Executive Summary

Introduction

The California education code requires all school districts to adopt a budget for the 2026 - 2027 school year by July 1, 2026. This budget is to be used as the spending plan for the school year. However, the budget is a living document and will change as conditions in the State vary or as unanticipated needs arise within the local community.

2026 - 2027 Budget

The Governor's State Budget proposal for 2026 - 2027 (May Revision) was released on May 14, 2026 with an improved economic outlook compared to his original budget proposed in January. The May Revise increases revenue projections by nearly $16.5 billion over a three-year budget window (2024-25 through 2026-27). This is primarily a result of large increases in personal income tax collections along with modest increases in corporate taxes and sales taxes. The May Revision is highlighted as being a balanced budget and includes contributions to the Budget Stabilization Account, general fund reserves and the Public School System Stabilization Account. However, the proposal also includes spending reductions, funding shifts and transfers and other strategies to maintain a balanced status in 2027-28.

Regarding TK-12 public education, the May Revision is committed to supporting existing programs and protecting the State's investments. The proposal includes a healthy Cost of Living Adjustment (COLA) for the Local Control Funding Formula (LCFF) and several categorical programs, significant one-time funding, and a large increase in Special Education funding. At the time of this writing, the Legislature has reviewed the Governor's budget and proposed an alternative budget to the Governor. Some of the major highlights of the May Revision include:

1) **LCFF Funding.** The Governor has proposed to fund the statutory COLA of 2.87% for LCFF funding. This is slightly more than the 2.41% COLA proposed in January. This COLA increase will also be applied to other programs such as Special Education, the Mandate Block Grant and Child Nutrition. In addition, the Governor has proposed an additional 1.44% increase to the LCFF for a combined SuperCOLA of 4.31%. The additional 1.44% is intended to fund the Governor's new proposed requirement to provide employees with up to 14 weeks of paid pregnancy/disability leave. TTUSD continues to be a Basic Aid (or community funded) school district in 2026 - 2027. This means our property tax revenue exceeds the minimum base funding level established by the State. Therefore, TTUSD will not benefit from the proposed 2.87% LCFF COLA but we will receive the COLA for other programs. However, if the 4.31% SuperCola is approved, the District may still be obligated to provide the 14 weeks of paid pregnancy/disability leave to employees.

2) **Expanded Learning Opportunity Program (ELOP).** The May Revision continues the Expanded Learning Opportunity Program introduced in 2021 – 2022. This funding is intended to provide expanded before and after school enrichment programs for targeted high needs students. The Governor is proposing to increase program funding to ensure that all districts will receive no less

than $1,800 per ADA. This would potentially increase our ELOP funding by approximately $140,000.

3) **Universal Transitional Kindergarten.** As of 2026 - 2027 Universal TK has been fully implemented. The District will continue to be required to offer TK to any student turning four by September 1. In addition, the adult to student staffing ratio remains 10:1. This requires the district to provide one Transitional Kindergarten Instructional Aide (TK IA) for every TK class of 20 students and two TK IA's for every TK class over 20. Funding for Universal TK in included in the LCFF formula. TTUSD does not receive this additional funding.

4) **Universal Meals Program.** The May Revision includes an additional $2.8 million for the Universal Meals Program. Beginning in 2022- 2023, districts are required to provide 2 free meals per day to every student who requests a meal. This funding will backfill meal reimbursements not eligible under the Federal School Nutrition Program.

5) **Special Education Base Rate.** The Governor is proposing an additional $2.4 billion to increase the Special Education base rates from $943 per ADA to $1,340 per ADA. If approved, this would generate an additional $1.5 milllion in Special Education funding for the District. This additional funding has not been included in our proposed budget.

6) **Student Support and Professional Development Discretionary Block Grant (SSPDD Block Grant).** The May Revision includes $5.1 billion in one-time funding to support professional development, student instructional support, and rising costs. This grant is flexible in its use to districts and is estimated to generate approximately $3.46 million for TTUSD. The Assembly and Senate are recommending to increase this grant to $5.6 billion and $6.5 billion, respectively. The legislature's proposal would generate between $3.8 million and $4.4 million for the District. This one-time funding has not been included in the proposed TTUSD budget.

7) **Learning Recovery Emergency Block Grant (LREBG).** The May Revise includes a continuation of the LREBG in the amount of $757.3 million to support learning recovery initiatives. This could provide approximately $306,000 to TTUSD. Half of this amount, $153,000, has been included in the TTUSD proposed budget.

Federal Funding

The fate of Federal funding continues to be an unknown for California TK-12 school districts. The Trump Administration recently released its fiscal year 2027 budget proposal which includes many of the same themes that were proposed in 2026. Many of the proposals in 2026 were rejected by Congress and did not go into effect. However, we cannot be certain Congress will reject these proposals a second time. The TTUSD proposed budget includes Federal funding at prior year levels but this may change as we receive more definitive information. The following is a list of current Federal Funding proposal that could impact TTUSD:

1) **Title I.** The District anticipates approximately $356,000 in 2026 – 2027 Title I funding to support low income students. The current Federal proposal is to keep Title I funding levels the same as in 2025 – 2026.
2) **Make Education Great Again Grant Program.** The Trump Administration has re-titled its efforts to consolidate 17 education programs into a single $2 billion block grant. Districts would have more flexibility in how they could use these Federal dollars. However, the current funding level for all these programs is $6.6 billion. This would be an overall cut of $4.4 billion. Currently the District receives funding for two programs listed in this block grant: Title II ($62,682) and Title IV ($31,309). Since we do not know the eligibility criteria or the allocation methodology of the block grant it is difficult to gauge the financial impact of this proposal.
3) **Special Education (Individuals with Disabilities Education Act or IDEA) Funding.** The Federal proposal is to increase funding for the primary IDEA programs by $538 million while eliminating funding for some of the smaller programs such as the Preschool Grant Program. Funding for the smaller programs will be consolidated into the main IDEA program grants. The District does receive a small amount of IDEA preschool grants (approximately $13,000). However, if this program is incorporated into the main IDEA grant the impact would be minimal.
4) **Programs Proposed for Elimination.** The Trump Administration is proposing the elimination of several other K-12 education programs totaling $2.1 billion. The elimination proposal includes one program of the District, Title III (English Language Acquisition). The District currently receives two Title III allocations: Title III for immigrant education (approximately $12,555) and Title III for limited English proficiency (approximately $55,005).

Budget Development

The development of this budget is consistent with the vision, beliefs, goals, and priorities of the Board of Education of the Tahoe Truckee Unified School District. All financial and budgetary decisions were made with consideration of the Board's Belief No. 1: Students are the focus of all decisions and the District Strategic Plan.

Financial Summary and Comparisons

Enclosed you will find the 2026 - 2027 proposed budget for TTUSD. The attached budget report is in the Standardized Account Code System (SACS) financial reporting format. This executive summary includes financial data that summarizes and explains the SACS report. The following section provides descriptions of the major funding sources and expenditure categories for the General Fund and highlights the changes and assumptions built into the 2026 - 2027 Proposed Budget.

Estimated Actuals

Throughout the budget cycle there are many revisions applied to the original adopted budget as new information becomes available, including the adoption of the State budget. The district is required to present formal revisions to the adopted budget at specific reporting periods during the year: The First Interim Report includes all budget revisions through October 31, 2025 and was presented in December. The Second Interim Report includes budget revisions as of January 31, 2026 and was reported in March. The Board has already reviewed and approved the First and Second Interim changes to the 2025 - 2026 budget. The last budget revision required by the District is Estimated Actuals which is included in the SACS report alongside the 2026 - 2027 Proposed Budget. Estimated Actuals are staff's best estimate on how we will end the 2025 - 2026 fiscal year. The estimated actuals are not only a way to gauge our ending fund balances, but they also help us determine appropriate budget amounts when building the proposed 2026 - 2027 budget. Since these are the final budget revisions for 2025 - 2026, they are a better indicator when comparing changes to the new budget. Therefore, all variances calculated in the tables and narrative below result from the comparisons between the 2025 - 2026 Estimated Actuals and the 2026 - 2027 Proposed Budget. However, we have also included the 2025 - 2026 Original Budget numbers as an additional reference when reviewing the Proposed Budget.

Revenue

Overall, the 2026 - 2027 budget shows an increase in revenue of $923,867 when compared to the 2025 - 2026 estimated actuals. Changes in revenues are included in the summaries below.

1. **Property Taxes/State Aid/EPA (LCFF Sources):** The majority of revenue in this category is property taxes. Property taxes consist of homeowner's exemptions, timber yield taxes, secured roll taxes, and unsecured roll taxes. This also includes State Aid from former categorical programs, Education Protection Account Funding and the in-lieu tax obligation paid to Sierra Expeditionary Learning School and other charter schools. Overall, this category increased $3,506,805 or 4.4%. This is mainly a result of increases in property tax revenues. The following provides more detail of the funding sources included in this category.
    a. Property Taxes: This category is our main source of unrestricted general fund revenues. Increases in property taxes are dependent upon the performance of the local real estate market (i.e., sales of existing homes and commercial properties) and new residential and commercial construction projects in our area. It is estimated that the assessed values of

properties within the District will increase by 4.50% in 2026 - 2027. This translates to an overall increase of 4.49% or $3,386,085 in new property tax revenues for 2026 - 2027.

b. Former Redevelopment Agency (RDA) revenues: The district receives revenue from the RDA in the form of community funds and residual tax allocations. We are projecting an increase of $153,922 in RDA revenues for 2026 - 2027.
c. Education Protection Account (EPA): EPA funding was authorized by the passage of Proposition 30 and later extended by Proposition 55. EPA funding was intended to backfill funding shortages for school district revenue limits and prevent future cuts to K-12 schools. The language of Proposition 30 also provided that no school district would receive less than $200 per student. This exclusively benefits Basic Aid school districts that do not receive LCFF funding. We anticipate $731,540 in EPA funding for the 2026 - 2027 budget.
d. Transfers to Charter School: We currently fund the general purpose entitlement grants for SELS through our property tax collections. This is called our in-lieu property tax obligation. SELS is funded according to the LCFF model. The per student LCFF funding amounts are updated by the State annually. When the State increases the LCFF funding, our in-lieu tax obligation increases, thereby reducing our overall property taxes. In addition, the District is also required to pay in-lieu property taxes for our resident students attending county-wide charter schools sponsored by Nevada County Office of Education and Placer County Office of Education. We have several students attending these programs. In 2026 - 2027 our in-lieu property tax transfer is estimated at $2,389,244, an increase of $19,960 from 2025 - 2026.
e. Transfers to Deferred Maintenance: In order to ensure that there is adequate funding to perform long-term maintenance projects, the District makes annual transfers to the Deferred Maintenance Fund. This budget includes a $450,000 contribution to this fund for the purposes of deferred maintenance projects.
f. Special Education Property Taxes: This funding is distributed to districts from the Special Education Local Plan Area (SELPA) to be used for special education programs. The District estimates receiving $1,193,821 in 2026 - 2027.
g. State Aid: The District anticipates to receive $1,906,330 as Minimum State Aid from the State.

2. **Federal Revenue:** This revenue category consists of funding for all Federal programs to include: Title I, Title II, Title III, and IDEA (Federal Special Education Grants). Federal funding has decreased by $279,602 or 15.33% due to the following:
    a. Decrease of $182,985 in Title I due to reduced carryover from prior year and declining poverty rates.
    b. Decrease of $28,069 in Federal Special Education Grants due to reduced carryover.
    c. Decrease of $7,312 in Title III.
    d. Decrease of $87,000 in Forest Reserve Funding. The District received a deferred 2023 – 2024 allocation of this funding in 2025 – 2026.

3. **State Revenue:** This revenue source is composed of numerous categorical programs (Lottery revenues, mandate block grant, mental health programs, etc.). State revenue has decreased by $839,139 or 8.0% for the 2026 - 2027 year. This decrease is attributed to:

a. Increase of $189,727 in CalSTRS On-behalf Contribution revenues which are offset by the same amount in expenditures.
b. Decrease of $16,004 in Lottery funding.
c. Increase of $228,592 in Home to School Transportation reimbursements.
d. Decrease of $64,749 in CTEIG funding due to reduced carryover balance.
e. Decrease of $1,127,074 in one-time SSPDD block grant received in 2025 – 2026.
f. Decrease of $54,322 in other State one-time funding.
g. Decrease of $13,532 in workability funding.
h. $13,386 increase in Title II due to carryover.

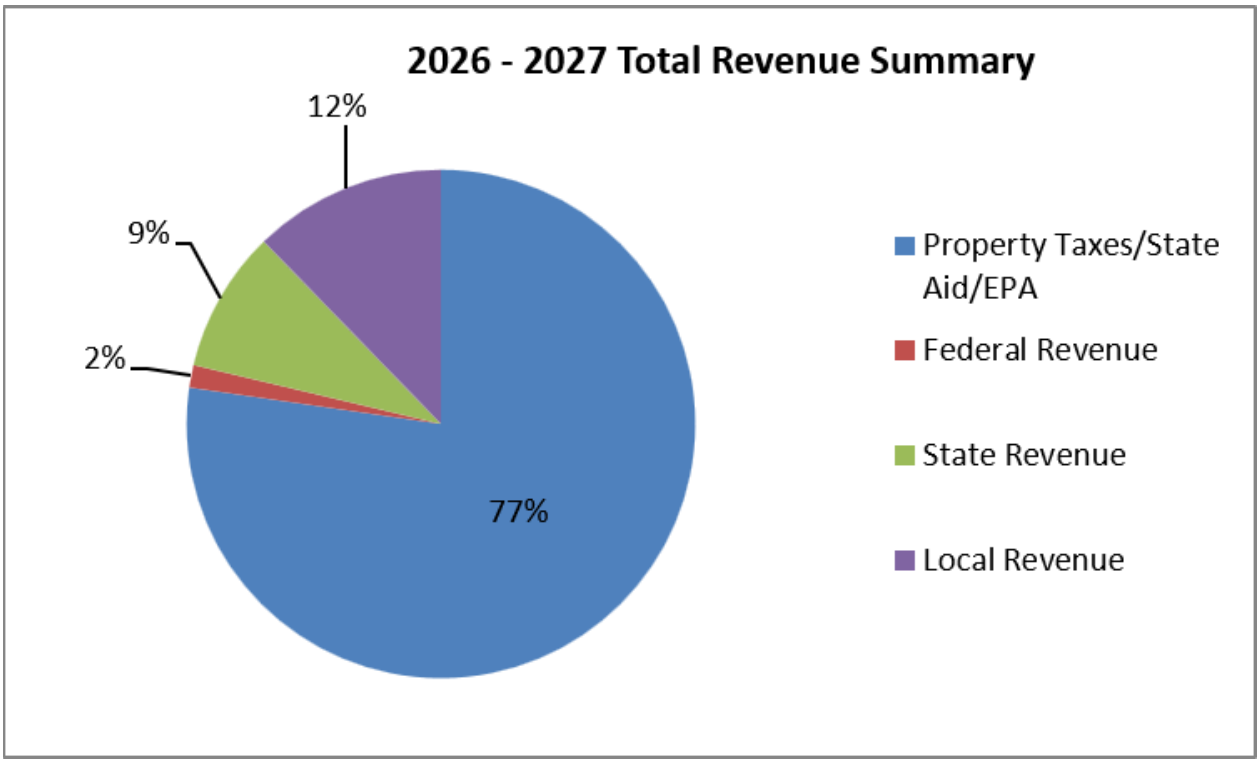

4. **Local Revenue:** Major components of this revenue source include the Measure AA parcel tax, RDA pass-thru funding, facility use fees, interagency fees, local grants and special education funding. The local revenues have decreased by $1,464,197 or 9.99% for the 2026 - 2027 fiscal year. However, the 2026 - 2027 budget does not include the full amount of grants and donations that were received from local organizations and community members during the 2025 - 2026 school year (e.g., Excellence in Education, PTO, etc). These grants and donations are not guaranteed and will be included in the budget as they are received. Major changes in local revenue include:

    a. Measure AA Parcel Tax: In 2018 voters approved a nine-year extension of the Measure A parcel tax (now Measure AA) along with an increase of the tax from $135 to $148 per parcel. The estimated revenues from Measure AA are expected to be $5.66 Million. There is no change in revenue from the prior year.
    b. RDA Pass-through funds: In addition to the RDA funding noted in the Property Tax/State Aid/EPA sources section, the district also receives additional revenue from the RDA. This funding is restricted and can only be used for capital improvements. We anticipate an increase of $49,950 in 2026 - 2027.
    c. Decrease of $413,271 from 2025 - 2026 donations not included in 2026 - 2027.
    d. $50,000 increase in Washoe County tuition.
    e. $103,543 increase in Special Education revenues.
    f. $59,219 decrease in interest earnings.
    g. $270,000 decrease for workers compensation dividend received in 2025 -2026.
    h. $250,349 reduction in one-time mental health grants received in 2025 - 2026.
    i. $220,473 decrease in MediCal reimbursements.
    j. $52,500 increase in community engagement grants.
    k. $82,890 decrease in TUPE grants.
    l. $165,000 decrease in Inflation Reduction Act grants for electric bus purchases.
    m. $108,000 decrease in FEMA grant funding for the Local Hazard Mitigation Plan (LHMP).

The table and the graph on the next page summarize the anticipated revenue for 2026 - 2027.

Expenditures

The district projects expenditures to be $108,324,510 in 2026 - 2027. The largest portion of the budget is allocated for personnel. Salaries and benefits account for 83.9% of the budget. The 2026 - 2027 budget shows an increase in expenditures of approximately $507,325 from the 2025 - 2026 estimated actuals. This increase is attributed to a variety of increases and decreases in different expenditure categories. The following is breakdown of the different general fund expenditure categories along with assumptions used for estimating expenditures.

1. **Certificated Salaries:** This category includes salaries and wages for all teachers, certificated specialists, site and certificated administrators, substitutes, and psychologists. The salaries for certificated staff will decrease by $274,926 in the 2026 - 2027 fiscal year. The decrease includes:

a. Step and Column Increase of $544,206 (estimate).
b. Increase of $255,037 for additional/reduced FTE:
    i. 1.4 FTE middle school teachers to backfill leaves and reduced workloads.
    ii. 2.0 FTE new RSP teachers.
    iii. 0.4 FTE new Speech and Language Pathologists.
    iv. 1.0 FTE new Deaf and Hard of Hearing teacher.
    v. Reduction of 1.0 FTE SDC teacher at North Tahoe High School.
    vi. Reduction of 1.0 FTE elementary teacher.
    vii. $101,463 decrease in Title I positions.
c. Decrease in substitute teacher costs of $337,664 due to the ending of long-term sub assignments, reductions in one-time professional development funding, and the assumption of fully staffed Special Education Instructional Assistants.
d. Decrease of $394,701 for $1,200 one-time payments made in 2025 – 2026.
e. Remaining $341,801 attributed to various reductions to temporary and partial FTE, attrition savings, and extra-duty.

2. **Classified Salaries:** These expenditures include all non-certificated district support staff to include district office personnel, bus drivers, maintenance and custodial staff, site support staff, instructional aids, classified management, and others. Classified salaries increased by $995,323 in 2026 - 2027. Although there were some minor staffing changes within the classified ranks much of this increase is due to:
    a. $437,128 estimate for step and column.
    b. $359,800 decrease for $1,200 one-time payment made in 2025 - 2026.
    c. The $839,638 increase is due to the restoration of vacancy savings realized in 2025 - 2026 for Bus Drivers, Special Education Instructional Assistants, Campus Monitors, and Yard Duties.
    d. The remaining $77,357 attributed to various increase/decreases in positions, extra duty, and overtime.

3. **Employee Benefits:** This expenditure area includes all payments relating to payroll taxes (social security, unemployment insurance, Medicare, etc.), retirement plans (i.e., CalPERS, CalSTRS), and health and welfare benefits. The rates for payroll taxes are determined by the State and Federal Government. The rates for CalPERS and CalSTRS are determined each year by the individual retirement plans. The Governor's Budget proposal includes a CalSTRS rate of 19.10%. The CalPERS rate has been set at 26.40% a reduction 0.41% over the 2025 - 2026 rate. The health and welfare benefit caps for all employees are: $11,447.84 annually for employee only, $13,167.56 annually for employee plus one, and $17,835.23 annually for employees plus family. In 2026 - 2027, employee benefits have increased approximately $933,352. The increase is due to the following:
    a. Increase of $189,727 to recognize the State's CalSTRS on-behalf contributions.
    b. Increase of $120,542 for payroll liabilities associated with certificated step and column increases.
    c. Increase of $155,836 for payroll liabilities associated with classified step and column increases.

d. The remaining variance is a result of additional payroll liabilities and health and welfare benefits from the net increases in certificated and classified salaries, added positions, and recapture of 2025 - 2026 vacancies.

4. **Books and Supplies:** The 2026 - 2027 budget for materials and supplies shows an overall decrease of approximately $866,022 when compared to 2025 - 2026 estimated actuals. Some of the major budget changes in this category are:
    a. Increase of $22,094 in site operations funds due to accounting reclassification from other expenditure categories.
    b. Increase of $33,757 in athletic supplies for new sports.
    c. Decrease of $36,139 in one-time non-capital expenditures made in 2025 - 2026.

    j. Increase of $163,136 for phone system and network infrastructure upgrades.
    k. $386,410 decrease in Arts, Music, and Instructional Materials Block Grant expenditures.
    l. $25,994 decrease in art and music materials and supplies from the Arts and Music in Schools fund.
    m. Decrease of $654,561 from donations and donations carryover not included in budget.
    n. Decrease of $43,594 in materials for RDA Pass-thru projects.
    o. Decrease of $24,130 for kitchen equipment funded by State Kitchen and Infrastructure grants.
    p. The remaining balance consists of miscellaneous re-allocations of funding to other expenditure categories.

5. **Services and Other Operating Expenditures:** This category includes expenditures for professional services, legal counsel, utilities, repairs, and service contracts. Overall, there is a decrease of $1,929,129 in services and operating expenditures. Changes to the 2026 - 2027 budget include:

w. $85,012 decrease in RDA Pass-thru project expenditures.
x. The remaining balance consists of miscellaneous re-allocations of funding to other expenditure categories.

6. **Capital Outlay:** All building and capital improvements as well as large equipment purchases are within this category. We expect an increase of $858,422 in capital outlay in 2026 - 2027.
    a. $155,169 increase in the general equipment replacement budget.
    b. Decrease of $46,425 in arts and music equipment funded with the Arts and Music in Schools grant in 2025 - 2026.
    c. Decrease of $15,538 for equipment funded by a one-time grant in 2025 – 2026.
    d. Increase of $765,216 for roof and pavement repairs funded by the RDA Pass-thru account.

7. **Other Outgo:** This category combines debt service payments and indirect costs (allowable transfers from restricted programs to the unrestricted general fund for providing administrative services). The 2026 - 2027 budget includes $220,200 in expenditures in this category. This category also includes out of State tuition payments to Washoe County of $100,000 and charges for special education services provided by Placer County SELPA. Special Education services through the SELPA have decreased by $97,000 in 2026 – 2027 due to a student graduation.

8. **Other Financing Sources/Uses:** This category includes transfers (or contributions) from the unrestricted general fund to programs in other funds such as pre-school, food service and the STEPP program. This expenditure is expected to decrease by approximately $101,700. This is attributed to decreased contributions to the Food Service and Early Learning Programs.

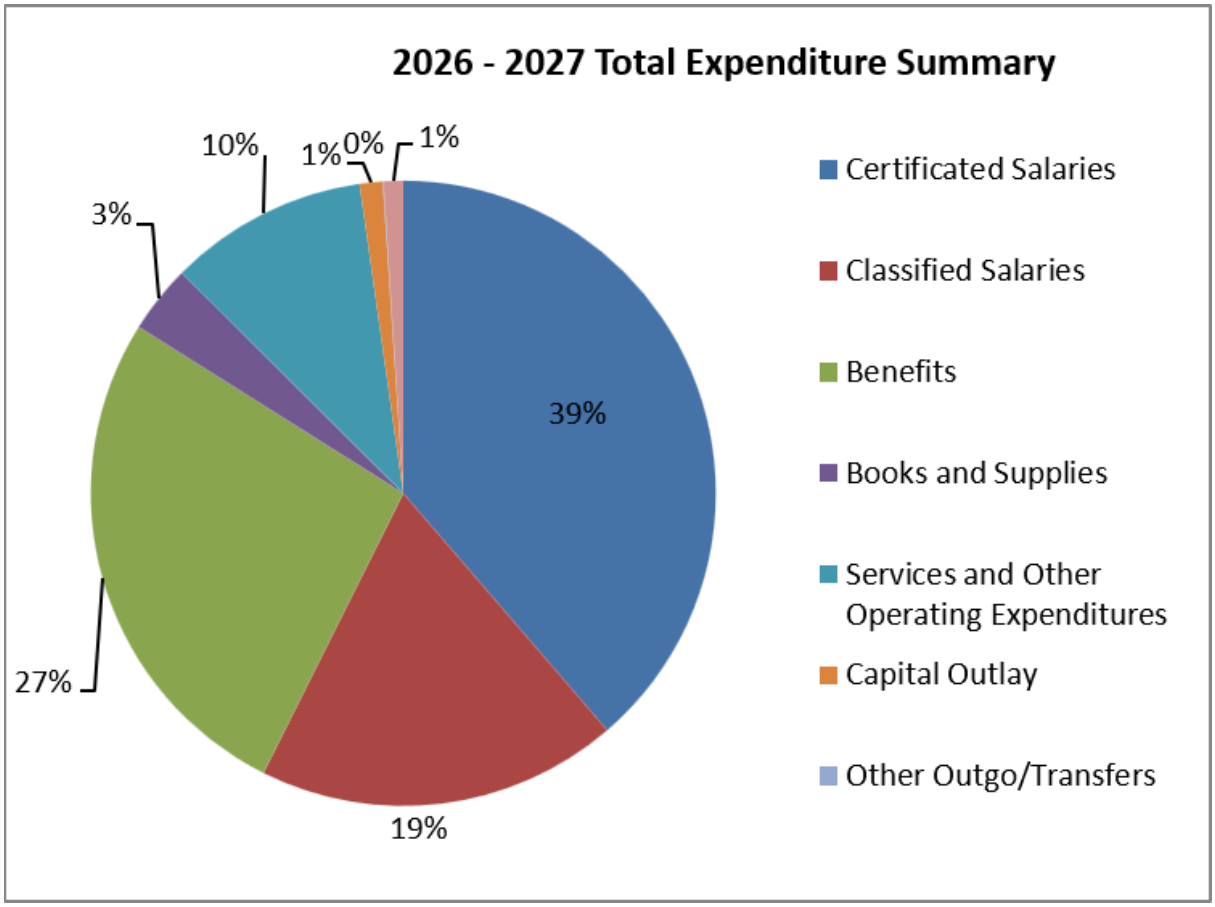

9. **Contributions:** These are the contributions from the unrestricted general fund to restricted general fund programs such as special education and maintenance. There is an increase to contributions in the amount of $390,489 in 2026 - 2027 compared to the 2025 - 2026 estimated actuals. This is mainly due to increased staffing, salaries and services in the special education program including the restoration of vacancies from 2025 - 2026. In addition, we have increased the contribution to Measure AA by $155,507 to sustain classroom programs.

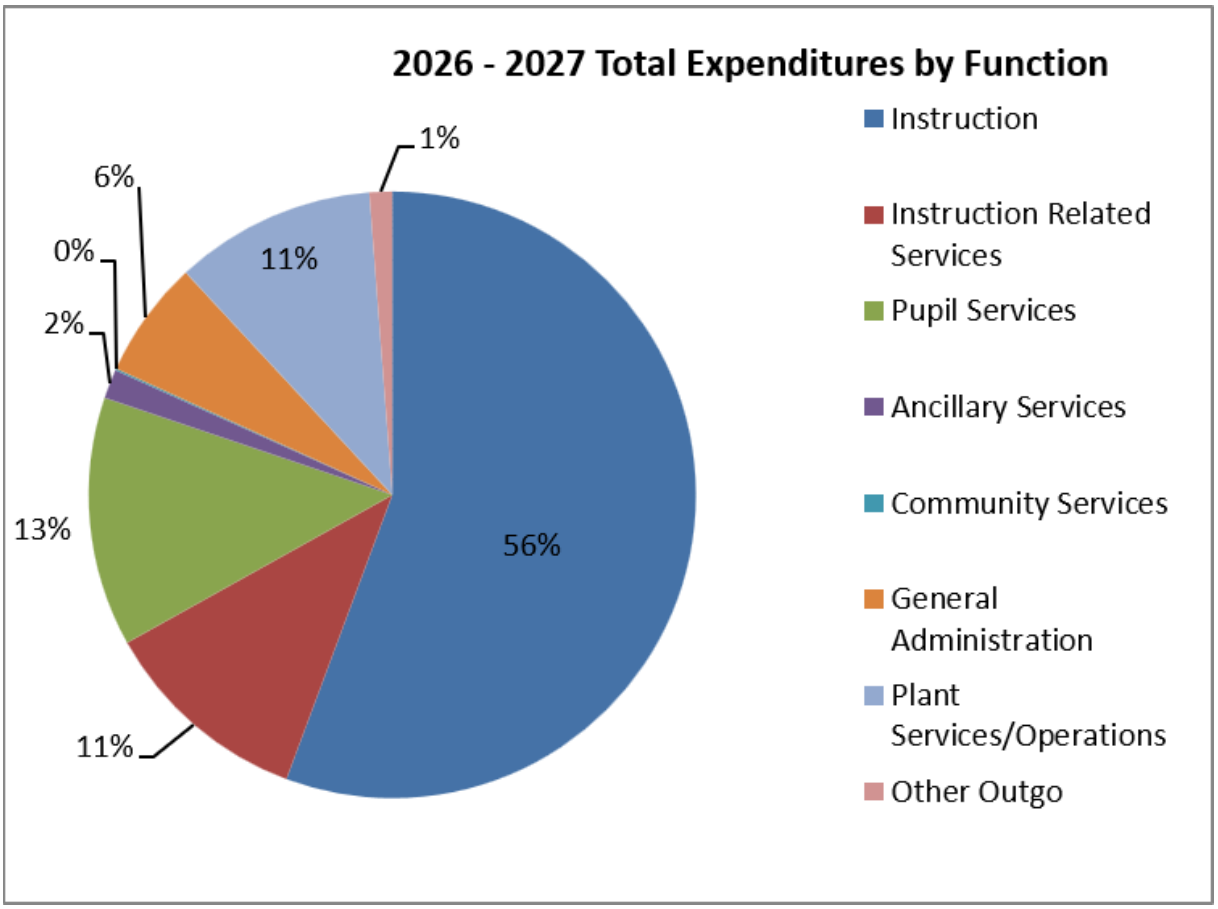

The table below summarizes the expenditures for 2025 - 2026 estimated actuals and the 2026 - 2027 proposed budget.

The charts below and on the next page illustrate how the district spends its money, both by category and by function.

Education Protection Account (Proposition 55) Requirement

Proposition 55 requires that the use of EPA funds be determined by the governing board at an open public meeting. It is the opinion of the California Department of Education that this can be incorporated into the annual budget adoption. EPA revenues and expenditures are included in the 2026 - 2027 Proposed Budget. All EPA funds will be used exclusively to cover teacher salaries. An expenditure plan has been included in the section following the narrative.

Fund Balance and Reserves

Board Policy 3100 establishes a minimum reserve for the district:

Recognizing the unique status of the district as a basic aid district and that ending balance is a one-time funding source, the district will maintain a reserve for economic uncertainty greater than the minimum required by law.

Based upon recommendations of the Governmental Accounting Standards Board, Government Finance Officers Association, California Department of Education's Standardized Account Code Structure (SACS) forum, and the Placer County Office of Education the District shall maintain a reserve for economic uncertainty that falls between a range of 10% and 16%. These measurements are a percentage of current

year budgeted expenditures of the general fund. At no time should the minimum reserve for economic uncertainty fall below 10%. If this occurs the School Board shall direct the Superintendent Chief Learning Officer or designee to make plans to replenish the reserve for economic uncertainty within two fiscal years.

The School Board shall have discretion as to the use of the reserve for economic uncertainty, and as a part of the approval of the annual budget shall review this policy.

Board Policy No. 3100 effectively establishes a target minimum REU of 10.0% and an acceptable range of 10.0% to 16.0%. The projected Reserve for Economic Uncertainties (REU) is $15,393,725 in 2026 - 2027 which represents 14.21% of total budgeted expenditures and other outgo. In addition to this reserve, there are estimated ending fund balances of $8,417,683 in "Restricted" and $1,184,098 in "Other Assigned" designations. The other assigned designation includes $547,216 in the board designated instructional materials reserve fund, $35,000 in the technology replacement reserve, $0.00 in the bus replacement fund, $79,849 in Tahoe Truckee Media reserves, $512,000 in the curriculum reserve, and $1,020 in MAA. The REU increases by approximately $146,466 from 2025 - 2026 estimated actuals mainly due to increased revenues from property taxes. The components of fund balance for 2025 - 2026 and 2026 - 2027 are shown in the table below.

Multi-Year Projections

As a requirement of AB 1200, school districts are required to prepare a multi-year projection that includes the current fiscal year as well as the two subsequent fiscal years. Districts are required to show that they can meet their financial obligations in all three years while maintaining the state mandated reserve for economic uncertainty. The multi-year projection is a planning tool that allows districts ample time to make changes if fiscal insolvency appears in the horizon. The multi-year projection (Form MYP) for 2026 - 2027 documents that the District will be able to meet its financial obligations in all three years. Some of the major assumptions used in the multi-year projections are as follows:

1. **Revenue**
    a. Property Tax increases of 3.25% in 2027 - 2028 and 2.75% in 2028 - 2029.
    b. Increase to charter school in-lieu tax payment of $78,786 in 2027 - 2028 and an additional $76,297 in 2028 - 2029.
    c. Mandated Block grant ongoing.
    d. No one-time discretionary funding from the State.

    g. No Changes to Federal Funding in out years.
    h. Forest Reserve funding in all out years.
    i. Measure AA parcel tax funding relatively flat in out years.
    j. Contribution to Deferred Maintenance of $450,000 ongoing (includes $250,000 for COP debt service if needed).

    l. Arts and Music in Schools Funding (Proposition 28) ongoing.
    m. Decrease of $100,000 in interest earnings in 2027 – 2028 and an additional $50,000 in 2028 - 2029.

2. **Expenditures**
    a. No salary increases included.
    b. Annual Step and Column increases of 1.8% for certificated staff and 2.2% for classified staff.
    c. CalSTRS Employer contribution rates at 19.10% in all out years.
    d. CalPERS Employer contribution rates at 26.8% in 2027 - 2028 and 25.9% in 2028 - 2029.
    e. Site operational funding included in all years.
    f. Bus Replacement in all years.
    g. Annual Chromebook replacement of $300,000 in all years.
    h. Attrition reductions of $250,000 in 2027 – 2028 and $150,000 in 2028 - 2029.

    j. CTEIG funding in all out years.
    k. Contributions of $1,898,537 in 2027 - 2028 and $1,983,969 in 2028 - 2029 to Measure AA programs.

l. $200,000 for instructional materials adoptions in 2027 - 2028 and $200,000 in 2028 - 2029.
m. 1-2% annual increases in unrestricted materials and supplies purchases and services and other operating expenditures.
n. Staff computer replacements of $100,000 in 2027 – 2028.

New Reserve Requirement

In accordance with Education Code 42127, beginning in the 2015–16 fiscal year, the governing board of a school district that proposes to adopt a budget that includes a combined assigned and unassigned ending fund balance in excess of the minimum recommended reserve for economic uncertainties shall at the public hearing, provide all of the following for public review and discussion:

(i) The minimum recommended reserve for economic uncertainties for each fiscal year identified in the budget.

(ii) The combined assigned and unassigned ending fund balances that are in excess of the minimum recommended reserve for economic uncertainties for each fiscal year identified in the budget.

(iii) A statement of reasons that substantiates the need for an assigned and unassigned ending fund balance that is in excess of the minimum recommended reserve for economic uncertainties for each fiscal year that the school district identifies an assigned and unassigned ending fund balance that is in excess of the minimum recommended reserve for economic uncertainties.

The excess reserves for 2026 - 2027 and the two subsequent fiscal years are as follows:

	2026 - 2027	2027 - 2028	2028 - 2029
Assigned and Unassigned Ending Fund Balances	$ 16,577,823	$ 17,897,788	$ 20,586,887
Minimum Recommended Reserve (3% of Total General Fund Expenditures)	$ 3,249,735	$ 3,268,078	$ 3,297,728
Excess of Minimum Reserves	**$ 13,328,088**	**$ 14,629,710**	**$ 17,289,159**

The District feels it is necessary to maintain a reserve range of 10-16 % of total general fund expenditures which are in excess of the 3% minimum required reserve level. The excess reserves are needed for the following reasons:

1) Protection from property tax declines. The majority of TTUSD revenue is comprised of local property taxes. Property values are vulnerable during economic downturns which can result in large decreases of property tax revenues for the district.

2) To address increased staffing as a result of enrollment growth.

3) Increased liability for employer contributions for CalSTRS and CalPERS.

4) Purchasing large equipment vital to educational program (e.g., buses, custodial equipment, CTE equipment, etc.).

5) Maintaining a high credit rating which results in lower interest cost to taxpayers for long term debt.

6) Maintaining positive cash balances and eliminating the need to borrow funds.

7) Protection from potential future State education cuts directed at Basic Aid Districts (e.g., Basic Aid Fair Share).

8) Protection from potential future Federal, State, and local funding cuts for all K-12 schools.

9) School facilities maintenance and improvements.

10) Potential parcel tax expiration in 2027 – 2028.

11) Instructional materials adoptions to implement California Common Core State Standards.

Other Funds

The district utilizes several other funds in the course of its operations. These funds are separate from the main general operating fund (Fund 01-Genral Fund).

A. Fund 12 (Child Development Fund) - This fund is used for our State pre-school program as well as the STEPP program. A total of $1,529,879 is budgeted for program expenditures in 2026 - 2027.

B. Fund 13 (Cafeteria Fund) - This fund is used to perform all transactions pertaining to the food service program. The District anticipates $3,958,948 in total program expenditures.

C. Fund 14 (Deferred Maintenance) - This fund is used for large scale building repair and component replacement. The District continues to contribute at least $200,000 to this fund annually. The 2026 - 2027 budget includes a total of $510,142 in expenditures for major maintenance repairs.

D. Fund 21/22 (Building Fund) - This fund is reserved for capital improvements funded by various sources. The District has budgeted $135,322 for project expenditures in 2026 - 2027 to support multiple projects Districtwide.

E. Fund 25 (Capital Facilities Fund) - This fund is restricted for fees collected by developers. The fees are used to perform growth related facilities projects around the district. The District estimates that we will collect $2.0 million in fees in 2026 - 2027. We have budgeted $1,959,222 for the administration of developer fees, planning, and State School Facilities Program eligibility analysis and application processing. It also includes $1.82 million in debt service payments for the 2019 COP.

F. Fund 35 (School Facilities Program) – This fund is reserved for funds received through the State School Facilities Program for school modernizations and new construction. This funding was received retroactively for projects completed during the District's previous Facilities Program and can be used for other projects throughout the District. The District has budgeted $270,000 for an HVAC controls replacement at Alder Creek Middle School and bleacher modifications at North Tahoe High School.
