

Our Principal

Hello Greenway Park Elementary Community,

My name is Stephanie Range and I am the very proud principal of Greenway Park Creative Arts and Sciences Magnet!! Greenway Park is an amazing school community with a focus on student success and family. The most outstanding part of our school is the people - you will not come across a school community that is as caring, dedicated and nurturing as the Greenway Park Team. As soon as you walk through our door, you will see that in everything we do, kids come first. Our goal is to ensure that they receive an excellent education rooted in authentic learning experiences, rigor and joy. We accomplish this through a strong sense of collaboration and perseverance, continuing Greenway's tradition of pride and excellence.

Just a little bit about myself - I have been a proud member of the CMS community for 29 years, first as a Social Studies teacher at Olympic High School, next as the Director of Talent Development, Advanced Studies and AVID, then principal of Charles H. Parker Academic Center, and currently principal of Greenway Park Elementary since July 2025. My husband Chris and I have a son, Daniel, who just completed his second year in college. Family is very important to me and it is one of my foundational beliefs about school culture. Every stakeholder must feel connected to the school by being heard, valued, and appreciated. This is our core value at Greenway Park.

The motto for Greenway Park this school year is **ROAR to the Next Level**. We will **Reach** every student, **Open** every mind, **Achieve** Excellence and help all kids **Realize** possibilities! We will do everything we can to ensure kids feel welcomed, supported and continue to learn at the highest level. This is how we show our Panther Pride!!

Please feel free to contact me at any time with ideas, concerns and questions by email (stephanie.schoen@cms.k12.nc.us) or by phone (980-343-5060).

Sincerely,
Stephanie Range
Principal, Greenway Park Elementary School
