The Honors program is a college preparatory program that teaches advanced skills to give students the opportunity to enroll in high school AP courses with the skills required to be successful in the course and pass the exams for college credit.

Students please read and initial next to each of the following statements.
I understand that:

_____ Honors courses may require work outside of class for successful completion of the courses, I should carefully evaluate the time commitments and priorities of extracurricular and community activities before I consider enrolling in the courses.

_____Additional homework and study hours are required in this program and I agree to do the work in order to be successful.

_____By requesting Honors course(s), I am making a commitment to stay in the course for which my enrollment was planned for the entire year unless the course is a semester course.

_____students enrolled in Algebra 1 are expected to take the Algebra 1 EOC in the spring of their 8th grade year.

_____If at any time I experience difficulties with the expectations in the Honors course(s), I will seek assistance from the professional learning community at my school (teachers, counselors, administrators, and parents who are committed to my success), and I agree, as a member of this community, to the interventions or plan suggested by this committee.

_____I must pass each grading period to remain in the class. If I fail one grading period, I may remain in the class on probation with parent/guardian approval but I must pass the next grading period.

Parents please read and initial next to each of the following statements.
