Amanda Wilson

Wild Olive Salon
123 Fictional Lane
Swansboro, NC 28584

Dear Ms. Wilson,

March 12, 2024

I've kept a keen eye on Wild Olive Salon and I'm drawn to your innovative approaches, and warm, inclusive salon environment. With four specialized certifications, including in Brazilian Blowouts and curly hair styling, I believe that my experience aligns with your search for a positive, creative, and self-motivated salon assistant manager keen on growth within a dynamic team.

My most recent experience involves being a salon hair stylist at the Lavender Cove Salon and undertaking responsibilities such as hair cutting and coloring, shampooing and massaging along with facial hair waxing for approximately 16 clients every day. This experience goes beyond just strict salon abilities and dexterity; it also instilled a profound understanding of customer service, product knowledge, and the importance of creating a rejuvenating salon environment.

During my time at The Vogue of Swansboro, I was actively involved in negotiating with product suppliers, gaining favorable discounts of up to 18%, and contributing positively to a salon's bottom line. Gaining hands-on experience with scalp treatments and hair care consultations, I was also able to introduce 3 style booklets and scalp exfoliation procedures which boosted client satisfaction by 27%.

As a former apprentice hair stylist at Brin & Co Boutique, I developed a strong understanding of interacting with clients and assisting senior stylists during hair treatments and haircuts. In a team of 8, I contributed to delivering high-end service through hair styling for weddings and photoshoots, which helped uplift the salon's monthly positive rating by 24%.

I believe that my dedication to continuous learning and can-do attitude will positively contribute to Wild Olive Salon. I'm available for an interview at the earliest to further discuss my application.

Sincerely,

Imani Kariuki
