

Registration Process:

The session will begin September 14, 2026. Registration will begin via Family ID on June 2, 2026 and will continue until September 1, 2026. The program needs to be paid in full (15 weeks) upon registration. **There are no refunds.**

Children do not need to be in Child Care to take advantage of the E-STEAM morning program.

All of our E-STEAM classes are in the mornings before school starts either at 8:10 AM or for Coding 7:50 AM.

PLAINVIEW-OLD BETHPAGE CENTRAL SCHOOL DISTRICT

CHILD CARE PROGRAM

WELCOME TO E-STEAM AN EARLY MORNING CHILD CARE ENRICHMENT PROGRAM DESIGNED FOR ELEMENTARY STUDENTS K-4

We are pleased to offer special morning enrichment programs to our elementary children in grades kindergarten through 4th grade. These programs are cross-curricular and will boost your child's learning of Science, Technology, Engineering, Art and Math. These skills are attained in a fun, innovative manner as your child gets ready to start their school day. We are excited to offer the following programs:

Chess
Coding
Musical Theater

POB CHILD CARE

Child Care & E-STEAM
Coordinator

Coding \$190

Students will explore the fundamentals of computer programming through engaging, hands-on activities that promote collaboration, problem-solving, and perseverance. Through guided instruction, they will design and create their own interactive games and digital stories, which they can share with others.

As students build proficiency, they will be introduced to increasingly advanced coding concepts, allowing them to grow and progress at a pace that meets their individual needs. Instruction is differentiated to support learners at all levels.

Students will utilize age-appropriate platforms, including Tynker, Code.org, and Kodable, with teacher guidance to support skill development and creativity.

Chess \$310

Start the day with a smart move! Our Morning Chess Class is the perfect way for Kindergarten through 4th grade students to wake up their minds and build valuable skills in a fun, supportive environment.

Each session introduces students to the exciting world of chess through interactive lessons, engaging puzzles, and friendly games. Whether your child is brand new to the board or already knows how the pieces move, our experienced instructors guide them step-by-step, helping them grow in confidence and ability.

Beyond the game itself, students develop critical thinking, problem-solving skills, focus, and patience—all while making new friends and having fun before the school day begins. We emphasize good sportsmanship, creativity, and strategic thinking in every class.

Give your child a bright start to their morning—join us for a program where learning meets play, and every move matters!

Musical Theater \$300

Willie Wonka

Step into a world of pure imagination in this delightful musical theater adventure inspired by Roald Dahl's beloved story! Students will journey into the magical world of the famous candy maker as they bring this whimsical tale to life through acting, singing, and dance.

Along the way, performers will learn lines, songs, and lively choreography while building confidence, creativity, and teamwork in a fun and supportive setting. From golden tickets to chocolatey surprises, every class is filled with excitement and discovery.

The experience concludes with a special evening performance at the end of the semester, where students will shine on stage and share their sweet success with family and friends!
