

Northwest Middle School

Supply Lists 2026-27

As you get ready for the new year, please remember:

- Students pass through Scan Stations each morning.
- Avoid 3-ring binders with metal rings and pencil cases, as they can trigger the scanners—especially when carrying your Chromebook.
- Please also avoid backpacks with metal bars or frames.
- If you need to bring an eyeglass case, umbrella or any other metal items, you'll place it on the pass-around table each morning.

Students will be carrying all supplies in bookbags. Except for what encore/electives require, they will not need items that are not on this list because this may cause bookbags to be too heavy. Also, please do not purchase trapper keepers or other binders.
