

Post-Emergency Support (Emergency Preparedness)

Supporting Recovery

Emergencies affect individuals differently. Following a significant incident, Colby-Sawyer College is committed to supporting the recovery and well-being of students, employees, and the broader campus community.

Counseling & Mental Health Support

Students may access support through:

- Baird Health & Counseling Center
- 988 Suicide & Crisis Lifeline
- Community mental health providers and referrals

Employees may access available support resources through the CSC Human Resources' [myHR](#) benefits page.

Academic Support After Disruptions

Following a significant emergency or campus disruption, Colby-Sawyer College is committed to helping students continue their academic progress and access the support they need. Depending on the nature of the incident, academic accommodations, flexibility, advising, and support services may be available.

Students may find assistance through the following resources:

- [Student Success](#) - Helps students navigate academic and support resources available across campus.
- [Career Services at the Harrington Center](#) - Provides academic advising, career planning, internship opportunities, and professional development support.
- [Access Resources](#) - Coordinates disability accommodations and support services to ensure equal access to academic programs and campus life.
- [Office of the Registrar](#) - Provides assistance with registration, academic records, enrollment verification, academic calendars, and other academic procedures.
- [Student Learning Collaborative](#) - Offers tutoring, writing assistance, study skills coaching, and other academic support services at no cost to full-time students.
- [Baird Health & Counseling Center](#) - Provides counseling and wellness support that may assist students recovering from the effects of a disruptive event.

Faculty, advisors, and College staff will work with students whenever possible to help minimize academic disruption and connect them with appropriate resources during the recovery process.

Community Recovery Updates

The College will provide updates regarding:

- Facility restoration
- Campus operations
- Return-to-normal activities
- Available support services
- Recovery milestones and resources

Additional Resources

For a complete list of student support services, including Residential Education, Student Development, Campus Safety, Health Services, and Counseling Services, visit the **Student Support Resources** page. [link to new PDF]
