access to visual depictions that are obscene, pornographic, or harmful to minors, or other content that is not academically relevant. Filtering measures are installed on district devices to protect the user and the device that operate away from the District network. Learners should have no expectation of privacy regarding their use of District property, network and/or Internet access or files, including email or other forms of communication using District Technology. While our intent is to make computer access

available to students to support their educational growth, students may find ways to access inappropriate material as well. Ultimately, parents and guardians are responsible for setting and conveying the standards that their students should follow when using technology. Disabling content filtering technologies on District issued devices or using tools to circumvent the content filter is a violation of this policy.

Distance Learning and Remote Workers. I understand that I am bound by the Acceptable Use Policy (AUP) regardless of my physical location. I also recognize that FUSD has limited ability to assist in network-related issues. The District may request reimbursement for lost, stolen, or damaged equipment if negligent. Upon request, users are required to bring their District issued device occasionally for a check-up, re-imaging, or support.

Staff Issued and One to One Computers. Laptops and computers issued to students and staff remain the property of the District. I understand that I am responsible for keeping the device safe and only used for their intended purpose while it is in my care. The District may remotely maintain the device by installing software, updating software, or installing security patches.

Bring your Own Device (“BYOD”). Some Learners may choose to bring their own technology. BYOD devices must meet or exceed the minimum specifications established by the District for effective learning. Check the Fresno Unified website for current minimum specifications. If Learners do bring their own devices, they are still subject to this AUP to the extent that their device uses District Services and Networks (wired or wireless) to access internal or Internet based information and data. Internet access from BYOD devices will be content filtered while on the District network. The District does not content filter BYOD devices while away from the District network. Students and parents should be aware that devices may be subject to search by school administrators if the device is suspected of a violation of the student misconduct. If the device is locked or password-protected, the student may be asked to unlock the device at the request of a school administrator. The District is not responsible for damage or harm to persons, files, data, hardware, or service interruptions while students are using their device. The property owner assumes any risk or loss by bringing their device.

Digital Classroom Management. As part of our commitment to providing a safe and conducive learning environment, the district utilizes classroom management software to support teachers in managing classrooms effectively. The classroom management software is utilized exclusively during in-person classes and on district-issued computers connected to the school district’s network. This system allows for the viewing of student screens on school-issued devices, content sharing, and classroom settings management. Students are expected to adhere to the guidelines outlined in the technology acceptable use policy, which includes the responsible use of the classroom management software. For questions or concerns, please contact your teacher or school administrator.

Lost or stolen devices. A police report will be filed for lost or stolen devices and the device will be remotely locked if possible. Staff is

responsible for reporting lost or stolen devices immediately to Risk Management. Parents report lost or stolen devices to the parent and student help desk.

Obligations. Learners and other users are required to follow this policy and report any misuse of District Technology, including the District’s network or the Internet to a supervisor or other appropriate District personnel. Access to District Technology is provided primarily for education and District business. Staff may use the Internet for incidental personal use during duty-free time.

Violations. Violation of these policies may result in one or more of the following: disciplinary action and/or termination for employees and temporary staff; termination of contracts for consultants or contract employees; reimbursement to the District for disallowed charges; or dismissal for interns and volunteers. In the case of a student violation, the violation can result in disciplinary action as deemed appropriate by site administration up to and including removal of technology privileges, removal from class, suspension and expulsion.

4. Learners must not download, install or run security programs or utilities that reveal or exploit weaknesses in the security of the District’s Information Technology systems and related Information Technology property.
5. All private data must be kept confidential and secure by the

Learner. The fact that the data may be stored electronically does not change the requirement to keep information confidential and secure. Rather, the type of information or the information itself is the basis for determining whether the data must be kept confidential and secure. If this data is stored in a paper or electronic format, or if the data is copied, printed, or transmitted electronically the data must still be protected if it is confidential and secured.

6. All software programs, applications, source code, object code, documentation and data shall be guarded and protected.
7. The District reserves the right to remove any content (organizational or personal) on the internet or intranet at any time, without cause or notice.

This includes respecting the privacy of individuals, reviewing all AI-generated content and cross-checking factual claims against verifiable sources, and refraining from using AI for malicious or inappropriate purposes.

1. Learners will follow all guidelines set by teachers and school site staff regarding the use of AI as part of planning, instruction, and learning.
2. Learners must abide by the AI platform’s terms of service (TOS) and federal and state student data privacy laws, and teachers and staff must solicit parental consent when necessary.
3. Learners are prohibited from using any AI system to access, create, or display harmful, deceptive, or inappropriate matter that is threatening, obscene, disruptive, or sexually explicit or that could be construed as harassment or disparagement of others based on their sex, or perceived race, color, ancestry, national origin, age, religious creed, marital status, pregnancy, physical or mental disability, medical condition, genetic information, military and veteran status, sex, sexual orientation, gender, gender identity, or association with a person or group with one or more of these actual or perceived

characteristics or interact with the AI in a manner that supports any of the above.

4. Learners shall not share confidential information or personally identifiable information with an AI system of themselves, students, staff members, or others. Personally identifiable information includes but is not limited to, a person's name, address, email address, telephone number, Social Security number, or other personally identifiable information.
5. Learners will not employ AI systems to make high-stakes decisions that significantly impact people's lives without proper human oversight, transparency, or the ability to appeal.
6. Learners will not allow AI systems to run unchecked and make decisions that could jeopardize safety in dangerous industrial settings, vehicles, infrastructure, etc.
7. Learners are expected to properly credit any information generated by AI when used in professional, academic, or creative work.

PASSWORD POLICY

8. Staff will provide Human Resources (HR) or Law Enforcement with passwords, passphrases, passcodes, and device PINs, to district-issued technology as required.

ACCESS CONTROLS, INFORMATION SECURITY, AND ACCOUNTABILITY

1. Departments and schools that have District Technology must provide appropriate access controls in order to monitor and protect business data and associated programs from misuse.
2. All Learners are responsible for managing their own use of District Technology and are accountable for their actions relating to security. Learners are also responsible for reporting any suspected or confirmed violations of this policy to the appropriate management responsible for FUSD Information Technology system security incident handling.

3. Periodic user cybersecurity assessments may be conducted to measure organizational preparedness or to support staff in cyber-safety education.
4. Access to FUSD Information Technology equipment must be properly documented, authorized and controlled.

Emails must be kept in your online email inbox or archive folder only, or in an appropriate SharePoint or OneDrive Document Repository. Archiving district-related emails outside a Fresno Unified system is prohibited.

If you store such documents outside of their required locations, you may be subject to disciplinary actions.

INCIDENTAL USE

HEALTHY SCHOOLS ACT OF 2000

The Healthy Schools Act of 2000 requires all California school districts to notify parents/guardians of pesticides, which may be applied during the year. It is the policy of Fresno Unified School District to use the least toxic pest management practices in order to reduce pesticide exposure of the students. The District applies pesticides only when less toxic methods have failed. Only personnel trained in principles of integrated pest management may apply these pesticides. Parents/Guardians may request prior notification, in writing, at least 72 hours before pesticides are applied. Notices of this pesticide application will be posted at the school. Integrated Pest Management Plan

When completed, this template meets the Healthy Schools Act requirement for an integrated pest management (IPM) plan. An IPM plan is required if a child care center uses pesticides¹

IPM statement

It is the goal of Fresno Unified School District to implement IPM by focusing on long-term prevention or suppression of pests through accurate pest identification, by frequent monitoring for pest presence, by applying appropriate action levels, and by making the habitat less conducive to pests using sanitation and mechanical and physical controls. Pesticides that are effective will be used in a manner that minimizes risks to people, property, and the environment, and only after other options have been shown ineffective.

Our pest management objectives are to: *(Example: Focus on long-term pest prevention)*

The School District will focus on using the industry's best practices to provide a safe and healthy learning environment for students, faculty, staff and the community.

IPM team

In addition to the IPM Coordinator, other individuals who are involved in purchasing, making IPM decisions, applying pesticides, and complying with the Healthy Schools Act requirements, include:

Name and/or Title	Role in IPM program
Derek Vedenoff	IPM Coordinator

Pest management contracting

- ☒ Pest management services are contracted to a licensed pest control business.
Pest Control Business name(s): EagleShield Pest Control, Inc.
- ☒ Prior to entering into a contract, the school district has confirmed that the pest control business understands the training requirement and other requirements of the Healthy Schools Act.

Pest identification, monitoring and inspection

Pest Identification is done by: EagleShield Pest Control, Inc.
(Example: College/University staff, Pest Control Business, etc.)

Monitoring and inspecting for pests and conditions that lead to pest problems are done regularly by EagleShield Pest Control, Inc. and results are communicated to the IPM Coordinator.
(Example: District staff title, e.g. Maintenance staff)

Specific information about monitoring and inspecting for pests, such as locations, times, or techniques include:
(Example: Sticky monitoring boards are placed in the kitchen and are checked weekly by custodial staff.)

District facilities are cleaned daily by custodial services staff. Any sign of active pest species will be reported to the IPM Coordinator. The IPM Coordinator will work with EagleShield Pest Control, Inc. to mitigate the pest problem.

Pests and non-chemical management practices

This child care center has identified the following pests and routinely uses the following non-chemical practices to prevent pests from reaching the action level:

Chemical pest management practices

If non-chemical methods are ineffective, the school district will consider pesticides only after careful monitoring indicates that they are needed according to pre-established action levels and will use pesticides that pose the least possible hazard and are effective in a manner that minimizes risks to people, property and the environment.

This child care center expects the following pesticides (pesticide products and active ingredients) to be applied during the year. (This list includes pesticides that will be applied by school district staff or licensed pest control businesses.):

School Meal Services

Question	Department / Office	Phone
What school meals are available for my child?	Nutrition Services	(559) 457-6250

SCHOOL MEAL SERVICES

The Fresno Unified School District offers breakfast and lunch at no charge to all students regardless of income levels. This reduces burdens for both families and school administrators and helps ensure that all students receive nutritious meals. This practice further supports the District's efforts to eliminate all barriers to student learning and helps ensure students are not hungry at school while they are trying to learn.

This change is the result of the district implementing the Community Eligibility Provision, a new option available to schools under the National School Lunch Program and School Breakfast Program. The Community Eligibility Provision is for high-poverty schools to expand access to free school meals while reducing paperwork and streamlining meal service operation. **Meal Applications will no longer be required.**

The goal of the Nutrition Services Department is to provide nutritious, appetizing meals to help students do their best in school each day.

NUTRITION SERVICES

E.C. 49590

The State Department of Education shall ensure that the nutrition levels of the meals served to school-age children pursuant to the National School Lunch Act be the highest quality and greatest nutritional value possible.

Further information regarding school nutrition may be found in E.C. 49430-49436, and the Duffy-Moscone Family Nutrition Education and Services Act of 1970. E.C. 49510-49520

Fresno Unified has a modern and state of the art Nutrition Center at 4480 North Brawley, that provides meals to 108 school sites.

School site menus can be found at the following website:
<https://fresnounified.nutrislice.com/>

CALIFORNIA FRESH FRUIT AND VEGETABLE PROGRAM

The Fresh Fruit and Vegetable Program (FFVP), administered by the California Department of Education (CDE), provides elementary schools with funding to offer students a free fresh fruit or vegetable snack during the school day.

The FFVP is a reimbursement grant program that the U.S. Department of Agriculture (USDA) administers at the federal level. At the state level, the CDE Nutrition Services Division (NSD) administers the FFVP and selects elementary schools to receive a year-long grant (July–June) to implement the program. The purpose of this federal assistance program is to provide an additional free fresh fruit or vegetable snack to students during the school day as a supplement to (and not part of) the School Breakfast Program and the National School Lunch Program, and to teach students about good nutrition. The FFVP also encourages grantees to develop partnerships at the state and local level for support in implementing and operating the program.

SPECIAL DIETS MEAL ACCOMMODATIONS

Fresno Unified School District's Nutrition Services department strives to accommodate the special dietary needs of our students. To request a special diet accommodation, the student's Parent/guardian must submit a medical statement request form signed by a licensed physician, physician's assistant, or nurse practitioner to Nutrition Services through the school site cafeteria leader.

All Medical Statement Forms must be completely filled out. Lines answered with "N/A" or lines left blank will be required to be sent back to the doctor for completion prior to being accommodated.

Should you have any questions or concerns, please contact the Special Diets team at Nutrition Services by phone: (559) 457-6250

Parents can get a copy of the Medical Statement Request Form from the school site nurse or by visiting the Nutrition Services department website.

COMPETITIVE FOODS

Competitive foods and beverages are those that are sold to students on school campus, during the school day, outside of and in competition with the federally reimbursable meal programs. Examples of competitive foods and beverages include those sold during the school day in vending machines (that are not reimbursable meals), student stores, à la carte items sold by the school Nutrition Services department, or as fundraisers.

Competitive foods and beverages are governed by different laws, regulations, and policies at the federal, state, and school district levels. Congress enacts laws and the USDA promulgates regulations related to school nutrition. At the state level, the Legislature enacts laws and the State Board of Education adopts regulations related to nutrition. Lastly, each SFA participating in a federally reimbursable meal program is required to adopt a local school wellness policy that includes nutrition standards for all foods and beverages that are available for sale to students.

Fresno Unified School District follows the guidelines set forth by the Smart Snack Standards, as described in the Quick Reference cards published by the California Department of Education, Nutrition Services Division in July 2014, updated January 2017.

SCHOOL WELLNESS POLICY BP 5030

The federal government requires any school district that participates in the National School Meals Program to have a local school wellness policy. Local wellness policies are an important tool for school districts in promoting student wellness, preventing, and reducing childhood obesity, and providing assurance that school meal nutrition guidelines meet the minimum federal school meal standards. (Education Code 49432; 42 USC 1758b; 7 CFR 210.31)

Fresno Unified recognizes the link between student health and learning and aims to create a healthy school environment that enhances the development of life-long wellness practices to promote healthy eating and physical activity that support student achievement.

The Fresno Unified Student Wellness Policy was revised in 2020 to comply with the new federal and state regulations. Guided by the Student Wellness Policy BP 5030, together we can help all students learn, grow, and thrive. For further information, please email student.wellness@fresnounified.org.

No test, questionnaire, survey, or examination containing any questions about the pupil's personal beliefs or practices in sex, family life, morality, and religion, or any questions about the pupil's parents'/guardians' beliefs and practices in sex, family life, morality, and religion, shall be administered to any pupil in kindergarten or grades 1 to 12, inclusive, unless the parent/guardian of the pupil is notified in writing that this test, questionnaire, survey, or examination is to be administered and the parent/guardian of the pupil gives written permission for the pupil to take this test, questionnaire, survey, or examination.

PUPILS: SCHOOL BUILDING

E.C. 17288

The Governing Board of each school district shall notify in writing the parent/guardian of each high school pupil who attends a special program on a University of California, or California State University campus building, prior to the pupil's attendance on that campus. The notification is to state the student is considered a pupil of that campus, and the campus buildings are not considered to be held to the same standard as elementary or secondary schools.

RELIGIOUS EXPRESSION IN THE SCHOOLS

B.P. 6141.2

Public schools may not inculcate or inhibit religion. Schools must be places where religion and religious conviction are treated with fairness and respect. The District upholds the First Amendment when it protects the religious liberty rights of students of all faiths and students who profess no faith. Schools also demonstrate fairness when they ensure that the curriculum includes study about religion, where appropriate, as an important part of a complete education.

The Governing Board recognizes that students' education would be incomplete without an understanding of the role of religion in history. It is both proper and important for teachers to objectively discuss the influences of various religions, using religious words and symbols to illustrate their relationship with society, literature, or the arts. The Board expects that such instruction will identify principles common to many religions and foster respect for the multiple creeds practiced by the peoples of the world.

In order to respect each student's individual right to freedom of religious practice, religious indoctrination is forbidden in public schools. Instruction about religion must not favor, promote, or demean the beliefs or customs of any particular religion or sect, or those who hold no religious beliefs. Staff should be highly sensitive to their obligation not to interfere with the religious development of any student in whatever tradition the student embraces.

Staff shall not endorse, encourage, or solicit religious or antireligious expression or activities among students. They shall not lead students in prayer or participate in student-initiated prayer. However, staff shall not prohibit or discourage any student from praying or otherwise expressing their religious belief as long as this does not disrupt the classroom or the educational environment; nor shall staff make any student a captive audience to prayer.

Students may express their beliefs about religion in their homework, artwork, and other written and oral reports if the expression is germane to the assignment. Such work shall be judged by ordinary academic standards, free of discrimination based on religious content.

Instruction which is contrary to a student's religious beliefs and teaching may be optional for the student in accordance with the Education Code or at the discretion of the Superintendent or designee.

RELIGIOUS TRAINING AND BELIEFS

E.C. 51240

(a) If any part of a school's instruction in health conflicts with the religious training and beliefs of a parent or guardian of a pupil, the pupil, upon written request of the parent or guardian, shall be excused from the part of the instruction that conflicts with the religious training and beliefs.

(b) For purposes of this section, "religious training and beliefs" includes personal moral convictions.

Religious expression in public schools involves a careful balancing of free speech rights and the right to free exercise of religion without promoting or establishing religion. In order to provide guidance to school staff in the balancing of these competing interests, the Board directs the administration to develop a regulation that provides general guidance regarding religious expression in the schools consistent with this policy, existing law, existing District regulations, and the U.S. Secretary of Education's General Guidance Regarding Religious Expression in Public Schools.

NOTIFICATION TO FAMILIES ABOUT KEEPING FIREARMS OUT OF THE HANDS OF CHILDREN

S.B. 906

There have been many news reports of children bringing firearms to school. In many instances, the child obtained the firearm(s) from his or her home. These incidents can be easily prevented by storing firearms in a safe and secure manner, including keeping them locked up when not in use and storing them separately from ammunition.

To help understand legal responsibilities and California law these practices should be in place:

- With very limited exceptions, California makes a person criminally liable for keeping any firearm, loaded or unloaded, within any premises that are under their custody and control where that person knows or reasonably should know that a child is likely to gain access to the firearm without the permission of the child's parent or legal guardian, and the child obtains access to the firearm and thereby (1) causes death or injury to the child or any other person; (2) carries the firearm off the premises or to a public place, including to any preschool or school grades kindergarten through twelfth grade, or to any school-sponsored event, activity, or performance; or (3) unlawfully brandishes the firearm to others.
- With very limited exceptions, California also makes it a crime for a person to negligently store or leave any firearm, loaded or unloaded, on their premises in a location where the person knows or reasonably should know that a child is likely to gain access to it without the permission of the child's parent or legal guardian, unless reasonable action is taken to secure the firearm against access by the child, even where a minor never actually accesses the firearm.
- In addition to potential fines and terms of imprisonment, as of January 1, 2020 a gun owner found criminally liable under these California laws faces prohibitions from possessing, controlling, owning, receiving, or purchasing a firearm for 10 years.
- A parent or guardian may also be civilly liable for damages resulting from the discharge of a firearm by that person's child or ward.

FAMILY ENGAGEMENT

FAMILY ENGAGEMENT POLICY

State Board of Education Policy #89-01

A critical dimension of effective schooling is parent involvement. Research has shown conclusively that parent and family involvement at home and in their children's education, improves student achievement. Furthermore, when parents are involved at school,

their children perform better academically and are better prepared for higher education and beyond.

IMPORTANT FACTS:

1. Families provide the primary educational environment.
2. Family engagement improves student achievement.
3. Family engagement is most effective when it is comprehensive, supportive, long-lasting, and well planned.
4. The benefits of Family engagement are not limited to early childhood or the elementary level; there are continuing positive effects through high school and beyond.
5. Engaging families in supporting their children's education at home is not enough. To ensure the quality of schools as institutions serving the community, parents must be involved at all levels in the schools.
6. The extent of family engagement in a child's education is more important to student success than family income or parent education.
7. We cannot look at the school and the home in isolation from one another; families and schools need to collaborate to help children adjust to the world of school. This is particularly critical for children from families with different cultural and language backgrounds.
