Dear Parents & Guardians,

Our district likes to celebrate our students' achievements, activities, and opportunities by sharing them with the community. We currently do this in many ways, such as newsletters, the district's website, the district's official social media sites, and by working with the media.

Stories published may include photographs/video with your child, or his/her name for the purpose of specifically recognizing an achievement or participation in an activity. Names may also be used to "quote" a student in an article. The district also publishes documents where photos may be used as graphic elements. Such as (but not limited to) school calendars, posters, and flyers.

If any parent **OBJECTS** to the use of their child's name and/or photograph being used for these purposes, written notification must be sent to your child's principal. Notification should be received by October 1st. Unless otherwise directed, prior year's permission forms will be in effect until this date.

No action is necessary if you grant permission for your child's name/photograph to be used as described above.

Please complete the following ONLY if you DENY permission for your child to be included:

- ☐ **I OBJECT** to the use of my child's name only, but a photograph/video alone is fine.
- ☐ **I OBJECT** to both my child's photograph/video and his/her name being used for any of the above uses.

If you return this form with neither of the above boxes checked, it will be understood that permission has been granted.
