SENSORY-INCLUSIVE shows create a welcoming and supportive environment for students with special needs. To create our sensory-inclusive setting, slight adjustments have been made including reduced sound levels, no flashing or strobe lights and minimal special effects.

Audience members may move around or leave and re-enter the theater as needed. Students are encouraged to act and react as they would in other settings, ensuring that everyone can enjoy live theater in a way that is comfortable and accessible to them.

The Broward Center's SENSORY-INCLUSIVE programming is made possible through the generous support of:
