Office of Communications

75 Calhoun St.,
Charleston, SC 29401
(843) 937-6300

July 1, 2026

Dear Parent or Guardian:

We are pleased to inform you that the schools listed below are all participating in the National School Lunch and School Breakfast Program called the Community Eligibility Provision (CEP) for School Year 2026-2027.

This is great news for you and your students! All enrolled students at the following participating schools are eligible to receive a healthy breakfast and lunch at school at no charge to your household each day of the 2026-2027 school year. No further action is required of you. Children not attending one of the below schools WILL BE REQUIRED to complete a Free & Reduced Priced School Meals application.

For more information, please contact us at 843-746-1375.

About the Charleston County School District

Charleston County School District (CCSD) is a nationally accredited school district dedicated to ensuring every student has access to a high-quality education and the support needed to thrive. As South Carolina's second-largest school system, CCSD serves more than 50,000 students across 91 schools and specialized programs throughout 1,300 square miles of coastal communities, representing a unique blend of urban, suburban, and rural schools.

Under the leadership of Superintendent Anita Huggins, CCSD is focused on accelerating student achievement, expanding opportunities, and preparing every student for success in college, career, and life. Recent district accomplishments include record-high academic performance on state assessments, increasing graduation rates, and significant gains in college and career readiness, reflecting the district's commitment to continuous improvement and educational excellence. Through the Peninsula Promise, CCSD is also expanding access to early learning, college and career pathways, arts, and family support services to create seamless opportunities for students living on the historic Charleston Peninsula.

CCSD offers a diverse and expanding portfolio of educational choices, including neighborhood, magnet, charter, Montessori, and International Baccalaureate (IB) schools and programs. Students have access to rich learning experiences in science, technology, engineering, and mathematics (STEM); visual and performing arts; world languages; military and leadership programs; career and technical education; dual enrollment and early college opportunities; and other innovative pathways designed to meet a wide range of interests and aspirations.

Working in partnership with families, community organizations, higher education institutions, and industry leaders, CCSD remains committed to creating equitable opportunities, fostering student success, and ensuring that every graduate is prepared to contribute and compete in an increasingly complex and interconnected world.
