

Transporting Musical Equipment and Other Large Items:

Musical instruments, sports equipment (secured in enclosed bag), school projects and book bags must be able to fit on the student's lap or under the seat ahead of him/her without endangering the safety of other students. **No** item will be permitted to be stored in the aisle, behind the driver's seat, take any seat designated for student's or block any of the emergency exits.

If these items cannot be placed where described above, the student and/or the item will need to be transported to and from school by their parent/guardian when these items are needed. If these restrictions would prevent your child from taking part in music, sports or any other activity, please contact your building principal to discuss possible solutions.

Thank you,
