

Everything happening in your child's classroom is one download away. Find these free apps in the App Store or Google Play and never miss a moment.

**OnCourse**

**OnCourse Connect** is a student and parent portal app that provides access to **grades, assignments, attendance, and class schedules**. It also sends notifications about grades, helping families stay informed and connected to their student's academic progress. This app also maintains contact information for parents and guardians.

**ClassDojo** is a communication app that connects teachers, families, and students in one place. It allows teachers to share **classroom updates, messages, photos, and student progress**.

**ClassDojo**

**My Ride K-12**

**My Ride K-12** is a school transportation app that lets parents and students view **bus routes, schedules, and real-time bus locations**. Parents can download the app and get the five-digit code for their child from their school's front office.

**The RPSB app** provides parents, students, and staff with easy access to **district news, announcements, calendars, photos, and important district information**. It helps families stay informed and connected with the district.
