July 18, 2026,

Dear Ridgeview Families,

I hope your family is finding time to rest and enjoy quality time this summer. The upcoming school year is fast approaching. Our staff have been working diligently to ensure the upcoming school year is successful. We are excited to welcome our students back to campus for another great year.

Schedules are now visible in PowerSchool. Please note these schedules are **preliminary** and may change as we continue balancing classes and making necessary adjustments. We appreciate your patience as we work to ensure the best possible schedules for all students.

Final schedules will be available for pickup on **Thursday, August 6**. Additional information regarding pickup times and procedures will be shared soon.

We are excited to welcome our newest Raptors! All incoming 7th grade students are encouraged to attend **WEB Orientation on Thursday, August 6**. Orientation is a fun opportunity for students to meet their WEB Leaders, become familiar with campus, connect with classmates, and begin the school year with confidence.

We look forward to seeing our Raptor families and kicking off another outstanding school year. **More information regarding schedule pickup, WEB Orientation, and the start of the school year will be shared soon.**

Steven Mueller
Principal, Ridgeview Middle School
