

MEMMINGER ELEMENTARY

“A SCHOOL WHERE TEACHERS CHOOSE TO TEACH, FAMILIES WANT TO SEND THEIR CHILDREN,
AND MOST IMPORTANTLY, WHERE CHILDREN LOVE TO ATTEND EACH AND EVERY DAY.”

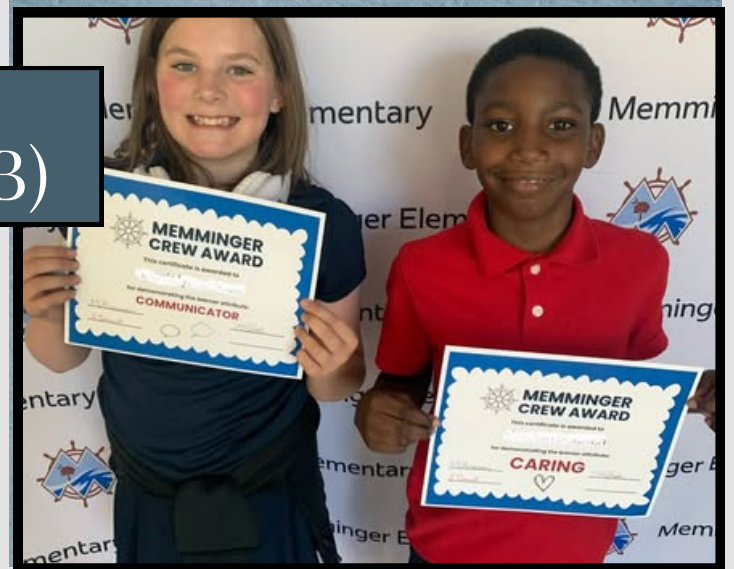

ACADEMICS

High-quality, research-based, and South Carolina standards-based curricula are implemented across the content areas, as well as the integration of arts and International Baccalaureate transdisciplinary standards. We provide whole-group and personalized instruction to meet and exceed the needs of every student.

INTERNATIONAL BACCALAUREATE (IB)

Each month, our Mariners focus on the Attributes of an IB Learner Profile. Students are selected by their homeroom teachers for exhibiting the qualities of an IB Learner and are celebrated at our CREW Meetings. Students learn about the world around them through curiosity, critical thinking, and real-world connections.

RELATED ARTS

Students explore the arts and enrichment daily through art, music, Spanish, physical education, library, and guidance. Fifth-grade students also have the opportunity to participate in orchestra classes.

IB CLUBS

Students attend an IB Club of their choice once per week. Club offerings include gardening, sewing, chess, physical education, cooking, dance, musical instruments, Spanish culture, and reading with therapy dogs.

EXTRA CURRICULARS

Memminger offers students opportunities to explore their talents and build school spirit through basketball, cheerleading, and tennis. Our goal is to continue growing our student-athlete program each year. The basketball and cheer teams are experiencing great success in our inaugural year!

FAMILY ENGAGEMENT

Family and community partnerships are essential to the success of our school. Families are invited to participate in showcases of student learning, classroom and grade-level performances, field trips, special lunches, and other engaging events.
