

District Fees Reduction Application

The family income survey below is used to determine eligibility for free or discounted fees for certain school activities, athletics, or programs. A list of eligible programs and fees is available on your school's website. Providing this information is voluntary; it will be kept confidential and is intended for school district use only. To be eligible, families must submit this information each year.

Household size is defined as all persons — including parents, children, grandparents and all people related or unrelated — who live in your home and share living expenses. If you're applying for a household with a foster child, you may include the foster child in the total household size.

Household income is considered to be any taxable income each household member received before taxes. This includes all wages, social security benefits, pension, unemployment benefits, welfare payments, child support, alimony and any other cash income. Do not include foster care payments as income.
