SCHOOL CLOSINGS AND DELAYS

Each day of inclement weather is unique, and we carefully consider the condition of roads, the location of the storm, and precipitation and temperature predictions before closing or delaying school.

We will announce a school cancellation or delay the evening before if it's possible or in the morning by 6 a.m. ParentSquare allows us to contact our school community within minutes, and families will be notified with the same message by phone, text, and email. The message then remains in ParentSquare under "Alerts."

Area TV and radio stations will also be notified of a school closing or delay, or you can check Centerville Schools' website or social media pages. More information about school closings and delays, including the 2-hour delay start times, is available online: ***www.centerville.k12.oh.us/families/delay-closing-info***

SCHOOL HEALTH

School Health Services are provided by licensed school nurses and registered nurses who work collaboratively to keep students healthy, safe, and ready to learn. If your child has any health concerns or requires specialized nursing care, please contact the school nurse in your child's building to develop and implement a health care plan.

If your child will need prescription and/or non-prescription medication while at school, a doctor's order is required. The appropriate form(s) must be completed by the child's licensed healthcare professional, signed by a parent giving authorization, and reviewed by the school nurse. All medication and forms must be brought to the school by a parent or guardian. Forms are available in our clinics or on our District Forms page: ***www.centerville.k12.oh.us/families/forms***

Proof of immunizations or a waiver form are required when enrolling a student, and students cannot remain in school for more than 14 days if this requirement is not met. If you have questions about immunization requirements, please contact the school nurse in your child's building.

TRANSPORTATION

All preschool through first grade students enrolled in Centerville Schools are eligible for bus transportation. Students in grades 2-12 are eligible for busing if they live more than one mile from their school.

When new families register and students are added to our database, it may take 48-72 hours before transportation information is available. This time is required to route your student and notify the necessary personnel. Transportation information specific to your student will be available from the Home Access Center (HAC): ***hac.centerville.k12.oh.us***

Visit our Transportation page at ***www.centerville.k12.oh.us/departments/transportation*** or by scanning the QR code for links to required transportation forms for each grade level, frequently asked questions for bus riders, and more. If your student's transportation needs change, contact the Transportation office at 937-885-7776.
