

Community Schools Advisory Council

A Community School Advisory Council (CSAC) is a group of parents, students, school staff, community partners, and other stakeholders who work together to support the success and well-being of all students. The council serves as a bridge between the school and community by providing input on school programs, resources, events, and services that meet the needs of students and families.

We invite you to join our Community Advisory Council meeting and help shape the future of our school. Stay informed about the latest school updates, upcoming events, and important campus initiatives. This is also an opportunity to share your concerns, ideas, and feedback. **Your voice is important, and your input helps guide decisions that affect our students and community.**
