

California Community Schools Partnership Program: Sustainability Plan 2026

Career and College Transition Division

Welcome to the Sustainability Plan for the California Community Schools Partnership Program (CCSPP). This plan is a required submission starting in year two of your implementation grant cycle in addition to your Annual Progress Report (APR). It is designed to assist in planning and implementing strategies to ensure the long-term sustainability of your efforts. Additionally, it encourages reflection as part of an ongoing process of continuous improvement.

This version of the Sustainability Plan is intended to serve as a transitional tool for the 2025-26 year. For future reporting cycles, sustainability planning will be directly embedded into the APR.

Understanding the Sustainability Plan and Annual Progress Report

While both the Sustainability Plan and the Annual Progress Report (APR) are essential, they serve different but complementary purposes:

The Sustainability Plan: Focuses on securing long-term funding, partnerships, and systems to sustain the program beyond the grant.

The Annual Progress Report: Focuses on implementation, progress monitoring, outcomes, and accountability.

Key Guidance for Completing the Sustainability Plan

Reflect on the Long-Term Vision: As you fill out the Sustainability Plan, consider your community's long-term goals. Reflect on how your current efforts align with both immediate needs and future aspirations.

Identify Key Strategies for Sustainability: Focus on strategies for securing long-term funding and developing lasting partnerships. Consider community resources, volunteer support, and other funding streams that will help ensure the sustainability of your strategy. How will these resources continue to support your efforts once the grant period ends?

Focus on Program and Fiscal Sustainability: Your plan should address both programmatic and fiscal sustainability. This means ensuring that the services you provide continue to meet the needs of your school community while securing the financial resources needed to support them.

Align with the California Community Schools Framework: Your Sustainability Plan should align with the California Community Schools Framework and other available resources, such as the Community Schools Implementation Plan Template and the Capacity Building Strategies.

Additional Considerations: This plan should be developed collaboratively with your school's leadership team, involving students, staff, families, and community partners to ensure broad input and ownership. Keep in mind that sustainability is an ongoing journey. If you need support in completing the form or have any questions, please reach out to the State Transformational Assistance Center (S-TAC).

Instructions

The online application survey will remain open through **Tuesday, June 30, 2026**. All prompts are required unless otherwise indicated.

If you have technical difficulty completing the application survey, please contact Lisa Clark-Devine at LClark-Devine@cde.ca.gov for assistance. If you have any questions regarding the CCSPP, please send them to the following email address, CCSPP@cde.ca.gov.

Important: This survey cannot be saved and must be completed in one attempt. The CCSSP Sustainability Plan 2026 Survey questions is available so you can prepare your responses offline before submitting through this survey. Please email CCSPP@cde.ca.gov to request a copy of the survey questions.

Note: Once an application form has been submitted it cannot be edited further.

Capacity Building Strategies

Directions: Please respond to each of the questions within the five Capacity Building Strategies.

Suggestions for Completion:

1. In your responses, consider how your school's top three strategies/priorities are advanced by each of the capacity-building strategies.
2. Provide examples or best practices for capacity-building strategies that can help other schools create more actionable plans.
3. Incorporate a structured framework (e.g., short-term, mid-term, and long-term strategies) to support a more strategic approach to sustainability.
4. Encourage input from engaged partners by including a prompt or section to outline how various partners (educators, families, community members) will contribute to capacity-building efforts.

Shared Commitment & Collective Priorities

What strategies are in place to sustain the action(s) aligned to the goals identified in your school's needs and assets assessment? (Provide specific examples; (? of 1,000 maximum characters))

The LEA will sustain these actions by embedding them within a Multi-Tiered System of Support (MTSS), ensuring alignment across academic, behavioral, and social-emotional supports. Ongoing training and coaching for site coordinators will build internal capacity to implement and monitor these efforts over time. Sustainability is further supported through braiding resources with existing wellness teams and aligning Community Schools strategies with established school structures. Additionally, formalized systems for agency collaboration will ensure partners remain actively engaged, providing coordinated supports for students and families beyond the grant period.

What strategies/processes are needed in order to continue supporting shared commitments and priorities? (Provide specific examples; (? of 1,000 maximum characters))

The LEA will maintain key strategies and processes that reinforce shared commitments and priorities, including alignment to LCAP goals and ongoing fiscal coordination to ensure resources are effectively targeted and sustained. The use of evidence-based best practices will guide implementation across academic, behavioral, and social-emotional supports. Additionally, the LEA will continue to strengthen parent engagement strategies to elevate family voice and partnership, while maintaining a strong focus on student attendance and overall wellbeing. These efforts will remain integrated within site and district systems to ensure coherence, consistency, and long-term impact.

Centering Community-Based Learning

How will a community-based learning approach to instruction be sustained? (Provide specific examples; (? of 1,000 maximum characters))

NA

What strategies/processes are needed to maintain continued support for community-based learning? (Provide specific examples; (? of 1,000 maximum characters))

Collaborative Leadership

How will the LEA/school sustain shared decision-making structures that have been put in place (e.g., site-based leadership teams)? *(Provide specific examples; (? of 1,000 maximum characters))*

The LEA will maintain key strategies and processes that reinforce shared commitments and priorities, including alignment to LCAP goals and ongoing fiscal coordination to ensure resources are effectively targeted and sustained. The use of evidence-based best practices will guide implementation across academic, behavioral, and social-emotional supports. Additionally, the LEA will continue to strengthen parent engagement strategies to elevate family voice and partnership, while maintaining a strong focus on student attendance and overall wellbeing. These efforts will remain integrated within site and district systems to ensure coherence, consistency, and long-term impact.

What strategies/processes are needed to maintain collaborative leadership? *(Provide specific examples; (? of 1,000 maximum characters))*

The LEA will maintain collaborative leadership by expanding partnerships with additional educational and service agencies through the Southern Tulare Collective, strengthening coordinated supports for students and families. The inclusion of student voice will be prioritized to inform decision-making and ensure supports are responsive to student needs. The LEA will also continue to implement evidence-based strategies to strengthen ELA outcomes and branch to provide more resources/support in the social-emotional learning (SEL) across sites through partnerships with County Office of Education, Public Health, Porterville Youth Services, Hope Horizon, and MindDivers.

Sustaining Staffing and Resources

What is the plan to sustain core community school staff (e.g., site-based community school coordinator)? (Provide specific examples; (? of 1,000 maximum characters))

LCAP Goal Alignment: Community Schools Coordinator (Southern Tulare Collective) The Community Schools Coordinator across Strathmore Union ESD (SUESD), Ducor Union ESD (DUESD), Terra Bella Union ESD (TBUESD), and Alpaugh Unified School District (AUSD) aligns directly with LCAP goals by advancing a Whole Child approach grounded in MTSS and the Community Schools framework. Through the California Community Schools Partnership Program (CCSPP), the Coordinator ensures alignment of services, resources, and strategies to support student success across academic, social-emotional, and engagement domains. Key Areas of Alignment

1. Academic Achievement (ELA Focus) Supports implementation of evidence-based literacy strategies (e.g., Really Great Reading, ELA Support through Consulting) Coordinates interventions aligned to Tier 1–3 supports within MTSS Promotes data-informed practices using CAASPP, ELPAC, and local assessments
2. Student Engagement & Attendance Leads chronic absenteeism reduction strategies through attendance campaigns, family outreach, and incentives Aligns site efforts with AttendanceWorks practices and PDSA cycles Strengthens re-engagement systems (SART, SST, attendance recovery structures)
3. Social-Emotional Learning & Wellness Coordinates SEL programming (e.g., Calm & Kind) and behavioral health partnerships Expands access to mental health services through community-based organizations Supports safe, inclusive, and restorative school climates
4. Family & Community Engagement Facilitates meaningful family engagement opportunities (Resource Roundups, Parent Partners, conferences) Supports advisory structures (ELAC, DELAC, PAC, CCSPP Advisory Councils) Elevates family voice through surveys and street data (REAL framework)
5. Collaborative Leadership & Systems Alignment Strengthens shared decision-making through COST, SST, admin meetings, and superintendent convenings Aligns LCAP, CCSPP Implementation Plan, APR, and Sustainability Plan Builds cross-district collaboration through STC networking and partner alignment (TCOE, agencies, higher ed)
6. Expanded Learning & Enrichment Coordinates after-school, summer (e.g., Save the Children, CHOICES, ELOP, Friday Night Lights, Non-Profits), and enrichment opportunities Integrates real-world learning, student leadership, and career exposure

How will data be tracked and measured to support sustainability and impact going forward? (Provide specific examples; (? of 1,000 maximum characters))

Sustainability of Data-Tracking and Measurement Systems The LEA will sustain data-tracking and measurement systems by continuing to utilize multiple data sources, including the California School Dashboard (CA Dashboard), local benchmark assessments, and real-time data systems (Aeries, PARSEC, SchoolWise), to monitor student progress across attendance, and social-emotional domains. In addition, the LEA will maintain systems for tracking student wellness through counselor-led supports, including regular wellness check-ins, social-emotional screeners, and progress monitoring tools. School counselors and site teams will collaborate with community-based agencies and behavioral health partners to track service referrals, participation, and outcomes, ensuring students receive coordinated and responsive support (PYS & Hope Horizon) Data will be reviewed consistently through established structures such as COST, SST, administrative meetings, and Community Schools Advisory Councils, where teams analyze trends, identify student needs, and align interventions within an MTSS framework. The LEA will also sustain strong family communication practices (Messaging by use of flyers, newsletters, Bulletins, SeeSaw, Disrict App, and/or parent square using data to inform parent messaging and increase transparency around student progress, attendance, and available wellness supports. Through the continued use of research-based strategies and continuous improvement cycles (PDSA), the LEA will reflect on data, refine practices, and ensure that community schools efforts remain responsive, equitable, and aligned to LCAP and CCSPP goals.

Strategic Community Partnerships

How will partnerships that have been created to support community school goals be sustained? *(Provide specific examples; (? of 1,000 maximum characters))*

The LEA will sustain partnerships through attending community events to establish more partnerships, MOUs, ongoing resource fairs and agency-led workshops, and regular collaboration through STC meetings and advisory structures. Data and family feedback will guide continuous improvement to ensure partnerships remain aligned to community school goals.

How will you measure the effectiveness of community partnerships in achieving educational and community goals? *(Provide specific examples; (? of 1,000 maximum characters))*

The LEA will assess the success of its community partnerships through a comprehensive approach that goes beyond participation numbers alone. While attendance data will be monitored, the LEA will prioritize quality of engagement, impact on student outcomes, and alignment to identified needs. Success will be measured using multiple data points, including: Student outcomes (attendance improvement, academic progress, SEL indicators) Service utilization and referral follow-through (e.g., counseling, health services) Family and student feedback collected through surveys, conversations, and street data (REAL framework) Partner deliverables and responsiveness Even in cases of low attendance, the LEA will evaluate: Trends of participation students/families were reached Focus of Events/Allowable Activity Reflecting on feedback provided by agencies and participants The depth and effectiveness of services provided Barriers to participation (e.g., timing, transportation, communication), using this data to adjust outreach strategies

Whole Child Inventory

The purpose of the Whole Child Inventory is to guide LEAs (Local Education Agencies) and schools in evaluating and sustaining whole-child supports. It is designed to prompt reflection on various aspects of education, including leadership practices, teacher development, and funding strategies. These insights will be used to inform sustainability efforts and identify areas for improvement by helping schools and LEAs make informed decisions about maintaining and enhancing their whole-child initiatives over time.

For each potential support, ask yourself: "Are these whole child and family supports part of my Community Schools Implementation Plan and/or Needs and Assets Assessment?"

If "Yes", please identify efforts that are currently taking place to improve sustainability.

If "No", you **do not** need to move forward with identifying sustainability efforts for that particular support area. Enter "Not Applicable or N/A" in those sections.

Note: Some categories from the Whole Child Inventory have been consolidated.

Collaborative Leadership & Practices

Staff Leadership Development & Opportunities (e.g., teachers, paraprofessionals, custodial, etc)

Staff Leadership Development & Opportunities: Description of activity(ies) you plan on expanding and sustaining.

Continue expanding teacher collaboration through the Southern Tulare Collective, Community Schools Advisory Council, instructional coaching, MTSS implementation, and professional learning focused on student engagement, intervention strategies, and college and career readiness.

Staff Leadership Development & Opportunities: Indicate your current or anticipated funding source, if applicable (e.g., how funds are braided or blended).

CCSPP, LCAP, Title II Professional Development

Staff Leadership Development & Opportunities: Describe your immediate next steps to develop sustainability for these activities beyond the CCSPP.

CCSPP supports collaborative leadership and professional learning while LCAP and Title II funds sustain district professional development, instructional coaching, and MTSS implementation. Embed Community Schools professional learning into annual district PD calendars, continue Southern Tulare Collective collaboration, invitation to staff to partake in Community Schools Advisory Council Systems.

Staff Leadership Development & Opportunities: Describe your artifact here (e.g., agenda(s), meeting minute(s), social media, website(s), MOU(s), leadership development plan(s), or governance structure(s)).
