

CCHS Student Parking and Off-Campus Expectations

Parking on campus at CCHS is a privilege. Students are expected to abide by school expectations and be good citizens while off campus. We are confident all CCHS students can and will meet these expectations, but in circumstances where expectations are not met, vehicles may be towed and parking privileges may be suspended or revoked entirely. Below is a list of basic expectations for maintaining a parking permit. Please note this list is not exhaustive, and parking privileges may be revoked for reasons not explicitly outlined below.

Student Expectations:

- Students must drive safely and follow the 15 mph speed limit on campus.
- Students must park in designated student areas and marked parking spaces.
- Students must have a valid parking permit displayed in their cars.
- Juniors may only park on the hill, not in the main parking lot.
- Students may not transport students who do not have off-campus privileges or transport any student while they are a Junior Operator.
- Students are expected to meet all school behavioral expectations while off campus.
- Students must meet attendance expectations, including arriving at class on time and attending all classes. Students who exceed 7 unexcused class absences in a quarter will have their permits revoked for the remainder of the quarter. Students who continue to exceed this number of absences will have their permit revoked for the year.
