

The background of the entire page is a scenic photograph of a coastal landscape. In the foreground, a bald eagle is shown in flight, wings spread wide, flying from the left towards the right. The eagle is positioned in the upper half of the image. Below the eagle, the landscape features rolling hills and a coastline that curves into the distance. The sky is a clear, light blue. At the very top, a sunburst effect emanates from behind the word 'CONDOR'.

Condor High School Students and Families,

We are excited to start the 2026-27 school year on August 12, 2026.

Continuing with weekly in-person meetings, Condor will also continue to utilize Canvas for course delivery and instruction. Students will be assigned to a Coach/Teacher who will guide them through weekly assignments to complete courses taught by content teachers.

As the 4th-year Principal of Condor High School, it is with great excitement that I welcome you back for the 2026-27 school year. I am honored to serve a school with such amazing students, an extraordinary faculty & staff, and a supportive school community. My goal, over my 20 years as a school administrator (29 years in education total), has been and will continue to be a *community-responsive leader*. I look forward to serving the Condor community! All of us at Condor High School will continue to offer unique academic experiences for our students that are rigorous and relevant. It is our intent to continue to offer each student the most optimal, personalized, independent study program while providing greater access to our students to maintain as much connection with their home school campus/community (as well as our own school community) as each individual student desires. We strive to help everyone who visits either our main OUHSD District Office site or any of the sites on various campuses feel welcomed and treated with respect. These goals will enable us to meet our academic challenges in positive, supportive, and caring environments.

The incredible team of Condor High School is committed to our mission statement and will continue to “...inspire, motivate and prepare students to become responsible, life-long learners, and productive members of the community...” By working with our students’ families and each of the respective host school communities, we will give the support needed for all students to be successful.

Soar Condors!

You can make a difference in the governance of your school by participating on the School Site Council (SSC) and or English Learner Advisory Committee (ELAC).

English Learner Advisory Committee (ELAC)

A school-level committee composed of parents, staff, and community members designated to advise school officials and School Site Council (SSC) on programs and services for English Learners.

Requirement

Each California public school with 21 or more English learners regardless of language must form a functioning ELAC in accordance with Section 52176 and 62002.5 of the Education Code. The purpose of ELAC is to advise the principal and the staff on programs and services for English learners.

Composition

ELAC should be predominantly made up of parents of English learners and, as a minimum, the Committee should reflect the percentage of English learners at the school. There is no minimum size for the Committee.

Responsibilities

The ELAC shall be responsible for the following tasks:

- Advising the principal and staff in the development of a site plan for English learners and submitting the plan to the School Site Council for consideration of inclusion in the School Plan for Student Achievement.
- Assisting in the development of the schoolwide needs assessment.
- Ways to make parents aware of the importance of regular school attendance.
- Each ELAC shall have the opportunity to elect at least one member to the District English Learner Advisory Committee (DELAC). Districts with 31 or more ELACs may use a system of proportional or regional representation.

Date	Location	Date	Location

Top 10 Frequently Asked Questions about ATTENDANCE

To help you understand our attendance policies and procedures, please see below for answers to some of the most frequently asked questions about attendance and use this as a reference throughout the year:

1) What do I do if my student is absent from school?

Please contact the student's Coach to reschedule PRIOR to the scheduled meeting time. The coach will advise of a new date and time. Please note: ALL WORK is DUE regardless of whether your student is absent or present. You can monitor your child's attendance on ParentVUE and work completion in Canvas.

2) What is considered an Excused Absence?

There are NO excused absences in Independent Study. ALL WORK is DUE as assigned regardless of whether your student is absent or present. For planned absences, please contact students Coach to reschedule PRIOR to the scheduled meeting time. The coach will advise of a new date and time.

What about coming in late or leaving early for an appointment?

Compulsory Education Law requires that students attend weekly appointments and Synchronous meetings as scheduled. Make sure you schedule appointments and work schedules around school.

3) How many Absences can my child have in one year?

Attendance at In-Person weekly meetings AND Synchronous classes are mandatory. Any student who misses three (3) days of attendance (school work, In-person meetings or Synchronous meetings) within a 15 day period will be considered for a return to home school.

For every absence you will receive an automated and/or personal phone call notifying you of the absence and with the first absence you will also receive a letter to follow up on the absence.

You will receive an Excessive Absence Warning Notification in the mail after the second absence and will also be contacted by our School Administration to discuss the absences. You will also be required to attend an SST meeting to discuss absences and determine what interventions and supports may be needed to assist your student to improve attendance and work completion. The team will discuss a plan of action if the student continues to demonstrate a need for daily intervention and instruction.

Once a third absence has occurred, and it is determined that a student is not making adequate progress (academic and/or behavior/attendance): you will receive a final Excessive Absence Warning Notification; you will also be required to attend an SST meeting to discuss a possible recommendation for alternative placement (including a return to the comprehensive school site for your student); and your student may be identified as a habitual truant.

Once your student returns to the comprehensive school site, your student may be scheduled for a School Attendance Review Team meeting, where a team of educators and members of the community, including the District Attorney, will review your child's attendance record and situation and provide further intervention or possibly even issue penalties in order to improve her/his attendance.

4) What can I do if my child has a chronic illness that prevents him or her from being at school regularly?

OUHSD offers alternative educational options for students with special circumstances that have been verified by a physician. Please contact your student's counselor if you are in this situation for information available at your home school.

5) Why is attendance such a big issue?

Attendance is earned by completing assignments and attending weekly Synchronous meetings when submitted by due date. Please see updated OUHSD Board Policy (*Instruction BP 6158*) on independent study.

Attendance is vital to a student's success in school, and it is a key predictor of dropouts, job sustainability, and criminal activity. In addition, the primary funding source for school in California is Average Daily Attendance (ADA). The State of California funds schools by attendance, not enrollment, and, since 1998, schools have not received funding for days that students are absent. The only way for a student to earn attendance is to be present for meetings as scheduled and completing work assigned. There are NO excused absences in Independent Study.

Thank you for taking the time to understand our attendance policies and for your ongoing support.

Dear Students, Parents, Families, and Caregivers:

Welcome to Oxnard Union High School District 2026-2027 school year.

Our more than 15,000 students in Oxnard Union High School District are the reason our 1,700 faculty and staff work together to create prosperity in our communities through school environments that promote equity, inquiry, and wellness for our students throughout their journey to becoming college ready and career prepared.

Oxnard Union students deserve every opportunity to have a prosperous future by gaining the skills they need to thrive. They deserve to be challenged through rigorous, engaging courses and programs; supported and seen as individuals; and inspired to achieve their dreams. This year, we will continue to focus on creating prosperity through equity, inquiry, and wellness by deepening communication about programs and individual student progress. Staff will also continue to work to increase students' access to college and careers.

Thank you for the opportunity to serve as your Superintendent. I am grateful to work alongside a talented team of professionals that go all out to serve the students, parents, and families of Oxnard Union High School District.

Respectfully yours,

Dr. Virginia E. Kelsen
Superintendent
Oxnard Union High School District

ParentVUE
powered by Synergy

ParentSquare

Overview: The Synergy ParentVUE portal gives parents/guardians web and mobile access to grades, assignments, and more. Listed below are the features of this app.	Overview: ParentSquare is a safe and secure platform for all school-to-home communications. Listed below are the features of this app.
Grades - parents can check student performance	Participate in group conversations
View Transcripts	Send/receive private messages with teachers/staff
Check student schedules for course titles, rooms, and teachers	District and school wide alerts and notices
Register your student online	View posts, appreciate and comment
See attendance and immunizations	Sign up for wish list items, volunteer and RSVP your sign ups
Opt to get email notifications about school events, attendance, or when a grade is below a specified level.	Check dates for upcoming school and class events and add them to your device calendar

Tech Policy

Unplug and Unlock Your Potential

In alignment with the Phone-Free Schools Act (AB 3216) and Education Codes 48901.5 and 48901.7, the Oxnard Union High School District is adopting **Board Policy 5131.8** to minimize distractions and promote a more focused, engaging learning environment for all students.

What's Changing?

To support student success, all personal electronic devices including **cell phones, earbuds, smartwatches, and other electronics** must be on silent and out of sight during *instructional time*. Classrooms are now **No-Scroll Zones**, designed to keep students engaged and present.

When are devices allowed?

Devices may only be used during designated breaks (nutrition/lunch), in emergencies, or with prior approval for medical or translation needs (with documentation provided to school administration).

Implementation:

- Teachers will review the policy at the start of the year and after each break
- Signage and reminders will be posted across campuses
- Inappropriate use may result in confiscation and return only to a parent/guardian
- A progressive discipline policy will be enforced

Let's work together to create distraction-free schools where students can unlock their full potential.

For full policy details, visit your school website or contact your site administrator.

NO-SCROLL ZONE

Apple Watch

Headphones

ARTIFICIAL INTELLIGENCE

The Oxnard Union High School District has officially adopted **Board Policy 0441** to guide the responsible and innovative use of Artificial Intelligence (AI) throughout our schools. This policy is the culmination of a year-long collaborative effort where we gathered extensive input from students, parents, and staff through committees, community feedback sessions, and presentations. By listening to these diverse voices, we have established a framework that addresses essential concerns regarding ethical use and critical thinking while embracing the potential of AI to personalize and enhance the learning experience for every student.

The resulting policy and guidelines emphasize a human-centered approach, ensuring that AI tools support, not replace, the vital instructional relationship between teachers and students. To protect our community, the policy requires that all AI platforms be strictly vetted for data privacy and safety compliance. It also prohibits the use of AI for high-stakes decisions like final grading without direct human review. Students are encouraged to use approved AI as a supplemental tool for learning, provided they follow teacher instructions, cite their sources properly, and maintain the high standards of academic honesty required by the District.

Help Your Teen Stay on Track in High School and Fight Chronic Absenteeism

Oxnard Union is aiming to improve our attendance rate by 1%. Our current rate is 89%, and this year we're working toward reaching 90%.

What is Chronic Absenteeism?

Chronic absenteeism means your child is missing too much school whether the absences are excused or not. It's defined as missing 10% of the school year, which is about 18 days. That's just 2 days a month!

Why it matters:

Students who miss that much school often fall behind in reading, writing, and math compared to their classmates

What can be done at home to improve attendance?

Attendance is a student and parent/guardian responsibility. Let your student know:

- You think attendance is important.
- You are interested in their school activities.
- You want them to do well in school.
- Arriving at school on time and reporting to class when dropped off is expected.
- Ask to see your student's school work and have them explain to you what the assignment was about.
- Attend Back to School, Open House and other functions.
- Maintain lines of communication open with your student, teachers, administrators and the school attendance office.
- Avoid scheduling vacations and doctor appointments during school hours

Communicate with the school:

- Contact your teen's teachers and let them know how to reach you.
- Request a schedule of classes and log in information for your student.
- Ask for help from school officials, after-school program providers, other parents or community agencies if you're having trouble getting online or need help with food, housing or some other challenge.
- Know the school's attendance policy and the consequences for absences.
- Check on your teen's attendance to make sure they are attending all of their classes.

COMPLETE YOUR ANNUAL UPDATE TODAY!

- Log into your ParentVue account
- By visiting this url address: Medical information — So our nurses can provide the best care.
- Emergency contacts — So we can reach the right people quickly.
- Addresses, phone numbers, and emails — So you never miss important messages in ParentSquare.
- Meal program information — Which determines eligibility for Free and Reduced Lunch and provides vital school funding.
- Acknowledgements and permissions — Like our technology and internet use policies.
- On the upper right-hand corner, you will select the option Online Enrollment/Annual Update (see picture below)
- On the drop down box, select Annual Update
- Start updating any information that has changed (home address, phone numbers, emergency contact list, etc.)
- Review all the information and scroll ALL the way down
- Select the box that you have reviewed the application

WHY THIS MATTERS?

Completing your annual update in ParentVue ensures the school has your current medical information and contact details to keep your child safe, reach you in emergencies, and determine eligibility for lunch programs and additional resources. It only takes a few minutes but makes a real difference for your child and our schools.

Dear OUHSD families, welcome to the 2026-2027 School Year!
2026

July

I am excited and looking forward to having our schools filled with students and families. My name is Shannon Scott, I am the Director of State and Federal Programs. You are receiving this newsletter because your school qualifies for Title 1 funds. OUHSD Title 1 schools are Channel Islands, Del Sol, Hueneme, Oxnard, Pacifica, Rio Mesa, Condor, Frontier and Oxnard Middle College High School. A Title 1 school is a school that receives money from the oldest federally funded program in the United States. The purpose for this fund is to support effective, evidence-based educational strategies to help students who are struggling academically meet state academic standards. Your part as a parent or guardian is crucial for the creation of services, activities, and programs in order to help students. No program is as crucial to your student's success as the involvement and support of a parent/guardian.

I am excited about the new school year because it means new starts and continued learning. It is an opportunity for personal growth and the continued development of your teenager. Every day is a new beginning, not just the first day of school. **The first day of school is Wednesday, August 12.**

Here are some ways you can support your student:

- Remind your student that goals are made daily, not just at the beginning of the new school year.
- Talk to your student about being open to new ideas and opportunities, and for ways to achieve their goals.
- Show consistent interest in what your student is learning in school. Ask: *How are you doing? How is school and classes going?* If there is a problem, help your student solve it if needed.
- Make sure your student is attending school every day and monitor your student's progress through the free app ParentVue. This app is available to Oxnard Union parents/guardians.
- Stay involved, attend Back to School Night, attend athletic and visual or performing arts events, academic recognition nights, be a booster for band or sports, participate in parent trainings and meetings. Check the oxnardunion.org website for news and updates. Tutoring schedules and other helpful resources can be found in the Parent tab.

Through ParentSquare you will receive invitations to parent trainings and conferences plus other important and time sensitive information.

- Habits of Successful High Schoolers
- Ways Absenteeism Impacts Student Achievement
- Recruiting parents/guardians and students to participate on a governance committee at your site. These committees have the opportunity to create, plan, implement, monitor and evaluate programs, activities and services for students and parents. Enclosed are the interest forms for the School Site Council (SSC) and the English Language Advisory Committee (ELAC).
- Required Title 1 Annual Parental Notifications:
 - Parents' Right to Know Teacher and Paraprofessional Qualifications
 - Know Your Educational Rights
 - Title 1, District Level Parent and Family Engagement Policy

Your school will be sending more information on student preview days. Please contact your school for any site specific questions. **The first day of school is Wednesday, August 12.** I wish you and your student a great start to the school year and if I can be of service, please feel free to contact me.

Dr. Shannon Scott

Director State and Federal Programs
shannon.scott@oxnardunion.org

Oxnard Union High School District

Parents' Right to Know Regarding Teacher Qualifications

Dear Parents/Guardians,

July 2026

In accordance with the Elementary and Secondary Education Act (ESEA), Section 1111(h)(6) **PARENT'S RIGHT TO KNOW**, this is a notification to every parent/guardian of a student attending a Title I campus in the Oxnard Union High School District that you have the right to request and receive information promptly regarding the professional qualifications of your student's classroom teachers. OUHSD Title 1 schools are Channel Islands, Del Sol, Hueneme, Oxnard, Pacifica, Rio Mesa, Condor and Frontier, Oxnard Middle College. The information regarding the professional qualifications of your student's classroom teachers shall include the following:

1. Whether the student's teacher:

- Has met State qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;
- Is teaching under emergency or other provisional status through which State qualification or licensing criteria have been waived; and
- Is teaching in the field of discipline of the certification of the teacher.

2. Whether the student is provided services by paraprofessionals and, if so, their qualifications.

Additionally, if at any time your student will be taught for 4 or more consecutive weeks by a teacher who is not highly qualified, you will be notified by the school of this information.

Teacher information is available through the California Commission on Teaching Credentialing, www.ctc.ca.gov or you can contact your school principal.

I encourage you to stay involved in your teenager's development and education. Ongoing research shows that family engagement in school improves student achievement, reduces absenteeism, and restores parents'/guardians' confidence in their pupil's education. Students with involved parents or other caregivers earn higher grades and test scores, have better social skills, and show improved behavior. I wish you and your student a successful school year.

Sincerely,

Dr. Shannon Scott

Director of State and Federal Programs
shannon.scott@oxnardunion.org

Oxnard Union High School District

Know Your Educational Rights Regarding a Free Public Education

Dear Parents/Guardians,

July 2026

Under the United States Supreme Court's landmark decision in *Plyler v. Doe*, all K-12 students in the United States are guaranteed a free public education regardless of citizenship or immigration status. This right includes other services and programs provided through the public-school system, such as free lunches and special education programs.

Additionally, Article IX, Section 5 of the California Constitution guarantees a right to a free education for all children, and there is compulsory education for all children of ages 6-18 under California Education Code Section 48200. All students have a right to be in a public-school learning environment free from discrimination, bullying, violence and intimidation, Cal. Educ. Code § 220 and 234 et seq.

All people in the United States, regardless of citizenship or immigration status, have certain rights and protections.

- Your student has the right to a Free Public Education.
- Federal and state laws protect student education records and personal information.
- Information about citizenship/immigration status is never needed for school enrollment.
- You have the right to make any changes to your student's emergency contacts if you are detained or deported.
- Your student has the right to file a complaint for discrimination, harassment, bullying, violence and intimidation.

Oxnard Union High School District Trustees adopted Board Policy 5022, Student and Family Privacy and Board Policy 5145.11 Response to Immigration Enforcement on October 10, 2018. Both policies outline procedures and processes related to pupil privacy and the parent/guardian's ability to change emergency contacts or inspect pupil information. These policies can be found on our website oxnardunion.org, Board of Trustees, Board Policies under section 5000 Students.

I want to affirm that Oxnard Union High School District has always strived to be an inclusive, safe and innovative public education system that ensures all students can succeed, regardless of their ZIP code, the color of their skin, their native language, their gender or gender identity, their immigration status, their religion, who they love, or their social standing. We are committed to provide all students and educators safe learning and teaching environments, and the right to attend school free of fear, bullying and discrimination; embracing the diversity of our students and their families, as well as the rich language and cultural assets they bring to our community.

Sincerely,

Dr. Shannon Scott

Director State and Federal Programs

shannon.scott@oxnardunion.org

It is the policy and commitment of the Oxnard Union High School District that it does not and shall not discriminate on the basis of race, color, religion (creed), gender, gender expression, age, national origin (ancestry), disability, marital status, sexual orientation, or military status, in any of its activities or operations. Oxnard Union High School District is an equal opportunity employer.

**COMMITTEE MEMBERS NEEDED FOR SCHOOL SITE COUNCIL
(SCC)**

You can make a difference in the governance of your school by participating on the School Site Council. The School Site Council (SSC) is a decision-making body that represents all stakeholders of the school community. The school principal, teachers, other school personnel, parents and students make up this group. Their primary responsibility is to identify common goals and assist the leadership team in establishing a plan to achieve the goals. The key to a successful SSC depends upon a good working relationship among all members of the Council. Each member of the Council shares their unique perspective and knowledge of the school's needs, as they affect all stakeholders.

I am interested in being a School Site Council (SSC) representative.

I would like to be a member of the School Site Council at (Circle your school site): Adolfo Camarillo, Channel Islands, Condor, Del Sol, Frontier, Hueneme, Oxnard High, Oxnard Middle College, Pacifica, Rancho Campana or Rio Mesa

I am a: __parent/guardian __student _____OUHSD faculty

Please list your student attending this school: (if you are a student, list yourself below)

Student's Name	Grade
1. _____	_____
2. _____	_____

I give permission to be contacted by a site representative.

Name _____ **Signature** _____

Print name _____

Phone (best number to contact you at): _____

Email address: _____

What is the best way to contact you?: _____

Please return this form to the school office, in care of the Principal's Secretary.

Thank you for supporting your school and community as a volunteer.

RECRUITING MEMBERS FOR the **English Language Advisory Committee (ELAC)**.

You can make a difference in the governance of your school by serving on the parent advisory committee for English learners (ELAC). This is a committee for parents and community members to promote opportunities for students identified as English learners. ELAC members provide recommendations to school administration and the School Site Council (SSC) on services and programs for English learners. Each ELAC committee has the opportunity to elect at least one representative member to the District English Learner Parent Advisory Committee (DELAC).

I am interested in serving English Language Advisory Committee (ELAC).

I would like to be a member of the English Language Advisory Committee (ELAC) at (identify your school, circle your school):

Adolfo Camarillo, Channel Islands, Condor, Del Sol, Frontier, Hueneme, Oxnard High, Oxnard Middle College, Pacifica, Rancho Campana or Rio Mesa

Please indicate if you are a: ____parent/guardian ____community member ____OUHSD faculty

Please list your students attending this school:

Student Name	Grade

Name _____ **Signature** _____

Print your name _____

Telephone (best number to contact you): _____

Best time to call: _____

Please return this form to your school office, to the Principal's Secretary.

Thank you for supporting our school and community as a volunteer.

Ways Chronic Absenteeism Impacts Student Achievement

Chronic absenteeism means missing too much school—for any reason—excused or unexcused. Experts define chronic absenteeism as missing 10% (or around 18 days) during a school year. This is missing 2 days of instruction each month. Studies show students who miss more than 18 days of school are less capable in reading, writing and math compared to their peers.

Consistent attendance is one of the best indicators for student success. Students who attend school regularly have been shown to achieve at higher levels than students who do not attend regularly. Students who attend school daily build knowledge, develop relationships with peers and others, they usually participate in extracurricular activities and have opportunities for personal growth. These are skills that will serve the students for a lifetime.

Chronic absenteeism or missing too much school not only means missed lessons, it means lower grades, overall lower achievement, and lower graduation rates. Another consequence is lower college going rates and completion. Not coming to school regularly may leave the student feeling disconnected and isolated. Falling behind and having poor grades may lower a student's self-esteem, affect their motivation and confidence. These emotional challenges can impact their well-being and their ability to participate fully in their education. Extensive absences lead not only to poor academic performance; they often lead to students dropping out of school. Some of the top reasons kids don't attend school include failing too many classes, feeling hopeless, bored, becoming a caregiver, feeling school was irrelevant, entering the workforce early to support family, taking care of siblings or family members and "no one cared."

The chart below shows how many months and years can be lost from missing too many days from school. A student could graduate from high school 4 or more grade levels behind in reading comprehension, writing and math skills.

Absence Rate	Days missed each year	Learning lost over k-12
5%	9	6 months
9%	16	1.2 school years
10%	18	1.3 school years
20%	36	2.6 school years
30%	54	3.9 school years

What can be done at home to improve attendance? Attendance is a student and parent/guardian responsibility. Let your student know:

- You think attendance is important.
- You are interested in their school activities.
- You want them to do well in school.
- Arriving at school on time and reporting to class when dropped off is expected.
- Ask to see your student's school work and have them explain to you what the assignment was about.
- Attend Back to School, Open House and other functions.
- Maintain lines of communication open with your student, teachers, administrators and the school attendance office.

OXNARD UNION HIGH SCHOOL DISTRICT

Available Language Programs and Language Acquisition Programs

Oxnard Union High School District offers the following language and language acquisition programs for student enrollment. Parents/Guardians may choose a language acquisition program that best suits their child (EC Section 310[a]).

- **Structured English Immersion (SEI) Program:** A language acquisition program for English learners in which nearly all classroom instruction is provided in English, but with curriculum and a presentation designed for pupils who are learning English. At minimum, students are offered ELD and access to grade level academic subject matter content. *Education Code (EC)* sections 305(a)(2) and 306(c)(3).
- **Native Speakers Courses:** A course of language study designed for native speakers of the target language (OUHSD offers Spanish). High school curriculum is aligned with University of California/California State University A–G requirements and courses are comparable with Advanced Placement Language classes.
 - **World Language:** The OUHSD world language scope and sequence supports all students, including Multilingual Learners and includes the following curricular areas: Spanish, French, and German, as well as a pathway for native Spanish speakers to enhance their native language called the Heritage Spanish Speakers series.
- **Newcomer:** An instructional program designed for English learners, who are new to the country, with less than 12 months of schooling in the United States. Instruction and/or support may be provided in the students' native language.

How to Enroll Your Student in a Language Acquisition Program:

Upon enrollment, a student who is identified as an English Learner will be referred to their counselor to review program placement and enroll in courses. To enroll your student in a particular language acquisition program, directly contact your student's counselor or contact the office at the school where your child is currently enrolled for assistance. This can be done verbally, by email or using the form that is found in the Parent tab on our website, www.oxnardunion.org. Form: Requesting a Language Acquisition Program. A waiver is no longer required. You can request a copy from the school receptionist.

How to Request the Establishment of a New Program at a School:

Schools in which the parents or legal guardians of 30 pupils or more per school or the parents or legal guardians of 20 pupils or more in any grade request a language acquisition program that is designed to provide language instruction shall be required to offer such a program to the extent possible. (EC Section 310[a].) To request the establishment of a new language acquisition program at your site this can be done verbally, by email or using the form that is found in the Parent tab on our website, www.oxnardunion.org. Form: Requesting a Language Acquisition Program. You can request a copy from the school receptionist.

About Language Acquisition Programs and Language Program

Program Type	Characteristics
Language Acquisition Program (English Learners)	The California Code of Regulations section 11309 requires that any language acquisition program provided by a school, district, or county shall: • Be designed using evidence-based research and include Designated and Integrated English Language Development; • Be allocated sufficient resources by the local educational agency to be effectively implemented, including, but not limited to, certificated teachers with the appropriate authorizations, necessary instructional materials, pertinent professional development for the proposed program, and opportunities for parent and community engagement to support the proposed program goals; and • Within a reasonable period of time, lead to: ◦ Grade-level proficiency in English, and, when the program model includes instruction in another language, proficiency in that other language; and ◦ Achievement of the state-adopted academic content standards in English, and, when the program model includes instruction in another language, achievement of state-adopted academic content standards in that other language.
Language Program (non-English Learners)	• OUHSD world language course offerings are available to all students, including Spanish, French, and German. • May lead to proficiency in languages other than English

Parent and Community Engagement

Parents may provide input regarding language and language acquisition programs in OUHSD or to be considered by the district during the development of the Local Control and Accountability Plan (EC Section 52062.) If interested in a different program from those listed above, please contact Dr. Shannon Houston Scott, shannon.scott@oxnardunion.org to ask about the process.

OXNARD UNION HIGH SCHOOL DISTRICT

Requesting a Language Acquisition Program

Dear Parents/Guardians:

Upon completion of this form, please return to the front office. This form should be routed to the Principal.

To enroll your child in a language acquisition program, submit the attached form to the office at the school where your student is currently enrolled. You may also make a verbal request that the form be completed for you by school personnel. A waiver is no longer required.

- I am requesting that my student be placed in the language acquisition program (SEI, Native Speaker, Newcomer) **currently offered at my child's school** of enrollment.

Please indicate school year: _____

- I am requesting that my student be placed in a language acquisition program (SEI, Native Speaker, Newcomer) **at any district school currently** offering the program.

Please indicate school year: _____

- I am requesting the establishment of a **new** language acquisition program at my child's site of enrollment.

Schools in which the parents or legal guardians of 30 pupils or more per school or the parents or legal guardians of 20 pupils or more in any grade request a language acquisition program that is designed to provide language instruction shall be required to offer such a program to the extent possible. (EC Section 310[a].)

Please indicate language: _____

Student Name: (please print) _____

Current Grade: _____ School: _____

Parent/Guardian Name: (please print) _____

Parent/Guardian Signature: _____

Telephone: _____ Date: _____

Site Use:

1. Route this form to the principal.
2. Enter request in site log, include date (physical or electronic). Request to be kept on file for three years.
3. Principal, share the request with the Superintendent.
4. Disposition of Request

Title I, Part A Local Educational Agency (LEA) Parent and Family Engagement Policy

Oxnard Union High School District, with parents and family members, has jointly developed, mutually agreed upon, and distributed to, parents and family members of participating children a written LEA parent and family engagement policy.

Describe how parents and family members are involved in the development of the Title I, Part A parent and family engagement policy (Every Student Succeeds Act [ESSA] Section 1116[a][2]):

The Oxnard Union High School District (OUHSD) invites and involves parents to participate in the joint development of the Parent and Family Engagement Policy. Parents of Title I students participate in Title I Parent Groups including School Site Councils, district and site English Language Advisory Committees plus other established parent advisory committees. Families provide feedback on district level activities, including program and budget development for categorical programs. The District invites parents to participate in special training to support their understanding of the School Plan for Student Achievement (SPSA). Yearly the policy is jointly reviewed for effectiveness and revisions are made if needed.

Describe how parents and family members will be involved in the development of the LEA Plan and support and improvement plans under ESSA Section 1111(d)(1-2) (ESSA Section 1116[a][2][A]):

The Oxnard Union High School District (OUHSD) is committed to involving parents and family members in the development of the Local Educational Agency (LEA) Plan and support and improvement plans under ESSA Section 1111(d)(1-2). Recognizing the critical role that parents and families play in the educational success of students, OUHSD implements a variety of strategies to ensure their meaningful participation in these processes.

Input will be sought from parent and family representation from established advisory committees including the District and site English Learner Advisory Committees that include a diverse group representing different socioeconomic, linguistic, and cultural backgrounds. These committees are integral to the development of the LEA Plan and support and improvement plans. Parents and family members are recruited through school announcements, flyers, emails, and personal invitations to ensure broad representation. Selection is based on ensuring diversity and inclusivity. The district will organize stakeholder meetings specifically designed to gather input from parents and family members. During these sessions, participants discuss priorities, provide feedback on proposed plans, and suggest improvements. Trainings are conducted to educate parents and family members about ESSA requirements and the components of the LEA Plan. These interactive sessions allow for discussions and collaborative planning. OUHSD distributes surveys to parents and family members to gather their opinions on current educational practices, identify areas needing improvement, and solicit suggestions for new initiatives. After meetings and workshops, parents are encouraged to complete feedback forms to provide their insights and recommendations. This feedback is carefully reviewed and incorporated into the planning process. Each school has a Site Council that includes parent representatives. These councils review school-level data, discuss improvement strategies, and provide input on how district plans can support their specific needs. To ensure all parents and family members can participate, OUHSD provides materials and communications in multiple languages. Translation services are available during meetings and workshops. The district uses various communication channels, including emails, social media, newsletters, and the district website, to keep parents informed about planning processes and upcoming opportunities for involvement. This collaborative approach fosters a strong partnership between the district, schools, and families, ultimately contributing to the success and well-being of all students.

Describe how the LEA provides the coordination, technical assistance, and other support necessary to assist and build the capacity of all participating schools within the LEA in planning and implementing effective parent and family involvement activities to improve student academic achievement and school performance, and how this may include meaningful consultation with employers, business leaders, and philanthropic organizations, or individuals with expertise in effectively engaging parents and family members in education (ESSA Section 1116[a][2][B]):

The Oxnard Union High School District (OUHSD) is committed to fostering effective parent and family involvement activities to enhance student academic achievement and overall school performance. To achieve this, OUHSD collaborates with a wide range of community and private sector partners, bringing valuable resources and information to families to support learning at home. Our approach addresses the diverse academic, social, and personal needs of both students and their parents/guardians.

To ensure comprehensive support, OUHSD maintains strong partnerships with esteemed institutions and organizations, including Cal State Channel Islands, Oxnard College, the University of California, Santa Barbara (UCSB), Ventura County Programs, the Probation Department, the Oxnard Police Department, the Ventura County Office of Education (VCOE), Building Resilience and Inclusion Through Engagement (BRITE), Parent Academy, and United Way. These collaborations enable us to offer a variety of services for our students and engagement of their families.

District staff work collaboratively with site administrators to plan and implement parent and family engagement activities. All school sites facilitate a Welcome Back to School in September. At Back to School Nights the families are informed about the Title 1 requirements and the right to be involved and how they can be involved in the Title 1 Part a Program. Sites will also review California state standards, the assessments that students will take during the year, and strategies for improving their child's success and how to help their child's learning at home. Strategies include setting up online, two-way communication between teachers and families, providing online resources for homework help such as TutorMe, and training for parents/guardians on how to use the resources. The district supports school and district staff with training on communication platforms such as Remind and ParentSq plus technical assistance to the parent/caregiver on how to use ParentVue. ParentVue allows families an online portal which allows the parent/caregiver to monitor their student's academic progress.

Other district and site engagement activities include parent information nights, achievement ceremonies, academic content nights, and other non-academic events. At the central office level there are family conferences on various topics such as 9th Grade Transition, College - Making it Happen, Life After High School, District and Community Resource Fair, plus other events.

Additionally, OUHSD in collaboration and consultation with our Directors for Career Technical Education, Wellness, plus College and Career have the opportunity to work with employers, business leaders, and philanthropic organizations to leverage their expertise in engaging parents and family members in the educational process.

Describe how the LEA coordinates or integrates parent and family engagement strategies with other relevant federal, state, local laws, and programs (ESSA Section 1116[a][2][C]):

The Oxnard Union High School District (OUHSD) strategically coordinates and integrates parent and family engagement strategies with various federal, state, and local laws and programs to enhance the effectiveness and coherence of our efforts. This integrated approach ensures that our initiatives are aligned with broader educational policies and leverage available resources for maximum impact

OUHSD integrates parent and family engagement strategies with Title I requirements, ensuring that our initiatives and activities are designed to meet the needs of low-income families. The specific activities and strategies are tailored to support these students. For English Learners (ELs), we align our engagement efforts with Title III, providing parents with resources and support to help their children achieve English language proficiency and meet

It is the policy and commitment of the Oxnard Union High School District does not and shall not discriminate on the basis of race, color, religion (creed), gender, gender expression, age, national origin (ancestry), disability, marital status, sexual orientation, or military status, in any of its activities or operations. Oxnard Union High School District is an equal opportunity employer.

state academic standards. This includes offering translation services, EL-focused workshops, and bilingual communication tools.

Our family engagement strategies are integrated into the LCAP, which guides the district's overall approach to improving student outcomes. This ensures that our parent involvement initiatives are consistent with state goals and priorities.

During our district wide family engagement activities, we emphasize the California state standards and related assessments, providing parents with the knowledge and tools to support their children's learning at home.

OUHSD collaborates with local community organizations such as MICOP, Promotores/Promotoras Foundation, Ventura County Health & Behavioral departments, Oxnard Police Department, and counseling agencies to address the diverse social and personal needs of students and their families. These partnerships help us provide culturally proficient comprehensive support services, including mental health resources and safety programs. Coordination with our local higher educational institutions, Cal State University Channel Islands, Oxnard College, UCSB Ventura College, plus CAFE, Parent Engagement Academy, Future Leaders of America (FLA) and feeder school districts to provide parent education and active engagement opportunities for parents to support their students' college and career plans. Partnering with organizations like Parent Academy and United Way, OUHSD offers programs that address various aspects of family life, from financial literacy to health and wellness.

To facilitate communication between parents and schools, OUHSD supports the use of platforms such as Parent Square, Remind and ParentVue. These tools ensure that parents have real-time access to their children's academic progress and school announcements, fostering greater involvement and accountability.

Recognizing the diverse linguistic needs of our community, we provide bilingual resources and support to ensure that all parents can participate fully in their children's education. This includes translated materials, interpretation services at meetings, and bilingual staff members.

Describe how the LEA will conduct, with meaningful involvement of parents and family members, an annual evaluation of the content and effectiveness of this Policy on improving academic quality of all schools served under Title I, Part A (ESSA Section 1116[a][2][D]):

An annual evaluation of the content and effectiveness of the OUHSD Parent and Family Engagement Policy will be done annually and in consultation with parents/caregivers of Title I students participating in Title I Part A Program, including School Site Councils, district and site English Language Advisory Committees plus other established parent advisory committees. Surveys and feedback from parents and family members will be used to gather input on the effectiveness of the Parent and Family Engagement Policy. The surveys are available in Spanish language to ensure accessibility for the families. OUHSD will also have focus groups and individual interviews with a diverse group of parents and family members to gain insights into their experiences and suggestions for improvement.

The participation rates in parent and family engagement activities will be used to measure the level of involvement and identify any barriers to participation. This information is crucial for tailoring future initiatives to better meet the needs of families.

Recognizing the linguistic diversity of our community, OUHSD will provide bilingual support during the evaluation process, including translated materials and interpreters for focus groups and interviews.

Parents and family members are not only asked for their input but are also kept informed about how their feedback will be used. OUHSD shares the findings from the evaluations and the resulting action plans through meetings, meeting minutes and newsletters.

It is the policy and commitment of the Oxnard Union High School District does not and shall not discriminate on the basis of race, color, religion (creed), gender, gender expression, age, national origin (ancestry), disability, marital status, sexual orientation, or military status, in any of its activities or operations. Oxnard Union High School District is an equal opportunity employer.

The evaluation process also informs improvements to parent and family engagement programs and activities. The feedback to develop new initiatives, refine existing ones, and allocate resources effectively.

To ensure continuous improvement, a process for ongoing monitoring of the policy's implementation and impact will be done throughout the year. These can be check-ins with school site councils, parent advisory committees, and district staff after districtwide sponsored events.

Describe how the LEA includes the following in the annual evaluation of the Title I, Part A parent and family engagement policy: identify barriers to greater participation by parents in activities authorized by this section (with particular attention to parents who are economically disadvantaged, are disabled, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background); identify the needs of parents and family members to assist with the learning of their children, including engaging with school personnel and teachers; and identify strategies to support successful school and family interactions (ESSA Section 1116[a][2][D][i-iii]):

The Oxnard Union High School District (OUHSD) is dedicated to ensuring that the annual evaluation of the Title I, Part A parent and family engagement policy comprehensively addresses barriers to participation, identifies the needs of parents and family members, and develops effective strategies to support successful school and family interactions.

Identifying Barriers to Participation by using surveys and verbal feedback or other forms from established OUHSD groups with a diverse range of parents, including those who are economically disadvantaged, disabled, have limited English proficiency, have limited literacy, or belong to racial or ethnic minority backgrounds. These tools help us gather detailed information on the specific barriers these parents face in participating in engagement activities.

Barriers identified include parents not feeling welcome at school sites by staff, lack of receiving communication and information from sites in the language they understand. For OUHSD, more than 15% of the families speak Spanish at home, the next largest language group at 2.38% is the Indigenous language mixtec. The lack of parental engagement from other parents in the activities offered at the sites and by the district is a concern expressed by the parent committee. Lastly, transportation and child care are also other barriers.

Identifying needs of parents and family members will be addressed throughout the year by communicating with sites and administrators at scheduled meetings and 1 to 1 sessions, written communications and providing training in regard to how to engage parents and make them feel welcome and a valued partner in the educational community.

The families want to receive more information on what educational, social and emotional services are available for their students. Examples provided were college and career options, financial literacy, and tutoring services. Additional educational and emotional support for the immigrant newcomer students in Spanish such as tutoring has been requested. Additionally more frequent monitoring on student achievement progress. Parents want to be alerted of struggling students in real time, not months later. This includes students behind academically, not turning in homework, chronic absences and inappropriate behavior. The feedback was that sites should offer more events and workshops during the evenings and weekends. Meetings and training have been requested on how to use the student chromebooks in order to learn how to use them for Google Meetings. The parents have also asked to have training online and want to know how to use the electronic platforms used at OUHSD in order to receive district communications, reminders and monitor their students.

OUHSD will support families by providing different means of information to them via parent newsletters with important parent articles and tips, parent workshops covering different topics from academics, special education, college & career, and social emotional. The District will coordinate family conferences in partnerships with local universities and community colleges. Partner with county programs and counseling agencies to provide parenting and social support. Will also work in collaboration with feeder school districts to provide education and information

It is the policy and commitment of the Oxnard Union High School District does not and shall not discriminate on the basis of race, color, religion (creed), gender, gender expression, age, national origin (ancestry), disability, marital status, sexual orientation, or military status, in any of its activities or operations. Oxnard Union High School District is an equal opportunity employer.

to families transitioning to the 9th grade. Categorical Counselors will provide extra support to our EL, foster, and homeless students with extra resources they might need.

Bilingual and culturally relevant materials will be sought and implemented in order to address language and cultural barriers. Transportation will be continued to be offered when there are parent/family events at our local community colleges and universities. In order to increase more parents it was suggested to have snacks or simple meals at meetings and events. Also parent incentives and acknowledgement may attract other parents.

Describe how the LEA will use the findings of such evaluation ESSA Section 1116(a)(2)(D)(i-iii) to designed evidence based strategies for more effective parental involvement and to revise, if necessary, the parent and family engagement policy (ESSA Section 1116[a][2][E]):

The Oxnard Union High School District (OUHSD) is committed to using the findings from the annual evaluation of the Title I, Part A parent and family engagement policy to design evidence-based strategies that enhance parental involvement and to revise the policy as necessary. This process ensures that our engagement efforts are continually improving and effectively supporting student achievement. The following steps outline how OUHSD will utilize the evaluation findings:

An inclusive review process will be developed in collaboration with established parents, family members, and school staff committees. This inclusive process ensures that the perspectives of all stakeholders are considered, and that the policy reflects the community's needs and priorities. These committees will give parents and caregivers a voice in school decisions. Regularly seek feedback from parents through surveys to understand their concerns and suggestions.

Data-driven decision making by analysis of evaluation findings. OUHSD will carefully analyze the data collected from surveys, parent advisory groups, and participation metrics to identify trends, barriers, and needs related to parental involvement. This analysis will provide an understanding of what is working and what areas need improvement.

Based on the evaluation findings, OUHSD will identify and implement best practices that have been shown to be effective in engaging parents and families. This includes leveraging research and evidence-based approaches to parental involvement. Strategies will be designed to address specific barriers identified in the evaluation, such as language barriers, transportation issues, and scheduling conflicts. To offer a range of involvement opportunities to cater to different schedules and interests, such as volunteering, attending school events, or participating in school governance. Support for at-home learning and homework help by providing district guidelines and resources for parents to help their children with homework and learning activities. This may include offering more flexible meeting times to accommodate working parents, providing translation services, and utilizing virtual meeting platforms.

To improve communication between parents and schools, OUHSD will expand the use of effective tools such as Remind and ParentVue, ensuring that all parents have access to real-time information and can easily communicate with teachers and school staff. Regular updates from the sites about student progress, events, and ways parents can get involved are requested. This can be communicated through newsletters, emails, or school portals.

In order to foster a welcoming school climate where parents feel valued and respected. This includes having friendly staff, welcoming signage, and comfortable meeting spaces. Recognize and respect the diverse cultural backgrounds of families, and provide materials and communication in multiple languages if necessary. In order to create a welcoming environment there is training for school staff in order to equip them with the skills and knowledge needed to effectively engage parents and families. Additionally, OUHSD will develop and distribute resources to help parents understand and navigate any new engagement strategies. This may include workshops, informational

It is the policy and commitment of the Oxnard Union High School District does not and shall not discriminate on the basis of race, color, religion (creed), gender, gender expression, age, national origin (ancestry), disability, marital status, sexual orientation, or military status, in any of its activities or operations. Oxnard Union High School District is an equal opportunity employer.

brochures, and online resources. Partnerships with community organizations and connecting the families to the resources provide additional support for families.

OUHSD will communicate the findings of the annual evaluation and the resulting policy revisions will be shared with all partners. This transparency fosters trust and ensures that parents and families are aware of the changes and how they participated, their voice mattered. Acknowledge contributions and appreciate parents' efforts and contributions to the school community. Encourage and reinforce positive interactions between parents and the school.

By using the findings from the annual evaluation evidence-based strategies will be designed and the Parent and Family Engagement Policy would be revised in order to be responsive to the needs of our community and our commitment to parental involvement and how it is important to support student success.

Describe how the LEA involves parents in the activities of the schools served under Title I, Part A, which may include establishing a parent advisory board comprised of a sufficient number and representative group of parents or family members served by the LEA to adequately represent the needs of the population served by the LEA for the purposes of developing, revising, and reviewing the parent and family engagement policy (ESSA Section 1116[a][2][F]):

The Oxnard Union High School District (OUHSD) prioritizes active and meaningful parent involvement in the activities of schools served under Title I, Part A. To ensure that the diverse needs of our community are effectively represented and addressed, we engage parents through various initiatives. Here is an outline of how OUHSD involves parents in these activities:

OUHSD has established Parent Advisory Boards composed of a diverse group of parents and family members. These committees include representatives from different socioeconomic backgrounds, cultures, languages, and communities to ensure that all voices are heard.

Parents are recruited through outreach efforts that include announcements at school meetings, flyers, emails, summer mailers, and personal invitations. The selection process ensures that the parent advisory committees reflects the demographics of the student population.

The Parent Advisory Committees including the English Learner Advisory Committee (ELAC) meet regularly to discuss and provide input on the development, revision, and review of the Parent and Family Engagement Policy. These members serve as liaisons between the schools and the broader parent community, bringing feedback and concerns to the site's attention.

The district organizes workshops and training sessions on various topics, such as navigating the school system, understanding curriculum changes, supporting homework, and utilizing digital tools like ParentVue, Parent Information Nights, FAFSA and Academic Content Nights. These events provide parents with important information about school programs, academic expectations, college and career, CTE and ways to support their children's education. They also offer opportunities for parents to interact with teachers and school staff in an informal setting.

Each school's Site Council includes parent representatives who participate in decision-making processes related to school improvement plans and Title I funding allocations. These councils provide a platform for parents to voice their opinions and contribute to school planning.

OUHSD conducts yearly surveys and focus groups to gather community feedback on various aspects of school operations and the effectiveness of engagement activities. This feedback is crucial for continuous improvement.

It is the policy and commitment of the Oxnard Union High School District does not and shall not discriminate on the basis of race, color, religion (creed), gender, gender expression, age, national origin (ancestry), disability, marital status, sexual orientation, or military status, in any of its activities or operations. Oxnard Union High School District is an equal opportunity employer.

To ensure all parents can participate, OUHSD provides communication in Spanish and offers translation services during meetings and events. This includes translated materials, bilingual staff, and interpreters.

Recognizing the diverse schedules of parents, OUHSD offers flexible timing for meetings and events, including evening and weekend options. Virtual meeting options are also available to increase accessibility.

Based on evaluation findings, OUHSD makes necessary adjustments to its engagement strategies and policies. This ensures that parent involvement activities are continuously improving and meeting the needs of the community. By involving parents using various strategies, OUHSD ensures that parent and family engagement is meaningful and effective, contributing to the academic success and well-being of all students.

Oxnard Union High School District's Title I, Part A LEA Parent and Family Engagement Policy was developed jointly and agreed on with parents and family members of children participating in Title I, Part A programs on April 16, 2024. The LEA collaboratively works to review and update the policy yearly and update as needed with board approval. The LEA will distribute the Policy to all parents and family members of participating Title I, Part A students annually on or before September 30.
