INTRODUCTION

The purpose of the Code of Student Conduct is to provide students, families, and the public with a clear understanding of the policies, rules, rights, responsibilities, and disciplinary procedures that guide the educational experience within the Baker County School District. While not exhaustive, this document outlines the foundational policies and procedures in effect across the district.

Although these guidelines are broadly established, individual schools may further refine them to reflect the unique needs and circumstances of their campuses.

The Baker County School Board and all educational personnel are committed to ensuring a safe, respectful, and high-quality learning environment for every student. To achieve this, it is essential to define expectations for student behavior, which this handbook seeks to do.

THE HOME, THE SCHOOL, AND THE STUDENT

A successful educational experience relies on a strong partnership between the home, the school, and the student. No one part of this team can be fully effective without the support and cooperation of the others. The Baker County School District values the importance of this partnership and encourages collaborative efforts among educators, families, and students to promote student success and strengthen our community.

This Code of Student Conduct is designed to address shared expectations, responsibilities, and behaviors essential to maintaining an environment conducive to learning. Clear rules and consistent enforcement help us fulfill our mission and earn the continued trust of the public we serve.

The School District is charged in FSS 1003.31 (1) as acting en loco parentis during the time that students are in supervision of the school. District personnel are entitled to make decisions in the best interest of children including, but not limited to questioning, investigating, searching, correcting and teaching.

APPLICATION OF THE CODE

The Code of Student Conduct, along with individual school rules, applies in the following situations:

1. During regular school hours on school property.
2. While students are being transported on school buses and at designated bus stops.
3. At school-sponsored events, field trips, athletic activities, and any other settings where school administrators have jurisdiction.

Additionally, disciplinary action may be taken for student behavior that occurs off-campus if such behavior has a direct and negative impact on the school environment or interferes with the safety and well-being of students or staff.

This Code of Student Conduct applies to ALL students, traditional (brick and mortar students) and non-traditional (including, but not limited to homeschool, PEP, virtual school students, and etc.)

POSITIVE BEHAVIOR INTERVENTIONS AND SUPPORTS (PBIS)

Positive Behavior Interventions and Supports (PBIS) is a district-wide initiative focused on fostering a positive school climate and proactively addressing student behavior. PBIS is a collaborative, data-driven approach that emphasizes education, positive reinforcement, and evidence-based strategies to support meaningful behavior change. Its goal is to create environments where positive behavior is more effective and desirable than disruptive behavior—allowing all students to thrive academically and socially.

STUDENT RIGHTS AND RESPONSIBILITIES

Foreword

This section outlines the rights of students in the Baker County School District, along with the responsibilities that accompany those rights. While not all-inclusive, it reflects both constitutional protections and legal expectations. Individual rights must always be exercised with respect for the rights of others. With freedom comes responsibility, and students must accept accountability for their actions and understand the limits of their rights within the school setting. A well-functioning school community requires a balance—avoiding both excessive control and lack of order. A key goal of public education is to prepare students for active citizenship in a democratic society. To that end, schools must protect students' constitutional freedoms while fostering a respectful and productive learning environment. By understanding and fulfilling their responsibilities, students help create an equitable and supportive school community for all.

Education

Each student has a right to an education, and they also have the responsibility not to interfere with or threaten the education of others by their action.

Each student has the responsibility to attend school regularly and to abide by the policies and regulations of the school.

Students have the right to seek changes in school policies and regulations in an orderly manner by utilizing those channels provided for this purpose.

While students are entitled to educational opportunities provided by the District, academic success depends upon regular attendance, active participation, effort, and compliance with school expectations.

Expression

The primary liberties in a student's life have to do with the processes of inquiry and learning, acquiring and imparting knowledge, and exchanging ideas. **Students may express opinions and support causes publicly or privately, provided such expression does not substantially disrupt the educational environment, infringe upon the rights of others, or violate law, Board policy, or school rules.**

Speech

Every student has the right to express their opinion, either verbally or symbolically, as long as they do not infringe upon the rights of others.

Students may respectfully express viewpoints and engage in the discussion of differing ideas without fear of academic penalty solely because of the opinions they hold.

Where soundness of their position can neither be proved nor disproved with documentation, they shall in no way be penalized academically for holding those views.

A student's responsibility must include personal concerns for the effect of the spoken word or symbolic expression on the personal reputation of others, and a student has the right to have their own personal reputation protected accordingly. Consequently, personal attacks and obscenities are prohibited.

Petition

Students have the right to present petitions. However, the collecting of signatures on petitions shall not disrupt classroom procedures nor interfere with the educational process.

Speech that constitutes harassment, bullying, threats, intimidation, defamation, or substantial disruption of school operations is prohibited.

Press

Journalism provides many learning experiences. In a school community, students involved in student publications, whether in a printed or electronic format, shall convey information with accuracy and insight in such a manner that truth shall remain predominant. Such publications shall operate under the concept of the First Amendment, which guarantees freedom of the press. In order to achieve the full learning experience, only materials alleged to contain the following should be withheld from the press.

- a. Libelous materials by current legal definition.
- b. Obscenity by current legal definition or local obscenity standards.
- c. Materials, which incite others to damage property, physically harm others, or seriously disrupt school activities or the educational process.

Student publications shall operate in accordance with Board Policy 4.070 and applicable law.

The distribution of non-school sponsored publications will be prohibited on school property. Exceptions will be limited to simple announcements of community concern at the discretion of the principal or their appointed delegate.

Assembly

Students have the right to assemble peacefully. **Students may assemble peacefully in a manner that does not materially disrupt school operations or interfere with the rights of others.**

Religion

Students have the right to practice their own religious beliefs, as long as they violate neither the constitutional rights of others nor the Supreme Court's prohibition on a school's extending the mantle of public sanction or support to any particular religion. Students have the right to study, examine, discuss, and analyze religious ideas and institutions just as they may explore any other subject. Students have the right to participate in school-sponsored activities regardless of race, religion, ethnic origin, or economic status.

Satisfactory Conduct

In order for a student to be eligible to participate in interscholastic extracurricular student activities, they must maintain satisfactory conduct and, if the student is convicted of, or is found to have committed a felony, or a delinquent act which would have been a felony if committed by an adult, regardless of whether adjudication is withheld, the student's participation in interscholastic extracurricular activities is terminated until final disposition of charges. **Any student who has been suspended out-of-school may not participate in or attend any extracurricular activities including practices, competitions, performances, and school-sponsored events, through the duration of the suspension.**

Definition of Interscholastic Extracurricular Student Activities

Interscholastic extracurricular student activities are those organized student activities between or among schools, which are carried on outside the curriculum or regular course of study in school. These activities may involve displays of talent, which include, but are not limited to, sports, music festivals, speech, debate, art, and drama competitions.

Government

Students have the right to express concerns, suggestions, and grievances through established school channels without fear of retaliation, provided such expression is conducted respectfully and in accordance with school rules.

DRESS CODE

The dress code of the Baker County School District is an attempt to work in concert with the goals and philosophy of our schools and to create a wholesome environment for the education of our youth. Each student is expected to come to school in a neat and clean fashion and to wear shoes at all times. Individual schools may have additional dress code requirements published in their student planners. In addition to those requirements students are not allowed to wear the following to school:

1. Unacceptable Dress
 - a. Slacks, jeans, shorts, or dresses that reveal body imprints due to excessive tightness, including spandex-type clothing;
 - b. Shorts or dresses that are deemed too short by individual school administration, shorts or dresses having splits, or shorts worn for physical education;
 - c. Bare midriff, see-through clothing without appropriate undergarments, sun dresses without straps, halters, backless dresses/shirts, tube tops, half shirts, open-sided shirts, T-Back tops, and tank tops/camis (unless covered by an appropriate outer garment);
 - d. Clothing with words, phrases, symbols, pictures, patches, or insignias, which are obscene, profane, offensive, drug, alcohol, or gang related; *
 - e. Hats, caps, visors, bandannas, hoodies, or headbands in school buildings (except for special occasions as approved by the administration);
 - f. Hair rollers and/or curlers in hair during school hours;
 - g. Any clothing improperly fastened;
 - h. Pants, jeans, or shorts worn below beltline.
2. Clothing and styles considered hazardous to health and/or safety, and which are **not allowed**:
 - a. Bare feet; bedroom slippers; shoes with wheels (heelies);
 - b. Blankets or robes
 - c. Hoods worn over the head
 - d. Sunglasses inside the buildings, unless a medical permit is on file;
 - e. Choke collars, chains, jewelry, clothing or adornment that may be considered dangerous or disruptive to the learning environment.

Regarding F.S. 1002.23(7), students are expected to dress appropriately, exhibit respect for themselves and others, and maintain orderly conduct which is conducive to an orderly environment. No student can wear clothing that exposes underwear or body parts in an indecent or vulgar manner, or which disrupts the orderly learning environment. Any student who violates the dress policy is subject to disciplinary action.

FL Statute 1006.07 (2) (d) states that students who violate the dress code policy is subject to the following disciplinary actions:

- 1st offense: A student shall be given a verbal warning, and the school principal (or designee) shall call the student's parent or guardian.
- 2nd offense: The student is ineligible to participate in any extracurricular activity for a period of time not to exceed 5 days and the school principal shall meet with the student's parent/guardian.
- 3rd offense or subsequent offense: A student shall receive an In-School Suspension pursuant to s. 1003.01 (13) for a period not to exceed 3 days, the student is ineligible to participate in any extracurricular activity for a period not to exceed 30 days, and the principal shall call the student's parent or guardian and send the parent or guardian a written letter regarding the student's in-school suspension and ineligibility to participate in extracurricular activities.

*Chapter 2014-219, Laws of Florida amends section 1006.07, Florida Statutes (F.S.) related to the code of student conduct. This section states that students should not be disciplined or referred to law enforcement for simulating a firearm or weapon while playing or wearing clothing or accessories which depict a firearm or weapon or an opinion regarding Second Amendment rights. Disciplinary action resulting from inappropriate student clothing or accessories will be consistent with state statutes. If the wearing of clothing or accessory causes a substantial disruption to student learning the infraction may be addressed in a manner that is consistent with school board policies for similar infractions.

Baker County School District maintains school board authority to discipline students for simulating a firearm or weapon when it substantially disrupts student learning, causes bodily harm to another person, or places another person in reasonable fear of bodily harm. Consequences for such offenses will be comparable to the severity of the offense and consistent with school board policies for similar infractions.

STUDENT RECORD PRIVACY

Student education records are official and confidential documents protected by one of the nation's strongest privacy protection laws, the Family Educational Rights and Privacy Act (FERPA). FERPA, also known as the Buckley Amendment, is a federal law that affords students and the parents and legal guardians of minor students' certain rights, primarily access and confidentiality, with respect to the students' educational records (20 U.S. Code {U.S.C.} 1232g). FERPA defines education records as all records that schools or education agencies maintain about students.

This and other United States "privacy" laws ensure that information about citizens collected by schools and government agencies can be released by consent or only for specific and legally defined purposes which may include:

- School officials with a legitimate educational interest can access students' educational records without their knowledge or consent
- Officials of schools to which student intends to apply or enroll
- Federal, state, or local educational authorities under certain conditions
- School readiness coalitions
- Parties to an interagency agreement between DJJ, school and law enforcement authorities for the purpose of reducing juvenile crime. S 1002.22(3) (d) (13), F.S.

Baker County schools transfer disciplinary records to any private or public elementary or secondary school to which a student transfers. Any Threat Assessment documentation will also be sent in student records.

Florida has a very broad Public Records Law. Virtually all written communications to or from School District Personnel are public records available to the public and media upon request. E-mail sent or received on the School District System will be considered public and will only be withheld from disclosure if deemed confidential pursuant to State Law.

SCHOOL PROPERTY SEARCHES

The following rules shall apply to the search of school property assigned to a specific student and the seizure of items in his/her possession:

1. Reasonable suspicion for school authorities to believe that the student possesses an item or items which constitute a crime or rule violation.
2. Specific items, which constitute unlawful possession, or other items which would be used to interfere with the orderly operation of the school, may be the objectives of searches.
3. General housekeeping inspections may be made during each school term.

DISTRICT TECHNOLOGY RESOURCES

District-owned devices, networks, email accounts, software applications, and cloud-based storage systems are provided for educational purposes and remain the property of the District.

Students should have **no expectation of privacy** when using District technology resources or District-managed accounts. The District reserves the right to monitor, access, review, and retain information stored, transmitted, or received through District technology systems when necessary for educational, safety, operational, disciplinary, or legal purposes.

Students who use personal devices to access District networks or District-managed accounts are subject to the same expectations regarding appropriate use and conduct.

Violation of this policy may result in disciplinary action, loss of technology privileges, restitution, or referral to law enforcement when appropriate.

SEARCHING OF STUDENTS

Students may be searched in the school, if authorities believe that they may carry destructive weapons, obscene materials, items of theft, alcohol, drugs, tobacco/vape devices, paraphernalia, or any other items, which would constitute a school rule violation. School officials will make reasonable efforts to avoid unnecessary embarrassment of the student involved in a search. Such reasonable searches will be conducted only by school administrators or under the directions of a school administrator/designee.

Lockers, desks, parking areas, and other school property assigned to students remain the property of the District and may be inspected in accordance with law and School Board policy.

DISCIPLINE OF STUDENTS

The Baker County School District is committed to maintaining a safe, orderly, and positive learning environment that supports academic achievement and student success. Student discipline is intended to promote responsible behavior, protect the rights and safety of all members of the school community, and provide opportunities for students to learn from their mistakes.

School administrators will use a progressive discipline approach when appropriate, taking into consideration the severity of the offense, the student's age and maturity, prior disciplinary history, intent, and the circumstances surrounding the incident. Certain offenses may warrant more serious consequences, including suspension, alternative placement, expulsion, or referral to law enforcement.

Disciplinary actions may include, but are not limited to:

1. Verbal warning or conference with the student;
2. Parent/guardian contact or conference;
3. Counseling or behavioral intervention;
4. Restorative practices or conflict resolution activities;
5. Temporary removal from class;
6. Detention;
7. Loss of privileges;

11. Assignment to an alternative educational setting;
12. Recommendation for expulsion;
13. Referral to law enforcement when required by law or School Board policy; and
14. Other appropriate interventions or consequences consistent with District policy and state law.

Nothing in this Code of Conduct limits the authority of school administrators to take immediate action when necessary to protect the safety, health, welfare, or educational environment of students and staff.

GENERAL GUIDELINES FOR DISCIPLINE OF STUDENTS WITH DISABILITIES

Except as otherwise provided in this document, procedures for the discipline of a student with disabilities shall be the same as those provided in the case of a non-disabled student when the District's Student Code of Conduct is violated.

The guidelines below are written to facilitate IDEA 2004 regulations and court orders by providing consistent guidelines for discipline of students with disabilities.

Suspension of Students with Disabilities

A good faith effort shall be made by the principal to employ parental assistance or other alternative measures prior to suspension of a student with disabilities, except in the case of emergency or disruptive conditions, which require immediate suspension. An emergency situation is one in which the student:

1. Poses a danger to himself/herself, other persons or property;
2. Bringing a firearm or weapon, as defined in chapter 790, to school, to any school function, or onto any school sponsored transportation or possessing a firearm at school;
3. Knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance at school or a school function.
4. Engages in act(s) that result in serious bodily harm.
5. Making a threat or false report, as defined by SS. 790.162 and 790.163, respectively, involving school or school personnel's property, school transportation or a school-sponsored activity

After a student with disabilities has been suspended out of school for more than five school days, the office of the Director of Exceptional Student Education will be notified, and a conference will be scheduled with the IEP committee for a review of the IEP/placement and related services.

At this meeting, if a Functional Behavior Assessment (FBA) has not already been conducted, then permission to conduct an assessment will be obtained and appropriate goals and objectives dealing with acceptable behavior will be reviewed. Using the data received from this assessment, a Behavior Intervention Plan (BIP) will be written or revised for the student if needed.

After a student with disabilities has been suspended out of school for ten school days, the office of the Director of Exceptional Student Education must be notified so that the IEP Committee can meet to determine whether the behavior of the student is or is not a manifestation of the student's disability. During that meeting, the IEP Committee will discuss the following issues:

1. Was the behavior event a direct result of a failure to implement the IEP?
2. Was the behavior event caused by, or had a direct and substantial relationship to the student's disability?

Based on the IEP Committee's determination, appropriate revisions to the student's program will be implemented.

Expulsions of Students with Disabilities

For behavior that warrants consideration for expulsion, the office of the Director of Exceptional Student Education must be immediately notified. The IEP Committee must meet to determine whether the behavior is or is not a manifestation of the student's disability.

If the IEP Committee determines that the behavior is not a manifestation of the student's disability, expulsion procedures for non-disabled students are applicable.

For any long-term removal of students with disabilities, the IEP committee will determine services requirements. Services provided must enable the student to appropriately progress in the general curriculum and advance toward achieving his/her IEP goals.

BULLYING, THREATS, ABUSE, INTIMIDATION, AND HAZING

It is the policy of the Baker County School District that all of its students and school employees have an educational setting that is safe, secure, and free from harassment and bullying. This behavior may be considered a serious breach of conduct. The district will not tolerate bullying, acts of intimidation, or harassment of any type.

The district will not tolerate any form of teen dating violence or abuse. This behavior may be considered a serious breach of conduct. Teen dating violence or abuse is defined as:

- Behavioral Contract initiated;
- Alternative placement;
- Community/volunteer services;
- Counseling by appropriate school personnel;
- Expulsion;

NETWORK/INTERNET ACCEPTABLE USE PROCEDURE

Baker County School District provides a telecommunications network accessible to all of its staff and eligible students as part of its overall goal of improving education. Responsible use of the network will enhance both educational and leadership activities.

NETWORK WARNING

With access to computers and people all over the world, also comes the availability of material that may not be of educational value in the context of the school setting. There may be some material, individual contacts or communications, which are not suitable for school-aged children. The Baker County School District views information retrieval from the network in the same capacity as information retrieval from reference material identified by schools. Specifically, the district supports those activities, which will enhance the research and inquiry of the learner with directed guidance from faculty and staff.

The Baker County School District has established Internet filtering software designed to block access to inappropriate sites. Even with this filter, on a global network it is impossible to control all materials and an industrious user may discover inappropriate information. At school, each student's access to and use of the network/internet will be monitored as a regular instructional activity. The district performs frequent spot checks of computers accessing the Internet to ensure only appropriate web sites are accessed. The district, however, cannot prevent the possibility that some users may access material that is not consistent with the educational mission, goals, and policies of the Baker County School District. **Anyone found accessing inappropriate web sites may lose privileges to the network and possibly disciplinary action.**

GENERAL POLICY AND GUIDELINES

It is a general policy that the network/internet will be used in a responsible, efficient, ethical, and legal manner in accordance with the mission of the Baker County School District. Users must acknowledge their understanding of the general policy and guidelines as a condition of receiving access. Failure to adhere to the policy and guidelines may result in suspending or revoking the offender's privilege of access.

Guideline 1

Acceptable uses of the network are activities which support learning and teaching. Network users are encouraged to develop uses which meet their needs and which take advantage of the network's functions: electronic mail, conferences; access to databases, bulletin boards, and access to the internet.

Guideline 2

Unacceptable uses of the network include:

1. Violating the conditions of the Education Code dealing with students' rights to privacy;
2. Using profanity, obscenity, or other language, which may be offensive to another user.
3. Reposting personal communications without the author's prior consent.
4. Copying commercial software in violation of copyright law.
5. Using the network for financial gain or for any commercial or illegal activity.
6. Use of the network to access materials that are considered pornographic or inappropriate for educational purposes.
7. Use of the network for advertising, soliciting, or harassment of any kind.
8. Use of the network to try to access data that is protected and not intended for use.
9. Using someone else's account or password at any time.
10. Violating any federal or state laws regarding network access and.
11. Trying in any way to interfere with the computer systems in the Baker County School District or anywhere, in an effort to obtain private information, having the computer malfunction, or destroying data.

Guideline 3

Users should practice E-mail etiquette by:

1. Making subject heading as descriptive as possible;
2. Beginning messages with a salutation;
3. Choosing words carefully to avoid misunderstandings, keeping in mind that electronic text is devoid of any context clues which convey shades of irony, sarcasm, or harmless humor, and;
4. Ending messages with a signature.

Guideline 4

Classroom teachers are responsible for teaching proper techniques and standards for participation, for guiding student access to appropriate sections of the network and for assuring that students understand that if they misuse

the network, they will lose their privilege to use the network. Particular concerns include issues of privacy, copyright infringement, e-mail etiquette, and approved and intended use of the network resources.

Guideline 5

The person, in whose name a login identification is issued, is responsible at all times for its proper use. Users should be extremely careful with their passwords. Each employee will receive a unique user ID and password for each system to which the user is to be granted access. The employee's supervisor will be responsible for requesting the appropriate access based on the employee's job responsibilities. Employees are not to share their user ID and password with anyone. **Employees must take every precaution to secure access IDs and passwords from unauthorized use.**

Guideline 6

Users must avoid knowingly or inadvertently spreading computer viruses. Do not upload files from unknown sources. Deliberate attempts to degrade or disrupt system performance will be viewed as criminal activity under applicable state and federal law.

Guideline 7

The network management accepts no responsibility for harm caused directly or indirectly by its use. Never consider electronic communications to be completely private. The network managers take every possible precaution to safeguard the privacy of e-mail, but instances of misdirected mail, mail inadvertently forwarded to others, and public posting of private correspondence by users may occur. In addition, credit card numbers or any other confidential data cannot be considered secure on the network.

Guideline 8

Signed teacher, parent, student, and employee contracts are required for network/internet access through the Baker County School District.

Supervisors (teachers or staff) must be notified when AI is used to complete assignments or tasks.

Students must not use AI to complete work that is meant to be done independently or as a substitute for personal effort.

AI use may involve legal considerations, such as intellectual property or privacy rights, and should always comply with all District policies.

Prohibited Use:

Students and staff shall not input confidential, proprietary, or sensitive District data into any AI system. AI use is strictly prohibited when a teacher has clearly stated it is not allowed for a particular assignment or activity. For more detailed guidance and permissions, refer to the District's full Artificial Intelligence Policy (Policy 4.265).

1. The principal of the student's school; or designee;
2. A guidance counselor

The purpose of this committee is to meet at the request of the student and/or their parents/guardians. At this meeting, items of information may be presented by the student and/or their parents/guardians in regards to activities that demonstrate the student's behaviors, attitudes, initiatives, etc. relative to their own self-improvement endeavors.

The committee may feel, after considering the presentations, conditions exist that may influence the opinions of the School Board regarding the eligibility of the student to re-enter the public education system. On such occasions, the committee will request that the student's status be reviewed by the School Board.

Since all dismissals are unique, no specific criteria are established for re-entry. However, several areas of behaviors and activities would logically impact in a positive manner the student's situation. These include, but are not limited to:

1. Length of time since the dismissal;
2. Participation in community activities;
3. Participation in personal counseling;
4. Pursuit of educational opportunities other than public schools, i.e. tutoring, correspondence courses, etc.;
5. Participation in community service projects;
6. Personal deportment;
7. Recognition of family and civil authority;
8. Personal remorse;
9. Restitution for anything damaged or destroyed related to the dismissal;

12. Any other points that demonstrate a commitment to proper behaviors that foster feelings of trust and forgiveness.

In the event that the School Board should decide to allow a student to re-enter the public-school system of Baker County prior to the conclusion of the initial expulsion period, a contract will be prepared by the principal of the particular school and will be signed by the student, as well as his/her parent/guardian. This contract will contain provisions regarding student performance and behaviors. At least the following three conditions must be included in this contract:

1. The student will be required to re-enter the school system through the alternative school for an agreed upon number of days not to exceed 45 school days.
2. Successful academic performance, i.e., passing all subjects for at least one grading period; and
3. Not becoming involved in any disciplinary action that normally would result in an out-of-school or in-school suspension.

The violation of any of the conditions of the contract will result in the student being returned to "expelled" status for the original duration, plus an additional semester.

ATTENDANCE POLICY FOR BAKER COUNTY SCHOOLS

Philosophy

The Baker County School District is dedicated to providing the best educational environment for all students in our county. Regular attendance is essential for students to be successful in school. The school system realizes the primary responsibility for school attendance rests with parents, but is dedicated to assisting parents in their efforts by providing them with timely attendance information.

It is mandated by Florida Statutes 1003.23 and 1003.26, that the school system continually monitor student attendance and take the necessary actions to ensure that all students are given the opportunity to receive the best education possible. The policies outlined in this document are designed to maximize student attendance both at the elementary and secondary school levels. Baker County School District follows State Statutes concerning school attendance.

Procedures to be Followed for Students Within the Age of Compulsory Attendance (Ages 5-16) and Their Parents

Notification to Parents of Unexcused or Unexplained Absences

Parents or guardians will be notified by digital communication through the Final Site platform when a student has accumulated five unexcused absences during a 90-calendar day period. This letter will inform the parents/guardians that if the student accumulates eight unexcused or unexplained absences within a 90-calendar day period, and/or school semester the student will be referred to a Multi-Tiered System of Student Supports (MTSS) Study Team according to Florida Law. This letter will also inform the parent/guardian that if their child continues to miss school, they will be referred to the School Attendance Review Board (SARB). The SARB's purpose is to assist in the enforcement of the compulsory educational laws and to provide important information concerning available community resources.

If a student is absent from school three additional unexcused days, totaling eight days, the school Guidance Department will send the parent/guardian notification requesting a meeting or telephone conference to discuss the MTSS process, provide a list of services available, and also explain the School Attendance Review Board (SARB) process.

An additional letter will be sent from the Superintendent or designee when a student accumulates 10 unexcused or unexplained absences, repeating the above information and notifying the parents/guardians that the student is exhibiting a pattern of non-attendance and that the student's attendance will be monitored daily for the remainder of the year. The student will also be referred to the School Attendance Review Board. The student and parent will be required to appear before the board at a scheduled date and time.

Should the child accumulate a total of 15 unexcused days within a 90-calendar day period, the Superintendent or designee, will notify the parents/guardians in person or by certified letter that a Truancy Petition regarding school non-attendance is being filed through the court system pursuant to Florida Law. A parent meeting/conference will be scheduled at the courthouse with school/district representatives as well as a court appearance. Failure to attend meeting/conference and/or court session will result in truancy matter being turned over to the court system.

Fifteen Unexcused Absences Within Ninety (90) Calendar Days Constitutes Habitual Truancy, Pursuant to F.S.1003.01 (8)

ATTENDANCE POLICY FOR EXCESSIVE ABSENCES

Parents/guardians of students, whose academic progress is in jeopardy, due to excused and/or unexcused absences, shall be required to attend a parent conference. A parent conference will be held during each of the affected grading periods. Parent attendance will be documented. These activities are pursuant to Florida Statute 1003.26.

The Superintendent or designee will determine if the parent/guardian and/or child has violated the compulsory attendance statutes. Official dropouts over the age of 16 are not subject to compulsory school attendance. If it is determined that the child's parent/guardian has violated the law, then procedures under Florida Statutes 1003.27 and 414.1251, and cooperative agreements shall be followed. If the child has been truant without the parent's knowledge or consent, Florida Statutes 1003.27 shall be followed. Parents/guardians shall be notified, if applicable, that court proceedings may carry penalties regarding either parent or child, or both.

Attendance Conference

An Attendance Committee (MTSS Team) will be established at the high school, middle school, and elementary schools to review reason(s) for excessive absence(s). The Attendance Committee will include an Educational Leader or designee, Guidance Counselor, and the student's teacher. If the Attendance Committee finds that a pattern of non-attendance is developing, whether the absences are excused or not, a meeting with the parent and student must be scheduled to identify potential remedies for the student's truancy. Written documentation from a doctor or recognized agency may be accepted in lieu of an attendance conference provided all absences are included and it's within 10 days of the absence. Blanket doctor's notes to cover multiple days of an illness will not be accepted unless the parent/guardian signs a Release of Medical Records, so that the school nurse can communicate with the doctor concerning the student's illness and days absent. If the initial meeting does not resolve the problem, the Attendance Committee shall implement interventions that best address the problem. The interventions may include, but need not be limited to:

Interventions

1. Frequent communication between the teacher and the family
2. Changes in the learning environment
3. Mentoring
4. Student counseling
5. Tutoring, including peer tutoring
6. Placement into different classes
7. Evaluation for alternative education programs
8. Attendance contracts
9. Referral to other agencies for family services
10. Recommendation for filing a truancy petition pursuant to s.984.151
11. Other interventions.

Notification

In cases in which a student is not residing with his/her parents, the parent of the pupil shall designate in writing the adult person with whom the pupil resides. This designated adult will stand in loco parentis for the student in order for him/her to be admitted or continue in school. The statement must be notarized and presented to the principal for acceptance.

AGRICULTURE SCHOOL ACTIVITIES

Students will be excused from school when participating in activities or programs sponsored by 4-H or FFA when documentation is provided to the school principal by a 4-H or FFA representative (FS 1003.24 (5)(a)(b)).

STUDENT ABSENCE FOR RELIGIOUS HOLIDAYS

The school principal is authorized to grant an excused absence for a student, who presents information documenting a religious holiday that occurs during the time that school is in session or religious beliefs that preclude secular activity on a school day. The request for an excused absence must be presented to the principal at least five school days prior to the expected absence. All schoolwork missed, because of such an absence, may be made up as provided in this section.

RESPONSIBILITIES OF PARENTS/GUARDIAN

Attendance

Parents are legally responsible for compliance with the law requiring school attendance. They have an obligation, not only to keep their children in school, but also to promptly report and explain any absence to school officials. Failure to do so carries a penalty that is assessed by the court regarding either parent, child, or both.

CONTROLLED OPEN ENROLLMENT (COE)

It is the responsibility of the parent/guardian to submit a Controlled Open Enrollment application within the application window to request attendance at a school other than the student's zoned school. If the student resides in another county, it is also the responsibility of the parent/guardian to initiate an out-of-county school attendance waiver. The superintendent or designee has the authority to grant or deny the attendance waiver request. For more information and application visit www.bakerk12.org

PRE-KINDERGARTEN AND KINDERGARTEN STUDENTS

It is the parent/guardian's responsibility to ensure that a responsible individual wait with their child at the assigned bus stop for the morning bus and has a responsible individual meeting the bus in the afternoon. This individual must be within speaking distance of the bus driver.

ATTENDANCE POLICY FOR EXCUSED ABSENCES – PURSUANT TO F.S. 1003.24(4)

In order to receive a satisfactory grade for their course work, the State of Florida requires students must be present for a given number of hours per course. The following requirements are placed on students' attendance by grade level:

Kindergarten	135 hours per semester
Grade 1-3	180 hours per semester
Grades 4-5	225 hours per semester
Grades 6-8	67.5 hours per class, per semester
Grades 9-12	67.5 hours per class, per semester

ATTENDANCE POLICY FOR STUDENTS IN GRADES K-5

Each parent/guardian shall be responsible for the attendance of a child within the age of compulsory attendance (FS 1003.21, requires that children 6 years of age by February 1 of any school year through 16 years of age) as required by Florida Law and Baker County School Board Policy. An absence from school may be considered as excused or unexcused, based on legal and policy guidelines.

The student will be given ten (10) days in which to provide all written documentation concerning their absence(s). Without appropriate documentation, absences will be considered unexcused. Students will be held accountable for their absences.

1. A written statement signed by a physician, mental health professional, or health department employee attesting to the illness, infection with a communicable disease, or injury of a child;
2. A copy of a funeral notice or obituary, accompanied by a note from the parent/guardian indicating a death in the family resulting in the absence of the child from school;
3. A written statement from a lawyer or representative of the court system indicating the child was absent due to a legal or judicial proceeding;
4. A written statement from the parent explaining the reason for the absence(s). This parent right may only be used to cover 3 absences per semester (this includes tardies, late check-ins and early check outs);
5. A child, sent home for having head lice, will be granted one day of excused absence for corrective measures to be taken;
 - a. A student, who is found to have head lice, shall be excluded from school until cleared by the School Health Nurse or any approved school board personnel. A determination will be made that the student is no longer contagious.
 - b. When contact with a parent cannot be made before the close of the school day for a bus student, the student will be transported home by bus that day. Parents will be required to accompany the student to school for clearance. Once cleared, bus transportation will be resumed.

4. The principal/designee has the discretion to excuse any absences not covered by the above (1-4).

Any absence for which the above information **has not been provided** will be considered **unexcused**. All written documentation concerning absences should be presented to the school on the day following the absence or at least by ten workdays.

Students Being Tardy to School

Students who arrive at school after the official school beginning time, shall be considered tardy. The parents of students, accumulating eight tardies per nine weeks, will be referred for follow-up. A record of days tardy will be included should a court case develop over truancy.

Half-Day Absences

Students in Grades K-5 will be counted absent one-half day if they arrive at school later than 10:00 AM or leave before 2:00 PM. A record of half-day absences will be included should a court case develop over truancy.

Student Check Outs:

Parents are requested not to check-out their student during the last 30 minutes of the school day.

Perfect Attendance

In order to earn a Perfect Attendance Award for a school year, the student must not only be in attendance every school day (excused absences are counted as an absence from school for purposes of perfect attendance), but must also meet three other criteria:

1. He/she must have no more than two excused tardies in arriving at school. Student must have proper documentation for tardy to be excused.
2. Have no half-day absences on his/her attendance record for the school year. (Arrive later than 10:00 AM or leave before 2:00 PM)
3. He/she can have no more than two excused checkouts before 3:00 PM or before 12:00 PM on early out days. Student must have proper documentation for checkout to be excused.

Any unexcused tardies or check-outs will negate the perfect attendance award.

ATTENDANCE POLICY FOR STUDENTS IN GRADES 6-12

This policy is designed to meet all state attendance requirements and effectively monitor student absences. Students, within the age of compulsory attendance (ages 6 years of age by February 1 of any school year through 16), see **Procedures to be Followed for Students within the Age of Compulsory Attendance (Ages 6 years of age by February 1 of any school year through 16) and Their Parents.**

Attendance is monitored each class period daily. Parents will receive digital notification through the Final Site platform whenever a student is absent five times in any class period. Parents will receive a second letter and will be contacted for a meeting when a student is absent eight unexcused times in any class period. Absences are assessed and parent notifications are documented each grading period. Parents of minors will be referred to the School Attendance Review Board (SARB) when student has ten unexcused absences **in any one class period**. Each parent/guardian shall be responsible for the attendance of a child within the age of compulsory attendance (6 years of age by February 1 of any school year through 16 years of age) as required by Florida Law and the Baker County School Board Policy. An absence from school may be considered as excused or unexcused, based on legal and policy guidelines. Based on current legislature and new accountability laws tied to attendance, all Baker County schools will **strictly** adhere to attendance policies.

Student Absence from School

1. For each grading period, a student will be allowed to make up any class work missed due to absences, whether excused or not, and receive the earned grade at the end of the grading period.
2. A student, involved in school-related and school-sponsored activities, will be counted present in class and will be expected to make up all work missed.
3. The student will be given one day per day(s) absence in which to turn in all class assignments missed. The first day upon returning to school will not count as one of these days.
4. The student will be allowed to make up any class work missed due to out-of-school suspension. The same time frame as in #3 (one day/each day absent) for make-up work will apply to suspension days. Days absent from school due to out-of-school suspension will be considered excused.
5. The exceptions to this will be when a student refuses other forms of punishment or disrupts in-school suspension, which will result in an out-of-school suspension. These days will be recorded as unexcused absences and the student has forfeited their opportunity to make up work during this time.
6. A child, sent home for having head lice, will be granted one day of excused absence for corrective measures to be taken:
 - a. A student, who is found to have head lice, shall be excluded from school until cleared by the School Health Nurse or any approved school board personnel. A determination will be made that the student is no longer contagious.
 - b. When contact with a parent cannot be made before the close of the school day for a bus student, the student will be transported home by bus that day. Parents will be required to accompany the student to school for clearance. Once cleared, bus transportation will be resumed.
7. Documentation must be provided within ten (10) days of the absence to be considered for excusal. The following are acceptable written notices for consideration:
 - a. A written statement, signed by a physician, mental health professional, or health department employee, attesting to the illness, infection with a communicable disease, or injury of the child;
 - b. Funeral notices accompanied by a note from the parent/guardian indicating a death in the family.
 - c. School-related activities.
 - d. Parent written notes (maximum of 3 days per semester)

NOTE: Excuse notes will be verified by school personnel. Notes found to be fraudulent in nature will be denied and all parties to the note will be notified of the fraudulent findings. Additionally, if a student turns in a fraudulent excuse note, he or she will be given a referral and assigned a minimum of 2 days ISD. This is an illegal activity and will not be tolerated.

8. Students whose unexcused absences exceed (9 days) in a 50-minute class per semester will not receive credit for that class and will be credit withheld, receiving a *59 as the semester grade, unless the earned semester grade is below 59%.
9. Students who have exceeded the attendance limit and their credit will be withheld, may request a review by Principal or designee at the end of each semester. The Principal or designee will review the information presented by the parent and student and make a final decision regarding the student's credit for the course(s) in jeopardy. Middle School students may be retained due to excessive absences.

Students Being Tardy

Students who arrive to class after the tardy bell will be considered tardy. Disciplinary actions can be implemented due to excessive tardiness. Students who are absent more than half of the class period will be considered absent for the entire class period. Please see the school's handbook for additional information pertaining to the tardy policy.

Student Check Outs:

Parents are requested not to check-out their student during the last 30 minutes of the school day.

Perfect Attendance Awards

To earn a Perfect Attendance Award for a school year, a student must be in attendance every school day (Excused absences are counted as an absence from school for purposes of perfect attendance.) A student must have no more than two excused tardies. (Student must arrive before 8:00 a.m. and have proper documentation for tardy to be excused.) Students must not have more than two excused check-outs from school. These check-outs can be no earlier than 1:30 p.m. Proper documentation must be submitted the following day. Any unexcused tardies or check-outs will negate the perfect attendance award.

Procedures and Guidelines for Granting an Appeal

1. If the days missed were due to reasons, which were unavoidable to the student, the student or parents may appeal the grade "F" before the principal and/or designee.
2. It is the sole responsibility of the student/parent to apply for a waiver before the Principal or designee and to obtain all written documentation.
3. Parent/student will have the opportunity to bring additional supporting documentation to the Principal or designee.
4. Appeals will be heard no later than one month following the end of the grading period.
5. A waiver from the attendance policy will be considered with the following documentation:
 - a. Other third parties of competence outside the family (example: doctor, lawyer, judge, etc.);
 - b. Special situations that parent/guardian can validate that meet the attendance laws of the State of Florida and the policies of the Baker County School Board;
 - c. Prior approval for an extended absence from school, which was approved by the principal or designee.

DRIVER'S LICENSE LAW

The Driver's license law, F.S. 1003.27(2) (b), requires that:

1. Principals are required to notify the School Board of each minor who accumulates 15 unexcused absences in a 90-day calendar period.
2. The District is to notify the Department of Highway Safety and Motor Vehicles (DHSMV) with appropriate demographic data for each minor.

NOTE: The court may penalize both parent and child for attendance problems including: fines, community service, and parenting classes.

PROCEDURES AND GUIDELINES FOR A HARDSHIP WAIVER HEARING AND APPEAL

1. A student, who already has a license, but has been notified by the DHSMV that his/her driver license will be suspended, will have 15 days to request a hardship waiver hearing from the date they receive a Notice of Intent to Suspend from the DHSMV.
2. A student, who has been denied his/her driving privilege and/or driver license, because of failure to meet attendance requirements, must then be monitored by the school until that student has attended school for thirty consecutive school days. If the minor fails to meet this requirement, he/she has 15 days to request a hardship waiver hearing.
3. The School District notifies DHSMV within 24 hours of request for hardship waiver hearing.

4. The School District notifies the School Board of the request for hardship waiver hearing.
5. The principal or designee will conduct a hardship waiver hearing thirty days from the student's request.
6. The hardship waiver committee will consist of the principal and two designees, who will make the decision as to whether the student may be granted a hardship waiver.
7. The principal or designee will notify DHSMV within 24 hours of hearing results.
8. If the waiver is denied, the student may appeal the decision to the School Board, who will make the final decision on the waiver request.

Destruction of and Damage to School Property

Florida Law makes parents responsible for any damage to school property as a result of the student's actions. State statutes also authorize recovery of civil damages from the parent of any student, who willfully destroys any property, real or personal, belonging to the school district or any other school or school district. These laws specifically make the parent responsible for the loss, destruction, or unnecessary damage to textbooks and/or Chromebooks issued to his/her child.

School Debt

Parents are legally responsible for all school debts incurred by their child, including but not limited to: cafeteria debts, lost or damaged books, Extended Day Enrichment Program fees, School Readiness fees, Chromebooks, Dual Enrollment debts, and extracurricular activities. Any student who has a debt will not be allowed to participate in field trips, purchase a parking pass, and/or may not be able to participate in other activities until the debt is paid in full. Any debt remaining at the end of a school year will be carried into the next school year. Student debt must be cleared prior to participation in Commencement ceremony.

DISTRICT GRADING SYSTEM

The following district-wide grading system has been adopted by the Baker County District School Board. Its numerical equivalents are:

Affixing plus or minus to the letter grade is optional in the elementary schools. Kindergarten will be evaluated by its own grading scale

1. Student/teacher conference
2. Student/assistant principal conference
3. Student/principal conference

The first step taken by the student is with the member of the staff involved in the unfair action. If the grievance is not resolved after the initial contact, the student may involve the parent(s).

If the grievance goes beyond an informal basis, the student must submit a written statement signed by the parent(s) to the next level of the grievance procedure. The statement must be filed with the district equity coordinator and must contain the following:

Parents are encouraged to talk with their doctor about arranging medication schedules outside school hours. However, medication may be given at school if it is ordered by a doctor and with written permission from the parent (this includes over-the-counter medication). First dosage of any new medication shall not be administered during school hours because of the possibility of an adverse reaction.
