

Clever is our single sign-on learning portal that gives students access to all of their learning applications in one convenient location. Each student's Clever dashboard is personalized to display the apps they will use throughout the school year. Students may occasionally see additional apps on their dashboard; the descriptions below explain the purpose of each application. For step-by-step instructions on logging in to Clever, please refer to the getting started handout at osisd.us/vlac-gettingstarted.

Lincoln Learning Solutions

This app is for students taking Lincoln Learning Solutions courses. Lincoln Learning Solutions serves students in grades K-12.

Imagine Learning Virtual Portal (ILVP)

Imagine Learning ILVP is used for students in grades 9-12. Middle school students (grades 6-8) will also use this app if they are taking a high school-level course or a world language course.

Imagine Edgenuity

This app is for students taking Imagine Edgenuity courses. Imagine Edgenuity serves students in grades 6-8.

i-Ready

Students in grades K-12 will log in to this app three times each school year—fall, winter, and spring—to take reading and math diagnostic assessments.

Xello

Students in grades K-12 will login to Xello to complete their Educational Development Plan (EDP). This is a yearly requirement.

PBIS Rewards

PBIS Rewards helps students earn points for staying engaged, meeting expectations, and celebrating success, then redeem those points for items and incentives in the VLAC School Store.
