2026-2027

NOTIFICATION OF ASBESTOS RE-INSPECTIONS

In compliance with the 1989 U.S. Environmental Protection Agency (EPA) Asbestos Hazard Emergency Response Act (AHERA), we have performed inspections of each of our school buildings for asbestos containing building materials. The inspection findings and asbestos management plans are on file in the district administrative office. The EPA requires us to perform re-inspections of the asbestos materials every three years. The three-year re-inspections will be performed by an accredited asbestos inspector in the fall of 2028. We perform the six-month periodic surveillance as required by the AHERA regulations. The results of the re-inspections and management plans are on file in the district administrative office. Everyone is welcome to view these at any time during normal school hours (Monday – Friday, 8:00 A.M. – 3:30 P.M.).
