STRUTHERS CITY SCHOOLS

BOARD OF EDUCATION OFFICE
99 EUCLID AVENUE STRUTHERS, OHIO 44471
330-750-1061 FAX 330-750-5516
Mr. Peter J. Pirone Jr., Superintendent
Mr. Ryan R. Cene, Treasurer

Child nutrition programs gives children an understanding of the relationship between proper eating habits and good health. Schools must follow the meal pattern which involves planned menus meeting at least minimum daily quantities of milk, meat, vegetable, fruits and grains

The USDA requires cafeteria employees to take part in furthering their education yearly with online classes that are available thru the state and also through our local health department. This includes not only nutrition but also food safety. All nutritional information is readily available within our schools. Special dietary needs are also meet and overseen by our cafeteria personnel along with our school nurses.

Sample Carb Count:

MONDAY			
	Serving	Fiber	Carbohydrates
Chicken Quesadilla	1	4gr	38gr
Corn	1/2 c	2gr	17gr
Peaches	1/2 c	1gr	12gr

TUESDAY			
	Serving	Fiber	Carbohydrates
Pancakes	1pkg	2gr	37gr
Sausage	1	0	0
Potato tri	1	1gr	13gr
Pears	1/2 c	1gr	17gr

WEDNESDAY			
	Serving	Fiber	Carbohydrates
Taco Meat	3.17oz	2gr	5gr
Chips	1	3gr	30gr
Salsa	1.5oz	0	3gr
Black beans	1/2 c	6gr	23gr
Strawberries	1/2c	2gr	22gr

THURSDAY			
	Serving	Fiber	Carbohydrates
Chicken Patty	1	3gr	16gr
Sweet Potato fry	3.17oz	3gr	17gr
Applesauce	1/2c	1	14gr

FRIDAY			
	Serving	Fiber	Carbohydrates
Pizza	1	2gr	39gr
Salad	1c	1gm	2 gr
Mix fruit	1/2 c	1 gr	17gr

Struthers City Schools follows the Ohio Nutritional ODE Standards. The two policies that focus on nutritional and wellness standards adopted by the state and enforced by the district are the wellness policy #8510 and the food service policy #8500. The district only purchases food from vendors who ensure that all products meet nutritional standards.

All menus are board approved which are available in school and also online on the districts website. See samples of the menus below. Our district takes pride in making sure that all of our students receive a healthy breakfast and lunch. We also offer an after school program as well as a summer program

Board or Governing Authority Meeting Presentation

*4. Date of board or governing authority meeting presentation:

Date 4/14/2026

*5 Name of district or school staff person responsible for ensuring that the school district or school meets

The nutrition standards as required by law:

Name: Mary Spatholt

Title: Cafeteria Manager

Phone Number: 330-750-1062 41328

Email Address: Mary.Spatholt@StrathersCitySchools.org

District or School Information

Each district or school will provide copies of the report available to the public upon request.

State law in Ohio requires each school district board of education and each chartered nonpublic school board or governing authority to adopt and enforce nutrition standards governing the types of food and beverages available for sale on the premises of its schools. Additionally, the board or governing authority must specify the time and place each type of food or beverage is available for sale. The standards specified for beverages and food are minimum standards. Local districts and schools may adopt higher standards.

Each board or governing authority assigns staff to make sure that the district or school meets the nutrition standards in state law. The staff prepares an annual report regarding the district's or school's compliance with the standards. Completion of this survey fulfills the district or school's requirement to report to the Ohio Department of Education its compliance with state law. The board or governing authority must schedule an annual presentation on the report at one of its regular meetings and include the date of the annual presentation in this survey.

* 1. IRN:

044859

* 2. Organization Name:

Book	Policy Manual
Section	8000 Operations
Title	FOOD SERVICES
Code	po8500
Status	Active
Adopted	January 1, 2015
Last Revised	May 20, 2025

8500 - **FOOD SERVICES**

The Board of Education shall provide cafeteria facilities in all school facilities where space and facilities permit and will provide food service for the purchase and consumption of meals for all students. The Board shall also provide a breakfast program in accordance with procedures established by the Department of Education and Workforce ("DEW"). The Board shall annually encumber the funds needed to operate the program.

The food service program shall comply with Federal and State regulations pertaining to the selection, preparation, delivery, consumption, and disposal of food and beverages including, but not limited to, the current United States Department of Agriculture's ("USDA") school meal pattern requirements and the USDA Smart Snacks in School nutrition standards, as well as to the fiscal management of the program.

Further, the food service program shall comply with Federal and State regulations pertaining to the fiscal management of the program as well as all the requirements pertaining to food service hiring and food service manager/operator licensure and certification. In addition, as required by law, a food safety program based on the principles of the Hazard Analysis and Critical Control Point ("HACCP") system shall be implemented with the intent of preventing food-borne illnesses. For added safety and security, access to the facility and the food stored and prepared therein shall be limited to food service staff and other authorized persons.

The Board shall approve and implement nutrition standards governing the types of food and beverages that may be sold on the premises of its schools and shall specify the time and place each type of food or beverage may be sold. In adopting such standards, the Board shall:

A. consider the nutritional value of each food or beverage;

B. consult with a dietitian licensed under R.C. Chapter 4759, a dietetic technician registered by the Commission on Dietetic Registration, or a school nutrition specialist certified or credentialed by the School Nutrition Association;

C. consult and incorporate to the maximum extent possible the dietary guidelines for Americans jointly developed by the USDA and the United States Department of Health and Human Services; and

D. consult and incorporate the USDA Smart Snacks in School nutrition guidelines.

The District's food service program shall serve only food items and beverages determined by the Food Service Department to be in compliance with the current USDA Dietary Guidelines for Americans and the USDA Smart Snacks in School nutrition guidelines.

The Superintendent will require that the food service program serve foods in the schools of the District that are wholesome and nutritious and reinforce the concepts taught in the classroom.

The Superintendent is responsible for implementing the food service program in accordance with the adopted nutrition standards and shall provide a report to the Board at one of its regular meetings, annually, regarding the District's compliance with the standards. The Superintendent shall ensure that the District's vendors and/or food service management contractor is provided a copy of this policy and any implementing guidelines and that any pertinent agreements are consistent with this policy and any implementing guidelines.

No food or beverage may be sold on any school premises except in accordance with the standards approved by the Board.

The Board shall provide a Federal food service program for students during summer intervention programs that are mandated under State and Federal law. If the Board determines that it is unable to provide a Federal food service program during the summer, for financial reasons, the Board will communicate that decision to its residents in a manner it determines to be appropriate.

During all times while the food service program is operating and students are being served food, at least one (1) employee shall be present in the area in which the food is being consumed who has received instruction in methods to prevent choking and demonstrated an ability to perform the Heimlich maneuver.

Dietary Modifications

Modifications Based on Compliant Medical Documentation

An adult student or student's parent requesting special dietary accommodations for a student with a disability that restricts the diet must provide the Medical Statement for Special Dietary Needs signed by a State authorized medical authority, which is a medical professional authorized in the State of Ohio to write prescriptions. The request must contain the following information:

A. an explanation of how the student's physical or mental impairment restricts the diet;

B. the food(s)/type(s) of foods to be avoided;

C. the food(s)/type(s) of foods to be substituted;

D. additional pertinent information, if any, that will assist in accommodating the student's needs.

If a Medical Statement for Special Dietary Needs is incomplete, unclear, or lacks sufficient detail, the Special Dietary Accommodation Coordinator or Food Service Director shall request that the student or parent/guardian request that the medical authority supplement the response so that a safe meal can be provided.

A special dietary accommodation for a student who has a disability that restricts the student's diet must be supported by a Medical Statement for Special Dietary Needs, which should be submitted to the Food Service Director who shall serve as the Special Dietary Accommodation Coordinator

A student with a disability may have an IEP or 504 plan that requires specific instruction, services, or accommodation related to the student's nutritional needs. If a student's IEP or 504 plan contains the same information that is required on a Medical Statement for Special Dietary Needs, then it is not necessary to obtain and submit a separate Medical Statement for Special Dietary Needs.

The individual making an initial request for such substitutions must inform the Food Service Director or Special Dietary Accommodation Coordinator that the student has a disability that restricts the student's diet. The School District will honor the request upon receipt of the required documentation from a State-authorized medical authority. If the Special Dietary Accommodation Coordinator is unable to grant a requested accommodation following receipt of the medical authority's statement, the student or parent shall be provided with an explanation of the basis for the decision. Compliant requests shall be immediately implemented.

Disability Accommodation Grievance Procedure

The following procedure is intended to provide prompt and equitable resolution to any concern or disagreement regarding the food service program's administration of meal modifications made or requested on the basis of a student's disability. None of the procedures described in this policy section shall prevent a student or parent from pursuing a complaint with any State or Federal agency, including the USDA, using the procedures described at the end of this policy.

A. If an initial request for accommodation in the form of substituted meals is denied, the student or parent may request review of that decision by the Building Principal and shall provide any communications between the student

or parent and food service officials concerning the accommodation request, any documentation provided by a medical authority, and any additional information the student or parent believes is pertinent to the decision. A review of the materials provided and of the initial decision shall be completed and a response provided to the student or parent as soon as practicable following receipt of the request for review. If the initial decision is reversed, including due to additional information provided on review, the dietary accommodations shall be implemented without delay. If the initial decision is affirmed, the decision may appealed to the Superintendent whose decision is final.

B. Any other complaint or disagreement with the food service administration concerning implementation of special dietary accommodations based on a student's disability shall be presented to the Special Dietary Accommodation Coordinator. The student or parent shall specify the nature of the concern and any requested remedy in writing. The Coordinator shall promptly review the grievance and either contact the student or parent for any required clarification of the request or to seek to reach an agreement regarding how to best address the concern. If no agreement is reached, the Coordinator shall make a determination and notify the student or parent in writing as soon as practicable. If the grievance is affirmed in any respect, the Coordinator shall propose a plan for implementing appropriate remedial measures. If the student or parent is dissatisfied with the Coordinator's determination, the student or parent may submit a written request to the Building Principal or Superintendent for review. The administrator's determination shall be final.

IMPLEMENTATION AND DISCONTINUATION

Review

Upon receipt of a request for a special dietary accommodation, the Food Service Director or Special Dietary Accommodation Coordinator shall review the request to ensure it is supported as required by Federal law and District policy and if not, shall request additional or clarifying information from the student or parent making the request.

Implementation

When the need for a special dietary accommodation is supported by a Medical Statement for Special Dietary Needs signed by a State authorized medical authority, the District will offer a reasonable modification that effectively accommodates the student's disability. Following USDA Child Nutrition Program regulations, the School District may consider factors such as cost and efficiency and is not required to prepare a specific meal, provide a specific brand of food, or provide a meal beyond the meals provided to other students.

For students who have an IEP or 504 plan that requires specific food-related accommodations, the School District shall provide the accommodation as required by law, seeking clarifying medical information, as necessary.

A special dietary request will be approved and implemented upon submission of a completed authorized Medical Statement.

Student Absence

If a student receiving a special dietary accommodation is absent or does not wish to participate in school lunch on a day an accommodation is planned, the student or parent shall contact the Special Dietary Accommodation Coordinator by 9:00 a.m. the same day.

Renewing A Special Dietary Request

An authorized Medical Statement does not need to be updated annually. However, the Special Dietary Accommodation Coordinator may annually seek clarification or updates on special dietary requests.

Discontinuation of a Special Dietary Request

A special dietary request or part of a request may be discontinued by a parent by submitting the request in writing to the Special Dietary Accommodation Coordinator or shall be discontinued consistent with the medical authorities' recommendation provided with the Medical Statement for Special Dietary Needs.

Meal Charges

Meals sold by the school may be purchased by students and staff members and community residents in accordance with administrative guidelines established by the Superintendent. Meals may be made available, free of charge, to senior citizens who are serving as volunteers to the District.

The operation and supervision of the food-service program shall be the responsibility of the Food Service/Treasurer. In accordance with Federal law, the Food Service/Treasurer shall take such actions as are necessary to obtain a minimum of two (2) food safety inspections per school year, which are conducted by the State or local governmental agency responsible for food safety inspections. The report of the most recent inspection will be posted in a publicly visible location, and a copy of the report will be available upon request.

A periodic review of the food service accounts shall be made by the Treasurer. Any surplus funds from the National School Lunch Program or the Healthy, Hunger-Free Kids Act of 2010 (P.L. 111-296) shall be used to reduce the cost of the service to students or to purchase cafeteria equipment. Surplus funds from a-la-carte foods may accrue to the food service program.

Bad Debt

Bad debt incurred through the inability to collect lunch payment from students is not an allowable cost chargeable to any Federal program. Any related collection cost, including legal cost, arising from such bad debt after they have been determined to be uncollectable are also unallowable. District efforts to collect bad debt shall be in accordance with Policy 6152 - Student Fees, Fines, and Charges.

Bad debt is uncollectable/delinquent debt that has been determined to be uncollectable no sooner than the end of the school year in which the debt was incurred and after the Superintendent determines that sufficient reasonable effort and approaches to collecting the debt have been made. If the uncollectable/delinquent debt cannot be recovered by the School Meals Program in the year when the debt was incurred, then this is classified as bad debt. Once classified as bad debt, non-Federal funding sources must reimburse the NSFSA for the total amount of the bad debt. The funds may come from the District general fund, State or local funding, school or community organizations such as the PTA, or any other non-Federal source. Once the uncollectable/delinquent debt charges are converted to bad debt, records relating to those charges must be maintained in accordance with the record retention requirements in 7 C.F.R. 210.9(b) (17) and 7 C.F.R. 210.15(b).

Students who have qualified for Free lunches are still responsible for paying off any debt that was incurred prior to qualifying for free lunches.

This policy and any implementing guidelines shall be provided in writing to all households at the start of each school year and to households transferring to the school or School District during the year. The policy and implementing guidelines will also be provided to all District staff with responsibility for enforcing the policies.

With regard to the operation of the school food service program, the Superintendent shall require:

A. the maintenance of sanitary, neat premises free from fire and health hazards;

B. the preparation of food that complies with Federal food safety regulations;

C. the planning and execution of menus in compliance with USDA requirements;

D. the purchase of food and supplies in accordance with State and Federal law, USDA regulations, and Board policy; (see Policy 1130, Policy 1200, Policy 3113, Policy 3210, Policy 3214, Policy 4113, Policy 4210, Policy 4214, and Policy 6460)

E. complying with food holds and recalls in accordance with USDA regulations;

F. the administration, accounting, and disposition of food service funds pursuant to Federal and State law and USDA regulations;

G. the safekeeping and storage of food and food equipment pursuant to State and Federal law and USDA regulations;

H. the regular maintenance and replacement of equipment;

I. all District employees whose salaries are paid for with USDA funds or non-Federal funds used to meet a match or cost-share requirement must comply with the District's time and effort record-keeping policy (see Policy 6116).

In accordance with the nutritional standards adopted by the Board, the placement of vending machines in any classroom where students are provided instruction unless the classroom is also used to serve meals to students is prohibited.

The District shall serve only nutritious food in accordance with the nutritional standards adopted by the Board in compliance with the current USDA Dietary Guidelines for Americans and the USDA Smart Snacks in School nutrition guidelines. Foods and beverages in competition with the District's food service program must comply with the current USDA Dietary

Guidelines for Americans and the USDA Smart Snacks in School nutrition guidelines, and may only be sold in accordance with Board Policy 8550.

The Superintendent will require that the food service program serve foods in the schools of the District that are wholesome and nutritious and reinforce the concepts taught in the classroom.

The Superintendent is responsible for implementing the food service program in accordance with the adopted nutrition standards and shall provide a report regarding the District's compliance with the standards at one (1) of its regular meetings annually.

Nondiscrimination Statement

In accordance with Federal civil rights law and U.S. Department of Agriculture ("USDA") civil rights regulations and policies, this institution is prohibited from discriminating on the basis of race, color, national origin, sex (including gender identity and sexual orientation), disability, age, or reprisal or retaliation for prior civil rights activity. The District's nondiscrimination statement below is complementary to the District's nondiscrimination policies, including Policy 2260 - Nondiscrimination and Access to Equal Educational Opportunity and Policy 1422/Policy 3122/Policy 4122 - Nondiscrimination and Equal Employment Opportunity.

Program information may be made available in languages other than English. Persons with disabilities who require alternative means of communication to obtain program information (e.g., Braille, large print, audiotape, American Sign Language), should contact the responsible state or local agency that administers the program or USDA's TARGET Center at (202) 720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at (800) 877-8339.

To file a program discrimination complaint, a Complainant should complete Form AD-3027, USDA Program Discrimination Complaint Form, which can be obtained online at https://www.usda.gov/sites/default/files/documents/ad-3027.pdf, from any USDA office by calling (866) 632-9992, or by writing a letter addressed to USDA. The letter must contain the complainant's name, address, telephone number, and a written description of the alleged discriminatory action in sufficient detail to inform the Assistant Secretary for Civil Rights ("ASCR") about the nature and date of an alleged civil rights violation. The completed AD-3027 form or letter must be submitted to USDA by:

1. Mail:
   U.S. Department of Agriculture
   Office of the Assistant Secretary for Civil Rights
   1400 Independence Avenue, SW
   Washington, D.C. 20250-9410; or

2. Fax:
   (833) 256-1665 or (202) 690-7442; or

3. E-mail:
   program.intake@usda.gov.

This institution is an equal opportunity provider.

Book	Policy Manual
Section	8000 Operations
Title	WELLNESS
Code	po8510
Status	Active
Adopted	January 1, 2015
Last Revised	April 20, 2021

8510 - **WELLNESS**

As required by law, the Board of Education establishes the following wellness policy for the Struthers City School District as a part of a comprehensive wellness initiative.

The Board recognizes that good nutrition and regular physical activity affect the health and well-being of the District's students. Furthermore, research suggests that there is a positive correlation between a student's health and well-being and his/her ability to learn. Moreover, schools can play an important role in the developmental process by which students establish their health and nutrition habits by providing nutritious meals and snacks through the schools' meal programs, by supporting the development of good eating habits, and by promoting increased physical activity both in and out of school.

Schools alone, however, cannot develop in students healthy behaviors and habits with regard to eating and exercise. It will be necessary for not only the staff, but also parents and the public at large to be involved in a community-wide effort to promote, support, and model such healthy behaviors and habits. The Board also acknowledges the importance of diversity and culturally inclusive practices in school wellness effort.

The Board sets the following goals in an effort to enable students to establish good health and nutrition habits:

A. The District shall with regard to nutrition education:

Nutrition education shall be integrated into other subject areas of the curriculum, when appropriate, to complement, but not replace, the standards and benchmarks for health education.

B. With regard to physical activity, the District shall:

Physical Education

1. A sequential, comprehensive physical education program shall be provided for students in K-12 in accordance with the physical education academic content standards and benchmarks adopted by the State.

2. Physical education classes shall provide students with opportunities to learn, practice, and be assessed on developmentally appropriate motor skills and social skills, as well as knowledge.

C. With regard to other school-based activities:

Free drinking water shall be available to students during designated meal times and may be available throughout the school day.

The schools shall schedule mealtimes so there is minimum disruption by bus schedules, recess, and other special programs or events.

Furthermore, with the objectives of enhancing student health and well being, and reducing childhood obesity, the following guidelines are established:

A. In accordance with Policy 8500, entitled Food Service, the food service program shall comply with Federal and State regulations pertaining to the selection, preparation, consumption, and disposal of food and beverages as well as to the fiscal management of the program.

B. As set forth in Policy 8531, entitled Free and Reduced Price Meals, the guidelines for reimbursable school meals are not less restrictive than the guidelines issued by the U.S. Department of Agriculture (USDA).

C. The food service program will provide all students affordable access to the varied and nutritious foods they need to be healthy and to learn well.

D. The food service program will provide all students affordable access to the varied and nutritious foods they need to be healthy and to learn well regardless of unpaid meal balances and without stigma.

The Board designates the Superintendent as the individual charged with operational responsibility for measuring and evaluating the District's implementation and progress under this policy. The Superintendent shall develop administrative guidelines necessary to implement this policy.

The Superintendent shall appoint a District-wide Wellness Committee that includes parents, students, representatives of the school food authority, educational staff (including health and physical education teachers), mental health and social services staff, school health professionals, members of the public, and school administrators to oversee development, implementation, evaluation and periodic update of this policy. The Wellness Committee shall be an ad hoc committee with members recruited and appointed annually. School-level health advisory teams may assist in the planning and implementation of these Wellness initiatives.

The Superintendent shall report on the District's compliance with this policy and the progress toward achieving the goals set forth herein when requested to do so by the Board.

Review of this policy shall occur every five (5) years, by a committee appointed by the Board, consisting of a representative(s) of the Board, the administration, the food service provider, the parents, the students, and the public. The committee shall provide the Board with any recommended changes to this policy.

Title	VENDING MACHINES
Code	po8540
Status	Active
Adopted	January 1, 2015

8540 - **VENDING MACHINES**

The Board of Education recognizes that vending machines can produce revenues which are useful to augment programs and services to students and staff. It will, therefore, authorize their use in District facilities providing that the following conditions are satisfied.

A. The installation, servicing, stocking, and maintenance of each machine is contracted for with a reputable supplier of vending machines and their products.

B. The District's share of the revenues is managed by the Treasurer in accordance with relevant Board policies and administrative guidelines.

C. No products are vended which would conflict with or contradict information or procedures contained in the District's educational programs on health and nutrition.

D. No food or beverages are to be sold or distributed which will compete with the District's food-service program.

The Superintendent and the Treasurer shall develop and implement administrative guidelines which will ensure these conditions are adhered to on a continuing basis.

Title	COMPETITIVE FOOD SALES
Code	po8550
Status	Active
Adopted	June 21, 2011

8550 - **COMPETITIVE FOOD SALES**

The Food and Nutrition Services Department will comply with the provisions set forth in Federal law regarding sale of competitive food and foods of minimal nutritional value.

The Food and Nutrition Services Department shall be the sole provider of food and beverage items sold in all schools until the conclusion following the last lunch period, at which time other school organizations may begin to sell foods and beverage items in accordance with the Board's wellness policy (Policy 8510) and guidelines (AG 8510) and with principal approval.

The food and beverages to be sold must be in accordance with the District's approved nutrition standards and the District's wellness policy (Policy 8510) and guidelines (AG 8500).
